June 16, 2015

TO THE CITIZENS OF  
JEFFERSON COUNTY, OKLAHOMA

Transmitted herewith is the audit of Jefferson County, Oklahoma for the fiscal year ended June 30, 2013. The audit was conducted in accordance with 19 O.S. § 171.

A report of this type can be critical in nature. Failure to report commendable features in the accounting and operating procedures of the entity should not be interpreted to mean that they do not exist.

The goal of the State Auditor and Inspector is to promote accountability and fiscal integrity in state and local government. Maintaining our independence as we provide this service to the taxpayers of Oklahoma is of utmost importance.

We wish to take this opportunity to express our appreciation for the assistance and cooperation extended to our office during our engagement.

Sincerely,

A handwritten signature in blue ink that reads "Gary A. Jones".

GARY A. JONES, CPA, CFE  
OKLAHOMA STATE AUDITOR & INSPECTOR

STATISTICAL INFORMATION  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

Named for President Thomas Jefferson, this county was created from a portion of Comanche County in Oklahoma Territory and the southwestern corner of the Chickasaw Nation. A marker on S.H. 70 in Waurika, the county seat, designates the 98<sup>th</sup> Meridian, the dividing line between Indian Territory and Oklahoma Territory.

Waurika, meaning “camp of clear water,” was built at the junction of Beaver and Cow creeks, and is the site of Waurika Lake. Ringling was named for John Ringling, who built a railroad on this site to bring his circus to the area for its winter headquarters. Ringling is the site of the Jefferson County Courthouse, built in 1894 by the Chickasaw Nation. Landmarks include the Rock Island Railroad depot build in 1912, and monument Hill Marker, honoring the Chisholm Trail and its trail drivers.

Although an industrial base has been established, cattle, oil, and agriculture are still the leading sources of income. Annual events include the Waurika Volunteer Firemen Rattlesnake Hunt, the Waurika Art Show, and the Terral Melon Jubilee.

The Chisholm Trail Historical Association is located in Waurika, and two publications, *A history of Jefferson County* and *Post Offices in Jefferson County*, offer written historical accounts. For more information, call the county clerk’s office at 580/228-2029.

County Seat – Waurika

Area – 773.83 Square Miles

County Population – 6,377  
(2012 est.)

Farms –514

Land in Farms – 460,207Acres

**JEFFERSON COUNTY, OKLAHOMA  
COUNTY PAYROLL EXPENDITURES ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

County officers' salaries are based upon the assessed valuation and population of the counties. State statutes provide guidelines for establishing elected officers' salaries. The Board of County Commissioners sets the salaries for all elected county officials within the limits set by the statutes. The designated deputy or assistant's salary cannot exceed the principal officer's salary. Salaries for other deputies or assistants cannot exceed the principal officer's salary. The information presented below is for the fiscal year ended June 30, 2013.

**Payroll Expenditures by Department**

**Payroll Expenditures by Department**

**JEFFERSON COUNTY, OKLAHOMA  
COUNTY GENERAL FUND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

## County General Fund

The Oklahoma Constitution and the Oklahoma Statutes authorize counties to create a County General Fund, which is the county's primary source of operating revenue. The County General Fund is typically used for county employees' salaries plus many expenses for county maintenance and operation. It also provides revenue for various budget accounts and accounts that support special services and programs. The Board of County Commissioners must review and approve all expenditures made from the County General Fund. The primary revenue source for the County General Fund is usually the county's ad valorem tax collected on real, personal (if applicable), and public service property. Smaller amounts of revenue can come from other sources such as fees, sales tax, use tax, state transfer payments, in-lieu taxes, and reimbursements. The chart below summarizes receipts and disbursements of the County's General Fund for the last five fiscal years.

**JEFFERSON COUNTY, OKLAHOMA  
COUNTY HIGHWAY FUND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

## County Highway Fund

The County receives major funding for roads and highways from a state imposed fuel tax. Taxes are collected by the Oklahoma Tax Commission. Taxes are imposed on all gasoline, diesel, and special fuel sales statewide. The County's share is determined on formulas based on the County population, road miles, and land area and is remitted to the County monthly. These funds are earmarked for roads and highways only and are accounted for in the County Highway Fund. The chart below summarizes receipts and disbursements of the County's Highway Fund for the last five fiscal years.

## Independent Auditor's Report

TO THE OFFICERS OF  
JEFFERSON COUNTY, OKLAHOMA

### *Report on the Financial Statement*

We have audited the combined total—all county funds on the accompanying regulatory basis Statement of Receipts, Disbursements, and Changes in Cash Balances of Jefferson County, Oklahoma, as of and for the year ended June 30, 2013, listed in the table of contents as the financial statement.

### *Management's Responsibility for the Financial Statement*

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the regulatory basis of accounting described in Note 1, and for determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note 1 of the financial statement, the financial statement is prepared by Jefferson County using accounting practices prescribed or permitted by Oklahoma state law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted accounting Principles” paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Jefferson County as of June 30, 2013, or changes in its financial position for the year then ended.

***Opinion on Regulatory Basis of Accounting***

In our opinion, the financial statement referred to above presents fairly, in all material respects, the combined total of receipts, disbursements, and changes in cash balances for all county funds of Jefferson County, for the year ended June 30, 2013, on the basis of accounting described in Note 1.

***Other Matters***

***Other Information***

Our audit was conducted for the purpose of forming an opinion on the combined total of all county funds on the financial statement. The Other Supplementary Information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statement.

The Other Supplementary Information, as listed in the table of contents, is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statement. Such information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Other Supplementary Information, as listed in the table of contents, is fairly stated, in all material respects, in relation to the combined total—all county funds.

The information listed in the table of contents under Introductory Section has not been subjected to the auditing procedures applied in the audit of the financial statement, and accordingly, we do not express an opinion or provide any assurance on it.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 15, 2015, on our consideration of Jefferson County’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other

matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and in considering Jefferson County's internal control over financial reporting and compliance.

A handwritten signature in blue ink, appearing to read "Gary A. Jones". The signature is fluid and cursive, with a long horizontal stroke at the end.

NOTES TO THE FINANCIAL STATEMENT  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

**1. Summary of Significant Accounting Policies**

**A. Reporting Entity**

Jefferson County is a subdivision of the State of Oklahoma created by the Oklahoma Constitution and regulated by Oklahoma Statutes.

The accompanying financial statement presents the receipts, disbursements, and changes in cash balances of the total of all funds under the control of the primary government. The general fund is the county's general operating fund, accounting for all financial resources except those required to be accounted for in another fund, where its use is restricted for a specified purpose. Other funds established by statute and under the control of the primary government are also presented.

The County Treasurer collects and remits material amounts of intergovernmental revenues and ad valorem tax revenue for other budgetary entities, including emergency medical districts, libraries, school districts, and cities and towns. The cash receipts and disbursements attributable to those other entities do not appear in funds on the County's financial statement; those funds play no part in the County's operations. Any trust or agency funds maintained by the County are not included in this presentation.

**B. Fund Accounting**

The County uses funds to report on receipts, disbursements, and changes in cash balances. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Following are descriptions of the county funds included as combining information within the financial statement:

County General Fund – accounts for the general operations of the government.

T-Highway – accounts for state, local and miscellaneous receipts and disbursements are for the purpose of constructing and maintaining county roads and bridges.

County Health – accounts for monies collected on behalf of the county health department from ad valorem taxes and state and local revenues.

Sheriff Service Fee – accounts for the collection and disbursement of sheriff process service fees as restricted by statute.

Department of Corrections – accounts for the monies received from the State of Oklahoma for the boarding and feeding of Department of Corrections' prisoners.

**JEFFERSON COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENT  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

Community Development Block Grant – accounts for federal grant monies received from the Oklahoma Department of Commerce and disbursements as restricted by the grant agreement.

**C. Basis of Accounting**

The financial statement is prepared on a basis of accounting wherein amounts are recognized when received or disbursed. This basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred. This regulatory basis financial presentation is not a comprehensive measure of economic condition or changes therein.

Title 19 O.S. § 171 specifies the format and presentation for Oklahoma counties to present their financial statement in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) or on a regulatory basis. The County has elected to present their financial statement on a regulatory basis in conformity with Title 19 O.S. § 171. County governments (primary only) are required to present their financial statements on a fund basis format with, at a minimum, the general fund and all other county funds, which represent ten percent or greater of total county revenue. All other funds included in the audit shall be presented in the aggregate in a combining statement.

**D. Budget**

Under current Oklahoma Statutes, a general fund and a county health department fund are the only funds required to adopt a formal budget. On or before the first Monday in July of each year, each officer or department head submits an estimate of needs to the governing body. The budget is approved for the respective fund by office, or department and object. The County Board of Commissioners may approve changes of appropriations within the fund by office or department and object. To increase or decrease the budget by fund requires approval by the County Excise Board.

**E. Cash and Investments**

For the purposes of financial reporting, “Ending Cash Balances, June 30” includes cash and cash equivalents and investments as allowed by statutes. The County pools the cash of its various funds in maintaining its bank accounts. However, cash applicable to a particular fund is readily identifiable on the County’s books. The balance in the pooled cash accounts is available to meet current operating requirements.

State statutes require financial institutions with which the County maintains funds to deposit collateral securities to secure the County’s deposits. The amount of collateral securities to be pledged is established by the County Treasurer; this amount must be at least the amount of the deposit to be secured, less the amount insured (by, for example, the FDIC).

**JEFFERSON COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENT  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

The County Treasurer has been authorized by the County's governing board to make investments. Allowable investments are outlined in statutes 62 O.S. § 348.1 and § 348.3.

All investments must be backed by the full faith and credit of the United States Government, the Oklahoma State Government, fully collateralized, or fully insured. All investments as classified by state statute are nonnegotiable certificates of deposit. Nonnegotiable certificates of deposit are not subject to interest rate risk or credit risk.

**2. Ad Valorem Tax**

The County's property tax is levied each October 1 on the assessed value listed as of January 1 of the same year for all real and personal property located in the County, except certain exempt property. Assessed values are established by the County Assessor within the prescribed guidelines established by the Oklahoma Tax Commission and the State Equalization Board. Title 68 O.S. § 2820.A. states, ". . . Each assessor shall thereafter maintain an active and systematic program of visual inspection on a continuous basis and shall establish an inspection schedule which will result in the individual visual inspection of all taxable property within the county at least once each four (4) years."

Taxes are due on November 1 following the levy date, although they may be paid in two equal installments. If the first half is paid prior to January 1, the second half is not delinquent until April 1. Unpaid real property taxes become a lien upon said property on October 1 of each year.

**3. Other Information**

**A. Pension Plan**

Plan Description. The County contributes to the Oklahoma Public Employees Retirement Plan (the Plan), a cost-sharing, multiple-employer defined benefit pension plan administered by the Oklahoma Public Employees Retirement System (OPERS). Benefit provisions are established and amended by the Oklahoma Legislature. The Plan provides retirement, disability, and death benefits to Plan members and beneficiaries. Title 74, Sections 901 through 943, as amended, establishes the provisions of the Plan. OPERS issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing OPERS, P.O. Box 53007, Oklahoma City, Oklahoma 73105 or by calling 1-800-733-9008.

Funding Policy. The contribution rates for each member category are established by the Oklahoma Legislature and are based on an actuarial calculation which is performed to determine the adequacy of contribution rates.

**JEFFERSON COUNTY, OKLAHOMA  
NOTES TO THE FINANCIAL STATEMENT  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

**B. Other Post Employment Benefits (OPEB)**

In addition to the pension benefits described in the Pension Plan note, OPERS provides post-retirement health care benefits of up to \$105 each for retirees who are members of an eligible group plan. These benefits are funded on a pay-as-you-go basis as part of the overall retirement benefit. OPEB expenditure and participant information is available for the state as a whole; however, information specific to the County is not available nor can it be reasonably estimated.

**C. Contingent Liabilities**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, primarily the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time; although, the County expects such amounts, if any, to be immaterial.

As of the end of the fiscal year, there were no claims or judgments that would have a material adverse effect on the financial condition of the County; however, the outcome of any lawsuit would not be determinable.

**D. Sales Tax**

The voters of Jefferson County approved a 1% sales tax that went into effect on December 1, 1992. This sales tax has an unlimited duration. The sales tax was established to be used for the general operating of the County Government, and for the support of County Civil Defense, OSU Extension services, County Law Enforcement, County-Wide Rural Fire Protection, and Fair Board maintenance and operations. This sales tax is to be apportioned to the County General Fund.

The voters of Jefferson County also approved a 1% sales tax through a special election on June 9, 2009. This sales tax has a limited duration of 5 years. The sales tax was established for planning, financing, and construction of the Jefferson County Healthcare Authority or related medical facilities. This sales tax is apportioned and remitted to the Jefferson County Healthcare Authority, a trust and agency fund.

**E. Interfund Transfers**

During the fiscal year, the County made the following transfer between cash funds.

- \$1,422 was transferred from Excess Resale, a trust and agency fund, to the Resale Property fund in accordance with 68 O.S. § 3131 (C).

**JEFFERSON COUNTY, OKLAHOMA  
NOTES TO OTHER SUPPLEMENTARY INFORMATION  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

**1. Budgetary Schedules**

The Comparative Schedules of Receipts, Expenditures, and Changes in Cash Balances—Budget and Actual—Budgetary Basis for the General Fund and the County Health Department Fund present comparisons of the legally adopted budget with actual data. The "actual" data, as presented in the comparison of budget and actual, will differ from the data as presented in the Combined Statement of Receipts, Disbursements, and Changes in Cash Balances with Combining Information because of adopting certain aspects of the budgetary basis of accounting and the adjusting of encumbrances and outstanding warrants to their related budget year.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in these funds. At the end of the year unencumbered appropriations lapse.

**2. Remaining County Funds**

Remaining aggregate funds as presented on the financial statement are as follows:

REAP Grant – accounts for state grant funds received and disbursed for various projects.

Resale Property – accounts for the collection of interest and penalties on delinquent taxes and the disposition of same as restricted by statute.

Mortgage Certification Fee – accounts for the collection of fees by the Treasurer for mortgage tax certificates and the disbursements of the funds as restricted by statute.

Assessor Visual Inspection – accounts for the collection and expenditure of monies by the Assessor as restricted by state statute for the visual inspection program.

Assessor Revolving – accounts for the collection of fees for copies restricted by state statute.

INS Account – accounts for the receipt and disbursement of monies for the Immigration and Naturalization Services (INS) Detention Facility.

Community Service Sentencing Program (CSSP) – accounts for the collection of funding through the State Department of Corrections for administrative expenses and supervision of offenders.

County Clerk Lien Fee – accounts for lien collections and disbursements as restricted by statute.

County Clerk Preservation – accounts for fees collected for instruments filed with the County Clerk's office as restricted by statute for preservation of funds.

**JEFFERSON COUNTY, OKLAHOMA  
NOTES TO OTHER SUPPLEMENTARY INFORMATION  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

Sheriff Commissary – accounts for monies received from inmates for purchases from the County’s commissary and disbursements as restricted by state statutes.

Juvenile Justice Delinquency Prevention (JJDP) – accounts for grant funds received from the U.S. Department of Justice disbursed as restricted by grant agreement.

Indigent Grant – accounts for monies received from Association of South Central Oklahoma Government to aide in funeral expense for the indigent.

Free Fair Special – accounts for revenue derived from the rental of the fair building.

Safety Awards – accounts for monies received from the Association of County Commissioners of Oklahoma to be disbursed for employee safety awards.

K-9 – accounts for monies received from donations to be disbursed for the maintenance and supplies for the Sheriff’s K-9 program.

FEMA – accounts for federal funds received and expenditures are for the maintenance of highways and roads.

Rewards – accounts for money received from the Court Clerk’s office and expended for rewards in cases of littering.

911 Landline Fees – accounts for funds received for landline connections and disbursed for operating emergency landline services.

911 Wireless Fees – accounts for money received from wireless connections and disbursed for operating emergency wireless services.

**INTERNAL CONTROL AND COMPLIANCE SECTION**

# Oklahoma State Auditor & Inspector

## **Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards***

TO THE OFFICERS OF  
JEFFERSON COUNTY, OKLAHOMA

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the combined total—all funds of the accompanying Combined Statement of Receipts, Disbursements, and Changes in Cash Balances of Jefferson County, Oklahoma, as of and for the year ended June 30, 2013, which comprises Jefferson County's financial statement, prepared using accounting practices prescribed or permitted by Oklahoma state law, and have issued our report thereon dated June 15, 2015.

Our report included an adverse opinion on the financial statement because the statement is prepared using accounting practices prescribed or permitted by Oklahoma state law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. However, our report also included our opinion that the financial statement does present fairly, in all material respects, the receipts, disbursements, and changes in cash balances – regulatory basis of the County for the year ended June 30, 2013, on the basis of accounting prescribed by Oklahoma state law, described in Note 1.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statement, we considered Jefferson County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of Jefferson County's internal control. Accordingly, we do not express an opinion on the effectiveness of Jefferson County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and responses to be material weaknesses: 2013-1, 2013-3, 2013-4, and 2013-5.

A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and responses to be a significant deficiency: 2013-2.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Jefferson County's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and responses as item 2013-5.

We noted certain matters that we reported to the management of Jefferson County, which are included in Section 2 of the schedule of findings and responses contained in this report.

### **Jefferson County's Responses to Findings**

Jefferson County's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. Jefferson County's responses were not subjected to the auditing procedures applied in the audit of the financial statement and, accordingly, we express no opinion on the responses.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is also a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.), and shall be open to any person for inspection and copying.

GARY A. JONES, CPA, CFE  
OKLAHOMA STATE AUDITOR & INSPECTOR

June 15, 2015

**JEFFERSON COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

**SECTION 1—Findings related to the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards***

**Finding 2013-1 – Inadequate County-Wide Internal Controls (Repeat Finding)**

**Condition:** County-wide controls regarding Risk Assessment and Monitoring have not been designed.

**Cause of Condition:** Policies and procedures have not been designed and implemented to address risks of the County.

**Effect of Condition:** Without an adequate system of county-wide internal controls, there is risk of a breakdown in control activities which could result in unrecorded transactions, undetected errors, or misappropriation of funds.

**Recommendation:** The Oklahoma State Auditor & Inspector's Office (OSAI) recommends that the County design and implement procedures to identify and address risks. OSAI also recommends that the County design monitoring procedures to assess the quality of performance over time. These procedures should be written policies and procedures and could be included in the County's policies and procedures handbook.

**Management Response:**

**Board of County Commissioners Chairman, County Clerk, and County Treasurer:** We will set up quarterly meetings, with all elected officials to discuss and take action regarding risk management and monitoring.

**Criteria:** Internal control is an integral component of an organization's management that provides reasonable assurance that the objectives of effectiveness and efficiency of operations, reliability of financial reporting and compliance with laws and regulations are being made. Internal control comprises the plans, methods, and procedures used to meet missions, goals, and objectives. Internal control also serves as the first line of defense in safeguarding assets and preventing and detecting errors and fraud. County management is responsible for designing a county-wide internal control system comprised of Risk Assessment and Monitoring for the achievement of these goals.

Risk Assessment is a component of internal control which should provide for an assessment of the risks the County faces from both internal and external sources. Once risks have been identified, they should be analyzed for their possible effect. Management then has to formulate an approach for risk management and decide upon the internal control activities required to mitigate those risks and achieve the internal control objectives.

Monitoring is a component of internal control which should assess the quality of performance over time and ensure that the findings of audits and other reviews are promptly resolved. Ongoing monitoring occurs during normal operations and includes regular management and supervisory activities,

**JEFFERSON COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

comparisons, reconciliations, and other actions people take in performing their duties. It includes ensuring that management know their responsibilities for internal control and the need to make control monitoring part of their regular operating process.

**Finding 2013-2 – Disaster Recovery Plan (Repeat Finding)**

**Condition:** The County Sheriff’s office does not have a written Disaster Recovery Plan.

**Cause of Condition:** Policies and procedures have not been designed to develop and implement a Disaster Recovery plan for all County offices.

**Effect of Condition:** The failure to have a current formal Disaster Recovery Plan could result in the County being unable to function in the event of a disaster. The lack of a formal plan could cause significant problems in ensuring that county business could continue uninterrupted.

**Recommendation:** OSAI recommends that each elected official develop and maintain a current Disaster Recovery Plan that addresses how critical information and systems within their offices would be restored in the event of a disaster. The Plan should include the following:

- Current names, addresses, contact numbers of key county personnel and their roles and responsibilities of information services function.
- Listing of contracted service providers.
- Information on location of key resources, including back-up site for recovery operating system, application, data files, operating manuals and program/system/user/documentation.
- Alternative work locations once IT resources are available.

**Management Response:**

**County Sheriff:** The Jefferson County Sheriff’s office is currently implementing a Disaster Recovery Plan.

**Criteria:** An important aspect of internal control is the safeguarding of assets which includes adequate Disaster Recovery Plans. Internal controls over safeguarding of assets constitute a process, affected by an entity’s governing body, management, and other personnel, designed to provide reasonable assurance regarding prevention in a County being unable to function in the event of a disaster. Disaster Recovery Plan(s) are an integral part of county operations to ensure that business can be continued as usual in the event of a disaster. Each office or the county as a whole should have a current, detailed Disaster Recovery Plan on file and should be aware of its content.

According to the standards of the Information Systems Audit and Control Association (CobiT, Deliver and Support 4), information services function management should ensure that a written Disaster Recovery Plan is documented and contains guidelines and instructions for the County to follow in the event of a disaster.

**JEFFERSON COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

**Finding 2013-3 – Inadequate Internal Controls Over Information Systems Security (Repeat Finding)**

**Condition:** Upon review of the computer systems within the County Treasurer and the County Clerk's office, it was noted that there does not appear to be adequate internal controls in place to safeguard data from unauthorized modification, loss, or disclosure. The following was noted:

- Passwords are not required to be changed periodically in the County Clerk's or the County Treasurer's office.
- All users have full administrative rights. User roles have not been assigned in the County Clerk's or the County Treasurer's computer programs to segregate duties and responsibilities effectively.
- The audit log is not being utilized as a form of management oversight.

**Cause of Condition:** Policies and procedures have not been designed to address security management over information systems.

**Effect of Condition:** These conditions could result in compromised security for the computers, computer programs, and data.

**Recommendation:** OSAI recommends the County work with IT personnel or in conjunction with software vendors to setup password requirements for length, character, and an expiration of a minimum of at least every ninety days. In addition, OSAI recommends passwords not be shared, access to servers be limited, user rights be assigned, and the audit log be utilized as a form of management oversight.

**Management Response:**

**County Treasurer:** The County Treasurer's office will begin changing passwords every ninety days and check with the software vendor about installing the audit log and to assign user rights.

**County Clerk:** The County Clerk's office will begin changing passwords every ninety days and will check with the software vendor to determine what levels of administrative rights are in place and what restrictions can be password protected.

**Criteria:** According to the standards of the Information Systems Audit and Control Association (CobiT, Deliver and Support DS5), the need to maintain the integrity of information and protect IT assets requires a security management process. This process includes establishing and maintaining IT security roles and responsibilities, policies, standards, and procedures. Security management also includes performing security monitoring and periodic testing and implementing corrective actions for identified security weaknesses or incidents. Effective security management protects all IT assets to minimize the business impact of security vulnerabilities and incidents.

**Finding 2013-4 – Inadequate Segregation of Duties Over Cash Receipts (Repeat Finding)**

**Condition:** A lack of segregation of duties exists in the following offices:

**JEFFERSON COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

- County Treasurer - All employees are utilized to issue receipts and work from the same cash drawer. Additionally, a mail log is not maintained and deposits are not reviewed before they are taken to the bank. Ad valorem levies and monthly reports are also input into the computer system with no documented form of review. Bank reconciliations are not reviewed by anyone other than the preparer and employees who prepare the deposits are also able to perform bank reconciliations.
- County Clerk - All employees are utilized to issue receipts and work from the same cash drawer. A mail log is not maintained and deposits are not reviewed before they are taken to the County Treasurer.
- County Assessor - All employees are utilized to issue receipts and work from the same cash drawer. A mail log is not maintained and deposits are not reviewed before they are taken to the County Treasurer.
- County Sheriff - All employees are utilized to issue receipts and work from the same cash drawer. A mail log is not maintained and deposits are not reviewed before they are taken to the County Treasurer.

**Cause of Condition:** In order to provide prompt services to the citizens of Jefferson County and for ease of operations, all offices utilize all employees to issue receipts. Additionally, due to the limited number of personnel, one individual is sometimes responsible for all the key functions of the office.

**Effect of Condition:** A single person having responsibility for more than one area of recording, authorization, custody of assets, and execution of transactions could result in unrecorded transactions, misstated financial reports, clerical errors, or misappropriation of funds not being detected in a timely manner.

**Recommendation:** OSAI recommends the following key accounting functions of all offices be adequately segregated:

- Issuing receipts.
- Preparing/reviewing deposits and taking them to the bank.
- Maintaining accounting ledgers and reconciling bank statements.

In addition OSAI recommends establishing a system of controls to adequately protect the collections of all offices, which include but are not limited to the following:

- Establish separate cash drawers for all employees receiving cash.
- A daily log of mailed in receipts should be compiled.

**JEFFERSON COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

**Management Response:**

**County Treasurer:** Management is aware of this condition and will work to implement compensating controls to mitigate the risk involved with a concentration of duties. We will start initialing the bank reconciliations to document that they are reviewed by someone other than the preparer.

**County Clerk, County Assessor, and County Sheriff:** Management is aware of this condition and will work to implement compensating controls to mitigate the risk involved with a concentration of duties.

**Criteria:** Effective internal controls require that key functions within a process be adequately segregated to allow for prevention and detection of errors and possible misappropriation of funds.

**Finding 2013-5 – Inadequate Internal Controls and Noncompliance Over Disbursement Process (Repeat Finding)**

**Condition:** Upon inquiry and observation of the County's disbursement process, it was noted that the Purchasing Agent prepares purchase orders, encumbers purchase orders, approves/authorizes the encumbrance, reviews the purchase orders for accuracy, prepares the warrants, maintains ledgers, and distributes warrants. Additionally, it was noted that the Payroll Clerk enrolls new hires, makes payroll changes, runs verification reports, prints payroll checks, distributes payroll checks, and maintains personnel files.

Also, while testing sixty-nine purchase orders, we noted the following:

- Three (3) purchase orders were not timely encumbered.
- Five (5) purchase orders did not have adequate supporting documentation (i.e., receiving reports).

**Cause of Condition:** Procedures have not been designed to adequately segregate key accounting functions regarding the disbursement process to ensure compliance with purchasing statutes.

**Effect of Condition:** These conditions resulted in noncompliance with state statutes and could result in unrecorded transactions, misstated financial reports, undetected errors, and misappropriation of funds.

**Recommendation:** OSAI recommends the County implement a system of internal controls over the disbursement process. Such controls may include an independent verification of the accuracy of components necessary to initiate and authorize expenditure.

OSAI recommends the following key accounting functions of the payroll process be adequately segregated:

- Posting new hires and/or making payroll changes to the payroll system.
- Maintaining personnel files.
- Performing the direct deposit.
- Preparing end of month payroll reports.

**JEFFERSON COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

Further, OSAI recommends the following in accordance with 19 O.S. § 1505C and § 1505E:

- County funds should be encumbered prior to the receipt of goods and/or services.
- Disbursements of County funds should be supported with invoices and receiving reports.

**Management Response:**

**Chairman of the Board:** The Board of County Commissioners will express to fellow County Officials the importance of County funds being encumbered prior to the receipt of goods and/or services and that invoices and receiving reports are to be attached to purchase orders to support disbursements in accordance with Oklahoma Statutes.

**County Clerk:** The County Clerk is aware of these conditions and has implemented some review processes over payroll. In the review of purchase orders, the Purchasing Agent will place an emphasis on ensuring documentation such as receiving reports are attached to support the disbursements of County funds.

**Criteria:** Accountability and stewardship are overall goals of management in the accounting of funds. Internal controls should be designated to analyze and check accuracy, completeness, and authorization of payroll calculations and/or transactions. To help ensure a proper accounting of funds, the duties of processing, authorizing, and payroll distribution should be segregated.

Additionally, an aspect of internal control is the safeguarding of assets. Internal controls over safeguarding of assets constitute a process, affected by the entity's governing body, management, and other personnel, designed to provide reasonable assurance regarding prevention or untimely detection of unauthorized acquisition, use, or disposition of the entity's assets and safeguarding assets from loss, damage, or misappropriation. Effective internal controls would include procedures that ensure compliance with Title 19 O.S. § 1505C and § 1505E.

**SECTION 2—This section contains certain matters not required to be reported in accordance with *Government Auditing Standards*. However, we believe these matters are significant enough to bring to management's attention. We recommend that management consider these matters and take appropriate corrective action.**

**Finding 2013-6 – Inadequate Internal Controls and Noncompliance Over Inmate Trust Fund Checking Account and Sheriff Commissary Fund (Repeat Finding)**

**Condition:** An examination of the Inmate Trust Fund Checking Account and Sheriff Commissary Fund reflected the following weaknesses:

- One employee performs all of the daily activity of the Inmate Trust Fund Checking Account. This employee receives payments, receipts and logs these payments, prepares checks for disbursements, prepares deposits, and reconciles the bank statements.

**JEFFERSON COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

- The Sheriff's office does not make daily deposits.
- The Sheriff's office does not file an annual report for the Sheriff Commissary Fund with the Board of County Commissioners (BOCC) by January 15th of each year.

**Cause of Condition:** Policies and procedures have not been designed regarding the Inmate Trust Fund Checking Account and Sheriff Commissary Fund.

**Effect of Condition:** These conditions resulted in noncompliance with state statutes, laws, regulations or legislative intent. Also, without proper segregation of duties over the Inmate Trust Fund Checking Account, there is an increased risk of unrecorded transactions, misstated financial reports, undetected errors, or misappropriation of funds.

**Recommendation:** OSAI recommends the following:

- Key duties and responsibilities should be segregated among different individuals to reduce the risk of error or fraud. No one individual should have the ability to authorize transactions, have physical custody of assets, and record transactions.
- Collections should be deposited daily with the County Treasurer.
- The Sheriff should file an annual report of the Sheriff Commissary with the Board of County Commissioners by January 15th, of each year in accordance with 19 O.S. § 180.43 (D).

**Management Response:**

**County Sheriff:** We will implement compensating controls to mitigate the risks involved with a concentration of duties. All funds collected for the Inmate Trust Fund Checking Account are deposited daily, and we will work on completing and filing the commissary report with the BOCC by January 15<sup>th</sup> each year.

**Criteria:** The overall goal of effective internal controls is to demonstrate accountability and stewardship. To help ensure a proper accounting of funds, no one individual should have the ability to authorize transactions, have physical custody of assets, and record transactions. All collections should be receipted in sequential order and deposited daily, bank reconciliations should be performed each month and reviewed by someone other than the preparer.

Title 19 O.S. § 180.43 D. states in part, "The sheriff shall file an annual report on any said commissary under his or her operation no later than January 15 of each year."

**Finding 2013-7 – Driving County Vehicle While Receiving the Monthly Travel Allowance (Repeat Finding)**

**Condition:** During the audit period, District 1, District 2, and District 3 County Commissioners, and the County Sheriff received the monthly travel allowance in addition to driving a county-owned vehicle.

**Cause of Condition:** Policies and procedures have not been designed to ensure compliance with state statutes regarding travel.

**JEFFERSON COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

**Effect of Condition:** This condition resulted in violation of state statutes that prohibit an official from receiving both the travel allowance and driving a vehicle for in-county travel purposes.

**Recommendation:** OSAI recommends that the Board of County Commissioners establish and approve a policy pertaining to County Officials' monthly travel allowance. Further, OSAI recommends after establishing a travel policy for the elected official that each officer choose and document one of the following travel elections:

- Receive the monthly travel allowance as outlined by state statute.
- File monthly claims with appropriate documentation for actual out of pocket travel expenses.
- Drive a County-owned vehicle in lieu of a monthly allowance.

**Management Response:**

**County Sheriff:** I only drive a County vehicle while on call for emergencies.

**County Commissioner District 1:** I only drive a county vehicle to pick up and deliver parts and inmates. This issue will be discussed with our legal counsel.

**County Commissioner District 2:** I only drive a county vehicle to pick up and deliver parts and employees. This issue will be discussed with our legal counsel.

**County Commissioner District 3:** I only drive a county vehicle when transporting employees, delivering fuel to equipment, as well as driving a dump truck. This issue will be discussed with our legal counsel.

**Criteria:** Title 19 O.S. § 165A outlines the monthly travel allowance in lieu of reimbursements. Further, 1999 OK AG 68 states in part, "Both the monthly travel allowances of Section 165 and the use of a county-owned vehicle under Section 19 O.S. 180.43(C) are "in lieu of" receiving a mileage reimbursement under Section 164. The use of a county-owned vehicle is also "in lieu of" the Section 165 monthly travel allowance." "Section 165 was amended in 1998 to specify that receipt of a travel allowance under Section 165 does not preclude the "emergency use of a county-owned vehicle or county-owned equipment by a county officer when such county officer is acting on behalf of the county or when such use is related to county business." Under this section, either a county sheriff or county commissioner may use a county-owned vehicle in an emergency situation even if the official receives a monthly travel allowance.

**Finding 2013-8 – Unclaimed Funds (Repeat Finding)**

Upon inquiry and observation, it was noted that the County Sheriff moves unclaimed inmate trust funds to the Sheriff Commissary Fund after 6 months without following the unclaimed property or money in sheriff's possession disposition procedures as outlined in Title 22 § 1325.

**JEFFERSON COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

**Cause of Condition:** Policies and procedures have not been designed regarding the disposition of the unclaimed property or money in sheriff's possession.

**Effect of Condition:** This condition could result in a liability to the County.

**Recommendation:** OSAI recommends that the Sheriff follow the disposition procedures for unclaimed property or money in sheriff's possession as outlined in O.S. 22 § 1325.

**Management Response:**

**County Sheriff:** This has been corrected.

**Criteria:** Effective accounting procedures and internal controls are necessary to ensure stewardship and accountability of public funds. Safeguarding controls are an aspect of internal controls. Safeguarding controls relate to the prevention or timely detection of unauthorized transaction and unauthorized access to assets.

Further, Title 22 O.S. § 1325(F, H) states;

F. A sheriff's office having in its possession money or legal tender under the circumstances provided in subsection A of this section, prior to appropriating the same for deposit into a special fund, shall file an application in the district court of its county requesting the court to enter an order authorizing it to so appropriate the money for deposit in the special fund. The application shall describe the money or legal tender, together with serial numbers, if any, the date the same came into the possession of the sheriff's office or campus police agency, and the name and address of the owner, if known. Upon filing, the application, which may be joined with an application as described in subsection C of this section, shall be set for hearing not less than ten (10) days nor more than twenty (20) days from the filing thereof, and notice of the hearing shall be given as provided in subsection D of this section. The notice shall state that, upon no one appearing to prove ownership to the money or legal tender, the same will be ordered by the court to be deposited in the special fund by the sheriff's office or campus police agency. The notice may be combined with a notice to sell personal property as set forth in subsection D of this section. At the hearing, if no one appears to claim and prove ownership to the money or legal tender, the court shall order the same to be deposited by the sheriff's office or campus police agency in the special fund, as provided in subsection H of this section.

H. The money received from the sale of personal property as above provided, after payment of the court costs and other expenses, if any, together with all money in possession of the sheriff's office or campus police agency, which has been ordered by the court to be deposited in the special fund, shall be deposited in such fund which shall be separately maintained by the sheriff's office in a special fund with the county treasurer or campus police agency to be expended upon the approval of the sheriff or head of the campus police agency for the purchase of equipment, materials or supplies that may be used in crime prevention, education, training or programming. The fund or any portion of

**JEFFERSON COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

it may be expended in paying the expenses of the sheriff or any duly authorized deputy or employee of the campus police agency to attend law enforcement or public safety training courses which are conducted by the Oklahoma Council on Law Enforcement Education and Training (CLEET) or other certified trainers, providers, or agencies.

**Finding 2013-9 – Inadequate Segregation of Duties and Noncompliance Court Clerk Expenditures**

**Condition:** Upon inquiry and observation of the Court Clerk’s office, the following was noted:

- All employees issue receipts and work from one cash drawer.
- There is also no independent review of the deposit before or after it is taken to the County Treasurer.
- The Court Clerk is the sole preparer of the Court Clerk Revolving Fund and the Court Fund reports.
- The Court Clerk prepares claims, and prepares and mails the checks to vendors.

Also, while testing ten Court Clerk Revolving Fund claims, we noted the following:

- Five (5) claims did not have adequate supporting documentation.

Additionally, while testing twenty-five Court Fund claims, we noted the following:

- Ten (10) voucher claims did not have adequate supporting documentation.

**Cause of Condition:** Policies and procedures have not been implemented to ensure adequate segregation of duties and compliance regarding the expenditures and reporting of the Court Clerk Revolving Fund and the Court Fund.

**Effect of Condition:** These conditions resulted in noncompliance with state statutes and could result in unrecorded transactions, misstated financial reports, undetected errors, or misappropriation of funds.

**Recommendation:** OSAI recommends that management be aware of these conditions and determine if duties can be properly segregated. In the event that segregation of duties is not possible due to limited personnel, OSAI recommends implementing compensating controls to mitigate the risks involved with a concentration of duties. Compensating controls would include separating key processes and/or critical functions of the office, and having management review and approval of accounting functions. Furthermore, OSAI recommends that all Court Clerk Revolving Fund and Court Fund expenditures have adequate supporting documentation.

**Management Response:**

**Court Clerk:** We will implement compensating controls to mitigate the risks involved with a concentration of duties. I will have a deputy verify the claims and have the County Treasurer sign and date the end of the month report to document that the balance agrees with the ledger. I will also review all claims to ensure adequate documentation is attached.

**JEFFERSON COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

**Criteria:** Effective internal controls are necessary to ensure stewardship and accountability of public funds. Aspects of effective accounting procedures include maintaining invoices and/or supporting documentation for all expenditures of the Court Clerk Revolving Fund and Court Fund.

Furthermore, Accountability and stewardship are overall goals of management in the accounting of funds. To help ensure a proper accounting of funds, the duties of preparing the claim, reviewing supporting documentation, certifying receipt of goods/services, signing the claim, and preparing and signing the checks should be segregated.

Additionally, OSAI recommends the Court Clerk comply with Title 19 O.S. § 220 and 20 O.S § 1304, which outlines the procedures for expending Court Clerk Revolving Fund monies and Court Fund monies, including proper authorization and approval of claims.

**Finding 2013-10 - Inadequate Internal Controls and Noncompliance Over Fixed Assets and Consumable Inventories**

**Condition:** Upon inquiry and observation of fixed assets and consumable inventory records, the following weaknesses were noted:

- **District 1, 2, and 3:** The consumable inventory process is not adequately segregated. One individual verifies the goods were received, records the items on the inventory cards, and performs a visual verification of the items on hand. Documentation of a periodic independent review of the consumable inventory records is not maintained.

Also, of the 18 consumable items tested, the following was noted:

<b>District Office</b>	<b>Description</b>	<b>Amount on Inventory</b>	<b>Amount Visually Verified</b>
1	Stop Ahead Sign	3	0
1	Dead End Sign	1	0
1	Grader Blades 5/8"x8"x7'	8	6
2	CSP 24"x24' 14 Gauge	24 feet	0
2	Grader Blades 5/8"x8"x8'	9	10
3	Tin Horn 21"x30'	30 foot	120 feet

A physical measurement of fuel on hand was performed and reconciled to the fuel logs at the district barns; the following exceptions were noted:

- District 1: The fuel was unable to be reconciled since the tank is never reconciled by the County and no conversion sheets are available.
- District 2: The fuel showed a variance of 198.63 gallons in gasoline and 214.80 gallons in diesel.

**JEFFERSON COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

Additionally, our test of 49 fixed assets reflected that the following 11 items were not visibly marked with County identification numbers and/or “Property of Jefferson County:”

County Identification Number	Description of Item	County Office
D-348.33	Armor Lite Bely Dump Trailer	District 1
D-441.22	Alamo Hydro B HY10 Storage Unit	District 1
D-443.48	Wolo Infinity Light Bar	District 1
D-441.2	2009 Vermeer Brush	District 2
D-201.15	Computer (Dell) & Printer	District 3
D-340.10	Asphalt Zipper	District 3
F-299.32	HP Server & Backup	County Clerk
F-299.28	HP Z210 Workstation	County Clerk
B-602.45	Sinclair Duplexer	County Sheriff
P-218.2	Stenoram III Plus	Court Clerk
H-106	Bookcases	County Assessor

Additionally, our test of 49 fixed assets noted that the following 8 items were included on the inventory listing; however they were not located or visually verified:

County Identification Number	Description of Item	County Office
D-438.3	Power Washer	District 3
B-331.3	1994 Ford Crown Victoria	County Sheriff
B-601.6	2 Watt W/P Repeater	County Sheriff
B-602.30-34	16 Channel Radio & Antenna	County Sheriff
B-606.1	Gas Gun Smith & Wesson	County Sheriff
J-105.52-.61	36” Wide Lateral File Cabinets	Court Clerk
J-223.34	Computer Equipment	Court Clerk
P-219.8	Printer	Court Clerk

**Cause of Condition:** Policies and procedures have not been designed and implemented by county officers for the accurate reporting of fixed assets and consumable inventories, as well as procedures to ensure the proper marking of equipment.

**JEFFERSON COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013**

---

**Effect of Condition:** These conditions resulted in noncompliance with state statutes. Opportunities for loss and misappropriation of County assets may be more likely to occur when the County does not have procedures in place to account for fixed assets and consumable inventories.

**Recommendation:** OSAI recommends the County comply with 19 O.S. § 178.1 by maintaining inventory records and properly marking assets with County identification numbers, and performing and documenting a periodic inventory of fixed assets. The verification should be performed by an individual independent of the fixed assets recordkeeping process. Additionally, OSAI recommends the County comply with 69 O.S. § 645 by designing procedures to ensure that all equipment is properly marked with County identification numbers and “Property of Jefferson County.”

**Management Response:**

**County Commissioner District 1, 2, and 3:** The Board of County Commissioners will work to implement a system of internal controls over the consumable inventory records and will implement compensating controls to mitigate the risks involved with a concentration of duties.

**County Clerk:** We will maintain documentation of the physical inventory in the future. We will also work to ensure that all items are properly marked with County identification numbers.

**County Commissioner District 1:** We will perform an annual inventory count and retain documentation. We will also work to ensure that all items are properly marked with County identification numbers.

**County Commissioner District 2:** We will perform an annual inventory count and retain documentation.

**County Commissioner District 3:** We will perform an annual inventory count and retain documentation. We will also work to ensure that all items are properly marked with County identification numbers.

**County Sheriff:** We will perform an annual inventory count and retain documentation. We will also work to ensure that all items are properly marked with County identification numbers.

**County Treasurer:** We will maintain documentation of the physical inventory in the future.

**Court Clerk:** We have labeled the HP Server and HP Workstation. Also, we have put the computer desktop that was disposed of back on inventory since it is still in use.

**County Assessor:** We have labeled the bookshelf with a County identification number and will continue to maintain documentation of the physical inventory in the future.

**Criteria:** An important aspect of internal controls is the safeguarding of assets. Internal controls constitute a process affected by an entity’s governing body, management and other personnel, designed to provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of fixed assets, and safeguarding consumable items from loss, damage, or misappropriation.
