COUNTY ASSESSOR
Charlotte Hamilton

The County Assessor has the responsibility to appraise and assess the real and personal property within the county for the purpose of ad valorem taxation. Also, the County Assessor is required to compute the ad valorem taxes due on all taxable property. The County Assessor appraises all the taxable real and personal property according to its fair cash value for which the property is actually being used as of January 1 of the taxable year at the percentages provided for in Article 10, § 8 of the Oklahoma Constitution.

The County Assessor is required to build and maintain permanent records of the taxable real property and tax exempt real property within the county. Information entered on each record includes the property's legal description, owner's name and address, and the homestead exemption status of the owner.

The County Clerk reviews all the claims for payment of goods and services purchased or contracted by the county, and prepares the proper warrants for payment of those goods and services and the county payroll. The County Clerk, or his or her designated deputy, serves as the purchasing agent for the county. This system is a means to ensure the public that tax dollars are being spent appropriately.

Various records within the different county offices are classified as “open records.” As such, they can be reviewed and mechanically copied by the public.

As the county's chief administrative body, the three County Commissioners must make major financial decisions and transactions. The Board has the official duty to ensure the fiscal responsibility of the other county officers who handle county funds. The review and approval procedures empowered to the Board of County Commissioners are a means to provide the public with a fiscally efficient system of county government.

AD VALOREM TAX DISTRIBUTION
SHARE OF THE AVERAGE MILLAGE
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

Property taxes are calculated by applying a millage rate to the assessed valuation of property. Millage rates are established by the Oklahoma Constitution. One mill equals one-thousandth of a dollar. For example, if the assessed value of a property is \$1,000.00 and the millage rate is 1.00, then the tax on that property is \$1.00. This chart shows the different entities of the County and their share of the various millages as authorized by the Constitution.

Independent Auditor's Report

TO THE OFFICERS OF COMANCHE COUNTY, OKLAHOMA

We have audited the combined totals—all funds of the accompanying Combined Statement of Receipts, Disbursements, and Changes in Cash Balances of Comanche County, Oklahoma, as of and for the year ended June 30, 2010, listed in the table of contents as the basic financial statement. This financial statement is the responsibility of Comanche County's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, this financial statement was prepared using accounting practices prescribed or permitted by Oklahoma state law, which practices differ from accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the matter discussed in the preceding paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Comanche County as of June 30, 2010, or changes in its financial position for the year then ended.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the combined total of receipts, disbursements, and changes in cash of Comanche County for the year ended June 30, 2010, on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 20, 2011, on our consideration of Comanche County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial

reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the combined total of all funds within the basic financial statement taken as a whole. The combining information is presented for purposes of additional analysis rather than to present the receipts, disbursements, and cash balances of the individual funds. Also, the other supplementary information, as listed in the table of contents, is presented for purposes of additional analysis, and is not a required part of the basic financial statement. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statement. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statement and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statement taken as a whole. The information listed in the table of contents under Introductory Section has not been audited by us, and accordingly, we express no opinion on it.

**COMANCHE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

1. Summary of Significant Accounting Policies

A. Reporting Entity

Counties were created by the Constitution of Oklahoma. One county officer is appointed; however, most county officers are locally elected by their constituents. All county powers are delegated by the state.

The accompanying basic financial statement presents the receipts, disbursements, and changes in cash balances of the total of all funds of Comanche County, Oklahoma. The financial statement referred to includes only the primary government of Comanche County, Oklahoma, and does not include financial information for any of the primary government's legally separate component units, which accounting principles generally accepted in the United States of America require to be reported with the financial information of the primary government. The funds presented as line items are not a part of the basic financial statement, but have been included as supplementary information within the basic financial statement. These separate funds are established by statute, and their operations are under the control of the County officials. The general fund is the County's general operating fund, accounting for all financial resources except those required to be accounted for in another fund. The other funds presented account for financial resources whose use is restricted for specified purposes.

B. Fund Accounting

The County uses funds to report on receipts, disbursements, and changes in cash balances. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Following are descriptions of the funds included as supplementary information within the financial statement:

County Highway Cash - accounts for state, local, and miscellaneous receipts and disbursements for the purpose of constructing and maintaining county roads and bridges.

Rural Fire Departments Sales Tax – accounts for the collection of sales tax money and is disbursed for the purpose of maintenance and operations of the rural fire departments.

The County Treasurer collects and remits material amounts of intergovernmental revenues and ad valorem tax revenue for other budgetary entities, including cities and towns and school districts. The cash receipts and disbursements attributable to those other entities do not appear in funds on the County's financial statement; those funds play no part in the County's operations. Any trust or agency funds maintained by the County are not included in this presentation.

C. Basis of Accounting

The basic financial statement is prepared on a basis of accounting wherein amounts are recognized when received or disbursed. This basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred. This cash basis financial presentation is not a comprehensive measure of economic condition or changes therein.

D. Budget

Under current Oklahoma Statutes, a general fund and a county health department fund are the only funds required to adopt a formal budget. On or before the first Monday in July of each year, each officer or department head submits an estimate of needs to the governing body. The budget is approved by fund, office, or department and object. The County Board of Commissioners may approve changes of appropriations within the fund by office or department and object. To increase or decrease the budget by fund requires approval by the County Excise Board.

For the highway funds and other funds, which are not required to adopt a formal budget, appropriations are made on a monthly basis, according to the funds then available.

E. Cash

The County pools the cash of its various funds in maintaining its bank accounts. However, cash applicable to a particular fund is readily identifiable on the County's books. The balance in the pooled cash accounts is available to meet current operating requirements.

State statutes require financial institutions with which the County maintains funds to deposit collateral securities to secure the County's deposits. The amount of collateral securities to be pledged is established by the County Treasurer; this amount must be at least the amount of the deposit to be secured, less the amount insured (by, for example, the FDIC).

- U.S. Government obligations

- Repurchase agreements
- Money market funds regulated by the Securities and Exchange Commission and which investments consist of the above-mentioned types of investments

All investments must be backed by the full faith and credit of the United States Government, the Oklahoma State Government, fully collateralized, or fully insured.

G. Compensated Absences

All full-time employees are entitled to annual leave that is accrued on a monthly basis. Employees can earn from 5 days of vacation up to 20 days of vacation depending on the number of years of service. Employees may carry over no more than 480 hours of vacation from one year to the next year. Any additional time shall be forfeited and accrued leave is payable upon termination.

The County does accumulate sick leave. Full-time employees earn 8 hours of sick leave for each full calendar month of service to the County. Sick leave may be accumulated up to 130 days and is not paid upon termination of employment.

2. Ad Valorem Tax

The County's property tax is levied each October 1 on the assessed value listed as of January 1 of the same year for all real and personal property located in the County, except certain exempt property. Assessed values are established by the County Assessor within the prescribed guidelines established by the Oklahoma Tax Commission and the State Equalization Board. Title 68 O.S. § 2820.A. states, ". . . Each assessor shall thereafter maintain an active and systematic program of visual inspection on a continuous basis and shall establish an inspection schedule which will result in the individual visual inspection of all taxable property within the county at least once each four (4) years."

**COMANCHE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

The assessed property value as of January 1, 2009, was approximately \$589,759,039.

Per Article 10, § 8A, with the repeal of personal property tax, the millages with the adjustment factor are 10.23 mills (the legal maximum) for general fund operations and 2.56 mills for county health department. In addition, the County collects the ad valorem taxes assessed by cities and town and school districts and remits the ad valorem taxes collected to the appropriate taxing units.

Taxes are due on November 1 following the levy date, although they may be paid in two equal installments. If the first half is paid prior to January 1, the second half is not delinquent until April 1. Unpaid real property taxes become a lien upon said property on October 1 of each year.

Current year tax collections for the year ended June 30, 2010, were approximately 97.45 percent of the tax levy.

3. Fuel Tax

The County receives major funding for roads and highways from a state imposed fuel tax. Taxes are collected by the Oklahoma Tax Commission. Taxes are imposed on all gasoline, diesel, and special fuel sales statewide. The County's share is determined on formulas based on the County population, road miles, and land area and is remitted to the County monthly. These funds are earmarked for roads and highways only and are accounted for in the county highway fund.

4. Risk Management

The County is exposed to the various risks of loss related to torts; theft, damage, or destruction of assets; errors or omissions; injuries to employees; or acts of God. The County participates in a public entity risk pool: Association of County Commissioners of Oklahoma-Self-Insurance Group (ACCO-SIG). If claims exceed the authorized deductibles, the County could have to pay its share of any pool deficit. A judgment could be assessed for claims in excess of the pool's limits.

5. Capital Leases

The County acquires road machinery and equipment through lease-purchase agreements financed by the Oklahoma Department of Transportation and/or the equipment vendors or their assignees pursuant to the provisions of 69 O.S. § 636.1 through § 636.7. Lease agreements entered into with the Oklahoma Department of Transportation (ODOT) are interest free, but have a one-time fee of 3% on all pieces of machinery acquired.

6. Pension Plan

Plan Description. The County contributes to the Oklahoma Public Employees Retirement Plan (the Plan), a cost-sharing, multiple-employer defined benefit pension plan administered by the Oklahoma Public Employees Retirement System (OPERS). Benefit provisions are established and amended by the Oklahoma Legislature. The Plan provides retirement, disability, and death benefits to Plan members and beneficiaries. Title 74, Sections 901 through 943, as amended, establishes the provisions of the Plan. OPERS issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing OPERS, P.O. Box 53007, Oklahoma City, Oklahoma 73105 or by calling 1-800-733-9008.

Funding Policy. The contribution rates for each member category are established by the Oklahoma Legislature and are based on an actuarial calculation which is performed to determine the adequacy of contribution rates. County employees are required to contribute between 3.5% and 8.5% of earned compensation. The County contributes between 10.5% and 15.5% of earned compensation. Elected officials could contribute between 4.5% and 10% of their entire compensation. The County contributes 15.5% of earned compensation for elected officials. The County's contributions to the Plan for the years ending June 30, 2010, 2009, and 2008, were \$1,067,598, \$941,285, and \$813,469, respectively, equal to the required contributions for each year.

2.5% Step-Up. Members have the option to elect to increase the benefit computation factor for all future service from 2.0% to 2.5%. The election is irrevocable, binding for all future employment under OPERS, and applies only to full years of service.

7. Other Post Employment Benefits (OPEB)

In addition to the pension benefits described in the Pension Plan note, OPERS provides post-retirement health care benefits of up to \$105 each for retirees who are members of an eligible group plan. These benefits are funded on a pay-as-you-go basis as part of the overall retirement benefit. OPEB expenditure and participant information is available for the state as a whole; however, information specific to the County is not available nor can it be reasonably estimated.

8. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, primarily the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time; although, the County expects such amounts, if any, to be immaterial.

**COMANCHE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in management's opinion, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

9. Sales Tax

On August 23, 1994, Comanche County citizens, in a special election, voted a fee, not to exceed 5% of the tariff rate in any year, for the purpose of establishing, operating and maintaining an Emergency Telephone Service (911 system).

On November 3, 1998, Comanche County citizens voted a county sales tax of one quarter percent (.25%) commencing January 1, 1999 and ending December 31, 2008. Proceeds are to be used for constructing and equipping a county jail including, but not limited to, the payment of debt service on any indebtedness issued by or for the County, pertaining to said "county jail." All surplus revenues are to be used for the operation of the County jail including the Sheriff's office.

On February 5, 2008, Comanche County citizens voted an amendment to the one quarter percent (.25%) sales tax to a one-eighth percent (.125%) sales tax extending from December 31, 2008, until December 31, 2015. The sales tax is for the purpose of funding capital improvements and operational costs of the Comanche County Jail, through the Comanche County Facilities Authority.

On March 12, 2002, the citizens of Comanche County voted a county sales tax of one quarter percent (.25%) in addition to all other town, county, and state excise taxes levied or assessed. The sales tax is deposited into a fund known as the economic development sales tax revolving fund. Proceeds are paid to the Comanche County Industrial Development Authority for the purpose of expansion and development of economic activity in Comanche County. The sales tax is for a duration of five years, beginning June 1, 2002 and ending May 31, 2007.

On April 3, 2007, in a special election, the citizens of Comanche County voted to amend the county sales tax of one quarter percent (.25%) for economic development purposes to a reduced one eighth percent (.125%) county sales tax. The sales tax is extended from May 31, 2007, until December 31, 2014. The citizens also voted to amend the purpose of the sales tax from not only economic development efforts through the Comanche County Industrial Development Authority, but also the funding of County Capital Improvements, County Fairgrounds, Rural Fire Departments, and the County Sheriff's Department.

Budgetary Schedules

The Comparative Schedules of Receipts, Expenditures, and Changes in Cash Balances—Budget and Actual—Budgetary Basis for the General Fund and the County Health Department Fund present comparisons of the legally adopted budget with actual data. The "actual" data, as presented in the comparison of budget and actual, will differ from the data as presented in the Combined Statement of Receipts, Disbursements, and Changes in Cash Balances with Combining Information because of adopting certain aspects of the budgetary basis of accounting and the adjusting of encumbrances and outstanding warrants to their related budget year.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in these funds. At the end of the year, unencumbered appropriations lapse.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

TO THE OFFICERS OF
COMANCHE COUNTY, OKLAHOMA

We have audited the combined totals—all funds of the accompanying Combined Statement of Receipts, Disbursements, and Changes in Cash Balances of Comanche County, Oklahoma, as of and for the year ended June 30, 2010, which comprises Comanche County's basic financial statement, prepared using accounting practices prescribed or permitted by Oklahoma state law, and have issued our report thereon dated June 20, 2011. Our report on the basic financial statement was adverse because the statement is not a presentation in conformity with accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Comanche County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies in internal control over financial reporting. 2010-1 and 2010-2. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Comanche County's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted a certain matter that we reported to the management of Comanche County, which is included in Section 4 of the schedule of findings and questioned costs contained in this report.

Comanche County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit Comanche County's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, those charged with governance, others within the entity, Comanche County, and is not intended to be and should not be used by anyone other than the specified parties. This report is also a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.), and shall be open to any person for inspection and copying.

Independent Auditor's Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and Internal Control Over Compliance in Accordance with OMB Circular A-133

TO THE OFFICERS OF
COMANCHE COUNTY, OKLAHOMA

Compliance

We have audited the compliance of Comanche County, Oklahoma, with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Comanche County's major federal programs for the year ended June 30, 2010. Comanche County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Comanche County's management. Our responsibility is to express an opinion on Comanche County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Comanche County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Comanche County's compliance with those requirements.

In our opinion, Comanche County, complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

Management of Comanche County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Comanche County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on

compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Comanche County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified a certain deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2010-4 to be a material weakness.

Comanche County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit Comanche County's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of management, those charged with governance, others within the entity, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than the specified parties. This report is also a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.), and shall be open to any person for inspection and copying.

SECTION 2 - Findings related to the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Finding 2010-1 – Footnote Disclosures (Repeat Finding)

Criteria: The County's management is responsible for establishing internal control procedures to prevent or detect misstatements in a timely manner. Statement on Auditing Standards (SAS) No. 115 indicates that a control deficiency exists when management does not have adequate expertise to apply accounting principles to the financial statements or to review financial statements prepared on their behalf by others, to ensure they are prepared in accordance with these principles. Professional audit standards preclude the external financial statement auditor from performing any part of management's control activities or be a component of the internal controls over financial reporting as this would impair their independence.

Condition: Internal controls have not been developed to prevent or detect misstatements in timely manner or to ensure all required disclosures are presented with the financial statement.

Effect: The potential exists for misstatements to go undetected, specifically for the completeness of financial statement disclosures.

Recommendation: OSAI recommends the County consider one or more of the following controls:

- Having at least one staff member with sufficient skills necessary to understand the application of accounting principles in regards to the preparation of financial statements.
- Contract an outside firm or individual to review or prepare the financial statements and accompanying notes to the financial statements to ensure appropriate disclosures are presented.

Views of responsible officials and planned corrective actions: The Board of County Commissioners will plan a discussion to determine which option will be in the best interest of Comanche County. The Board of County Commissioners will adhere to the request of the financial statements being prepared by the deadline of June 30, 2012 and the first financial statement being prepared for the month of July 2012.

Finding 2010-2 – Purchasing – Lack of Approval by Board of County Commissioners

Criteria: Effective internal controls include the disposition of purchase orders shall be signed by at least two members of the Board of County Commissioners.

Condition: The audit of 46 purchase orders revealed two instances in which the purchase order was not approved by the Board of County Commissioners.

**COMANCHE COUNTY, OKLAHOMA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

<u>PO#</u>	<u>WAR#</u>	<u>FUND NAME</u>	<u>PAY WHOM</u>	<u>AMOUNT</u>
104793	4	Memorial Hospital Fund	Comanche Co District #3	\$200,000.00
106325	2589	General	Comanche Co Fairgrounds	\$ 41,834.64

Effect: This condition could result in unrecorded transactions, misstated financial reports, and undetected errors.

Recommendation: OSAI recommends that at least two members of the Board of County Commissioners sign all purchase orders, to provide effective internal controls over the disbursement of funds.

Views of responsible officials and planned corrective actions: It is the Board of County Commissioners understanding that this is a clerical issue. The purchase orders were not signed by the Board when they were brought out of the meeting, but it clearly defines in the minutes that these purchase orders were approved by the Board of County Commissioners. In the future, we will try to be more observant to the purchase orders being signed.

SECTION 3—Findings related to the Independent Auditor's Report on Compliance With Requirements That Could Have a Direct and Material Effect on Each Major Program and Internal Control Over Compliance in Accordance With OMB Circular A-133.

Finding 2010-4 – Federal Awards – Schedule of Expenditures of Federal Awards (Repeat Finding)

PASS-THROUGH GRANTOR: Oklahoma Department of Emergency Management

FEDERAL AGENCY: United States Department of Homeland Security

CFDA NO: 97.036

FEDERAL PROGRAM NAME: Disaster Grants - Public Assistance (Presidentially Declared Disasters)

FEDERAL AWARD YEAR: 2008, 2009, and 2010

CONTROL CATEGORY: Reporting

QUESTIONED COSTS: \$-0-

Criteria: OMB Circular A-133, §_300 Auditee responsibilities states in part:

- a) Identify, in its accounts, all Federal awards received and expended and the Federal programs under which they were received. Federal program and award identification shall include, as applicable, the CFDA title and number, award number and year, name of the Federal agency and name of the pass-through entity.
- b) Maintain internal control over Federal programs that provides reasonable assurance that the auditee is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs.

**COMANCHE COUNTY, OKLAHOMA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

Condition: The County has not designated and implemented formal internal controls for the reporting of its major program for Disaster Grants – Public Assistance (Presidentially Declared Disasters) received for the flood and ice storm damage that occurred in 2007, ice storm damage that occurred in January 2009, and snow and ice storm damage that occurred in December 2009 and January 2010 as required by OMB Circular A-133. In particular, the County has not designed an accounting system to accumulate and report its “in-kind” labor and equipment charges in a timely manner.

Effect: Lack of internal controls over Federal major program expenditures could lead to erroneous reporting and/or material misstatement of the County’s Schedule of Expenditures of Federal Awards.

Recommendation: OSAI recommends the County’s system of internal control for identifying, recording and reporting federal grant expenditures include internal controls designed and implemented to ensure compliance with applicable provisions of the financial reporting requirements described in the OMB A-133 Compliance Supplement.

Views of responsible officials and planned corrective actions: The County strongly makes effort to comply with any and all federal requirements when accepting FEMA funds and due to the severity of the disasters, it increases the work loads of staff significantly and the County will make efforts to adjust within its financial capabilities.

SECTION 4—This section contains a certain matter not required to be reported in accordance with *Government Auditing Standards*. However, we believe this matter is significant enough to bring to management’s attention. We recommend that management consider this matter and take appropriate corrective action.

Finding 2010-5 – Inventory Accounting

Criteria: According to 69 O.S. § 645, county owned automobiles, trucks, road machinery and equipment shall be conspicuously and legibly marked PROPERTY OF COMANCHE COUNTY, and leased automobiles, trucks, road machinery and equipment shall be conspicuously and legibly marked LEASED BY COMANCHE COUNTY, on EACH SIDE, in upper case letters, on a background of sharply contrasting color.

Condition: The following pieces of road equipment were not properly marked with a county identification number:

Effect: The lack of markings diminishes the ability of the public to identify county owned equipment and whether the equipment is being used in a manner consistent with public policy.

Recommendation: OSAI recommends all county owned vehicles and machinery be marked in accordance with the provisions of 69 O.S. § 645.

Views of responsible officials and planned corrective actions: The specified equipment not marked properly with a decal is partially due to false claims against the County for liability reasons. Also, a decal hurts the resale of the equipment when the County goes to sale it.

Finding 2009-3 – FEMA Files – Documentation of Federal Expenditures

PASS-THROUGH GRANTOR: Oklahoma Department of Emergency Management

FEDERAL AGENCY: United States Department of Homeland Security

CFDA NO: 97.036

FEDERAL PROGRAM NAME: Disaster Grants - Public Assistance (Presidentially Declared Disasters)

FEDERAL AWARD YEAR: 2009

CONTROL CATEGORY: Activities Allowed or Unallowed, Allowable Costs/Cost Principles, Reporting

QUESTIONED COSTS: \$42,218.54

Condition: Project worksheet 142 was on file at the District 3 barn; however, the supporting documentation for this project was not organized in a manner to effectively determine that the County was in compliance with laws and regulations.

Status: This finding was not corrected in fiscal year 2010.

Finding 2008-4 and 2009-4 – Federal Awards – Schedule of Expenditures of Federal Awards

PASS-THROUGH GRANTOR: Oklahoma Department of Emergency Management

FEDERAL AGENCY: United States Department of Homeland Security

CFDA NO: 97.036

FEDERAL PROGRAM NAME: Disaster Grants - Public Assistance (Presidentially Declared Disasters)

FEDERAL AWARD YEAR: 2008 and 2009

CONTROL CATEGORY: Reporting

QUESTIONED COSTS: \$-0-

Condition: The County has not designed and implemented formal internal controls for the reporting of its major program for Disaster Grants - Public Assistance (Presidentially Declared Disasters) received for the ice storm and flood disasters that occurred in 2007, as required by OMB Circular A-133. In particular, the County has not designed an accounting system to accumulate and report its “in-kind” labor and equipment charges in a timely manner.

Status: Finding 2008-4 and 2009-4 was not corrected for fiscal year 2010, and resulted in Repeat Finding 2010-4.

Finding 2008-5 and 2009-5 – FEMA Files – Documentation of Federal Expenditures

PASS-THROUGH GRANTOR: Oklahoma Department of Civil Emergency Management

FEDERAL AGENCY: United States Department of Homeland Security

CFDA NO: 97.036

FEDERAL PROGRAM NAME: Disaster Grants - Public Assistance (Presidentially Declared Disasters)

FEDERAL AWARD YEAR: 2008

CONTROL CATEGORY: Activities Allowed or Unallowed, Allowable Costs/Cost Principles, Reporting

QUESTIONED COSTS: \$60,803.81

Condition: The County has not designed and implemented formal internal controls for the activities allowed or unallowed, allowable costs/cost principles, and reporting of its major program for Disaster Grants - Public Assistance (Presidentially Declared Disasters) received for the ice storm and flood disasters that occurred in 2007, as required by OMB Circular A-133. In particular, the County has not designed an accounting system to accumulate and report its “in-kind” labor and equipment charges in a timely manner. The FEMA Public Assistance files of the County Commissioner, District 3, were not organized. The deficiencies in FEMA files resulted from a series of declared disasters in 2007, and differences in paperwork instruction from the various FEMA representatives for the four disasters. Administering of the files at the local level resulted in the following deficiencies:

- Disaster site locations were difficult to identify from the FEMA descriptions provided.
- Preliminary numbers for project worksheets (PW) were not cross-referenced to the final (PW) numbers, making it difficult to identify loose records with the correct project files.
- Files for eight project worksheets could not be located.
- Documentation from some project worksheets was misfiled.

Status: Management believes the audit finding does not warrant further action. The reasons for this position are: 1) Two years have passed since the audit report in which the finding occurred was submitted to the Federal Clearinghouse; 2) The Federal agency or pass-through entity is not currently following up with the auditee on the audit finding, and 3) A management decision was not issued.
