INTRODUCTORY INFORMATION

BOGUS CHECK PROGRAM

The bogus check program was created by the Oklahoma Legislature in 1982 as a special type of deferred prosecution program and every district attorney is required to operate a bogus check program. The program provides an alternative way to handle bogus check cases without any additional cost to courts, prosecutors, or the state prison system. The primary emphasis of the program is collecting restitution for the victim of the crime, rather than punishing the offender.

Bogus checks are a significant cost to business, a cost that is passed on to the consumer and paid by all citizens and taxpayers in the state. The bogus check program has been an effective way to address the economic problem caused by bogus checks. The program offers a way to address criminal conduct without sending a large number of offenders to state correctional facilities.

RESTITUTION AND DIVERSION PROGRAM

The restitution and diversion program was created by the Oklahoma Legislature in 2001 as a special type of deferred prosecution program. The legislation required that each district attorney create such a program. The purpose of the program is to allow the district attorney the discretion to divert criminal complaints involving property crimes from criminal court and to collect restitution for victims.

The program allows the district attorney's office to receive, disburse, and monitor victim restitution payments. The program offers an alternative way to address criminal conduct.

DISTRICT ATTORNEY SUPERVISION PROGRAM

The district attorney supervision program was created by the Oklahoma Legislature in 2005 as an alternative from supervision by the Department of Corrections. When the court imposes a deferred or a suspended sentence for any offense and does not order supervision by the Department of Corrections, the offender shall be required to pay the district attorney a monthly supervision fee. However, the legislation provides that in hardship cases, the district attorney shall expressly waive all or part of the fee.

DISTRICT ATTORNEY PROPERTY FORFEITURE PROGRAM

Most district attorneys in the state have a Property Forfeiture Fund. The fund is not subject to fiscal year limitations and is to be used for enforcement of controlled dangerous substance laws, drug abuse prevention and education, and is maintained by the District Attorney to be used at his or her discretion for those purposes. The revenues for said fund come from the proceeds of forfeited assets.

Any cash, vehicles, real property, or other assets used in the commission of or acquired as a result of a crime as described in the Uniform Controlled Dangerous Substances Act is presumed to be forfeitable.

Asset forfeiture is an effective law enforcement tool used by local district attorneys to deprive criminals of their ill-gotten gains by seizing the proceeds of criminal activity and property used to facilitate crime. The proceeds of seized, forfeited assets make a substantial contribution to the investigation and prosecution of drug related offenses.

Bogus Check, Supervision, and Restitution and Diversion Programs:

- Determine whether expenditures are used to defray the expenses of the District Attorney's office in accordance with 22 O.S. §§ 114 and 991f-1.1, and whether expenditures are supported by approved claims, invoices, and verification that goods or services paid for were received.
- Determine whether the District Attorney reconciles all accounts with the County Treasurer's ledgers.

- Review the distribution of proceeds to determine the distribution was in accordance with court orders pursuant to 63 O.S. §§ 2-506.K and 2-508.
- Test expenditures to determine they are supported by approved claims, invoices, and independent verification that goods or services paid for were received.

- Determine if the District Attorney prepared and submitted an annual report to the District Attorneys Council showing the total deposits, total expenditures, beginning and ending balances in accordance with 63 O.S. § 2-506.L.3.
- Determine if the District Attorney reconciles account balances with the County Treasurer.

All information included in the financial records of the bogus check restitution program, supervision program, restitution and diversion program, and the property forfeiture program are the representation of the District Attorney for their respective district.

Our engagement was limited to the procedures performed above and was less in scope than an audit performed in accordance with auditing standards generally accepted in the United States of America. Accordingly, we do not express an opinion on any basic financial statement of Pottawatomie and Lincoln County.

Based on our procedures performed, we have presented our findings in the accompanying schedule.

This report is intended for the information and use of the District Attorney and the County Officials. However, this report is a matter of public record and its distribution is not limited.

DISTRICT 23
STATUTORY REPORT
FOR THE PERIOD OF JULY 1, 2012 THROUGH JUNE 30, 2014**

SCHEDULE OF FINDINGS AND RESPONSES

Finding-1 – Segregation of Duties – DA Property Forfeiture Account

Condition: The following are instances of the lack of segregation of duties in personnel within a District Attorney account:

Lincoln County

A lack of segregation of duties exists in the procedural process of the Property Forfeiture Program. One employee prepares and delivers deposits, maintains account ledgers, prepares expenditure claims and vouchers, maintains account ledgers, performs monthly reconciliations, and prepares the annual reports. No one other than the preparer reviews the deposits or annual reports to ensure accuracy of the amounts reported. In addition, the same employee is the requisitioning and the receiving officer who co-signs the vouchers for this account.

Cause of Condition: Procedures have not been designed to properly separate key accounting functions.

Effect of Condition: A single person having responsibility for more than one area of recording, authorization, custody of assets, and execution of transactions could result in unrecorded transactions, misstated financial reports, clerical errors, or misappropriation of funds not being detected in a timely manner.

Recommendation: The Oklahoma State Auditor & Inspector's Office (OSAI) recommends management be aware of these conditions and realize that concentration of duties and responsibilities in a limited number of individuals is not desired from a control point of view. The most effective controls lie in management's overseeing of office operations and a periodic review of operations. OSAI recommends management provide segregation of duties so that no one employee is able to perform all accounting functions. In the event that segregation of duties is not possible due to limited personnel, OSAI recommends implementing compensating controls to mitigate the risks involved with a concentration of duties. Compensating controls would include separating key processes and/or critical functions of the office, and having management review and approval of accounting functions.

Management Response: Prior to this audit, District 23 District Attorney's office instituted a basic policy of segregation of duties for both counties in this district. Due to budget shortfalls we have been forced to operate with fewer employees resulting in needed amendments to our policy of segregation. Although these policy amendments were not in effect for the fiscal years audited, we believe we are on the right track in correcting the issue. We agree with the recommendations of the Oklahoma State Auditor & Inspector and anticipate further evaluation by our office and amendment(s) to our current policy to comply with the recommendations.

Criteria: Demonstration of accountability and stewardship are goals used in evaluating management's accounting for funds. A basic component of adequate internal controls is the segregation of duties so that

one individual cannot perpetuate and conceal errors and irregularities in the normal course of his/her duties. To help ensure a proper accounting of funds and strong internal controls, the duties of receiving, receipting, recording, and depositing cash and checks should be separated among employees.

Finding 2 – Unclaimed Bogus Check Restitution

Condition: Balances for the Bogus Check Restitution (Merchant) account had outstanding balances at June 30, 2014. This is a cumulative amount as a result of vouchers not cashed by merchants and subsequently cancelled. They are as follows:

Pottawatomie County

- Bogus Check Merchant outstanding balances at 6/30/14 totaling \$3,465.72 could not be identified.

Lincoln County

- Bogus Check Merchant outstanding balances at 6/30/14 totaling \$4,422.75 could not be identified.

Cause of Condition: The District Attorney's office does not have formal policies establishing procedures to ensure that returned or unpaid vouchers are examined to determine the current status of the merchant for the re-issuance of the restitution.

Effect of Condition: These conditions resulted in the Restitution fund not being properly cleared.

Recommendation: OSAI recommends that management research and determine the location of the merchants so that restitution can be properly remitted. Management should then contact the proper agency for further direction to determine the manner in which the remaining unidentified balance should be distributed.

Management Response: District 23 District Attorney's office is actively attempting to locate the owners of the funds still in our account(s) from unclaimed/cancelled vouchers. When all attempts have failed, those funds will be forwarded to the appropriate agency for unclaimed property for further action. A written policy and procedure for this recommended control is in development.

Criteria: Basic components of effective internal controls include ensuring written policies and procedures for performing essential duties are adequately documented to ensure compliance with laws and regulations, to facilitate efficient transition of duties when changes in personnel occur, and to obtain supporting documentation for transactions and items affecting management decisions.
