Oklahoma Department of Mines

Agreed-upon Procedures Report

For the Period

July 1, 2005 through December 31, 2006
June 4, 2007

TO THE OKLAHOMA DEPARTMENT OF MINES

Transmitted herewith is the agreed-upon procedures report for the Oklahoma Department of Mines. The Office of the State Auditor and Inspector is committed to serving the public interest by providing independent oversight and by issuing reports that serve as a management tool to the State. Our goal is to ensure a government that is accountable to the people of the State of Oklahoma.

We wish to take this opportunity to express our appreciation to the agency's staff for the assistance and cooperation extended to our office during the course of our engagement.

Sincerely,

JEFF A. McMAHAN
State Auditor and Inspector
Mission Statement

To protect the environment of the state, to protect the health and safety of the miners, and to protect the life, health, and property of the citizens who are affected through enforcement of the state mining and reclamation laws.

Mark Secrest ........................................................................ Chief Counsel
Doug Schooley ...................................................................... Administrator-Minerals
Suzen Rodesney .................................................................... Chief Financial Officer
INDEPENDENT ACCOUNTANT’S REPORT
ON APPLYING AGREED-UPON PROCEDURES

We have performed the procedures enumerated below, which were agreed to by management of the Department of Mines, solely to assist you in evaluating your internal controls over the receipt and disbursement process, and in determining whether selected receipts and disbursements are supported by underlying records for the period of July 1, 2005 through December 31, 2006. This agreed-upon procedures engagement was conducted in accordance with standards applicable to attestation engagements contained in Government Auditing Standards issued by the Comptroller General of the United States. The sufficiency of these procedures is solely the responsibility of the specified parties in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

1. We compared the Oklahoma Department of Mines’ internal controls over receipts and disbursements with the following criteria:
   - Accounting duties were segregated by functions into those who initiate or authorize transactions; those who execute transactions; and those who have responsibility for the asset, liability, expenditure, or revenue resulting from the transaction;
   - Receipts were issued for cash and/or checks received;
   - Incoming checks were restrictively endorsed upon receipt;
   - Receipts not deposited daily were safeguarded;
   - Voided receipts were retained;
   - Receipts and disbursements were reconciled to Office of State Treasurer and Office of State Finance records;
   - Disbursements were supported by an original invoice;
   - Timesheets were prepared by employees and approved by supervisory personnel.

With respect to the procedures applied, there were no findings.

2. We randomly selected 20 deposits and:
   - Compared the Treasurer’s deposit date to agency deposit slip date to determine if dates were within one working day.
   - Examined receipts to determine if they were pre-numbered and issued in numerical order.
   - Agreed cash/check composition of deposits to the receipts issued.
   - Agreed the total receipts issued to the deposit slip.
   - Inspected agency receipts to determine whether receipts of $100 or more were deposited on the same banking day as received.
   - Inspected agency receipts to determine whether receipts of less than $100 were deposited on the next business day when accumulated receipts equaled $100 or after five business days, whichever occurred first.
   - Inspected agency receipts to determine whether receipts were safeguarded.
   - Compared the fund type to which the deposit was posted in CORE to the CAFR fund type listing for consistency;
   - Compared the nature of the deposit to the account code description to determine consistency.
With respect to the procedures applied, there were no findings.

3. We randomly selected 60 vouchers and:
   • Compared the voucher amount and payee to the invoice amount and payee;
   • Compared the voucher amount and payee to the CORE system;
   • Compared the fund type to which the disbursement was charged in CORE to the CAFR fund type listing for consistency;
   • Compared the nature of the purchase to the account code description to determine consistency.

   With respect to the procedures applied, there were no findings.

4. We randomly selected three (3) employees who appeared on the July 1, 2005 payroll but not on the December 31, 2006 payroll and:
   • Observed the final "Request for Personnel Action" (OPM-14) or equivalent form to determine it was signed by the appointing authority.
   • Observed the main payroll funding sheet for the month subsequent to termination to determine employee no longer appeared.

   With respect to the procedures applied, there were no findings.

5. We randomly selected four (4) employees whose gross salary at December 31, 2006 had increased since July 1, 2005 (excluding legislative pay raises) and observed the "Request for Personnel Action" (OPM-14) or equivalent form to determine it was signed by the appointing authority.

   With respect to the procedures applied, there were no findings.

6. We randomly selected four (4) employees from the December 31, 2006 payroll and agreed the amount paid to the "Request for Personnel Action" (OPM-14) or equivalent form that was in effect for December 31, 2006.

   With respect to the procedures applied, there were no findings.

We were not engaged to, and did not conduct an examination or a review, the objective of which would be the expression of an opinion or limited assurance on the cash, receipts, and disbursements for the agency. Accordingly, we do not express such an opinion or limited assurance. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of management of the Oklahoma Department of Mines and should not be used for any other purpose. This report is also a public document pursuant to the Oklahoma Open Records Act (51 O.S., § 24A.1 et seq.), and shall be open to any person for inspection and copying.

JEFF A. McMAHAN
State Auditor and Inspector
