For the purpose of complying with 19 O.S. § 171, we have performed the following procedures for December 31, 2008:

- Verify that equipment items on hand agree with inventory records as per 19 O.S. § 178.1.
- Verify that the amount of total claims approved for the operation of said Office is not in excess of limitations imposed by 19 O.S. § 347.
- Verify that consumable items on hand agree with consumable inventory records maintained per 19 O.S. § 1502.
- Verify that machinery and equipment acquisitions, dispositions, and expenditures are in accordance with 19 O.S. § 333.
- Verify that a monthly report of the Office is on file with the County Clerk per 19 O.S. § 684.

Information addressed in this report is the representation of the respective county officers.

Our county officer turnover engagement was limited to the statutory procedures described above and was less in scope than an examination or audit performed in accordance with auditing standards generally accepted in the United States of America, the objective of which would be the expression of an opinion. Accordingly, we do not express an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

Based on our procedures performed, equipment items on hand agreed with inventory records; the amount of total claims approved for the operation of said Office was not in excess of limitations; consumable items on hand agreed with consumable inventory records; machinery and equipment acquisitions, dispositions, and expenditures were in accordance with the statutory requirements; a monthly report of the Office was on file with the County Clerk. With respect to the matter of segregation of duties, our finding is included in the accompanying schedule of findings and recommendations.

This report is intended solely for the information and use of the management of the County and should not be used for any other purpose. This report is also a public document pursuant to the Oklahoma Open Records Act (51 O.S., section 24A.1 et seq.), and shall be open to any person for inspection and copying.

SCHEDULE OF FINDINGS AND RECOMMENDATIONS

Finding 2009-1 Segregation of Duties

Criteria: A goal of effective internal control is to demonstrate accountability and stewardship. To help ensure a proper accounting of funds, the duties of receiving, receipting, recording, and depositing cash and checks should be segregated.

Condition: Based on inquiries of County personnel, it was noted that the duties of asset custody, transaction authorization, bookkeeping, and reconciliations are not properly segregated to assure adequate internal control structure.

Effect: These conditions could result in unrecorded transactions, misstated financial reports, undetected errors, or misappropriation of assets.

Recommendation: OSAI recommends management be aware of this condition and realize the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view. Under these conditions, the most effective controls lie in management's knowledge of office operations and periodic review of operations.

Views of responsible officials: New management took office prior to the end of fieldwork; therefore, no management response was obtained.
