MARSHALL COUNTY

Financial Report

For the fiscal year ended June 30, 2020

Cindy Byrd, CPA
State Auditor & Inspector
August 15, 2022

TO THE CITIZENS OF
MARSHALL COUNTY, OKLAHOMA

Transmitted herewith is the audit of Marshall County, Oklahoma for the fiscal year ended June 30, 2020. The audit was conducted in accordance with 19 O.S. § 171.

A report of this type can be critical in nature. Failure to report commendable features in the accounting and operating procedures of the entity should not be interpreted to mean that they do not exist.

The goal of the State Auditor and Inspector is to promote accountability and fiscal integrity in state and local government. Maintaining our independence as we provide this service to the taxpayers of Oklahoma is of utmost importance.

We wish to take this opportunity to express our appreciation for the assistance and cooperation extended to our office during our engagement.

This report is a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.) and shall be open to any person for inspection and copying.

Sincerely,

CINDY BYRD, CPA
OKLAHOMA STATE AUDITOR & INSPECTOR
Board of County Commissioners
   District 1 – Don “Salty” Melton
   District 2 – Joshua Cantrell
   District 3 – Chris Duroy

Independent Auditor’s Report

TO THE OFFICERS OF
MARSHALL COUNTY, OKLAHOMA

Report on the Financial Statement

We have audited the total—all county funds on the accompanying regulatory basis Statement of Receipts, Disbursements, and Changes in Cash Balances of Marshall County, Oklahoma, as of and for the year ended June 30, 2020, and the related notes to the financial statement, which collectively comprise the County’s basic financial statement as listed in the table of contents.

Management’s Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the regulatory basis of accounting described in Note 1, and for determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statement is prepared by Marshall County using accounting practices prescribed or permitted by Oklahoma state law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Marshall County as of June 30, 2020, or changes in financial position for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the total receipts, disbursements, and changes in cash balances for all county funds of Marshall County, as of and for the year ended June 30, 2020, in accordance with the basis of accounting described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the total of all county funds on the financial statement. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statement.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. Such information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statement.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated July 18, 2022, on our consideration of Marshall County’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County’s internal control over financial reporting or on compliance. That report is an integral part
of an audit performed in accordance with *Government Auditing Standards* in considering Marshall County’s internal control over financial reporting and compliance.

CINDY BYRD, CPA
OKLAHOMA STATE AUDITOR & INSPECTOR

**Total - All County Funds**

$6,531,910 $10,276,539 $375,273 $317,847 $9,836,106 $7,029,769
1. **Summary of Significant Accounting Policies**

   **A. Reporting Entity**

   Marshall County is a subdivision of the State of Oklahoma created by the Oklahoma Constitution and regulated by Oklahoma Statutes.

   The accompanying financial statement presents the receipts, disbursements, and changes in cash balances of the total of all funds under the control of the primary government. The general fund is the county’s general operating fund, accounting for all financial resources except those required to be accounted for in another fund, where its use is restricted for a specified purpose. Other funds established by statute and under the control of the primary government are also presented.

   The County Treasurer collects, and remits material amounts of intergovernmental revenues and ad valorem tax revenue for other budgetary entities, including emergency medical districts, school districts, and cities and towns. The cash receipts and disbursements attributable to those other entities do not appear in funds on the County’s financial statement; those funds play no part in the County’s operations. Any trust or agency funds maintained by the County are not included in this presentation.

   **B. Fund Accounting**

   The County uses funds to report on receipts, disbursements, and changes in cash balances. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

   During the fiscal year ended June 30, 2020, the County converted to a new chart of accounts; therefore, several fund names and descriptions change. However, these changes do not reflect a change in the sources and uses of revenues over the prior fiscal year.

   Following are descriptions of the county funds included within the financial statement:

   **County General** – accounts for the general operations of the government.

   **County Highway Unrestricted** – accounts for state, local, and miscellaneous receipts, and disbursements are for the purpose of constructing and maintaining county roads and bridges.

   **Health** – accounts for monies collected on behalf of the county health department from ad valorem taxes and state and local revenues.

   **Resale Property** – accounts for collection of interest and penalties on delinquent taxes and the disposition of same as restricted by state statute.
Sheriff Service Fee – accounts for the collection of fees and reimbursements for revenues such as: process fees, courthouse security, contracts for housing and feeding prisoners, and telephone cards and disbursements as restricted by state statute.

Community Service Program – accounts for the collection of funding through the State Department of Correction for administrative expenses and supervision of offenders.

Reward Fund – accounts for monies received from donations and disbursements are for information that leads to the arrest or capture of people who illegally dump trash.

911 Phone Fees – accounts for monies received from private telephone companies for the operations of emergency 911 services.

County Clerk Lien Fee – accounts for lien fee collections and disbursements as restricted by state statute.

Treasurer Mortgage Certification – accounts for the collection of fees by the Treasurer for mortgage tax certificates and the disbursement of the funds as restricted by state statute.

County Clerk Records Management and Preservation – accounts for fees collected for instruments filed in the County Clerk’s office as restricted by state statute for the preservation of records.

Assessor Visual Inspection – accounts for the receipt and disbursement of funds by the Assessor as restricted by state statute for the visual inspection program.

Lake Patrol – accounts for monies received from the Corps of Engineers for patrolling services.

Lodging Tax - ST – accounts for 20% of the lodging sales tax to be used for the promotion of tourism in Marshall County.

County General Revolving – accounts for 80% of the lodging sales tax to be used for the maintenance and operation of Marshall County.

Sheriff Commissary – accounts for revenues from profits on commissary sales in the Marshall County Jail. Disbursements are for Jail operations as defined by state statute.

Community Sentencing – accounts for the collection of funding through the State Department of Corrections for administrative expenses and supervision of offenders.

Sheriff Sales Tax – account for sales tax collections designated for the maintenance and operation of the Marshall County Jail.
Free Fair Board – accounts for the donations and fund-raising activities to be used toward the purchase of furniture, fixtures, and supplies for the Marshall County Expo facility.

County Donations – accounts for funds donated to Marshall County to be disbursed specifically for which the donations were made.

XCDBG – Water Grant – accounts for collections received through grant funding from a Community Development Block Grant to be disbursed for water infrastructure in accordance with the grant agreement.

County Bridge and Road Improvement – accounts for state, local, and miscellaneous receipts, and disbursements for the purpose of constructing and maintaining county roads and bridges.

Sheriff City Reimbursement – accounts for collections from the cities of Madill and Kingston for housing city prisoners and disbursements are for the operation of the County Jail.

Local Emergency Planning Committee – accounts for grant monies received and the disbursement of funds for emergency planning, training, and equipment.

¼ Cent Jail – Building – accounts for the collection of sales tax revenue and the disbursement of funds as restricted by the sales tax ballot.

Hospital - ST – accounts for the sales tax collections and disbursed to the Marshall County Medical Center Board of Control for capital expenditures and indigent care as restricted by the sales tax ballot.

Court Clerk Payroll – accounts for funds collected by the Court Clerk and disbursed for payroll of the Court Fund employees.

Emergency Management Performance Grant – accounts for federal grant collections to be disbursed in accordance with the grant agreement.

Community Grants – accounts for collections of grant money to be disbursed in accordance with grant agreements.

Safe Room Grant – accounts for collections of grant money to be disbursed in accordance with grant agreements.

Rural Fire - ST – accounts for sales tax collection and disbursements for the operation of the rural fire departments.
C. **Basis of Accounting**

The financial statement is prepared on a basis of accounting wherein amounts are recognized when received or disbursed. This basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred. This regulatory basis financial presentation is not a comprehensive measure of economic condition or changes therein.

Title 19 O.S. § 171 allows Oklahoma counties to present their financial statement in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) or on a regulatory basis. The County has elected to present their financial statement on a regulatory basis in conformity with Title 19 O.S. § 171, which specifies the format and presentation of such regulatory basis financial statements: county governments (primary only) are required to present their financial statements on a fund basis format with, at a minimum, the general fund and all other county funds, which represent ten percent or greater of total county revenue with all other funds included in the audit presented in the aggregate in a combining statement. However, the County has elected to present all funds included in the audit in the Statement of Receipts, Disbursements, and Changes in Cash Balances—Regulatory Basis.

D. **Budget**

Under current Oklahoma Statutes, a general fund and a county health department fund are the only funds required to adopt a formal budget. On or before May 31 of each year, each officer or department head submits an estimate of needs (budget) to the governing body. The budget is approved for the respective fund by office, or department and object. Within weeks, the County Budget Board may approve changes of appropriations within the fund by office or department and object.

E. **Cash and Investments**

For the purposes of financial reporting, “Ending Cash Balances, June 30” includes cash and cash equivalents and investments as allowed by statutes. The County pools the cash of its various funds in maintaining its bank accounts. However, cash applicable to a particular fund is readily identifiable on the County’s books. The balance in the pooled cash accounts is available to meet current operating requirements.

State statutes require financial institutions with which the County maintains funds to deposit collateral securities to secure the County’s deposits. The amount of collateral securities to be pledged is established by the County Treasurer; this amount must be at least the amount of the deposit to be secured, less the amount insured (by, for example, the FDIC).

The County Treasurer has been authorized by the County’s governing board to make investments. Allowable investments are outlined in statutes 62 O.S. § 348.1 and § 348.3.
All investments must be backed by the full faith and credit of the United States Government, the Oklahoma State Government, fully collateralized, or fully insured. All investments as classified by state statute are nonnegotiable certificates of deposit. Nonnegotiable certificates of deposit are not subject to interest rate risk or credit risk.

2. **Ad Valorem Tax**

The County's property tax is levied each October 1 on the assessed value listed as of January 1 of the same year for all real and personal property located in the County, except certain exempt property. Assessed values are established by the County Assessor within the prescribed guidelines established by the Oklahoma Tax Commission and the State Equalization Board. Title 68 O.S. § 2820.A states, "... Each assessor shall thereafter maintain an active and systematic program of visual inspection on a continuous basis and shall establish an inspection schedule which will result in the individual visual inspection of all taxable property within the county at least once each four (4) years."

Taxes are due on November 1 following the levy date, although they may be paid in two equal installments. If the first half is paid prior to January 1, the second half is not delinquent until April 1. The County Treasurer, according to the law, shall give notice of delinquent taxes and special assessments by publication once a week for two consecutive weeks at any time after April 1, but prior to the end of September following the year the taxes were first due and payable. Unpaid real property taxes become a lien upon said property after the treasurer has perfected the lien by public notice.

Unpaid delinquent personal property taxes are usually published in May. If the taxes are not paid within 30 days from publication, they shall be placed on the personal tax lien docket.

3. **Other Information**

A. **Pension Plan**

Plan Description. The County contributes to the Oklahoma Public Employees Retirement Plan (the Plan), a cost-sharing, multiple-employer defined benefit pension plan administered by the Oklahoma Public Employees Retirement System (OPERS). Benefit provisions are established and amended by the Oklahoma Legislature. The Plan provides retirement, disability, and death benefits to Plan members and beneficiaries. Title 74, Sections 901 through 943, as amended, establishes the provisions of the Plan. OPERS issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing OPERS, P.O. Box 53007, Oklahoma City, Oklahoma 73105 or by calling 1-800-733-9008.
Funding Policy. The contribution rates for each member category are established by the Oklahoma Legislature and are based on an actuarial calculation which is performed to determine the adequacy of contribution rates.

B. Other Post-Employment Benefits (OPEB)

In addition to the pension benefits described in the Pension Plan note, OPERS provides post-retirement health care benefits of up to $105 each for retirees who are members of an eligible group plan. These benefits are funded on a pay-as-you-go basis as part of the overall retirement benefit. OPEB expenditure and participant information is available for the state as a whole; however, information specific to the County is not available nor can it be reasonably estimated.

C. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, primarily the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time; however, the County expects such amounts, if any, to be immaterial.

As of the end of the fiscal year, there were no claims or judgments that would have a material adverse effect on the financial condition of the County; however, the outcome of any lawsuit would not be determinable.

D. Sales Tax

Sales Tax on Lodging August 27, 2002

The voters of Marshall County approved a five percent (5%) lodging tax to be collected for an unlimited duration. The proceeds from such tax shall be used for the promotion of tourism in Marshall County (20%) and the maintenance and operation of Marshall County (80%). These funds are accounted for in the County General Revolving fund and the Lodging Tax – ST fund.

Sales Tax of November 2, 2004

The voters of Marshall County approved a continuation of a ½ percent (.50%) sales tax on November 2, 2004 to be collected for an unlimited duration. This sales tax was established to provide revenue for the County Sheriff for the general operational expenses of the Marshall County Jail. These funds are accounted for in the Sheriff Sales Tax fund.

Sales Tax of December 12, 2006

The voters of Marshall County approved a one percent (1%) percent sales tax on December 12, 2006, commencing April 1, 2009 for ten (10) years, expiring on March 30, 2019. The voters of
Marshall County approved a continuation of the one percent (1%) sales tax on January 8, 2019, commencing April 1, 2019 for ten (10) years, expiring March 30, 2029. This sales tax was established to provide revenue for the County Hospital for capital expenditures and indigent care. These funds are accounted for in the Hospital – ST fund.

Sales Tax of June 24, 2014

The voters of Marshall County approved a permanent one quarter percent (.25%) sales tax on June 24, 2014. This sales tax was established to provide revenue for the Marshall County Fire Departments and the Marshall County Fire and Safety Association. These funds are accounted for in the Rural Fire - ST fund.

Sales Tax of October 13, 2015

The voters of Marshall County approved a one quarter percent (.25%) sales tax on October 13, 2015, to be used for the design, construction, financing, furnishing, and equipping, capital facilities and improvements, equipment, fixtures, site preparation, street improvements and continuing maintenance and operations expenses for a detention facility located in Marshall County, Oklahoma. One quarter percent (.25%) of the one quarter cent (.25%) will terminate at 20 years from the effective date of the tax (January 1, 2016) or at the date of retirement of all debt related thereto, whichever occurs earlier; three-sixteenths (3/16) of one cent to remain for an unlimited duration for operations and maintenance of the detention facility. These funds are accounted for in the ¼ Cent Jail - Building fund.

E. Interfund Transfers

During the fiscal year, the County made the following transfers between cash funds:

- $735 was transferred to the Sheriff Service Fee fund from the Sheriff City Reimbursement fund by Board of County Commissioners’ (BOCC) resolution for the purpose of closing the fund.

- $11,500 was transferred to the Community Service Program fund from the Community Sentencing fund by BOCC resolution for the purpose of closing the fund.

- $305,612 was transferred to the Lodging Tax – ST fund from the County General Revolving fund by BOCC Resolution for the purpose of closing and to consolidate the funds.

- $57,426 was transferred to the Resale Property fund from the Excess Resale fund (a trust and agency fund) in accordance with 68 O.S. § 3131C.

1. **Budgetary Schedules**

The Comparative Schedules of Expenditures—Budget and Actual—Budgetary Basis for the General Fund and the Health Fund present comparisons of the legally adopted budget with actual data. The "actual" data, as presented in the comparison of budget and actual, will differ from the data as presented in the Statement of Receipts, Disbursements, and Changes in Cash Balances because of adopting certain aspects of the budgetary basis of accounting and the adjusting of encumbrances and outstanding warrants to their related budget year.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in these funds. At the end of the year unencumbered appropriations lapse.
Independent Auditor’s Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With

Government Auditing Standards

TO THE OFFICERS OF
MARSHALL COUNTY, OKLAHOMA

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the total—all county funds of the accompanying Statement of Receipts, Disbursements, and Changes in Cash Balances of Marshall County, Oklahoma, as of and for the year ended June 30, 2020, and the related notes to the financial statement, which collectively comprise Marshall County’s basic financial statement, prepared using accounting practices prescribed or permitted by Oklahoma state law, and have issued our report thereon dated July 18, 2022.

Our report included an adverse opinion on the financial statement because the statement is prepared using accounting practices prescribed or permitted by Oklahoma state law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. However, our report also included our opinion that the financial statement does present fairly, in all material respects, the receipts, disbursements, and changes in cash balances – regulatory basis of the County as of and for the year ended June 30, 2020, on the basis of accounting prescribed by Oklahoma state law, described in Note 1.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered Marshall County’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of Marshall County’s internal control. Accordingly, we do not express an opinion on the effectiveness of Marshall County’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not
identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be material weaknesses: 2020-002 and 2020-006.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Marshall County’s financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings and responses as items 2020-002 and 2020-006.

Marshall County’s Response to Findings

Marshall County's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Marshall County’s response was not subjected to the auditing procedures applied in the audit of the financial statement and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CINDY BYRD, CPA
OKLAHOMA STATE AUDITOR & INSPECTOR

July 18, 2022
SECTION 1—Findings related to the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Finding 2020-002 – Lack of Internal Controls and Noncompliance Over Sales Tax Disbursements

Condition: Based on inquiry of County Officials and the observation of the sales tax disbursement process, the following exceptions were noted:

- County sales tax collections totaling $1,920,870 were remitted directly to the Marshall County Medical Center Board of Control. The funds were not deposited in the general revenue or sales tax revolving fund of the County to be used only for the purpose for which such sales tax was designated as required by statute.

- The balance of sales tax held in an outside bank account with the Marshall County Medical Center Board of Control at June 30, 2020 was $8,675,276. These funds were not included in the County’s financial statement ending balance.

Cause of Condition: Policies and procedures have not been designed and implemented to ensure compliance with 68 O.S. § 1370E and AG Opinion.

Effect of Condition: This condition resulted in noncompliance with state statute and AG Opinion, and could result in unrecorded transactions, misstated financial reports, undetected errors, and misappropriation of funds.

Recommendation: The Oklahoma State Auditor & Inspector’s Office (OSAI) recommends the disbursements of County sales tax be expended in such a manner to provide assurance that expenditures are made in accordance with the purposes specified by the ballot as outlined by 68 O.S. § 1370E and AG Opinion 2014. Additionally, we recommend that the Board of County Commissioners seek legal counsel as to determine if the balance on hand with the Board of Control should be deposited and maintained on the County books and County financial statement.

Management Response:
Chairman of the Board of County Commissioners: We will inquire of legal counsel on the appropriate action to take on sales tax funds pertaining to the Marshall County Medical Center Board of Control.

Criteria: The United States Government Accountability Office’s Standards for Internal Control in the Federal Government (2014 version) aided in guiding our assessments and conclusion. Although this publication (GAO Standards) addresses controls in the federal government, this criterion can be treated as best practices and may be applied as a framework for an internal control system for state, local, and quasi-governmental entities.
GAO Standards – Section 2 – Objectives of an Entity - OV2.23 states in part:

**Compliance Objectives**

Management conducts activities in accordance with applicable laws and regulations. As part of specifying compliance objectives, the entity determines which laws and regulations apply to the entity. Management is expected to set objectives that incorporate these requirements.

Further, GAO Standards – Principle 6 – Define Objectives and Risk Tolerances - 6.05 states:

**Definitions of Objectives**

Management considers external requirements and internal expectations when defining objectives to enable the design of internal control. Legislators, regulators, and standard setting bodies set external requirements by establishing the laws, regulations, and standards with which the entity is required to comply. Management identifies, understands, and incorporates these requirements into the entity’s objectives. Management sets internal expectations and requirements through the established standards of conduct, oversight structure, organizational structure, and expectations of competence as part of the control environment.

Title 68 O.S. § 1370E requires the sales tax collections be deposited in the general revenue or sales tax revolving fund of the County and be used only for the purpose for which such sales tax was designated.

Further, AG opinion 2014 OK AG 15 dated 10/31/2014 states:

4. C. As the fiscal agent responsible for superintending the funds of Canadian County, the board of county commissioners is responsible to ensure that the sales tax proceeds are not intermingled and are used exclusively for the purpose expressed in the ballot measure and resolution. The board can direct that the funds be deposited in a dedicated revolving fund and not intermingled with other revenues. Okla. Const. art. X, § 19; 68 O.S. § 2011, § 1370; 19 O.S. Supp. 2013, § 339; 19 O.S. § 2011, § 345; Cavin v. Bd. of County Comm'rs, 1934 OK 245 ~ 11, 33 P.2d 477, 479.

**Condition:** The audit of thirty-three (33) disbursements reflected the following:

- Two (2) disbursements were not timely encumbered.
- One (1) disbursement was not supported with proper documentation.

**Cause of Condition:** Policies and procedures have not been designed and implemented to strengthen internal controls and ensure compliance with state statute.
Effect of Condition: This condition resulted in noncompliance with state statute which could result in unrecorded transactions, misstated financial reports, undetected errors, and misappropriation of funds.

Recommendation: OSAI recommends the County implement a system of internal controls over the disbursement process. Such controls should include ensuring that funds are encumbered prior to the receipt of goods and/or services, implementing a review process with adequate documentation to support the review, and implementing procedures to ensure authorized personnel requisition, receive, and approve cash disbursements in accordance with 19 O.S. § 1505.

Management Response:
Chairman of the Board of County Commissioners: The Board of County Commissioners will express to fellow County Officials the importance of County funds being encumbered prior to the receipt of goods and/or services.

County Clerk: I will work to ensure all disbursements have sufficient supporting documentation.

Criteria: The GAO Standards – Section 2 – Establishing an Effective Internal Control System – OV2.23 states in part:

Objectives of an Entity – Compliance Objectives
Management conducts activities in accordance with applicable laws and regulations. As part of specifying compliance objectives, the entity determines which laws and regulations apply to the entity. Management is expected to set objectives that incorporate these requirements.

Additionally, GAO Standards – Principle 6 – Define Objectives and Risk Tolerances – 6.05 states:

Definitions of Objectives
Management considers external requirements and internal expectations when defining objectives to enable the design of internal control. Legislators, regulators, and standard-setting bodies set external requirements by establishing the laws, regulations, and standards with which the entity is required to comply. Management identifies, understands, and incorporates these requirements into the entity’s objectives. Management sets internal expectations and requirements through the established standards of conduct, oversight structure, organizational structure, and expectations of competence as part of the control environment.

Further, effective internal controls require that management properly implement procedures to ensure that purchases comply with 19 O.S. § 1505.
SECTION 2—This section contains certain matters not required to be reported in accordance with Government Auditing Standards. However, we believe these matters are significant enough to bring to management’s attention. We recommend that management consider these matters and take appropriate corrective action.

No matters were noted.
