December 12, 2018

TO THE CITIZENS OF GRANT COUNTY, OKLAHOMA

Transmitted herewith is the audit report of Grant County for the fiscal year ended June 30, 2014.

The goal of the State Auditor and Inspector is to promote accountability and fiscal integrity in state and local government. Maintaining our independence as we provide this service to the taxpayers of Oklahoma is of utmost importance.

We wish to take this opportunity to express our appreciation for the assistance and cooperation extended to our office during our engagement.

Sincerely,

GARY A. JONES, CPA, CFE OKLAHOMA STATE AUDITOR & INSPECTOR

GRANT COUNTY, OKLAHOMA FOR THE FISCAL YEAR ENDED JUNE 30, 2014

INTRODUCTORY SECTION UNAUDITED INFORMATION ON PAGES ii - viii PRESENTED FOR INFORMATIONAL PURPOSES ONLY

Located in north central Oklahoma, Grant County was named for President Ulysses S. Grant. Originally "L" county, this area was organized as a part of Oklahoma Territory. The economy of Grant County is basically agricultural, with Clyde Cooperative Association's general offices in Medford, the county seat. Conoco and Koch Hydrocarbon Company are two major businesses in the county. Lamont is home to one of five world Atmospheric Radiation Measurement Program sites, part of the Department of Energy's Global Climate Change Research Project of 1992.

The Grant County Museum, located in Medford, offers visitors a glimpse of pioneer life in the "Cherokee Strip." Historic Jefferson Park, Sewell's Stockade and a watering station for the Chisholm Trail cattle drive are located in Jefferson. The recording station for area weather, temperature, and rainfall for one hundred years is also in Jefferson. Grant County Free Fair and Fair Grounds are located at Pond Creek; the Community Health Center, a pioneer in rural health, is in Wakita. The county's celebration of the Run of '93, "Old Settlers Day," is held in Wakita.

The Grant County Historical Society and Grant County Museum are sources of information, or call the county clerk's office at 580/395–2274.

GRANT COUNTY, OKLAHOMA AD VALOREM TAX DISTRIBUTION SHARE OF THE AVERAGE MILLAGE FOR THE FISCAL YEAR ENDED JUNE 30, 2014

Property taxes are calculated by applying a millage rate to the assessed valuation of property. Millage rates are established by the Oklahoma Constitution. One mill equals one-thousandth of a dollar. For example, if the assessed value of a property is \$1,000.00 and the millage rate is 1.00, then the tax on that property is \$1.00. This chart shows the different entities of the County and their share of the various millages as authorized by the Constitution.

| County-Wide M | illages | School District Millages | | | | | | |
|----------------|---------|--------------------------|-------|-------|-------|-------|--------|-------|
| County General | 10.13 | | | Gen. | Bldg. | Skg. | Common | Total |
| County Health | 1.50 | Medford | I-54 | 35.35 | 5.05 | 1.49 | 4.05 | 45.94 |

Sales Tax

Sales Tax of March 1, 2011

The voters of Grant County approved a continuation of a one percent (1%) sales tax on March 1, 2011. Duration is 10 years ending April 30, 2021. This sales tax was established to provide revenue for the County Sheriff, Rural Fire, and Emergency Medical Services to the County through the following twelve entities:

- 1. Deer Creek Fire Department
- 2. Grant County Sheriff's Department
- 3. Hawley Fire Department
- 4. Lamont Fire Department
- 5. Manchester Fire Department
- 6. Medford Emergency Medical Service
- 7. Medford Fire Department
- 8. Nash Fire Department
- 9. Pond Creek Emergency Medical Service
- 10. Pond Creek Fire Department
- 11. Wakita Fire Department
- 12. Grant County Emergency Service Association

These funds are accounted for in the following funds: Sales Tax Deer Creek Fire Department, Sales Tax Sheriff, Sales Tax Hawley Fire Department, Sales Tax Lamont Fire Department, Sales Tax Manchester Fire Department, Sales Tax Medford Emergency Medical Service, Sales Tax Medford Fire Department, Sales Tax Nash Fire Department, Sales Tax Pond Creek Emergency Medical Service, Sales Tax Pond Creek Fire Department, Sales Tax Wakita Fire Department, and Sales Tax Grant County Emergency Service Association.

Sales Tax of February 8, 2011

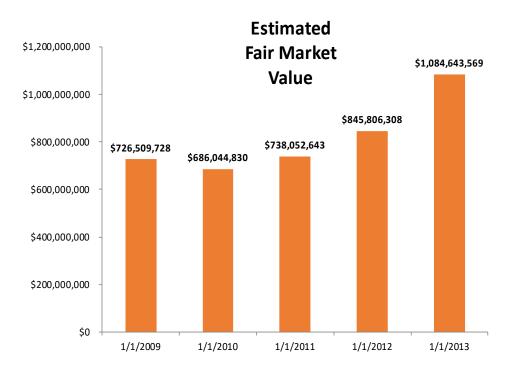

The voters of Grant County also approved a new $\frac{1}{4}$ percent (0.25%) sales tax on February 8, 2011. Duration is 10 years ending February 28, 2021. This sales tax was established to provide revenue for the County Fairgrounds improvements.

These funds are accounted for in the following fund: Sales Tax - Fairgrounds Improvement.

During the fiscal year, the County collected \$3,339,715 in total sales tax.

GRANT COUNTY, OKLAHOMA ASSESSED VALUE OF PROPERTY TREND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

County General Fund

The Oklahoma Constitution and the Oklahoma Statutes authorize counties to create a County General Fund, which is the county's primary source of operating revenue. The County General Fund is typically used for county employees' salaries plus many expenses for county maintenance and operation. It also provides revenue for various budget accounts and accounts that support special services and programs. The Board of County Commissioners must review and approve all expenditures made from the County General Fund. The primary revenue source for the County General Fund is usually the county's ad valorem tax collected on real, personal (if applicable), and public service property. Smaller amounts of revenue can come from other sources such as fees, sales tax, use tax, state transfer payments, in-lieu taxes, and reimbursements. The chart below summarizes receipts and disbursements of the County's General Fund for the last five fiscal years.

County Highway Fund

The County receives major funding for roads and highways from a state imposed fuel tax. Taxes are collected by the Oklahoma Tax Commission. Taxes are imposed on all gasoline, diesel, and special fuel sales statewide. The County's share is determined by formulas based on the County population, road miles, and land area and is remitted to the County monthly. These funds are earmarked for roads and highways only and are accounted for in the County Highway Fund. The chart below summarizes receipts and disbursements of the County's Highway Fund for the last five fiscal years.

Description of County Funds

The County uses funds to report on receipts, disbursements, and changes in cash balances. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Following are descriptions of the county funds within the Presentation of Apportionments, Disbursements, and Cash Balances of County Funds:

<u>County General Fund</u> – accounts for the general operations of the government.

<u>Highway Cash Fund</u> – accounts for state, local, and miscellaneous receipts and disbursements for the purpose of constructing and maintaining county roads and bridges.

<u>County Bridge and Road Improvement</u> – accounts for state, local and miscellaneous receipts and disbursements for the purpose of constructing and maintaining county roads and bridges.

<u>County Health Department</u> – accounts for monies collected on behalf of the county health department from ad valorem taxes and state and local revenues.

<u>Sales Tax Medford Emergency Medical Service</u> – accounts for the collections of sales tax revenue and the disbursement of funds as restricted by the sales tax resolution.

<u>Sales Tax Pond Creek Emergency Medical Service</u> – accounts for the collections of sales tax revenue and the disbursement of funds as restricted by the sales tax resolution.

<u>Sales Tax Grant County Emergency Service Association</u> – accounts for the collections of sales tax revenue and the disbursement of funds as restricted by the sales tax resolution.

<u>Sales Tax Deer Creek Fire Department</u> – accounts for the collections of sales tax revenue and the disbursement of funds as restricted by the sales tax resolution.

<u>Sales Tax Hawley Fire Department</u> - accounts for the collections of sales tax revenue and the disbursement of funds as restricted by the sales tax resolution.

<u>Sales Tax Lamont Fire Department</u> - accounts for the collections of sales tax revenue and the disbursement of funds as restricted by the sales tax resolution.

<u>Sales Tax Manchester Fire Department</u> – accounts for the collections of sales tax revenue and the disbursement of funds as restricted by the sales tax resolution.

<u>Sales Tax Medford Fire Department</u> – accounts for the collections of sales tax revenue and the disbursement of funds as restricted by the sales tax resolution.

<u>Sales Tax Nash Fire Department</u> – accounts for the collections of sales tax revenue and the disbursement of funds as restricted by the sales tax resolution.

<u>Sales Tax Pond Creek Fire Department</u> – accounts for the collections of sales tax revenue and the disbursement of funds as restricted by the sales tax resolution.

<u>Sales Tax Wakita Fire Department</u> - accounts for the collections of sales tax revenue and the disbursement of funds as restricted by the sales tax resolution.

<u>Sales Tax Sheriff</u> – accounts for the collections of sales tax revenue and the disbursement of funds as restricted by the sales tax resolution.

<u>Sales Tax – Fairgrounds Improvements</u> – accounts for the collections and disbursement of the .25% sales tax for the County Fairgrounds Improvement.

<u>Department of Corrections</u> – accounts for the collections of state held prisoners and disbursements are for the purpose of maintaining the jail.

<u>E-911 Phone Remittance</u> – accounts for monies received from private telephone companies for the operations of emergency 911 services.

<u>Resale Property</u> – accounts for the collection of interest and penalties on delinquent taxes and disposition of sale as restricted by state statute.

<u>Sheriff Controlled Dangerous Substance Revolving</u> – accounts for all collections from confiscated property and drug related arrests and disbursements as restricted by state statute.

<u>Sheriff Commissary</u> – accounts for the collection of the sale of items to inmates and disbursements to purchase commissary goods from the vendor from the vendor and to improve or provide jail services. Additionally, any surplus funds can be expended for administering expenses for training, equipment, travel, or for capital expenditures.

<u>County Assessor Revolving</u> – accounts for the collection of fees for copies and disbursed as restricted by state statute.

<u>Sheriff Service Fee</u> – accounts for the collection and disbursement of sheriff process service fees as restricted by state statute.

<u>Sheriff Teletype</u> – accounts for the collection and disbursement of fees for teletype service.

<u>County Clerk Lien Fee</u> – accounts for lien fee collections and disbursements as restricted by state statute.

<u>Treasurer Mortgage Tax Certification Fee</u> – accounts for the collection of fees by the Treasurer for mortgage tax certificates and the disbursement of the funds as restricted by state statute.

<u>Juvenile Detention</u> – accounts for state funds received for the transport of juveniles to detention facilities and disbursed for the operation of the Sheriff's office.

<u>County Clerk Change Fund</u> – accounts for cash obtained from the County Clerk's funds and held in the office for change.

<u>County Assessor Visual Inspection</u> – accounts for the receipt and disbursement of funds by the Assessor as restricted by state statute for the visual inspection program.

<u>Civil Emergency Management</u> – accounts for the receipt and disbursement of funds from state and local governments for civil defense purposes.

<u>County Clerk Records Preservation Fee</u> – accounts for fees collected for instruments filed with the County Clerk as restricted by state statute to be used for preservation of records.

<u>CEM-OP Plan Grant</u> – accounts for the receipt and disbursement of a state grant for the operation of the Civil Emergency Management Program.

<u>Communication Tower</u> – accounts for the collection of fees from local police departments for the use of the Sheriff's communication tower.

<u>Local Emergency Planning Committee</u> – accounts for the receipt and disbursement of Hazard Material Emergency Preparedness Planning Grant.

<u>Sheriff Jail Fund</u> – accounts for the receipt of state reimbursements and disbursement for the operation of the jail.

<u>Courthouse Security</u> – accounts for the receipt and disbursement of court fees for courthouse security.

Interfund Transfer

During the fiscal year, the County made the following interfund transfer:

• \$175,215 was transferred from the County Bridge and Road Improvement fund to the Highway Cash Fund to reimburse expenditures on bridge and road projects in the County.

PURPOSE, SCOPE, AND SAMPLE METHODOLOGY

This audit was conducted in response to 19 O.S. § 171, which requires the State Auditor and Inspector's Office to audit the books and accounts of county officers.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit procedures included inquiries of appropriate personnel, inspections of documents and records, and observations of the County's operations. Further details regarding our methodology are included under each objective.

We utilized sampling of transactions to achieve our objectives. To ensure the samples were representative of the population and provided sufficient, appropriate evidence, the random and haphazard sample methodology was used We identified specific attributes for testing each of the samples and when appropriate, we projected our results to the population.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, errors or fraud may occur and not be detected. Also, projections of any evaluation of internal control to future periods are subject to the risk that conditions may change or compliance with policies and procedures may deteriorate.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, errors or fraud may occur and not be detected. Also, projections of any evaluation of internal control to future periods are subject to the risk that conditions may change or compliance with policies and procedures may deteriorate.

This report is a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.), and shall be open to any person for inspection and copying.

Objective 1: To determine the receipts apportioned, disbursements, and cash balances are accurately presented on the County Treasurer's monthly reports for FY 2014.

Conclusion: With respect to the items reconciled and reviewed; the receipts apportioned, disbursements, and cash balances are accurately presented on the County Treasurer's monthly reports. However, we noted some deficiencies in internal controls regarding the financial reporting process.

FINDINGS AND RECOMMENDATIONS

Finding 2014-002 – Inadequate Internal Controls Over the Monthly Reports and Reconciliation Processes

Condition: Upon inquiry, review of documentation, and testwork the following was noted:

- The monthly reports are not being reviewed for accuracy by someone other than the preparer.
- Review of bank reconciliations is performed by the same individual who performs some of the reconciliation process.
- The County Clerk does not reconcile the appropriation ledger to the County Treasurer's general ledger.

Cause of Condition: Policies and procedures have not been designed and implemented to review apportionments, disbursements, cash balances to verify that these amounts are accurately presented on the monthly reports and ensure a reconciliation of the County Clerk's appropriation ledger to the County Treasurer's general ledger was performed. Additionally, policies and procedures have not been designed and implemented to ensure bank account reconciliations are reviewed and approved by someone other than the preparer and documentation of review maintained.

Effect of Condition: These conditions could result in unrecorded transactions, misstated financial reports, undetected errors, or misappropriation of funds.

Recommendation: OSAI recommends that the County Treasurer implement a system of internal controls to provide reasonable assurance that receipts apportioned, disbursements, and cash balances are accurately presented on the County Treasurer's monthly reports. To improve controls over the County Treasurer's monthly reports, we recommend the following:

- Monthly reports and bank reconciliations should be reviewed by someone other than the preparer.
- The funds presented on the County Clerk's appropriation ledger and the County Treasurer's general ledger should be reconciled monthly. Documentation of this reconciliation should be reviewed and approved by someone other than the preparer.

Management Response:

County Treasurer: While I am primarily responsible for apportionment and end of month reports – my deputies review the components that create the monthly reports such as: miscellaneous receipts, warrants paid to cities and schools, taxes, etc., all a part of the monthly process. However, I will make improvements by having my deputies initial the monthly reports that I prepare.

My 1st Deputy does reconcile officers and e-deposit bank statements and I review them. I reconcile the rest of the accounts. However, my 1st deputy reconciles all bank statements, so review is happening. In the future, we will be more diligent in initialing what we review.

There is extensive documentation (2 filing cabinet drawers) of the efforts in my office to balance monthly for the past three years with the County Clerk. The County Clerk's changing the figures on the appropriation ledger, back-dating entries, not moving amounts from prior fiscal years forward to the current fiscal year, a serious lack of communication, the inability to obtain consistently accurate information from the County Clerk's records, and the absence of supporting documentation contributed to the unsuccessful attempts to balance the general ledger to the County Clerk's appropriation ledger.

County Clerk: I was not in office at this time, but we have started reconciling the appropriation ledger to the County Treasurer's general ledger.

Criteria: Accountability and stewardship are overall goals of management in the accounting of funds. An important aspect of internal controls is the safeguarding of assets. Internal controls over safeguarding of assets constitute a process, affected by an entity's governing body, management, and other personnel, designed to provide reasonable assurance regarding prevention or timely detection of unauthorized transactions, and safeguarding assets from misappropriation.

Additionally, internal controls should be designed and implemented to analyze and check accuracy and completeness. To help ensure a proper accounting of funds, all bank accounts should have a bank reconciliation performed on a monthly basis and approved by someone other than the preparer and include an indication of review.

Objective 2:To determine the County's financial operations complied with 68 O.S.
§ 1370E, which requires the sales tax collections to be deposited in the
general revenue or Sales Tax Revolving Fund of the County and be used
only for the purpose for which such sales tax was designated.

Conclusion: With respect to the items tested, the County did not comply with 68 O.S. § 1370E, which requires the sales tax collections to be deposited in the general revenue or Sales Tax Revolving Fund of the County and be used only for the purpose for which such sales tax was designated. Also, internal controls should be strengthened over sales tax collections and disbursements.

FINDINGS AND RECOMMENDATIONS

Finding 2014-003 – Inadequate Internal Controls and Noncompliance Over County Sales Tax

Condition: Upon inquiry and observation of the recordkeeping process of apportioning sales tax collections and disbursing sales tax funds, the following was noted:

• The documentation for the calculation of sales tax collections performed and apportioned by the County Treasurer and appropriated by the County Clerk was not maintained.

Additionally, during our audit of sixty (60) sales tax disbursements the following exceptions were noted:

• Four (4) purchase orders could not be located, therefore we were unable to determine if the disbursement was properly approved and made for the purpose it was designated.

Cause of Condition: Policies and procedures have not been designed and implemented to ensure sales tax collections are being properly apportioned and appropriated to the designated funds and disbursements are in accordance with the sales tax ballots.

Effect of Condition: These conditions resulted in noncompliance with state statute and could result in unrecorded transactions, misstated financial reports, undetected errors, and misappropriation of funds.

Recommendation: OSAI recommends management design and implement policies and procedures to ensure the calculation of sales tax apportionments and appropriations are reviewed by someone other than the preparer and the documentation of the review be maintained.

In addition, all purchase orders and supporting documentation be maintained to ensure all expenditures are made in accordance with purposes specified by the ballot as outlined by Title 68 O.S. § 1370E.

Management Response:

County Clerk: I was not in office at this time, but we have started to maintain the documentation of the calculation of sales tax collections. We are now scanning all purchase orders and supporting documentation.

Criteria: Internal controls should be designed to analyze and check accuracy and completeness. To help ensure proper accounting of funds, the duties of allocating and apportioning sales tax should be reviewed and documented by an independent party and would include expenditure procedures that ensure compliance with 68 O.S. § 1370E.

Objective 3:To determine the County's financial operations complied with 68 O.S.
§ 2923, which requires the ad valorem tax collections to be apportioned and
distributed monthly among the different funds to which they belong.

Conclusion: With respect to the items tested, the County complied with 68 O.S. § 2923, which requires the ad valorem tax collections to be apportioned and distributed monthly among the different funds to which they belong.

Objective 4: To determine whether the County's internal controls provide reasonable assurance that expenditures (including payroll) were accurately reported in the accounting records and financial operations complied with significant laws and regulations.

Conclusion: With respect to the items tested, the County's internal controls do not provide reasonable assurance that expenditures (including payroll) were accurately reported in the accounting records.

The County's financial operations did not comply with 19 O.S. § 1505, which requires that disbursements be encumbered prior to ordering the goods or services and properly supported.

FINDINGS AND RECOMMENDATIONS

Finding 2014-004 – Inadequate Internal Controls and Noncompliance Over the Disbursement Process (Repeat Finding)

Condition: Upon inquiry and observation of the County's disbursement process, the following weaknesses were noted:

- One employee is in charge of creating purchase orders, making purchases, reviewing supporting documentation, creating warrants, mailing payments, and has access to the electronic signature of the Board of County Commissioners' Chairman and County Clerk.
- The check stock in not maintained in a secure location.
- The County Clerk stated that while she reviewed the purchase orders (PO), she was unable to provide any supporting documentation of the review of the bottom left corner of the PO that certifies that the invoice, receiving report and delivery documentation had been compared to the PO and any discrepancies had been reconciled.

While performing a test of sixty (60) disbursements, the following exceptions were noted:

- Thirteen (13) were not encumbered prior to receiving goods or services.
- Three (3) were not supported by adequate documentation.
- Two (2) purchase orders could not be located.

Cause of Condition: Policies and procedures have not been designed and implemented to ensure adequate internal controls and compliance with state statute over the disbursement process.

Effect of Condition: These conditions resulted in noncompliance with state statute and could result in unrecorded transactions, misstated financial reports, undetected errors, or misappropriation of funds. In addition, with the Purchasing Clerk having unlimited access to officials' electronic signatures this person would have the ability to initiate a transaction from beginning to end without any official approval.

Recommendation: OSAI recommends the following regarding the purchasing process:

- Accounting functions of the purchasing process should be adequately segregated. In the event that segregation of duties is not possible due to limited personnel, OSAI recommends implementing compensating controls to mitigate the risk involved with a concentration of duties. Compensating controls would include separating key processes and/or critical functions of the office and having management review and approve accounting functions.
- When facsimile signatures are printed on warrants by the software system, the County Clerk should review and initial the warrants after they are printed.
- The check stock should be maintained in a secure location.
- The County adhere to state purchasing guidelines. Purchase orders should be encumbered before goods or services are ordered, encumbrances should be certified by the County Clerk or Deputy. Adequate supporting documentation should be attached to the purchase order and reviewed to ensure accuracy and all purchase orders should for review.

Management Response:

Chairman of the Board of County Commissioners: We have stopped the use of the Chairman's electronic signature in the County Clerk's office and will make sure all purchase orders are encumbered prior to receiving the goods or services and that proper supporting documentation is attached.

County Clerk: I was not in office at this time, but we have segregated the purchasing duties and eliminated the electronic signatures. Check stock is in a locked filing cabinet. All purchase orders are reviewed for supporting documentation. Purchase orders and supporting documentation is scanned in as well.

Criteria: Internal control is an integral component of an organization's management that provides reasonable assurance that the objective of effectiveness and efficiency of operations, reliability of financial reporting and compliance with laws and regulations are being met. Internal control comprises the plans, methods, and procedures used to meet missions, goals, and objectives. Internal control also serves as the first line of defense in safeguarding assets and preventing and detecting errors and fraud.

Effective internal controls require that management properly implement procedures to ensure that purchases comply with 19 O.S. § 1505.

Finding 2014-006 – Inadequate Internal Controls Over the Payroll Process

Condition: Upon inquiry, observation and review of the County's payroll disbursement process the following was noted:

• One employee is in charge of the administration of payroll. She enrolls new employees, creates the payroll affidavits, processes payroll, creates payroll warrants, and has access to the electronic signature of the County Commissioners' Chairman and County Clerk.

Additionally, the review of six (6) payroll claims, which included sixty-one (61) timesheets, reflected the following:

- Six (6) timesheets were not signed by the employee.
- Two (2) timesheets could not be located.
- One (1) timesheet did not reflect the actual hours worked.

Cause of Condition: Policies and procedures have not been designed and implemented with regards to the payroll process to ensure adequate segregation of duties and internal controls. Additionally, policies and procedures have not been designed and implemented to ensure timesheets are signed by the employee.

Effect of Condition: These conditions could result in unrecorded transactions, misstated financial reports, undetected errors, or misappropriation of funds.

Recommendation: OSAI recommends management be aware of these conditions and realize that a concentration of duties and responsibilities in a limited number of individuals is not desired from a control point of view. The most effective controls lie in management's oversight of office operations and a periodic review of operations. In the event that segregation of duties is not possible due to limited personnel, OSAI recommends implementing compensating controls to mitigate the risks involved with a concentration of duties. Compensating controls would include separating key processes and/or critical functions of the office and having management review and approval of accounting functions. Also, when facsimile signatures are printed on warrants by the software system, the County Clerk should review and initial the warrants after they are printed.

Furthermore, regarding internal controls, OSAI recommends the following:

- All timesheets should be signed by the employee and approved by the official or immediate supervisor.
- Timesheets be submitted with all payroll claims as supporting documentation.
- Actual hours worked should be documented on the time sheet.

Management Response:

County Clerk:

- All timesheets will be reviewed for employee signatures. No copies will be allowed; all timesheets will be signed by the employee and the officer.
- More care will be taken when filing and no unaudited paperwork will leave the County Clerk's office.
- When a new employee is hired, one person does the new hire paperwork and a second person enters the information into the computer. When timesheet information is entered for pay, a second person always checks the inputted data and initials the timesheet.

County Sheriff: We will make sure all timesheets are signed by the employee and document actual hours worked.

Criteria: Effective accounting procedures and internal controls are necessary to ensure stewardship and accountability of public funds. Safeguarding controls are an aspect of internal control which aids in the prevention or timely detection of unauthorized transactions and unauthorized access to assets. Internal controls should be designed to analyze and check accuracy, completeness, and authorization of disbursements.

All Objectives:

The following findings are not specific to any objective, but are considered significant to all of the audit objectives.

Finding 2014-001 - Inadequate County-Wide Internal Controls (Repeat Finding)

Condition: County-wide controls regarding Risk Assessment, Communication and Information, and Monitoring have not been designed and/or implemented.

Cause of Condition: Policies and procedures have not been designed and implemented to address countywide controls.

Effect of Condition: These conditions could result in unrecorded transactions, undetected errors, or misappropriation of funds.

Recommendation: OSAI recommends that the County design and implement procedures to identify and address risks and to ensure that information is communicated effectively. OSAI also recommends that the County design monitoring procedures to assess the quality of performance over time. These procedures

should be written policies and procedures and could be included in the County's policies and procedures handbook.

Management Response:

Chairman of the Board of County Commissioners: The Board of County Commissioners plays a major role in setting strategy; formulating objectives; allocating resources; and providing guidance, direction, and accountability for county officers. Therefore, the Board along with County Officers will work together to design written policies and procedures to identify and address county-wide controls for Risk Assessment, Communication and Information and Monitoring.

District 2 County Commissioner: Class A Officers meetings are held quarterly. As one of the county elected officials I will request that the minutes more accurately reflect the county-wide topics that we discussed including but not limited to Risk Assessment, Communication and Information and Monitoring.

District 3 County Commissioner: I was sworn in as Grant County Commissioner July 20th, 2015, so I choose not to comment on this finding.

Outgoing County Clerk: This office will encourage all Officers to discuss Risk Assessment and to design and implement policies and procedures to help with identifying and addressing risks at all levels during the Class A Officer meetings.

County Treasurer: Policy and procedure should be discussed at these Class A Officer's meetings. I believe it would be best if all officers would attend the Board of County Commissioners meetings to be better informed. We voted to reduce the meetings from monthly to quarterly because it did not appear to be solving any issues. I would like to see all officers better informed – reading the minutes in the newspaper is not sufficient. If officers cannot attend weekly Commissioners' meetings, perhaps each of us can rotate going to the meetings and creating a synopsis of county business discussed and action taken.

County Sheriff: These will be discussed as a County Risk Assessment at our Class A Officer's meetings.

County Assessor: At our Class A Officer's meetings, we will discuss Risk Assessment, Communication and Information and Monitoring and our County handbook and determine what other areas need improvement.

Court Clerk: At our Class A officer meetings, with the cooperation of the County Commissioners, we will discuss Risk Management, the County Handbook and determine what other areas we need to improve on.

Criteria: Internal control is an integral component of an organization's management that provides reasonable assurance that the objective of effectiveness and efficiency of operations, reliability of financial reporting and compliance with laws and regulations are being met. Internal control comprises the plans, methods, and procedures used to meet missions, goals, and objectives. Internal control also serves as the first line of defense in safeguarding assets and preventing and detecting errors and fraud. County management is responsible for designing a county-wide internal control system comprised of Risk Assessment, Communication and Information, and Monitoring for the achievement of these goals.

Other Item(s) Noted:

Although not considered significant to the audit objectives, we feel the following issues should be communicated to management.

Finding 2014-011 – Noncompliance Over the Sale of Native Materials (Repeat Finding)

Condition: Upon inquiry of county employees and county officials, with regard to the collection of revenue, we determined that District 1 and District 3 sells native materials from leased shale pits and rock quarries located within Grant County, as well as Kay County. These Districts sell these materials to companies. The proceeds from these sales are deposited into the Highway Cash Fund. The County has no authority to sell native materials to businesses.

Miscellaneous receipts deposited in the Highway Cash Fund under the description of "Shale" and "Shale/Sand/Gravel/Etc." for the fiscal year ended June 30, 2014 totaled \$383,950.76.

Cause of Condition: The County was unaware this was not an acceptable practice for a County.

Effect of Condition: This activity has resulted in a sales tax liability for the County of which no collections have been made. Additionally, these conditions could result in unrecorded transactions, misstated financial reports, undetected errors, or misappropriation of funds when all accounting duties are concentrated to one employee.

Recommendation: OSAI recommends the County follow the advice of the District Attorney and stop the practice of selling rock to private businesses.

Management Response:

District 1 County Commissioner: We are no longer selling native material.

District 3 County Commissioner: This is a finding from 2014. I was sworn in as Grant County Commissioner July 20th, 2015 so I cannot comment on this finding, other than to say that Grant County District 3 does not sell native materials under advice of the District Attorney's office since early 2016.

Criteria: There is no statutory authority for a county to operate as a business regarding the sale of native materials.

Finding 2014-012 – Inadequate Internal Controls Over Information Technology - County Treasurer and County Clerk

Condition: Upon review of the computer system within the offices of County Treasurer and County Clerk, it was noted that there does not appear to be adequate controls in place to safeguard data from unauthorized modification, loss, or disclosure. The specifics of the condition have been sanitized to protect the County pursuant to the provision of 51 O.S. § 24.A.28.

Cause of Condition: Policies and procedures have not been designed and implemented to prevent unauthorized access to data.

Effect of Condition: This condition could result in compromised security for the computer, computer programs, and data.

Recommendation: The County Treasurer and County Clerk should comply with best practices presented in the criteria. The specifics of the recommendation have been sanitized to protect the County pursuant to the provision of 51 O.S. § 24.A.28.

Management Response:

County Treasurer: I have updated specific controls within my office to comply with OSAI audit finding.

County Clerk: I was not in office at this time, but I will contact our core vendor to setup these parameters.

Criteria: According to the standards of the Information Systems Audit and Control Association (CobiT, Delivery and Support DS5), the need to maintain the integrity of information and protect IT assets requires a security management process. This process includes establishing and maintaining IT security roles and responsibilities, policies, standards, and procedures. Security management also includes performing security monitoring and periodic testing and implementing corrective actions for identified security weaknesses or incidents. Effective security management protects all IT assets to minimize the business impact of security vulnerabilities and incidents.

REPORT ON STATUTORY COMPLIANCE – OTHER MATTERS

Oklahoma State Auditor & Inspector

2300 N. Lincoln Blvd. • State Capitol, Room 123 • Oklahoma City, OK 73105 • Phone: 405.521.3495 • Fax: 405.521.3426

Grant County Board of County Commissioners Grant County Courthouse Medford, Oklahoma 73759

Dear Chairman:

For the purpose of complying with 19 O.S. § 171 and 20 O.S. § 1312, we have performed statutory procedures regarding the following offices and departments for the fiscal year ended June 30, 2014:

- All County Offices Fixed Assets procedures (19 O.S. § 178.1, 19 O.S. § 178.2, and 69 O.S. § 645).
- All County Offices Consumable Inventories procedures (19 O.S. § 1502 and 19 O.S. § 1504).
- Court Clerk procedures (20 O.S. § 1304 and 19 O.S. § 220).
- Inmate Trust Fund procedures (19 O.S. § 531 and 19 O.S. § 180.43).

Our statutory compliance engagement was limited to the procedures related to the statutes above and was less in scope than an audit performed in accordance with generally accepted auditing standards. Accordingly, we do not express an opinion on any basic financial statement of Grant County.

Based on our procedures performed, we have presented our findings in the accompanying schedule.

This report is intended for the information and use of the management of the County. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

GARY A. JONES, CPA, CFE OKLAHOMA STATE AUDITOR & INSPECTOR

December 3, 2018

SCHEDULE OF FINDINGS AND RESPONSES

Finding 2014-007 – Inadequate Internal Controls and Noncompliance Over the Receipting and Disbursement Processes – Court Clerk

Condition: Upon inquiry of Court Clerk employees and observation of records, the following was noted:

- The Court Clerk has the ability to issue receipts, reconcile receipts to her cash drawer, prepare the deposit, and take the deposit to the County Treasurer.
- The Court Clerk can receive goods, prepare a claim, prepare the voucher, take the voucher to the County Treasurer, and mail the voucher.
- Court Fund claims and Revolving Fund claims are sometimes approved by a judge after the corresponding vouchers have been issued and paid.

A test of ten (10) claims for the Court Clerk Revolving Fund, reflected the following:

- Two (2) claims had duplicate voucher numbers.
- One (1) claim did not have approval of the district judge or associate district judge.
- One (1) claim included an invoice with sales tax of \$44.65, which was paid.
- One (1) claim was for less than the attached invoice.

Cause of Condition: Policies and procedures have not been designed and implemented to adequately segregate the duties of the receipting and disbursement processes within the office of the Court Clerk, or to ensure deposits are made daily and claims are not approved after they have been paid or to ensure that the Court Clerk Revolving Fund vouchers are accurate and have proper documentation and approval.

Effect of Condition: These conditions resulted in noncompliance with state statutes and could result in unrecorded transactions, misstated financial reports, undetected errors, and misappropriation of funds.

Recommendation: OSAI recommends that management be aware of these conditions and realize that a concentration of duties and responsibilities in a limited number of individuals is not desired from a control point of view. OSAI further recommends implementing compensating procedures to mitigate the risks involved with a concentration of duties. Compensating procedures would include separating key processes and/or critical functions of the office and having management review and approve the accounting functions. Additionally, proper approval of claims should be attained before issuing vouchers.

OSAI recommends that claims be reviewed for accuracy, improper charges, and approval of the district judge or associate district judge before vouchers are issued. Additionally, vouchers should be prenumbered to avoid duplication.

Management Response:

Court Clerk: Deposits are now being made on a daily basis including all credit card transactions. We will do everything possible to rotate duties in paying claims, receiving goods and taking vouchers to the County

Treasurer. Court Fund and Revolving Fund claims will be approved either in person by a judge or by email before any claim is paid.

The two claims that had duplicate voucher numbers were paid by the County Clerk back in the fiscal year 2014. This is when the County Clerk wrote the Revolving Fund vouchers. I will make every effort to make sure that sales tax is not paid. I just overlooked that fact. Once again, we will make every effort to make sure that the claims are approved by the judges before a voucher is written. We will double check the amount on the invoice before a claim is paid and have someone else look over the claims and initial them.

Criteria: Accountability and stewardship are overall goals of management in the accounting of funds. An important aspect of internal controls is the safeguarding of assets. Internal controls over safeguarding of assets constitute a process, affected by an entity's governing body, management, and other personnel, designed to provide reasonable assurance regarding prevention or timely detection of unauthorized transactions, and safeguarding assets from misappropriation. To help ensure a proper accounting of funds, the duties of receiving, receipting, recording, depositing cash and checks, reconciliations, and transaction authorization should be segregated.

- Title 19 O.S. § 220(A) states in part, "there is hereby created with the county treasurer of each county within this state a depository revolving fund to be designated the "Court Clerk's Revolving Fund". The fund shall be a continuing fund, not subject to fiscal year limitations, and shall consist of all monies received as grants from the federal government and any other monies designated by law for deposit into the fund. All monies accruing to the credit of the fund shall be expended by the court clerk for the lawful operation of the court clerk's office. Claims against the fund shall include only expenses incurred for the operation of the court clerk's office in each county, and payment may be made after the claim is approved by the court clerk and either the district or the associate district judge of that county..."
- Title 20 O.S. § 1304(A) states in part, "Claims against the court fund shall include only expenses lawfully incurred for the operation of the court in each county. Payment of the expenses may be made after the claim is approved by the district judge who is a member of the governing board of the court fund and either the local court clerk or the local associate district judge who is a member of the governing board."

Finding 2014-010 – Inadequate Internal Controls and Noncompliance Over the Inmate Trust Fund Checking Account and Sheriff Commissary Fund (Repeat Finding)

Condition: An audit of the Inmate Trust Fund Checking Account and Sheriff Commissary Fund reflected the following:

- One employee prepares the deposit, takes the deposit to the bank, and performs inmate account maintenance.
- Collections were not deposited daily.

- Reconciliation of the bank statement or inmate ledger balance to the bank are not performed.
- The Sheriff's office did not file an annual report for the Commissary Fund with the Board of County Commissioners.

After reviewing one-hundred twenty-six (126) expenditures, (100%) of the Inmate Trust Fund Checking Account expenditures, the following noncompliance was noted:

• Six (6) checks, totaling \$7,511.59, were paid to the commissary vendor.

Cause of Condition: Policies and procedures have not been designed and implemented regarding the Inmate Trust Fund Checking Account and Sheriff Commissary Fund.

Effect of Condition: These conditions resulted in noncompliance with state statutes. Also, without proper accounting and safeguarding of the Inmate Trust Account, there is an increased risk of misappropriation of funds.

Recommendation: OSAI recommends the following:

- Key duties and responsibilities should be segregated among different individuals to reduce the risk of error or fraud. No one individual should have the ability to authorize transactions, have physical custody of assets, and record transactions.
- Inmate trust fund monies should be maintained in a manner that reflects each inmate's trust deposits, disbursements, and account balances. The inmate's ledger balances should be reconciled to the bank statements each month.
- All funds received should be deposited to the Inmate Trust Fund Checking Account daily.
- Bank reconciliation should be performed monthly.
- The Sheriff should file a report of the Commissary with the Board of County Commissioners by January 15th, of each year.

Additionally, OSAI recommends that the expenditures should be made from the Inmate Trust Fund Checking Account in accordance with 19 O.S. § 531(A). OSAI recommends that checks be issued with enough detail as to ascertain the name of the inmate being released/transferred.

Management Response:

County Sheriff:

- 1. A new bank account has been set up for the Inmate Trust Fund Checking Account, internal accounting tools are now being used through software that the commissary company provides to accurately match deposits and returned checks for reconciliation of the monthly bank statements.
- 2. Deposits will be attempted to be made daily.
- 3. There will be a separate person to take the daily deposits to the bank, who does not fill out the deposit slip.
- 4. The Sheriff's office will begin to file an annual report of the Inmate Trust Fund Checking Account with the BOCC.

5. There will no longer be checks issued directly to the commissary company from the Inmate Trust Fund Checking Account; those funds will be transferred to the Sheriff Commissary Fund and the vendor will be paid from that fund.

Criteria: Effective accounting procedures and internal controls are necessary to ensure stewardship and accountability of public funds. Safeguarding controls are an important aspect of internal control which aid in the prevention or timely detection of unauthorized transactions and unauthorized access to assets. Failure to perform tasks that are part of internal controls, such as reconciliations not performed or not timely prepared, are deficiencies in internal control. Further, reconciliations should be performed on a monthly basis.

Effective internal controls should provide for procedures wherein receipts are maintained and available for inspection and deposits are made in a timely manner.

- Title 19 O.S. § 180.43 D states in part, "Any funds received pursuant to said operations shall be the funds of the county where the persons are incarcerated and shall be deposited in the Sheriff's Commissary Account. The sheriff shall be permitted to expend the funds to improve or provide jail services. The sheriff shall be permitted to expend any surplus in the Sheriff's Commissary Account for administering expenses for training equipment, travel or for capital expenditures. The claims for expenses shall be filed with and allowed by the board of county commissioners in the same manner as other claims. The Sheriff shall receive no compensation for the operation of said commissary. The sheriff shall file an annual report on any said commissary under his or her operation no later than January 15 of each year..."
- Title 19 O.S. § 531(A) states in part, "...the county sheriff may establish a checking account, to be designated the "Inmate Trust Fund Checking Account," ...The county sheriff shall deposit all monies collected from inmates incarcerated in the county jail into this checking account and may write checks to the Sheriff's Commissary Account for purchases made by the inmate during his or her incarceration and to the inmate for unencumbered balances due the inmate upon his or her discharge."

OFFICE OF THE STATE AUDITOR & INSPECTOR 2300 N. LINCOLN BOULEVARD, ROOM 100 OKLAHOMA CITY, OK 73105-4896
