BOARD OF COUNTY COMMISSIONERS  
OKLAHOMA COUNTY COURTHOUSE  
OKLAHOMA CITY, OKLAHOMA 73102

Transmitted herewith is the Oklahoma County Detention Center Property Audit Report for June 30, 2020. The engagement was conducted in accordance with 74 O.S. § 212(I).

The goal of the State Auditor and Inspector is to promote accountability and fiscal integrity in state and local government. Maintaining our independence as we provide this service to the taxpayers of Oklahoma is of utmost importance.

We wish to take this opportunity to express our appreciation for the assistance and cooperation extended to our Office during our engagement.

Sincerely,

A handwritten signature in blue ink that reads "Cindy Byrd".

CINDY BYRD, CPA  
OKLAHOMA STATE AUDITOR & INSPECTOR

Chairman of the Board of County Commissioners  
Oklahoma County Courthouse  
Oklahoma City, Oklahoma 73102

For the purpose of complying with 74 O.S. § 212(I), we have performed the following procedures for June 30, 2020:

- Verify that equipment items on hand agree with inventory records maintained per 19 O.S. § 178.1.

Information addressed in this report is the representation of the property to be retained at the Oklahoma County Detention Center.

Our engagement was limited to the statutory procedures described above and was less in scope than an examination or audit performed in accordance with auditing standards generally accepted in the United States of America, the objective of which would be the expression of an opinion. Accordingly, we do not express an opinion. Had we performed additional procedures; other matters might have come to our attention that would have been reported to you.

Based on our procedures performed, we have presented our finding in the accompanying schedule.

This report is intended solely for the information and use of the management of the County and should not be used for any other purpose. This report is also a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.) and shall be open to any person for inspection and copying.

CINDY BYRD, CPA  
OKLAHOMA STATE AUDITOR & INSPECTOR

**OKLAHOMA COUNTY  
DETENTION CENTER PROPERTY AUDIT REPORT  
JUNE 30, 2020**

---

**BACKGROUND INFORMATION**

The Oklahoma County Board of County Commissioners (BOCC) engaged with the Oklahoma State Auditor & Inspector's Office (OSAI) on June 26, 2020 to conduct a Detention Center Property Audit consisting of inventory items to be transferred from the Oklahoma County Sheriff's Office (OCSO) to the Oklahoma County Criminal Justice Authority (Jail Trust Authority). OSAI visually verified the list of items over \$500 pursuant to 19 O.S. § 178.1. During the audit, OSAI was asked by OCSO to visually verify additional items that may be transferred to the Jail Trust Authority in the future. These items were visually verified, and some items were able to be traced to the County inventory software program. These items are included in the accompanying appendices.

This audit report focuses on the items to be transferred to the Jail Trust Authority. Its content identifies areas in which the lack of internal controls and noncompliance over fixed assets inventory resulted in noncompliance with state statute. OSAI has included recommendations to improve fixed assets inventory.

**OKLAHOMA COUNTY  
DETENTION CENTER PROPERTY AUDIT REPORT  
JUNE 30, 2020**

---

**SCHEDULE OF FINDING AND RESPONSES**

**Finding 2020-001 – Lack of Internal Controls and Noncompliance Over Fixed Assets Inventory**

**Condition:** The Oklahoma County BOCC provided OSAI with a Jail Property Inventory List, which included 283 items to be transferred to the Jail Trust Authority. Over the course of this audit, OSAI visually verified 277 of the 283 inventory items. On July 1, 2020 the BOCC approved 239 of the 283 items to be transferred to the Jail Trust Authority. *See Appendix 1.*

Subsequently, OCSO determined that forty-four (44) items listed below, would not be transferred to the Jail Trust Authority:

- Seven (7) items were previously declared surplus by the BOCC but were still in the County's possession and listed on the inventory list. *See Appendix 2.*
- Thirty-one (31) items on the inventory list are currently in use by OCSO. *See Appendix 3.*
- Six (6) items could not be located. *See Appendix 4.*

Also, while performing the property audit, OCSO requested OSAI to visually verify 261 additional items that were not listed on the Jail Property Audit Inventory List as these items may be transferred to the Jail Trust Authority in the future. While visually verifying the additional 261 items, the following was noted:

- 145 items listed had an inventory tag number issued by the County inventory software program, of which, 116 could not be verified to the software program. Only sixty-eight (68) items had a unit cost more than \$500. *See Appendix 5.*

Further, OCSO requested OSAI visually verify seven (7) vehicles that were not listed on the Jail Property Audit Inventory List that may be transferred to the Jail Trust Authority in the future. *See Appendix 6.*

**Cause of Condition:** Policies and procedures have not been adequately designed and implemented by the County to ensure the accurate reporting and safeguarding of fixed assets inventory items in accordance with state statute.

**Effect of Condition:** These conditions resulted in noncompliance with state statute. Opportunities for loss and misappropriation of county assets may be more likely to occur when the County does not have procedures in place to account for fixed assets.

**Recommendation:** OSAI recommends management design and implement internal controls to ensure compliance with 19 O.S. § 178.1 by maintaining and continually updating inventory records.

**Management Response:**

**Chairman of the Board of County Commissioners:** The following addresses the corrective action in reference to the reportable finding of the special audit requested by the Board of County Commissioners.

**OKLAHOMA COUNTY  
DETENTION CENTER PROPERTY AUDIT REPORT  
JUNE 30, 2020**

---

- Ensure that items in Appendix 5 are designated on the proper inventory.
- Ensure that any items (Sheriff) in Appendix 4 which could not be located are properly disposed of by law.
- Encourage all county offices and departments to complete their own visual verification of the location of each item listed on their respective inventories no later than July 15th for the prior fiscal year in order to facilitate timely compliance with 19 O.S. § 178.1 and other relevant laws.

**County Sheriff:** Upon the completion of the Turnover Audit conducted in March of 2017, the Sheriff's Office made sure the internal process and procedures related to inventory were examined and refined where necessary. Communication was increased with the Oklahoma County Clerk's Office to ensure process and procedures were being followed on both ends to safeguard inventory controls and to ensure the process and procedures were operating efficiently to capture those items of inventory above the \$500 statutory threshold.

The current process and procedures for tracking inventory are as follows:

When receiving an asset:

- a completed inventory card is emailed to the County Clerk's office;
- a B# is applied to the asset;
- the asset is photographed;
- a digital folder is created on our server for the asset and scanned (digital) copies of all purchase orders, inventory cards, photos, and any other documentation related to the asset is placed in the digital folder.

When disposing an asset:

- request is made using SAI 397 form, signed by the Sheriff;
- copy is scanned and emailed to the County Clerk's office for the item to be presented to the BOCC along with the asset's digital inventory card;
- if the asset is sold or monies received, SAI 397 form is then completed, signed by the Sheriff, then scanned and emailed to the County Clerk to present to the BOCC;
- item should then be removed from OCSO inventory after this process.

In preparation for the split between the Oklahoma County Sheriff's Office and the newly formed Oklahoma County Criminal Justice Authority, our property supervisor began the task of identifying all items of inventory contained within the Detention Center to include the last known location and pictures of the items. This list was provided to the OSAI to aid in this property audit. This list contained items that ultimately would remain with the OCSO. It was beneficial to the agency to have those items remaining to have been verified by the OSAI as we seek a clean separation of inventory items. Similarly, items that were going to be transferred to the trust that were not on the list were shown to OSAI auditors for their verification, again to provide clarity for the initial inventory being transferred.

Unfortunately, this audit took place while the Sheriff's Office was in the process of moving locations out of the Detention Center. This increased the difficulty of this task, and we thank the OSAI's staff for working with us during this process.

**OKLAHOMA COUNTY  
DETENTION CENTER PROPERTY AUDIT REPORT  
JUNE 30, 2020**

---

The inventory list provided to OSAI staff contained 283 items, of which 277 were visually verified. OSAI noted the following exceptions to the list:

- Seven (7) items were disposed of previously and not in use. *See Appendix 2.*
  - This finding notes the items were properly disposed of through the County process and the items were not in use. The items are only noteworthy because they had not been formerly discarded at the time of the property audit.
- Thirty (31) items are currently in use by the OCSO. *See Appendix 3.*
  - As outlined above, these are items formerly housed in the Detention Center that are remaining with the Sheriff's Office. They were left on the list so they could be verified by OSAI and provide a clear separation of inventory.
- Six (6) items could not be located. *See Appendix 4.*
  - Of the 6 items, one item has been located. B646-00604 is a 40 Amp Plasma Cutter acquired March 26, 2009, and it is currently located at the Fleet Center in Midwest City. Our information is that it was removed from the Detention Center on the 23<sup>rd</sup> of June. The move in progress may have lent some confusion as to this item's location which resulted in the item not being presented to the auditor for visual inspection. Pictures of this item have been presented to OSAI.

OSAI visually verified an additional 261 items that were not listed on the Property Audit Inventory List but were anticipated for transfer to the Criminal Justice Authority. Of these items, OSAI noted the following:

- 145 items were shown as being listed on inventory through the County Inventory software program. *See Appendix 5.*
- Of the 145 items traced to the inventory records, 68 of those items had a unit cost of more than \$500. *See Appendix 5.*
  - Only those items above \$500 are required to be tracked as fixed assets per 19 O.S. §178.1.
- OSAI was unable to trace 116 of the 261 items to the County Inventory Software program. *See Appendix 5.*
  - Of these 116 items, 74 have previously been removed from the fixed assets inventory due to their value and the items remained in use by the OCSO. The resolution numbers for these items have been provided to OSAI.
  - 12 of the items were purchased for the downstairs courtroom. These items are below the \$500 threshold and would not be tracked as fixed assets. This could impact the ability to verify the item against the inventory list.
  - There are no records of the remaining 30 items. These items would have been acquired many years ago prior to the current Sheriff assuming office and prior to the property division's new management.

**OKLAHOMA COUNTY**  
**DETENTION CENTER PROPERTY AUDIT REPORT**  
**JUNE 30, 2020**

---

OSAI further verified seven (7) vehicles that were not listed on the Property Audit Inventory List as being subject to transfer. *See Appendix 6.*

All items subject to being transferred to the Oklahoma County Criminal Justice Authority outlined above have subsequently been transferred via the July 1, 8, and 15, 2020 meetings of the Oklahoma County Board of County Commissioners.

I want to personally thank the OSAI's office for their assistance in this transfer of inventory to the Oklahoma County Criminal Justice Authority. As you can see there has been tremendous progress in this area since the turnover audit of 2017.

**Criteria:** The United States Government Accountability Office's Standards for Internal Control in the Federal Government (2014 version) aided in guiding our assessments and conclusion. Although this publication (GAO Standards) addresses controls in the federal government, this criterion can be treated as best practices and may be applied as a framework for an internal control system for state, local, and quasi-governmental entities.

The GAO Standards – Section 2 – Objective of an Entity - OV2.23 states in part:

*Compliance Objectives*

Management conducts activities in accordance with applicable laws and regulations. As part of specifying compliance objectives, the entity determines which laws and regulations apply to the entity. Management is expected to set objectives that incorporate these requirements.

Further, GAO Standards – Principle 6 – Defined Objectives and Risk Tolerances - 6.05 states:

*Definitions of Objectives*

Management considers external requirements and internal expectations when defining objectives to enable the design of internal control. Legislators, regulators, and standard-setting bodies set external requirements by establishing the laws, regulations, and standards with which the entity is required to comply. Management identifies, understands, and incorporates these requirements into the entity's objectives. Management sets internal expectations and requirements through the established standards of conduct, oversight structure, organizational structure, and expectations of competence as part of the control environment.

Title 19 O.S. § 178.1 states in part, "The board of county commissioners in each county of this state shall take, or cause to be taken, an inventory of all working tools, apparatus, machinery and equipment belonging to the county or leased or otherwise let to it or to any department thereof, other than that which is affixed to and made a part of lands and buildings, the cost of which as to each complete working unit thereof is more than Five Hundred Dollars (\$500.00), and therefore maintain or cause to be maintained a continuous inventory record thereof and of like tools, apparatus, machinery and equipment purchased, leased, or

**OKLAHOMA COUNTY**

otherwise coming into custody of the county or of any office, board, department, commission or any either thereof, and the disposition thereof whether sold, exchanged, leased, or let where authorized by statute, junked, strayed or stolen, and annually thereafter, or oftener in the event of death, resignation or removal of an elective officer with a term, to verify or cause to be verified by count and report of the same as of the end of a term of office..”
