HUGHES COUNTY, OKLAHOMA AD VALOREM TAX DISTRIBUTION SHARE OF THE AVERAGE MILLAGE FOR THE FISCAL YEAR ENDED JUNE 30, 2016

Property taxes are calculated by applying a millage rate to the assessed valuation of property. Millage rates are established by the Oklahoma Constitution. One mill equals one-thousandth of a dollar. For example, if the assessed value of a property is \$1,000.00 and the millage rate is 1.00, then the tax on that property is \$1.00. This chart shows the different entities of the County and their share of the various millages as authorized by the Constitution.

Sales Tax

Sales Tax of July 27, 2010

A permanent sales tax was passed July 27, 2010. The sales tax of one-quarter percent (25%) of one cent is to provide revenues to Hughes County to be appropriated by the Board of County Commissioners for the purpose of providing funding for the fire departments in the communities of Atwood, Calvin, Dustin, Gerty, Holdenville, Horntown, Lamar, Non, Spaulding, Stuart, Wetumka, and Yeager, or others hereinafter established. The Hughes County, Oklahoma Special Sales Tax Resolution No. 030210 sets forth the division of funds stating that ninety-nine percent (99%) of the one quarter percent sales tax shall be divided equally between the fire departments listed above. The remaining one percent (1%) shall be placed in a cash fund for the Hughes County Fire Tax Board with funds to be used as deemed necessary for the improvement and enhancement of the operations and emergency response capabilities of the above listed fire departments.

County General Fund

The Oklahoma Constitution and the Oklahoma Statutes authorize counties to create a County General Fund, which is the county's primary source of operating revenue. The County General Fund is typically used for county employees' salaries plus many expenses for county maintenance and operation. It also provides revenue for various budget accounts and accounts that support special services and programs. The Board of County Commissioners must review and approve all expenditures made from the County General Fund. The primary revenue source for the County General Fund is usually the county's ad valorem tax collected on real, personal (if applicable), and public service property. Smaller amounts of revenue can come from other sources such as fees, sales tax, use tax, state transfer payments, in-lieu taxes, and reimbursements. The chart below summarizes receipts and disbursements of the County's General Fund for the last five fiscal years.

County Highway Fund

The County receives major funding for roads and highways from a state imposed fuel tax. Taxes are collected by the Oklahoma Tax Commission. Taxes are imposed on all gasoline, diesel, and special fuel sales statewide. The County's share is determined on formulas based on the County population, road miles, and land area and is remitted to the County monthly. These funds are earmarked for roads and highways only and are accounted for in the County Highway Fund. The chart below summarizes receipts and disbursements of the County's Highway Fund for the last five fiscal years.

PURPOSE, SCOPE, AND SAMPLE METHODOLOGY

This audit was conducted in response to 19 O.S. § 171, which requires the State Auditor and Inspector's Office to audit the books and accounts of county officers.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

In planning and conducting our audit, we focused on the major financial related areas of operations based on assessment of materiality and risk for the fiscal year ended June 30, 2016. Our audit procedures included:

- Inquiries of appropriate personnel,
- Inspections of documents and records,
- Observations of the County's operations,
- Reconciling total apportionments, disbursements, and balances presented on the County's Presentation of Apportionments, Disbursements, and Cash Balances of County Funds for the fiscal year to the County Treasurer's and County Clerk's financial ledgers,
- Confirming third party confirmations to the financial ledgers,
- Selecting representative samples to determine disbursements were made in accordance with state statutes, approved ballots, and county purchasing procedures, and
- Gaining an understanding of the County's internal controls as it relates to each audit objective.

To ensure the samples were representative of the population and provided sufficient, appropriate evidence, both random sample and judgmental sample methodologies were used. We identified specific attributes for testing each of the samples and when appropriate, we projected our results to the population.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, errors or fraud may occur and not be detected. Also, projections of any evaluation of internal control to future periods are subject to the risk that conditions may change or compliance with policies and procedures may deteriorate.

This report is a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.), and shall be open to any person for inspection and copying.

Objective 1:To determine the receipts apportioned, disbursements, and cash balances
are accurately presented on the County Treasurer's monthly reports for
FY 2016.

Conclusion: With respect to the items reconciled and reviewed; the receipts apportioned, disbursements, and cash balances are accurately presented on the County Treasurer's monthly reports.

Objective 2:To determine the County's financial operations complied with 68 O.S.
§ 1370E, which requires the sales tax collections to be deposited in the
general revenue or Sales Tax Revolving Fund of the County and be used
only for the purpose for which such sales tax was designated.

Conclusion: With respect to the items tested, the County complied with 68 O.S. § 1370E, which requires the sales tax collections to be deposited in the general revenue or Sales Tax Revolving Fund of the County and be used only for the purpose for which such sales tax was designated.

Objective 3:To determine the County's financial operations complied with 68 O.S.
§ 2923, which requires the ad valorem tax collections to be apportioned and
distributed monthly among the different funds to which they belong.

Conclusion: With respect to the items tested, the County complied with 68 O.S. § 2923, which requires the ad valorem tax collections to be apportioned and distributed monthly among the different funds to which they belong.

Objective 4:To determine whether the County's internal controls provide reasonable
assurance that expenditures (including payroll) were accurately reported
in the accounting records and financial operations complied with
significant laws and regulations.

Conclusion: The County's internal controls do not provide reasonable assurance that expenditures, including payroll, were accurately reported in the accounting records.

The County's financial operations complied with 19 O.S. § 1505, which requires that disbursements be timely encumbered, supported by proper documentation, and charged to the appropriate fund and account.

FINDINGS AND RECOMMENDATIONS

Finding 2016-001 – Inadequate Internal Controls Over the Payroll Process (Repeat Finding)

Condition: Of the twenty-nine (29) payroll disbursements tested, the following exceptions were noted:

- Two (2) timesheets were not signed by the County Sheriff employee.
- All four (4) County Sheriff employees' timesheets included in the sample tested were not signed by the County Sheriff or Undersheriff, but instead were stamped by the Sheriff's Department Secretary using the County Sheriff's signature stamp.

Cause of Condition: Policies and procedures have not been designed and implemented to ensure timesheets are signed by the employee and approved by the official/supervisor and signature stamps are used only by the owner.

Effect of Condition: These conditions could result in unrecorded transactions, undetected errors, inaccurate records, incomplete information, and misappropriation of funds.

Recommendation: The Oklahoma State Auditor & Inspector's Office (OSAI) recommends all timesheets be signed by the employee and approved by the official or immediate supervisor. Signature stamps should not be used by anyone other than the owner and should be adequately safeguarded from unauthorized use.

Management Response:

County Sheriff: We have implemented additional controls to ensure employees sign all timesheets. Also, I will personally review and sign all employee timesheets. In the event I am unavailable, the Undersheriff or Secretary will sign off on timesheets.

Criteria: Accountability and stewardship are overall goals of management in the accounting of funds. Internal controls should be designed to analyze and check accuracy, completeness, and authorization of payroll calculations and/or transactions. To help ensure a proper accounting of funds, supporting documentation such as timesheets should be signed and approved by the appropriate personnel.

Our statutory compliance engagement was limited to the procedures related to the statutes above and was less in scope than an audit performed in accordance with generally accepted auditing standards. Accordingly, we do not express an opinion on any basic financial statement of Hughes County.

Based on our procedures performed, we have presented our findings in the accompanying schedule.

SCHEDULE OF FINDINGS AND RESPONSES

Finding 2016-003 – Inadequate Internal Controls and Noncompliance Over Fixed Assets and Consumable Inventories (Repeat Finding)

Condition: Upon inquiry and observation of fixed assets inventory items, we noted the following:

• The offices of County Commissioner District 1, County Commissioner District 3, County Sheriff, and Election Board have not designed procedures to perform and document an annual physical inventory of all fixed assets.

Upon inquiry and observation of consumable inventory items, we noted the following:

• There was no documentation that a periodic physical review of all consumable inventory items was being performed for the offices of County Commissioner District 2 and County Commissioner District 3.

Cause of Condition: Policies and procedures have not been designed to ensure compliance with the state statutes regarding maintaining fixed assets. Additionally, procedures have not been designed and implemented to provide for accurate fixed assets and consumable items inventory records.

Effect of Condition: These conditions resulted in noncompliance with state statutes. When fixed assets are not monitored, opportunities for misuse or loss of equipment can occur. Additionally, when consumable inventories are not monitored on a regular basis, opportunities for misuse or theft of items are more likely to occur.

Recommendation: OSAI recommends that the County perform and document an annual physical inventory review of fixed assets. A copy of the physical inventory review should be filed with the County Clerk. OSAI also recommends that the County perform and document a consumable inventory review on a regular basis. The review should be initialed and dated by the employee performing the physical review and retained to show the design and implementation of internal controls by the County Commissioners.

Management Response:

County Commissioner District 1: We will at year end print, from the computer program, a fixed assets inventory list. After a physical inventory is conducted the list will be initialed and dated and sent to the County Clerk to be kept on file at the courthouse.

County Commissioner District 2: This condition will be addressed, and in the future, documentation of physical inventories will be kept readily available.

County Commissioner District 3: Hughes County District 3 is in the process of reviewing our fixed assets and our consumable inventory.

County Sheriff: We will create a spreadsheet to check inventory yearly and file the records in the County Clerk's office.

Election Board Secretary: An itemized inventory list for the Hughes County Election Board was filed on September 22, 2015. An itemized inventory list was not filed in the year of 2016. An itemized inventory list was filed on September 12, 2017 and we will continue to file the itemized inventory lists in the following years to come.

Criteria: Internal controls over safeguarding of assets constitute a process, affected by an entity's governing body, management, and other personnel, designed to provide reasonable assurance regarding prevention or timely detection of unauthorized transactions and safeguarding assets from misappropriation.

- Title 19 O.S. § 178.1 states in part, "The board of county commissioners in each county of this state shall take, or cause to be taken, an inventory of all working tools, apparatus, machinery and equipment belonging to the county or leased or otherwise let to it or to any department thereof, other than that which is affixed to and made a part of lands and buildings, the cost of which as to each complete working unit thereof is more than Five Hundred Dollars (\$500.00), and thereafter maintain or cause to be maintained a continuous inventory record thereof and of like tools, apparatus, machinery and equipment purchased, leased or otherwise coming into the custody of the county or of any office, board, department, commission or any or either thereof, and the disposition thereof whether sold, exchanged, leased or let where authorized by statute, junked, strayed or stolen, and annually thereafter..."
- Title 19 O.S. § 178.3 A. states, "The county clerk shall be custodian and repository of all inventory records, files and reports."
