Dear Ms. McKee:

We have performed procedures for fiscal year 2006 activity of the Court Fund Account for the purpose of complying with 20 O.S. § 1312. We have also performed procedures for fiscal year 2006 activity of the Court Clerk Revolving Fund as created by 19 O.S. § 220.

- Test receipts issued to determine whether: (1) the correct fee was collected, and (2) the receipt was properly accounted for in the financial records.
- Test Court Fund vouchers to determine whether the expenditure: (1) was properly supported by a claim, invoice, and receiving documentation, (2) was properly approved, (3) was properly classified, and (4) did not exceed appropriations.
- Test Court Clerk Revolving Fund vouchers to determine whether the expenditure: (1) was properly supported by a claim, invoice, and receiving documentation, and (2) was properly approved.
- Test District Court vouchers to determine whether they were properly accounted for and test supporting documentation for disbursements to determine whether the disbursements were issued in accordance with Court instructions.
- Determine whether Court Fund activity and/or balances reconcile to the County Treasurer's records.
- Determine whether the Court Clerk Revolving activity and/or balances reconcile to the County Treasurer's records.
- Determine whether the District Court case balances reconcile to the County Treasurer's depository ledger.

All information included in the reconciliations, the Court Fund appropriation ledger, the Court Clerk Revolving Fund, the monthly reports, and the cash receipts journal is the representation of the Court Clerk.

Our Court Clerk's engagement was limited to the procedures performed above and was less in scope than an audit performed in accordance with auditing standards generally accepted in the United States of America. Accordingly, we do not express an opinion on any general-purpose financial statements of Nowata County.

Based on the above reconciliations, tests, and procedures performed, except for the matter of segregation of duties, the Court Clerk was collecting the correct fees and properly accounting for them; Court Fund vouchers were properly supported, approved, classified, and did not exceed appropriations; Court Clerk Revolving Fund expenditures were properly supported and approved; District Court vouchers were properly accounted for and issued in accordance with Court instructions; Court Fund activity and Court Clerk Revolving Fund financial records reconciled with the County Treasurer's records. With respect to District Court case balances reconciling with the County Treasurer, our finding is presented in the accompanying schedule of findings and responses. With respect to segregation of duties, our finding is presented in the accompanying schedule of findings and responses.

We have included in this report the Court Fund Account Report, which was prepared by compiling the Nowata County Court Clerk's quarterly reports, which were submitted to the Administrative Office of the Courts.

We have also included in this report the Court Clerk Revolving Fund Report, which was prepared by the Nowata County Court Clerk, which was submitted to the Administrative Office of the Courts.

This report is intended for the information and use of the Nowata County Court Fund Board and the Administrative Office of the Courts. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

Sincerely,

STEVE BURRAGE, CPA

SCHEDULE OF FINDINGS AND RESPONSES

**Finding 2006-1—Segregation of Duties**

Criteria: Accountability and stewardship are overall goals of management in the accounting of funds. To help ensure a proper accounting of funds, key duties and responsibilities should be segregated among different individuals to reduce the risk of error or fraud. No one individual should have the ability to authorize transactions, have physical custody of assets, and record transactions.

Condition: We noted instances in which a single employee could be responsible for the recording, authorization, custody, and execution of revenue transactions. The following is a concern we noted:

Each of the Court Clerk's employees opens mail, writes receipts, balances cash drawer, prepares official depository tickets, takes official deposits to Treasurer, posts receipts, calculates amounts vouchered to other agencies, prepares vouchers, signs vouchers, posts vouchers, and mails vouchers.

Effect: By having employees who have the opportunity to perform more than one area of recording, authorizing, custody of assets, and execution of transactions could result in unrecorded transactions, misstated financial reports, undetected errors, or misappropriation of funds.

Recommendation: OSAI recommends management be aware of these conditions and realize the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view. Under these conditions, the most effective controls lie in management's overseeing of office operations and periodic review of operations. In the event that segregation of duties is not possible due to limited personnel, OSAI recommends implementing compensating controls to mitigate the risks involved with a concentration of duties. Compensating controls would include separating key processes and/or critical functions of the office, and having management review and approval of accounting functions.

Views of responsible officials and planned corrective actions: Management chose not to respond.

**Finding 2006-2 – Reconciliation with County Treasurer**

Criteria: Accountability and stewardship are overall goals of management in the accounting of funds. To help ensure a proper accounting of funds, the District Court case balances should be reconciled with the Treasurer's office.

Condition: During our fiscal year 2006 test work, we noted a \$4,864.07 unidentified variance used as a reconciling item between the District Court case balances and the Treasurer's balance.

Effect: By not accurately reconciling to the County Treasurer, errors and/or the misappropriation of funds may not be detected in a timely manner.

SCHEDULE OF FINDINGS AND RESPONSES

Recommendation: OSAI recommends all variances noted in reconciliations be identified and documentation for variances be provided.

Views of responsible officials and planned corrective actions: Concerning the report we went over on the Summary of Reportable Findings on June 9, 2009. I have worked on my cash balance in the depository account. The Finding 2006-02 amount of \$4,864.07 was due to an error on KellPro showing a \$5,000 bond being disbursed AND paid to the Court Fund, which the later did not happen, the voucher was the only correct disbursement. There is a printed report that will show that error.
