INDEPENDENT AUDITOR'S REPORT

To the Honorable Board of Trustees
Town of Wister
Wister, Oklahoma 74966

We have audited the accompanying modified cash basis financial statements of Town of Wister, Wister, Oklahoma, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified-cash basis financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Wister, as of June 30, 2019,

and the respective changes in modified-cash basis net assets and cash flows thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole that collectively comprise the Town of Wister's basic financial statements. The budgetary comparison information on page 28, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

The Town has not presented the Management's Discussion and Analysis. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on these financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated October 11, 2019, on our consideration of the Town's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees
Town of Wister
Wister, Oklahoma 74966

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Town of Wister as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements and have issued our report thereon, dated October 11, 2019. Town of Wister has not presented the Management's Discussion and Analysis that the Governmental Accounting Standards Board requires to supplement, although not be a part of, the basic financial statements.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion

on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTES TO THE FINANCIAL STATEMENTS

TOWN OF WISTER, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

1. Summary of Significant Accounting Policies

The financial statements are presented on a modified cash basis of accounting. This modified basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide financial statements and the fund financial statements for the proprietary funds, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied, to the extent they are applicable to the modified cash basis of accounting, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails. The following represent the more significant accounting and reporting policies and practices of the Town.

Reporting Entity - The financial statements include all activities, which should be included as determined by Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*. In accordance with Statement No. 14, the financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statement to be misleading or incomplete.

The primary government is financially accountable if it appoints a voting majority of the organization's governing body and, 1) it is able to impose its will on that organization, or 2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. The primary government may be financially accountable if an organization is fiscally dependent on the primary government regardless of whether the organization has 1) a separately elected governing board, 2) a governing board appointed by a higher level of government, or 3) a jointly appointed board.

The reporting entity's financial statements should present the fund types and account groups of the primary government, including its blended component units, which are, in substance, part of the primary government, and provide an overview of the discretely presented component units.

TOWN OF WISTER, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

1. **Summary of Significant Accounting Policies – contd.**

A component unit should be included in the reporting entity's financial statements using the blending method in either of these circumstances:

- a) The component unit's governing body is substantively the same as the governing body of the primary government.
- b) The component unit provides services entirely, or almost entirely, to the primary government or otherwise exclusively, or almost exclusively, benefits the primary government even though it does not provide services directly to it.

Discrete presentation of component units entails reporting component unit financial data in a column separate from the financial data of the primary government.

The primary government in the financial reporting entity of the Town of Wister, is the Town of Wister. The component unit, which has been included in the reporting entity using the blending method, is the Wister Public Works Authority. This component unit was blended into the primary government since it met both of the criteria above to be included using the blending method.

No other entities or organizations were determined to be financially accountable to the primary government, nor was the nature or significance of their relationship with the primary government such that their exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Based on the foregoing criteria the Wister Public Works Authority is included in the Town's annual financial report as a blended component unit. Separate financial statements for the blended component unit have not been prepared.

A. BASIS OF PRESENTATION

Government-Wide Financial Statements

The Statement of Net Asset and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

TOWN OF WISTER, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

1. **Summary of Significant Accounting Policies** – contd.

A. BASIS OF PRESENTATION – contd.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. The Town presently has no fiduciary funds. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The funds of the financial reporting entity are described below:

Governmental Funds

General Fund

The general fund is the primary operating fund of the Town and always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Proprietary Funds

Enterprise Funds

Enterprise funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges, and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes the following enterprise fund that is reported as a major fund:

TOWN OF WISTER, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

1. **Summary of Significant Accounting Policies** – contd.

A. BASIS OF PRESENTATION

Enterprise Funds –contd.

Wister Public Works Authority – The Wister Public Works Authority (WPWA) was created February 8, 1972 to finance, develop, and operate the water, wastewater, and sanitation activities of the Town. Current Town Council serves as the entire governing Body (Trustees). Debt issued by the WPWA requires two-thirds (2/3) approval of the Town Council.

B. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe “how” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

MEASUREMENT FOCUS

In the government-wide Statement of Net Assets and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus, within the limitations of the modified cash basis of accounting, as defined in item b below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus, as applied to the modified cash basis of accounting, is used as appropriate:

- a. All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available expendable financial resources during a given period. These funds use fund balance as their measure of available expendable financial resources at the end of the period.
- b. The proprietary fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or non-current, financial, or non-financial) associated with their activities are reported. Proprietary fund equity is classified as net assets.

TOWN OF WISTER, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

1. **Summary of Significant Accounting Policies – contd.**

B. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – contd.

BASIS OF ACCOUNTING

In the government-wide Statement of Net Assets and Statement of Activities and the fund financial statements, governmental, business-like, and component units activities are presented using a modified cash basis of accounting. This basis recognizes assets, liabilities, net assets/fund equity, revenues, and expenditures/expenses when they result from cash transactions with a provision for depreciation in the government-wide statements, proprietary fund statements, and the similar discretely presented component unit statements. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) *are not recorded* in these financial statements.

If the Town utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

C. ASSETS, LIABILITIES, AND FUND EQUITY

CASH AND CASH EQUIVALENTS - For the purpose of financial reporting, “cash and cash equivalents” includes all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less.

INVESTMENTS – Investments classified in the financial statements consist entirely of certificate of deposit whose original maturity exceeds three month. Investments are carried at cost, which approximates fair value.

TOWN OF WISTER, OKLAHOMA

1. **Summary of Significant Accounting Policies – contd.**

C. ASSETS, LIABILITIES, AND FUND EQUITY – contd.

CAPITAL ASSETS - Expenditures for property and equipment of governmental funds and expendable trust funds are recorded as fund expenditures; however, no detail fixed assets records are maintained for such assets still in service.

Fixed assets acquired by the Enterprise Funds are not capitalized as property and equipment within the Funds. No detail fixed assets records are maintained for such assets still in service. Therefore, financial statements of the Enterprise Funds do not contain a provision for depreciation expense.

LONG-TERM DEBT – All long-term debt arising from modified cash basis transactions to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements.

Long-term debt arising from modified cash basis transactions of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund financial statements as the treatment in the government-wide statements.

EQUITY CLASSIFICATION

Government-Wide Statements

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- b. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets – All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

TOWN OF WISTER, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

1. **Summary of Significant Accounting Policies** – contd.

C. ASSETS, LIABILITIES, AND FUND EQUITY – contd.

EQUITY CLASSIFICATION - contd.

It is the Town's policy to first use restricted net assets prior to the use of unrestricted net assets when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Fund Financial Statements

Governmental fund equity is classified as fund balance. Proprietary fund equity is classified the same as in the government-wide statements.

D. REVENUES, EXPENDITURES, AND EXPENSES

PROGRAM REVENUES

In the Statement of Activities, modified cash basis revenues that are derived directly from activity or from parties outside the Town's taxpayers are reported as program revenues. The Town has the following program revenues in each activity:

General Government – Licenses and permits.

Public Safety – Fine revenue and Fire run revenue.

Street & Public Works – Commercial vehicle and gasoline excise tax shared by the State.

All other governmental revenues are reported as general. All taxes are classified as general revenue even if restricted for a specific purpose.

OPERATING REVENUES AND EXPENSES

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, non-capital financing, or investing activities.

1. **Summary of Significant Accounting Policies** – contd.

E. INTERNAL AND INTERFUND BALANCES AND ACTIVITIES

During the course of normal operations, the Town has numerous transactions between funds, including expenditures and transfer of resources to provide services, construct assets and service debt. The accompanying financial statements generally reflect such transactions as operating transfers. Operating subsidies are also recorded as operating transfers. Non-recurring or non-routine transfers of equity are reported as residual equity transfers.

F. USE OF STATEMENTS

The preparation of financial statements in conformity with the other comprehensive basis of accounting (OCBOA) used by the Town requires management to make estimates and assumptions that affect certain reported amounts and disclosures (such as estimated useful lives in determining depreciation expense); accordingly, actual results could differ from those estimates.

2. **Deposits and Investments**

The Town's cash deposits, including interest-bearing certificates of deposit, are entirely covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the Town or by its agent in the Town's name.

3. **Restricted Assets**

Restricted assets recorded in the enterprise fund, the Wister Public Works Authority, is the meter deposit fund.

At June 30, 2019, the Town had the following restricted assets:

Wister Public Works Authority –	
Meter deposit fund –	
Held for refund to water customers	\$ <u>53,377</u>

4. Long-term Debt

The reporting entity's long-term debt arising from cash transactions is segregated between the amounts to be repaid from governmental activities and amounts to be repaid from business-type activities.

GOVERNMENTAL ACTIVITIES

Lease Purchase Obligations:

As of June 30, 2019 the long-term debt, arising from cash transactions, payable from governmental fund resources consisted of the following:

The following is a summary of the long-term debt transactions of the Town for the year ended June 30, 2019:

BUSINESS-TYPE ACTIVITIES

Lease Purchase Obligations:

As of June 30, 2019, the long-term debt, arising from cash transactions, payable from business-type fund resources consisted of the following:

The following is a summary of the long-term debt transactions of the Authority for the year ended June 30, 2019:

	Capital <u>Leases</u>
Balance, July 1, 2018	\$ 166,841
Additions	0
Retirements	<u>(27,258)</u>
Balance, June 30, 2019	<u>\$ 139,583</u>

A brief description of the outstanding long-term debt at June 30, 2019 is set forth below:

	<u>Amount outstanding</u>
<u>Capital Leases</u>	
Lease agreement for sewer improvements, totaling \$190,911, dated 2/4/14, interest rate of 5.9%, due in monthly installments of \$2,109.93 beginning 3/7/14, final payment due 2/07/2024;	\$ 103,054
Lease agreement for sewer pumps, totaling \$53,570, dated June 14, 2017, interest rate of 3.36%, due in monthly installments of \$833.65, beginning July 2017, with final payment due May, 2023;	<u>36,529</u>
Total	<u>\$ 139,583</u>

**TOWN OF WISTER, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS

4. Long-term Debt – contd.

The annual debt service requirements for the retirement of capital lease principal and interest are as follows:

Year ending <u>June 30</u>	<u>Principals</u>	<u>Interest</u>	<u>Total</u>
2020	28,671	6,652	35,323
2021	30,189	5,134	35,323
2022	31,767	3,556	35,323
2023	32,451	1,883	34,334
2024	<u>16,505</u>	<u>358</u>	<u>16,863</u>
Totals	<u>\$ 139,583</u>	<u>17,583</u>	<u>157,166</u>

5. Compensated Absences

The Town requires its employees to take vacation within the year in which it is earned. Accumulated vacation, at June 30, 2019, is not material to the financial statements.

6. Inter-fund Transactions

Transfers are used to 1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, 2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and 3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The Town reports inter-fund balances between many of its funds. Some of the balances are considered immaterial and are aggregated into a single fund type. The total of all balances agree with the sum of inter-fund balances presented in the statement of net assets. There were no inter-fund balances, as of June 30, 2019.

7. Employee Pension Plans

The Town does not participate in any retirement plan for its employees other than make payments to the Oklahoma Firefighters Pension Fund for volunteer firefighters.

TOWN OF WISTER, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2019

8. Commitments and Contingencies

The Town participates in a number of state and federally assisted grant programs. These programs are subject to financial and compliance audits by the grantors or their representatives. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. The amount for expenditures that may be disallowed by the granting agencies cannot be determined at this time although it is believed by the Town that the amount, if any, would not be significant.

9. Subsequent Events

Management has evaluated subsequent events through the date of the audit report, which is the date the financial statements were available to be issued and have determined that no additional information needs to be added to the financial statements.
