**MURRAY COUNTY
OPERATIONAL AUDIT
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

PURPOSE, SCOPE, AND GENERAL METHODOLOGY

This audit was conducted in response to 19 O.S. § 171, which requires the State Auditor and Inspector's Office to audit the books and accounts of county officers.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

In planning and conducting our audit, we focused on the major financial related areas of operations based on assessment of materiality and risk for the fiscal year ended June 30, 2017.

Our audit procedures included inquiries of appropriate personnel, inspections of documents and records, and observations of the County's operations. Further details regarding our methodology are included under each objective.

We utilized sampling of transactions to achieve our objectives. To ensure the samples were representative of the population and provided sufficient, appropriate evidence, the random sample methodology was used. We identified specific attributes for testing each of the samples and when appropriate, we projected our results to the population.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, errors or fraud may occur and not be detected. Also, projections of any evaluation of internal control to future periods are subject to the risk that conditions may change or compliance with policies and procedures may deteriorate.

This report is a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.), and shall be open to any person for inspection and copying.

**MURRAY COUNTY
OPERATIONAL AUDIT
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

Objective 1: To determine the receipts apportioned, disbursements, and cash balances are accurately presented on the County Treasurer's monthly reports for FY 2017.

Conclusion: With respect to the items reconciled and reviewed; the receipts apportioned, disbursements, and cash balances are accurately presented on the County Treasurer's monthly reports. However, we noted some deficiencies in internal controls regarding the financial reporting process.

Objective 1 Methodology: To accomplish objective 1, we performed the following:

- Evaluated significant internal controls related to preparing the Treasurer's Monthly Reports, which included:
 - Reviewing a random sample of five (5) Treasurer's monthly reports (41.67% of months in the population tested) to ensure the monthly reports were signed and approved by someone other than the preparer, reconciled to the general ledger, and reconciled to the bank statement.
 - Reviewing a random sample of five (5) bank statements and related bank reconciliations (10.42% of the total bank statements in the population tested) to ensure bank reconciliations were signed and approved by someone other than the preparer and correctly reconciled to the bank statement.
- Reconciled total collections from the monthly reports to the apportionment ledgers for each month and to the annual summary of the Treasurer's reports.
- Confirmed \$5,758,023 in cash receipts (80.21% of total cash receipts) received from the Oklahoma Tax Commission, Federal grantor agencies, and the State Treasurer's Office, and determined that these receipts were apportioned to the proper fund in the proper amount.
- Reconciled the general ledger of cash and investments at June 30 to the annual summary of the Treasurer's reports.
- Confirmed all cash and investment balances.
- Re-performed the June 30 bank reconciliation and confirmed reconciling items.
- Reviewed bank balances of all accounts at June 30 on the Treasurer's general ledger to ensure that investments were adequately secured as required by 62 O.S. § 517.4.
- Examined the Treasurer's total cash disbursements and compared it to the County Clerk's total checks and cash vouchers issued to ensure the totals reconciled.

FINDINGS AND RECOMMENDATIONS

Finding 2017-010 – Inadequate Internal Controls Over the Monthly Reports

Condition: Through inquiry and testing of internal controls over the monthly reports, the following was noted:

**MURRAY COUNTY
OPERATIONAL AUDIT
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

- Monthly reconciliations were not performed between the County Treasurer’s general ledger and the County Clerk’s appropriation ledger.

Cause of Condition: Policies and procedures have not been designed and implemented by the County Clerk to ensure that the appropriation ledger reconciles with the County Treasurer’s general ledger.

Effect of Condition: These conditions could result in unrecorded transactions, misstated financial reports, clerical errors, or misappropriation of funds not being detected in a timely manner.

Recommendation: The Oklahoma State Auditor & Inspector’s Office (OSAI) recommends management be aware of this condition and implement internal controls to ensure that the appropriation ledger reconciles to the general ledger each month.

Management Response:

County Clerk: Monthly reconciliation of the County Treasurer’s general ledger to the County Clerk’s appropriation ledger has been implemented.

Criteria: Accountability and stewardship are overall goals of management in the accounting of funds. An important aspect of internal controls is the safeguarding of assets. Internal controls over safeguarding of assets constitute a process, affected by an entity’s governing body, management, and other personnel, designed to provide reasonable assurance regarding prevention or timely detection of unauthorized transactions, and safeguarding assets from misappropriation. To help ensure a proper accounting of funds, reconciliations should be performed on a monthly basis and denoted indication of being reviewed and approved by someone other than the preparer.

Objective 2: To determine the County’s financial operations complied with 68 O.S. § 1370E, which requires the sales tax collections to be deposited in the general revenue or Sales Tax Revolving Fund of the County and be used only for the purpose for which such sales tax was designated.

Conclusion: With respect to the items tested, the County complied with 68 O.S. § 1370E, which requires the sales tax collections to be deposited in the general revenue or Sales Tax Revolving Fund of the County and be used only for the purpose for which such sales tax was designated.

Objective 2 Methodology: To accomplish objective 2, we performed the following:

- Evaluated significant internal controls related to sales tax, which included:
 - Reviewing sales tax collections to ensure the collection was apportioned and appropriated in accordance with the sales tax ballot and that the apportionment and appropriation were reviewed and approved.
 - Reviewing a random sample of sales tax disbursements totaling \$10,519 (1.24% of sales tax disbursements in the population tested) to ensure the expenditure was approved and made for the purposes designated in the sales tax ballot.

**MURRAY COUNTY
OPERATIONAL AUDIT
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

- Confirmed all sales tax receipts received from the Oklahoma Tax Commission.

Objective 3: To determine the County's financial operations complied with 68 O.S. § 2923, which requires the ad valorem tax collections to be apportioned and distributed monthly among the different funds to which they belong.

Conclusion: With respect to the items tested, the County complied with 68 O.S. § 2923, which requires the ad valorem tax collections to be apportioned and distributed monthly among the different funds to which they belong.

Objective 3 Methodology: To accomplish objective 3, we performed the following:

- Evaluated significant internal controls related to ad valorem tax collections, which included comparing the certified levies to the approved levies entered into the computer system to ensure levies were entered correctly.
- Recalculated the apportionment of ad valorem tax collections to determine collections were accurately apportioned to the taxing entities.

Objective 4: To determine whether the County's internal controls provide reasonable assurance that expenditures (including payroll) were accurately reported in the accounting records and financial operations complied with significant laws and regulations.

Conclusion: The County's internal controls do not provide reasonable assurance that expenditures, including payroll, were accurately reported in the accounting records.

The County's financial operations did not comply with 19 O.S. § 1505, which requires that disbursements be properly supported, encumbered prior to receiving the goods or services, and charged to the appropriate fund and account.

Objective 4 Methodology: To accomplish objective 4, we performed the following:

- Evaluated significant internal controls related to the expending of County funds through purchase orders, which included reviewing a random sample of purchase orders totaling \$36,122 (1.11% of purchase orders in the population tested) to ensure:
 - The purchase order was requisitioned and signed by an approved Requisition County Official,
 - The encumbrance was made, or funds were available prior to ordering goods or services and the encumbrance was approved by the County Clerk/Deputy,
 - The disbursement was reviewed and authorized and supported by adequate documentation, and

**MURRAY COUNTY
OPERATIONAL AUDIT
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

- The BOCC reviewed and approved the disbursement and the disbursement was made for the appropriate amount.
- Evaluated significant internal controls related to the expending of County funds through cash vouchers, which included reviewing a random sample of cash vouchers totaling \$22,310 (61.06% of cash vouchers in the population tested) to ensure:
 - The disbursement was reviewed and authorized,
 - The claimant signed the cash voucher claim,
 - The disbursement was made for the appropriate amount, and
 - The disbursement was supported by adequate documentation.
- Evaluated significant internal controls related to payroll expenditures, which included reviewing a random sample of five (5) payroll claims (5.21% of payroll claims in the population tested) to ensure:
 - Timesheets are accurate and are signed by the employee and supervisor,
 - The payroll claim was reviewed and approved, and
 - The payroll claim was supported by adequate documentation.

FINDINGS AND RECOMMENDATIONS

Finding 2017-003 - Inadequate Internal Controls and Noncompliance Over the Disbursement Process (Repeat Finding)

Condition: Upon inquiry of the County Officers and observation of the disbursement process, the audit of forty (40) disbursements reflected seven (7) disbursements were not timely encumbered.

The audit of thirty (30) cash voucher disbursements reflected the following:

- Twenty-nine (29) claims did not have the signature of the claimant.
- Two (2) claims did not have the adequate documentation attached (receiving reports).
- Three (3) claims did not have the signature of the County Clerk.

The audit of five (5) payroll claims which included twenty-two (22) timesheets reflected the following:

- Seven (7) timesheets did not have the approval signature of the official or supervisor.
- Fourteen (14) timesheets did not have the employee's signature.
- Payroll claims for three (3) employees could not be located.

Cause of Condition: Policies and procedures have not been designed and implemented with regards to the disbursement process to strengthen internal controls and ensure compliance with state statute. Additionally, procedures have not been designed and implemented to ensure time records are maintained in a manner to support payroll expenditures.

Effect of Condition: These conditions resulted in noncompliance with state statute and could result in unrecorded transactions, misstated financials reports, undetected errors, or misappropriation of funds.

**MURRAY COUNTY
OPERATIONAL AUDIT
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

Recommendation: OSAI recommends the County implement a system of internal controls over the disbursement process to ensure compliance with state statute. Further, OSAI recommends encumbrances be made prior to the receipt of goods and/or services in accordance with 19 O.S. § 1505 (C)(2)(3).

Additionally, OSAI recommends all timesheets be maintained and filed with the County Clerk, signed by the employee and approved by the Supervisor/County Official certifying the validity of the hours worked and/or leave used.

Management Response:

Chairman, Board of County Commissioners: We will work to make sure proper purchasing procedures are followed and that timesheets are signed by employees and officials or supervisors.

Criteria: Accountability and stewardship are overall goals of management in the accounting of funds. Internal controls should be designed to analyze and check accuracy, completeness, and authorization of disbursements and/or transactions. To help ensure a proper accounting of funds, all payroll expenditures should be supported by timesheets signed by both the employee and a Supervisor/County Official.

Title 19 O.S. § 1505(C)(2)(3) requires that funds be encumbered prior to the ordering of goods or services.

All Objectives:

The following findings are not specific to any objective but are considered significant to all the audit objectives.

Finding 2017- 005 – Inadequate County-Wide Controls (Repeat Finding)

Condition: County-wide controls regarding Risk Assessment and Monitoring have not been designed.

Cause of Condition: Policies and procedures have not been designed and implemented to address risks of the County.

Effect of Condition: Without an adequate system of county-wide controls, there is risk of a breakdown in control activities which could result in unrecorded transactions, undetected errors, or misappropriation of funds.

Recommendation: OSAI recommends that the County design and implement procedures to identify and address risks. OSAI also recommends that the County design monitoring procedures to assess the quality of performance over time. These procedures should be written policies and procedures and could be included in the County's policies and procedures handbook.

**MURRAY COUNTY
OPERATIONAL AUDIT
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

Management Response:

Chairman, Board of County Commissioners: The Board of County Commissioners will work towards assessing and identifying risks to design written county-wide controls.

Criteria: Internal control is an integral component of an organization's management that provides reasonable assurance that the objectives of effectiveness and efficiency of operations, reliability of financial reporting and compliance with laws and regulations are being met. Internal control comprises the plans, methods, and procedures used to meet missions, goals, and objectives. Internal control also serves as the first line of defense in safeguarding assets and preventing and detecting errors and fraud. County management is responsible for designing a county-wide internal control system comprised of Risk Assessment and Monitoring for the achievement of these goals.

Risk Assessment is a component of internal control which should provide for an assessment of the risks the County faces from both internal and external sources. Once risks have been identified, they should be analyzed for their possible effect. Management then has to formulate an approach for risk management and decide upon the internal control activities required to mitigate those risks and achieve the internal control objectives.

Monitoring is a component of internal control which should assess the quality of performance over time and ensure that the findings of audits and other reviews are promptly resolved. Ongoing monitoring occurs during normal operations and includes regular management and supervisory activities, comparisons, reconciliations, and other actions people take in performing their duties. It includes ensuring that management know their responsibilities for internal control and the need to make control monitoring part of their regular operating process.
