COMPREHENSIVE ANNUAL FINANCIAL REPORT

THE CITY OF NORMAN, OKLAHOMA
FISCAL YEAR ENDING JUNE 30, 2019

ON THE COVER: On October 13, 2015 the voters of Norman approved a one-half percent (1/2%), fifteen-year sales tax increase to fund quality of life improvement projects throughout Norman. The NORMAN FORWARD citizen initiative passed with over a 75% approval rate and is funding projects long anticipated in the City's *Parks and Recreation Master Plan*, *Library Master Plan* and *Transportation Master Plan*. Over \$195 million in capital projects are envisioned to be built through the NORMAN FORWARD program.

The largest NORMAN FORWARD project (budgeted at \$39 million) is the construction of a new Central Branch Library. The new downtown Library has been envisioned for over a decade, and opened in November, 2019. The Library building spans over 80,000 square feet of space and will feature over one million volumes, dedicated personal computer workspaces, a bookstore and coffee shop, multiple public meeting rooms of varying sizes, large children's areas, genealogy research spaces, a local history area, a large third-story reading room, and much more. The construction of the new Norman Public Library Central was funded through Sales Tax Revenue Notes, placed through the Norman Municipal Authority.

The Norman Public Library Central building is accented by the largest public art installation in Norman's history. "Unbound", by artist Paul Cocksedge of London, England, is a suspended, 45-foot tall sculpture around a wire frame holding together 262 pieces of bright anodized aluminum rolled into paper-like sheets that appear to be elevated by the invisible wind. The art makes a visibly striking connection between the Oklahoma environment and the Library building. "This piece connects with paper as an invention that changed the course of human history...paying homage to the millions of pieces of paper in the Library, but also emphasizing our changing relationship with them." (Paul Cocksedge)

December 6, 2019

Citizens of the City of Norman, Oklahoma
Honorable Mayor and City Council

State law requires that every general-purpose local government publish, within six months of the close of each fiscal year, a complete set of audited financial statements. This Comprehensive Annual Financial Report (CAFR) is published to fulfill that requirement for the fiscal year ended June 30, 2019.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed the anticipated benefits of providing the control, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

BKD, LLP has issued an unmodified (“clean”) opinion on the City of Norman (“City”) financial statements for the year ended June 30, 2019. The independent auditors’ report is located at the front of the financial section of this report.

Management’s Discussion and Analysis (“MD&A”) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this Letter of Transmittal and should be read in conjunction with it. We are pleased to report that the financial position of the City of Norman and its component units is strong.

Profile of the Government

An elected Mayor and eight-member City Council govern the City of Norman. Daily operations of the City are administered by a City Manager appointed by majority vote of the City Council.

The Basic Financial Statements of the City include all governmental and business-type activities, organizations and functions, including those legally separate organizations for which the City is financially accountable as defined by the Governmental Accounting Standards Board (“GASB”). Some of these separate legal entities include the Norman Utilities Authority, the Norman Tax Increment Finance Authority and the Norman Municipal Authority.

The City provides a full range of municipal government services to over 123,000 residents and numerous visitors annually. Municipal services provided include: traffic control; water production and distribution; stormwater management and flood control; wastewater collection and treatment (water reclamation); solid waste collection and disposal; emergency response services; city code enforcement; crime prevention, enforcement and adjudication; construction and maintenance of streets and bridges; maintenance of park land; and public recreational facilities.

The City does not operate hospitals, schools, or public transportation systems (as of June 30, 2019). Special districts and governmental entities with independent authority administer the public hospital, public schools and the university within the City. The City contributes to a city-wide public transportation system operated by the University of Oklahoma and provides School Resource Police Officers through a cost-sharing agreement with the Norman Public Schools. By mutual agreement with the University of Oklahoma, the City of Norman will take over operation of the public transportation system in Norman on July 1, 2019.

The Council is required to adopt a final budget by no later than ten days before the close of the fiscal year. This annual budget serves as the foundation for the City's financial planning and control. The budget is prepared by fund, department and category (e.g., salary and benefits). Department managers may transfer resources within their department as they see fit. Transfers between departments, however, need special approval from the City Manager. City Council approval is needed for transfers between funds or between capital projects.

Local Economy; Relevant Financial Policies

The City of Norman is located near the geographic center of Oklahoma and is within the Oklahoma City metropolitan area. Norman's high quality of life is sought by people of all ages and walks of life, and is demonstrated by population growth in recent years. The University of Oklahoma, National Severe Storms Laboratory and National Weather Service, Hitachi Computer Products, U.S. Postal Service Technical Center, Immuno Mycologies Incorporated, SYSCO Food Services, Avara Pharmaceutical Technologies, and Johnson Controls Unitary Products Group are some of the leading institutions and businesses located in Norman. Several of these businesses have recently expanded, helping to sustain the health of the local economy for years to come.

One of the best indicators of the economic condition of the City is the evaluation of trends in some key factors. Sales and use taxes and franchise fees collectively represent 70% of the City's total General Fund revenue. Sales tax receipts increase in proportion to the level of retail sales and therefore provide a good indication of the economic condition of the community. Overall, sales tax collections increased 1.76% from FYE 2018 levels. Collections from the City's franchise fees (charges to private electric, natural gas and cable companies to operate within the City's rights-of-way) decreased 6.6% from FYE 2018 levels. The volatility in sales tax and use tax collection patterns is depicted in the charts below:

General Purpose Sales + Use Tax 10-Year History

Historic Sales Tax Trends In Percentage Change From Prior Year

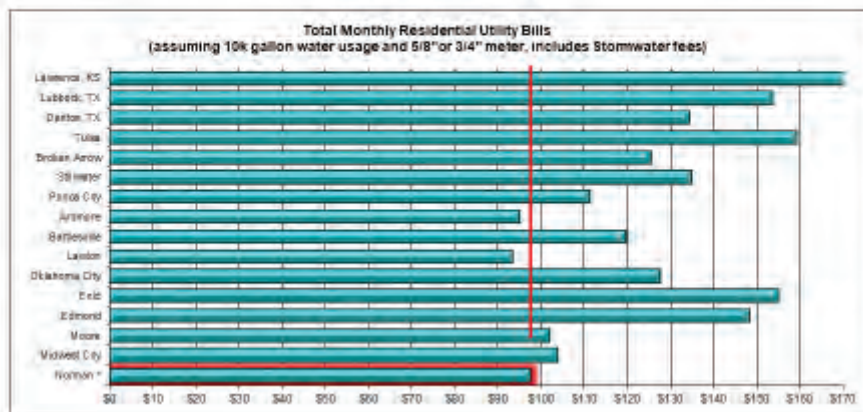

Since sales and use taxes and building permit revenues are a primary source of the City’s general governmental revenue, are by nature volatile, and because Norman is subject to extreme weather conditions which can necessitate significant unexpected expenditures during the course of the budget year, the City must budget conservatively and maintain sufficient fund balances to absorb any shortfalls that may occur. As a result, prudent reserve policies have been codified in a Net Revenue Stabilization (“Rainy Day”) Fund Ordinance. The Ordinance requires a budgetary fund balance of at least three percent (3%) of budgeted expenditures in the General Fund; a General Fund “Emergency Reserve” appropriation of 1%; and a minimum of 4% of General Fund expenditures to be maintained in a separate “Rainy Day” Fund (a minimum total of 8 percent of General Fund expenditures are mandated to be held in reserve fund balances or appropriations). The Ordinance sets a Targeted Rainy Day Fund balance of 5% of General Fund expenditures (the total Targeted Reserve Fund Balance is 9% of General Fund expenditures).

Fund balance in the Net Revenue Stabilization Fund can only be appropriated for expenditure in case of federally-declared disasters or extraordinary capital expense requirements in the General Fund, or if the General Fund balance falls below one percent. The Ordinance requires that the Net Revenue Stabilization Fund balance be built or rebuilt to its minimum level within three years of the establishment of the Fund, or within three years of any expenditure of Rainy Day Fund balances. The City of Norman’s Rainy Day Fund is being maintained at its Targeted level as of June 30, 2019.

The City also targets a fund balance level in other operating funds of at least eight percent (8%) of budgeted expenditures to protect citizen/customer service delivery from unexpected revenue shortfalls or cost overruns. The City also seeks to set utility rates within utility enterprise funds at a level to meet average net income and reserve requirements over a five-year period without the need for interim adjustments. The City’s unique Charter requirement that utility rate increases must be approved by a majority vote of the people of Norman makes this policy more difficult to achieve. The voters of Norman have not approved a water rate increase since 2015; wastewater, since 2013; and sanitation, since 2011. Norman is also one of the few cities of its size that does not have stormwater utility fee to pay for the costs of federally-mandated pollutant discharge programs. Norman’s all-in utility rates are among the lowest in the region:

Total Utility Rates (as of 5/2019)

Long-term Financial Planning

The City provides very competitive employee benefit packages, particularly for health insurance and retirement (information on employee benefits is given in the Notes to Financial Statements Section). Much of the City's long-term financial planning efforts in the general governmental service areas relate to controlling the rate of growth in these employee costs. The City continues to provide adequate service levels, but the ability to maintain these service levels without new revenue sources to support increased staffing will become doubtful. The Council continues to consider alternative revenue sources.

The financial status of the City's utility enterprise funds is driven by major capital expenditures. The Council, acting as Trustees of the Norman Utilities Authority, has approved major expansion and improvements to the Norman Water Treatment Plant and expansion of the City's groundwater supplies. These major water facility improvements are the first major phases of the program laid out in the NUA's *Strategic Water Supply Plan*, which was approved in 2014.

Major Initiatives

The citizens of Norman approved an earmarked, temporary (15-year term) sales tax of one-half percent (1/2%) to fund major quality of life improvements in October, 2015; the NORMAN FORWARD initiative. The City's Norman Municipal Authority issued Tax Revenue Notes to finance the major facilities included in the Norman Forward program, and major facilities have been completed or are under construction, including the new Westwood Family Aquatic Center and expanded Westwood Tennis Center facilities; the new Norman Public Library (depicted below and on the cover of this CAFR), Central and East Branches; the Griffin Park Soccer Complex; and community and neighborhood park improvement city-wide. Future projects that are in architectural design phases include the reconstructed Reaves Park Youth Softball/Baseball Complex; a new Adult Football/Softball Complex; extension of James Garner Boulevard; construction of a new Indoor Aquatics Complex and Indoor Multi-Sport Facility to be located in the University North Park hotel and retail development; a new Reaves Park Senior Citizen's Center; and supporting traffic and roadway improvements.

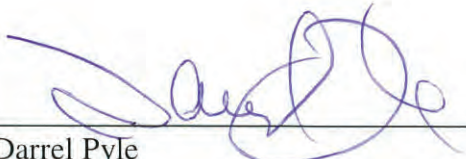

Awards and Acknowledgements

The Government Finance Officers Association (“GFOA”) awarded a *Certificate of Achievement* for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report (“CAFR”) for the fiscal year ended June 30, 2018. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we will submit it to the GFOA to determine its eligibility for certification.

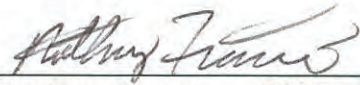

Preparation of a CAFR is a complex task and one that requires considerable expertise and experience. More important, the ongoing maintenance and reporting of the City’s financial condition at the level to which Norman has been accustomed requires professionalism and dedication far beyond what could be expected from a paycheck. The City is fortunate to have a very talented accounting staff willing to undertake these magnanimous efforts year after year. It is our pleasure to express sincere thanks to the accounting staff of the City. Chief Accountant Clint Mercer, CPA, CPFO, and Municipal Accountant Debbie Whitaker deserve particular recognition for their efforts in preparing representative financial statements. We would also like to thank BKD, LLP, independent auditors of the City, for their guidance and technical assistance.

Finally, we would like to express our gratitude and appreciation to the members of the Norman City Council and the Council’s Finance and Audit Committee for your policy guidance which is contained in this document. As the governing body, your commitment to ensure accurate and reliable financial accounting and reporting systems, and to provide adequate staffing levels to ensure them, establishes an environment influencing all other decisions that are made. We are proud to convey the City Council’s commitment to excellence to our citizens and all readers of the FYE 2019 CAFR.

Respectfully submitted,

Darrel Pyle

Independent Auditor's Report

Honorable Mayor and City Council
City of Norman, Oklahoma
Norman, Oklahoma

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Norman, Oklahoma (the City), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison, pension and other postemployment benefit information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The other supplementary information, consisting of combining statements and budgetary comparison schedules and the introductory and statistical sections, as listed in the table of contents, is presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information, as listed in the table of contents, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections, as listed in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Honorable Mayor and City Council
City of Norman, Oklahoma
Page 3

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also have issued our report dated December 6, 2019, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

BKD, LLP

Oklahoma City, Oklahoma
December 6, 2019

Management's Discussion and Analysis

As management of the City of Norman (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-x of this report.

Financial Highlights

- The assets and deferred outflow of resources of the City exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$702,724,178 (net position).
- The City's total net position increased by \$63,265,122.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$171,163,717, a decrease of \$8,267,653 in comparison with the prior year. Approximately 92% or \$157,939,968 was nonspendable, restricted, committed or assigned for specific purposes. Approximately 8% or \$13,223,749 was unassigned at fiscal year end.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$13,223,749 or 18% of total general fund expenditures.
- The City's total debt increased by \$24,043,619 (10.6 percent) during the current fiscal year. Key factors of this change were issuance of City of Norman General Obligation Bonds, Series 2019A and Series 2019B in the amounts of \$10,000,000 and 20,000,000, respectively. Issuance of the Oklahoma Water Resources Board, Series 2018 in the amount of \$12,000,000. The City also drew \$398,418 and \$14,731,069 on the Oklahoma Water Resources Board, Series 2014 loan and Oklahoma Water Resources Board, Series 2018 loan, respectively. Also, the City made its normally scheduled payments.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. A brief description of the basic financial statements follows.

Government-wide financial statements - The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the City's assets, deferred outflow of resources, liabilities and deferred inflow of resources with the difference between the assets plus deferred outflows of resources less liabilities and deferred inflows of resources reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, planning, city controller, parks and recreation, public works, public service and public safety. The business-type activities of the City include the Norman Municipal Authority (the “NMA”), the Norman Utilities Authority (the “NUA”) and the Norman Economic Development Authority (the “NEDA”). The NMA operates Westwood Park and the City’s sanitation services. Westwood Park includes golf, tennis and swimming facilities. The NUA operates the City’s water and wastewater services. The NEDA includes financing and operating economic development activities for the City.

The government-wide financial statements can be found on pages 17-18 of this report.

Fund financial statements - A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds. A brief description of these funds follows.

Governmental funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government’s near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government’s near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains twelve individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, public safety sales tax fund, debt service fund, capital projects fund and NORMAN FORWARD fund, all of which are considered to be major funds. Data from the other seven governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 19-21 of this report.

Proprietary funds – The City maintains two different types of proprietary funds. Enterprise funds report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for NMA and NUA activities, which are both presented as major proprietary funds. The components of these funds are presented in additional detail in the form of combining statements elsewhere in this report. The City uses one other type of proprietary fund, an internal

service fund to account for its retained risks. These services predominantly benefit governmental rather than business-type functions and have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

The basic proprietary fund financial statements can be found on pages 22-24 of this report.

Fiduciary funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 25-16 of this report.

Notes to the financial statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 27-73 of this report.

Other information – In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligation to provide pension and other post-employment benefits to its employees and budgetary comparison schedules for the general fund and public safety sales tax fund. Required supplementary information can be found on pages 74-84 of this report. Also, this report presents certain other supplementary information such as combining financial information for non-major governmental funds, budgetary comparison schedules for non-major governmental funds and combining financial statements for enterprise funds and fiduciary funds. Other supplementary information can be found on pages 85-109 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows by \$702,724,178 at the close of the most recent fiscal year.

	Governmental activities		Business-type activities		Total	
	2019	2018	2019	2018	2019	2018

Total net position	\$ 418,391,168	\$ 365,535,532	\$ 284,333,010	\$ 273,923,524	\$ 702,724,178	\$ 639,459,056

By far the largest portion of the City's net position (79 percent) reflect its investment in capital assets (e.g., land, buildings, machinery and equipment and infrastructure), less any related debt used to acquire those assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (16 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of net position is unrestricted.

There was an increase of \$10.4 million in the net position reported in connection with the City's business-type activities. This increase was due to several factors. See below for more information.

The governmental net position increased by \$52.9 million during the current fiscal year. This increase was due to several factors. See below for more information.

Governmental activities –Governmental activities increased the City’s net position by \$52.9 million. In the prior year, governmental activities increased the City’s net position by \$24.5 million. Key elements of this change are as follows:

- Sales tax revenue within the governmental activities (the City’s primary fund source) increased by \$451,829 or 0.61% over the prior fiscal year. The City and State’s economy has been fairly stable in the last fiscal year as energy prices have been flat.
- Use tax revenue has increased \$2,048,514 or 4.1% over the prior fiscal year. The City continues to benefit from agreements states have made with on-line retailers such as Amazon to pay use tax.

- Capital grants and contributions increased \$20,927,814 or 220.8% from the prior fiscal year. Most of this figure is donated infrastructure (i.e., roads) from both developers and joint projects with the State of Oklahoma. This year a large joint project was finished whereby approximately \$14.7 million was donated to the City.
- Investment earnings increased \$1,612,190 or 101.6% from the prior year. Overall, interest rates were better in the current fiscal year.
- Public safety expenses decreased \$10,677,482 or 19.1% from the prior year. Most of this decrease was due to decreases in police and fire pension costs.

Expenses and Program Revenues – Governmental Activities

Although governmental expenses exceed program revenue, most governmental activities are financed through general revenues such as taxes.

Revenues by Source - Governmental Activities

Business-type activities – Business-type activities increased the City’s net position by \$10.4 million. In the prior year, business-type activities increased the City’s net position by \$13.1 million. Key elements of this change are as follows:

- Capital grants and contributions decreased \$2,693,915 or 51.2% from the prior fiscal year. Most of this figure in both years is donated infrastructure (i.e., water and sewer lines) within developments by private developers. The decrease can be attributed to decreased development activity.
- Investment earnings increased \$2,574,266 or 545.4% from the prior fiscal year. Overall, interest rates were better in the current fiscal year.

- Wastewater expenses increased \$2,000,509 or 13.7% from the prior fiscal year. Most of this increase was due to the completion of several maintenance wastewater projects in the current fiscal year.

Expenses and Program Revenues – Business-type Activities

Revenues by Source – Business-type Activities

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds – The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of a fiscal year.

As of end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$171,163,717, a decrease of \$8,267,653 from the prior year. Approximately 8 percent of this total amount (\$13,223,749) constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is either nonspendable, restricted, committed or assigned to indicate that it is not available for new spending.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$13,223,749 while total fund balance reached \$19,591,735. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 17.8 percent of total General Fund expenditures, while total fund balance represents 26.4 percent of that same amount.

The fund balance of the City's General Fund increased by \$685,899 during the current fiscal year compared to an increase of \$6,109,225 in the previous year. Key factors in the current year change are as follows:

- Sales tax revenues within the General Fund increased \$592,493 or 1.5% from the prior fiscal year.
- Use tax revenues within the General Fund increased \$1,526,377 or 40.2% from the prior fiscal year.
- Transfers in within the General Fund decreased \$4,045,332 or 44.5% from the prior fiscal year. The UNP TIF Fund transferred \$4,275,508 to the General Fund to return over apportioned funds in the prior fiscal year.

The Public Safety Sales Tax Fund has a total fund balance of \$11,857,896 all of which is restricted for public safety activities. The net decrease in fund balance during the current year was (\$12,031,128). A portion of this decrease was due to spending of note proceeds for the Emergency Communications System Project (\$9,648,342) received in prior years.

The Debt Service Fund has a total fund balance of \$2,673,729 all of which is restricted for the payment of debt service. The net decrease in the fund balance during the current year was (\$3,095,427) due to normally scheduled payments.

The Capital Projects Fund has a total fund balance of \$82,941,792. The net increase in fund balance during the current year was \$16,686,281. This net increase was due to the issuance of two new general obligation bonds totaling \$30,000,000 offset by the spending down of general obligation bond monies received in previous years.

The NORMAN FORWARD Fund has a total fund balance of \$45,065,051. The net decrease in fund balance during the current year was (\$9,598,093). This net decrease was due to spending down of previous note monies received in the previous year.

Proprietary funds – The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the NMA and NUA funds were \$14,356,701 and \$48,797,503 respectively. The total growth in net position for these funds was \$2,216,628 and \$8,192,858, respectively. Other factors concerning the finances of these two funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

During the year there was a \$1,681,733 increase in appropriations between the original and final amended budget. Following are the main components of the increase:

- \$303,657 in increases to the general government budget. Legal Administration received \$504,474 in increases with \$395,920 relating to termination payouts. Also, the City Manager's Office received \$100,994 in increases with the most significant being \$118,387 in temporary salary and benefit amounts.
- \$1,315,729 in increases to the public safety budget. Patrol received \$627,173 in increases with \$493,845 relating to overtime. Criminal Investigations received \$234,309 in increases with \$127,780 relating to full-time salary costs.

The City has an adopted reserve policy established by ordinance. The ordinance establishes that the General Fund will have an unappropriated reserve of at least three percent (3%) of annually budgeted expenditures, in addition to an appropriated emergency reserve of one percent (1%) of annually budgeted expenditures. In addition, the ordinance establishes the Net Revenue Stabilization Fund (i.e., "Rainy Day Fund") which has a targeted balance of not less than four percent (4%) but not more than seven percent (7%) of annually budgeted General Fund expenditures. As of June 30, 2019 the Rainy Day Fund had a balance of \$3,794,419 which represents 5.11% of General Fund expenditures.

The net difference between the General Fund amended budget and actual amounts received/expended can be briefly summarized as follows:

- General Fund revenues were below expectations by \$400,722.
 - Sales taxes were above expectations by \$1,077,007.
 - Use taxes were above expectations by \$1,277,438.
 - Franchise fees were below expectations by \$858,683, mainly within the electric and basic cable franchises.
 - Fines and forfeitures were below expectations by \$947,616, the most significant being within the bad debt category due to writing off uncollectible court receivables.
- General Fund expenditures and encumbrances were below expectations by \$6,963,260.
 - City Council expenditures were \$1,455,901 below expectation due to lack of expense of all the 1% reserve.
 - Information Technology expenditures were \$170,332 below expectation due to savings within computer hardware.
 - Street Maintenance expenditures were \$502,952 below expectation due to payment of prior year encumbrances in the current year that were expensed in prior years as encumbrances.
 - Traffic Control expenditures were \$612,012 below expectations due to payment of prior year encumbrances in the current year that were expensed in prior years as encumbrances.
 - Fire Suppression expenditures were \$927,575 below expectations due to savings within salary and benefits.
- Net General Fund transfers were \$358,111 less than expected. The Capital Fund transferred \$3,237,829 to the General Fund to cover purchases of capital outlay; this was less than expected.

The City closed the year with a fund balance that was higher than what was budgeted by \$6,204,427.

Capital Asset and Debt Administration

Capital assets – The City's gross investment in capital assets for its governmental and business-type activities as of June 30, 2019, amounted to \$751,554,838 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, roads, highways and bridges. The total increase in the City's investment in capital assets for the current fiscal

year was 9.3% (14.1% increase for governmental activities and a 2.1% increase for business-type activities).

As of June 30

	Governmental activities		Business-type activities		Total

Less: Accumulated depreciation	(435,850,488)	(417,763,385)	(183,136,334)	(173,354,537)	(618,986,822)	(591,117,922)
Total	\$ 466,115,901	\$ 408,359,667	\$ 285,438,937	\$ 279,449,106	\$ 751,554,838	\$ 687,808,773

Major capital asset events during the current fiscal year included the following:

- Completion of a significant expansion project at the Water Reclamation Facility at a cost of \$60,126,109.
- The Lindsey Street expansion project was completed at a cost of \$28,059,203.
- The new East Branch Library was completed at a cost of \$4,786,483.
- A variety of Norman Forward construction projects were underway; construction in progress related to Norman Forward projects as of the end of the current fiscal year had reached \$35,313,452.
- A variety of street and roadway construction projects were underway; governmental construction in progress as of the end of the current fiscal year had reached \$16,837,529.
- A variety of water and sewer projects were underway; NUA construction in progress as of the end of the current fiscal year was \$39,176,085.

Additional information on the City's capital assets can be found in note 4 on page 43-44 of this report.

Long-term debt – At the end of the current fiscal year, the City had total bonded debt outstanding of \$71,596,190. Of this amount, \$71,033,501 comprises debt backed by the full faith and credit of the government. The remainder of the City's bonded debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds) of \$535,689. The City also had notes payable outstanding of \$178,281,005 at the end of the current fiscal year which were secured by capital assets and specified revenue sources.

**Outstanding Debt
As of June 30**

	Governmental activities		Business-type activities		Total	
	2019	2018	2019	2018	2019	2018

Capital leases	-	413,971	-	-	-	413,971
Notes payable	92,065,000	107,790,000	86,216,005	65,121,753	178,281,005	172,911,753
Total	\$ 163,098,501	\$ 159,992,238	\$ 86,751,694	\$ 65,814,338	\$ 249,850,195	\$ 225,806,576

The City’s total debt increased by \$24,043,619 (10.6 percent) during the current fiscal year. Key factors of this change were issuance of City of Norman General Obligation Bonds, Series 2019A and Series 2019B in the amounts of \$10,000,000 and 20,000,000, respectively. Issuance of the Oklahoma Water Resources Board, Series 2018 in the amount of \$12,000,000. The City also drew \$398,418 and \$14,731,069 on the Oklahoma Water Resources Board, Series 2014 loan and Oklahoma Water Resources Board, Series 2018 loan, respectively. Also, the City made its normally scheduled payments.

The City maintained an “Aa2” rating from Moody’s for those general obligation debt issues that are rated by the service. The NUA maintained an “Aa3” rating from Moody’s for those debt issues that they rate.

Additional information on the City’s long-term debt can be found in note 4 on pages 59-65 of this report.

Economic Factors and Next Year’s Budgets and Rates

- The unemployment rate for the Oklahoma City metropolitan area which includes Norman is currently 3.2 percent. The state’s average unemployment rate was 3.7 percent and the national average rate was 3.2 percent.
- Inflationary trends in the region compare favorably to national indices.
- The City’s major source of revenue is sales and use tax revenue. Sales tax and use tax revenue increased 0.61% and 4.1%, respectively, over the prior year total.

All of these factors were considered in preparing the City’s budget for the 2020 fiscal year.

Requests for Information

This financial report is designed to provide a general overview of the City’s finances for all those with an interest in the government’s finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, 201 West Gray, Building C, Norman, Oklahoma, 73069.

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

466,115,901

The net pension asset is not an available resource and, therefore, is not reported in the funds.

2,001,892

Internal service funds are used by management to charge the costs of risk management activities to individual funds. The

assets, deferred outflow of resources, liabilities and deferred inflows of the internal service funds are included in governmental activities in the statement of net position.

(441,504)

Long-term liabilities, including bonds payable and net pension liability (including related deferred outflows/inflows of resources) are not due and payable in the current period and, therefore, are not reported in the funds.

THE CITY OF NORMAN, OKLAHOMA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2019

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ (8,267,653)
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	28,381,464
Contributed capital assets (land, buildings and infrastructure) and other miscellaneous capital asset transactions recorded in government-wide financial statements but not recorded in fund level financial statements	29,374,770
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on the net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(2,731,030)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in the governmental funds	(529,314)
Increase in liability for incurred claims and compensated absences and miscellaneous expenses in government-wide financial statements	(187,216)
The cost of pension benefits earned, net of contributions made, are reported as an element of pension expense in government-wide financial statements. In the fund-level financial statements only the contributions made are reported as expenditures	7,492,368
Internal service funds are used by management to charge the costs of insurance services to individual funds. The net loss of the internal service fund is reported with governmental activities.	<u>(677,753)</u>
Change in net position of governmental activities	<u>\$ 52,855,636</u>

THE CITY OF NORMAN, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the City of Norman, Oklahoma (the “City”) conform to accounting principles generally accepted in the United States of America for state and local governments. Generally accepted accounting principles for municipalities are defined as those principles promulgated by the Governmental Accounting Standards Board (“GASB”). The following represent the more significant accounting and reporting policies and practices of the City.

Reporting Entity - The City is a municipal corporation governed by an elected mayor and eight-member council. The accompanying financial statements present the government and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City’s operations and therefore data from these units are combined with data of the City. Each blended component unit has a June 30 year end.

Blended Component Units - The Norman Municipal Authority (“NMA”) was established in April 1965. Activities of the NMA include financing and operating the Westwood Park recreational facilities and sanitation services for the City. The governing body of the NMA is the same as the City’s governing body. The City is the sole beneficiary of the NMA and receives all trust properties and resulting revenues upon retirement of all trust indebtedness. The City maintains all accounting records. The NMA is reported as an enterprise fund and does not issue separate financial statements.

The Norman Utilities Authority (“NUA”) was established February 2, 1970. Activities of the NUA include financing and operating certain utility systems for the City. The governing body of the NUA is the same as the City’s governing body. The City is the sole beneficiary of the NUA and receives all trust properties upon termination. The City maintains all accounting records. The NUA is presented as an enterprise fund and does not issue separate financial statements.

The Norman Tax Increment Finance Authority (“NTIF”) was established July 11, 2006. Activities of the NTIF include financing Tax Increment Financing District #2 – University North Park. The governing body of the NTIF is the same as the City’s governing body. The City is the sole beneficiary of the NTIF and receives all trust properties upon termination. The City maintains all accounting records. The NTIF is presented within the Capital Project Fund in the governmental funds balance sheet and does not issue separate financial statements.

The Norman Economic Development Authority (“NEDA”) was established June 12, 2012. Activities of the NEDA include financing and operating economic development activities for the City. The governing body of the NEDA is the same as the City’s governing body. The City is the sole beneficiary of the NEDA and receives all trust properties upon termination. The City maintains all accounting records. As of June 30, 2019, NEDA had no transactions.

Basis of presentation –The City follows Governmental Accounting Standards Board (“GASB”) statements in the preparation of its financial statements. Additional information regarding the basis of accounting and the differences in presentation are contained in the Management’s Discussion and Analysis, which preceded the financial statements.

Government-wide and fund financial statements – The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues and other nonexchange transactions are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Measurement focus, basis of accounting, and financial statement presentation – The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements with the exception of agency funds which have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

Sales taxes, excise taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

General Fund - The General Fund is the principal fund of the City which accounts for the general operations of the City and all other financial transactions not reported in other funds.

Public Safety Sales Tax Fund – A special revenue fund established to receive revenues from a special half-cent sales tax dedicated to public safety activities.

Debt Service Fund - The Debt Service Fund accounts for the accumulation of financial resources that are restricted or assigned for the payment of interest and principal on the general long-term debt of the City, other than debt service payments made by enterprise funds. Ad valorem taxes and interest earned on investments of the Debt Service Fund are used for the payment of principal, interest and commission to fiscal agents on the City's general obligation bonds and judgments.

Capital Projects Fund - The Capital Projects Fund is used to account for all major capital improvements which have been financed by designated resources, except those accounted for in proprietary funds. Activities of the NTIF are included in this fund.

NORMAN FORWARD Fund – A special revenue fund established to receive revenues from a special half-cent sales tax dedicated to quality-of-life projects including multiple recreation facilities, libraries, parks, athletic venues, public art, trails, and swim complexes.

The City reports the following non-major governmental funds:

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of government grants or specific revenue sources (other than grants applicable to enterprise fund activities, expendable trusts or major capital projects) that are legally restricted, committed or assigned to expenditures for specified purposes. The City has seven nonmajor special revenue funds including:

- *Norman Room Tax Fund* - Established by City ordinance to receive revenues from the City hotel/motel occupancy tax. Tax receipts are required to be used for promoting and fostering convention and tourism development in the City.
- *Community Development Fund* - Established to account for the City's Community Development Block Grants, Home Ownership Made Easy ("HOME") Grants, Rental Rehabilitation and Emergency Shelter Grants received from the US Department of Housing and Urban Development ("HUD").
- *Special Grants Fund* - Established to account for revenues and expenditures of other miscellaneous grants received from various sources.
- *Park Land Fund* - Established by City ordinance to receive revenues from developer fees dedicated to the acquisition of park land around the City.
- *Seizures and Restitutions Fund* - Established to account for the revenue available as a result of property seizures resulting from criminal investigations.
- *Cleet Fund* - Established to account for revenue derived by provision of State law to be utilized for law enforcement education and training.
- *Art in Public Places Fund* - Established to account for donations made to provide public art displays throughout the City.

The City reports the following major proprietary funds:

Norman Municipal Authority – A blended component unit established to account for the construction and operation of Westwood Park recreational facilities and the City's sanitation services.

Norman Utilities Authority – A blended component unit established to account for the water and wastewater utility systems for the City.

Risk Management Internal Service Fund – Established to account for the resources utilized by departments to provide for the self-insurance of Workers' Compensation and Unemployment Insurance and to pay claims and receive premiums on insurance for employee health and property loss on a long-term cost-reimbursement basis.

The City reports the following fiduciary funds:

Pension Trust Funds - The Pension Trust Funds are used to account for the receipt, investment and distribution of retirement contributions to the Annuity Pool portion of the Employee Retirement System of the City. The Employee Retirement System Annuity Pool is a contributory defined benefit plan. The Pension Trust Funds are also used to account for the receipt, investment and distribution of retirement contributions from the City and employees to the Section 401(a) portion of the Employee Retirement System of the City. The Section 401(a) plan is a defined contribution plan for qualifying City employees.

Agency Funds - Agency Funds are custodial in nature and do not present results of operations or have a measurement focus. Agency Funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the City holds for others in an agency capacity. The City has one agency fund, the Centennial Fund, which was created to account for assets held for the City's firefighters to develop a yearbook celebrating the centennial anniversary of the City of Norman Firefighters.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to the general rule are payments-in-lieu of taxes and other charges between the government's enterprise funds. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments that are restricted to meeting the operational or capital requirements of a particular function or segment. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Operating expenses for the enterprise funds and the internal service fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Accounting Policies – The City's significant accounting policies related to the following financial statement categories are summarized below:

Assets, Liabilities, and Fund Equity

- a. *Cash and Cash Equivalents* - The City considers all highly liquid investments with an original maturity of three months or less when purchased to be cash and cash equivalents.

- b. *Pooled Cash and Investments* - The City Charter requires all cash belonging to the City to be placed in the custody of the Financial Services Department of the City. A “Pooled Cash” concept is used in maintaining the cash and investment accounts in the accounting records. Under this method, all cash is pooled for investment purposes and each fund has equity in the pooled amounts. Investments are allocated to the individual participating funds based upon a percentage determined by the Financial Services Department of the City. An interfund receivable/payable is recognized if the allocation of investments to a particular fund exceeds the fund’s pooled cash amount before the allocation of the pooled investments.

Purchases and maturities of the pooled investments, as reported in the fund’s statement of cash flows, are allocated to the participating proprietary funds based on their portion of total pooled investments.

- c. *Investments* – Investments are stated at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties. The City considers quoted market price at June 30, 2019, to be the fair value of its investments.

Oklahoma Statutes authorize the City to invest in obligations of the United States government, its agencies and instrumentalities; collateralized or insured certificates of deposit and other evidences of deposit at banks, savings banks, savings and loan associations and credit unions located in this state, or fully insured certificates of deposit at banks, savings banks, savings and loan associations and credit unions located out of state; negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings bank, a savings and loan association or a state-licensed branch of a foreign bank; prime banker’s acceptances which are eligible for purchase by the Federal Reserve System and which do not exceed 270 days’ maturity; prime commercial paper which shall not have a maturity that exceeds 180 days nor represent more than 10% of the outstanding paper of an issuing corporation; repurchase agreements that have underlying collateral consisting of those items specified above; and money market funds regulated by the Securities and Exchange Commission and which investments consist of those items noted above.

The Pension Trust Fund is invested based on guidelines established by its separate Board of Trustees.

- d. *Receivables and payables* – In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

In the governmental fund financial statements, receivables are recorded when they are both measurable and available. Proprietary fund receivables consist of all revenues earned at year-end and not yet received.

- e. *Interfund Receivables and Payables* – Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to / due from other funds” (i.e., the current portion of interfund loans) or “advances to / from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to / from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

- f. *Restricted Assets* – Restricted assets include cash and investments of both governmental activities and business-type activities that are legally restricted as to their use. The restricted assets are primarily related to debt trustee accounts and guaranty deposits.

- g. *Capital Assets* – Capital assets, which include property, plant and equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$2,500 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, the majority of which generally consist of donated land and infrastructure which are recorded in the governmental funds and donated water and sewer distribution systems which are recorded in the proprietary funds, are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Land and construction in progress are not depreciated. The other property, plant, equipment and infrastructure are depreciated using the straight line method over the following estimated useful lives:

Buildings	40 – 65 years
Infrastructure	25 – 50 years
Improvements other than buildings & infrastructure	10 – 20 years
Machinery and equipment	3 – 20 years
Vehicles	3 – 7 years

- h. *Inventory* – The City records parts and fuel inventory within the General fund. Parts inventory is valued at actual cost using the first-in/first out method. Fuel inventory is recorded using average cost. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.
- i. *Long-term Debt* – In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt is reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, and losses on refunding are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed during the current period.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

- j. *Liability for Incurred Claims* - The liability for incurred claims represents estimated claims (including future claim adjustment expenses) incurred but unpaid for workers compensation, group medical and dental, and unemployment claims as of the fiscal year end. The estimate includes claims reported as of June 30, 2019, as well as an estimated amount representing claims incurred but not reported. The City utilizes the services of an actuary in computation of the incurred but unpaid workers compensation portion of the liability.
- k. *Claims and Judgments Payable* - Under state law, judgments against the City can be paid over three years or can be paid immediately. The General Fund pays all claims and judgments. A liability has been recorded within the government-wide statements for claims and judgments

payable. A liability for these amounts is reported in governmental funds when they become due and payable.

1. *Compensated Absences* - Under the terms of union contracts and City personnel policies, City employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is paid for vacation leave accumulated and vested accumulated sick leave. Vesting of sick leave by employees and the maximum number of hours that can be accumulated for vacation and sick leave are dependent upon an employee's years of service. Upon retirement, one-half of accumulated sick leave is converted to vacation time, subject to the above limitation for maximum compensation for unused compensated absences.

A liability has been recorded within the government-wide and proprietary financial statements for accrued vacation and sick leave and certain salary related payments associated with the payment of compensated absences. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

- m. *Fund Equity* – In the government-wide financial statements, equity is classified as net position and displayed in three components:
 1. *Net investment in capital assets* – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any notes or other borrowings attributable to those assets.
 2. *Restricted net position* – Consists of net position with constraints placed on the use either by external groups, such as grantors or laws and regulations of other governments, or law through constitutional provisions or enabling legislation.
 3. *Unrestricted net position* – All other assets that do not meet the definition of “restricted” or “net investment in capital assets.”

When both restricted and unrestricted net positions are available for use, generally it is the City's policy to use restricted resources first. For projects funded with tax-exempt debt proceeds and other sources, the debt proceeds are used first.

Governmental fund equity is classified as fund balance. Fund balance is further classified as follows and based on the nature of any limitations requiring the use of resources for specific purposes.

- a) *Nonspendable* – Includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.
- b) *Restricted* – Includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- c) *Committed* – Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the City through formal action of the highest level of decision making authority. The City Council is the highest level of decision making authority that can, by adoption of an Ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action by City Council is taken (the adoption of another ordinance) to remove or revise the limitation.

- d) *Assigned* – Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The City Council may assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.
- e) *Unassigned* – Includes the residual balance of the General Fund that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes with the General Fund.

When both restricted and unrestricted sources (the total of committed, assigned, and unassigned fund balance) are available for use, generally it is the City’s policy to use restricted resources first. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Cost Sharing Defined Benefit Pension Plans

The City participates in two cost-sharing multiple-employer defined benefit pension plans, the Oklahoma Firefighters Pension & Retirement System (OFPRS) and the Oklahoma Police Pension and Retirement System (OPPRS) (the Plans). For purposes of measuring the net pension asset, liability, deferred outflows of resources and deferred inflows of resources related to the pensions, and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan’s fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Defined Benefit Other Postemployment Benefit Plan

The City has a single-employer defined benefit other postemployment benefit (OPEB) plan, (the OPEB Plan). For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, these line items have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

Deferred outflows/inflows of resources

Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The City has a deferred outflow for a bond refunding, which is the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred or amortized to interest expense over the shorter of the life of the refunded or new debt. In addition, the City has deferred outflows related to pensions or other post employment benefits (OPEB), with one being the amount of contributions made to the pension plans after the measurement date, and the other the difference in investment experience between actual earnings and projected earnings on pension plan investments and the difference in assumption changes. Deferred outflows related to contributions made after the measurement date will be recognized as a reduction of net pension or OPEB

liability in the following year. The remaining amounts will be amortized to pension expense over future periods as shown in Note 4(b) and 4(c).

Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will be recognized as an inflow of resources (revenue) until then. The City has a deferred inflow related to pensions and OPEB plans. This consists of the difference between the expected and actual experience related to the pension plans as well as the difference in assumption changes. These amounts are amortized over future periods to pension expense.

Revenues, Expenditures and Expenses

- a. *Property Tax Revenue* - Property taxes attach an enforceable lien on property as of January 1. Taxes are levied annually on November 1 and are due one-half by December 31 and one-half by March 31. The Tax Assessor's office bills and collects the property taxes and remits to the City its portion. Property taxes not paid prior to April are considered delinquent. Such delinquent tax payments have not historically been material. Delinquent tax payments are received throughout the year and are recognized as revenue in the year received, except for those received within 60 days of year end, which are recognized as revenues as of June 30, 2019 in both the government-wide and fund financial statements.
- b. *Sales Taxes* - Sales taxes are collected by vendors and required to be remitted to the State of Oklahoma by the 20th of the month following collection. The tax is then paid to the City by the 10th of the next month. A two month lag exists between collection by the vendor and payment to the City by the State. Revenue received in July and August from sales made in May and June, respectively, is available for prior year expenses and is accrued in both the government-wide and fund financial statements.
- c. *Charges for Service* - Charges for services consist primarily of charges made by the General Fund for services such as motor pool usage, printing, accounting, data processing, facilities usage and other benefits provided to the other funds of the City.
- d. *Intergovernmental Revenues/Capital Grants Earned* - Revenues from Federal and State operating grants are recognized when expenditures are made. Similarly, capital grants are considered earned when the expenditures are made. The earned portion of capital grants in Proprietary Funds is treated as a capital contribution within the statement of revenues, expenses and changes in fund net position.
- e. *Investment Earnings* - Investment earnings on pooled cash and investments are allocated on a pro-rata basis to the City's funds based on the percentage of each fund's average month-end pooled cash balance.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position - The governmental fund balance sheet includes a reconciliation between

fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities, including bonds payable and net pension and OPEB liabilities (including related deferred outflows/inflows of resources), are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$220,448,838 difference are as follows:

General obligation bonds payable	\$ 71,033,501
Revenue bonds payable	87,645,000
Notes payable	4,420,000
Compensated absences	8,372,278
Net OPEB obligation	11,505,478
Net pension liability	46,271,359
Deferred outflows of resources	(17,283,562)
Deferred inflow of resources	7,129,660
Accrued interest payable	<u>1,355,124</u>
Net adjustment to reduce fund balance - total governmental funds to arrive at net assets - governmental activities	<u>\$ 220,448,838</u>

Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities – The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net *changes in fund balances – total governmental funds* and *changes in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$28,381,464 difference are as follows:

Capital outlay	\$ 47,788,383
Depreciation expense	<u>(19,406,919)</u>
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ 28,381,464</u>

Another element of that reconciliation states that “Contributed capital assets (land, buildings, and infrastructure) and other miscellaneous capital asset transactions recorded in government-wide financial statements but not recorded in fund level financial statements.” The details of this \$29,374,770 difference are as follows:

Donations of capital assets increase net position in the statement of activities, but do not appear in the governmental funds because they are not financial resources.	\$ 30,404,175
---	---------------

In the statement of activities, only the gain on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the capital asset sold.	(109,117)
---	-----------

The statement of activities reports gains arising from the trade-in of existing capital assets to acquire new capital assets. Conversely, governmental funds do not report any gain or loss on a trade-in of capital assets.	<u>(920,288)</u>
--	------------------

Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ 29,374,770</u>
--	----------------------

Another element of that reconciliation states that “Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in the governmental funds.” The details of this (\$529,314) difference are as follows:

Accrued interest payable	\$ 127,729
Change in net pension and OPEB obligations	(268,039)
Change in debt issuance premium or discount	<u>(389,004)</u>
Net adjustment to increase net change in fund balances - total governmental funds to arrive at changes in net assets of governmental activities	<u>\$ (529,314)</u>

3. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgets and Budgetary Accounting - The City Manager is required by City Charter and the Oklahoma Municipal Budget Act to prepare and submit an annual budget to the City Council. A budget is prepared and legally adopted for the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Fund. These budgets are prepared on a cash basis for revenues, except for accrued interest receivable and other receivables. For budget purposes, expenditures include amounts paid and encumbered, as well as amounts in accounts payable at the end of the fiscal year. Purchase orders, contracts and other commitments for the expenditure of funds are recorded as encumbrances to reserve a portion of the applicable appropriation.

Budgeted expenditures and encumbrances for the budgeted funds cannot exceed the estimated revenues and fund balance, and it is unlawful for the City to create or authorize creation of a deficit in any of these funds. Budgetary control is exercised by function at the fund level. These functional categories include salaries and benefits; supplies and materials; services and maintenance; debt service; and capital outlay. Amendments must be approved by the City Council. The City Manager is authorized to transfer budgeted appropriations within individual funds, but cannot alter the appropriations on a fund level without City Council approval. Supplemental appropriations within all funds by the City Council during the fiscal year ended June 30, 2019 amounted to \$11,109,296. Unencumbered appropriations lapse at year end while encumbered appropriations are carried over to the ensuing fiscal year until utilized or

canceled and are classified within the restricted, committed or assigned fund balance category, as appropriate, based on the criteria of the fund balance classifications.

Oklahoma Statutes also require the City Council each year to make an ad valorem tax levy for a sinking fund (Debt Service Fund) which shall, with cash and investments in the fund, be sufficient to pay all the bonded indebtedness, interest and one-third of all outstanding judgments coming due in the following year.

4. DETAIL NOTES ON ALL FUNDS

Deposits and Investments

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's policy for collateralization is that pledged securities will have a market value of at least 102% of the value of funds on deposit and that collateral be limited to either 1) U.S. Treasury, agency and instrumentality securities or 2) direct debt obligations of municipalities, counties, and school districts in Oklahoma. As of June 30, 2019, \$19,144,802 of the City's bank balance of \$95,197,046 was exposed to custodial credit risk. As of June 30, 2019, the City's carrying balance of these deposits was \$95,129,952.

Interest Rate Risk – As of June 30, 2019, the City had the following investments subject to interest rate risk:

Investment Type	Fair Value	Weighted Average Maturity (Years)
Money Market Mutual Funds	\$ 71,638,347	0.09
U.S. Treasury Notes	29,078,460	1.45
Federal Home Loan Bank	25,507,090	1.61
Federal Farm Credit Bank	5,490,503	0.41
Federal National Mortgage Association	8,703,920	0.38
Federal Agricultural Mortgage Corporation	12,004,050	1.19
Tennessee Valley Authority	3,353,155	1.63
Federal Home Loan Mortgage Corporation	<u>6,806,904</u>	1.82
Total fair value	<u>\$ 162,582,429</u>	
Portfolio weighted average maturity		0.78

In accordance with its investment policy, the City manages its exposure to declines in fair values by limiting investment maturities to not more than ten years from the date of purchase.

The following schedules reconcile the carrying amounts of deposits and investments above to the government-wide statement of net position:

Primary Government:

Carrying value of deposits -	
Pooled and nonpooled funds	\$ 95,129,952
Money market mutual funds	71,638,347
Less: Certificates of deposits classified as investments	<u>(3,883,508)</u>
	<u>\$ 162,884,791</u>

Cash as reported on the government-wide statement of net position -	
Cash and cash equivalents	\$ 49,214,615
Restricted cash and cash equivalents - current	113,122,455
Restricted cash and cash equivalents - long-term	<u>547,721</u>
	<u>\$ 162,884,791</u>

Carrying value of investments -	
Pooled and nonpooled funds	\$ 162,582,429
Site development certificate of deposits	3,883,508
Less: Money market mutual funds classified as cash equivalent	<u>(71,638,347)</u>
	<u>\$ 94,827,590</u>

As reported on the government-wide statement of net position -	
Investments	\$ 91,768,976
Restricted investments - current	<u>3,058,614</u>
	<u>\$ 94,827,590</u>

Credit Risk –The City’s investment policy does not cover credit risk. The City’s investments as of June 30, 2019 were rated by Moody’s Investor Service and Standard & Poor’s as follows:

	<u>Moody's</u>	<u>S & P</u>
Federal Farm Credit Bank	Aaa	AA+
Federal Home Loan Mortgage Corporation	Aaa	AA+
Federal Home Loan Bank	Aaa	AA+
Federal National Mortgage Association	Aaa	AA+
Federal Agricultural Mortgage Corporation	Aaa	AA+
Tennessee Valley Authority	Aaa	AA+
U.S. Treasury Notes	Unrated	Unrated
Money Market Mutual Funds	Unrated	Unrated

Concentration of Credit Risk – The City’s investment policy places no limit on the amount the City may invest in any one issuer. More than 5% of the City’s investments are in Federal Home Loan Bank,

Federal Farm Credit Bank, Federal National Mortgage Association, United States Treasury Notes, Federal Home Loan Mortgage Corporation, Federal Agricultural Mortgage Corporation and Tennessee Valley Authority. These investments are 16%, 3%, 5%, 18%, 4%, 7% and 2%, respectively, of the City's total investments. Additionally, the City is invested in two money market mutual funds; the Federated Government Obligations Tax Managed Fund and the Cavanal Hill U.S. Treasury Admin Fund, which represents 32% and 9%, respectively of the City's total investments.

Fiduciary Funds – The City's fiduciary funds are not included in the risks and amounts identified above and are invested in mutual funds traded on public exchanges and have substantially the same risks as the primary government.

Custodial Credit Risk – Investments – For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. It is the City's policy to maintain investment securities that are insured or registered in the City's name and held by the City or its agent in the City's name whenever possible. As of June 30, 2019, the City's investment were not exposed to custodial credit risk as all of the City's investments were registered in the name of the City and held by a counterparty.

Investments Measured at Fair Value

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of June 30, 2019:

- US Treasury securities of \$29,078,460 are valued using quoted market prices (Level 2 inputs).
- Federal government agencies securities of \$61,865,622 are valued using quoted market prices of similar assets in an active market (Level 2 inputs).
- Money market mutual funds of \$71,638,347 are valued using quoted market prices (Level 1 inputs).
- Mutual funds of \$93,633,419 reported in the Statement of Fiduciary Net Position are valued using quoted market prices (Level 1 inputs).

Amount Due From Federal Government - The amount shown in both the government-wide and fund financial statements as due from the Federal government represents \$2,494,342 of allowable expenditures under various direct and pass through grants for which the City has requested reimbursement.

Loan Receivable – On April 25, 2017, trustees of the Norman Tax Increment Finance Authority approved a \$3,000,000 loan to the Norman Economic Development Coalition (NEDC) that was used to payoff a loan between NEDC and Republic Bank & Trust Company. The original loan was made to purchase and make improvements to land within the University North Park area to attract potential employers. The balance of the loan has been offset by an equal allowance for an uncollectible amount within the government-wide financial statements.

Interfund receivables and payables – Interfund receivables and payables for the year ended June 30, 2019:

Due To	Due From			Total Due From
	Public Safety Fund	Debt Service Fund	Internal Fund	
General Fund	\$ -	\$ 64,848	\$ -	\$ 64,848
Nonmajor Governmental Fund	32,731	175,416	-	208,147
Capital Fund	-	230,148	-	230,148
Norman Forward Fund	-	327,479	-	327,479
Enterprise Funds	-	647,491	229,091	876,582
Total Due To	\$ 32,731	\$ 1,445,382	\$ 229,091	\$ 1,707,204

Transfers - Transfers for the year ended June 30, 2019 consisted of the following:

Transfers Out	Transfers In				Total Transfers Out
	General Fund	Capital Projects Fund	Enterprise Funds	Internal Service Fund	
General Fund	\$ -	\$ -	\$ 46,756	\$ -	\$ 46,756
Nonmajor Governmental Funds	-	669,702	204,431	-	874,133
Debt Svs Fund	-	-	-	475,829	475,829
Capital Projects Fund	3,288,511	-	251,054	-	3,539,565
Norman Forward Fund	15,000	-	35,004	-	50,004
Internal Service Fund	195,286	-	-	-	195,286
Enterprise Funds	1,541,437	25,857	-	-	1,567,294
Total Transfers In	\$ 5,040,234	\$ 695,559	\$ 537,245	\$ 475,829	\$ 6,748,867

Transfers are used for varying reasons including but not limited to moving unrestricted general fund revenues to finance various programs that the City must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

The most significant transfers were initiated by the City for the following reasons:

- The Capital Projects Fund transferred \$3,288,511 to the General Fund to pay for the purchase of vehicles and equipment and fund street maintenance projects.
- The Community Development Fund transferred \$669,702 to the Capital Fund to reimburse for up-front payment of Community Development Block Grant – Disaster Recovery (CDBG-DR) grant fund expenses stemming from 2015 spring storms.
- The Debt Services Fund transferred \$475,829 to the Risk Management Internal Service Fund to pay for judgments awarded against the City and funded via the property tax rolls over a three year period.

- The Enterprise Funds transferred \$1,541,437 to the General Fund as a fee in lieu of franchise fees.

Capital Assets – Capital asset activity for the fiscal year ended June 30, 2019 was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Governmental activities:				
Capital assets, not being depreciated:				
Land	\$ 64,275,203	\$ 2,298,961	\$ -	\$ 66,574,164
Construction in progress	86,391,702	40,781,236	(58,083,298)	69,089,640
Capital assets, being depreciated:				
Buildings	42,719,594	4,786,483	-	47,506,077
Improvements other than buildings	37,350,303	196,941	-	37,547,244
Machinery and equipment	35,830,137	4,730,505	(728,638)	39,832,004
Vehicles	21,810,783	2,699,301	(1,620,581)	22,889,503
Infrastructure	<u>537,745,330</u>	<u>80,782,427</u>	<u>-</u>	<u>618,527,757</u>
Totals at historical cost	<u>826,123,052</u>	<u>136,275,854</u>	<u>(60,432,517)</u>	<u>901,966,389</u>
Less accumulated depreciation				
Buildings	(16,691,108)	(1,568,037)	-	(18,259,145)
Improvements other than buildings	(13,772,083)	(1,643,789)	-	(15,415,872)
Machinery and equipment	(24,846,588)	(3,208,976)	717,405	(27,338,159)
Vehicles	(13,162,332)	(1,841,769)	602,411	(14,401,690)
Infrastructure	<u>(349,291,274)</u>	<u>(11,144,348)</u>	<u>-</u>	<u>(360,435,622)</u>
Total accumulated depreciation	<u>(417,763,385)</u>	<u>(19,406,919)</u>	<u>1,319,816</u>	<u>(435,850,488)</u>
Governmental activities capital assets, net	<u>\$ 408,359,667</u>	<u>\$ 116,868,935</u>	<u>\$ (59,112,701)</u>	<u>\$ 466,115,901</u>
Business-type activities:				
Capital assets, not being depreciated:				
Land	\$ 10,344,901	\$ 72,387	\$ -	\$ 10,417,288
Construction in progress	87,034,673	15,527,937	(63,122,938)	39,439,672
Capital assets, being depreciated:				
Buildings and improvements	192,709,102	14,665,947	(315,392)	207,059,657
Machinery and equipment	<u>162,714,967</u>	<u>51,587,032</u>	<u>(2,643,345)</u>	<u>211,658,654</u>
Totals at historical cost	<u>452,803,643</u>	<u>81,853,303</u>	<u>(66,081,675)</u>	<u>468,575,271</u>
Less accumulated depreciation				
Buildings and improvements	(105,227,424)	(4,716,678)	245,165	(109,698,937)
Machinery and equipment	<u>(68,127,113)</u>	<u>(7,797,533)</u>	<u>2,487,249</u>	<u>(73,437,397)</u>
Total accumulated depreciation	<u>(173,354,537)</u>	<u>(12,514,211)</u>	<u>2,732,414</u>	<u>(183,136,334)</u>
Business-type activities capital assets, net	<u>\$ 279,449,106</u>	<u>\$ 69,339,092</u>	<u>\$ (63,349,261)</u>	<u>\$ 285,438,937</u>

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:

General government	\$925,474
Planning	83,248
City controller	329,909
Parks and recreation	2,315,550
Public works	12,838,977
Public service	200
Public safety	<u>2,913,561</u>
Total depreciation expense – governmental activities	<u>\$19,406,919</u>

Business-type activities:

Westwood park	\$163,290
Utilities authority	10,479,965
Sanitation services	<u>1,870,956</u>
Total depreciation expense – business-type activities	<u>\$12,514,211</u>

Pension Plan Obligations - Each qualified employee participates in one of the three retirement plans in which the City participates. These are The Employee Retirement System of the City of Norman, The Oklahoma Firefighters Pension and Retirement System, and The Oklahoma Police Pension and Retirement System. The City does not maintain the accounting records, hold the investments nor administer the firefighters’ or police retirement funds. The police officers’ and firefighters’ plans are statewide systems administered by the State of Oklahoma. The municipal employees’ plan is managed by a separate board of trustees, and the assets are held in custody and administered by two asset managers.

A summary of significant data for each of the retirement plans follows:

- a. *Employee Retirement System of the City of Norman - Plan Description* - The Employee Retirement System (“ERS”) of the City of Norman is a single-employer public employee retirement system which was established on November 1, 1967 by a City ordinance and amended on January 29, 1985 and July 1, 1991. The ERS was originally established as a defined benefit plan. On July 1, 1991, the City converted that portion of the ERS which related to unretired participants to a money purchase plan under Section 401(a) of the Internal Revenue Code (the “401(a) Plan”). An amount equal to the greater of the participants vested benefits under the ERS or their account balance in the ERS was transferred to a participant account in the 401(a) Plan. The portion of the ERS that relates to retired participants at July 1, 1991 (“the Annuity Pool”) remains in existence to pay benefits to those retired employees receiving benefits at July 1, 1991. The activities of the Annuity Pool and the 401(a) Plan are recorded in separate Pension Trust Funds which are included within the City’s financial statements.

The ERS does not issue a stand-alone financial report. Overall the defined benefit portion of the ERS plan is not entical to the City’s financial statement as a whole. Therefore the information provided is for informational purposes only and is not intended to comply with the provisions of GASB Statement 68, *Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement 27*.

The ERS is managed by a Board of Trustees, composed of six members, meeting once a month. Members by position include the City Manager, Finance Director and Personnel Director. One additional member is elected by the City Council and the final two members are elected by the American Federation of State, County and Municipal Employees Union membership.

Basis of Accounting – The ERS’s financial statements are prepared using the accrual basis of accounting. Employer and plan member contributions are recognized in the period that the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Method Used to Value Investments – ERS plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair value.

As of June 30, 2019, and for the year ended, the ERS held no securities issued by the City or other related parties.

1. *Annuity Pool* - As of July 1, 2018, the date of the last actuarial study, the Annuity Pool participants included eight retirees and other beneficiaries who are entitled retirement benefits including a death benefit equal to a lump sum amount equal to the normal retirement as projected for a ten year period of time.

At July 1, 2018 the Actuarial Accrued Liability for the Annuity Pool was \$265,147 and the market value of assets in the Annuity Pool was \$247,773. The City’s actuary has suggested an annual contribution for a period of ten years commencing July 1, 2019. The actuarial assumptions included (a) 7.25% investment rate of return (net of administrative expenses), (b) no projected salary increases, and (c) no cost of living increases. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. The City did not make a contribution to the plan in 2019. The City will make future contributions as needed to make benefit payments should present plan assets be insufficient to do so.

2. *The 401(a) Plan* - The 401(a) Plan is a money purchase defined contribution plan under section 401(a) of the Internal Revenue Code. All non-voluntary contributions have been designated by the City as “picked up contributions” pursuant to Internal Revenue Code section 414(h)(2) and are treated as employer contributions for federal income tax purposes.

The City’s payroll for employees covered by the 401(a) Plan for the year ended June 30, 2019 was \$30,197,608, and total City payroll was \$59,790,055.

Substantially all full-time, non-uniformed employees of the City are required to participate in the 401(a) Plan. At June 30, 2019, there were 573 plan participants. Participants are required to contribute 6.5% of their compensation to the 401(a) Plan each pay period. This contribution is matched by the City at a rate of 8.5% of payroll. Administrative costs are financed through investment earnings. Participants become vested in the City’s contribution as follows:

Years of Service**Vesting Percentage**

Less than 2	0%
2	25%
3	50%
4	75%
5	100%

The amount forfeited for the year ended June 30, 2019 was \$65,565. Contributions to the 401(a) Plan for 2019 were \$4,699,930. The contributions expressed in dollars and percent of covered payroll were: City - \$2,566,797, 8.5%, participants - \$2,133,133, 6.5%. The contribution requirements are in accordance with the City ordinance. Plan provisions and contribution requirements are established and may be amended by the City Council.

Trend Information

Fiscal Year	401(a) Plan	
	City's Required Contribution	City's Percentage Contributed
2017	2,555,989	100%
2018	2,520,077	100%
2019	2,566,797	100%

Financial Reports – Neither the Annuity Pool nor the 401(a) Plan issues stand-alone financial reports and are not included in the report of a public employee retirement system or a report of another entity. Their financial statements are as follows:

b. *Oklahoma Firefighters Pension and Retirement System (OFPRS)*

Plan Description - Members of the City's Fire Department are covered by the Oklahoma Firefighters Pension and Retirement System (OFPRS), which is a statewide cost sharing multiple-employer public employee retirement system (the OFPRS Plan). The plan is administered by a board of trustees (the Board) appointed under state statute. Benefit provisions are contained in the Plan document and were established and can be amended by action of the OFPRS' board of trustees. The plan issues a publicly available financial report that can be obtained at www.ok.gov/fprs/.

Benefits Provided - In general, the OFPRS Plan provides defined retirement benefits based on members' final average compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon death of eligible members. The Plan's benefits are established and amended by state statute. Retirement provisions are as follows:

Hired Prior to November 1, 2013 - Normal retirement is attained upon completing 20 years of service. The normal retirement benefit is equal to 50% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service.

Hired After November 1, 2013 - Normal retirement is attained upon completing 22 years of service. The normal retirement benefit is equal to 55% of the member's final average compensation. Final average compensation is defined as the monthly average of the highest 30 consecutive months of the last 60 months of participating service. Also must be age 50 to begin receiving benefits.

All firefighters are eligible for immediate disability benefits. For paid firefighters, the disability in-the-line-of-duty benefit for firefighters with less than 20 years of service is equal to 50% of final average monthly compensation, based on the most recent 30 months of service. For firefighters with over 20 years of service, a disability in-the-line-of-duty is calculated based on 2.5% of final average monthly compensation, based on the most recent 30 months, per year of service, with a maximum of 30 years of service. For disabilities not-in-the-line-of-duty, the benefit is limited to only those with less than 20 years of service and is 50% of final average monthly compensation, based on the most recent 60-month salary as opposed to 30 months.

A \$5,000 lump sum death benefit is payable to the qualified spouse or designated recipient upon the participant's death. The \$5,000 death benefit does not apply to members electing the vested benefit.

Firefighters hired prior to November 1, 2013, with 20 or more years of service may elect to participate in the Oklahoma Firefighters Deferred Retirement Option Plan (the "Deferred Option Plan"). Firefighters hired after November 1, 2013, with 22 or more years of service may elect to participate in the Deferred Option Plan. Active participation (having benefit payments credited to the account) in the Deferred Option Plan shall not exceed 5 years. Under the Deferred Option Plan, retirement benefits are calculated based on compensation and service at the time of election. The retirement benefits plus half of the municipal contributions on behalf of the participant are deposited into a deferred retirement account. The Deferred Option Plan accounts are credited with interest at a rate of 2% below the rate of return on the investment portfolio of the Plan, with a guaranteed minimum interest rate equal to the assumed actuarial interest rate of 7.5%, as approved by the Board. The participant is no longer required to make contributions. Upon retirement, the firefighter receives his/her monthly retirement benefit as calculated at the time of election. The member can elect to either leave the account balance accumulated in the Deferred Option Plan account or they can elect to have the balance paid to them either as a lump sum or in specified monthly payments. If the member elects to leave their account balance in the Deferred Option Plan account, they will continue to earn interest on their balance at the rate described above; however, no more benefit payments will be credited to their account. The member can leave their account balance in the Deferred Option Plan account until the age of 70½. When the member reaches 70½ years of age, they must either begin receiving regular monthly payments, based on the annuity method, or a lump sum distribution.

The Deferred Option Plan was modified effective November 1, 2013, to limit post-retirement interest for new members to a rate of return on the portfolio, less a 1% administrative fee. In addition, the members participating must withdraw all money by the age of 70½.

In the 2003 Legislative Session, Senate Bill 286 and House Bill 1464 created a "Back" DROP for members of the System effective July 1, 2003. The "Back" DROP is a modified deferred retirement option plan. The "Back" DROP allows the member flexibility by not having to commit to terminate employment within 5 years. Once a member has met their normal retirement period of 20 years for those hired prior to November 1, 2013, and 22 years for those hired after November 1, 2013, the member can choose, upon retirement, to be treated as if the member had entered into the Deferred Option Plan. A member, however, cannot receive credit to the Deferred Option Plan account based upon any years prior to when the member reached their normal retirement date. Once a member is ready to retire, the member can make the election to participate in the "Back" DROP and can receive a Deferred Option Plan benefit based upon up to 5 years of participation. The member's regular retirement benefit will not

take into account any years of service credited to the "Back" DROP. Firefighters with 20 years of service or who were receiving pension benefits as of May 26, 1983, are entitled to post-retirement adjustments equal to one-half the increase or decrease for top-step firefighters. Pensions will not be adjusted below the level at which the firefighter retired.

Contributions – The Board has the authority to establish and amend the contribution requirements of the City and active employees. Members of the OFPRS are required to pay 9% of their base pay to the pension plan until they reach 20 years of service, after which no contributions are required. The City is contractually required to pay 14% of base salary. For the year ended June 30, 2019, the total contribution to the system amounted to \$2,815,308 of which \$1,713,665 was made by the City and \$1,101,643 was made by the employees. These contributions represent 14% (City) and 9% (member) of covered payroll, actuarially determined as an amount that is expected to finance the costs of benefits earned by employees during the year, with any additional amount to finance any unfunded accrued liability. The total amount contributed to the system by the State of Oklahoma on behalf of the City was approximately \$4,124,000 and does not meet the criteria of a special funding situation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2019, the City reported a liability of \$46,271,359, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2018, the City's proportion was 4.110648%

For the year ended June 30, 2019, the City recognized pension expense of \$368,928. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>
Differences between expected and actual experience	\$ 9,664,784	\$ -
Employer change in proportion and differences between contributions recognized and proportionate share of contributions	1,019,403	417,530
Net difference between projected and actual earnings on pension plan investments	-	3,844,776
City's contributions subsequent to the measurement date	<u>1,713,665</u>	<u>-</u>
Total	<u>\$ 12,397,852</u>	<u>\$ 4,262,306</u>

At June 30, 2019, the City reported \$1,713,665 as deferred outflows of resources related to pensions resulting from City's contributions subsequent to the measurement date that will be recognized as a

reduction of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources totaling \$6,421,881 related to pensions will be recognized as a (reduction) or increase in pension expense as follows:

2020	\$ 2,399,846
2021	1,895,002
2022	262,286
2023	1,186,265
2024	<u>678,482</u>
	<u>\$ 6,421,881</u>

Actuarial Assumptions – The total pension liability in the July 1, 2018, actuarial valuations was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3%
Salary increases	3.5% to 9.0%, average, including inflation
Ad hoc cost of living adjustments	Half of the dollar amount of a 3% assumed increase in base pay for retirees with 20 years of service as of May 26, 1983
Investment rate of return	7.5%, net of pension plan investment expense, including an inflation rate of 3%

Mortality rates were based on the RP-2000 Blue Collar Healthy Combined with generational mortality improvement using Scale AA for healthy lives and no mortality improvement for disabled lives.

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2007 through June 30, 2012.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	20%	4.38%
Domestic Equity	42%	7.72%
International Equity	20%	9.70%
Real Estate	10%	6.96%
Other Assets	8%	5.75%
	100%	

Discount Rate – The single discount rate used to measure the total pension liability was 7.5% for the measurement period ended June 30, 2018. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that participating employer contributions will be made at contractually required rates, actuarially determined. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The City’s proportionate share of the net pension liability has been calculated using a discount rate of 7.5%. The following presents the City’s proportionate share of the net pension liability calculated using a discount rate 1% higher and 1% lower than the current rate.

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
City's proportionate share of the net pension liability	\$ 60,606,334	\$ 46,271,359	\$ 34,232,223

Pension Plan Fiduciary Net Position – Detailed information about the pension plan’s fiduciary net position is available in the separately issued OFPRS Plan financial report, which can be located at www.ok.gov/fprs/.

b. *Oklahoma Police Pension and Retirement System (OPPRS)*

Plan Description - Members of the City’s Police Department are covered by the Oklahoma Police Pension and Retirement System (OPPRS), which is a statewide cost sharing multiple-employer public employee retirement system (the OPPRS Plan). The plan is administered by a board of trustees (the Board) appointed under state statute. Benefit provisions are contained in the Plan document and were established and can be amended by action of the OPPRS’ board of trustees. The plan issues a publicly available financial report that can be obtained at www.ok.gov/OPPRS/.

Benefits Provided – In general, the OPPRS Plan provides defined retirement benefits based on members’ final average compensation, age, and term of service. In addition, the retirement program provides for benefits upon disability and to survivors upon death of eligible members.

The Plan's benefits are established and amended by state statute. Retirement provisions are as follows:

- The normal retirement date under the Plan is the date upon which the participant completes 20 years of credited service, regardless of age. Participants become vested upon completing 10 years of credited service as a contributing participant of the Plan. No vesting occurs prior to completing 10 years of credited service. Participants' contributions are refundable, without interest, upon termination prior to normal retirement. Participants who have completed 10 years of credited service may elect a vested benefit in lieu of having their accumulated contributions refunded. If the vested benefit is elected, the participant is entitled to a monthly retirement benefit commencing on the date the participant reaches 50 years of age or the date the participant would have had 20 years of credited service had employment continued uninterrupted, whichever is later.
- Monthly retirement benefits are calculated at 2.5% of the final average salary (defined as the average paid base salary of the officer over the highest 30 consecutive months of the last 60 months of credited service) multiplied by the years of credited service, with a maximum of 30 years of credited service considered.
- Monthly benefits for participants due to permanent disability incurred in the line of duty are 2.5% of the participants' final average salary multiplied by 20 years. This disability benefit is reduced by stated percentages for partial disability based on the percentage of impairment. After 10 years of credited service, participants who retire due to disability incurred from any cause are eligible for a monthly benefit based on 2.5% of their final average salary multiplied by the years of service. This disability benefit is also reduced by stated percentages for partial disability based on the percentage of impairment. Effective July 1, 1998, once a disability benefit is granted to a participant, that participant is no longer allowed to apply for an increase in the dollar amount of the benefit at a subsequent date.
- Survivor's benefits are payable in full to the participant's beneficiary upon the death of a retired participant. The beneficiary of any active participant killed in the line of duty is entitled to a pension benefit. Effective July 1, 1999, a \$5,000 death benefit is also paid, in addition to any survivor's pension benefits under the Plan, to the participant's beneficiary or estate for active or retired members.
- The Deferred Option allows participants otherwise eligible for a normal retirement benefit to defer terminating employment and drawing retirement benefits for a period not to exceed 5 years. Under the Deferred Option, retirement benefits are calculated based on compensation and service at the time of election and a separate account is established for each participant. During the participation period, the employee's retirement benefit is credited to the participant's account along with a portion of the employer's contribution and interest. Interest is credited at a rate of 2% below the rate of return on the investment portfolio of the Plan, with a guaranteed minimum interest equal to the assumed actuarial interest of 7.5%. Employee contributions cease once participation in the Deferred Option is elected. At the conclusion of participation in the Deferred Option, the participant will receive the balance in the separate account under payment terms allowed by the Deferred Option and will then begin receiving retirement benefit payments as calculated at the time of election.
- In the 2003 Legislative Session, Senate Bill 688 and House Bill 1464 created a "Back" DROP for members of the System. The "Back" DROP is a modified deferred retirement option plan. The "Back" DROP allows the member flexibility by not having to commit to terminate

employment within 5 years. Once a member has met their normal retirement period of 20 years, the member can choose, upon retirement, to be treated as if the member had entered into the “Back” DROP. A member, however, cannot receive credit to the “Back” DROP account based upon any years prior to when the member reached their normal retirement date. Once a member is ready to retire, the member can make the election to participate in the “Back” DROP and can receive a “Back” DROP benefit based upon up to 5 years of participation. The member’s regular retirement benefit will not take into account any years of service credited to the “Back” DROP.

- In 2006, the Board approved a method of payment called the Deferred Option Payout Provision (the “Payout Provision”). The Payout Provision allows a retired member who has completed participation in the Deferred Option or the “Back” DROP the ability to leave their account balance in the Plan. The retired member’s account balance will be commingled and reinvested with the total assets, and therefore the member will not be able to direct their personal investments. Written election must be made to the Board no more than 30 days following the termination of employment.
- Upon participating in the Payout Provision, a retired member shall not be guaranteed a minimum rate of return on their investment. A retired member shall earn interest on their account as follows:
 - a) The retired member shall earn two percentage points below the net annual rate of return of the investment portfolio of the System.
 - b) If the portfolio earns less than a 2% rate of return, but more than zero, the retired member shall earn zero percentage points.
 - c) If the portfolio earns less than zero percentage points, there shall be a deduction from the retired member’s balance equal to the net annual rate of return of the investment portfolio of the System.

Interest as earned above shall be credited to the retired member’s account.

The Oklahoma Legislature has the authority to grant percentage increases or special one-time payments to persons receiving benefits from the Plan. Additionally, certain retirees are entitled to receive a cost-of-living adjustment (COLA) when a COLA is granted to active police officers in the retiree’s city. Participants eligible to receive both types of benefit increases are to receive the greater of the legislative increase or the benefit increase the participant would receive pursuant to the COLA provision.

Contributions – The Board has the authority to establish and amend the contribution requirements of the City and active employees. Members of the OPPRS are required to pay 8% of their base pay to the pension plan. The City is contractually required to pay 13% of base salary. For the year ended June 30, 2019, the total contribution to the system amounted to \$2,688,586 of which \$1,664,363 was made by the City and \$1,024,223 was made by the employees. These contributions represent 13% (City) and 8% (member) of covered payroll, actuarially determined as an amount that is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The total amount contributed to the system by the State of Oklahoma on behalf of the City was approximately \$1,640,000 and does not meet the criteria of a special funding situation.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2019, the City reported an asset of \$2,001,892, for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2018, and the total pension asset used to calculate the net pension liability (asset) was determined by an actuarial valuation as of July 1, 2018. The City’s proportion of the net pension liability (asset) was based on a projection of the City’s long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2018, the City’s proportion was 4.2026%

For the year ended June 30, 2019, the City recognized pension expense of \$1,415,764. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 11,823	\$ 1,875,775
Change in assumptions or other inputs	\$ 874,301	
Employer change in proportion and differences between contributions recognized and proportionate share of contributions	35,890	82,977
Net difference between projected and actual earnings on pension plan investments	1,042,462	
City's contributions subsequent to the measurement date	<u>1,664,363</u>	<u>-</u>
Total	<u>\$ 3,628,839</u>	<u>\$ 1,958,752</u>

At June 30, 2019, the City reported \$1,664,363 as deferred outflows of resources related to pensions resulting from City’s contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources totaling \$5,724 related to pensions will be recognized as a (reduction) or increase in pension expense as follows:

2020	\$ 1,047,897
2021	406,430
2022	(1,126,652)
2023	(371,058)
2024	<u>49,107</u>
	<u>\$ 5,724</u>

Actuarial Assumptions – The total pension liability in the July 1, 2018, actuarial valuations was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75% (3.00% as of July 1, 2017)
Salary increases	3.5% to 10.0%, average, including inflation (4.5% to 17.0% average, including inflation as of July 1, 2017)
Cost of living adjustments	Police officers eligible to receive increased benefits according to repealed Section 50-120 of Title 11 of the Oklahoma Statutes pursuant to a court order receive an adjustment of 1/3 to 1/2 of the increase or decrease of any adjustment to the base salary of a regular police officer, based on an increase in base salary.
Investment rate of return	7.5%, net of pension plan investment expense.

Mortality rates were based on the RP-2000 Blue Collar Healthy Combined with generational mortality improvement using Scale AA with age set back four years for active, pre-retirement employees. For active post-retirement employees, mortality rates were based on the RP-2000 Blue Collar Healthy Combined index with generational mortality improvement using Scale AA. For disabled pensioners, mortality rates index were based on the RP-2000 Blue Collar Healthy Combined index with age set forward four years.

The actuarial assumptions used in the July 1, 2018 valuation was based on the results of an actuarial experience study for the period July 1, 2012 through June 30, 2017.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	25%	4.53%
Domestic Equity	35%	5.86%
International Equity	15%	8.83%
Real Estate	10%	6.58%
Private Equity	10%	9.21%
Other Assets	<u>5%</u>	5.06%
	100%	

Discount Rate – The single discount rate used to measure the total pension liability was 7.5% for the measurement period ended June 30, 2018. The projection of cash flows used to determine the

discount rate assumed that employee contributions will be made at the current contribution rate and that participating employer contributions will be made at contractually required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate – The City's proportionate share of the net pension liability (asset) has been calculated using a discount rate of 7.5%. The following presents the City's proportionate share of the net pension liability (asset) calculated using a discount rate 1% higher and 1% lower than the current rate.

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
City's proportionate share of the net pension liability (asset)	\$ 9,286,157	\$ (2,001,892)	\$ (11,544,658)

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued OPPRS Plan financial report, which can be located at www.ok.gov/OPPRS/.

Other Postemployment Benefits

Plan Description – The City provides postemployment healthcare benefits (OPEB) for retired employees and their dependents through the City of Norman Postretirement Medical Plan (the Plan), a single-employer defined benefit healthcare plan. The benefits, coverage levels, employee contributions and employer contributions are governed by the City and can be amended by the City through its personnel manual and union contracts.

Benefits Provided – The City provides postretirement healthcare benefits to its retirees. The Plan covers all current retirees who elected postretirement medical coverage through the City and future retired general employees, police officers and firefighters.

All healthcare benefits are provided through the City's self insured health plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services and prescriptions. General employees are eligible for membership in the Plan if they retire from the City with eight years of service and with age and service totaling 70 points. Police officers and firefighters are eligible for benefits under the Plan if they retire from the City with 20 years of service. Coverage for dependants can continue upon the death of the retiree. Spouses of employees who die in active service eligible for benefits can receive coverage.

Membership – At July 1, 2017, membership consisted of:

Retirees and beneficiaries currently receiving benefits	100
Terminated employees entitled to benefits but not yet receiving them	0
Active employees	<u>757</u>
Total	<u>857</u>

Funding Policy – The plan participants are responsible for paying the full cost of their medical premium and the City is responsible for the claims and expenses in excess of participant contributions. As of June 30, 2019, no assets have been accumulated in a trust that meets the criteria in paragraph 4 of Statement 75. The net claims and expenses paid by the City are funded on a pay-as-you-go basis.

OPEB Liabilities, OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB – At June 30, 2019, the City reported a liability of \$11,505,478. The total OPEB liability was measured as of June 30, 2019, the total OPEB liability was determined by an actuarial valuation as of July 1, 2017 calculated based on the discount rate and actuarial assumptions and was then projected forward to the measurement date. No actuarial experience study has been performed.

For the year ended June 30, 2019, the City recognized OPEB expense of \$874,014. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 800,611	\$ -
Change in assumptions or other inputs	<u>346,104</u>	<u>908,602</u>
Total	<u>\$ 1,146,715</u>	<u>\$ 908,602</u>

At June 30, 2019, amounts reported as deferred outflows of resources and deferred inflows of resources totaling \$238,113 related to OPEB will be recognized as a (reduction) or increase in OPEB expense as follows:

2020	\$ 69,356
2021	69,356
2022	69,356
2023	69,356
2024	13,015
Thereafter	<u>(52,326)</u>
	<u>\$ 238,113</u>

Actuarial Assumptions – The total OPEB liability in the July 1, 2017, actuarial valuations was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial cost method	Entry Age Normal
Amortization method	
Level percent or level dollar	Level percent
Closed, open, or layered periods	Open

Amortization period at July 1, 2017	30 years
Amortization growth rate	2.50%
Inflation	2.30%
Discount rate for valuing liabilities	3.50%, based on the Bond Buyer 20 year General Obligation Index
Healthcare cost trend rates	4.5%/6.7% for non-Medicare/Medicare claims in 2018, gradually decreasing to an ultimate rate of 3.9%/4.0% for 2087 and beyond. 3.0% for dental claims in 2018 and future
Mortality rates	RP-2014 Blue Collar Mortality with separate pre- and post-commencement rates projected generationally using scale MP-2018

	Changes in Total OPEB Liability	
Balance, beginning of year, July 1, 2018	\$	10,999,326
Changes for the year:		
Service Cost		417,331
Interest on total OPEB Liability		387,327
Effect of assumptions changes or inputs		426,593
Benefit payments		<u>(725,099)</u>
Net changes		<u>506,152</u>
Balance, end of year, June 30, 2019	\$	<u>11,505,478</u>

Sensitivity of the City's Total OPEB Liability to Changes in the Discount Rate – The City's total OPEB liability has been calculated using a discount rate of 3.5%. The following presents the City's total OPEB liability calculated using a discount rate 1% higher and 1% lower than the current rate.

	1% Decrease (2.5%)	Current Discount Rate (3.5%)	1% Increase (4.5%)
Total OPEB liability	\$ 12,779,368	\$ 11,505,478	\$ 10,382,903

Sensitivity of the City's Total OPEB Liability to Changes in the current healthcare cost trend rates – The City's total OPEB liability has been calculated using a current healthcare cost trend rate (see assumptions). The following presents the City's total OPEB liability calculated using a current healthcare cost trend rate 1% higher and 1% lower than the current rate.

	1% Decrease	Current Rate	1% Increase
Total OPEB liability	\$ 9,980,109	\$ 11,505,478	\$ 13,294,197

Guaranty Deposits - At June 30, 2019, the guaranty deposit accounts of the City included the following deposit liabilities:

Governmental activities:

Oil and gas drilling escrow	\$239,600
Site improvements	6,354,387
Contractor's escrow	110,248
Park improvement	8,615
Court fines and bond deposits	63,049
Others	<u>279,809</u>
Total governmental activities	<u>\$7,055,708</u>

Business-type activities:

Utility deposits	<u>\$1,673,341</u>
------------------	--------------------

The above liabilities and related cash and cash equivalents have been presented as restricted assets in both the government-wide and fund financial statements.

Long-Term Debt

- a. *General Obligation Bonds* - General obligation bonds have been approved by the voters and issued by the City for various municipal improvements. These bonds are required to be fully paid within 25 years from the date of issue and are backed by the full faith and credit of the City.

Bonds, backed by property taxes, whose proceeds are dedicated to streets, rights-of-way, and limited access facilities, together with outstanding judgments against the City, are limited in total by State statute to 10 percent of the net assessed valuation of taxable property in the City. At June 30, 2019, the net assessed valuation approximated \$1,002,000,000 or \$1 billion. The City had no such bonds outstanding at June 30, 2019. There is no such limit on the issuance of other types of general obligation bonds.

General obligation bonds outstanding as of June 30, 2019 are as follows:

\$20,050,000 2012D General Obligation bonds (publicly traded), due in annual installments of \$1,055,000 to \$1,060,000 beginning December 1, 2014 through December 1, 2032 at interest rates ranging from 2.5% to 3.0% (for various street reconstruction projects)	\$ 14,775,000
\$22,525,000 2015 General Obligation bonds (publicly traded), due in annual installments of \$1,185,000 to \$1,195,000 beginning June 1, 2017 through June 1, 2035 at interest rates ranging from 0.5% to 4.00% (for various street reconstruction projects)	18,970,000
\$7,775,000 2016A General Obligation bonds (publicly traded), due in annual installments of \$365,000 to \$795,000 beginning June 1, 2017 through July 1, 2027 at interest rates ranging from 4.0% to 5.0% (for refunding of the City's Series 2005A and 2007A Combined Purpose General Obligation Bonds)	5,485,000
\$10,000,000 2019A General Obligation bonds (publicly traded), due in annual installments of \$5,000,000 beginning June 1, 2021 through June 1, 2022 at an interest rate of 2.5% (for various street reconstruction projects)	10,000,000
\$20,000,000 2019B General Obligation bonds (publicly traded), due in annual installments of \$1,050,000 to \$1,100,000 beginning June 1, 2021 through June 1, 2039 at interest rates ranging from 2.0% to 3.0% (for various street reconstruction projects)	<u>20,000,000</u>
Total general obligation bonds	<u>\$ 69,230,000</u>

Annual debt service requirements to maturity for general obligation bonds are as follows:

Fiscal Year	Principal	Interest	Total
2020	\$ 3,025,000	\$ 1,980,295	\$ 5,005,295
2021	9,080,000	1,884,395	10,964,395
2022	9,085,000	1,654,095	10,739,095
2023	4,085,000	1,399,845	5,484,845
2024	4,085,000	1,278,545	5,363,545
2025 – 2029	17,975,000	5,051,456	23,026,456
2030 – 2034	15,400,000	2,555,649	17,955,649
2035 - 2039	<u>6,495,000</u>	<u>595,595</u>	<u>7,090,595</u>
Total	<u>\$ 69,230,000</u>	<u>\$ 16,399,875</u>	<u>\$ 85,629,875</u>

- b. *Revenue Bonds* - Revenue Bonds outstanding consist of debt issued by the NUA. The bonds are not indebtedness of the State of Oklahoma or of the City, but are obligations payable solely from resources of the NUA.

The revenue bonds outstanding as of June 30, 2019 are as follows:

\$2,315,000 Norman Municipal Authority, Recreation Facilities Revenue Bonds, Series 2002 (publicly traded), due in annual installments of \$75,000 to \$195,000 from June 1, 2004 through June 1, 2022 at interest rates from 3.5% to 6.125%	<u>\$ 545,000</u>
Total revenue bonds	<u>\$ 545,000</u>

Annual debt service requirements to maturity for revenue notes/bonds are as follows:

Fiscal Year	Principal	Interest	Total
2020	\$ 170,000	\$ 33,381	\$ 203,381
2021	180,000	22,969	202,969
2022	<u>195,000</u>	<u>11,944</u>	<u>206,944</u>
Total	<u>\$ 545,000</u>	<u>\$ 68,294</u>	<u>\$ 613,294</u>

The Municipal Revenue Bonds Series 2002 (\$2,315,000) are collateralized by the revenues from the operation of the Westwood facility and room tax revenue collected by the City as defined in the bond indenture. Proceeds were used to complete capital project improvements to the golf course property. As stated above, the bonds are payable solely from Westwood facility operations and room tax collections and are payable through 2022. Annual principal and interest payments on the bonds are expected to require approximately 12 percent of net revenues. The total principal and

interest remaining to be paid on the bonds is \$613,294. Principal and interest paid for the current year was \$203,182. Total Westwood revenues and room tax collections were \$3,536,884 for the current year.

Certain of the bonds may be called for redemption prior to maturity at the option of NUA in accordance with the redemption terms stated in the bond indentures. In the event of a default, the bonds shall become due and payable on demand in an amount equal to the principal outstanding plus all interest accrued thereon and which will accrue thereon the date of payment, provided upon written concurrence of all the Credit Facility Providers, if any.

c. *Notes Payable* - Notes payable as of June 30, 2019 are as follows:

\$3,590,000 sanitation system direct placement loan payable to various holders due in semi-annual installments ranging from \$95,000 to \$155,000 beginning October 1, 2010 through October 1, 2024. The loan has a 3.45% interest rate.	\$ 1,580,000
\$17,505,000 Norman Utilities Authority, Utility Revenue Notes, Refunding Series 2015 (direct placement), due in annual installments of \$730,000 to \$1,315,000 from November 1, 2015 to November 1, 2026, at an interest rate of 2.13%	10,315,000
\$22,825,000 Norman Municipal Authority Revenue Note, Taxable Series 2015 (direct placement), due in annual payments ranging from \$900,000 to \$1,185,000 beginning September 1, 2016 through March 1, 2027. The loan has a 2.33% interest rate.	17,235,000
\$43,160,000 Norman Municipal Authority Revenue Note, Taxable Series 2015B (direct placement), due in annual payments ranging from \$500,000 to \$5,845,000 beginning January 1, 2017 through January 1, 2029. The loan has a 2.98% interest rate.	40,660,000
\$30,950,000 Norman Municipal Authority Revenue Note, Taxable Series 2017 (direct placement), due in annual payments ranging from \$400,000 to \$3,450,000 beginning January 1, 2018 through July 1, 2030. The loan has a 3.00% interest rate.	29,750,000
\$9,380,000 Norman Utilities Authority Revenue Note, Refunding Series 2016, due in annual installments ranging from \$190,000 to \$755,000 beginning September 1, 2016 through September 1, 2030. The loan has a 2.23% interest rate.	7,755,000
\$6,105,000 Norman Municipal Authority Revenue Note, Taxable Series 2017B (direct placement), due in annual payments ranging from \$490,000 to \$655,000 beginning June 1, 2018 through December 1, 2022. The loan has a 2.16% interest rate.	4,420,000

Authorized, but not issued, \$8,250,000 Norman Tax Increment Finance Authority Norman University North Park Project Plan Tax Apportionment Revenue Note, Series 2011 (direct placement), due in annual installments beginning July 1, 2012 through June 30, 2031, at interest rates not to exceed 8%. -

Authorized, but not issued, \$8,250,000 Norman Tax Increment Finance Authority Norman University North Park Project Plan Revenue Note, Series 2011 (direct placement), due in annual installments beginning July 1, 2012 through June 30, 2031, at interest rates not to exceed 8%. -

Total notes payable \$ 111,715,000

Annual debt service requirements to maturity for notes payable are as follows:

Fiscal Year	Principal	Interest	Total
2020	\$ 8,413,964	\$ 2,936,156	\$ 11,350,120
2021	9,219,124	2,737,736	11,956,860
2022	9,869,318	2,523,612	12,392,930
2023	10,814,548	2,288,100	13,102,648

2025 – 2029	59,769,246	5,519,510	65,288,756
2030 – 2034	14,171,202	483,676	14,654,878
2035 – 2039	4,332,786	87,040	4,419,826
Less unfunded notes *	<u>(16,500,000)</u>	<u>-</u>	<u>(16,500,000)</u>
Total	<u>\$ 111,715,000</u>	<u>\$ 18,597,605</u>	<u>\$ 130,312,605</u>

Certain of the bonds may be called for redemption prior to maturity at the option of NUA/NMA in accordance with the redemption terms stated in the bond indentures. In the event of a default, the bonds shall become due and payable on demand in an amount equal to the principal outstanding plus all interest accrued thereon and which will accrue thereon the date of payment, provided upon written concurrence of all the Credit Facility Providers, if any.

- d. *Oklahoma Water Resource Board (OWRB) Notes Payable* – OWRB notes payable as of June 30, 2019 are as follows:

\$4,850,000 Clean Water SRF direct borrowing loan payable to the OWRB due in semi-annual installments ranging from \$124,677 to \$136,239 beginning September 15, 2000 through September 15, 2019. The loan has a 0% interest rate plus an administrative fee of 0.5% per annum.	\$ 124,359
\$4,964,024 Clean Water SRF direct borrowing loan payable to the OWRB due in annual installments ranging between \$212,595 and \$349,740 beginning September 15, 2013 through March 15, 2031. The loan has a 2.91% interest rate.	3,590,226
\$50,300,000 Clean Water SRF direct borrowing loan payable to the OWRB due in annual installments ranging from \$1,410,000 to \$3,880,000 beginning March 15, 2015 and ending September 15, 2029. The loan has a 1.75% interest rate with a .5% administration fee.	29,224,832
Authorized, but not fully issued, \$31,000,000 Drinking Water SRF direct borrowing loan payable to the OWRB due in annual payments ranging from \$1,140,000 to \$1,935,000 beginning October 1, 2019 through October 1, 2039. The loan has a 2.82% interest rate. As of June 30, 2019 only \$21,623,038 has been drawndown.	21,623,038
\$12,000,000 Drinking Water direct borrowing loan payable to the OWRB due in annual payments ranging from \$300,000 to \$865,000 beginning October 1, 2019 through October 1, 2038. The loan has an interest rate ranging from 3.2% to 5.2%.	<u>12,000,000</u>
Total OWRB loans payable	<u>\$ 66,562,455</u>

Annual debt service requirements to maturity for notes payable are as follows:

Fiscal Year	Principal	Interest	Total
2020	\$ 4,967,505	\$ 1,942,100	\$ 6,909,605
2021	5,060,950	1,995,741	7,056,691
2022	5,193,706	1,868,520	7,062,226
2023	5,331,693	1,733,872	7,065,565
2024	5,464,723	1,590,677	7,055,400
2025 – 2029	23,866,456	5,730,353	29,596,809
2030 – 2034	11,929,384	3,286,247	15,215,631
2035 – 2039	13,145,000	1,327,701	14,472,701
2040	980,000	19,458	999,458
Less unfunded notes *	<u>(9,376,962)</u>	<u>-</u>	<u>(9,376,962)</u>
Total	<u>\$ 66,562,455</u>	<u>\$ 19,494,669</u>	<u>\$ 86,057,124</u>

- e. *Applicability of Federal Arbitrage Regulations* – Debt issuances of the City and Authorities issued after the Tax Reform Act of 1986 are subject to the federal arbitrage regulations. The arbitrage rebate regulations require that all earnings from the investment of gross proceeds of a bond issue in excess of the amount that could have been earned had the yield on the investment been equal to the yield on the bonds be remitted to the federal government. These carry strict penalties for noncompliance including taxability of interest retroactive to the date of the issue. The City’s management believes the City is in compliance with these rules and regulations.

* - Relates to \$31,000,000 Drinking Water SRF loan and \$16,500,000 of the Norman TIF Notes Payable.

Changes in Long-term Liabilities – Long-term liability activity for the year ended June 30, 2019, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year

On June 28, 2011, the City adopted ordinance O-1011-58 changing the City's reserve policy. The ordinance establishes that the General Fund will have an unappropriated reserve of at least three percent (3%) of annually budgeted expenditures, in addition to an appropriated emergency reserve of one percent (1%) of annually budgeted expenditures. In addition, the ordinance establishes the Net Revenue Stabilization Fund (i.e., "Rainy Day Fund") which has a targeted balance of not less than four and a half percent (4.5%) but not more than six percent (6%) of annually budgeted General Fund expenditures. Further, expenditures of the reserved amounts may occur only when specific circumstances exist. As of June 30, 2019 the Rainy Day Fund had a balance of \$3,794,419.

6. RISK MANAGEMENT

The City is self-insured against the following risks:

- Employee health claims to a maximum liability of \$250,000 per employee per year.
- Workers compensation claims.
- Unemployment benefits.
- General liability and property damage, except for buildings and contents and employee surety bonds for which the City has purchased commercial insurance.

Employee health claims in excess of the \$250,000 limit are covered by insurance. The City’s unpaid claims liability of \$2,500,122 reported at June 30, 2019 is based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. However, events could occur that would cause the estimate for unpaid claims liability to differ materially in the near term. The claims liability for health claims incurred but not reported is estimated by management using a three-month claims lag analysis. These amounts are recorded as a current liability within both the government-wide and governmental fund financial statements. The claims liability for workers compensation claims and judgments is estimated using legal counsel’s opinion of probable outcome of litigation plus an estimate of claims experience for incurred but unreported claims. These amounts are recorded as long-term liabilities within the government-wide financial statements. A liability for these amounts are recorded in governmental funds when they become due and payable. As of June 30, 2019, no liability has been recognized in the governmental fund financial statements. There are no allocated or unallocated claim adjustment expenditures/expenses included in the liability for unpaid claims.

At June 30, 2019, the City maintained commercial insurance coverage for building and contents and employee theft. In the past three years, the City has had no losses that exceeded commercial insurance coverage. Changes in the reported liability are as follows:

	Balance at Beginning of Year	Current Year Claims and Changes in Estimates	Claim Payments	Balance at End of Year
Fiscal year 2018	<u>\$ 3,700,122</u>	<u>\$ 9,951,720</u>	<u>\$ (11,151,720)</u>	<u>\$ 2,500,122</u>
Fiscal year 2019	<u>\$ 2,500,122</u>	<u>\$ 11,068,146</u>	<u>\$ (11,068,146)</u>	<u>\$ 2,500,122</u>

7. SEGMENT INFORMATION

The City operates various segments within its enterprise funds. Condensed financial statement information for these segments for the year ended June 30, 2019 was as follows:

	Norman Municipal Authority

8. COMMITMENTS AND CONTINGENCIES

Litigation - The City is party to various legal proceedings which normally occur in governmental operations. Management and management's counsel do not believe these legal proceedings will have a material adverse impact on the affected funds of the City. However, events could occur in the near term that would cause these estimates to change materially. Resulting judgments will be paid from ad valorem taxes to be received over a three-year period. At June 30, 2019, the City maintained a litigation reserve, including judgments that have been awarded but not yet paid, of approximately \$408,000.

Federal Grants - In the normal course of operations, the City receives grant funds from various federal agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to insure compliance with conditions precedent to the granting of funds. Management does not believe any liability for reimbursement which may arise as the result of these audits will be material.

Lease Commitments - The City has entered into a number of operating leases, all of which contain cancellation provisions that are subject to annual appropriations by the City Council. For the year ended June 30, 2019, rent expenditures approximated \$555,000 for all operating leases. These expenditures were made primarily from the General Fund.

Water Revenues - The City entered into a contract with the Central Oklahoma Master Conservancy District (the "District") in 1961 (subsequently modified in 1963) for the purchase of water and operation of water facilities. In general, the contract provides for reimbursing the District for costs of providing the City with water from Lake Thunderbird. The contract is effective for a term of fifty years beginning with the first calendar year during which water was used by the City (1965). During the year ended June 30, 2019, the City paid the District \$1,228,088.

Construction In Progress - Construction in progress is authorized by actions of the City Council (governing body). A summary of construction in progress as of June 30, 2019 is as follows:

	Total Construction In Progress	Total Project	Remaining To Complete
General Government	\$ 69,089,640	\$ 138,602,838	\$ 69,513,198
Norman Municipal Authority:			
Sanitation	263,587	2,103,750	1,840,163
Norman Utilities Authority:			
Water Fund	37,544,476	74,700,649	37,156,173
Wastewater Fund	<u>1,631,609</u>	<u>62,301,907</u>	<u>60,670,298</u>
	<u>\$ 108,529,312</u>	<u>\$ 277,709,144</u>	<u>\$ 169,179,832</u>

The City also contributes to certain State and Federal aid projects which are administered by the State of Oklahoma Department of Highway. The City is billed by the Highway Department for these projects at various stages of completion, subject to Federal audits of the project costs.

Encumbrances – As discussed in note three above, budgetary information, budgetary basis of accounting, encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At June 30, 2019 the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

General fund	\$ 2,541,165
Public safety sales tax fund	2,991,401
Capital projects fund	12,995,193
Norman forward fund	6,283,683
Nonmajor governmental funds	3,162,150
Total	<u>\$ 27,973,592</u>

9. SUBSEQUENT EVENTS

On November 12, 2019, voters approved a 1/8th of one percent sales tax to fund public transportation costs.

10. RECENTLY ISSUED ACCOUNTING STANDARDS

The following accounting standards have been recently issued and will be adopted as applicable by the City in future years.

GASB Statement No. 84, *Fiduciary Activities*

GASB Statement No. 84 establishes criteria for identifying fiduciary activities. It presents separate criteria for evaluating component units, pension and other postemployment benefit arrangements, and other fiduciary activities. The focus is on a government controlling the assets of the fiduciary activity and identification of the beneficiaries of those assets. Fiduciary activities are reported in one of four types of funds: pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds or custodial funds. Custodial funds are used to report fiduciary activities that are not held in a trust. The agency fund designation will no longer be used. GASB Statement No. 84 also provides guidance on fiduciary fund statements and timing of recognition of a liability to beneficiaries.

GASB Statement No. 84 is effective for financial statements for fiscal years beginning after December 15, 2018 (effective for the City's June 30, 2020, year-end). Earlier application is encouraged.

GASB Statement No. 87, *Leases*

The objective of GASB Statement No. 87 is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. GASB Statement No. 87 increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under GASB Statement No. 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

GASB Statement No. 87 is effective for financial statements for fiscal years beginning after December 15, 2019 (effective for the City's June 30, 2021, year-end). Earlier application is encouraged.

GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*

The objectives of GASB Statement No. 89 are 1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and 2) to simplify accounting for interest cost incurred before the end of a construction period.

GASB Statement No. 89 establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5–22 of GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989, FASB and AICPA Pronouncements*, which are superseded by GASB Statement No. 89. GASB Statement No. 89 requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund.

GASB Statement No. 89 also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles.

GASB Statement No. 89 is effective for reporting periods beginning after December 15, 2019 (effective for the City's June 30, 2021, year-end). Earlier application is encouraged.

GASB Statement No. 90, Majority Equity Interests – an amendment of GASB Statements No. 14 and No. 61

The primary objectives of GASB Statement No. 90 are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value.

For all other holdings of a majority equity interest in a legally separate organization, a government should report the legally separate organization as a component unit, and the government or fund that holds the equity interest should report an asset related to the majority equity interest using the equity method. GASB Statement No. 90 establishes that ownership of a majority equity interest in a legally separate organization results in the government being financially accountable for the legally separate organization and, therefore, the government should report that organization as a component unit.

GASB Statement No. 90 also requires that a component unit in which a government has a 100 percent equity interest account for its assets, deferred outflows of resources, liabilities and deferred inflows of resources at acquisition value at the date the government acquired a 100 percent equity interest in the component unit. Transactions presented in the financial statements of the component unit, in that circumstance, should include only transactions that occurred subsequent to the acquisition.

GASB Statement No. 90 is effective for reporting periods beginning after December 15, 2018 (effective for the City's June 30, 2020, year-end). Earlier application is encouraged.

GASB Statement No. 91, Conduit Debt Obligations

The primary objectives of GASB Statement No. 91 are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with 1) commitments extended by issuers, 2) arrangements associated with conduit debt obligations and 3) related note disclosures. GASB Statement No. 91 achieves those objectives by clarifying the existing definition of a conduit debt obligation, establishing that a conduit debt obligation is not a liability of the issuer, establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations, and improving required note disclosures.

GASB Statement No. 91 is effective for reporting periods beginning after December 15, 2020 (effective for the City's June 30, 2022, year-end). Earlier application is encouraged.

Changes in Benefit Terms:

During the 2018 legislative session House Bill 1340 was passed to provide most OPPRS Plan retirees with a one-time, non-permanent benefit payment. This payment equaled 2.00% of a retiree's gross annual retirement benefit, subject to a cap of \$1,400 and a floor of \$350 if all eligibility requirements were met.

Changes of Assumptions:

For the fiscal year beginning July 1, 2018, certain changes in assumptions, to the OPPRS Plan, were made based on the Plan's most recent actuarial experience study covering the July 1, 2012 to June 30, 2017 period. In addition to updates for retirement rates and termination rates to better fit experience, the following significant changes in assumption were made:

Changes in Assumptions	Previous Assumption	New Assumption
<i>Economic Assumption Changes:</i>		
Salary Scale Rates	4.5% to 17.0%	3.5% to 10%
Price Inflation	3.00%	2.75%
Interest Credit on DOP Balances	7.75%	11.00%
Real Wage Growth	N/A	0.75%
COLA Basis (Baker Case Group Only)	3.00%	3.50%
<i>Demographic Assumption Changes:</i>		
Severity of Disability Aware Percentage	50.00%	75.00%
<i>Actuarial Assumption Changes:</i>		
Amortization of UAAL when in Surplus (Funded over 100%)	When the UAAL is a surplus, it is amortized over an open 30-year period	
Amortization of UAAL when in Deficit (Funded under 100%)	When the UAAL is a deficit, it is amortized over an open five-year period	

THE CITY OF NORMAN, OKLAHOMA

SCHEDULE OF CHANGES IN THE CITY'S TOTAL OPEB LIABILITY AND RELATED RATIOS LAST TEN FISCAL YEARS

	<u>2018</u>	<u>2019</u>
Total OPEB Liability		
Service cost	\$ 363,920	\$ 417,331
Interest	423,574	387,327

Statistical Section

STATISTICAL SECTION

This part of the City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents	Page
Financial Trends	110-115
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	116-118
These schedules contain information to help the reader assess the City's most significant local revenue source, the sales tax.	
Debt Capacity	119-123
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
Demographic and Economic Information	124-125
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	
Operating Information	126-128
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Subtotal, overlapping debt	290,135		104,895
City of Norman direct debt			<u>163,099</u>
Total direct and overlapping debt			<u>\$ 267,994</u>

Sources: Assessed value data used to estimate applicable percentages and debt outstanding provided by the Cleveland County Assessor.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and business of the City of Norman. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

¹ The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the City's boundaries and dividing it by the county's total taxable assessed value.

¹ Article X, Section 26 of the Oklahoma Constitution states that bonds issued for road and/or bridge improvements cannot exceed ten percent (10%) of the net assessed valuation (gross valuation minus homestead) of the City.

² Article X, Section 27 of the Oklahoma Constitution authorizes cities and towns to issue bonds for utilities. The courts have defined utilities broadly as anything used by the public. If the City's debt exceeds 30% of its net assessed valuation, the City can still sell its general obligation bonds; however, due to collateralization requirements, it may be difficult to attract Oklahoma banks to bid on the bonds and therefore affect the marketability of the bonds.

City of Norman, Oklahoma
Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2019

Notes to Schedule

1. The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the City of Norman, Oklahoma (the City) under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the City.
2. Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in the U.S. Office of Management and Budget Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The City has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of
Financial Statements Performed in Accordance with
Government Auditing Standards**

Independent Auditor's Report

Honorable Mayor and City Council
City of Norman, Oklahoma
Norman, Oklahoma

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Norman, Oklahoma (the City), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 6, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Honorable Mayor and City Council
City of Norman, Oklahoma

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Norman, Oklahoma

Report on Compliance for Each Major Federal Program

We have audited the City of Norman, Oklahoma's (the City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2019. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Honorable Mayor and City Council
City of Norman, Oklahoma

Opinion on Each Major Federal Program

In our opinion, the City of Norman, Oklahoma, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated December 6, 2019, which contained an unmodified opinion. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the

Honorable Mayor and City Council
City of Norman, Oklahoma

responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.
