For the purpose of complying with 19 O.S. § 171, we have performed the following procedures for May 28, 2009:

- Verify that equipment items on hand agree with inventory records as per 19 O.S. § 178.1.
- Verify that a monthly report of the Office is on file with the County Clerk per 19 O.S. § 684.
- Verify that the Officers' depository account balances reconcile with the County Treasurer's records and that undeposited cash reconciles to receipts.

Information addressed in this report is the representation of the respective county officers.

Our county officer turnover engagement was limited to the statutory procedures described above and was less in scope than an examination or audit performed in accordance with auditing standards generally accepted in the United States of America, the objective of which would be the expression of an opinion. Accordingly, we do not express an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

Based on our procedures performed, a monthly report of the Office was on file with the County Clerk; the Officers' depository account balances reconciled with the County Treasurer's records; and undeposited cash reconciled to receipts. With respect to the matter of equipment items on hand agreeing to inventory records and segregation of duties, our findings are included in the accompanying schedule of findings and responses.

This report is intended solely for the information and use of the management of the County and should not be used for any other purpose. This report is also a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.), and shall be open to any person for inspection and copying.

SCHEDULE OF FINDINGS AND RESPONSES

Finding 2009-1 – Fixed Assets Inventory

Criteria: 19 O.S. § 178.1 states, “The board of county commissioners in each county of this state shall take, or cause to be taken, an inventory of all working tools, apparatus, machinery and equipment belonging to the county or leased or otherwise let to it or to any department thereof, other than that which is affixed to and made part of lands and buildings, the cost of which as to each complete working unit thereof is more than Five Hundred Dollars (\$500.00), and thereafter maintain or cause to be maintained a continuous inventory record thereof and of like tools, apparatus, machinery and equipment purchased, leased or otherwise coming into custody of the county or any office, board, department, commission or any or either thereof, and the disposition thereof whether sold, exchanged, leased or let where authorized by statute, junked, strayed or stolen, and biennially thereafter...”

Condition: It was noted that a complete and accurate inventory of all office furniture and equipment was not maintained. We were not able to locate the following items:

1. Teal Sofa—Serial Number N/A
2. Bushmaster Rifle—Serial Number L308145
3. Sony Cybershot Camera—Serial Number 803110
4. Garbage Disposal—Serial Number 122180

Effect: Inventory items were not accurately accounted for and the County's assets may not be safeguarded.

Recommendation: OSAI recommends equipment inventory information be periodically reviewed, reconciled, and updated to detect errors and to maintain an accurate inventory record. Additionally, OSAI recommends that the disposition or location of the items unable to be located be researched and corrected.

Views of responsible officials and planned corrective actions: As discussed with OSAI, Mr. Rody stated that the sofa was disposed of by the Department of Environmental Quality because ingredients from a meth lab spilled on it. The camera was lost at a crime scene. The bushmaster rifle was lost after serving a warrant. The garbage disposal broke and was disposed of when the sink was removed. The County did not remove it from inventory.

Finding 2009-2 – Segregation of Duties

Criteria: Accountability and stewardship are overall goals in evaluating management's accounting of funds. To help ensure a proper accounting of funds, the duties of receiving, receipting, recording, depositing cash and checks, reconciliations, and transaction authorization should be segregated.

Condition: Based on inquiries of personnel and testwork performed, it was noted that receiving, receipting, recording, depositing cash and checks, reconciliations, and transaction authorization within the Sheriff's office were not properly segregated to assure adequate internal control structure.

Effect: These conditions could result in unrecorded transactions, misstated financial reports, undetected errors, or misappropriation of funds.

Recommendation: OSAI recommends management be aware of these conditions and realize that concentration of duties and responsibilities in a limited number of individuals is not desired from a control point of view. The most effective controls lie in management's knowledge of office operations and a periodic review of operations.

Views of responsible officials and planned corrective actions: We concur with the State Auditor's findings. Management does have knowledge of office operations and will perform a periodic review of these operations.
