STATISTICAL INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

Originally known as County "P," the area was part of the original Cherokee Outlet and was opened for settlement by the land run on September 16, 1893. The county's name came from Secretary of Interior John W. Noble.

The main source of income in Noble County is derived from agriculture and its character remains primarily rural. Industry consists of the Charles Machine Works, the world's largest manufacturer of service line trenchers, located in Perry, the county seat. Also located in Perry are: the Cherokee Strip Museum, the Stage Coach Community Theater, the Perry Memorial Hospital, and a YMCA.

Noble County has seen several of its sons gain state and national office: two governors, Henry S. Johnston and Henry Bellmon; U.S. congressmen Manuel Herrick and Dick T. Morgan; and U.S. Senator Henry Bellmon.

Several books have been written about Noble County. They include *History of Noble County, First Generation, History of Perry*, and *Perry: Pride of the Prairie*. Two historical societies, Billings Historical Society and Noble County Cherokee Strip Historical Society, are located in the county. Annual events include the Cherokee Strip Celebration in September, Wheatheart Festival in September, and the Otoe Powwow in July. AD VALOREM TAX DISTRIBUTION
SHARE OF THE AVERAGE MILLAGE
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

Property taxes are calculated by applying a millage rate to the assessed valuation of property. Millage rates are established by the Oklahoma Constitution. One mill equals one-thousandth of a dollar. For example, if the assessed value of a property is \$1,000.00 and the millage rate is 1.00, then the tax on that property is \$1.00. This chart shows the different entities of the County and their share of the various millages as authorized by the Constitution.

COUNTY GENERAL FUND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

County General Fund

The Oklahoma Constitution and the Oklahoma Statutes authorize counties to create a County General Fund, which is the county's primary source of operating revenue. The County General Fund is typically used for county employees' salaries plus many expenses for county maintenance and operation. It also provides revenue for various budget accounts and accounts that support special services and programs. The Board of County Commissioners must review and approve all expenditures made from the County General Fund. The primary revenue source for the County General Fund is usually the county's ad valorem tax collected on real, personal (if applicable), and public service property. Smaller amounts of revenue can come from other sources such as fees, sales tax, use tax, state transfer payments, in-lieu taxes, and reimbursements. The chart below summarizes receipts and disbursements of the County's General Fund for the last five fiscal years.

**NOBLE COUNTY, OKLAHOMA
COUNTY HIGHWAY FUND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

County Highway Fund

The County receives major funding for roads and highways from a state imposed fuel tax. Taxes are collected by the Oklahoma Tax Commission. Taxes are imposed on all gasoline, diesel, and special fuel sales statewide. The County's share is determined on formulas based on the County population, road miles, and land area and is remitted to the County monthly. These funds are earmarked for roads and highways only and are accounted for in the County Highway Fund. The chart below summarizes receipts and disbursements of the County's Highway Fund for the last five fiscal years.

Independent Auditor's Report

TO THE OFFICERS OF
NOBLE COUNTY, OKLAHOMA

Report on the Financial Statement

We have audited the combined total—all county funds on the accompanying regulatory basis Statement of Receipts, Disbursements, and Changes in Cash Balances of Noble County, Oklahoma, as of and for the year ended June 30, 2014, and the related notes to the financial statement, which collectively comprise the County's basic financial statement as listed in the table of contents.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the regulatory basis of accounting described in Note 1, and for determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by Noble County using accounting practices prescribed or permitted by Oklahoma state law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Noble County as of June 30, 2014, or changes in its financial position for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the combined total of receipts, disbursements, and changes in cash balances for all county funds of Noble County, for the year ended June 30, 2014, in accordance with the basis of accounting described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the combined total of all county funds on the financial statement. The Other Supplementary Information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statement.

The Other Supplementary Information, as listed in the table of contents, is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statement. Such information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Other Supplementary Information, as listed in the table of contents, is fairly stated, in all material respects, in relation to the combined total—all county funds.

The information listed in the table of contents under Introductory Section has not been subjected to the auditing procedures applied in the audit of the financial statement, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 11, 2016, on our consideration of Noble County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and in considering Noble County's internal control over financial reporting and compliance.

**NOBLE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

1. Summary of Significant Accounting Policies

A. Reporting Entity

Noble County is a subdivision of the State of Oklahoma created by the Oklahoma Constitution and regulated by Oklahoma Statutes.

The accompanying financial statement presents the receipts, disbursements, and changes in cash balances of the total of all funds under the control of the primary government. The general fund is the county's general operating fund, accounting for all financial resources except those required to be accounted for in another fund, where its use is restricted for a specified purpose. Other funds established by state statute and under the control of the primary government are also presented.

The County Treasurer collects and remits material amounts of intergovernmental revenues and ad valorem tax revenue for other budgetary entities, including emergency medical districts, school districts, and cities and towns. The cash receipts and disbursements attributable to those other entities do not appear in funds on the County's financial statement; those funds play no part in the County's operations. Any trust or agency funds maintained by the County are not included in this presentation.

B. Fund Accounting

The County uses funds to report on receipts, disbursements, and changes in cash balances. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Following are descriptions of the county funds included as combining information within the financial statement:

County General Fund – accounts for revenues from ad valorem, officer's fees, interest earnings and miscellaneous collections of the County. Disbursements are for the general operations of the County.

County Highway Cash – accounts for revenues from state imposed fuel taxes and disbursements are for the maintenance and construction of county roads and bridges.

County Bridge and Road Improvement Fund 105 – accounts for state receipts and disbursements are for the purpose of improving county roads and bridges.

County Health – accounts for revenues from ad valorem taxes, miscellaneous fees charged by the health department, and state and federal funds. Disbursements are for the operation of the county health department.

**NOBLE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

BIA-STP Fund – accounts for revenues from the Bureau of Indian Affairs and disbursements are for road improvements.

Free Fair Sales Tax – accounts for all sales tax collections received from Oklahoma Tax Commission and disbursements are made according to sales tax ballot requirements to fund the free fair maintenance and operations.

OSU Extension Sales Tax – accounts for all sales tax collections received from Oklahoma Tax Commission and disbursements are made according to sales tax ballot requirements to fund the maintenance and operations of the OSU extension office.

Rural Fire Sales Tax – accounts for all sales tax collections received from Oklahoma Tax Commission and disbursements are made according to sales tax ballot requirements to fund the maintenance and operations of the rural fire departments within the County.

Jail Sales Tax – accounts for County sales tax for operations of the County jail and Sheriff's office and to pay debt service on bonds issued to finance the construction and equipment of a County jail and Sheriff's office.

Ambulance District Sales Tax – accounts for all sales tax collections received from Oklahoma Tax Commission and disbursements are made according to sales tax ballot requirements to fund the maintenance and operations of the emergency medical service districts within the County.

County Sinking – accounts for monies collected from ad valorem taxes for payment of bonds or judgments against the County.

C. Basis of Accounting

The financial statement is prepared on a basis of accounting wherein amounts are recognized when received or disbursed. This basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred. This regulatory basis financial presentation is not a comprehensive measure of economic condition or changes therein.

Title 19 O.S. § 171 specifies the format and presentation for Oklahoma counties to present their financial statement in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) or on a regulatory basis. The County has elected to present their financial statement on a regulatory basis in conformity with Title 19 O.S. § 171. County governments (primary only) are required to present their financial statements on a fund basis format with, at a minimum, the general fund and all other county funds, which represent ten percent or greater of total county revenue. All other funds included in the audit shall be presented in the aggregate in a combining statement.

**NOBLE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

D. Budget

Under current Oklahoma Statutes, a general fund and a county health department fund are the only funds required to adopt a formal budget. On or before the first Monday in July of each year, each officer or department head submits an estimate of needs to the governing body. The budget is approved for the respective fund by office, or department and object. The County Board of Commissioners may approve changes of appropriations within the fund by office or department and object. To increase or decrease the budget by fund requires approval by the County Excise Board.

E. Cash and Investments

For the purposes of financial reporting, "Ending Cash Balances, June 30" includes cash and cash equivalents and investments as allowed by state statutes. The County pools the cash of its various funds in maintaining its bank accounts. However, cash applicable to a particular fund is readily identifiable on the County's books. The balance in the pooled cash accounts is available to meet current operating requirements.

State statutes require financial institutions with which the County maintains funds to deposit collateral securities to secure the County's deposits. The amount of collateral securities to be pledged is established by the County Treasurer; this amount must be at least the amount of the deposit to be secured, less the amount insured (by, for example, the FDIC).

The County Treasurer has been authorized by the County's governing board to make investments. Allowable investments are outlined in statutes 62 O.S. § 348.1 and § 348.3.

All investments must be backed by the full faith and credit of the United States Government, the Oklahoma State Government, fully collateralized, or fully insured. All investments as classified by state statute are nonnegotiable certificates of deposit. Nonnegotiable certificates of deposit are not subject to interest rate risk or credit risk.

2. Ad Valorem Tax

The County's property tax is levied each October 1 on the assessed value listed as of January 1 of the same year for all real and personal property located in the County, except certain exempt property. Assessed values are established by the County Assessor within the prescribed guidelines established by the Oklahoma Tax Commission and the State Equalization Board. Title 68 O.S. § 2820.A. states, ". . . Each assessor shall thereafter maintain an active and systematic program of visual inspection on a continuous basis and shall establish an inspection schedule which will result in the individual visual inspection of all taxable property within the county at least once each four (4) years."

**NOBLE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

Taxes are due on November 1 following the levy date, although they may be paid in two equal installments. If the first half is paid prior to January 1, the second half is not delinquent until April 1. The county treasurer, according to the law, shall give notice of delinquent taxes and special assessments by publication once a week for two (2) consecutive weeks at any time after April 1, but prior to the end of September following the year the taxes were first due and payable. Unpaid real property taxes may become a lien upon said property at anytime between the dates of April 1 and October 1 of each year.

3. Other Information

A. Pension Plan

Plan Description. The County contributes to the Oklahoma Public Employees Retirement Plan (the Plan), a cost-sharing, multiple-employer defined benefit pension plan administered by the Oklahoma Public Employees Retirement System (OPERS). Benefit provisions are established and amended by the Oklahoma Legislature. The Plan provides retirement, disability, and death benefits to Plan members and beneficiaries. Title 74, Sections 901 through 943, as amended, establishes the provisions of the Plan. OPERS issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing OPERS, P.O. Box 53007, Oklahoma City, Oklahoma 73105 or by calling 1-800-733-9008.

Funding Policy. The contribution rates for each member category are established by the Oklahoma Legislature and are based on an actuarial calculation which is performed to determine the adequacy of contribution rates.

B. Other Post Employment Benefits (OPEB)

In addition to the pension benefits described in the Pension Plan note, OPERS provides post-retirement health care benefits of up to \$105 each for retirees who are members of an eligible group plan. These benefits are funded on a pay-as-you-go basis as part of the overall retirement benefit. OPEB expenditure and participant information is available for the state as a whole; however, information specific to the County is not available nor can it be reasonably estimated.

C. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, primarily the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time; although, the County expects such amounts, if any, to be immaterial.

**NOBLE COUNTY, OKLAHOMA
NOTES TO THE FINANCIAL STATEMENT
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

As of the end of the fiscal year, there were no claims or judgments that would have a material adverse effect on the financial condition of the County; however, the outcome of any lawsuit would not be determinable.

D. Long Term Obligations

1. General Obligation Bonds

The government issued general obligation bonds to provide funds for the construction of a new county jail.

Debt service on the bonds will be paid from ad valorem taxes levied and assessed on behalf of the issuer and deposited to the Sinking Fund. Additionally, the voters of the County have elected to levy a sales tax to aid in the payment of the bonds.

General obligation bonds are direct obligations and pledge the full faith and credit of the government. These bonds are required to be fully paid within 20 years from the date of issue. General obligation bonds currently outstanding are as follows:

<u>Purpose</u>	<u>Interest Rate</u>	<u>Original Amount</u>
General Obligation Bonds Series A	5.01 – 3.65%	\$ 840,000

Beginning Balance	Additions	Reductions	Ending Balance	Amount due within one year

FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

1. Budgetary Schedules

The Comparative Schedules of Receipts, Expenditures, and Changes in Cash Balances—Budget and Actual—Budgetary Basis for the General Fund and the County Health Department Fund present comparisons of the legally adopted budget with actual data. The "actual" data, as presented in the comparison of budget and actual, will differ from the data as presented in the Combined Statement of Receipts, Disbursements, and Changes in Cash Balances with Combining Information because of adopting certain aspects of the budgetary basis of accounting and the adjusting of encumbrances and outstanding warrants to their related budget year.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in these funds. At the end of the year unencumbered appropriations lapse.

Resale Property – accounts for the collection of interest and penalties on delinquent taxes and the disposition of same as restricted by state statute.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

TO THE OFFICERS OF
NOBLE COUNTY, OKLAHOMA

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the combined total—all funds of the accompanying Combined Statement of Receipts, Disbursements, and Changes in Cash Balances of Noble County, Oklahoma, as of and for the year ended June 30, 2014, and the related notes to the financial statement, which collectively comprises Noble County's basic financial statement, prepared using accounting practices prescribed or permitted by Oklahoma state law, and have issued our report thereon dated October 11, 2016.

Our report included an adverse opinion on the financial statement because the statement is prepared using accounting practices prescribed or permitted by Oklahoma state law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. However, our report also included our opinion that the financial statement does present fairly, in all material respects, the receipts, disbursements, and changes in cash balances – regulatory basis of the County for the year ended June 30, 2014, on the basis of accounting prescribed by Oklahoma state law, described in Note 1.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered Noble County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of Noble County's internal control. Accordingly, we do not express an opinion on the effectiveness of Noble County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and responses to be material weaknesses: 2014-1 and 2014-4.

A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and responses to be a significant deficiencies: 2014-5.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Noble County's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses as items 2014-4 and 2014-5.

Noble County's Responses to Findings

Noble County's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. Noble County's responses were not subjected to the auditing procedures applied in the audit of the financial statement and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is also a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.), and shall be open to any person for inspection and copying.

**NOBLE COUNTY, OKLAHOMA
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

SECTION 1—Findings related to the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Finding 2014-1 - Inadequate Internal Controls Over the Reconciliation of the General ledger to the Appropriation Ledger (Repeat Finding)

Condition: The County Clerk's appropriation ledger is not reconciled to the County Treasurer's general ledger on a monthly basis.

Cause of Condition: Management has not implemented controls to reconcile the County Clerk's appropriation ledger to the Treasurer's general ledger on a monthly basis.

Effect of Condition: This condition could result in unrecorded transactions, misstated financial reports, undetected errors, and misappropriation of funds.

Recommendation: The Oklahoma State Auditor & Inspector's Office (OSAI) recommends that the County Clerk's Appropriation Ledger be reconciled to the Treasurer's General Ledger on a monthly basis.

Management Response:

County Clerk: The County Treasurer and County Clerk are now balancing the General Ledger to the Appropriation Ledger on a monthly basis. All accounts are now balanced.

County Treasurer: Appropriation ledger reconciliation to the general ledger: I have prepared a spreadsheet, with the aid of the Auditor's Office, and I am now balanced to date on both ledgers.

Criteria: Management is responsible for the development and maintenance of its internal control system. The internal control system provides reasonable assurance that the objectives of effectiveness and efficiency of operations, reliability of financial reporting and compliance with laws and regulations are being satisfied. Internal controls also serve as the first line of defense in the safeguarding of assets and preventing and detecting errors and fraud.

Finding 2014-4 - Inadequate Internal Controls and Noncompliance Over the Disbursement and Payroll Processes (Repeat Finding)

Condition: Upon inquiry of County officials and observation of records, and a test of forty-four (44) purchase orders, including the payroll process, we noted the following weaknesses regarding the disbursement process:

- There were seven (7) instances noted where the purchase orders were not properly encumbered.

- There were ten (10) instances in which timesheets were not signed by the officer.
 - Two (2) timesheets for the Sheriff’s employees.
 - Four (4) timesheets for District 1 Commissioner’s employees.
 - Six (6) timesheets for District 3 Commissioner’s employees.
- There was one (1) instance a timesheet was not signed by the employee.

Cause of Condition: Policies and procedures have not been designed and implemented to ensure compliance with purchasing procedures and statutes.

Effect of Condition: These conditions resulted in noncompliance with state statutes and could result in unrecorded transactions, misstated financials reports, undetected errors, and misappropriation of funds.

Recommendation: OSAI recommends the County practice proper purchasing procedures. All purchases should be properly requisitioned, encumbered, approved, and received with proper supporting documentation attached in accordance with 19 O.S. § 1505C and § 1505E.

**NOBLE COUNTY, OKLAHOMA
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

Further, OSAI recommends the following in accordance with 19 O.S. § 1505C and § 1505E.

- County funds should be encumbered prior to the receipt of goods and/or services.
- Disbursements of county funds should be supported with invoices and receiving reports.

Management Response:

District 1 Commissioner: District 1 has been consulted regarding the issue arising from the STP Fund disbursement. The current County Commissioner was not in office at the time these distributions were made and is aware that improper actions were taken. All efforts will be made to comply with the purchasing laws of the State of Oklahoma.

District 2 Commissioner: District 2 has been consulted regarding the issue arising from improperly encumbered purchase orders. District 2 will review the purchasing laws and adhere to the standards set forth therein. District 2 will also diligently review and sign all timesheets presented by employees.

District 3 Commissioner: District 3 will make all efforts to comply with the purchasing laws of the State of Oklahoma. One of the findings (Warrant 1352) was on closed bid items and it appears that the warrants were dated the day after the bids were accepted. District 3 will make all efforts to encumber sealed bid amounts on the day that the bids are accepted.

Furthermore, District 3 will assure that timesheets are properly signed prior to filing them.

County Clerk: Each elected official is responsible for properly managing their own accounts. When proper purchasing procedures are not followed, this office redlines the purchase order. That is the extent of our authority.

County Assessor: A purchase order completed by my office was dated March 7, 2014; however, the invoice was dated March 4, 2014. We originally spoke to the vendor in November of 2013 about performing the inspection but were under the impression they would not be doing the inspection until summer of 2014. The vendor found time in their schedule in March of 2014 and came and performed the inspection and we had not yet encumbered the purchase order. This was all due to a simple lack of communication between my office and the vendor. This is an unusual situation, but we will make every effort to make sure that communication will not be a problem in the future.

County Sheriff: Timesheets will be addressed by closely reviewing all documents for proper signatures. The encumbrance issue with the payment for healthcare contract services for inmates will be addressed by keeping two purchase orders in place and thus always having one available prior to the invoice date.

Criteria: Accountability and stewardship are overall goals of management in the accounting of funds. Internal controls should be designed to analyze and check accuracy, completeness, and authorization of disbursements and/or transactions.

Additionally, effective internal controls over timesheets include approval of timesheets as evidenced by the officer's signature.

**NOBLE COUNTY, OKLAHOMA
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE FISCAL YEAR ENDED JUNE 30, 2014**

Further, Title 19 O.S. § 1505 prescribes the procedures established for the requisition, purchase, lease-purchase, rental, and receipt of supplies, material, and equipment for maintenance, operation, and capital expenditures of county government.

Finding 2014-5 - Inadequate Internal Controls and Noncompliance Over Disbursement of County Sales Tax

Condition: Upon inquiry and observation of the recordkeeping process of collecting and expending county sales tax for the EMS 522 District, it was noted that the following funds were disbursed without documented authorization from the EMS 522 District Board.

- 90% of sales tax collections were being distributed directly to Garber Emergency Medical Service, City of Pawnee, City of Perry, City of Ponca City, Western Payne County Ambulance Trust Authority, and the City of Tonkawa.

Ambulance Service	Amount
Garber Emergency Medical Service	\$ 32,342.89
City of Pawnee	20,939.40
City of Perry	418,195.32
City of Ponca City	29,075.59
Western Payne County Ambulance Trust Authority	101,514.17
City of Tonkawa	9,830.58
Total	\$ 611,897.95

Cause of Condition: Policies and procedures with regard to sales tax collections and the disbursement process have not been designed and implemented due to the officials being unaware of the necessity of such procedures.

Effect of Condition: This condition resulted in noncompliance with state statute and AG Opinions. Further, this condition also resulted in unrecorded transactions, misstated financials reports, undetected errors, and misappropriation of funds.

Recommendation: OSAI recommends the County obtain documented authorization from the EMS 522 District Board prior to disbursing Ambulance District Sales Tax funds to ensure the sales tax is expended in such a manner to provide assurance that expenditures are made in accordance with purposes as specified by the ballot as outlined by Title 68 O.S. § 1370E and addressed in the AG Opinions.

Management Response:

District 2 Commissioner: District 2 Commissioner has consulted with the auditor regarding these findings and has consulted with the Ambulance Board Chairman to create more oversight regarding the disbursement of sales tax funds. A new procedure requiring review and approval of submitted

documentation by the EMS 522 District Board prior to submission to the Board of County Commissioners has been put in place to assure proper disbursement of funds.

County Clerk: The Treasurer will issue a receipt for the sales tax collections. The county will notify the EMS 522 District Board of the amount of money received each month. The EMS 522 District Board will determine the amount to be distributed to each contracted EMS Service based upon the contracts. The EMS 522 District Board will approve the disbursement to each of the EMS Service. The EMS 522 District Board will provide documentation to the Commissioners of how much money to disburse to each EMS service.
