OF
MARSHALL COUNTY, OKLAHOMA**

Created at statehood from Pickens County in the Chickasaw Nation, Indian Territory, this smallest county in the state was settled by the Chickasaws beginning in 1837 with the removal from their eastern homes. A member of the Oklahoma Constitutional Convention, George A. Henshaw of Madill, succeeded in giving the county his mother's maiden name, Marshall. The county seat, Madill, is named for George A. Madill of St. Louis, an attorney for the railroad.

Oil has played a colorful part in the county's history. Leases along the Red River led to the United States Supreme Court's final decision in the boundary dispute with Texas. Principal industries in the county are: Oklahoma Steel and Wire, W.W. Trailer, Clint Williams-Texoma Peanut Co., Madill Manufacturing, S & H Trailer, J & I Manufacturing and Contract Manufacturing. Also important are oil, agriculture, livestock, and tourism.

The Denison Dam, completed in 1944, created Lake Texoma with 91,200 acres of water. This lake attracts some 500,000 visitors annually and has made tourism a major industry in the county.

Native son, Raymond D. Gary of Madill, bought the spotlight of attention to the county when he became the fifteenth governor of Oklahoma during the years 1955-1959. For more county information, call the county clerk's office at 580/795-3220.

Independent Auditor's Report

TO THE OFFICERS OF
MARSHALL COUNTY, OKLAHOMA

We were engaged to audit the financial statements of Marshall County, Oklahoma, as of and for the year ended June 30, 2010. The financial statements are the responsibility of Marshall County management.

The County did not prepare financial statements in accordance with accounting principles generally accepted in the United States of America and in accordance with state law.

Since Marshall County did not prepare financial statements in accordance with accounting principles generally accepted in the United States of America and in accordance with state law, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2012, on our consideration of Marshall County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

TO THE OFFICERS OF
MARSHALL COUNTY, OKLAHOMA

We were engaged to audit the financial statements of Marshall County, Oklahoma, as of and for the year ended June 30, 2010, and have issued our report thereon dated December 5, 2012. We did not express an opinion on the financial statements because the County did not prepare financial statements in accordance with accounting principles generally accepted in the United States of America. We were engaged to conduct our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Marshall County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Marshall County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses, and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and responses, we identified a certain deficiency in internal control over financial reporting that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency in internal control described in the accompanying schedule of findings and responses to be a material weakness in internal control over financial reporting. 2010-1

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Marshall County's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and responses as item 2010-1.

Marshall County's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. We did not audit Marshall County's response and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, those charged with governance, others within the entity and is not intended to be and should not be used by anyone other than the specified parties. This report is also a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.), and shall be open to any person for inspection and copying.
