COMPREHENSIVE ANNUAL FINANCIAL REPORT

125th Anniversary of the City of Norman

**THE CITY OF NORMAN, OKLAHOMA
FISCAL YEAR ENDING JUNE 30, 2014**

Source Google Earth

ON THE COVER – The City of Norman will celebrate the 125th Anniversary of its incorporation as a municipal township in 2016. The City organization has prospered along with the city, and is well-positioned to continue to provide excellent public services to our citizens and utility customers in the future. The cover and divider page artwork was prepared by the City of Norman’s Office Services Division staff, with sources as cited.

ABOVE – University North Park Town Center, a Tax Increment Finance District, in northwest Norman continues to be developed on what had been the site of a World War II naval aviation base.

December 3, 2014

Citizens of the City of Norman, Oklahoma
Honorable Mayor and City Council

State law requires that every general-purpose local government publish, within six months of the close of each fiscal year, a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended June 30, 2014.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed the anticipated benefits of providing the control, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

BKD, LLP has issued an unmodified (“clean”) opinion on the City of Norman (“City”) financial statements for the year ended June 30, 2014. The independent auditors’ report is located at the front of the financial section of this report.

Management’s discussion and analysis (“MD&A”) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Government

An elected Mayor and eight-member Council govern the City of Norman. Daily operations of the City are administered by a City Manager appointed by majority vote of the City Council.

The Basic Financial Statements of the City include all governmental and business-type activities, organizations and functions, including those legally separate organizations for which the City is financially accountable as defined by the Governmental Accounting Standards Board (“GASB”).

The City provides a full range of municipal government services to over 118,000 residents and numerous visitors annually. Municipal services provided include traffic control, municipal courts, water production and distribution, stormwater management and flood control, wastewater collection and treatment, solid waste collection and disposal, emergency response services, city code enforcement, crime enforcement and adjudication, construction and maintenance of streets and certain bridges, maintenance of park land, and recreation.

The City does not operate hospitals, schools, or public transportation systems. Special districts and governmental entities with independent authority administer the public hospital, public schools and the university within the City. The City contributes to a public transportation system operated by the University of Oklahoma, which operates throughout Norman.

The Council is required to adopt a final budget by no later than ten days before the close of the fiscal year. This annual budget serves as the foundation for the City’s financial planning and control. The budget is prepared by fund, department and category (e.g., salary and benefits). Department managers may transfer resources within their department as they see fit. Transfers between departments, however, need special approval from the City Manager. City Council approval is needed for transfers between funds or between capital projects.

Local Economy; Relevant Financial Policies

The City of Norman is located in the geographic center of Oklahoma and is within the Oklahoma City metropolitan area. Norman’s quality of life is sought by people of all ages and in all walks of life, and is demonstrated in the population growth over the past ten years. The University of Oklahoma, National Severe Storms Laboratory and National Weather Service, Hitachi Computer Products, U.S. Postal Service Technical Training Center, SYSCO Food Services Corporation, Astellas Pharmaceuticals Corporation, and Johnson Controls/York International Unitary Products Group are some of the leading institutions and businesses located in Norman. Several of the businesses have recently expanded or are planning major expansions in the near future, helping to sustain the health of the local economy for years to come.

One of the best indicators of the economic condition of the City is the evaluation of trends in some key factors. Sales and use taxes and franchise fees collectively represent 68% of the City’s total General Fund revenue. Overall, sales tax collections increased 5% from FYE 2013 levels. Collections from the City’s franchise fees (charges to private electric, natural gas and cable companies to operate within the City’s rights-of-way) increased 3.2% from FYE 2013 levels. Sales tax receipts increase in proportion to the level of retail sales and therefore provide a good indication of the economic condition of the community. Trends in City sales tax for the last ten fiscal years are illustrated below:

Since sales and use taxes and building permit revenues are a primary source of the City’s general governmental revenue and are by nature volatile, and because Norman is subject to volatile weather conditions which can necessitate significant unexpected expenditures during the course of the budget year, the City must budget conservatively and maintain sufficient fund balances to absorb any shortfalls that may occur. As a result of this factor, prudent reserve policies have been codified in a Net Revenue Stabilization (“Rainy Day”) Fund Ordinance. The Ordinance requires a budgetary fund balance of at least three percent (3%) of budgeted expenditures in the General Fund, an “Emergency Reserve” appropriation of 2% and a minimum of 3 percent of General Fund expenditures to be maintained in a separate “Rainy Day” Fund. Fund balance in the Net Revenue Stabilization Fund can only be appropriated for expenditure in case of federally-declared disasters or extraordinary capital expense requirements in the General Fund, or if the General Fund balance falls below one percent. The Ordinance requires that the Net Revenue Stabilization Fund balance be built or rebuilt to its minimum level within three years of the establishment of the Fund, or within three years of any expenditure of Rainy Day Fund balances. The City of Norman’s Rainy Day Fund is being maintained at its minimum level as of June 30, 2014, and all required General Fund reserve levels are met.

The Net Revenue Stabilization Ordinance also targets a total balance of 4.5% of General Fund expenditures to be held in the “Rainy Day Fund.” The City is taking actions to meet this targeted reserve level during fiscal year 2014-2015.

The City also targets a fund balance level in other operating funds of at least eight percent (8%) of budgeted expenditures to protect citizen/customer service delivery from unexpected revenue shortfalls or cost overruns. The City also seeks to set utility rates within utility enterprise funds at a level to meet average net income and reserve requirements over a five-year period without the need for interim adjustments. The City’s unique Charter requirement that utility rate increases must be approved by a majority vote of the people of Norman makes this policy more difficult to achieve.

Long-term Financial Planning

The long-term financial status of the City’s major operating funds (General Fund and Special Revenue Funds) is driven in large part by personnel expenses. As illustrated below, the City of Norman has an extremely small general governmental workforce compared to similar cities.

The City continues to provide adequate service levels, but the ability to maintain these service levels without new revenue sources to support increased staffing will become doubtful. The City also provides relatively generous employee benefits, particularly for health insurance and retirement (information on employee benefits is given in the Notes to Financial Statements Section). Much of the City's long-term financial planning efforts in the general governmental service areas relate to controlling the rate of growth in these employee costs.

The financial status of the City's utility enterprise funds is driven in large part by capital expenditures. Major capital improvement programs are under way in the Water and Wastewater Utility operations, financed by ratepayer revenues, a temporary sales tax dedicated to sewer improvements (expired in October, 2006), and development charges. The Council, acting as Trustees of the Norman Utilities Authority, has studied future improvements and expansion that are needed to the Norman Water and Wastewater Treatment Plants. Voter referenda will be required to provide adequate ratepayer funding for these needed improvements. On November 12, 2013, voters approved a sewer rate increase to finance \$63,000,000 in improvements to and expansion of the City's Water Reclamation Facility (sewage treatment plant). These improvements are now underway.

Major Initiatives

On May 13, 2008, the voters of Norman approved a temporary 7-year, one-half percent sales tax to add police and fire staffing and more improvements in the public safety area. This dedicated Public Safety Sales Tax (PSST), accounted for in a separate special revenue fund, has provided funding for the addition of 41 police personnel and 30 firefighter staff members. The PSST has also financed the construction and equipping of two new fire stations; the renovation of a former U.S. Army Reserve Armory into a new Norman Investigations Center; replacement of fire apparatus; and the replacement of the City's Computer Aided Dispatch, Mobile Data and Records Management Systems. The 2008 PSST had generated \$51,652,049 from its inception through October 31, 2014. The original PSST authorization expires on September 30, 2016.

On April 1, 2014, the voters of Norman approved a permanent extension of the Public Safety Sales Tax, effective on October 1, 2016. The "new" PSST ("PSST II") will add 13 police officer positions to implement a School Resource Officer program at Norman Public Schools (with costs shared with the school district); additional dispatcher and emergency vehicle mechanic staffing; and several major capital facilities to support the public safety function:

- Emergency Communication Systems Replacement \$15,000,000*
- Construction of Emergency Operations/Dispatch Facility \$ 6,500,000*
- Fire Apparatus Replacement \$ 6,800,000*
- Reconstruction/Relocation of Fire Station #5 \$ 3,500,000*

*ESTIMATED

At the time that the capital facilities listed above have been completed and paid for, the ongoing PSST II revenue will be permanently recorded in the City's General Fund (3/8%) and Capital Fund (1/8%) to offset the costs of maintaining the added public safety staffing and facilities.

In May, 2006 the City of Norman established the University North Park Tax Increment Finance District to provide for capital improvements to support development of the area along Interstate 35 in northwest Norman. Incremental sales and property taxes are apportioned into a TIF capital fund, which had generated approximately \$24,466,785 through October, 2014. UNP TIF Project Plan authorizes a total of \$54,725,000 in capital projects and development incentives, which has to date included various engineering and feasibility studies; the construction of major access roads; an overpass of I-35 at Rock Creek Road; and the construction of Legacy Park, which is slated to open within the next few months. An ongoing project is for the construction of an extended interstate frontage road to serve the development and tie in to industrial access roads being constructed by the Norman Economic Development Coalition to support the University North Park Corporate Center, a major economic driver for Norman and the Oklahoma City metropolitan area. The NEDC has contracted with the first commercial employer in UNP Corporate Center, Immuno Mycologics Incorporated (“IMMY”), a manufacturer of disease prevention and detection devices marketed to developing nations throughout the world.

Norman’s Water and Wastewater (Water Reclamation) Utility enterprises continue to plan for needed system expansion and improvement projects. As discussed above, the Water Reclamation Utility is progressing with the construction of major improvements and expansion to the Water Reclamation Facility (wastewater/sewer treatment plant). The Water Utility, as directed by the adopted 2060 Norman Strategic Water Supply Plan, proposes to construct additional water supply wells and major improvements to the Water Treatment Plant, totaling and estimated \$50,000,000, pending voter approval of adequate rate structures to finance the projects (the Norman City Charter requires voter approval of utility rate increases). The SWSP calls for ongoing improvements and expansions to the Water Enterprise Utility system in the future.

Awards and Acknowledgements

The Government Finance Officers Association (“GFOA”) awarded a *Certificate of Achievement* for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report (“CAFR”) for the fiscal year ended June 30, 2013. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Preparation of a CAFR is a complex task and one that requires considerable expertise and experience. More important, the ongoing maintenance and reporting of the City’s financial condition at the level to which Norman has been accustomed requires professionalism and dedication far beyond what could be expected from a paycheck. The City is fortunate to have a very talented accounting staff willing to undertake these magnanimous efforts year after year. It is our pleasure to express sincere thanks to the accounting staff of the City. Chief Accountant Clint Mercer, CPA, CPFO, and Municipal Accountant Debbie Whitaker deserve particular recognition for their efforts in preparing representative financial statements. We would also like to thank BKD, LLP, independent auditors of the City, for their guidance and technical assistance.

Finally, we would like to express our gratitude and appreciation to the members of the Norman City Council and the Council's Finance and Audit Committee for your policy guidance which is contained in this document. As the governing body, your commitment to ensure accurate and reliable financial accounting and reporting systems, and to provide adequate staffing levels to ensure them, establishes an environment influencing all other decisions that are made. We are proud to convey the City Council's commitment to excellence to our citizens and all readers of the FYE 2014 CAFR.

Respectfully submitted,

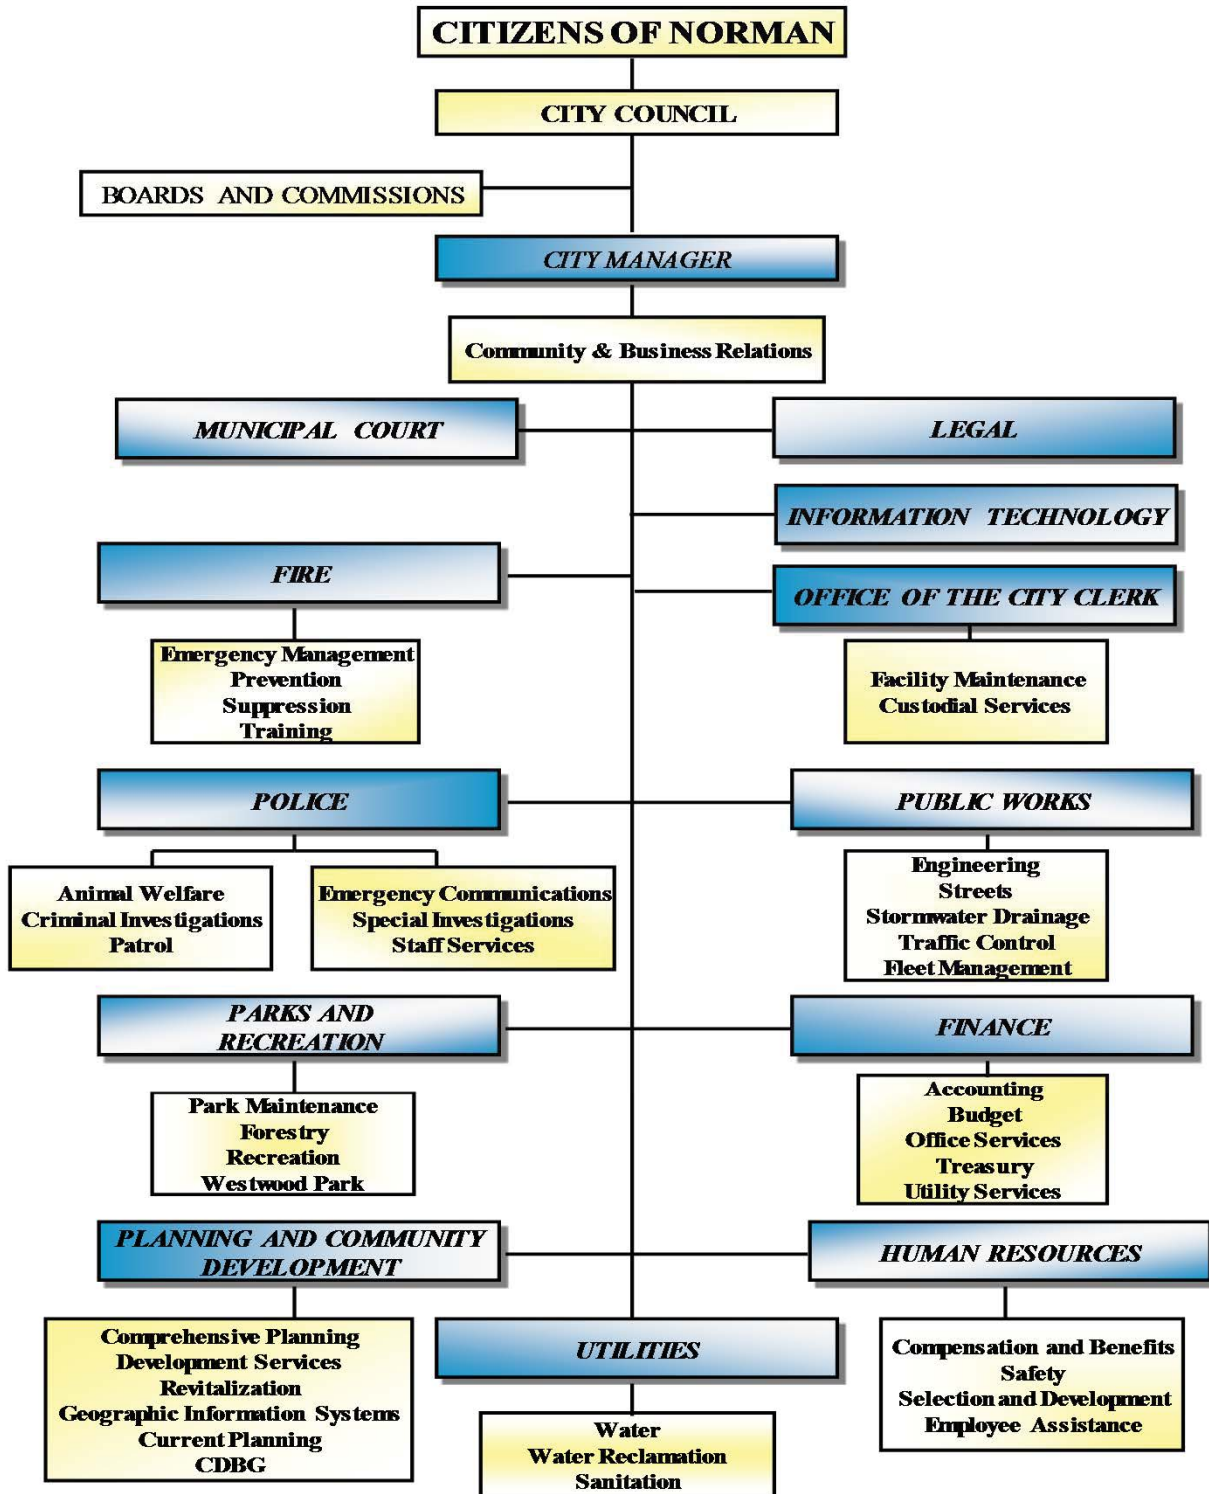

Steven Lewis

Independent Auditor's Report on Financial Statements and Supplementary Information

Honorable Mayor and City Council
City of Norman, Oklahoma
Norman, Oklahoma

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Norman, Oklahoma (the City), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Norman, Oklahoma, as of June 30, 2014, and the respective changes in financial position and cash flows, where applicable thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary and pension information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying other supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the basic financial statements as a whole. The introductory and statistical sections listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Honorable Mayor and City Council
City of Norman, Oklahoma
Page 3

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 3, 2014, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

BKD, LLP

Oklahoma City, Oklahoma
December 3, 2014

Management's Discussion and Analysis

As management of the City of Norman (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-vi of this report.

Financial Highlights

- The assets and deferred outflow of resources of the City exceeded its liabilities at the close of the most recent fiscal year by \$511,806,030 (net position). Of this amount, \$24,924,624 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$19,459,517.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$101,302,696, a decrease of \$7,855,382 in comparison with the prior year. Approximately 92% or \$92,917,940 was nonspendable, restricted, committed or assigned for specific purposes. Approximately 8% or \$8,384,756 was unassigned at fiscal year end.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$8,384,756 or 11 % of total general fund expenditures.
- The City's total debt decreased by \$10,398,931 during the current fiscal year. The key factor of this change was normally scheduled payments. Also, the Norman Tax Increment Finance Authority Tax Increment Revenue Note, Taxable Series 2009 (\$13,735,000) was refinanced with the Norman Tax Increment Finance Authority Tax Increment Revenue Note, Taxable Series 2013 (\$14,215,000).

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. A brief description of the basic financial statements follows.

Government-wide financial statements - The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the City's assets, deferred outflow of resources and liabilities, with the difference between the assets plus deferred outflows of resources less liabilities is reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type

activities). The governmental activities of the City include general government, planning, city controller, parks and recreation, public works, public service and public safety. The business-type activities of the City include the Norman Municipal Authority (the “NMA”) and the Norman Utilities Authority (the “NUA”). The NMA operates Westwood Park and the City’s sanitation services. Westwood Park includes golf, tennis and swimming facilities. The NUA operates the City’s water and wastewater services.

The government-wide financial statements can be found on pages 17-18 of this report.

Fund financial statements - A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds. A brief description of these funds follows.

Governmental funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government’s near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government’s near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains thirteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, public safety sales tax fund, debt service fund, and capital projects fund, all of which are considered to be major funds. Data from the other eight governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 19-21 of this report.

Proprietary funds – The City maintains two different types of proprietary funds. Enterprise funds to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for NMA and NUA activities, which are both presented as major proprietary funds. The components of these funds are presented in additional detail in the form of combining statements elsewhere in this report. The City uses one internal service fund to account for its retained risks. These services predominantly benefit governmental rather than business-type functions and have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

The basic proprietary fund financial statements can be found on pages 22-24 of this report.

Fiduciary funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City’s own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 25-26 of this report.

Notes to the financial statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 27-62 of this report.

Other information – In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City’s progress in funding its obligation to provide pension benefits to its employees and budgetary comparison schedules for the general fund and public safety sales tax fund. Required supplementary information can be found on pages 63-72 of this report. Also, this report presents certain other supplementary information such as combining financial information for non-major governmental funds, budgetary comparison schedules for non-major governmental funds and combining financial statements for enterprise funds and fiduciary funds. Other supplementary information can be found on pages 73-95 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of the City, assets exceeded liabilities by \$511,806,030 at the close of the most recent fiscal year.

Net Position As of June 30

	Governmental activities		Business-type activities		Total	
	2014	2013	2014	2013	2014	2013

Total net position	\$ 297,966,270	\$ 283,061,810	\$ 213,839,760	\$ 209,284,703	\$ 511,806,030	\$ 492,346,513

By far the largest portion of the City’s net position (79 percent) reflect its investment in capital assets (e.g., land, buildings, machinery and equipment and infrastructure), less any related debt used to acquire those assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City’s investment in its capital assets is reported net of related debt, it should be noted that the

resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (16 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$24,795,938) may be used to meet the City's ongoing obligations to citizens and creditors.

There was an increase of \$4.6 million in the net position reported in connection with the City's business-type activities. This increase was due to several factors. See below for more information.

The governmental net position increased by \$14.9 million during the current fiscal year. This increase was due to several factors. See below for more information.

Governmental activities – Governmental activities increased the City’s net position by \$14.9 million. In the prior year, governmental activities increased the City’s net position by \$13.5 million. Key elements of this change are as follows:

- Sales tax revenue within the governmental activities (the City’s primary fund source) increased by \$3,021,981 or 4.99% over the prior fiscal year. This increase was due to continued improvement within the economy as a whole.
- Property taxes increased \$949,751 or 8.2% over the prior fiscal year. This increase was due to an increase in the property tax assessment to fund payment of general obligation bonds and judgments awarded against the City.
- Hotel/Motel taxes increased \$296,141 or 21.9% over the prior fiscal year. This increase was primarily due to an increase in the tax rate from 4% to 5% effective May 1, 2013.
- General government expenses increased \$1,228,852 or 12.2% over the prior fiscal year. This increase was due to several items, the most significant being: a \$161,443 increase in Legal Administration expenses; a \$134,766 increase in Library expenses; and a \$169,139 increase in Special Studies expenses. The legal expense increase was due to the increased use of out-side legal counsel. The library increase was due to lease payments for the new west side library branch. The increase in special studies expenses was due to various special studies done relating to the City’s fleet inventory, Center City Study and information systems operations.
- Interest on long-term debt increased \$568,188 or 31.4% over the prior fiscal year. The City sold an additional \$20,050,000 in general obligation bonds during the prior fiscal year. As such, interest amounts due have increased in the current fiscal year.

Expenses and Program Revenues – Governmental Activities

Although governmental expenses exceed program revenue, most governmental activities are financed through general revenues such as taxes.

Revenues by Source - Governmental Activities

Business-type activities – Business-type activities increased the City’s net position by \$4.6 million. In the prior year, business-type activities increased the City’s net position by \$7.2 million. Key elements of this change are as follows:

- Charges for service revenue increased \$2,180,642 or 5.3% from the prior fiscal year. The majority of this increase was due to a sewer rate increase that went into effect December 1, 2013. Norman citizens voted to increase sewer rates by an additional \$1.10 per month to the base charge and an additional \$1.10 per thousand gallons of sewage treated to the sewer use charge. These increases raised the total monthly base charge to \$5.00 and the total average monthly sewer use charge to \$2.70 per thousand gallons. The last sewer rate increase was in 1996.
- Tax revenue increased \$336,874 or 23.5% from the prior fiscal year. This tax represents an excise tax on development to fund wastewater improvements. The increase is directly attributable to development activity.
- Wastewater expenses increased \$3,416,583 or 27.9% over the prior fiscal year. Most of this increase was due to completion of a large sewer line maintenance project during the fiscal year.

- Sanitation expenses increased \$1,200,267 or 9.7% over the prior fiscal year. Most of this increase was due to the purchase of replacement refuse receptacles (i.e., polycarts).

Expenses and Program Revenues – Business-type Activities

Revenues by Source – Business-type Activities

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds – The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of a fiscal year.

As of end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$101,302,696, a decrease of \$7,855,382 from the prior year. Approximately 8.3 percent of this total amount (\$8,384,756) constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is either nonspendable, restricted, committed or assigned to indicate that it is not available for new spending.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$8,384,756 while total fund balance reached \$13,139,229. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 11 percent of total General Fund expenditures, while total fund balance represents 18 percent of that same amount.

The fund balance of the City's General Fund increased by \$716,576 during the current fiscal year compared to a decrease of \$1,052,868 in the previous year. Key factors in the current year change are as follows:

- Sales tax revenues within the General Fund increased \$1,003,905 or 2.74% over the prior fiscal year. This increase was due to the continued improvement within the overall local economy.
- Other revenue increased \$824,059 or 98.1% over the prior fiscal year. The most significant portion of this increase (\$449,149 or 87.9%) was within the miscellaneous sales category that includes: a \$126,771 or 69.1% increase in compressed natural gas sales; a \$104,687 or 95.9% increase in mutual fire aid reimbursement; and a \$170,289 or 168% increase in parking fees.
- General government activities increased \$915,564 or 15.5% over the prior fiscal year. See comments noted above regarding these activities.

The Public Safety Sales Tax Fund has a total fund balance of \$9,795,435 all of which is restricted for public safety activities. The net decrease in fund balance during the current year was \$1,216,035. This decrease was due to the transfer of \$1,031,330 to the Net Revenue Stabilization Fund. The half-cent sales tax was extended indefinitely by voters on April 1, 2014.

The Debt Service Fund has a total fund balance of \$8,967,019 all of which is restricted for the payment of debt service. The net decrease in the fund balance during the current year was \$153,939 due to normally scheduled payments.

The Capital Projects Fund has a total fund balance of \$64,357,671. The net decrease in fund balance during the current year was \$7,266,602. This decrease was due to spending down of general obligation bond monies received in previous years.

Proprietary funds – The City’s proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the NMA and NUA funds were \$6,709,159 and \$24,284,070, respectively. The total growth in net position for these funds was \$595,540 and \$3,959,517, respectively. Other factors concerning the finances of these two funds have already been addressed in the discussion of the City’s business-type activities.

General Fund Budgetary Highlights

During the year there was a \$2,507,289 increase in appropriations between the original and final amended budget. Following are the main components of the increase:

- \$788,549 in increases to the public safety budget. The Patrol division received \$286,950 in increases with the most significant portion representing carryover appropriations for purchases of vehicles and computer equipment. The Fire Suppression division also received \$282,389 in increases with the most significant portion representing carryover appropriations for purchase of equipment.
- \$1,320,986 in increases to the public works budget. The Stormwater Drainage division received \$643,632 in increases with the most significant portion representing transfers from the City Council division of a portion of the 2% emergency reserve and the City Manager division for the December 21, 2013 ice storm clean-up.
- \$430,647 in increases to the city controller budget primarily within Information Services for increases related to carryover projects from previous years including document archiving, mobile support and phone system improvements.

On June 28, 2011, the City adopted ordinance O-1011-58 changing the City’s reserve policy. The ordinance establishes that the General Fund will have an unappropriated reserve of at least three percent (3%) of annually budgeted expenditures, in addition to an appropriated emergency reserve of two percent (2%) of annually budgeted expenditures. In addition, the ordinance establishes the Net Revenue

Stabilization Fund (i.e., “Rainy Day Fund”) which has a targeted balance of not less than three percent (3%) but not more than six percent (6%) of annually budgeted General Fund expenditures. As of June 30, 2014 the Rainy Day Fund had a balance of \$2,554,596.

The net difference between the General Fund amended budget and actual amounts received/expended can be briefly summarized as follows:

- General Fund revenues exceeded expectations by \$812,763.
 - Taxes were below expectations by \$180,052. The City expected a 4.2% increase but as noted above, General Fund sales taxes increased 2.74%.
 - Franchise taxes were below expectations by \$643,554. This can be attributed to the continued milder weather conditions during Fiscal Year 2014 as was the case in the prior fiscal year.
 - Police court fines exceeded expectations by \$225,838. This revenue also exceeded expectations in the prior two fiscal years. The City continues to aggressively collect these revenues.
- General Fund expenditures and encumbrances were below expectations by \$4,919,836.
 - City Council expenditures were \$917,521 below expectation due to lack of expense of all the 2% reserve.
 - Stormwater Drainage expenditures were \$512,999 below expectations. A significant portion of this was due to savings within the fleet parts and fuel accounts.
 - Fire Suppression expenditures were \$525,924 below expectations. A significant portion of this was due to savings within salary and benefits.
- Net General Fund transfers were \$532,528 less than expected. The Capital Fund transferred \$2,860,760 to the General Fund to cover purchases of capital outlay; this was less than expected.

The City closed the year with a fund balance that was higher than what was budgeted by \$5,200,071.

Capital Asset and Debt Administration

Capital assets – The City’s gross investment in capital assets for its governmental and business-type activities as of June 30, 2014, amounted to \$478,694,369 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, roads, highways and bridges. The total increase in the City’s investment in capital assets for the current fiscal year was 4% (5% increase for governmental activities and a 3% increase for business-type activities).

Total	\$ 282,046,362	\$ 267,395,716	\$ 196,648,007	\$ 190,690,843	\$ 478,694,369	\$ 458,086,559

Major capital asset events during the current fiscal year included the following:

- Various water line replacement projects were completed at a cost of \$4,076,618.
- Various roadway projects were completed in conjunction with ODOT at a cost of \$2,285,908. The donated portion funded by ODOT amounted to \$1,297,630.
- Certain road bond projects were completed at a cost of \$2,815,189 consisting of rural road projects, urban asphalt pavement projects and urban concrete pavement projects.
- A variety of street and roadway construction projects were underway; governmental construction in progress as of the end of the current fiscal year had reached \$52,567,292.
- A variety of water and sewer projects were underway; NUA construction in progress as of the end of the current fiscal year was \$32,391,733.

Additional information on the City's capital assets can be found in note 4 on pages 40-41 of this report.

Long-term debt – At the end of the current fiscal year, the City had total bonded debt outstanding of \$72,050,000. Of this amount, \$49,495,000 comprises debt backed by the full faith and credit of the government. The remainder of the City's bonded debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds) of \$22,555,000. The City also had notes payable outstanding of \$35,599,309 at the end of the current fiscal year and was secured by capital assets and specified revenue sources.

**Outstanding Debt
As of June 30**

	Governmental activities		Business-type activities		Total	
	2014	2013	2014	2013	2014	2013
General obligation bonds	\$ 49,495,000	\$ 58,620,000	\$ -	\$ -	\$ 49,495,000	\$ 58,620,000
Special assessment debt with governmental commitment	-	-	-	-	-	-
Revenue bonds	-	-	22,555,000	22,595,000	22,555,000	22,595,000
Notes payable	14,356,077	13,965,481	21,243,232	22,867,759	35,599,309	36,833,240
Total	\$ 63,851,077	\$ 72,585,481	\$ 43,798,232	\$ 45,462,759	\$ 107,649,309	\$ 118,048,240

The City’s total debt decreased by \$10,398,931 (9 percent) during the current fiscal year. The key factor of this change was normally scheduled payments. Also, the Norman Tax Increment Finance Authority Tax Increment Revenue Note, Taxable Series 2009 (\$13,735,000) was refinanced with the Norman Tax Increment Finance Authority Tax Increment Revenue Note, Taxable Series 2013 (\$14,215,000).

The City maintained an “Aa2” rating from Moody’s for those general obligation debt issues that are rated by the service. The NUA maintained an “Aa3” rating from Moody’s for those debt issues that they rate.

Additional information on the City’s long-term debt can be found in note 4 on pages 49-56 of this report.

Economic Factors and Next Year’s Budgets and Rates

- The unemployment rate for the Oklahoma City metropolitan area which includes Norman is currently 4.2 percent, which is a decrease of .8 percent from a year ago. This compares favorably to the state’s average unemployment rate of 4.5 percent and favorably to the national average rate of 6.1 percent.
- Inflationary trends in the region compare favorably to national indices.
- The City’s major source of revenue is sales tax revenue. Sales tax revenue increased 5% over the prior year total.

All of these factors were considered in preparing the City’s budget for the 2015 fiscal year.

Requests for Information

This financial report is designed to provide a general overview of the City’s finances for all those with an interest in the government’s finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, 201 West Gray, Building C, Norman, Oklahoma, 73069.

THE CITY OF NORMAN, OKLAHOMA

**RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2014**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ (7,855,382)
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	9,276,497
Contributed capital assets (land, buildings and infrastructure) and other miscellaneous capital asset transactions recorded in government-wide financial statements but not recorded in fund level financial statements	5,357,516
Debt service principal retirement expensed in fund level financial statements but treated as reduction in outstanding debt in government-wide financial statements	23,214,367
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(142,186)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in the governmental funds	134,877
The issuance of long-term debt provides current financial resources to governmental funds	(14,971,399)
Decrease in liability for incurred claims and compensated absences and miscellaneous expensed in government-wide financial statements	(79,670)
Internal service funds are used by management to charge the costs of insurance services to individual funds. The net revenue of certain activities of internal service funds is reported with governmental activities.	<u>(30,160)</u>
Change in net assets of governmental activities	<u>\$ 14,904,460</u>

See notes to financial statements

THE CITY OF NORMAN, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the City of Norman, Oklahoma (the “City”) conform to accounting principles generally accepted in the United States of America for state and local governments. Generally accepted accounting principles for municipalities are defined as those principles promulgated by the Governmental Accounting Standards Board (“GASB”). The following represent the more significant accounting and reporting policies and practices of the City.

Reporting Entity - The City is a municipal corporation governed by an elected mayor and eight-member council. The accompanying financial statements present the government and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City’s operations and therefore data from these units are combined with data of the City. Each blended component unit has a June 30 year end.

Blended Component Units - The Norman Municipal Authority (“NMA”) was established in April 1965. Activities of the NMA include financing and operating the Westwood Park recreational facilities and sanitation services for the City. The governing body of the NMA is the same as the City’s governing body. The City is the sole beneficiary of the NMA and receives all trust properties and resulting revenues upon retirement of all trust indebtedness. The City maintains all accounting records. The NMA is reported as an enterprise fund and does not issue separate financial statements.

The Norman Utilities Authority (“NUA”) was established February 2, 1970. Activities of the NUA include financing and operating certain utility systems for the City. The governing body of the NUA is the same as the City’s governing body. The City is the sole beneficiary of the NUA and receives all trust properties upon termination. The City maintains all accounting records. The NUA is presented as an enterprise fund and does not issue separate financial statements.

The Norman Tax Increment Finance Authority (“NTIF”) was established July 11, 2006. Activities of the NTIF include financing Tax Increment Financing District #2 – University North Park. The governing body of the NTIF is the same as the City’s governing body. The City is the sole beneficiary of the NTIF and receives all trust properties upon termination. The City maintains all accounting records. The NTIF is presented within the Capital Project Fund in the governmental funds balance sheet and does not issue separate financial statements.

The Norman Economic Development Authority (“NEDA”) was established June 12, 2012. Activities of the NEDA include financing and operating economic development activities for the City. The governing body of the NEDA is the same as the City’s governing body. The City is the sole beneficiary of the NEDA and receives all trust properties upon termination. The City maintains all accounting records. As of June 30, 2014, NEDA had no transactions.

Basis of presentation –The City follows Governmental Accounting Standards Board (“GASB”) statements in the preparation of its financial statements. Additional information regarding the basis of accounting and the differences in presentation are contained in the Management’s Discussion and Analysis, which preceded the financial statements.

Government-wide and fund financial statements – The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues and other nonexchange transactions are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Measurement focus, basis of accounting, and financial statement presentation – The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements with the exception of agency funds which have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

Sales taxes, excise taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

General Fund - The General Fund is the principal fund of the City which accounts for the general operations of the City and all other financial transactions not reported in other funds.

Public Safety Sales Tax Fund – Established to receive revenues from a special half-cent sales tax dedicated to public safety activities.

Debt Service Fund - The Debt Service Fund accounts for the accumulation of financial resources that are restricted or assigned for the payment of interest and principal on the general long-term debt of the City, other than debt service payments made by enterprise funds. Ad valorem taxes and interest earned on investments of the Debt Service Fund are used for the payment of principal, interest and commission to fiscal agents on the City’s general obligation bonds and judgments.

Capital Projects Fund - The Capital Projects Fund is used to account for all major capital improvements which have been financed by designated resources, except those accounted for in proprietary funds. Activities of the NTIF are included in this fund.

The City reports the following non-major governmental funds:

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of government grants or specific revenue sources (other than grants applicable to enterprise fund activities, expendable trusts or major capital projects) that are legally restricted, committed or assigned to expenditures for specified purposes. The City has eight special revenue funds including:

- *Norman Room Tax Fund* - Established by City ordinance to receive revenues from the City hotel/motel occupancy tax. Tax receipts are required to be used for promoting and fostering convention and tourism development in the City.
- *Community Development Fund* - Established to account for the City’s Community Development Block Grants, Home Ownership Made Easy (“HOME”) Grants, Rental Rehabilitation and Emergency Shelter Grants received from the US Department of Housing and Urban Development (“HUD”).
- *Special Grants Fund* - Established to account for revenues and expenditures of other miscellaneous grants received from various sources.
- *Park Land Fund* - Established by City ordinance to receive revenues from developer fees dedicated to the acquisition of park land around the City.
- *Seizures and Restitutions Fund* - Established to account for the revenue available as a result of property seizures resulting from criminal investigations.
- *Cleet Fund* - Established to account for revenue derived by provision of State law to be utilized for law enforcement education and training.
- *Tax Increment District Fund* - Established to account for property tax revenue received above a preset threshold generated by capital improvements within a specific section of the community.
- *Art in Public Places Fund* - Established to account for donations made to provide public art displays throughout the City.

The City reports the following major proprietary funds:

Norman Municipal Authority – A blended component unit established to account for the construction and operation of Westwood Park recreational facilities and the City’s sanitation services.

Norman Utilities Authority – A blended component unit established to account for the water and wastewater utility systems for the City.

Risk Management Internal Service Fund – Established to account for the resources utilized by departments to provide for the self-insurance of Workers’ Compensation and Unemployment Insurance and to pay claims and receive premiums on insurance for employee health and property loss on a long-term cost-reimbursement basis.

The City reports the following fiduciary funds:

Pension Trust Funds - The Pension Trust Funds are used to account for the receipt, investment and distribution of retirement contributions to the Annuity Pool portion of the Employee Retirement System of the City. The Employee Retirement System Annuity Pool is a contributory defined benefit plan. The Pension Trust Funds are also used to account for the receipt, investment and distribution of retirement contributions from the City and employees to the Section 401(a) portion of the Employee Retirement System of the City. The Section 401(a) plan is a defined contribution plan for qualifying City employees.

Agency Funds - Agency Funds are custodial in nature and do not present results of operations or have a measurement focus. Agency Funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the City holds for others in an agency capacity. The City has one agency fund, the Centennial Fund, which was created to account for assets held for the City’s firefighters to develop a yearbook celebrating the centennial anniversary of the City of Norman Firefighters.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to the general rule are payments-in-lieu of taxes and other charges between the government’s enterprise funds. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments that are restricted to meeting the operational or capital requirements of a particular function or segment. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the City’s enterprise funds are charges to customers for sales and services. Operating expenses for the enterprise funds and the internal service fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Accounting Policies – The City’s significant accounting policies related to the following financial statement categories are summarized below:

Assets, Liabilities, and Fund Equity

- a. *Cash and Cash Equivalents* - The City considers all highly liquid investments with an original maturity of three months or less when purchased to be cash and cash equivalents.

- b. *Pooled Cash and Investments* - The City Charter requires all cash belonging to the City to be placed in the custody of the Financial Services Department of the City. A “Pooled Cash” concept is used in maintaining the cash and investment accounts in the accounting records. Under this method, all cash is pooled for investment purposes and each fund has equity in the pooled amounts. Investments are allocated to the individual participating funds based upon a percentage determined by the Financial Services Department of the City. An interfund receivable/payable is recognized if the allocation of investments to a particular fund exceeds the fund’s pooled cash amount before the allocation of the pooled investments.

Purchases and maturities of the pooled investments, as reported in the fund’s statement of cash flows, are allocated to the participating proprietary funds based on their portion of total pooled investments.

- c. *Investments* – Investments are stated at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties. The City considers quoted market price at June 30, 2014, to be the fair value of its investments.

Oklahoma Statutes authorize the City to invest in obligations of the United States government, its agencies and instrumentalities; collateralized or insured certificates of deposit and other evidences of deposit at banks, savings banks, savings and loan associations and credit unions located in this state, or fully insured certificates of deposit at banks, savings banks, savings and loan associations and credit unions located out of state; negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings bank, a savings and loan association or a state-licensed branch of a foreign bank; prime banker’s acceptances which are eligible for purchase by the Federal Reserve System and which do not exceed 270 days’ maturity; prime commercial paper which shall not have a maturity that exceeds 180 days nor represent more than 10% of the outstanding paper of an issuing corporation; repurchase agreements that have underlying collateral consisting of those items specified above; and money market funds regulated by the Securities and Exchange Commission and which investments consist of those items noted above.

The Pension Trust Fund is invested based on guidelines established by the Board of Trustees.

- d. *Receivables and payables* – In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

In the governmental fund financial statements, receivables are recorded when they are both measurable and available. Proprietary fund receivables consist of all revenues earned at year-end and not yet received.

- e. *Interfund Receivables and Payables* – Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to / due from other funds” (i.e., the current portion of interfund loans) or “advances to / from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to / from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”
- f. *Restricted Assets* – Restricted assets include cash and investments of both governmental activities and business-type activities that are legally restricted as to their use. The restricted assets are primarily related to debt trustee accounts and guaranty deposits.

- g. *Capital Assets* – Capital assets, which include property, plant and equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$2,500 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, the majority of which generally consist of donated land and infrastructure which is recorded in the governmental funds and donated water and sewer distribution systems which are recorded in the proprietary funds, are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Land and construction in progress are not depreciated. The other property, plant, equipment and infrastructure are depreciated using the straight line method over the following estimated useful lives:

Buildings	40 – 65 years
Infrastructure	25 – 50 years
Improvements other than buildings & infrastructure	10 – 20 years
Machinery and equipment	3 – 20 years
Vehicles	3 – 7 years

- h. *Inventory* – The City records parts and fuel inventory within the General fund. Parts inventory is recorded using actual cost. Fuel inventory is recorded using average cost.
- i. *Long-term Debt* – In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt is reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, and losses on refunding are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount and deferred losses on refunding. Bond issuance costs are expensed during the current period.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

- j. *Liability for Incurred Claims* - The liability for incurred claims represents estimated claims (including future claim adjustment expenses) incurred but unpaid for workers compensation, group medical and dental, and unemployment claims as of the fiscal year end. The estimate includes claims reported as of June 30, 2014, as well as an estimated amount representing claims incurred but not reported. The City utilizes the services of an actuary in computation of the incurred but unpaid workers compensation portion of the liability.
- k. *Claims and Judgments Payable* - Under state law, judgments against the City can be paid over three years or can be paid immediately. The General Fund pays all claims and judgments. A liability has been recorded within the government-wide statements for claims and judgments payable. A liability for these amounts is reported in governmental funds when they become due and payable.

- l. *Compensated Absences* - Under the terms of union contracts and City personnel policies, City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is paid for vacation leave accumulated and vested accumulated sick leave. Vesting of sick leave by employees and maximum number of hours that can be accumulated for vacation and sick leave are dependent upon an employee's years of service. Upon retirement, one-half of accumulated sick leave is converted to vacation time, subject to the above limitation for maximum compensation for unused compensated absences.

A liability has been recorded within the government-wide and proprietary financial statements for accrued vacation and sick leave and certain salary related payments associated with the payment of compensated absences. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

- m. *Fund Equity* – In the government-wide financial statements, equity is classified as net position and displayed in three components:
 1. *Net investment in capital assets* – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any notes or other borrowings attributable to those assets.
 2. *Restricted net position* – Consists of net assets with constraints placed on the use either by external groups, such as grantors or laws and regulations of other governments, or law through constitutional provisions or enabling legislation. The most significant restriction as of June 30, 2014 related to three ordinances benefiting the City's wastewater system which provide funds that are being held to complete capital projects.
 3. *Unrestricted net position* – All other assets that do not meet the definition of “restricted” or “net investment in capital assets.”

When both restricted and unrestricted net positions are available for use, generally it is the City's policy to use restricted resources first. For projects funded with tax-exempt debt proceeds and other sources, the debt proceeds are used first.

Governmental fund equity is classified as fund balance. Fund balance is further classified as follows and based on the nature of any limitations requiring the use of resources for specific purposes.

- a) *Nonspendable* – Includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.
- b) *Restricted* – Includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- c) *Committed* – Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the City through formal action of the highest level of decision making authority. The City Council is the highest level of decision making authority that can, by adoption of an Ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action by City Council is taken (the adoption of another ordinance) to remove or revise the limitation.

- d) *Assigned* – Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The City Council may assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.
- e) *Unassigned* – Includes the residual balance of the General Fund that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes with the General Fund.

When both restricted and unrestricted sources (the total of committed, assigned, and unassigned fund balance) are available for use, generally it is the City’s policy to use restricted resources first. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the government-wide statement of net position and the statement of net position for proprietary funds. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time.

Revenues, Expenditures and Expenses

- a. *Property Tax Revenue* - Property taxes attach an enforceable lien on property as of January 1. Taxes are levied annually on November 1 and are due one-half by December 31 and one-half by March 31. The Tax Assessor’s office bills and collects the property taxes and remits to the City its portion. Property taxes not paid prior to April are considered delinquent. Such delinquent tax payments have not historically been material. Delinquent tax payments are received throughout the year and are recognized as revenue in the year received, except for those received within 60 days of year end, which are recognized as revenues as of June 30, 2014 in both the government-wide and fund financial statements.
- b. *Sales Taxes* - Sales taxes are collected by vendors and required to be remitted to the State of Oklahoma by the 20th of the month following collection. The tax is then paid to the City by the 10th of the next month. A two month lag exists between collection by the vendor and payment to the City by the State. Revenue received in July and August from sales made in May and June,

respectively, is available for prior year expenses and is accrued in both the government-wide and fund financial statements.

- c. *Charges for Service* – Charges for services consist primarily of charges made by the General Fund for services such as motor pool usage, printing, accounting, data processing, facilities usage and other benefits provided to the other funds of the City.
- d. *Intergovernmental Revenues/Capital Grants Earned* - Revenues from Federal and State operating grants are recognized when expenditures are made. Similarly, capital grants are considered earned when the expenditures are made. The earned portion of capital grants in Proprietary Funds is treated as a capital contribution within the statement of revenues, expenses and changes in fund net position.
- e. *Investment Earnings* - Investment earnings on pooled cash and investments are allocated on a pro-rata basis to the City’s funds based on the percentage of each fund’s average month-end pooled cash balance.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position – The governmental fund balance sheet includes reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$80,162,885 difference are as follows:

General obligation bonds payable	\$ 49,656,802
Notes payable	14,356,077
Capital leases payable	491,436
Compensated absences	7,124,088
Net OPEB obligation	8,183,470
Accrued interest payable	<u>351,012</u>
Net adjustment to reduce fund balance - total governmental funds to arrive at net assets - governmental activities	<u>\$ 80,162,885</u>

Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities – The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$9,276,497 difference are as follows:

Capital outlay	\$ 20,896,891
Depreciation expense	<u>(11,620,394)</u>
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities	<u>\$ 9,276,497</u>

Another element of that reconciliation states that “Contributed capital assets (land, buildings, and infrastructure) and other miscellaneous capital asset transactions recorded in government-wide financial statements but not recorded in fund level financial statements.” The details of this \$5,357,516 difference are as follows:

Donations of capital assets increase net assets in the statement of activities, but do not appear in the governmental funds because they are not financial resources.	\$ 5,364,449
In the statement of activities, only the gain on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the cost of the capital asset sold.	128,926
The statement of activities reports losses arising from the trade-in of existing capital assets to acquire new capital assets. Conversely, governmental funds do not report any gain or loss on a trade-in of capital assets.	<u>(135,859)</u>
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities	<u>\$ 5,357,516</u>

Another element of that reconciliation states that “Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in the governmental funds.” The details of this \$134,877 difference are as follows:

Accrued interest payable	\$ 241,986
Change in net OPEB obligation	(123,742)
Other	<u>16,633</u>
Net adjustment to increase net change in fund balances - total governmental funds to arrive at changes in net assets of governmental activities	<u>\$ 134,877</u>

3. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgets and Budgetary Accounting - The City Manager is required by City Charter and the Oklahoma Municipal Budget Act to prepare and submit an annual budget to the City Council. A budget is prepared and legally adopted for the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Fund. These budgets are prepared on a cash basis for revenues, except for accrued interest receivable and other receivables. For budget purposes, expenditures include amounts paid and encumbered, as well as amounts in accounts payable at the end of the fiscal year. Purchase orders, contracts and other commitments for the expenditure of funds are recorded as encumbrances to reserve a portion of the applicable appropriation.

Budgeted expenditures and encumbrances for the budgeted funds cannot exceed the estimated revenues and fund balance, and it is unlawful for the City to create or authorize creation of a deficit in any of these funds. Budgetary control is exercised by function at the fund level. These functional categories include salaries and benefits; supplies and materials; services and maintenance; debt service; and capital outlay. Amendments must be approved by the City Council. The City Manager is authorized to transfer budgeted appropriations within individual funds, but cannot alter the appropriations on a fund level without City Council approval. Supplemental appropriations within all funds by the City Council during the fiscal year ended June 30, 2014 amounted to \$40,723,031. Unencumbered appropriations lapse at year end while encumbered appropriations are carried over to the ensuing fiscal year until utilized or canceled and are classified within the restricted, committed or assigned fund balance category, as appropriate, based on the criteria of the fund balance classifications.

Oklahoma Statutes also require the City Council each year to make an ad valorem tax levy for a sinking fund (Debt Service Fund) which shall, with cash and investments in the fund, be sufficient to pay all the bonded indebtedness, interest and one-third of all outstanding judgments coming due in the following year.

4. DETAIL NOTES ON ALL FUNDS

Deposits and Investments

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, the City’s deposits may not be returned to it. The City’s policy for collateralization is that pledged securities will have a market value of at least 102% of the value of funds on deposit and that collateral be limited to either 1) U.S. Treasury, agency and instrumentality securities or 2) direct debt obligations of municipalities, counties, and school districts in Oklahoma. As of June 30, 2014, none of the City’s bank balance of \$65,432,039 was exposed to custodial credit risk. As of June 30, 2014, the City carrying balance of these deposits was \$64,846,362.

Interest Rate Risk – As of June 30, 2014, the City had the following investments subject to interest rate risk:

Investment Type	Fair Value	Weighted Average Maturity (Years)
Money Market Mutual Funds	\$ 18,092,336	0.12
U.S. Treasury Notes	9,989,955	1.48
U.S. Treasury Strips	1,990,060	1.63
Federal Home Loan Bank	18,743,380	0.94
Federal Farm Credit Bank	13,526,065	1.46
Federal National Mortgage Association	29,857,265	1.62
Federal Home Loan Mortgage Corporation	4,484,115	2.38
Total fair value	<u>\$ 96,683,176</u>	
Portfolio weighted average maturity		1.45

In accordance with its investment policy, the City manages its exposure to declines in fair values by limiting investment maturities to not more than ten years from the date of purchase.

The following schedules reconcile the carrying amounts of deposits and investments above to the government-wide statement of net position:

Primary Government:

Carrying value of deposits -		
Pooled and nonpooled funds	\$	64,846,362
Money market mutual funds		18,092,336
Less: Certificates or deposits classified as investments		<u>(3,283,462)</u>
	\$	<u>79,655,236</u>
Cash as reported on the government-wide statement of net position -		
Cash and cash equivalents	\$	18,378,284
Restricted cash and cash equivalents - current		51,211,217
Restricted cash and cash equivalents - long-term		<u>10,065,735</u>
	\$	<u>79,655,236</u>
Carrying value of investments -		
Pooled and nonpooled funds	\$	96,683,176
Site development certificate of deposits		3,283,462
Less: Money market mutual funds classified as cash equivalent		<u>(18,092,336)</u>
	\$	<u>81,874,302</u>
As reported on the government-wide statement of net position -		
Investments	\$	59,085,384
Restricted investments - current		9,287,967
Restricted investments - long-term		<u>13,500,951</u>
	\$	<u>81,874,302</u>

Credit Risk –The City’s investment policy does not cover credit risk. The City’s investments as of June 30, 2014 were rated by Moody’s Investor Service and Standard & Poor’s as follows:

	<u>Moody's</u>	<u>S & P</u>
Federal Farm Credit Bank	Aaa	AA+
Federal Home Loan Mortgage Corporation	Aaa	AA+
Federal Home Loan Bank	Aaa	AA+
Federal National Mortgage Association	Aaa	AA+
Money Market Mutual Funds	Unrated	Unrated

Concentration of Credit Risk – The City’s investment policy places no limit on the amount the City may invest in any one issuer. More than 5% of the City’s investments are in Federal Home Loan Bank, Federal Farm Credit Bank, Federal National Mortgage Association, United States Treasury Notes and Federal Home Loan Mortgage Corporation. These investments are 24%, 17%, 38%, 13% and 6%, respectively, of the City’s total investments.

Fiduciary Funds – The City’s fiduciary funds are not included in the risks and amounts identified above and are invested in mutual funds traded on public exchanges and have substantially the same risks as the primary government.

Custodial Credit Risk – Investments – For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. It is the City’s policy to maintain investment securities that are insured or registered in the City’s name and held by the City or its agent in the City’s name whenever possible. As of June 30, 2014, the City’s investment were not exposed to custodial credit risk as all of the City’s investments were registered in the name of the City and held by a counterparty.

Amount Due From Federal Government - The amount shown in both the government-wide and fund financial statements as due from the Federal government represents \$670,898 of allowable expenditures under various direct and pass through grants for which the City has requested reimbursement.

Transfers - Transfers for the year ended June 30, 2014 consisted of the following:

Transfers Out	Transfers In				
	General Fund	Capital Projects Fund	Enterprise Funds	Internal Service Fund	Total Transfers Out
General Fund	\$ -	\$ 10,000	\$ 108,484	\$ -	\$ 118,484
Public Safety Sales Tax Fund	1,370,621	78,000	-	-	1,448,621
Nonmajor Governmental Funds	12,000	-	204,134	-	216,134
Debt Svs Fund	-	-	-	973,880	973,880
Capital Projects Fund	2,860,670	-	92,278	-	2,952,948
Internal Service Fund	26,326	-	20,000	-	46,326
Enterprise Funds	<u>1,128,651</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>1,128,651</u>
Total Transfers In	<u>\$ 5,398,268</u>	<u>\$ 88,000</u>	<u>\$ 424,896</u>	<u>\$ 973,880</u>	<u>\$ 6,885,044</u>

Transfers are used for varying reasons including but not limited to moving unrestricted general fund revenues to finance various programs that the City must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

The most significant transfers were initiated by the City for the following reasons:

- The Capital Projects Fund transferred \$2,845,106 to the General Fund to pay for the purchase of vehicles and equipment and fund street maintenance projects.
- The Debt Services Fund transferred \$973,880 to the Risk Management Internal Service Fund to pay for judgments awarded against the City and funded via the property tax rolls over a three year period.

- The Public Safety Sales Tax Fund transferred \$1,031,328 to the General Fund to further build a reserve in case of a revenue shortfall (i.e., Rainey Day Fund).

Capital Assets – Capital asset activity for the fiscal year ended June 30, 2014 was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Governmental activities:				
Capital assets, not being depreciated:				
Land	\$ 54,137,701	\$ 584,183	\$ -	\$ 54,721,884
Construction in progress	41,828,185	17,060,953	(5,631,034)	53,258,104
Capital assets, being depreciated:				
Buildings	30,671,037	328,699	(40,391)	30,959,345
Improvements other than buildings	16,817,600	-	(47,177)	16,770,423
Machinery and equipment	25,500,154	2,977,921	(927,076)	27,550,999
Vehicles	16,546,787	3,559,857	(2,435,831)	17,670,813
Infrastructure	<u>437,295,460</u>	<u>8,699,002</u>	<u>-</u>	<u>445,994,462</u>
Totals at historical cost	<u>622,796,924</u>	<u>33,210,615</u>	<u>(9,081,509)</u>	<u>646,926,030</u>
Less accumulated depreciation				
Buildings	(11,692,067)	(929,638)	33,457	(12,588,248)
Improvements other than buildings	(10,674,790)	(474,520)	47,177	(11,102,133)
Machinery and equipment	(17,923,853)	(1,716,407)	927,076	(18,713,184)
Vehicles	(10,669,240)	(1,186,090)	1,134,226	(10,721,104)
Infrastructure	<u>(304,441,258)</u>	<u>(7,313,741)</u>	<u>-</u>	<u>(311,754,999)</u>
Total accumulated depreciation	<u>(355,401,208)</u>	<u>(11,620,396)</u>	<u>2,141,936</u>	<u>(364,879,668)</u>
Governmental activities capital assets, net	<u>\$ 267,395,716</u>	<u>\$ 21,590,219</u>	<u>\$ (6,939,573)</u>	<u>\$ 282,046,362</u>
Business-type activities:				
Capital assets, not being depreciated:				
Land	\$ 9,487,634	\$ 76,374	\$ -	\$ 9,564,008
Construction in progress	30,882,711	8,077,584	(5,905,109)	33,055,186
Capital assets, being depreciated:				
Buildings and improvements	164,033,392	3,862,332	(156,725)	167,738,999
Machinery and equipment	<u>114,117,417</u>	<u>9,261,495</u>	<u>(1,088,109)</u>	<u>122,290,803</u>
Totals at historical cost	<u>318,521,154</u>	<u>21,277,785</u>	<u>(7,149,943)</u>	<u>332,648,996</u>
Less accumulated depreciation				
Buildings and improvements	(86,190,095)	(3,944,120)	84,202	(90,050,013)
Machinery and equipment	<u>(41,640,216)</u>	<u>(5,202,886)</u>	<u>892,126</u>	<u>(45,950,976)</u>
Total accumulated depreciation	<u>(127,830,311)</u>	<u>(9,147,006)</u>	<u>976,328</u>	<u>(136,000,989)</u>
Business-type activities capital assets, net	<u>\$ 190,690,843</u>	<u>\$ 12,130,779</u>	<u>\$ (6,173,615)</u>	<u>\$ 196,648,007</u>

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:

General government	\$422,159
Planning	40,573
City controller	287,518
Parks and recreation	629,120
Public works	8,371,431
Public service	200
Public safety	<u>1,869,395</u>
Total depreciation expense – governmental activities	<u>\$11,620,396</u>

Business-type activities:

Westwood park	\$149,274
Utilities authority	7,844,988
Sanitation services	<u>1,152,744</u>
Total depreciation expense – business-type activities	<u>\$9,147,006</u>

Pension Plan Obligations - Each qualified employee participates in one of the three retirement plans in which the City participates. These are The Employee Retirement System of the City of Norman, The Oklahoma Firefighters Pension and Retirement System, and The Oklahoma Police Pension and Retirement System. The City does not maintain the accounting records, hold the investments nor administer the firefighters’ or police retirement funds. The police officers’ and firefighters’ plans are statewide systems administered by the State of Oklahoma. The municipal employees’ plan is managed by a separate board of trustees, and the assets are held in custody and administered by two asset managers.

A summary of significant data for each of the retirement plans follows:

- a. *Employee Retirement System of the City of Norman - Plan Description* - The Employee Retirement System (“ERS”) of the City of Norman is a single-employer public employee retirement system which was established on November 1, 1967 by a City ordinance and amended on January 29, 1985 and July 1, 1991. The ERS was originally established as a defined benefit plan. On July 1, 1991, the City converted that portion of the ERS which related to unretired participants to a money purchase plan under Section 401(a) of the Internal Revenue Code (the “401(a) Plan”). An amount equal to the greater of the participants vested benefits under the ERS or their account balance in the ERS was transferred to a participant account in the 401(a) Plan. The portion of the ERS that relates to retired participants at July 1, 1991 (“the Annuity Pool”) remains in existence to pay benefits to those retired employees receiving benefits at July 1, 1991. The activities of the Annuity Pool and the 401(a) Plan are recorded in separate Pension Trust Funds which are included within the City’s financial statements.

The ERS does not issue a stand-alone financial report.

The ERS is managed by a Board of Trustees, composed of six members, meeting once a month. Members by position include the City Manager, Finance Director and Personnel Director. One additional member is elected by the City Council and the final two members are elected by the American Federation of State, County and Municipal Employees Union membership.

Basis of Accounting – The ERS’s financial statements are prepared using the accrual basis of accounting. Employer and plan member contributions are recognized in the period that the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Method Used to Value Investments – ERS plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair value.

As of June 30, 2014, and for the year ended, the ERS held no securities issued by the City or other related parties.

1. *Annuity Pool* - As of January 1, 2014, the date of the last actuarial study, the Annuity Pool participants included only 11 retirees and other beneficiaries who are entitled retirement benefits including a death benefit equal to a lump sum amount equal to the normal retirement as projected for a ten year period of time.

At January 1, 2014 the Actuarial Accrued Liability for the Annuity Pool was \$700,357 and the market value of assets in the Annuity Pool was \$461,799. The City’s actuary has suggested an annual contribution for a period of ten years commencing July 1, 2014. The actuarial assumptions included (a) 7.5% investment rate of return (net of administrative expenses), (b) no projected salary increases, and (c) no cost of living increases. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. The City made a \$40,000 contribution to the plan in 2014. The City will make future contributions as needed to make benefit payments should present plan assets be insufficient to do so.

2. *The 401(a) Plan* - The 401(a) Plan is a money purchase defined contribution plan under section 401(a) of the Internal Revenue Code. All non-voluntary contributions have been designated by the City as “picked up contributions” pursuant to Internal Revenue Code section 414(h)(2) and are treated as employer contributions for federal income tax purposes.

The City’s payroll for employees covered by the 401(a) Plan for the year ended June 30, 2014 was \$26,905,471, and total City payroll was \$51,204,663.

Substantially all full-time, non-uniformed employees of the City are required to participate in the 401(a) Plan. At June 30, 2014, there were 516 plan participants. Participants are required to contribute 6.5% of their compensation to the 401(a) Plan each pay period. This contribution is matched by the City at a rate of 8.5% of payroll. Administrative costs are financed through investment earnings. Participants become vested in the City’s contribution as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

Contributions to the 401(a) Plan for 2014 were \$4,079,841. The contributions expressed in dollars and percent of covered payroll were: City - \$2,286,965, 8.5%, participants - \$1,748,857, 6.5%. The contribution requirements are in accordance with the City ordinance. Plan provisions and contribution requirements are established and may be amended by the City Council.

Trend Information

401(a) Plan		
Fiscal Year	Required Contribution	Percentage Contributed
2012	3,892,936	100%
2013	4,013,239	100%
2014	4,079,841	100%

Financial Reports – Neither the Annuity Pool nor the 401(a) Plan issues stand-alone financial reports and are not included in the report of a public employee retirement system or a report of another entity. Their financial statements are as follows:

**Statement of Net Position
June 30, 2014**

Assets	Annuity Pool Fund	401(a) Plan Fund	Total

- b. *Oklahoma Firefighters Pension and Retirement System - Plan Description* - Members of the City's Fire Department are covered by the Oklahoma Firefighters Pension and Retirement System, which is a statewide cost sharing multiple-employer public employee retirement system. All full-time firefighters who are hired before age 45 are eligible to participate in the system. The pension plan provides pension benefits, as well as death and disability benefits. A member may retire after 20 years of service; however, a member who became a participant after January 1, 1981, may retire after reaching age 50 with the attainment of 20 years' service (normal retirement) and is entitled to pension payments for the remainder of his/her life equal to 2.5% of final average salary (most recent 30 months prior to retirement) times years of service. Members who terminate before ten years of service are entitled to a refund of employee contributions without provision for interest earnings, while members who terminate after ten years of service are entitled to 2.5% of final average salary times years of service.

In July 1987, the Oklahoma State Legislature passed House Bill 1473 which amended some statutes relating to the system. This bill changed the normal retirement date to the date a participant completes 20 years of credited service, regardless of age. The bill also provided for a \$4,000 death benefit, in addition to any survivor's pension benefits under the system, to the beneficiaries of all members of the system. The bill also made several other changes which mainly allow the system more flexibility regarding transfers from other state retirement systems and rejoining the system after withdrawal. These changes went into effect July 20, 1987. The Oklahoma State Legislature is required by statute to make such appropriations as necessary to insure that benefit payments are made.

The City's covered payroll for the firefighters' retirement system was \$10,791,880 for the year ended June 30, 2014, while the City's total payroll for all employees was \$51,204,663 during the same time period.

The Oklahoma Firefighters' Pension and Retirement System issues a stand-alone financial report which can be obtained from the Oklahoma State Firefighters' Retirement Board at 4545 North Lincoln Boulevard, Suite 265, Oklahoma City, Oklahoma 73105.

Contributions Required and Made - Members of the firefighters' retirement system are required to pay 9% of their base pay to the pension plan (starting November 1, 2013) until they reach 20 years of service, after which no contributions are required. The City is required to pay 14% of base salary (starting November 1, 2013). For the year ended June 30, 2014, the total contribution to the system amounted to \$2,405,435 of which \$1,473,018 was made by the City and \$932,417 was made by the employees. These contributions represent 13.6% (City) and 8.6% (member) of covered payroll. The difference between the required 9% mentioned above and the actual contribution of 8.6% relates to 1) the change mid year (November 1, 2013) to the required contribution for members and 2) a deferred retirement option plan available to firefighters. The total amount contributed to the system by the State of Oklahoma on behalf of the City was approximately \$3,000,000. This amount has been recorded as both a revenue and an expenditure of the governmental activities and General Fund in the 2014 financial statements.

Trend Information

Oklahoma Firefighters' Pension and Retirement System		
Fiscal Year	Required Contribution	Percentage Contributed
2012	1,969,230	100%
2013	2,163,050	100%
2014	2,405,435	100%

Related Party Investments - During fiscal year 2014 and as of June 30, 2014, the State Firefighters' Retirement System held no securities issued by the City or other related parties.

- c. *Oklahoma Police Pension and Retirement System - Plan Description* - Members of the City's Police Department are covered by the Oklahoma Police Pension and Retirement System, which is a statewide cost sharing multiple-employer public employee retirement system.

Police officers employed in participating municipalities are required to participate in the system, provided that they meet certain requirements. Police officers are required to pass physical and medical examinations and must be not less than 21 nor more than 45 years of age when accepted for initial membership.

The normal retirement date under the plan is the date upon which the participant completes 20 years of credited service (if the participant became a member of the system prior to January 1, 1981) or has attained age 50 and completed 20 years of credited service (if the participant joined the system on or after January 1, 1981). Participants become vested upon completing ten years of credited service as a contributing participant of the system. No vesting occurs prior to completing ten years of credited service. Participants' contributions are refundable, without interest, upon termination prior to normal retirement. Participants who have completed ten years of credited service may elect a vested benefit in lieu of having their accumulated contributions refunded. If the vested benefit is elected, the participant is entitled to a monthly retirement benefit commencing on the date he/she reaches 50 years of age or the date he/she would have had 20 years of credited service had his/her employment continued uninterrupted, whichever is later.

Monthly retirement benefits are calculated at 2.5% of the final average salary (defined as the average paid base salary of the officer over the last 30 months of credited service) multiplied by the years of credited service. The maximum pension allowable for any participant is 75% of the final average salary. All retirement benefits are exempt from state income tax.

Monthly benefits for participants due to permanent disability incurred in the line of duty are 2.5% of the participants' final average salary multiplied by years of service. This disability benefit is reduced by stated percentages for partial disability based on the percentage of impairment. After ten years of credited service, participants who retire due to disability incurred from any cause are eligible for a monthly benefit based on 2.5% of their final average salary multiplied by the years of service, not to exceed 30 years. This disability benefit is also reduced by stated percentages for partial disability based on the percentage impairment.

Survivors' benefits are payable to the participant's beneficiary upon the death of a retired participant. The beneficiary of any active participant killed in the line of duty is also entitled to a pension benefit. The Oklahoma State Legislature is required by statute to make such appropriations as necessary to insure that benefit payments are made.

The City's covered payroll for the police retirement system was \$10,645,515 for the year ended June 30, 2013, while the City's total payroll for all employees was \$51,204,663 during the same time period.

The Oklahoma Police Pension and Retirement System issue a stand-alone financial report, which can be obtained from the Oklahoma Police Pension and Retirement System at 1001 N.W. 63rd Street, Suite 305, Oklahoma City, Oklahoma 73116.

Contributions Required and Made - Members of the police retirement system are required to pay 8% of their base pay to the pension plan until they reach 20 years of service, after which no contributions are required. The City is required to pay 13% of base salary. For the year ended June 30, 2014, the total contribution to the system amounted to \$2,236,899, of which \$1,383,917 was made by the City and \$852,982 was made by the employees. These contributions represent 13% (City) and 8% (member) of covered payroll. The total amount contributed to the system by the State of Oklahoma on behalf of the City was approximately \$1,100,000. This amount has been recorded as both a revenue and an expenditure of the governmental activities and General Fund in the 2014 financial statements

Funding Status and Progress

Oklahoma Police Pension and Retirement System

Fiscal Year	Required Contribution	Percentage Contributed
2012	2,106,700	100%
2013	2,166,048	100%
2014	2,236,899	100%

Related Party Investments - During fiscal year 2014 and as of June 30, 2014, the Oklahoma Police Pension and Retirement System held no securities issued by the City or other related parties.

Other Postemployment Benefits

Plan Description – The City provides postemployment healthcare benefits (OPEB) for retired employees and their dependents through the City of Norman Postretirement Medical Plan (the Plan), a single-employer defined benefit healthcare plan. The benefits, coverage levels, employee contributions and employer contributions are governed by the City and can be amended by the City through its personnel manual and union contracts.

Benefits Provided – The City provides postretirement healthcare benefits to its retirees. The Plan covers all current retirees who elected postretirement medical coverage through the City and future retired general employees, police officers and firefighters.

All healthcare benefits are provided through the City’s self insured health plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services and prescriptions. General employees are eligible for membership in the Plan if they retire from the City with eight years of service and with age and service totaling 70 points. Police officers and firefighters are eligible for benefits under the Plan if they retire from the City with 20 years of service. Coverage for dependants can continue upon the death of the retiree. Spouses of employees who die in active service eligible for benefits can receive coverage.

Membership – At July 1, 2013, membership consisted of:

Retirees and beneficiaries currently receiving benefits	34
Terminated employees entitled to benefits but not yet receiving them	0
Active employees	<u>726</u>
Total	<u>760</u>

Funding Policy – The plan participants are responsible for paying the full cost of their medical premium and the City is responsible for the claims and expenses in excess of participant contributions. As of June 30, 2014, no irrevocable trust had been established for the funding of the Plan’s postretirement benefit obligation. The net claims and expenses paid by the City are funded on a pay-as-you-go basis.

Annual OPEB Costs and Net OPEB Obligation –The City’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2012 through 2014 were as follows:

Fiscal Year Ended	Annual OPEB Cost	Employer Contributions	Percentage of Annual OPEB Cost Contributed	Net Obligation (Asset)
June 30, 2012	\$ 1,412,385	\$ 234,405	16.6%	\$ 7,141,294
June 30, 2013	1,131,187	212,753	18.8%	8,059,728
June 30, 2014	436,932	313,189	71.7%	8,183,470

The net OPEB obligation (NOO) as of June 30, 2014, was calculated as follows:

Annual required contribution	\$ 580,638
Interest on net OPEB obligation	322,389
Adjustment to annual required contribution	(466,096)
Annual OPEB cost	436,931
Contributions made	313,189
Increase (decrease) in net OPEB obligation	123,742
Net OPEB obligation, beginning of year	<u>8,059,728</u>
 Net OPEB obligation, end of year	 <u>\$ 8,183,470</u>

Funded Status and Funding Progress – The funded status of the plan as of June 30, 2014, was as follows:

Actuarial accrued liability (AAL)	\$ 5,258,480
Actuarial value of plan assets	-
Unfunded actuarial accrued liability (UAAL)	\$ 5,258,480
Funded ratio (actuarial value of plan assets/AAL)	0%
Covered payroll (active plan members)	\$ 43,368,706
UAAL as a percentage of covered payroll	12%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the ARCs of the employer are subject to continual revision as actual results are compared with past experience and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions – Projections of benefits for financial reporting purposes are based on the substantive Plan (the Plan as understood by the employer and Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2013 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included 4.0% discount rate, which is based on the expected long-term investment returns of the City's general fund assets, and an initial annual healthcare cost trend of 8.0% reduced over time to arrive at an ultimate healthcare cost trend rate of 3.8%. Dental trends were assumed to be 70% of medical trends. The rates included an inflation assumption that declines over time from 2.5% to 2.3%. The plan's unfunded actuarial accrued liability is being amortized as a level dollar amount on an open 30-year period basis.

The current year decrease in the unfunded actuarial accrued liability and annual required contribution can be primarily attributed to a decrease in the claim costs assumption for medical benefits that was adjusted based on the actual reported claims and expenses incurred by the City over the previous 24 months.

Guaranty Deposits - At June 30, 2014, the guaranty deposit accounts of the City included the following deposit liabilities:

Governmental activities:

Oil and gas drilling escrow	\$219,000
Site improvements	4,695,257
Contractor's escrow	113,664
Park improvement	10,529
Court fines and bond deposits	65,712
Others	<u>194,677</u>
 Total governmental activities	 <u>\$5,298,839</u>

Business-type activities:

Utility deposits	<u>\$1,488,884</u>
------------------	--------------------

The above liabilities and related cash and cash equivalents have been presented as restricted assets in both the government-wide and fund financial statements.

Long-Term Debt

- a. *General Obligation Bonds* - General obligation bonds have been approved by the voters and issued by the City for various municipal improvements. These bonds are required to be fully paid within 25 years from the date of issue and are backed by the full faith and credit of the City.

Bonds whose proceeds are dedicated to streets, rights-of-way, and limited access facilities, together with outstanding judgments against the City, are limited in total by State statute to 10 percent of the net assessed valuation of taxable property in the City. At June 30, 2014, the net assessed valuation approximated \$843,439,701. The City had no such bonds outstanding at June 30, 2014. There is no such limit on the issuance of other types of general obligation bonds.

General obligation bonds outstanding as of June 30, 2014 are as follows:

\$8,370,000 2005A Combined Purpose General Obligation bonds, due in annual installments of \$440,000 to \$450,000 beginning June 1, 2007 through June 1, 2025 at interest rates ranging from 3.5% to 4.5% (for various street improvements and new fire station)	\$ 4,850,000
\$7,300,000 2007A Combined Purpose General Obligation bonds, due in annual installments of \$380,000 to \$460,000 beginning June 1, 2009 through June 1, 2027 at interest rates ranging from 3.8% to 4.25% (for various street improvements)	5,020,000
\$5,210,000 2008A Combined Purpose General Obligation bonds, due in annual installments of \$575,000 to \$610,000 beginning June 1, 2010 through December 1, 2018 at interest rates ranging from 3.375% to 4.25% (for various street improvements)	2,910,000
\$6,250,000 2010 General Obligation bonds, due in annual installments of \$1,560,000 to \$1,570,000 beginning March 1, 2012 through September 1, 2015 at interest rates ranging from 1.00% to 1.50% (for citywide pavement reconstruction and outdoor warning sirens)	3,130,000
\$15,000,000 2012B General Obligation bonds, due in annual installments of \$3,750,000 beginning March 1, 2014 through March 1, 2017 at interest rates ranging from .50% to 2.00% (for citywide pavement reconstruction)	11,250,000
\$3,035,000 2012C General Obligation bonds, due in annual installments of \$750,000 to \$785,000 beginning March 1, 2014 through March 1, 2017 at interest rates ranging from 1.00% to 2.00% (for construction of Animal Shelter)	2,285,000
\$20,050,000 2012D General Obligation bonds, due in annual installments of \$1,055,000 to \$1,060,000 beginning December 1, 2014 through December 1, 2032 at interest rates ranging from 2.5% to 3.0% (for various street reconstruction projects)	<u>20,050,000</u>
Total general obligation bonds	<u>\$ 49,495,000</u>

Annual debt service requirements to maturity for general obligation bonds are as follows:

Fiscal Year	Principal	Interest	Total
2015	\$ 8,510,000	\$ 1,183,784	\$ 9,693,784
2016	8,520,000	1,064,236	9,584,236
2017	6,985,000	890,969	7,875,969
2018	2,450,000	725,226	3,175,226
2019	2,485,000	647,264	3,132,264
2020 – 2024	9,375,000	2,337,706	11,712,706
2024 – 2029	6,945,000	1,028,303	7,973,303
2030 – 2033	<u>4,225,000</u>	<u>245,153</u>	<u>4,470,153</u>
Total	<u>\$ 49,495,000</u>	<u>\$ 8,122,641</u>	<u>\$ 57,617,641</u>

- b. *Revenue Bonds* - Revenue Bonds outstanding consist of debt issued by the NUA. The bonds are not indebtedness of the State of Oklahoma or of the City, but are obligations payable solely from resources of the NUA.

The revenue bonds outstanding as of June 30, 2014 are as follows:

\$2,315,000 Norman Municipal Authority, Recreation Facilities Revenue Bonds, Series 2002, due in annual installments of \$75,000 to \$195,000 from June 1, 2004 through June 1, 2022 at interest rates ranging from 3.5% to 6.125%	\$ 1,265,000
\$7,740,000 Norman Utilities Authority, Utility Revenue Bonds, Refunding Series 2003, due in annual installments of \$150,000 to \$815,000 from November 1, 2004 to November 1, 2016, at interest rates ranging from 2.25% to 4.00%	2,280,000
\$4,780,000 Norman Utilities Authority, Utility Revenue Bonds, Refunding Series 2005, due in annual installments of \$220,000 to \$400,000 from November 1, 2006 to November 1, 2019, at interest rates ranging from 3.25% to 4.00%	1,715,000
\$20,700,000 Norman Utilities Authority, Utility Revenue Bonds Series 2006, due in annual installments of \$680,000 to \$1,485,000 from November 1, 2007 to June 30, 2027, at interest rates ranging from 3.875% to 5.00%	<u>15,295,000</u>
Total revenue bonds	<u>\$ 20,555,000</u>

Annual debt service requirements to maturity for revenue bonds are as follows:

Fiscal Year	Principal	Interest	Total
2015	\$ 2,115,000	\$ 821,678	\$ 2,936,678
2016	2,250,000	734,823	2,984,823
2017	2,160,000	645,743	2,805,743
2018	1,400,000	567,206	1,967,206
2019	1,470,000	496,488	1,966,488
2020 – 2024	6,880,000	1,554,297	8,434,297
2025 – 2027	<u>4,280,000</u>	<u>261,400</u>	<u>4,541,400</u>
Total	<u>\$ 20,555,000</u>	<u>\$ 5,081,635</u>	<u>\$ 25,636,635</u>

The Utility Revenue Bonds Series 2003 (\$7,740,000), Utility Revenue Bonds Series 2005 (\$4,780,000) and Utility Revenue Bonds Series 2006 (20,700,000) are collateralized by the leasehold interest in the water and sanitary sewer systems which are leased by the City to NUA and a pledge of the gross revenues of the systems, as defined in the bond indentures. Proceeds from the Series 2003 were used to advance refund a previous sewer revenue bond. Proceeds from the Series 2005 were used to refund a previous sewer revenue bond issue and advance refund a general obligation bond. Proceeds from the Series 2006 were used to complete construction improvements to the water system. The bonds are payable solely from sewer and water customer net revenues, respectively, and are payable through 2016, 2019 and 2027, respectively. Annual principal and interest payments on the sewer and water bonds are expected to require less than 25 and 38 percent of net revenues, respectively. The total principal and interest remaining to be paid on the bonds is \$2,420,343, \$1,890,696 and \$19,690,909, respectively. Principal and interest paid for the current year was \$761,265, \$461,573 and \$1,517,331, respectively. Total sewer and water customer net revenues were \$13,906,530 and \$15,089,962, respectively, for the current year.

The Municipal Revenue Bonds Series 2002 (\$2,315,000) are collateralized by the revenues from the operation of the Westwood facility and room tax revenue collected by the City as defined in the bond indenture. Proceeds were used to complete capital project improvements to the golf course property. As stated above, the bonds are payable solely from Westwood facility operations and room tax collections and are payable through 2022. Annual principal and interest payments on the bonds are expected to require less than 29 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$1,634,685. Principal and interest paid for the current year was \$202,884. Total Westwood net revenues and room tax collections were \$1,506,981 for the current year.

Certain of the bonds may be called for redemption prior to maturity at the option of NUA in accordance with the redemption terms stated in the bond indentures.

d. *Notes Payable* - Notes payable as of June 30, 2014 are as follows:

Contract payable with the Central Oklahoma Master Conservancy District (“District”), 1974 repayment contract for reimbursement costs of construction of water storage, distribution and pumping facilities to furnish a municipal water supply to cities and towns within the District, secured by a second lien on the net revenues of the authority’s water system. Annual principal and interest payments ranging from \$98,086 to \$194,605 with an annual interest rate of 2.74%.	\$ 552,117
\$2,720,000 State Revolving Fund (“SRF”) loan payable to the Oklahoma Water Resources Board (“OWRB”) due in semi-annual installments ranging from \$24,820 to \$75,980 beginning December 15, 1995 through August 15, 2015. The loan has a 0% interest rate, plus an administrative fee of 0.5% per annum.	207,489
\$4,850,000 Clean Water SRF loan payable to the OWRB due in semi-annual installments ranging from \$124,677 to \$136,239 beginning September 15, 2000 through September 15, 2019. The loan has a 0% interest rate plus an administrative fee of 0.5% per annum.	1,367,949
\$3,590,000 sanitation system loan payable to various holders due in semi-annual installments ranging from \$95,000 to \$155,000 beginning October 1, 2010 through October 1, 2024. The loan has a 3.45% interest rate.	2,775,000
\$14,215,000 Norman Tax Increment Finance Authority Tax Increment Revenue Note, Taxable Series 2013, due in annual payments ranging from \$750,000 to \$2,790,000 beginning September 1, 2014 through September 1, 2023. The loan has a 3.81% interest rate.	14,215,000
\$5,640,000 Clean Water SRF loan payable to the OWRB due in annual installments of \$405,264 beginning when construction is complete and ending 20 years after. The loan has a 2.91% interest rate.	4,751,429
\$12,000,000 Drinking Water SRF loan payable to the OWRB due in annual installments ranging from \$440,656 to 771,882 beginning March 15, 2012 and ending 20 years after. The loan has a 3.28% interest rate.	10,149,248
\$750,000 Norman Municipal Authority loan payable to First American Bank in annual installments of \$600,000 to \$7,064 beginning August 15, 2012 through July 15, 2014 at 2.89%.	6,838

\$1,620,000 sanitation system loan payable to various holders due in semi-annual installments ranging from \$30,000 to \$165,000 beginning October 1, 2013 through October 1, 2018. The loan has a 1.1455% interest rate. 1,440,000

\$140,387 Norman Municipal Authority loan payable to Republic Bank in annual installments beginning January 1, 2014 through November 1, 2022. The loan has a 0% interest rate. 134,239

\$8,250,000 Norman Tax Increment Finance Authority Norman University North Park Project Plan Revenue Note, Series 2011, due in annual installments beginning July 1, 2012 through June 30, 2031, at interest rates not to exceed 8%. As of June 30, 2014, no advances have been drawn. -

Total notes payable \$ 35,599,309

Annual debt service requirements to maturity for notes payable are as follows:

Fiscal Year	Principal	Interest	Total
2015	\$ 2,950,545	\$ 1,186,703	\$ 4,137,248
2016	2,963,118	1,115,236	4,078,354
2017	2,989,631	1,038,852	4,028,483
2018	2,992,728	958,842	3,951,570

2030 – 2033	4,023,225	108,320	4,131,545
Less unfund note	<u>(8,250,000)</u>	<u>-</u>	<u>(8,250,000)</u>
Total	<u>\$ 35,599,309</u>	<u>\$ 9,020,593</u>	<u>\$ 44,619,902</u>

e. *Capital Leases Payable* – Capital leases payable as of June 30, 2014 are as follows:

\$746,399 capital lease payable in annual installments of \$264,963 beginning December 1, 2013 through December 1, 2015. The capital lease has a 6.643% interest rate. \$ 491,436

The City entered into a lease agreement as lessee for financing the acquisition of a new phone system. The assets acquired (machinery and equipment) totaled \$794,889. As of June 30, 2014 accumulated depreciation totaled \$0 on the phone system.

Annual debt service requirements to maturity for capital leases payable are as follows:

Fiscal Year	Principal	Interest	Total
2015	\$ 232,981	\$ 31,982	\$ 264,963
2016	<u>258,455</u>	<u>16,508</u>	<u>274,963</u>
Total	<u>\$ 491,436</u>	<u>\$ 48,490</u>	<u>\$ 539,926</u>

- f. *Applicability of Federal Arbitrage Regulations* – Debt issuances of the City and Authorities issued after the Tax Reform Act of 1986 are subject to the federal arbitrage regulations. The arbitrage rebate regulations require that all earnings from the investment of gross proceeds of a bond issue in excess of the amount that could have been earned had the yield on the investment been equal to the yield on the bonds be remitted to the federal government. These carry strict penalties for noncompliance including taxability of interest retroactive to the date of the issue. The City’s management believes the City is in compliance with these rules and regulations.

Changes in Long-term Liabilities – Long-term liability activity for the year ended June 30, 2014, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
Bonds payable:					
General obligation bonds	\$ 58,620,000	\$ -	\$ (9,125,000)	\$ 49,495,000	\$ 8,510,000
Issuance premium/(discount)	<u>170,318</u>	<u>-</u>	<u>(8,516)</u>	<u>161,802</u>	<u>-</u>
Total bonds payable	58,790,318	-	(9,133,516)	49,656,802	8,510,000
Notes payable	13,965,481	14,215,000	(13,824,404)	14,356,077	1,159,419
Capital leases	-	756,399	(264,963)	491,436	232,981
Liability for incurred claims	6,200,000	12,134,605	(12,134,483)	6,200,122	1,500,000
Net OPEB obligation	8,059,728	436,931	(313,189)	8,183,470	-
Compensated absences	<u>7,079,293</u>	<u>5,079,145</u>	<u>(5,005,593)</u>	<u>7,152,845</u>	<u>608,720</u>
Government activity long-term liabilities	<u>\$ 94,094,820</u>	<u>\$ 32,622,080</u>	<u>\$ (40,676,148)</u>	<u>\$ 86,040,752</u>	<u>\$ 12,011,120</u>
Business-type activities:					
Bonds payable:					
Revenue bonds	\$ 22,595,000	\$ -	\$ (2,040,000)	\$ 20,555,000	\$ 2,115,000
Less deferred amounts:					
For issuance premium and (discount)	<u>36,825</u>	<u>1,361</u>	<u>-</u>	<u>38,186</u>	<u>-</u>
Total bonds payable	22,631,825	1,361	(2,040,000)	20,593,186	2,115,000
Notes payable	22,867,759	-	(1,624,527)	21,243,232	1,791,124
Compensated absences	<u>1,225,307</u>	<u>903,061</u>	<u>(981,242)</u>	<u>1,147,126</u>	<u>33,574</u>
Business-type activity long-term liabilities	<u>\$ 46,724,891</u>	<u>\$ 904,422</u>	<u>\$ (4,645,769)</u>	<u>\$ 42,983,544</u>	<u>\$ 3,939,698</u>

For governmental activities, liability for incurred claims, compensated absences and net OPEB obligation are generally liquidated by the General Fund.

5. FUND BALANCE

Effective July 1, 2010, the City implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." The following table shows the fund balance classifications as shown on the governmental funds balance sheet in accordance with GASB No. 54 as of June 30, 2014:

	General	Public Safety Sales Tax	Debt Service	Capital Projects	Other Governmental Funds	Total Governmental Funds
FUND BALANCES						
Nonspendable:						
Inventory	\$ 47,131	\$ -	\$ -	\$ -	\$ -	\$ 47,131
Restricted:						
Debt service reserve	-	-	8,967,019	-	-	8,967,019
Arts and humanities	-	-	-	-	127,246	127,246
Convention and tourism	-	-	-	-	254,875	254,875
Grant activities	-	-	-	-	1,920,879	1,920,879
Bond capital projects	-	-	-	25,136,474	-	25,136,474
Other capital projects	-	-	-	37,760,095	1,518,010	39,278,105
Seizures	-	-	-	-	819,860	819,860
CLEET	-	-	-	-	28,943	28,943
Public safety	-	9,795,435	-	-	-	9,795,435
Committed:						
Economic stabilization	2,554,596	-	-	-	-	2,554,596
Assigned:						
Other capital projects	-	-	-	1,461,102	-	1,461,102
Grant activities	-	-	-	-	373,529	373,529
Orders on purchase	2,152,746	-	-	-	-	2,152,746
Unassigned:	<u>8,384,756</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>8,384,756</u>
Total fund balances	<u>\$13,139,229</u>	<u>\$ 9,795,435</u>	<u>\$ 8,967,019</u>	<u>\$ 64,357,671</u>	<u>\$ 5,043,342</u>	<u>\$ 101,302,696</u>

On June 28, 2011, the City adopted ordinance O-1011-58 changing the City's reserve policy. The ordinance establishes that the General Fund will have an unappropriated reserve of at least three percent (3%) of annually budgeted expenditures, in addition to an appropriated emergency reserve of two percent (2%) of annually budgeted expenditures. In addition, the ordinance establishes the Net Revenue Stabilization Fund (i.e., "Rainy Day Fund") which has a targeted balance of not less than three percent (3%) but not more than six percent (6%) of annually budgeted General Fund expenditures. Further, expenditures of the reserved amounts may occur only when specific circumstances exist. As of June 30, 2014 the Rainy Day Fund had a balance of \$2,554,596.

6. RISK MANAGEMENT

The City is self-insured against the following risks:

- Employee health claims to a maximum liability of \$195,000 per employee per year.
- Workers compensation claims.
- Unemployment benefits.
- General liability and property damage, except for buildings and contents and employee surety bonds for which the City has purchased commercial insurance.

Employee health claims in excess of the \$195,000 limit are covered by insurance. The City’s unpaid claims liability of \$6,200,122 reported at June 30, 2014 is based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. However, events could occur that would cause the estimate for unpaid claims liability to differ materially in the near term. The claims liability for health claims incurred but not reported is estimated by management using a three-month claims lag analysis. These amounts are recorded as a current liability within both the government-wide and governmental fund financial statements. The claims liability for workers compensation claims and judgments is estimated using legal counsel’s opinion of probable outcome of litigation plus an estimate of claims experience for incurred but unreported claims. These amounts are recorded as long-term liabilities within the government-wide financial statements. A liability for these amounts are recorded in governmental funds when they become due and payable. As of June 30, 2014, no liability has been recognized in the governmental fund financial statements. There are no allocated or unallocated claim adjustment expenditures/expenses included in the liability for unpaid claims.

At June 30, 2014, the City maintained commercial insurance coverage for building and contents and employee theft. In the past three years, the City has had no losses that exceeded commercial insurance coverage. Changes in the reported liability are as follows:

	Balance at Beginning of Year	Current Year Claims and Changes in Estimates	Claim Payments	Balance at End of Year	Due Within One Year
Fiscal year 2013	\$ 5,000,000	\$ 16,054,855	\$ (14,854,855)	\$ 6,200,000	\$ 1,500,000
Fiscal year 2014	\$ 6,200,000	\$ 12,134,605	\$ (12,134,483)	\$ 6,200,122	\$ 1,500,000

7. SEGMENT INFORMATION

The City operates various segments within its enterprise funds. Condensed financial statement information for these segments for the year ended June 30, 2014 was as follows:

	Norman Municipal Authority		
	Westwood Park	Sanitation Services	Total
Current assets:

8. COMMITMENTS AND CONTINGENCIES

Litigation - The City is party to various legal proceedings which normally occur in governmental operations. Management and management's counsel do not believe these legal proceedings will have a material adverse impact on the affected funds of the City. However, events could occur in the near term that would cause these estimates to change materially. Resulting judgments will be paid from ad valorem taxes to be received over a three-year period. At June 30, 2014, the City maintained a litigation reserve, including judgments that have been awarded but not yet paid, of approximately \$1,000,000.

Federal Grants - In the normal course of operations, the City receives grant funds from various federal agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to insure compliance with conditions precedent to the granting of funds. Management does not believe any liability for reimbursement which may arise as the result of these audits will be material.

Lease Commitments - The City has entered into a number of operating leases, all of which contain cancellation provisions that are subject to annual appropriations by the City Council. For the year ended June 30, 2014, rent expenditures approximated \$498,000 for all operating leases. These expenditures were made primarily from the General Fund.

Water Revenues - The City entered into a contract with the Central Oklahoma Master Conservancy District (the "District") in 1961 (subsequently modified in 1963) for the purchase of water and operation of water facilities. In general, the contract provides for reimbursing the District for costs of providing the City with water from Lake Thunderbird. The contract is effective for a term of fifty years beginning with the first calendar year during which water was used by the City (1965). During the year ended June 30, 2014, the City paid the District \$1,262,575.

Construction In Progress - Construction in progress is authorized by actions of the City Council (governing body). A summary of construction in progress as of June 30, 2014 is as follows:

	Total Construction In Progress	Total Project	Remaining To Complete
General Government	\$ 53,258,104	\$ 121,129,665	\$ 67,871,561
Norman Municipal Authority:			
Sanitation	13,661	258,750	245,089
Norman Utilities Authority:			
Water Fund	13,606,609	29,405,102	15,798,493
Wastewater Fund	<u>19,434,916</u>	<u>67,049,673</u>	<u>47,614,757</u>
	<u>\$ 86,313,290</u>	<u>\$ 217,843,190</u>	<u>\$ 131,529,900</u>

The City also contributes to certain State and Federal aid projects which are administered by the State of Oklahoma Department of Highway. The City is billed by the Highway Department for these projects at various stages of completion, subject to Federal audits of the project costs.

Encumbrances – As discussed in note three above, budgetary information, budgetary basis of accounting, encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At June 30, 2014 the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

General fund	\$ 2,152,746
Public safety sales tax fund	2,497,543
Capital projects fund	13,533,498
Nonmajor governmental funds	135,204
Total	<u>\$ 18,318,991</u>

9. RECENTLY ISSUED ACCOUNTING STANDARDS

The following accounting standards have been recently issued and will be adopted as applicable by the City in future years.

GASB Statement No. 68 – *Financial Reporting for Pension Plans – An Amendment of GASB Statement No. 25*. This statement establishes standards of accounting and financial reporting for defined pension benefit pensions and defined contribution pensions provided to the employees of state and local governmental employers that are administered through trusts or equivalent arrangements. GASB 68 amends GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*. The provisions of GASB 68 are effective for periods beginning after June 15, 2014, and would be applied on a prospective basis. The City has not yet determined the full potential impact this statement could have on its financial statements but it is anticipated to be significant.

GASB Statement No. 69 – *Government Combinations and Disposals of Government Operations*. This statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations. The term, "government combinations," includes a variety of transactions referred to as mergers, acquisitions, and transfers of operations. This standard is effective for government combinations and disposals of government operations occurring in financial reporting periods beginning after December 15, 2013, and should be applied on a prospective basis. Earlier application is encouraged. The City has not yet determined the potential impact, if any; this statement could have on its financial statements.

GASB Statement No. 71 – *Pension Transition for Contributions Made Subsequent to the Measurement Date an Amendment of GASB Statement No. 68*. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, *Accounting and Financial Report for Pensions*. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of simultaneously with the provisions of Statement 68.

**STATISTICAL
SECTION**

STATISTICAL SECTION

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents	Page
Financial Trends	97-102
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	103-105
These schedules contain information to help the reader assess the City's most significant local revenue source, the sales tax.	
Debt Capacity	106-110
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
Demographic and Economic Information	111-112
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	
Operating Information	113-115
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Subtotal, overlapping debt	173,465		81,630
City of Norman direct debt			<u>64,013</u>
Total direct and overlapping debt			<u>\$ 145,643</u>

Sources: Assessed value data used to estimate applicable percentages and debt outstanding provided by the Cleveland County Assessor.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and business of the City of Norman. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

¹ The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the City's boundaries and dividing it by the county's total taxable assessed value.

¹ Article X, Section 26 of the Oklahoma Constitution states that bonds issued for road and/or bridge improvements cannot exceed ten percent (10%) of the net assessed valuation (gross valuation minus homestead) of the City.

² Article X, Section 27 of the Oklahoma Constitution authorizes cities and towns to issue bonds for utilities. The courts have defined utilities broadly as anything used by the public. If the City's debt exceeds 30% of its net assessed valuation, the City can still sell its general obligation bonds; however, due to collateralization requirements, it may be difficult to attract Oklahoma banks to bid on the bonds and therefore affect the marketability of the bonds.
