INTRODUCTORY INFORMATION

BOGUS CHECK RESTITUTION PROGRAM

The bogus check program was created by the Oklahoma Legislature in 1982 as a special type of deferred prosecution program and every district attorney is required to operate a bogus check program. The program provides an alternative way to handle bogus check cases without any additional cost to courts, prosecutors, or the state prison system. The primary emphasis of the program is collecting restitution for the victim of the crime, rather than punishing the offender.

Bogus checks are a significant cost to business, a cost that is passed on to the consumer and paid by all citizens and taxpayers in the state. The bogus check program has been an effective way to address the economic problem caused by bogus checks. The program offers a way to address criminal conduct without sending a large number of offenders to state correctional facilities.

RESTITUTION AND DIVERSION PROGRAM

The restitution and diversion program was created by the Oklahoma Legislature in 2001 as a special type of deferred prosecution program. The legislation required that each district attorney create such a program. The purpose of the program is to allow the district attorney the discretion to divert criminal complaints involving property crimes from criminal court and to collect restitution for victims.

The program allows the district attorney's office to receive, disburse, and monitor victim restitution payments. The program offers an alternative way to address criminal conduct.

DISTRICT ATTORNEY SUPERVISION PROGRAM

The district attorney supervision program was created by the Oklahoma Legislature in 2005 as an alternative from supervision by the Department of Corrections. When the court imposes a deferred or a suspended sentence for any offense and does not order supervision by the Department of Corrections, the offender shall be required to pay the district attorney a monthly supervision fee. However, the legislation provides that in hardship cases, the district attorney shall expressly waive all or part of the fee.

DISTRICT ATTORNEY SUPERVISION 991 PROGRAM

The district attorney supervision 991 program was created by the Oklahoma Legislature in 2013. When the offender is *not* ordered supervision by the district attorney (as described above) "the offender shall be required to pay a fee to the district attorney's office during the first two (2) years of probation to compensate the district for the costs incurred during the prosecution of the offender and for the additional work of

verifying the compliance of the offender with the rules and conditions of his or her probation”. However, the legislation provides the district attorney may waive any part of this requirement in the best interests of justice.

DISTRICT ATTORNEY DRUG ASSET FORFEITURE PROGRAM

Most district attorneys in the state have a Drug Asset Forfeiture Fund. The fund is not subject to fiscal year limitations and is to be used for enforcement of controlled dangerous substance laws, drug abuse prevention and education, and is maintained by the District Attorney to be used at his or her discretion for those purposes. The revenues for said fund come from the proceeds of forfeited assets. Any cash, vehicles, real property, or other assets used in the commission of or acquired as a result of a crime as described in the Uniform Controlled Dangerous Substances Act is presumed to be forfeitable.

Asset forfeiture is an effective law enforcement tool used by local district attorneys to deprive criminals of their ill-gotten gains by seizing the proceeds of criminal activity and property used to facilitate crime. The proceeds of seized, forfeited assets make a substantial contribution to the investigation and prosecution of drug related offenses.

Our engagement was limited to the procedures performed above and was less in scope than an audit performed in accordance with auditing standards generally accepted in the United States of America. Accordingly, we do not express an opinion on any basic financial statement of Rogers, Craig, or Mayes County.

Based on our procedures performed, we have presented our findings in the accompanying schedule.

SCHEDULE OF FINDINGS AND RESPONSES

Finding-1 – Monthly Reconciliations for the Victim Restitution Program

Condition: As part of our review of District Attorney accounts and records, we tested receipts, disbursements, and cash balances. The District Attorney does not have written policies and procedures designed for the implementation of internal controls and the reporting of program funds. As a result, deficiencies were noted in certain areas, which include the following:

Craig County:

- Account ledgers for the Victim Restitution and Supervision Fee Programs do not reflect disbursements (vouchers). Therefore, the District Attorney’s office cannot properly perform a monthly reconciliation with the County Treasurer.

Cause of Condition: The District Attorney’s office does not have formal policies in place establishing procedures for the financial reporting and proper reconciliation of all District accounts.

Effect of Condition: This condition could result in unrecorded transactions, misstated financial reports, undetected errors, or misappropriation of funds.

Recommendation: The Oklahoma State Auditor and Inspector’s Office (OSAI) recommends that management adopt written policies and procedures for the accounting of program funds and the maintenance of client files. Implementing this recommendation would ensure that all employees are aware of their duties and responsibilities and that each program is properly accounted for and is in compliance with applicable laws and regulations. Such policies should include the following:

- Guidelines for the oversight of monthly reconciliations to the County Treasurer’s account balances.

Management Response:

District Attorney: The Craig County restitution and supervision account vouchers have always been reflected via e-mail. The account; however, was not placed on a separate ledger. To address the auditor’s concerns, the District Attorney’s office has purchased new software which documents the vouchers in the style requested by the auditor and will be utilized going forward.

Criteria: Basic components of effective internal controls include ensuring written policies and procedures for performing essential duties are adequately documented to ensure compliance with laws and regulations, to facilitate efficient transition of duties when changes in personnel occur, and to obtain supporting documentation for transactions and items affecting management decisions and, and to safeguard data.
