## INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees  
Weatherford Industrial Trust  
a component unit of the City of Weatherford

### **Opinion**

We have audited the accompanying financial statements of the Weatherford Industrial Trust, a component unit of the City of Weatherford, Oklahoma, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Weatherford Industrial Trust's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Weatherford Industrial Trust as of December 31, 2022, and the changes in financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Weatherford Industrial Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Weatherford Industrial Trust's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Weatherford Industrial Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Weatherford Industrial Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-4 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Weatherford Industrial Trust's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated August 16, 2023, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Trust's internal control over financial reporting and compliance.

**Management's Discussion and Analysis**  
**Weatherford Industrial Trust**

This section of the Weatherford Industrial Trust (the Trust) annual financial report presents a discussion and analysis of its financial performance for the years ended December 31, 2022 and 2021. Please read it in conjunction with the financial statements which follow this section. The following table summarizes the financial position and results of operations of the Trust for 2022 and 2021, along with a comparison showing changes relative to the prior year.

Assets:	2022	2021
Current assets	\$ 306,452	\$ 288,300
Fixed assets	2,451,734	1,069,291
Other non-current assets	44,292	44,035

Total net position, beginning of the year	<u>1,401,626</u>	<u>1,220,855</u>
Total net position, end of the year	<u>\$ 2,802,478</u>	<u>\$ 1,401,626</u>

**Management's Discussion and Analysis  
Weatherford Industrial Trust**

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The three financial statements presented within the financial statements are as follows:

- Statement of Net Position – This statement presents information reflecting the Trust's assets, liabilities and net position. Net position represents the amount of total assets less total liabilities. The statement of net position is categorized as to current and non-current assets and liabilities. For purposes of the financial statements, current assets and liabilities are those assets and liabilities with immediate liquidity or which are collectible or becoming due within 12 months of the statement date.
- Statement of Revenues, Expenses and Changes in Net Position – This statement reflects the operating revenues and expenses, as well as non-operating revenues and expenses during the operating year. Major sources of operating revenues are gains from the sale of property and investment income. Major sources of expenses are land acquisitions and maintenance of the property acquired. The change in net position for the Trust is similar to net profit or loss for any other business enterprise.
- Statement of Cash Flows – The statement of cash flows is presented on the direct method of reporting which reflects cash flows from operating, financial and investing activities. Cash collections and payments are reflected in this statement to arrive at the net increase or decrease in cash for the calendar year.

**FINANCIAL HIGHLIGHTS**

- The Trust's total assets at December 31, 2022 increased by \$1,400,852. The primary contributing factor to this growth was \$1,382,443 in assets resulting from the federal grants received. These grants were specifically designated for infrastructure improvements, benefiting the Trust.
- In 2022, the Trust recorded a significant increase in total operating revenues amounting to \$1,202,103. The primary driver behind this notable growth was the federal grant received by the City of Weatherford, which was earmarked for the benefit of Weatherford Industrial Trust. This infusion of funds positively impacted the Trust's operating revenues during the year.
- Net position increased by \$1,400,852 in 2022.
- Weatherford Industrial Trust was named as a subrecipient on a federal grant awarded to the City of Weatherford. While the Trust did not directly receive these funds, it benefited from this funding as the City of Weatherford used it to improve the land owned by the Trust, which will be later resold. The amounts of federal funds expended by the City of Weatherford for the benefit of the Trust were \$177,980 in 2021 and \$1,382,443 in 2022.

This financial report is designed to provide patrons and interested parties with a general overview of the Trust's finances and to demonstrate the Trust's accountability for its finances. If you have questions about this report or need additional financial information, contact:

**Weatherford Industrial Trust**  
**A Component of the City of Weatherford, Oklahoma**  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2022

**NOTE 1 – NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Weatherford Industrial Trust (“the “Trust”), an Oklahoma public trust, was originally created on October 31, 1978 as the Industrial Development Trust with the consent of the City of Weatherford, Oklahoma. The Trust agreement has been subsequently amended in April 1985, May 2002, and most recently as of November 26, 2019. The Trust was created under the provisions of Title 60, Oklahoma Statutes and other applicable statutes and laws of the State of Oklahoma. The City of Weatherford is the beneficiary of the Trust and will receive all residual trust funds and assets upon termination of the Trust.

*ORGANIZATIONS, OPERATIONS AND ACTIVITIES* – The purpose of the Trust is to promote the development of industry to strengthen the economy in and around Weatherford, Oklahoma. This is to be accomplished by receiving and purchasing land in the area to be divided into parcels and developed and improved, for sale or lease to entities in the private sector, primarily for industrial or manufacturing enterprises. The Trust may also maintain and administer property and facilities to be used by government or government agencies, including local, state, and federal.

The Trust is authorized to loan or borrow funds, including entering into contracts for the sale of bonds, notes or other obligations for the purposes stated above. As of December 31, 2022, the Trust had no indebtedness.

*BASIS OF ACCOUNTING* – The Trust accounts for its operations as an enterprise fund. Enterprise funds are accounted for using the economic resources measurement focus and the accrual basis of accounting, similar to private business enterprises. Revenues, expenses, gains, losses, assets, liabilities, and deferred inflows and outflows of resources from exchange and exchange-like transactions are recognized when the exchange transaction takes place, while those from non-exchange transactions are recognized when all applicable eligibility requirements are met. The Trust first applies restricted net position when an expense or outlay is incurred for purposes for which both restricted and unrestricted net positions are available. Revenue is recognized at the point of sale of an individual land parcel. The allocated cost of the land plus improvements is recorded as cost of sale on the sale date.

*ESTIMATES* – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. It is at least reasonably possible that such estimates will change within the next year. Management has evaluated subsequent events through August 16, 2023, the date on which these financial statements were available to be issued, for issues requiring disclosure.

*CASH AND CASH EQUIVALENTS* – Cash and equivalents consist of cash on hand, demand deposits with banks and other financial institutions, and liquid investments with original maturities of three months or less.

**Weatherford Industrial Trust**  
**A Component of the City of Weatherford, Oklahoma**  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2022

**NOTE 1 – NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**(continued)**

*CAPITAL ASSETS* – Capital assets are recorded at cost at the date of acquisition or acquisition value at the date of donation if acquired by gift. At December 31, 2022, capital assets were comprised of land parcels at original cost-plus subsequent improvements. Some of these parcels are intended to be sold and some will be held as described in Note 3.

Land received or purchased has been divided into parcels of varying acreage amounts. Additional expenditures are incurred to prepare these parcels for sale as suitable for building and economic use. These costs are allocated as capital improvements to the individual parcels of property based on their respective acreage amounts, and depreciation is not recorded.

*FAIR VALUE OF FINANCIAL INSTRUMENTS* – The fair value of financial instruments classified as assets and liabilities, including cash and cash equivalents and other current assets and liabilities, if any, approximate carrying value, principally because of the short maturity of those items. The certificates of deposit held by the Trust are comprised of smaller balances that are not generally negotiable and are recorded at their original invested amount plus accrued interest. The total cost of land parcels, as described above, has been determined to be a reasonable measurement of fair value.

*INCOME TAXES* – The Trust is exempt from federal income taxes under Section 115 of the Internal Revenue Code. Therefore, no provision has been made for income taxes.

**NOTE 2 – DEPOSITS AND INVESTMENTS**

The Trust maintains cash and cash equivalents with commercial banks and other major financial institutions. Cash equivalents include demand deposits and certificate of deposits. Cash balances may exceed Federal Deposit Insurance Corporation (“FDIC”) limits from time to time. The Trust has not experienced any losses in such accounts and believes that it is not exposed to any significant credit risk on cash or cash equivalents. The Trust currently maintains a demand deposit account for its operations and three certificates of deposit with a bank in Oklahoma. Two of the certificates are classified as long-term in the Statement of Net Position.

	<u>2022</u>
Operating account	\$266,227
Short-term certificate of deposit	<u>40,225</u>
Cash and cash equivalents	<u>\$306,452</u>
Long-term certificates of deposit (2)	<u>\$ 44,292</u>

**Weatherford Industrial Trust**  
**A Component of the City of Weatherford, Oklahoma**  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2022

**NOTE 3 – LAND PARCELS HELD AND TO BE MADE AVAILABLE FOR SALE**

Land acquired and developed through 2018 was comprised of 146 acres divided into twenty-one parcels. Seventeen these parcels were sold, with the last transaction occurring in March of 2018. The two remaining parcels are held on behalf of government and government related entities as of December 31, 2022 and are comprised of the following acreage and cost, which includes original cost-plus allocated improvements:

	<u>Acres</u>	<u>Cost</u>
Detention pond	6.50	\$ 16,682
City park	7.01	<u>17,992</u>
	<u>13.51</u>	<u>\$ 34,674</u>

In June 2013, a parcel of land was granted to the Oklahoma National Guard under a reversionary deed for twenty-five years through June 18, 2038.

In February 2018, the Trust purchased approximately 70 acres of land for \$651,930. Over the subsequent years of 2018 and 2019, improvements totaling \$40,175 were made to the land, resulting in a total cost of \$692,105 as of December 31, 2019.

During 2020, the Trust invested an additional \$18,768 in improvements to the land, as part of the preparations for future parceling and sales, bringing the total cost to \$710,873 as of December 31, 2020.

In 2021, further enhancements were made to the land, totaling \$145,763, in readiness for future sales. Additionally, the City of Weatherford, under a grant, made improvements to another portion of land on behalf of the Trust, with the Trust named as a subrecipient for these funds. The value of the improvements carried out by the City of Weatherford amounted to \$177,980. As of December 31, 2021, the cumulative total of land improvements reached \$1,034,617.

During 2022, the Trust did not undertake any additional improvements on the acquired land. However, the City of Weatherford continued its commitment to land improvements and extended their efforts to a project involving the Trust. The Trust, once again named as a subrecipient, received a total of \$1,382,443 from the grant-funded improvements made by the City of Weatherford. As of December 31, 2022, the cumulative total of land improvements reached \$2,417,060.

**NOTE 4 – NET POSITION**

The Trust’s net position is comprised of the following elements:

	<u>2022</u>
Invested in capital assets	
Held, not for sale	\$ 34,674
Held for sale	<u>2,417,060</u>
Total invested in capital assets	<u>2,451,734</u>
Unrestricted	<u>350,744</u>
Total net position	<u>\$2,802,478</u>

**Weatherford Industrial Trust**  
**A Component of the City of Weatherford, Oklahoma**  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2022

**NOTE 5 – SUBRECIPIENT GRANTS**

The Trust acted as a subrecipient in a grant received by the City of Weatherford, Oklahoma. This grant was obtained from the United States Department of Commerce Economic Development Administration (EDA) and was intended for the benefit of the Weatherford Business and Technology Park, which is owned by the Trust.

While the Trust did not directly receive any funds from the federal government, it was the ultimate beneficiary of those funds through the improvements made to the land under its ownership. The Trust will recognize these improvements as income in the year they are received.

As a subrecipient of the grant, the Trust benefited from the enhancements to the land, which were made possible by the federal grant's support. The improvements not only added value to the property but also positioned the Weatherford Business and Technology Park for future growth and development opportunities.

**NOTE 6 – CONTRIBUTED SERVICES AND ADMINISTRATIVE COSTS**

The Trust, while authorized to employ clerical assistance, has relied mainly on Trustees, who serve without compensation, and volunteers who contribute time to maintain banking records. The value of these volunteer contributed services has not been reflected in the accompanying financial statements, as the value has not been determined.

**NOTE 7 – WEATHERFORD PUBLIC SCHOOLS PROJECT**

In February, 2019, the Weatherford Industrial Trust of the City of Weatherford, Oklahoma, a public trust and an agency of the State of Oklahoma, did issue a revenue bond dated February 1, 2019 between the Trust and BancFirst, Oklahoma City, as the Trustee. The Weatherford Industrial Trust issued the bond for the purpose of financing a portion of costs of acquiring, constructing, equipping, repairing and remodeling school buildings, acquiring school furniture, fixtures and equipment and acquiring and improving school sites for use by Independent School District #26, Custer County, Oklahoma ("Weatherford Public Schools") funding capitalized interest, and paying cost of issuance. The bond was in the sum of \$35,530,000.00. The terms of the revenue bond agreement, dated on or about March 1, 2019 includes an interest rate of 5%. The bond is secured by a lease on the subject property. The bond does not constitute an indebtedness, general or special, or obligation, legal or moral, of the City of Weatherford or the State of Oklahoma, or any subdivision or agency thereof nor a personal obligation of the Trustees of the Weatherford Industrial Trust nor a general obligation of the Weatherford Industrial Trust but is a limited and special obligation of the Trust payable solely the revenues and receipts derived by the Trust with respect to the Ground Lease Agreement. As result of the non-commitment determination, the Trust's indebtedness and related receivables from the occupants are not recorded in the financial statements.

The current balance of outstanding bonds payable through BancFirst in semi-annual installments is \$31,982,000.00.

**Weatherford Industrial Trust**  
**A Component of the City of Weatherford, Oklahoma**  
**NOTES TO FINANCIAL STATEMENTS**  
December 31, 2022

**NOTE 8 – PRIOR PERIOD ADJUSTMENT**

As indicated in Note 5, the Trust acted as a subrecipient in a grant received by the City of Weatherford, Oklahoma. This grant was secured from the United States Department of Commerce Economic Development Administration (EDA) and was intended to benefit the Weatherford Business and Technology Park, which is under the ownership of the Trust.

Management was aware of the project taking place; however, they were not initially aware that the amounts related to this grant would need to be recorded in the Trust's financial records, nor did they anticipate being subject to a Single Audit of these funds. Consequently, federal expenditures amounting to \$177,980 were spent by the City of Weatherford for the benefit of the Trust in 2021, which resulted in an increase in fixed assets and net assets during the prior period.

This situation was not immediately recognized by management as the Trust does not directly receive or expend any of these federal funds. As such, the impact of these changes was not evident at the time.

Subsequently, upon discovering the financial implications of the federal grant, the Trust has made the necessary adjustments to the balances in the financial statements to accurately reflect the changes resulting from the grant's utilization. These adjustments have been appropriately incorporated to ensure compliance with accounting standards and regulatory requirements.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Trustees  
Weatherford Industrial Trust  
a component unit of the City of Weatherford

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Weatherford Industrial Trust ("Trust") as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Trust's basic financial statements, and have issued our report thereon dated August 16, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Weatherford Industrial Trust's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, we do not express an opinion on the effectiveness of the Trust's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Weatherford Industrial Trust's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Oklahoma City, Oklahoma  
August 16, 2023

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Trustees  
Weatherford Industrial Trust

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the Weatherford Industrial Trust compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Weatherford Industrial Trust's major federal programs for the year ended December 31, 2022. The Weatherford Industrial Trust's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. In our opinion, the Weatherford Industrial Trust, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Weatherford Industrial Trust and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Weatherford Industrial Trust's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implantation, and maintenance of effective internal control over compliances with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Weatherford Industrial Trust's federal programs.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Weatherford Industrial Trust's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Weatherford Industrial Trust's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Weatherford Industrial Trust's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Weatherford Industrial Trust's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Weatherford Industrial Trust's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Oklahoma City, Oklahoma

**Weatherford Industrial Trust**  
**A Component of the City of Weatherford, Oklahoma**  
**Schedule of Expenditures of Federal Awards**  
**Year Ended December 31, 2022**

<b>Federal Grantor/Pass-Through Grantor/Program or Cluster Title</b>	<b>Federal Assistance Listing Number</b>	<b>Other Identification Number</b>	<b>Pass-Through Entity Identifying Number</b>	<b>Passed Through to Subrecipients</b>	<b>Total Federal Expenditures</b>
<b>Department of Commerce</b>					
<b>Economic Development Cluster</b>					
Economic Adjustment Assistance	11.307	08-79-05369	N/A	N/A	<u>\$ 1,382,443</u>
<b>Total Federal Awards Expended</b>					<u>\$ 1,382,443</u>

The accompanying notes to the Schedule of Expenditures of Federal Awards are an integral part of this schedule.

**Weatherford Industrial Trust**  
**A Component of the City of Weatherford, Oklahoma**  
**Notes to the Schedule of Expenditures of Federal Awards**  
**Year Ended December 31, 2022**

**A. Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards (the “SEFA”) includes the federal award activity of Weatherford Industrial Trust under programs of the United States of America (“U.S.”) federal government for the year ended December 31, 2022. The information in the SEFA is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

**B. Basis of Accounting**

Expenditures under the Department of Commerce, Economic Adjustment Assistance Grant are reported on the SEFA on the accrual basis of accounting, consistent with Weatherford Industrial Trust’s basic financial statements.

**C. Program Costs**

The amounts shown as current year expenditures represent only the federal grant portion of Weatherford Industrial Trust’s program costs. Total program costs, including Weatherford Industrial Trust’s portion, are more than shown.

**D. Indirect Cost Rate**

The amounts expended do not include an indirect cost recovery using the *de minimis* rate of 10% of modified total direct costs.

**Weatherford Industrial Trust**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**Year Ended December 31, 2022**

**I. Summary of Auditors' Results**

**Financial Statements**

Type of audit report issued	Unmodified
Internal control over financial reporting:	
• Material weaknesses identified?	No
• Significant deficiency(ies) identified that are not considered to be material weaknesses?	None reported
• Noncompliance which is material to the financial statements noted?	No

**Federal Rewards**

Internal control over major programs:	
• Material weaknesses identified?	No
• Significant deficiency(ies) identified that are not considered to be material weaknesses?	None reported
Type of auditor's report issued on compliance for major programs:	Unmodified
Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?	No

**Identification of major programs**

<b>C DFA Number</b>	<b>Name of Federal Program or Cluster</b>
11.307	Economic Adjustment Assistance- Economic Development Cluster

Dollar threshold to distinguish between Type A and Type B programs	\$750,000
Auditee qualifies as a low-risk auditee?	No

**II. Financial Statement Findings**

None noted.

**Weatherford Industrial Trust**  
**SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS**  
**Year Ended December 31, 2022**

There were no prior year audit findings for the period ended December 31, 2021.
