November 7, 2022

TO THE CITIZENS OF HARPER COUNTY, OKLAHOMA

Transmitted herewith is the audit of Harper County, Oklahoma for the fiscal year ended June 30, 2021. The audit was conducted in accordance with 19 O.S. § 171.

A report of this type can be critical in nature. Failure to report commendable features in the accounting and operating procedures of the entity should not be interpreted to mean that they do not exist.

The goal of the State Auditor and Inspector is to promote accountability and fiscal integrity in state and local government. Maintaining our independence as we provide this service to the taxpayers of Oklahoma is of utmost importance.

We wish to take this opportunity to express our appreciation for the assistance and cooperation extended to our office during our engagement.

This report is a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.) and shall be open to any person for inspection and copying.

Sincerely,

ndy Byrd

Independent Auditor's Report

TO THE OFFICERS OF HARPER COUNTY, OKLAHOMA

Report on the Financial Statement

We have audited the total—all county funds on the accompanying regulatory basis Statement of Receipts, Disbursements, and Changes in Cash Balances of Harper County, Oklahoma, as of and for the year ended June 30, 2021, and the related notes to the financial statement, which collectively comprise the County's basic financial statement as listed in the table of contents.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the regulatory basis of accounting described in Note 1, and for determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statement is prepared by Harper County using accounting practices prescribed or permitted by Oklahoma state law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Harper County as of June 30, 2021, or changes in financial position for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the total receipts, disbursements, and changes in cash balances for all county funds of Harper County, as of and for the year ended June 30, 2021, in accordance with the basis of accounting described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the total of all county funds on the financial statement. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statement.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. Such information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statement.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 19, 2022, on our consideration of Harper County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an

integral part of an audit performed in accordance with *Government Auditing Standards* in considering Harper County's internal control over financial reporting and compliance.

The notes to the financial statement are an integral part of this statement.

1. Summary of Significant Accounting Policies

A. <u>Reporting Entity</u>

Harper County is a subdivision of the State of Oklahoma created by the Oklahoma Constitution and regulated by Oklahoma Statutes.

The accompanying financial statement presents the receipts, disbursements, and changes in cash balances of the total of all funds under the control of the primary government. The general fund is the county's general operating fund, accounting for all financial resources except those required to be accounted for in another fund, where its use is restricted for a specified purpose. Other funds established by statute and under the control of the primary government are also presented.

The County Treasurer collects and remits material amounts of intergovernmental revenues and ad valorem tax revenue for other budgetary entities, including emergency medical districts, school districts, and cities and towns. The cash receipts and disbursements attributable to those other entities do not appear in funds on the County's financial statement; those funds play no part in the County's operations. Any trust or agency funds maintained by the County are not included in this presentation.

B. Fund Accounting

The County uses funds to report on receipts, disbursements, and changes in cash balances. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Following are descriptions of the county funds included within the financial statement:

County General – accounts for the general operations of the government.

<u>County Highway Unrestricted</u> – accounts for state, local, and miscellaneous receipts and disbursements are for the purpose of constructing and maintaining county roads and bridges.

<u>Assessor Visual Inspection</u> – accounts for the collections and disbursements by the Assessor as restricted by state stature for the visual inspection program.

<u>Assessor Revolving Fee</u> – accounts for the collection of fees for copies and disbursements as restricted by state statute.

<u>County Clerk Lien Fee</u> – accounts for the collection of fees for copies and liens and disbursements as restricted by state statute.

<u>Sheriff Forfeiture</u> – accounts for money forfeited or money earned from the sale of items forfeited to the Sheriff and disbursements are for drug related programs.

<u>Sheriff Service Fee</u> – accounts for the collection of fees and reimbursements for revenues such as: process fees, courthouse security fees, contracts for housing and feeding prisoners, and disbursements as restricted by state statute.

<u>Sheriff Commissary</u> – accounts for the collection from the sale of items to inmates and disbursements for jail operations as defined by state statute. Excess funds may be used for training equipment, travel, or capital outlay expenditures.

<u>Sheriff Board of Prisoners</u> – accounts for the collection of monies from the Oklahoma Department of Corrections and disbursements are used for the operations of the jail.

<u>Treasurer Mortgage Certification</u> – accounts for collection of fees by the Treasurer for mortgage tax certificates and the disbursement of the funds as restricted by state statute.

<u>Resale Property</u> – accounts for the collection of interest and penalties on delinquent taxes and the disposition of same as restricted by state statute.

<u>Health-ST</u> – accounts for sales tax collected and disbursed as specified in the sales tax ballot.

 $\underline{\text{Extension-ST}}$ – accounts for sales tax collected and disbursed as specified in the sales tax ballot.

Fair-ST – accounts for sales tax collected and disbursed as specified in the sales tax ballot.

<u>Rural Fire-ST</u> – accounts for sales tax collected and disbursed as specified in the sales tax ballot.

<u>Emergency Medical Service (EMS-522)-ST</u> – accounts for sales tax collected and disbursed as specified in the sales tax ballot.

<u>Senior Citizens-ST</u> – accounts for sales tax collected and disbursed as specified in the sales tax ballot.

<u>Library-ST</u> – accounts for sales tax collected and disbursed as specified in the sales tax ballot.

 $\underline{\text{Economic Development-ST}}$ – accounts for sales tax collected and disbursed as specified in the sales tax ballot.

<u>General Gov't-ST</u> – accounts for sales tax collected and disbursed as specified in the sales tax ballot.

Hospital-ST – accounts for sales tax collected and disbursed as specified in the sales tax ballot.

<u>Emergency Management</u> – accounts for the receipt and disbursement of funds from federal and state sources and from local town donations for emergency management and other civil defense purposes.

<u>911 Phone Fees</u> – accounts for monies received from private telephone companies for the operations of emergency 911 services.

<u>County Bridge and Road Improvement</u> – accounts for state receipts and disbursements are for the purpose of maintaining bridges and roads.

<u>Occupational Assistance Grant</u> – accounts for the collections of state grant money to be disbursed in accordance with grant agreements.

<u>Health</u> – accounts for monies collected on behalf of the County Health Department from state and local revenues.

<u>Free Fair Board</u> - accounts for revenues for rental fees collected on the fairgrounds and disbursements are for the purpose of the fairgrounds.

<u>County Donations</u> – accounts for donations made to the County. Disbursements are for the specific purpose for which it was donated.

<u>Community Development Block Grants Revolving Fund</u> – accounts for the collection of federal grant money to be disbursed in accordance with grant agreements.

<u>County Clerk Records Management and Preservation</u> – accounts for fees collected for instruments filed with the County Clerk's office and disbursements as restricted by state statute.

<u>American Rescue Plan Act 2021</u> – accounts for monies received from the United States Department of Treasury and disbursed for responding to the COVID-19 public health emergency and its negative economic impact, premium pay to eligible workers, the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency, and investments in water, sewer, and broadband infrastructure as restricted by federal requirements.

<u>Rural Economic Action Plan Revolving Fund</u> – accounts for the collection of state grant money to be disbursed in accordance with grant agreements.

C. Basis of Accounting

The financial statement is prepared on a basis of accounting wherein amounts are recognized when received or disbursed. This basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be

recognized when the related liabilities are incurred. This regulatory basis financial presentation is not a comprehensive measure of economic condition or changes therein.

Title 19 O.S. § 171 allows Oklahoma counties to present their financial statement in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) or on a regulatory basis. The County has elected to present their financial statement on a regulatory basis in conformity with Title 19 O.S. § 171, which specifies the format and presentation of such regulatory basis financial statements: county governments (primary only) are required to present their financial statements on a fund basis format with, at a minimum, the general fund and all other county funds, which represent ten percent or greater of total county revenue with all other funds included in the audit presented in the aggregate in a combining statement. However, the County has elected to present all funds included in the audit in the Statement of Receipts, Disbursements, and Changes in Cash Balances—Regulatory Basis.

D. <u>Budget</u>

Under current Oklahoma Statutes, a general fund and a county health department fund are the only funds required to adopt a formal budget. On or before the first Monday in July of each year, each officer or department head submits an estimate of needs to the governing body. The budget is approved for the respective fund by office, or department and object. The County Board of Commissioners may approve changes of appropriations within the fund by office or department and object. To increase or decrease the budget by fund requires approval by the County Excise Board.

E. Cash and Investments

For the purposes of financial reporting, "Ending Cash Balances, June 30" includes cash and cash equivalents and investments as allowed by statutes. The County pools the cash of its various funds in maintaining its bank accounts. However, cash applicable to a particular fund is readily identifiable on the County's books. The balance in the pooled cash accounts is available to meet current operating requirements.

State statutes require financial institutions with which the County maintains funds to deposit collateral securities to secure the County's deposits. The amount of collateral securities to be pledged is established by the County Treasurer; this amount must be at least the amount of the deposit to be secured, less the amount insured (by, for example, the FDIC).

The County Treasurer has been authorized by the County's governing board to make investments. Allowable investments are outlined in statutes 62 O.S. § 348.1 and § 348.3.

All investments must be backed by the full faith and credit of the United States Government, the Oklahoma State Government, fully collateralized, or fully insured. All investments as classified by state statute are nonnegotiable certificates of deposit. Nonnegotiable certificates of deposit are not subject to interest rate risk or credit risk.

2. Ad Valorem Tax

The County's property tax is levied each October 1 on the assessed value listed as of January 1 of the same year for all real and personal property located in the County, except certain exempt property. Assessed values are established by the County Assessor within the prescribed guidelines established by the Oklahoma Tax Commission and the State Equalization Board. Title 68 O.S. § 2820.A. states, ". . . Each assessor shall thereafter maintain an active and systematic program of visual inspection on a continuous basis and shall establish an inspection schedule which will result in the individual visual inspection of all taxable property within the county at least once each four (4) years."

Taxes are due on November 1 following the levy date, although they may be paid in two equal installments. If the first half is paid prior to January 1, the second half is not delinquent until April 1. The County Treasurer, according to the law, shall give notice of delinquent taxes and special assessments by publication once a week for two consecutive weeks at any time after April 1, but prior to the end of September following the year the taxes were first due and payable. Unpaid real property taxes become a lien upon said property after the treasurer has perfected the lien by public notice.

Unpaid delinquent personal property taxes are usually published in May. If the taxes are not paid within 30 days from publication, they shall be placed on the personal tax lien docket.

3. Other Information

A. Pension Plan

<u>Plan Description</u>. The County contributes to the Oklahoma Public Employees Retirement Plan (the Plan), a cost-sharing, multiple-employer defined benefit pension plan administered by the Oklahoma Public Employees Retirement System (OPERS). Benefit provisions are established and amended by the Oklahoma Legislature. The Plan provides retirement, disability, and death benefits to Plan members and beneficiaries. Title 74, Sections 901 through 943, as amended, establishes the provisions of the Plan. OPERS issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing OPERS, P.O. Box 53007, Oklahoma City, Oklahoma 73105 or by calling 1-800-733-9008.

<u>Funding Policy</u>. The contribution rates for each member category are established by the Oklahoma Legislature and are based on an actuarial calculation which is performed to determine the adequacy of contribution rates.

B. Other Post Employment Benefits (OPEB)

In addition to the pension benefits described in the Pension Plan note, OPERS provides postretirement health care benefits of up to \$105 each for retirees who are members of an eligible group plan. These benefits are funded on a pay-as-you-go basis as part of the overall retirement benefit. OPEB expenditure and participant information is available for the state as a whole; however, information specific to the County is not available nor can it be reasonably estimated.

C. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, primarily the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time; however, the County expects such amounts, if any, to be immaterial.

As of the end of the fiscal year, there were no claims or judgments that would have a material adverse effect on the financial condition of the County; however, the outcome of any lawsuit would not be determinable.

D. Sales Tax

Sales Tax of November 8, 2011

The voters of Harper County approved a one percent (1%) sales tax on November 8, 2011. This sales tax was established to provide funds to the Harper County OSU Extension Office (9%); Harper County Free Fair (10%); Harper County Rural Fire Association (11%); Buffalo EMS (8%); Laverne EMS (8%); Laverne Senior Citizens (.5%); Buffalo Senior Citizens (.5%); Harper County Rural Development Council (2%); Laverne Delphian Municipal Library (.5%); Buffalo Public Library (.5%); Harper County Health Department (14%); Harper County General Fund (36%). The tax imposed herein expired after sixty (60) months. The voters elected to continue the sales tax for an additionally 60 months on November 8, 2016. These funds are accounted for separately in special revenue funds as noted below:

- Extension-ST
- Fair-ST
- Rural Fire-ST
- Emergency Medical Service-ST
- Senior Citizen-ST
- Economic Development-ST
- Library-ST
- Health-ST
- General Gov't-ST

Sales Tax of November 8, 2016

The voters of Harper County also approved to continue a one percent (1%) sales tax on November 8, 2016. This sales tax was established to provide funds for General Operations and Capital

Improvements of Health Care Facilities, for purposes pertaining to the health and general wellbeing of the people of Harper County, Oklahoma. The sales tax is to be effective from May 1, 2018 and will expire April 30, 2023. These funds are accounted for in the County Sales Tax – County Hospital Fund.

E. Interfund Transfers

During the fiscal year, the County made the following transfers between cash funds:

• \$8,380 was transferred to the Sheriff Service Fee fund from the Sheriff Board of Prisoners fund by Board of County Commissioner resolution to establish a uniform system of bookkeeping in accordance with 74 O.S. § 214.

SUPPLEMENTARY INFORMATION

HARPER COUNTY, OKLAHOMA COMPARATIVE SCHEDULE OF EXPENDITURES—BUDGET AND ACTUAL— BUDGETARY BASIS—GENERAL FUND FOR THE FISCAL YEAR ENDED JUNE 30, 2021

		General Fund	
	Budget	Actual	Variance
District Attorney	\$ 1,50	0 \$ 1,500	\$ -
County Sheriff	285,52	0 278,469	7,051
County Treasurer	53,80	0 53,800	-
County Clerk	51,75	0 49,904	1,846
Court Clerk	99,60	0 99,151	449
County Assessor	52,20	0 51,142	1,058
Visual Inspection	115,70	0 108,207	7,493
General Government	697,52	0 233,413	464,107
Excise - Equalization Board	2,42	2 2,037	385
County Election Expense	51,75	9 52,459	(700)
Charity	17,49	2 17,492	-
County Audit Budget Account	8,29	9	8,299
Total Expenditures, Budgetary Basis	\$ 1,437,56	2 \$ 947,574	\$ 489,988

1. Budgetary Schedules

The Comparative Schedule of Expenditures—Budget and Actual—Budgetary Basis for the General Fund present comparison of the legally adopted budget with actual data. The "actual" data, as presented in the comparison of budget and actual, will differ from the data as presented in the Statement of Receipts, Disbursements, and Changes in Cash Balances because of adopting certain aspects of the budgetary basis of accounting and the adjusting of encumbrances and outstanding warrants to their related budget year.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in these funds. At the end of the year unencumbered appropriations lapse.

INTERNAL CONTROL AND COMPLIANCE SECTION

Cindy Byrd, CPA | State Auditor & Inspector

2300 N. Lincoln Blvd., Room 123, Oklahoma City, OK 73105 | 405.521.3495 | www.sai.ok.gov

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

TO THE OFFICERS OF HARPER COUNTY, OKLAHOMA

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the total—all county funds of the accompanying Statement of Receipts, Disbursements, and Changes in Cash Balances of Harper County, Oklahoma, as of and for the year ended June 30, 2021, and the related notes to the financial statement, which collectively comprise Harper County's basic financial statement, prepared using accounting practices prescribed or permitted by Oklahoma state law, and have issued our report thereon dated September 19, 2022

Our report included an adverse opinion on the financial statement because the statement is prepared using accounting practices prescribed or permitted by Oklahoma state law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. However, our report also included our opinion that the financial statement does present fairly, in all material respects, the receipts, disbursements, and changes in cash balances – regulatory basis of the County as of and for the year ended June 30, 2021, on the basis of accounting prescribed by Oklahoma state law, described in Note 1.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered Harper County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of Harper County's internal control. Accordingly, we do not express an opinion on the effectiveness of Harper County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be material weaknesses: 2021-001, 2021-003, and 2021-005.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Harper County's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters regarding statutory compliance that we reported to the management of Harper County, which are included in Section 2 of the schedule of findings and responses contained in this report.

Harper County's Response to Findings

Harper County's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Harper County's response was not subjected to the auditing procedures applied in the audit of the financial statement and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CINDY BYRD, CPA OKLAHOMA STATE AUDITOR & INSPECTOR

September 19, 2022

SECTION 1—Findings related to the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Finding 2021-001 – Lack of County–Wide Internal Controls (Repeat Finding – 2017-001, 2018-001, 2019-001, 2020-001)

Condition: Through the process of gaining an understanding of the County's internal control structure, it was noted that county-wide controls regarding Risk Assessment and Monitoring have not been designed.

Cause of Condition: Policies and procedures have not been designed and implemented to address the risks of the County.

Effect of Condition: Without an adequate system of county-wide controls, there is greater risk of a breakdown in control activities which could result in unrecorded transactions, undetected errors, or misappropriation of funds.

Recommendation: The Oklahoma State Auditor & Inspector's Office (OSAI) recommends that the County design and implement a system of county-wide procedures to identify and address risks related to financial reporting and to ensure that information is communicated effectively. OSAI also recommends that the County design and implement monitoring procedures to assess the quality of performance over time. These procedures should be written policies and procedures and could be included in the County's policies and procedures handbook.

Management Response:

Chairman of the Board of the Board of County Commissioners: We have some county-wide controls in place. We will build on what we have and improve the documentation of Risk Assessment and Monitoring.

County Clerk: I took office in January 2020 and then the pandemic started two months later. During that time, the county officers did not meet. I plan to have officers' meetings on a quarterly basis to discuss and document county-wide controls.

County Treasurer: The County worked on the documentation of county-wide control in 2019. The need for social distancing, due to the coronavirus, stopped us from meeting together. We are striving to get better and will start to address the county-wide internal controls again.

Criteria: The United States Government Accountability Office's *Standards for Internal Control in the Federal Government* (2014 version) aided in guiding our assessments and conclusion. Although this publication (GAO Standards) addresses controls in the federal government, this criterion can be treated as best practices and may be applied as a framework for an internal control system for state, local, and quasi-governmental entities.

The GAO Standards – Section 1 – Fundamental Concepts of Internal Control – OV1.01 states in part:

Definition of Internal Control

Internal control is a process effected by an entity's oversight body, management, and other personnel that provides reasonable assurance that the objectives of an entity will be achieved.

Additionally, GAO Standards – Section 2 – Establishing an Effective Internal Control System – OV2.04 states in part:

Components, Principles, and Attributes

Control Environment - The foundation for an internal control system. It provides the discipline and structure to help an entity achieve its objectives.

Risk Assessment - Assesses the risks facing the entity as it seeks to achieve its objectives. This assessment provides the basis for developing appropriate risk responses.

Information and Communication - The quality information management and personnel communicate and use to support the internal control system.

Monitoring - Activities management establishes and operates to assess the quality of performance over time and promptly resolve the findings of audits and other reviews.

Finding 2021-003 – Lack of Segregation of Duties Over the Disbursement and Payroll Process (Repeat Finding – 2008-009, 2009-007, 2017-003, 2018-004, 2019-004, 2020-003)

Condition: Upon inquiry of county personnel and the observation of the County's disbursement and payroll processes, we noted the County does not have an adequate segregation of duties to ensure that duties assigned to individuals are done so in a manner that would not allow one individual to control both the recording function and the procedures relative to processing a transaction.

Cause of Condition: Policies and procedures have not been designed and implemented to ensure the duties of the payroll and disbursement processes are adequately segregated.

Effect of Condition: These conditions could result in unrecorded transactions, misstated financial reports, undetected errors, and misappropriation of funds.

Recommendation: OSAI recommends the County implement a system of internal controls that adequately segregates the duties of the payroll and disbursement processes. In the event, segregation of duties is not possible due to limited personnel, we recommend implementing compensating controls to mitigate the risk involved with a concentration of duties. Compensating controls would include separating key processes and/or critical functions of the office and having management review and approve accounting functions.

Management Response:

County Clerk: We plan on hiring a new person. We will discuss how to segregate duties. I will contact our software provider to see if any compensating controls can be built into the software.

Criteria: The GAO Standards – Principle 10 – Design Control Activities – 10.03 states in part:

Segregation of Duties

Management divides or segregates key duties and responsibilities among different people to reduce the risk of error, misuse, or fraud. This includes separating the responsibilities for authorizing transactions, processing and recording them, reviewing the transactions, and handling any related assets so that no one individual controls all key aspects of a transaction or event.

Additionally, Principle 10 – Segregation of Duties states:

10.12 - Management considers segregation of duties in designing control activity responsibilities so that incompatible duties are segregated and, where such segregation is not practical, designs alternative control activities to address the risk.

10.13 - Segregation of duties helps prevent fraud, waste, and abuse in the internal control system. Management considers the need to separate control activities related to authority, custody, and accounting of operations to achieve adequate segregation of duties. In particular, segregation of duties can address the risk of management override. Management override circumvents existing control activities and increases fraud risk. Management addresses this risk through segregation of duties, but cannot absolutely prevent it because of the risk of collusion, where two or more employees act together to commit fraud.

10.14 - If segregation of duties is not practical within an operational process because of limited personnel or other factors, management designs alternative control activities to address the risk of fraud, waste, or abuse in the operational process.

Finding 2021-005 – Lack of Internal Controls Over the County's Financial Statement Presentation

Condition: The County has not designed and implemented internal controls to ensure the accurate presentation of the County's financial statement. During the review and reconciliation of the financial statement as initially prepared by the County, we determined that the beginning fund balance was overstated by \$2,720, the apportionments were understated by \$261,975, the transfers in were understated by \$6,420, the transfers out were understated by \$6,420, the disbursements were understated by \$263,453, and the ending fund balance was overstated by \$4,199.

Cause of Condition: Policies and procedures have not been designed and implemented to ensure that the County's financial statement is accurately presented.

Effect of Condition: These conditions resulted in the County's fiscal year 2021 financial statement being materially misstated.

Recommendation: OSAI recommends the County design and implement policies and procedures to ensure the County's financial statement is accurately presented.

Management Response:

County Treasurer: I will get with my County Clerk and my deputy and have them check my work before presenting it to the Board of Commissioners.

Criteria: The limitations of the auditor are described in the American Institute of Certified Public Accountants Clarified Statements on Auditing Standards AU-C § 210, which states, in part: "The concept of an independent audit requires that the auditor's role does not involve assuming management's responsibility for the preparation and fair presentation of the financial statements or assuming responsibility for the entity's related internal control and that the auditor has a reasonable expectation of obtaining the information necessary for the audit insofar as management is able to provide or procure it. Accordingly, the premise is fundamental to the conduct of an independent audit."

The County's management is responsible for establishing internal control procedures to prevent or detect misstatements in a timely manner. This includes preparation of the financial statements and accompanying notes to the financial statements in accordance with applicable accounting principles. Statement on Auditing Standards (SAS) No. 115 indicates that the County must have adequate knowledge and expertise to apply accounting principles to the financial statements or to review financial statements prepared on their behalf by others to ensure they are prepared in accordance with these principles. Professional audit standards preclude the external financial statement auditor from performing any part of management's control activities or be a component of the internal controls over financial reporting as this would impair their independence.

The County is required to present a financial statement for each fiscal year ended June 30. Title 19 O.S. § 171 states in part, "Unless the county elects to prepare its financial statement in accordance with Generally Accepted Accounting Principles as prescribed by the Governmental Accounting Standards Board, the county shall present their financial statements in a regulatory basis of accounting."

The GAO Standards – Principle 14 – Communicate Internally – 14.01 states in part:

Management should internally communicate the necessary quality information to achieve the entity's objectives.

Additionally, Principle 14 – Communication throughout the Entity – states in part:

14.02 - Management communicates quality information throughout the entity using established reporting lines. Quality information is communicated down, across, up, and around reporting lines to all levels of the entity.

14.03 – Management communicates quality information down and across reporting lines to enable personnel to perform key roles in achieving objectives, addressing risks, and supporting the internal control system. In these communications, management assigns the internal control responsibilities for key roles.

14.04 – Management receives quality information about the entity's operational processes that flows up the reporting lines from personnel to help management achieve the entity's objectives.

Also, Principle 16 – Perform Monitoring Activities – 16.05 states in part:

Internal Control System Monitoring

Management performs ongoing monitoring of the design and operating effectiveness of the internal control system as part of the normal course of operations. Ongoing monitoring includes regular management and supervisory activities, comparisons, reconciliations and other routine actions.

SECTION 2—This section contains certain matters not required to be reported in accordance with *Government Auditing Standards*. However, we believe these matters are significant enough to bring to management's attention. We recommend that management consider these matters and take appropriate corrective action.

Finding 2021-004 – Lack of Internal Controls and Noncompliance Over Inmate Trust Fund Checking Account, Sheriff Commissary, and Sheriff Commissary Fund (Repeat Finding 2020-004)

Condition: Upon inquiry, observation of procedures and records, and test work performed, OSAI noted the following regarding the Inmate Trust Fund Checking Account, Sheriff Commissary, and the Sheriff Commissary Fund:

- Inmate balances are not reconciled to the bank statement.
- Commissary items are not safeguarded.
- A periodic inventory of commissary items is not performed.
- An Annual Commissary Report has not been filed with the County Commissioners.

Cause of Condition: Policies and procedures have not been designed and implemented for proper administration regarding the Inmate Trust Fund Checking Account, the Sheriff Commissary, and the Sheriff Commissary Fund.

Effect of Condition: These conditions resulted in noncompliance with state statute. In addition, without proper accounting and safeguarding of the Inmate Trust Fund Checking Account and commissary items, there is an increased risk of misappropriation of assets.

Recommendation: OSAI recommends the following:

- Bank reconciliations should be accurately performed on a monthly basis. Additionally, Inmate Trust Fund Checking Account monies should be maintained in a manner that reflects each inmate's trust deposits, disbursements, and account balances. The inmates' ledger balances should be reconciled to the bank statements each month and proper supporting documentation should be maintained for all reconciling items.
- Access to commissary items should be limited to a select few employees.
- A commissary inventory ledger should be maintained and reflect a running balance for each individual item
- The County Sheriff should file a report of the Commissary with the Board of County Commissioners by January 15th of each year in accordance with 19 O.S. § 180.43 (D). Amounts noted on the report should agree/reconcile to the County Treasurer's records.

Management Response:

County Sheriff: I have a new employee who is now reconciling the bank statement to the inmate balances. We have done away with having any commissary items on hand. Items are purchased only after being ordered by the inmates. The items are distributed to the inmates immediately after the purchase. I will prepare the annual report in the future.

Criteria: The GAO Standards – Principle 10 – Design Control Activities – 10.03 states in part:

Establishment of review of performance measurers and indicators

Management establishes physical control to secure and safeguard vulnerable assets. Examples include security for and limited access to assets such as cash, securities, inventories, and equipment that might be vulnerable to risk of loss or unauthorized use. Management periodically counts and compares such assets to control records.

GAO Standards – Section 2 – Establishing an Effective Internal Control System – OV2.24 states in part:

Safeguarding of Assets Management designs an internal control system to provide reasonable assurance regarding prevention or prompt detection and correction of unauthorized acquisition, use, or disposition of an entity's assets.

Title 19 O.S. § 180.43 (D) states in part, "The sheriff shall file an annual report on any said commissary under his or her operation no later than January 15 of each year."

Finding 2021-006 – Lack of Internal Controls Over the Schedule of Expenditures of Federal Awards (SEFA)

Condition: During our review and reconciliation of the SEFA as initially prepared by the County, we identified federal programs that were not listed accurately which resulted in federal expenditures being understated by \$295,056.

Cause of Condition: The County has not designed and implemented formal internal controls for the reporting of its federal programs as required by federal regulations.

Effect of Condition: This condition resulted in the erroneous reporting and a material misstatement of the County's SEFA and increases the potential for material noncompliance.

Recommendation: OSAI recommends the County Officials and Department Heads gain an understanding of federal programs awarded to Harper County. Internal control procedures should be designed and implemented to ensure accurate reporting of expenditures on the SEFA and to ensure compliance with federal requirements.

Management Response:

County Clerk: I am now more knowledgeable of incoming federal grants and what needs to be recorded on the SEFA. I will track the receipts and the disbursements on a continual basis.

Criteria: 2 CFR § 200.303(a) Internal Controls reads as follows:

The non-Federal entity must:

Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

2 CFR § 200.508(b) Auditee responsibilities reads as follows:

The auditee must:

Prepare appropriate financial statements, including the schedule of expenditures of Federal awards in accordance with §200.510 Financial statements.

2 CFR § 200.510(b) Financial statements reads, in part, as follows:

Schedule of expenditures of Federal awards. The auditee must also prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with §200.502 Basis for determining Federal awards expended.

Further, GAO Standards – Section 2 – Objectives of an Entity – OV2.23 states in part:

Compliance Objective

Management conducts activities in accordance with applicable laws and regulations. As part of specifying compliance objectives, the entity determines which laws and regulations apply to the entity. Management is expected to set objectives that incorporate these requirements.

Cindy Byrd, CPA | State Auditor & Inspector 2300 N. Lincoln Blvd., Room 123, Oklahoma City, OK 73105 | 405.521.3495 | www.sai.ok.gov
