REPORT TO THE CITIZENS
OF
MURRAY COUNTY, OKLAHOMA

Created at statehood from part of the Chickasaw Nation, Murray County was named for William H. Murray, president of the Constitutional Convention and later a governor of Oklahoma.

Sulphur, the county seat, was originally called Sulphur Springs for the bromide and sulphur waters that attracted thousands of people to the area early in the century. The Arbuckle Mountains, Turner Falls, and the Chickasaw National Recreational Area, including the 2,400-acre Lake of the Arbuckles, have made Murray County a leading tourist attraction.

Initial Point, which determines the legal description of all land in Oklahoma except for the Panhandle, is located in Murray County some six miles west of Davis. Intersecting this point, the Indian Base Line runs east and west, and the Indian Meridian runs north and south. A sandstone marker indicating the spot is located in a pasture on privately owned land.

For more information, call the county clerk's office at 580-622-3920.

Also, the County Assessor is required to compute the ad valorem taxes due on all taxable property. The County Assessor appraises all the taxable real and personal property according to its fair cash value for which the property is actually being used as of January 1 of the taxable year at the percentages provided for in Article 10, § 8 of the Oklahoma Constitution.

The County Assessor is required to build and maintain permanent records of the taxable real property and tax exempt real property within the county. Information entered on each record includes the property's legal description, owner's name and address, and the homestead exemption status of the owner.

The County Clerk, or his or her designated deputy, serves as the purchasing agent for the county. This system is a means to ensure the public that tax dollars are being spent appropriately.

Various records within the different county offices are classified as "open records." As such, they can be reviewed and mechanically copied by the public.

As the county's chief administrative body, the three County Commissioners must make major financial decisions and transactions. The Board has the official duty to ensure the fiscal responsibility of the other county officers who handle county funds. The review and approval procedures empowered to the Board of County Commissioners are a means to provide the public with a fiscally efficient system of county government.

SHARE OF THE AVERAGE MILLAGE
FOR THE FISCAL YEAR ENDED JUNE 30, 2005**

Property taxes are calculated by applying a millage rate to the assessed valuation of property. Millage rates are established by the Oklahoma Constitution. One mill equals one-thousandth of a dollar. For example, if the assessed value of a property is \$1,000.00 and the millage rate is 1.00, then the tax on that property is \$1.00. This chart shows the different entities of the County and their share of the various millages as authorized by the Constitution.

STATE OF OKLAHOMA
OFFICE OF THE AUDITOR AND INSPECTOR

State Auditor and Inspector

Independent Auditor's Report

TO THE OFFICERS OF
MURRAY COUNTY, OKLAHOMA

We have audited the combined totals—all funds of the accompanying Combined Statement of Receipts, Disbursements, and Changes in Cash Balances of Murray County, Oklahoma, as of and for the year ended June 30, 2005, listed in the table of contents as the basic financial statement. This financial statement is the responsibility of Murray County's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. Oklahoma Statutes, in addition to audit responsibilities, assign other responsibilities to the State Auditor and Inspector's Office. Those responsibilities include providing various information technology (IT) support for county government.

As described in Note 1, this financial statement was prepared using accounting practices prescribed by Oklahoma state law, which practices differ from accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the matter discussed in the preceding paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Murray County as of June 30, 2005, or changes in its financial position for the year then ended.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the combined total of receipts, disbursements, and changes in cash of Murray County, for the year ended June 30, 2005, on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 3, 2005, on our consideration of Murray County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the combined total of all funds within the basic financial statement taken as a whole. The combining information is presented for purposes of additional analysis rather than to present the receipts, disbursements, and cash balances of the individual funds. Also, the other supplementary information, as listed in the table of contents, is presented for purposes of additional analysis, and is not a required part of the basic financial statement. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statement and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statement taken as a whole. The information listed in the table of contents under Introductory Section has not been audited by us, and accordingly, we express no opinion on it.

MURRAY COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2005

1. Summary of Significant Accounting Policies

A. Reporting Entity

Counties were created by the Constitution of Oklahoma. One county officer is appointed; however, most county officers are locally elected by their constituents. All county powers are delegated by the state.

The accompanying basic financial statement presents the receipts, disbursements, and changes in cash balances of the total of all funds of Murray County, Oklahoma. The funds presented as line items are not a part of the basic financial statement, but have been included as supplementary information within the basic financial statement. These separate funds are established by statute, and their operations are under the control of the County officials. The general fund is the County's general operating fund, accounting for all financial resources except those required to be accounted for in another fund. The other funds presented account for financial resources whose use is restricted for specified purposes.

B. Fund Accounting

The County uses funds to report on receipts, disbursements, and changes in cash balances. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Following are descriptions of the funds included as supplementary information within the financial statement:

County General Fund - accounts for the general operations of the government.

T-Highway - accounts for state, local and miscellaneous receipts and disbursements for the purpose of constructing and maintaining county roads and bridges.

The cash receipts and disbursements attributable to those other entities do not appear in funds on the County's financial statement, those funds play no part in the County's operations.

C. Basis of Accounting

The basic financial statement is prepared on a basis of accounting wherein amounts are recognized when received or disbursed. This basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred. This cash basis financial presentation is not a comprehensive measure of economic condition or changes therein.

**MURRAY COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2005**

D. Budget

Under current Oklahoma Statutes, the general fund and the county health department fund are the only funds required to adopt a formal budget. On or before the first Monday in July of each year, each officer or department head submits an estimate of needs to the governing body. The budget is approved by fund, office, or department and object. The County Board of Commissioners may approve changes of appropriations within the fund by office or department and object. To increase or decrease the budget by fund requires approval by the County Excise Board.

For the highway funds and other funds, which are not required to adopt a formal budget, appropriations are made on a monthly basis, according to the funds then available.

E. Cash

The County pools the cash of its various funds in maintaining its bank accounts. However, cash applicable to a particular fund is readily identifiable on the County's books. The balance in the pooled cash accounts is available to meet current operating requirements.

State statutes require financial institutions with which the County maintains funds to deposit collateral securities to secure the County's deposits. The amount of collateral securities to be pledged is established by the County Treasurer; this amount must be at least the amount of the deposit to be secured, less the amount insured (by, for example, the FDIC).

F. Investments

The County Treasurer has been authorized by the County's governing board to make investments. By statute (62 O.S. § 348.1 and § 348.3), the following types of investments are allowed:

- U.S. Government obligations
- Certificates of deposit
- Savings accounts
- G.O. bonds issued by counties, municipalities or school districts
- Money judgments against counties, municipalities or school districts
- Bonds and revenue notes issued by a public trust when the beneficiary of the trust is a county, municipality or school district
- Negotiable certificates of deposit
- Prime bankers acceptance which are eligible for purchase by the Federal Reserve System
- Prime commercial paper with a maturity of 180 days or less
- Repurchase agreements
- Money market funds regulated by the Securities and Exchange Commission and which investments consist of the above-mentioned types of investments

All investments must be backed by the full faith and credit of the United States Government, the Oklahoma State Government, fully collateralized, or fully insured.

G. Compensated Absences

Vacation benefits are earned by the employee during the year and may not be accumulated. Employees with service years up to 4 years earn 10 days per year. Employees with service years exceeding 4 years earn 15 days per year. Vacation leave is accrued monthly.

Sick leave benefits are accrued at the rate of 8 hours per month and employees may accumulate up to 60 days. Sick leave is not paid upon termination.

2. Ad Valorem Tax

The County's property tax is levied each October 1 on the assessed value listed as of January 1 of the same year for all real and personal property located in the County, except certain exempt property. Assessed values are established by the County Assessor within the prescribed guidelines established by the Oklahoma Tax Commission and the State Equalization Board. Title 68 O.S. § 2820.A. states, ". . . Each assessor shall thereafter maintain an active and systematic program of visual inspection on a continuous basis and shall establish an inspection schedule which will result in the individual visual inspection of all taxable property within the county at least once each four (4) years."

The assessed property value as of January 1, 2004, was approximately \$41,262,154.

Per Article 10, § 8A, with the repeal of personal property tax, the millages with the adjustment factor are 10.37 mills for general fund operations, 2.59 mills for county health department, 2.07 mills for the multi-county library, and 3.11 mills for emergency medical service. In addition, the County collects the ad valorem taxes assessed by cities and towns and school districts and remits the ad valorem taxes collected to the appropriate taxing units.

Taxes are due on November 1 following the levy date, although they may be paid in two equal installments. If the first half is paid prior to January 1, the second half is not delinquent until April 1. Unpaid real property taxes become a lien upon said property on October 1 of each year.

Unpaid delinquent personal property taxes are published usually in May. If the taxes are not paid within 30 days from publication, they shall be placed on the personal tax lien docket.

Current year tax collections for the year ended June 30, 2005, were approximately 95.08 percent of the tax levy.

3. Fuel Tax

The County receives major funding for roads and highways from a state imposed fuel tax. Taxes are collected by the Oklahoma Tax Commission. Taxes are imposed on all gasoline, diesel, and special fuel sales statewide. The County's share is determined on formulas based on the County

population, road miles, and land area and is remitted to the County monthly. These funds are earmarked for roads and highways only and are accounted for in the county highway fund.

General Liability <ul style="list-style-type: none"> • Torts • Errors and Omissions • Law Enforcement Officers Liability • Vehicle 	The County participates in a public entity risk pool: Association of County Commissioners of Oklahoma-Self-Insurance Group. Worker's Compensation <ul style="list-style-type: none"> • Employees' Injuries 	The County carries commercial insurance.	A judgment could be assessed for claims in excess of coverage.
Employee <ul style="list-style-type: none"> • Medical • Disability • Dental • Life 	The County carries commercial insurance.	None

ACCO-SIG - The pool operates as a common risk management and insurance program and is to be self-sustaining through member premiums. Each participating county chooses a \$10,000, \$25,000, or a \$50,000 deductible amount. The County has chosen a \$10,000 deductible for each insured event as stated in the County's "Certificate of Participation." The risk pool will pay legitimate claims in excess of the deductible amount for replacement value up to \$100,000 for property, and up to \$500,000 for general liability. The pool has acquired commercial reinsurance in the amount of \$1,000,000 to cover claims that exceed the pool's risk retention limits. Settled claims have not exceeded insurance coverage for each of the past three fiscal years. There have been no significant reductions in coverage from the prior fiscal year.

**MURRAY COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2005**

Commercial Insurance - The County obtains commercial insurance coverage to pay legitimate worker's compensation claims and employees' insurance. Settled claims have not exceeded insurance coverage for each of the past three fiscal years. There have been no significant reductions in coverage from the prior fiscal year.

5. Long-term Obligations

Capital Leases

The County acquires road machinery and equipment through lease-purchase agreements financed by the Oklahoma Department of Transportation and/or the equipment vendors or their assignees pursuant to the provisions of 69 O.S. § 636.1 through § 636.7. Lease agreements entered into with the Oklahoma Department of Transportation (ODOT) are interest free. However, starting in January 1997, ODOT began charging a one-time fee of 3% on all pieces of machinery subsequently acquired.

6. Pension Plan

Plan Description. The County contributes to the Oklahoma Public Employees Retirement Plan (the Plan), a cost-sharing, multiple-employer defined benefit pension plan administered by the Oklahoma Public Employees Retirement System (OPERS). Benefit provisions are established and amended by the Oklahoma Legislature. The Plan provides retirement, disability, and death benefits to Plan members and beneficiaries. Title 74, Sections 901 through 943, as amended, establishes the provisions of the Plan. OPERS issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing OPERS, P.O. Box 53007, Oklahoma City, Oklahoma 73105 or by calling 1-800-733-9008.

Funding Policy

The contribution rates for each member category are established by the Oklahoma Legislature and are based on an actuarial calculation which is performed to determine the adequacy of contribution rates. County employees are required to contribute between 3.5% and 8.5% of earned compensation. The County contributes between 5.0% and 10.0% of earned compensation. Elected officials could contribute between 4.5% and 10% of their entire compensation. The County contributes 10.0% of earned compensation for elected officials. The County's contributions to the plan for the years ending June 30, 2005, 2004, and 2003 were \$125,162, \$119,117, and \$116,368, respectively, equal to the required contributions for each year.

**MURRAY COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2005**

7. Other Post Employment Benefits (OPEB)

In addition to the pension benefits described in the Pension Plan note, OPERS provides post-retirement health care benefits of up to \$105 each for retirees who are members of an eligible group plan. These benefits are funded on a pay-as-you-go basis as part of the overall retirement benefit. OPEB expenditure and participant information is available for the state as a whole; however, information specific to the County is not available nor can it be reasonably estimated.

8. Contingent Liabilities

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in management's opinion, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

9. Sales Tax

Effective September 11, 2002, for a period of ten years, the County will realize an additional revenue from a one-cent sales tax levy. The purpose of the tax is to provide revenues for general government, County Commissioners, economic development, the Sulphur Chamber of Commerce, the Davis Chamber of Commerce, senior citizen's organizations, rural fire department, Civil Defense, OSU Extension Office, Murray County Fair Barn, home extension organizations, rural fire department, 4-H Club organizations, the office of the County Clerk, Court Clerk, Assessor, Treasurer, Sheriff, and courthouse restoration.

Effective January 1, 2002, for a period of five years, the County will realize an additional revenue from a one-cent sales tax levy. The purpose of the tax is to provide revenue exclusively for the operation, improvements to, and the maintenance of the Arbuckle Memorial Hospital.

**MURRAY COUNTY, OKLAHOMA
NOTES TO OTHER SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2005**

1. Budgetary Schedules

The Comparative Schedules of Receipts, Expenditures, and Changes in Cash Balances—Budget and Actual—Budgetary Basis, for the General Fund and the County Health Department Fund present comparisons of the legally adopted budget with actual data. The "actual" data, as presented in the comparison of budget and actual, will differ from the data as presented in the Combined Statement of Receipts, Disbursements, and Changes in Cash Balances with Combining Information because of adopting certain aspects of the budgetary basis of accounting and the adjusting of encumbrances and outstanding warrants to their related budget year.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in these funds. At the end of the year, unencumbered appropriations lapse.

2. Sinking Fund Schedule

Debt service receipts are derived generally from a special ad valorem tax levy and from interest earned on investments of cash not immediately required for debt service payments.

INTERNAL CONTROL AND COMPLIANCE SECTION

STATE OF OKLAHOMA
OFFICE OF THE AUDITOR AND INSPECTOR

JEFF A. McMAHAN
State Auditor and Inspector

**Report on Internal Control Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance With
*Government Auditing Standards***

TO THE OFFICERS OF
MURRAY COUNTY, OKLAHOMA

We have audited the combined totals—all funds of the accompanying Combined Statement of Receipts, Disbursements, and Changes in Cash Balances of Murray County, Oklahoma, as of and for the year ended June 30, 2005, which comprises Murray County's basic financial statement, prepared using accounting practices prescribed or permitted by Oklahoma state law, and have issued our report thereon dated August 3, 2005. Our report on the basic financial statement was adverse because the statement is not a presentation in conformity with accounting principles generally accepted in the United States of America. Also, our report describes certain responsibilities of the State Auditor and Inspector's Office other than audit responsibilities. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Murray County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statement and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Murray County's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statement. Reportable conditions are described in the accompanying schedule of findings as items 2005-1, 2005-2, 2005-3, and 2005-4.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statement being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we consider item 2005-1 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Murray County's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain matters that we reported to the management of Murray County, which are included in Section 2 of the schedule of findings contained in this report.

This report is intended solely for the information and use of the management of the County, and is not intended to be and should not be used by anyone other than these specified parties.

However, the Oklahoma Open Records Act states that all records of public bodies and public officials shall be open to any person, except as specifically exempted. The purpose of this Act is to ensure and facilitate the public's right of access to and review of government records so they may efficiently and intelligently exercise their inherent political power. Therefore, this report is a matter of public record and its distribution is in no way limited or restricted.

MURRAY COUNTY, OKLAHOMA
SCHEDULE OF FINDINGS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005

SECTION 1—Findings related to the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Finding 2005-1—Segregation of Duties (Repeat Finding)

Criteria: Segregation of duties over asset custody, transaction authorization, bookkeeping and reconciliation is an important element of effective internal control over government assets and resources.

Condition: The limited number of office personnel within several County offices prevents a proper segregation of accounting functions, which is necessary to assure adequate internal control structure.

Recommendation: We recommend management be aware of this condition and realize that concentration of duties and responsibilities in a limited number of individuals is not desired from a control point of view. The most effective controls lie in management's knowledge of office operations and a periodic review of operations.

Views of responsible officials and planned corrective actions: We concur with the auditor's findings. Management does have knowledge of office operations and will perform a periodic review of these operations.

Finding 2005-2—Written Disaster Recovery Plan (Repeat Finding)

Criteria: According to the standards of the Information Systems Audit and Control Association's (COBIT Delivery & Support 4.3), management should ensure that a written Disaster Recovery Plan is documented and contains the following:

- Guidelines on how to use the Recovery Plan,
- Emergency procedures to ensure the safety of all affected staff members,
- Roles and responsibilities of information services function, vendors providing recovery services, users of services and support administrative personnel,
- Listing of systems requiring alternatives (hardware, peripherals, software),
- Listing of highest to lowest priority applications, required recovery times and expected performance norms,
- Various recovery scenarios from minor to loss of total capability and response to each in sufficient detail for step-by-step execution,
- Specific equipment and supply needs are identified such as high speed printers, signatures, forms, communications equipment, telephones, etc. and a source and alternative source defined,
- Training and/or awareness of individual and group roles in continuity plan,
- Listing of contracted service providers,

**MURRAY COUNTY, OKLAHOMA
SCHEDULE OF FINDINGS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005**

- Logistical information on location of key resources, including back-up site for recovery operating system, applications, data files, operating manuals and program/system/user documentation,
- Current names, addresses, telephone/pager numbers of key personnel,
- Business resumption alternatives for all users for establishing alternative work locations once IT resources are available.

Condition: The County does not have a written Disaster Recovery Plan, and the County Clerk's backup tapes are stored at the courthouse.

Recommendation: We recommend the County establish a Disaster Recovery Plan to ensure the safekeeping and integrity of the County's financial and non-financial data. Additionally, we recommend the Clerk store one backup tape a week off site.

Views of responsible officials and planned corrective actions: Each office will work to implement a formal Disaster Recovery Plan.

Finding 2005-3—Policies and Procedures for the IT System (Repeat Finding)

Criteria: According to the standards of the Information Systems Audit and Control Association's (COBIT Delivery and Support 7), management should educate and train users to ensure that users are making effective use of technology and are aware of their risks and responsibilities.

Condition: The County does not have written policies and procedures addressing information security or provide adequate awareness training.

Recommendation: We recommend the County establish Information Security policies and procedures. A security awareness-training program should be established and all employees using computers required to participate.

Views of responsible officials and planned corrective actions: The County officials will begin work to prepare and implement policies and procedures for the information systems.

Finding 2005-4—Timesheets/Leave Records (Repeat Finding)

Criteria: Effective internal controls include timesheets being prepared, reviewed for accuracy, and filed with the payroll department prior to payroll checks being issued. The Fair Labor Standards Act requires that employers keep accurate records or actual time worked by employees, including compensatory time earned, taken, or paid.

Condition: County Sheriff's employees do not prepare timesheets and/or records, which reflect accumulated leave balances, are signed by the employee and approved by the officer, and are filed with the County Clerk at the end of the month.

**MURRAY COUNTY, OKLAHOMA
SCHEDULE OF FINDINGS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005**

Recommendation: We recommend that all employees prepare timesheets with information of time worked, any leave taken during the month, overtime worked, and accumulated leave balances, in order to comply with the Fair Labor Standards Act. Also, the officer and employee should sign and approve each timesheet and file with the County Clerk's office.

Views of responsible officials and planned corrective actions: We concur with the auditor's findings. The new administration has implemented procedures for the accurate accountability of employee time records and leave balances.

SECTION 2—This section contains certain matters not required to be reported in accordance with *Government Auditing Standards*. However, we believe these matters are significant enough to bring to management's attention. We recommend that management consider these matters and take appropriate corrective action.

Finding 2005-5—Secured Collateral (Repeat Finding)

Criteria: Title 62 O.S. 2001, § 511 states, "Any custodian of public funds of any kind or character, required by law to secure proper collateral before depositing public funds in a bank or trust company, shall thereafter, in depositing public funds in a bank or trust company whose deposits are insured by the Federal Deposit Insurance Corporation, be required to secure proper collateral only for sums deposited in excess of the amount of deposit insured by such Federal Deposit Insurance Corporation."

Condition: At December 31, 2004 and at December 31, 2003, the Treasurer's deposits in excess of the amount insured by FDIC were not adequately secured.

Recommendation: We recommend the Treasurer monitor county deposits and ensure that they are adequately secured.

Views of responsible officials and planned corrective actions: We concur with the auditor's findings. The bank was contacted concerning this matter prior to deposits exceeding the amount collateralized. The collateral was posted by the bank, but not received until January by the County.

Finding 2005-6—Capital Outlay Accounts (Repeat Finding)

Criteria: Title 68 O.S. 2001, § 3011 states, "For each office, board, commission and department, including public utilities operated within the general fund, and special budget accounts and cash accounts, of counties, cities and towns, the items of appropriation shall, unless otherwise provided by law, be as follows: "personal services," "maintenance and operation," and "capital outlay"... Title 68 O.S. 2001, § 3010 defines the term "capital outlay" as follows:"... diminished in value with prolonged use, such as new, or replacements of, machinery, equipment, furniture and fixtures, all real properties ... accomplished according to the conditions of a contract..."

**MURRAY COUNTY, OKLAHOMA
SCHEDULE OF FINDINGS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005**

Condition: The County does not use capital outlay accounts.

Recommendation: We recommend the County implement the use of capital outlay accounts and use such an account when purchasing any capital outlay items.
