DAVID B. HOOTEN  
OKLAHOMA COUNTY CLERK

June 7, 2022

To the Citizens of Oklahoma County and the Honorable Members of the Oklahoma County Budget Board:

We hereby issue the 2021 Annual Comprehensive Financial Report (ACFR) of Oklahoma County for fiscal year ended June 30, 2021. The ACFR provides a comprehensive overview of the county's financial position and the results of operations for the past fiscal year. This report complies with requirements of state statutes. The Oklahoma County Clerk's Finance Department prepared this report using generally accepted accounting principles (GAAP) and it has been audited by the Office of the State Auditor and Inspector in accordance with generally accepted auditing standards.

This report consists of management representations concerning finances of the County. Consequently, the responsibility for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the County. To provide a reasonable basis for making these representations, the County follows the guidelines of state statute which has established an internal control framework designed to protect the County's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. The framework of internal controls has been designed to provide reasonable rather than absolute assurance the financial statements will be free from material misstatements. As management, we assert, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

In accordance with Title 19.O.S. 2001 §171, the State Statute requires an annual audit for Oklahoma County. The audit is performed by the Oklahoma State Auditor and Inspector's Office. The audit is required to be performed in accordance with Generally Accepted Auditing Standards, which are established by the Auditing Standards Board and Government Auditing Standards issued by the Comptroller General of the United States. The independent auditor's report is located at the front of the financial section of this report. The auditors also perform a single audit according to the provisions of the "Single Audit Act Amendments of 1996", and Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The findings and recommendations as a result of the audit, according to Uniform Guidance, are reported under separate cover.

GAAP requires management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the Report of Independent Auditors.

## **PROFILE OF OKLAHOMA COUNTY**

Situated in the heart of downtown Oklahoma City, the Oklahoma County Courthouse is the hub of many diverse activities. Consisting of a Courthouse Building, a County Office Building, a County Jail, and a Juvenile Justice Center, the government of Oklahoma County employs more than 1,700 people and is a multi-million-dollar operation.

Based on the U.S. Census Bureau, Oklahoma County has an estimated 2019 population of 787,197, making it the most populous county in the State of Oklahoma. The land area of Oklahoma County is 718 square miles. While Oklahoma is known for its oil and gas industry and its agricultural base, Oklahoma County has a diverse economy of manufacturing, aerospace, service, and industrial companies. Additionally, Oklahoma County is the home to Tinker Air Force Base, which is one of the largest depots for aircraft maintenance in the U.S. Department of Defense.

Oklahoma County is a constitutional form of government comprised of eight elected officials. These eight elected officials comprise the Oklahoma County Budget Board. There are three County Commissioners which form the Board of County Commissioners, a County Clerk, a Court Clerk, a Treasurer, a Sheriff, and an Assessor. The County Excise Board, consisting of three appointed members, officially certifies budgets and financial statements for the County as well as certain Oklahoma County municipalities and school districts. The County Clerk is secretary to these public boards. These Boards comprise the management of Oklahoma County and are responsible for the administration of County services and information presented in the Annual Comprehensive Financial Report. All county officials are represented in civil matters by the Oklahoma County District Attorney, who is an elected official representing a state judicial district that encompasses Oklahoma County.

Oklahoma County government is a subdivision of the state government, and all of the powers exercised by the County are those delegated by the State, as authorized by the State Legislature and the State Constitution. The State Auditor and Inspector is charged with the duty of auditing the fiscal matters of Oklahoma County on an annual basis.

### ***Financial Reporting Entity***

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not financially accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

### ***Component Units***

Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Oklahoma County has three component units - The Oklahoma County Finance Authority, a discretely presented component unit, the Oklahoma County Criminal Justice Authority, a discretely presented component unit and the Oklahoma County Public Buildings Authority, a blended component unit. All three issue separately audited Component Unit Financial Statements (CUFS).

### ***Related Organizations***

The following related organizations are excluded from the financial reporting entity because the County has determined that these entities do not meet the component unit criteria defined previously. Financial statements are available from the respective organizations. Related organizations are Oklahoma County Home Finance Authority, Oklahoma Industries Authority, Oklahoma County Industrial Authority and Oklahoma County Utility Services Authority.

### ***Accountability and Budgetary Controls***

The County has a comprehensive accounting and budgetary system. The County has a balanced budget and complies with requirements of the State Statutes and Oklahoma Constitution. The Budget Board of Oklahoma County has made every effort to comply with the guidelines for the Oklahoma County Budget Act as set out in Title 19, of the Oklahoma Statutes, Sections 1401-1421.

The County has a comprehensive set of internal controls, which are reviewed annually as a part of the audit and routinely by management. The County Clerk and the County Treasurer assist the state auditors in annual routine audits and assist in recommending and implementing new accounting procedures and internal controls.

Additionally, the County maintains budgetary controls to ensure compliance with legal provisions incorporated in the annual appropriated budget. The County Budget Board and the County Excise Board approves annually appropriated budgets for the General Fund and the Debt Service Fund. The level of budgetary control within the fund is by department and classification, described in Note II.A. of the financial statements.

### ***Financial Policies***

Oklahoma County follows the prescribed policies and procedures outlined in Oklahoma law to guide the budgeting and financial practices. The County maintains a financial and budgetary control system whereby expenditures and revenues are tracked in the County's financial system to ensure adherence to the budget. Monthly reports are prepared and presented to the County Budget Board that compare actual revenues and expenditures to budgeted amounts and provide a picture of the County's cash position.

## **FACTORS AFFECTING FINANCIAL CONDITION**

### ***Local Economy and Economic Outlook***

As the largest county in the state and the home of the State Capital, Oklahoma County accounts for 19 percent of the state's population, and 27 percent of the state's labor force. The availability of low-priced real estate, an abundant skilled labor force, a low cost of doing business, and a centralized geographical location make Oklahoma County a prime location for business. These assets continue to be the key to Oklahoma County's growth as reflected in its 7% unemployment rate compared to the state of Oklahoma's rate of 7.1% and the national 11.2% rate as of June 2020.

While the fate of the Oklahoma economy has long been linked to the energy sector, the Oklahoma City metropolitan area economy has become increasingly diverse over the past decade, largely the results of efforts by business and community leaders to better insulate the local economy from the "boom and bust" cycles of the oil industry. The metropolitan area economy is comprised of a dozen major sectors that include education and health services; financial; information; professional and business services; wholesale and retail trade; construction; government; manufacturing; mining; transportation, warehousing and utilities, and; leisure and hospitality. The local economy's stability is enhanced by the presence of Oklahoma state government, numerous federal agencies, and Tinker Air Force Base.

The City of Oklahoma City is the largest city in Oklahoma County, and as the hub of the increasingly vibrant, larger Oklahoma City metropolitan area, it continues to serve as an important source of economic stimulus for the county and surrounding region. The emergence of Oklahoma City onto the national scene is rapidly becoming a model for economic revitalization and public/private sector cooperation. In 2021, Oklahoma City made it on the top ten list of “coolest cities with the lowest cost of living”, was 3<sup>rd</sup> overall amongst large metros for the lowest cost of doing business, as well as 1<sup>st</sup> for lowest energy costs, and the United States Census Bureau released data from the 2020 Census in August revealing that the city of Oklahoma City was one of just 14 cities nationwide to add more than 100,000 people from 2010 to 2020. Oklahoma City saw a 17.4% increase in its population from 579,999 residents to 681,054 residents over that time period, placing it as the 22nd largest city in the U.S.

During 2021, the global COVID-19 pandemic accounted for many individuals and businesses suffering from critical personal and financial hardships in Oklahoma City and globally. While many companies struggled to maintain full employment levels during the initial height of the COVID-19 pandemic, many local companies decided to take a solution-driven and community-centered approach to the situation and have been hard at work during the pandemic resulting in opening new facilities, including the Oklahoma Contemporary Arts Center, the Oklahoma City Convention Center, the Omni Hotel, and the First Americans Museum, in returning and new attractions, including the Festival of the Arts, the Paseo Arts Festival, and additional unique activities added to the Boathouse District, in expansions, including the Will Rogers World Airport’s terminal expansion, and the Tinker Air Force Base’s expansion, in renovations, like the First National Center, and in initiating district improvements during the year, including the “Stand Tall, Shop Small for OKC” campaign to help OKC small businesses re-emerge out of the pandemic highlighting the different districts, including Automobile Alley, the Farmers District Area, Western Avenue, Midtown, Bricktown, the Stockyard, that make the city unique and an even better place to live and work.

The Oklahoma City Streetcar connects downtown OKC to Bricktown, Midtown and Automobile Alley, passing key landmarks like Scissortail Park, the Convention Center and the newly renamed downtown Paycom Arena. The vibrant community in Bricktown has a strong history, and it continues to grow. Bricktown was a warehouse district before its restoration, but it now employs more than 1,000 Oklahomans in a variety of capacities and serves as a popular destination for baseball games, nightlife, shopping and so much more. Midtown was originally home to the city’s first hospital, first grocery store, first kindergarten and more. Now it is an indubitable epicenter of local shops, restaurants, breweries and more, and boasts a true “live, work, play” neighborhood and a great place to support all kinds of local businesses and concepts. Automobile Alley offers a fantastic destination for individuals with a combination of unmistakable pieces of history and a modern-funk aesthetic created in collaboration between businesses and artists, including a lively art scene, Oklahoma Contemporary, Factory Obscura, and cool street art.

Oklahoma City’s Innovation District is an epicenter for collaboration, innovation, opportunity, and economic growth. Claiming 1.3 square miles of the downtown area, the district is home to our city’s bioscience sector, along with many other businesses within the aerospace, technology, healthcare, manufacturing, and energy industries. Last December, two leading developers announced plans to build two facilities that will comprise more than 400,000 square feet of useable space. The project is aimed at bringing together research and development from Oklahoma City’s leading industries in order to share ideas that will lead to the creation of new companies, new inventions and other technological breakthroughs. Just within the last few months, several industry-leading researchers and professionals from various bioscience hubs such as Boston, New York and the San Francisco Bay Area have pulled up stakes and have made the move to OKC. Others are not far behind.

The Oklahoma City region has seen incredible growth in its aerospace sector over the last few years. Tinker Air Force Base, the FAA Center, Boeing, The Oklahoma National Guard and major industry players like Northrop Grumman, CACI, Southwest Airlines, AAR Airframe Maintenance

and Field Aerospace are some of the other major employers in the region. There are 291 public and private sector establishments directly engaged in the industry, with 43,250 workers in these establishments earning an annual labor income of \$3.4 billion. Employment in the sector has grown by 6,640 jobs, or 18%, since 2015.

On August 28, 2021, the Oklahoma Medical Research Foundation (OMRF), an institute where scientists devote their entire careers to rooting out the causes of human disease, celebrated 75 years of discovery. OMRF now employs 450 staff members who study cancer, heart disease, autoimmune disorders and diseases of aging. Their discoveries have yielded hundreds of patents and three lifesaving drugs now available in hospitals and clinics worldwide. OMRF scientists made crucial insights that paved the way for powerful protease inhibitors that transformed the therapeutic landscape for people with HIV/AIDS. The National Institutes of Health has designated OMRF an Autoimmunity Center of Excellence, one of only 10 in the country, for its work on conditions such as lupus. OMRF is now serving as the lead clinical site for a nationwide clinical trial sponsored by the NIH to study why immunocompromised patients fail to respond adequately to Covid-19 vaccines.

On September 18, 2021, the First Americans Museum finally opened its doors to the public, after a couple of decades of construction, ideation, collaboration, and commitment. The museum celebrates our shared American history through the collective stories of 39 distinct tribal nations in Oklahoma today. The 175,000 square foot facility showcases state-of-the-art exhibitions in history, culture, and art; live public and education programs; a children's discovery center with immersive family-friendly activities; a full-service restaurant presenting unique Native inspired cuisine; and a museum shop featuring one-of-a-kind hand-made items created by Oklahoma's premier Native American artists. Architectural highlights of the museum are the iconic earthen mound, the Festival Plaza, the Hall of the People, the Remembrance Gate, and the Tribal Nations Gallery.

In September 2021, Will Rogers World Airport welcomed visitors to a new terminal expansion. The expansion adds 133,022 square feet of new space and included renovation of another 21,000 square feet, featuring four additional gates, new security checkpoint lanes and a non-ticketed area where friends and family of travelers can watch aviation activity. This \$87 million project boosts Will Rogers World Airport as a top-tier travel facility, attracting worldwide visitors and positioning Oklahoma City as a world-class travel destination. The variety of seating options, high-tech improvements, expanded shopping and dining amenities, and commissioned artwork viewable from the public mezzanine all provide visitors with a brand-new, elevated travel experience.

In September 2021, Carvana, the fastest-growing auto retailer in the U.S., announced plans to open an Inspection and Reconditioning Center (IRC) in Oklahoma City, helping the company address increased demand and bringing a projected 350+ new jobs to Oklahoma City. The 190,000-square-foot facility will also be part of the company's nationwide logistics network. The planned facility would be constructed on 100 acres near Will Rogers World Airport in southwest Oklahoma City. Carvana plans to invest more than \$40 million to build and equip the new facility.

The Center for Applied Economic Research (CAER) at Oklahoma State University forecasts that the COVID-19 pandemic, combined with the collapse in the energy sector, caused Oklahoma's total nonfarm wage and salary employment to fall 4.9 percent in 2020. Oklahoma's employment decline was less than the employment decline of 5.7 percent for the nation. The unemployment rate peaked at 14.8 percent in the nation and 13 percent in Oklahoma in April 2020. The unemployment rate has since declined to 4.8 percent in the nation and 3 percent in Oklahoma. The National Bureau of Economic Research declared that the nation had experienced a recession that lasted two months during the onset of the pandemic. This makes it the shortest recession on record. Despite the brevity of the economic contraction, the record decline in employment and production that spread across the entire economy during the two months warranted the declaration of a recession.

Based on data through September, the Center for Applied Economic Research (CAER) at Oklahoma State University expects that by the end of 2021 Oklahoma will have experienced one percent growth in nonfarm wage and salary employment over the year. This lags behind expected employment growth for the nation of 2.6 percent. Oklahoma's employment growth is forecast to accelerate to 3 percent in 2022, which compares to a forecast of 3.6 percent for the nation. The slower growth in the state in part reflects both a sluggish rebound in the Oklahoma energy sector and the state's smaller employment loss in 2020. Oklahoma's total wage and salary disbursements are forecast to increase 5 percent in 2021 and 7.4 percent in 2022.

In its October Short-term Energy Outlook, the U.S. Energy Information Administration forecasts the price of West Texas Intermediate oil to decline from an average of over seventy-eight dollars per barrel in the final quarter of this year to approximately sixty-three dollars per barrel by the end of 2022. The increases in energy prices have caused the energy sector to begin to recover and contribute to overall growth in Oklahoma. Oklahoma lost twenty-nine thousand energy sector jobs from its recent peak in the fourth quarter of 2018 to the fourth quarter of 2020. Nearly four thousand energy sector jobs have been recouped this year with an additional four thousand forecast to be recouped by the end of 2022.

Total nonfarm wage and salary employment in the Oklahoma City (OKC) Metropolitan Statistical Area (MSA) is forecast to grow 2 percent in 2021 and 3.8 percent in 2022, exceeding forecast growth in the state. This follows an employment decline of 5 percent in 2020. Following a decline of over fourteen thousand energy sector jobs from the recent peak in the third quarter of 2018, representing almost two-thirds of the jobs at the peak, only one thousand jobs have been recouped. Another 1.5 thousand energy sector jobs are forecast to be recouped by the end of 2022. The forecast of robust growth in employment during 2022 in the face of sluggish recover of a much smaller energy sector is evidence of the diversification of the OKC MSA economy in recent years. Total wages and salaries are forecast to increase 4.4 percent in 2021 and 7.2 percent in 2022. OKC MSA population is forecast to grow 1.3 percent in 2021 and 1 percent in 2022.

According to the repeat purchase index of the Federal Finance Housing Authority, house prices increased 14 percent from the second quarter of 2020 to the second quarter of 2021 in the OKC MSA, below the 17.4 percent increase for the same period nationally. The below-average housing price growth in the face of robust population growth reflects the favorable housing development environment in the area. According to the regional price parities of the US Bureau of Economic Analysis (BEA), housing costs (rental and owner-occupied) were nearly twenty-four percent lower in the OKC MSA compared to the average across the nation in 2019. BEA estimates the overall cost of living in the OKC MSA as approximately ten percent lower than the average across the nation.

Oklahoma County total employment declined 4.2 percent in 2020 and is forecast to grow one percent in 2021 and 3.1 percent in 2022. Based on historical income data through 2019, following an expectation of 4.7 percent growth in 2020, wage and salary income in Oklahoma County is forecast to grow 6 and 7 in 2021 and 2022. Population in the county is forecast to grow 1.1 percent in 2021 and 0.08 percent in 2022. After declining 2.5 percent in 2020, retail sales subject to sales tax in the Oklahoma City Metropolitan Area are forecast to rebound with 12.9 percent growth in 2021 and 8.0 percent growth in 2022. The recent announcement by the Chickasaw Nation of a planned First Americans Museum in Oklahoma City that will consist of a \$300 million resort featuring a hotel, water park and more will help make Oklahoma City an international destination and further boost retail sales in the future.

In brief, the OKC MSA and Oklahoma County economies have rebounded in 2021 from the declines that occurred with the onset of the COVID pandemic and the decline in the energy sector. Economic growth in both Oklahoma and the OKC region is forecast to accelerate in 2022. The strength of the OKC regional economy reflects the longer-term trend from continued successful Metropolitan Area Projects (MAPS), a favorable housing development environment and low cost

of living, location on two major interstate highways, an aerospace cluster, and attraction to millennial college graduates because of the low housing costs and increasing quality of life.

### ***Long-term Financial Planning and Major Initiatives***

In December 2015 a 22-member criminal justice task force was created by the Greater Oklahoma City Chamber as a response to ongoing concerns about Oklahoma County's overcrowded jail facility. The taskforce, made up of private sector business leaders, Chamber leaders, the City Managers of Oklahoma City and Edmond, as well as the Oklahoma City Police Chief, the District Attorney, Public Defender, the Presiding Judge, Sheriff and a County Commissioner, was formed to evaluate Oklahoma County's criminal justice system head-to-toe, from booking procedures throughout the legal process. Their task was to make recommendations to reduce incarceration levels, increase efficiencies, help those with mental and addiction issues, along with improve safety for workers in the jail, as well as keeping the citizens of Oklahoma County safe. The taskforce partnered with the Vera Institute of Justice, a nationally recognized nonprofit justice reform organization from New York. VERA provided research, technical assistance, and demonstration projects to help the taskforce. In December 2016, the Greater Oklahoma City Chamber Criminal Justice Reform Task Force released its reports and recommendations designed to ease overcrowding conditions at the Oklahoma County Jail and improve efficiency and effectiveness of the criminal justice system. Six major areas of reform were identified in the recommendations.

1. Provide governance and oversight of the local justice system.
2. Keep people charged with lower-level offenses out of the jail entirely.
3. Create an effective, evidence-based process for deciding who stays in jail while their case proceeds and who goes home, so that the jail is not filled solely by those who cannot afford cash bail.
4. Improve the processes that move cases through the court system.
5. Create alternatives to jail for people with mental illness and/or substance use disorders.
6. Stop putting people who don't have money in jail for not paying fines, fees and court costs.

Several of the recommendations have already been implemented at the jail, in the courts and in police procedure.

Oklahoma County's partnership with the Greater Oklahoma City Chamber has resulted in job-creating initiatives with the former Oklahoma City General Motors plant. The plant was purchased by the citizens of Oklahoma County in 2008 and turned over to Tinker Air Force Base to develop new jobs and create efficiencies for TAFB. To date approximately 1,800 aerospace manufacturing and engineering employees now work in the plant with an estimated impact of \$3.5 billion annually to the Oklahoma County economy. A large portion of the old GM plant is now home to a rapidly growing software engineering division at Tinker.

On September 1, 2014, the County issued \$10,000,000 of general obligation bonds to finance the purchase of the BNSF rail yard. This bond is the remaining \$10 million of the \$71.5 million approved by voters in 2008. The land was purchased and is adjacent to Tinker Air Force and north of the old General Motors plant that was purchased by the County in 2008. The total cost of the land was \$44 million and was a joint purchase by the County, the City of Oklahoma City and the U.S. Air Force. The land will be used by Tinker Air Force to build maintenance hangars for the new KC46-A advanced tankers and will add an additional 1,300 jobs. As a result of a state incentive called the Quality Jobs Act, there will be a credit for those quality jobs and Oklahoma County will get repaid for approximately 95% of the cost over the life of the bonds. In July, Tinker Air Force Base broke ground on its KC-46A Sustainment Complex located on 158 acres of the land purchases with the bond funds. The new center will allow the U.S. Air Force to replace its aging tanker fleet with the modernized KC46A Pegasus. The KC-46A will provide aerial fueling support for the Air Force, Navy, Marine Corps and allied nation coalition force aircraft. The Boeing Company is the prime contractor for this project and will provide the Air Mobility Command with an inventory of 179 KC-46 tankers.

In October 2019, the first hangar built specifically for the U.S. Air Force's new KC-46 Pegasus refueling tank opened. Tinker Air Force Base will serve as the depot for maintenance, repairs and overhaul. The hangar is 55,000 square feet and overall, the KC-46 operations will occur on 156 acres that Tinker acquired, and construction is scheduled until 2029 and is expected to result in approximately 1,300 new jobs at Tinker.

In October 2015, the Oklahoma Turnpike Authority announced their plans to develop a Northeast Oklahoma County Loop Turnpike. The Loop Turnpike will connect I-40 to I-44 and will be comprised of 19 miles running north and south paralleling Luther Road. The Turnpike Authority has offered to purchase the necessary right-of-way to construct frontage roads along the route and then transfer the right-of-ways to Oklahoma County. In July 2016, Oklahoma County committed to construct frontage roads from SE 29<sup>th</sup> Street to Reno Avenue and Wilshire Blvd. to NE 15<sup>th</sup> Street.

### ***Recently-Completed Capital Improvement Projects***

Major capital asset events during the current fiscal year included the following:

- Completion of the Deer Creek Flood Control Plain project to mitigate flooding conditions and related damage in east central Oklahoma County and the Deer Creek flood plain and floodway and surrounding area, which facilitate the construction of infrastructure improvements in those areas through the acquisition of certain real property and/or the provision of safe and adequate roads, bridges and drainage facilities in those areas. The total County cost of the project was \$2,830,935 and the project was funded with general obligation bond proceeds in the County Bond 2008 Fund. The completion of the project resulted in an addition of \$10,561,327 of Roads and Bridges to the Capital Assets. The Oklahoma Department of Transportation funded \$7,761,197 of this project.
- Construction in progress of the Crutch Creek Flood Control Plain project to mitigate flooding conditions and related damage in east central Oklahoma County and the Crutch Creek flood plain and floodway and surrounding area, which facilitate the construction of infrastructure improvements in those areas through the acquisition of certain real property and/or the provision of safe and adequate roads, bridges and drainage facilities in those areas. The total cost to date is \$8,149,932 and the project is funded with general obligation bond proceeds in the County Bond 2008 Fund .
- Construction in progress of the County Annex building space utilization project at a total cost to date of \$2,644,248 the Jail kitchen remodel and mold remediation at a total cost to date of \$902,763 to date, the Courthouse 9<sup>th</sup> floor remodel at total cost to date of \$1,475,648 and the Annex and Courthouse snack area remodel at a total cost to date of \$33,419.
- Construction of and improvements to approximately 18 miles of county roads and bridges at a total cost of approximately \$3.8 million dollars.

## **AWARDS AND ACKNOWLEDGMENTS**

### ***Certificate of Achievement for Excellence in Financial Reporting***

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Oklahoma County for its annual comprehensive financial report (ACFR) for the fiscal year ended June 30, 2020. This was the twenty seventh consecutive year that Oklahoma County has received this prestigious award (fiscal years ended 1994-2020).

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized annual comprehensive financial report (ACFR) whose contents

conform to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

*Acknowledgements*

The dedicated work of the entire Finance Division of the County Clerk's office made possible the preparation of the County's Annual Comprehensive Financial Report. The County Treasurer and other staff and administrators at various sites throughout the County provided additional, valuable help. We would also like to express our appreciation to the Board of County Commissioners, the County Budget Board and Excise Board, for its leadership, encouragement and support to ensure the continued fiscal accountability and integrity of Oklahoma County.

Respectfully submitted:

## **Independent Auditor's Report**

TO THE OFFICERS OF  
OKLAHOMA COUNTY, OKLAHOMA

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Oklahoma County, Oklahoma, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit:

- The financial statements of the Oklahoma County Public Buildings Authority, which is both a major fund and 100 percent of assets, net position, and revenues of the business-type activities;
- The financial statements of the Oklahoma County Finance Authority and the Oklahoma County Criminal Justice Authority, which represent 100 percent of assets and revenues of the discretely presented component units; and
- The financial statements of the defined benefit retirement plan of the Employees' Retirement System of Oklahoma County, which represents 6 percent of the assets of the fiduciary funds and 0.17 percent of the additions to the fiduciary funds.

Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for the above-mentioned entities, are based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Oklahoma County, Oklahoma, as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of Changes in Net Pension Liability and Related Ratios – Defined Benefit Retirement Plan, Schedule of Employer Contributions – Defined Benefit Retirement Plan, Schedule of Changes in Total OPEB Liability and Related Ratios, Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual – General Fund, and the Notes to the Required Supplementary Information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Oklahoma County's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated June 6, 2022, on our consideration of Oklahoma County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. That report will be issued under separate cover. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Oklahoma County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Oklahoma County's internal control over financial reporting and compliance.

CINDY BYRD, CPA  
OKLAHOMA STATE AUDITOR & INSPECTOR

June 6, 2022

## **OKLAHOMA COUNTY, OKLAHOMA MANAGEMENT'S DISCUSSION AND ANALYSIS**

Our discussion and analysis of Oklahoma County (the County) financial performance provides an overview of the County's financial activities for the fiscal year ended June 30, 2021. Please read it in conjunction with the financial statements which immediately follow this section.

### **FINANCIAL HIGHLIGHTS**

#### **Government-wide financial analysis**

At June 30, 2021 the County reported a total net position of \$(271,630,790). Of this amount, \$109,905,022 is net investment in capital assets, \$62,929,283 is restricted for specific purposes, thereby leaving a negative unrestricted net position in the amount of \$(444,465,096). The negative amount of unrestricted net position is primarily the result of three long-term obligations incurred that have no corresponding assets: (1) the issuance of long-term bonds whose proceeds were used to acquire property and facilities that were transferred to the federal government for economic development purposes, (2) long-term obligations related to post-employment healthcare benefits for which no advance-funded plan assets have been set aside, and (3) due to the total pension liability exceeding fiduciary net position of the plan.

#### **Fund financial analysis**

Total fund balances for the County's governmental funds amounted to \$88,598,417 at June 30, 2021, a decrease of \$40,734,281 from the prior fiscal year. Approximately \$70,043,608 of this total, or 79%, is either nonspendable, restricted, committed or assigned for specific uses; and \$18,554,809 or 21%, is of this total is unassigned in the County's General Fund and available to meet the County's current and future needs.

#### **Capital asset and debt administration**

The County's investment in capital assets has decreased by \$8,327,860 or 6.4% from \$130,747,934 to \$122,420,074. This balance consists of \$109,216,261 for the governmental activities and \$13,203,813 for the business-type activities.

The County's total long-term debt related to bonds, capital leases, judgments and compensated absences decreased by \$8,162,679, or 20.1% from \$40,623,598 to \$32,460,919. This decrease was the result of the scheduled retirement of outstanding bonds in the amount of \$5,480,000, a decrease in capital leases of \$215,482, a decrease in judgments payable of \$2,488,563 and an increase in compensated absences of \$826,366. The business-type activities bonds payable decreased \$805,000 as a result of the refinancing of the bonds.

The County's total liabilities decreased by \$74,191,785 or 14.4%, and the liabilities for the governmental activities decreased by \$72,468,357 or 14.3%. The decrease is due to the reduction of the total OPEB Liability by \$141,722,548. There was also a decrease of \$2,488,563 in judgments payable as a result of principal payments, along with a decrease of \$2,394,898 in Net Pension Liability and a decrease of \$5,538,247 in Bonds Payable, along with an increase of \$77,446,103 in Unearned revenue from the American Rescue Plan funds.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The financial section of this annual report consists of several parts: management's discussion and analysis (this section), the independent auditor's report, the basic financial statements, required supplementary information, and combining and individual fund financial statements and supporting schedules.

## **OKLAHOMA COUNTY, OKLAHOMA MANAGEMENT’S DISCUSSION AND ANALYSIS**

The basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The financial statements provide both long-term and short-term information about the County’s overall financial status. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of other supplementary information that further explains and supports the information in the financial statements.

### **Government-wide Financial Statements**

The government-wide statements report information about the County as a whole and these statements include all assets, deferred outflows, liabilities and deferred inflows using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. The accrual basis of accounting and the economic resource measurement focus is used. Under this basis of accounting and measurement focus all assets and liabilities, both financial and capital, and short and long-term, are reported. All revenues and expenses are reported during the year, regardless of when cash is received or paid. The statement of net position includes all of the government’s assets and liabilities. All of the current year’s revenues and expenses are accounted for in the statement of activities.

The two government-wide statements report the County’s net position and how they have changed. Net position, the difference between the County’s assets, deferred outflows, liabilities and deferred inflows, is one way to measure the County’s financial health, or financial position.

Increases or decreases in the County’s net position are an indicator of whether its financial health is improving or deteriorating, respectively. To assess the overall health of the County, nonfinancial factors should be considered such as changes in the County’s property tax base and the condition of the County’s roads and highways.

The government-wide statements of the County are divided into three categories:

- *Governmental activities* – Most of the County’s basic services are included here, such as public safety, culture and recreation, roads and highways, and general government. Ad valorem taxes, charges for services, and state and federal grants finance most of these activities.
- *Business-type activities* – The County charges fees to customers to help it cover the costs of certain services it provides. The Oklahoma County Public Buildings Authority (OCPBA), a blended component unit, is reported as a business-type activity.
- *Discretely Presented Component Units* – The County includes the Oklahoma County Finance Authority in its report as a discretely presented component unit. Although legally separate, the component unit is important because it would be misleading or incomplete to exclude them from the County’s financial report since the Board of County Commissioners exercises significant control over the entity.

### **Fund Financial Statements**

The fund financial statements provide more detailed information about the County’s most significant funds, not the County as a whole. Funds are grouping of related accounts that the County uses to keep track of specific sources of funding and spending for particular purposes.

Some funds are required by state statutes, bond indentures, or other outside authorities. The Board establishes other funds to control and manage money for particular purposes or to show that it is properly using certain revenue sources for restricted purposes.

## OKLAHOMA COUNTY, OKLAHOMA MANAGEMENT'S DISCUSSION AND ANALYSIS

The County has three kinds of funds:

- *Governmental funds* – Most of the County's basic services are included in governmental funds, which focus on (1) cash and other current financial resources that can be readily converted to cash and used to pay obligations and (2) the balances left at year-end that are available for spending. Governmental funds use the modified accrual basis of accounting and the current financial resource measurement focus. Under this basis of accounting and measurement focus, revenues are recognized when cash is received during or soon after the end of the year; expenditures are recognized when goods or services have been received and payment is due during the year or soon thereafter. Consequently, the governmental funds statements provide a short-term view that helps you determine whether there are more or less financial resources that can be spent in the near future to finance the County's programs. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.
- *Proprietary funds* – Services for which the County charges customers a fee are generally reported in proprietary funds. Proprietary funds use the same basis of accounting and the same measurement focus as the government-wide statements. Proprietary funds provide both long and short-term financial information.
- *Fiduciary funds* – The County is the trustee, or fiduciary, for its employees' pension plan. It is also responsible for other assets that can only be used by the trust beneficiaries. The County is responsible for distributing the assets reported in these funds to the intended beneficiary. Fiduciary funds use the same basis of accounting and the same measurement focus as the government-wide statements. All of the County's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. These activities are excluded from the County's government-wide financial statements because the County cannot use these assets to finance its operations.

### **Notes to the financial statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

### **Other information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's progress in funding its obligation to provide pension benefits through the Employees Defined Benefit Retirement System, and its Other Post-Employment Benefits (OPEB) obligation as well as the General Fund Budget to Actual Comparison Schedule.

The combining and individual fund statements and schedules are presented immediately following the required supplementation information.

**OKLAHOMA COUNTY, OKLAHOMA  
MANAGEMENT'S DISCUSSION AND ANALYSIS**

**GOVERNMENT-WIDE FINANCIAL ANALYSIS OF THE COUNTY**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Oklahoma County, liabilities exceeded assets by \$(271,630,790) at June 30, 2021 an overall decrease when compared to June 30, 2020. At the end of the current year, the County's net position is reported as follows:

**Oklahoma County's Net Position  
June 30, 2021  
(dollars are in thousands)**

	Governmental Activities		Business-type Activities		Totals	
	2021	2020	2021	2020	2021	2020

<b>Total net position</b>	<b>\$ (285,435)</b>	<b>\$ (243,965)</b>	<b>\$ 13,804</b>	<b>\$ 11,835</b>	<b>\$ (271,631)</b>	<b>\$ (232,130)</b>

\*prior year amounts not restated for MD&A purposes

The largest portion of the County's net position \$109,905,022 reflects its investment in capital assets net of related debt (i.e. land, buildings, equipment, infrastructure). The county uses these assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Another portion of the County's net position, \$62,929,283 represents resources that are subject to external restrictions on how they may be used. The remaining balance of negative unrestricted net position is a total of \$(444,465,096).

The amount of negative Unrestricted Net Position reported for governmental activities is primarily a result of the \$44,049,570 of outstanding bonds, whose proceeds were used to acquire a capital facility that was transferred to the federal government, in addition to the total OPEB liability of \$308,520,735 that have no corresponding plan assets held in trust. In both cases, the County is obligated for long-term debt and obligations for which no corresponding asset is reported, thereby creating a negative amount reported for unrestricted net position. None of the restricted net position as reported above are restricted by enabling legislation, all restrictions are imposed by state statutes.

\*prior year amounts not restated for MD&A purposes

### Governmental activities

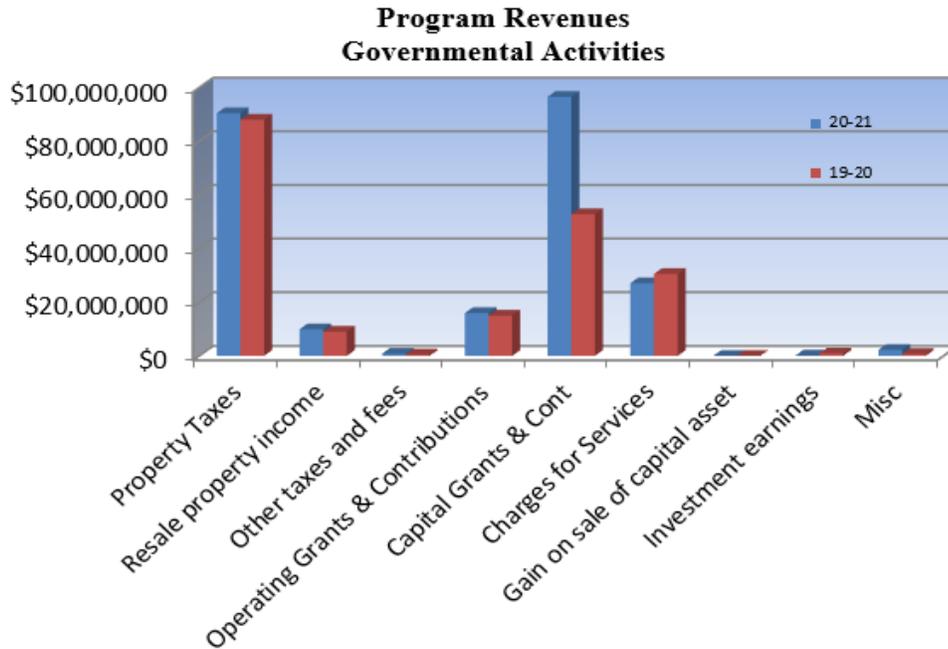

Net position for governmental activities decreased \$26.6 million (10.3%). The change in net position was the result of a decrease of \$141.7 million in total OPEB liability, due to the change in actuarial assumptions of interest rate, annual claims costs and medical trend. There was an increase of \$77.4 million in unearned revenue from the American Rescue Plan funds received. There was also a \$61.8 million increase in the deferred amount related to OPEB. There was a net decrease of \$5.5 million in bonds payable as a result of the payment of principal on outstanding debt and a decrease of \$2.5 million in judgments payable due to payment of principal. There was a decrease of \$33.7 million in Capital Grants and Contributions from \$47.3 million in Cares Act funds received in the prior year offset by the \$13.4 million received in 20-21 for the Emergency Rental Assistance program as well as an increase of \$2.5 million in General primarily as a result from an increase in property taxes. Other significant items that resulted in a change in net position are as follows:

- Total revenues decreased \$37 million, or -18.7%. The more significant changes were as follows:
  - Property taxes increased by approximately \$2.5 million, or 2.8%, as a result of a tax levy increase of \$3.2 million or 4.3% for the General fund due to continued increases in assessed values and a decrease of \$519 thousand or -5.6% for the Debt Service Fund due to reduction of judgments and bond principal balances.
  - Capital grants and contributions decreased by \$33.6 million, or -63.8% as a result of the \$13.4 million from the U.S Treasury departments Emergency Rental Assistance Program established by the CARES Act to be used to assist households that are unable to pay rent due to pandemic. This was offset by the \$47.2 million received in FY 19-20 for the Coronavirus Relief Fund (CARES). The county also received

## OKLAHOMA COUNTY, OKLAHOMA MANAGEMENT’S DISCUSSION AND ANALYSIS

Charges for services decreased \$3.5 million, or 11.0%, as a net result of a decrease of \$2.7 million, or 100% in the inmate boarding fees that were transferred from the Oklahoma County Sheriff to the Criminal Justice Authority when the Authority took over the Oklahoma County Adult Detention Center along with a \$1.9 million decrease in commissary fees and \$886 thousand in sheriff service fees that were also transferred. The decreases were offset by a \$1.1 million or 22% increase in the county clerk filing fees and a \$602 thousand, or 39% increase in the county clerk records preservation fund due to increase in real estate document filings, and an increase an increase of \$435 thousand or 9.8% in the assessor’s revaluation revenue from cities and schools.

- Earnings on investment income decreased \$742 thousand, or 77.8% as a result of the decreased rates on investments.

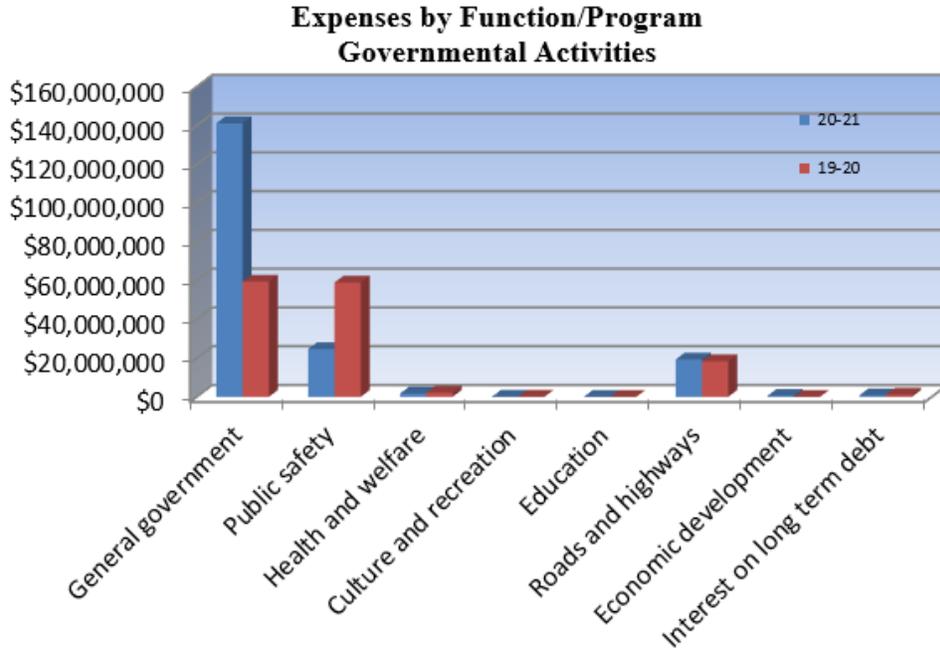

- The decrease in net position was offset by a \$46.5 million, or 33.2% increase in governmental expenses. The more significant changes were as follows:
  - An increase of \$82 million, or 138% in general government expense as a result of a \$34.9 million increase in General Fund expenses, which included \$33.36 million payment to the Criminal Justice Authority for the operation of the county jail, which was previously an expense in the sheriff’s budget under public safety, an increase of \$4 million paid in salary and benefits for employees as a result of a 3% cost of living adjustment and a 2% merit increase. There was an increase of \$42 million in expenditures in the Special Projects fund from payments made from the CARES dollars received for covid related expenses. There was an increase in expenditures in the amount of \$13.4 million from the Emergency Rental Assistance funds received from the U.S. Treasury used to assist households that were unable to pay rent due to pandemic.
  - A decrease of \$36.1 million, or 61.4%, in public safety expenses is due to a decrease of \$28.3 million in sheriff detention budget from the previous fiscal year and moving the expense to general government due to the Criminal Justice Authority taking over the operation of the county jail along with a \$3.1 million decrease in Net OPEB liability expenses related to public safety.
  - An increase of \$920 thousand, or 5.0% is attributable to roads and highways as a result of an increase of \$642 thousand for employee salary and benefits cost, and a

**OKLAHOMA COUNTY, OKLAHOMA  
MANAGEMENT’S DISCUSSION AND ANALYSIS**

\$689 thousand increase in the amount of allocation of depreciation expense on capital assets in FY 20-21.

- A decrease of \$352 thousand, or 30.2%, is attributable to interest on long term debt as a result of interest payments on the 2008 General Obligation Bond issue.

**Business-type activities**

Rental revenues increased \$933,397, or 27.5% from fiscal year 2019-2020. Non-operating expenses (interest payments and amortization of deferred amount of refunding) decreased approximately \$16,245 while the non-operating revenues decreased approximately \$7,552 from the proceeds of refunding debt and earning on investment income compared to last year. These factors along with a total increase in net operating income of \$1,967,090 and an increase of net transfers out of \$1,316,200 resulted in a \$1,969,746 increase in net position at year-end.

**FINANCIAL ANALYSIS OF THE GOVERNMENT’S FUNDS**

**Governmental funds**

The focus of the County’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County’s financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County’s governmental funds reported combined ending fund balances of \$88,598,417, a decrease of \$36.7 million, or 29.3%, in comparison with the prior year. The decrease in fund balances was primarily the result of a total decrease in revenue of \$31.9 million or 16.2%. Last fiscal year the county received revenue source of \$47.3 million from Coronavirus Relief Fund (CARES) which resulted in a decrease in revenue this fiscal year offset by \$13.4 million in revenue received from the U.S. Treasury for the Emergency Rental Assistance Program along with a \$3. million or 3.6% increase in property tax revenue. The revenue was offset by an increase in expenditures of \$62.1 million or 42.6% of which \$43 million was from the CARES dollars. The county also realized an increase of \$1.3 million in transfers in and an increase of \$3.3 million from the sale of capital assets which contributed to the increase in fund balance.

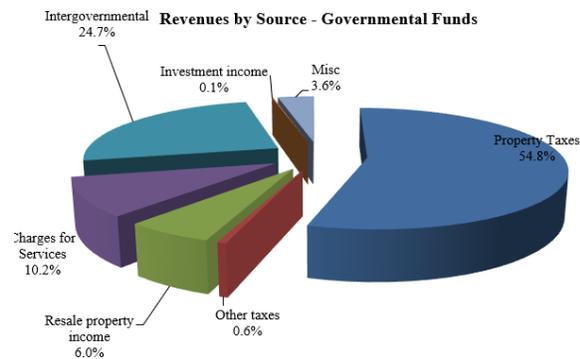

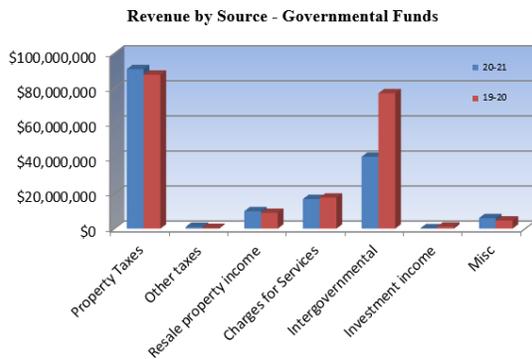

## OKLAHOMA COUNTY, OKLAHOMA MANAGEMENT'S DISCUSSION AND ANALYSIS

Approximately 79.1% of the fund balance total for governmental funds, or \$57,806,717 is restricted, \$3,728,016 is committed, \$7,444,352 is assigned and \$1,064,523 is nonspendable. The remaining fund balance of \$18,554,809 or 20.9% constitutes unassigned fund balance that is available to meet the County's current and future needs. The general fund is the chief operating fund of the County. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance of \$18,554,809 and total fund balance of \$23,429,386 to total fund expenditures. Unassigned fund balance represents 17.4% of the total general fund expenditures, while total fund balance represents 22.0% of that same amount.

For the fiscal years ended June 30, 2021 and 2020, revenues for the Governmental funds were distributed as follows:

### Governmental Funds - Revenues by Source

Revenues by Source	FY 2021		FY 2020		Increase/(Decrease)	
	Amount	Percent of Total	Amount	Percent of Total	Amount	Percent of Total
Property taxes	\$ 90,996,911	54.8%	\$ 87,868,274	44.4%	\$ 3,128,637	-9.8%
Other taxes	1,003,632	0.6%	443,522	0.2%	560,110	-1.8%
Resale property income	9,924,046	6.0%	9,020,959	4.6%	903,087	-2.8%
Charges for services	16,915,008	10.2%	17,725,147	8.9%	(810,139)	2.5%
Intergovernmental	41,017,637	24.7%	77,219,297	39.0%	(36,201,660)	113.2%
Investment income	218,650	0.1%	1,180,438	0.6%	(961,788)	3.0%
Miscellaneous	6,018,365	3.6%	4,628,041	2.3%	1,390,324	-4.3%
Total	\$ 166,094,249	100.0%	\$ 198,085,678	100.0%	\$ (31,991,429)	100.0%

While revenues of the governmental funds decreased by \$31,991,429, or -16.2%, the individual funds had more significant fluctuations as follows:

- The new Emergency Rental Assistance Fund was created in FY 20-21 to account for the \$8,136,187 in revenue received from the U.S. Treasury Departments Emergency Rental Assistance Program established by the CARES Act. Payments received may only be used to assist households unable to pay rent and utilities due to the COVID-19 pandemic.
- The Special Projects (CARES) fund created in FY 19-20 realized a decrease in revenue of \$47,251,329 due to the one-time funding for Covid relief.
- General fund revenue increased \$4,519,019, or 4.5%. General fund property taxes increased by \$3.5 million, or 4.5%, as a result of increases in assessed property tax values. Charges for services increased \$1 million, or 10.8% from the real estate filing fees received by the county clerk's office. Other taxes realized an increase of \$541,689, or 148.7% from a \$364 thousand increase from in-lieu of tax revenue and a \$192 thousand increase from exempt manufacturing tax. There was also a decrease of \$655 thousand from the investment income due to lower interest rates.

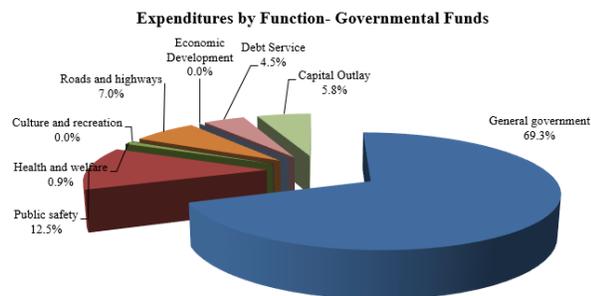

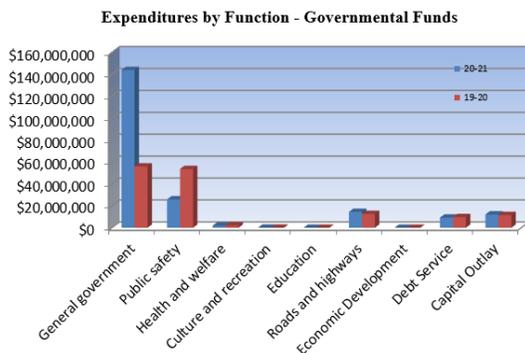

## OKLAHOMA COUNTY, OKLAHOMA MANAGEMENT'S DISCUSSION AND ANALYSIS

- The Highway Cash fund revenue increased \$2,372,215 or 16% primarily as a result of an increase of \$1.1 million from motor vehicle tax received from the state and \$1.8 million received from the Oklahoma Turnpike Authority for highway project.
- The Resale fund revenue increased \$903 thousand or 10% as a result of an increase in delinquent accounts and more accounts that went to the annual resale.
- The Debt Service fund revenue decreased \$398,828, or 4% as a result of a decrease in tax required for the outstanding bond and judgment balance obligations.
- Other Governmental funds revenue increased \$7,879,229, or 44% as a result of \$13.4 million in revenue in the newly created Emergency Rental Assistance Fund offset by a \$6 million decrease in the sheriff service fees and sheriff special revenue fund from the fees generated from the county jail going to the Criminal Justice Authority. An increase of \$590 thousand, or 38.2% due to an increase in real estate document filings and the first full fiscal year with the new filing fee that was doubled by statute in November 2019.

For the fiscal years ended June 30, 2021 and 2020, expenditures for the Governmental funds were distributed as follows:

### Governmental Funds - Expenditures by Function

Expenditures by Function	FY 2021		FY 2020		Increase/(Decrease)	
	Amount	Percent of Total	Amount	Percent of Total	Amount	Percent of Total
General government	\$ 143,946,194	69.3%	\$ 55,923,761	38.4%	\$ 88,022,433	141.8%
Public safety	25,893,938	12.5%	53,611,576	36.8%	(27,717,638)	-44.7%
Health and welfare	1,901,718	0.9%	2,071,763	1.4%	(170,045)	-0.3%
Culture and recreation	54,694	0.0%	61,982	0.0%	(7,288)	0.0%
Education	-	0.0%	-	0.0%	-	0.0%
Roads and highways	14,485,085	7.0%	12,596,452	8.7%	1,888,633	3.0%
Economic development	-	0.0%	-	0.0%	-	0.0%
Debt service	9,260,853	4.5%	9,730,699	6.7%	(469,846)	-0.8%
Capital outlay	12,111,933	5.8%	11,588,831	8.0%	523,102	0.8%
<b>Total</b>	<b>\$ 207,654,415</b>	<b>100.0%</b>	<b>\$ 145,585,064</b>	<b>100.0%</b>	<b>\$ 62,069,351</b>	<b>100.0%</b>

While expenditures of the governmental funds increased by \$62,069,351, or 42.6%, the individual funds had more significant fluctuations as follows:

- \$42.8 million was expended from the Special Projects (CARES) fund for COVID related expenses.
- \$8.1 million was expended from the Emergency Rental Assistance fund to assist households that were unable to pay rent due to pandemic.
- The General fund expenditures increased \$7.9 million, or 8.0% as a result of an overall increase of \$4 million in salaries and corresponding benefits paid primarily

## **OKLAHOMA COUNTY, OKLAHOMA MANAGEMENT'S DISCUSSION AND ANALYSIS**

as a result of a 3% cost of living adjustment and 2% merit increase in the FY 20-21 budget. The expenditures for the Criminal Justice Authority for the operation of the county jail were \$4.9 million more than the sheriff detention budget in the previous year. The expenses of the self-insured employee benefits, health and workers compensation plans are included in this category and realized a total increase in total net costs of \$2.6 million in medical and prescriptions costs.

- The Highway Cash fund expenditures increased by \$4.7 million or 36% due to a \$4.9 million increase in road and bridge project expenses as well as an increase of \$641 thousand in employee salaries and benefits costs.
- The Debt Service fund expenditures decreased \$634 thousand or 6.7% as a result of a decrease of \$203 thousand in bond principal and interest payments and a decrease of \$431 thousand in judgment principal and interest payments.

### **Proprietary funds**

The County's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail. Factors concerning the finances of this fund have already been addressed in the discussion of business-type activities.

### **GENERAL FUND BUDGETARY HIGHLIGHTS**

The 2020-2021 Budget was adopted under the Budget Board method in accordance with state statutes, which state that the County adopts and publishes an initial budget before June 30<sup>th</sup> of each fiscal year, disclosing that the plan is an estimate and cannot be finalized until the ad valorem levies for the general fund and debt service fund are presented for approval in September. Estimates of beginning unreserved fund balance, and other operating revenues are also adjusted and supplemental appropriations are made in September based on the revised figures. With conservative revenue projections, collections exceeded the budgeted revenues, enabling additional budget amendments later in the year.

The total 2020-2021 General Fund adopted department budgets were \$99,395,337 and we finished the year with total department budgets of \$103,307,143 for a total departmental increase of \$3,911,806. Transfers out to other funds totaling \$9,470,000 were also budgeted. The changes in the budget were appropriated when the final ad valorem values were certified in September. The more significant changes went to the following departments/funds:

- A 3% across the board cost of living salary adjustment for a total of \$1,125,681 was allocated to all departments.
- A total of \$750,454 was allocated to all departments for 2% merit-based salary increases.
- The total allocation for the Criminal Justice Authority was moved to the General Government budget for a total of \$33,308,030. This was an increase of \$2,539,522 from the previous budget of the Sheriff Detention and allocation within the General Government.
- An additional \$850,000 was budgeted for outside legal services in the General Government budget.
- An additional \$342,760 was budgeted for pay parity in the Court Clerk's budget.
- The Sheriff Law Enforcement received an additional \$894,939 for salary and benefit increases as along with an additional \$380,529 for 12 positions previously funded out of the Detention budget.
- The General Fund reserve was reduced by \$551,592 from \$6,305,176 to \$5,803,584.

## **OKLAHOMA COUNTY, OKLAHOMA MANAGEMENT’S DISCUSSION AND ANALYSIS**

The County adopts a balanced budget, including unassigned fund balance in the sources as required by state statute. Since the actual revenues and expenditures for the General Fund compare favorably with the General Fund budget for revenues and expenditures, there is a positive ending fund balance.

Actual expenditures were \$4,444,185 under budget while revenue collections were approximately \$4,385,828 higher than budget. Expenditures were under budget mainly as a result of \$1.8 million in reserve, \$309 thousand in Assessor Revaluation, \$161 thousand in Court Clerk and \$213 thousand that was budgeted but not spent. Ad valorem tax collections (current and prior) of \$4,732,899 account for the majority of the revenue variance due to the fact that we can only budget 90% of property tax revenue.

### **CAPITAL ASSET AND DEBT ADMINISTRATION**

#### **Capital Assets**

At June 30, 2021, the County’s investment in capital assets for its governmental activities amounts to \$109,216,261 (net of accumulated depreciation) and \$13,203,813 (net of accumulated depreciation) for its business-type activities. The County owns various buildings in which county business is conducted. The buildings and building improvements are recorded at a net book value of \$33.9 million at June 30, 2021, comprising the largest class of assets.

Major capital asset events during the current fiscal year included the following:

- Completion of the Juvenile Detention Center cell door project at a total cost of \$107,554.
- Completion of the Annex and Courthouse buildings snack areas at a total cost of \$48,098.
- Construction in progress of the Crutchto Flood Control Plain project to mitigate flooding conditions and related damage in east central Oklahoma County and the Crutchto Creek flood plain and floodway and surrounding area, which facilitate the construction of infrastructure improvements in those areas through the acquisition of certain real property and/or the provision of safe and adequate roads, bridges and drainage facilities in those areas. The total cost to date is \$9,140,483 and the project is funded with general obligation bond proceeds in the County Bond 2008 Fund.
- Construction in progress of the County Annex building space utilization project at a total cost to date of \$3,432,431, the Courthouse 9<sup>th</sup> floor remodel at total cost to date of \$2,514,925 and the Annex 6<sup>th</sup> floor restoration at a total cost to date of \$46,975.
- Construction of and improvements to approximately 28 miles of county roads and bridges at a total cost of approximately \$3.6 million dollars.

For additional information on the county’s capital assets, see Note III.C.

#### **Long-term debt**

At the end of the current fiscal year, the County had a total outstanding debt of \$32,460,919. This is comprised of \$16,400,000 in general obligation bonds, \$9,223,921 in capital lease obligations, \$85,500 in judgments and \$6,751,498 in compensated absences. The County’s total debt decreased \$8,162,679, or 20.1% due to the principal payments on the general obligation bonds and judgments.

**OKLAHOMA COUNTY, OKLAHOMA  
MANAGEMENT’S DISCUSSION AND ANALYSIS**

	Governmental Activities		Business-tye Activities		Total	
	2021	2020	2021	2020	2021	2020
General obligation bonds	\$16,400,000	\$21,880,000	\$ -	\$ -	\$16,400,000	\$21,880,000
Capital lease obligations	828,921	1,044,403	8,395,000	9,200,000	9,223,921	10,244,403
Judgments	85,500	2,574,063	-	-	85,500	2,574,063
Compensated absences	6,751,498	5,925,133	-	-	6,751,498	5,925,133
Total	<u>\$24,065,919</u>	<u>\$31,423,598</u>	<u>\$ 8,395,000</u>	<u>\$ 9,200,000</u>	<u>\$32,460,919</u>	<u>\$40,623,598</u>

State law limits the amount of general obligation debt the County can issue to 5% of the assessed value of all taxable property within the County’s limits. Our outstanding debt less the amount available in the Debt Service Fund is \$9,587,504 leaving a legal debt margin of \$388,913,378. For additional information on the county’s debt activity, see note III.F.

**ECONOMIC FACTORS AND NEXT YEAR’S BUDGET**

The total assessed valuation of property in Oklahoma County increased approximately 4.8% for FY 2021-2022.

The County’s primary general fund revenue source is property taxes with its second largest single source being county clerk fees on documents filed in the Office of the County Clerk. Together they account for approximately 91% of the total general fund revenue collected in 20-21 and both sources are directly affected from the real estate economy. The housing market continues to thrive in Oklahoma County and assessed values continued to increase, and the number of real estate filings rose during the fiscal year. The county general fund revenue from real estate filing fees remained saw an increase of 33% from the prior fiscal year.

On the expense side of the finances, the economy is continuing to see health care costs rise to record levels. With over 800 County employees, 300 Criminal Justice Authority employees and 450 Retirees on the County Health Plan, the impact is significant to the County. Oklahoma County saw the total net cost of its employee self-insured employee benefits program increase from \$23.5 million in fiscal year 19-20 to \$24.7 million in fiscal year 20-21 for a total increase of \$1.2 million, or 5.3%. These increases were far less than the actuarial projections. During fiscal year 20-21 the County utilized \$1.9 million in CARES dollars to reimburse for Covid related medical costs. There was no reduction in benefit coverage or rationing care for employees or retirees.

The County has a specific and aggregate stop-loss insurance policy for medical claims and received reimbursement in the amount of \$466 thousand on its medical claims in FY 20-21 compared to \$121 thousand received in FY 19-20. The County also received \$1.4 million in prescription rebates during the fiscal year.

The County continues to have multiple cost saving options implemented on the health and prescription plans. These cost savings options have helped the County stay well below the national annual trend increases on health, prescription, dental and vision plans.

The County purchased an aggregate stop loss policy for its employee medical benefits plan as a safety net for the self-insured plan. The County Budget Board voted to freeze the employee premiums for the 2022 calendar year. The actuary projections called for an increase in rates due to the continued increase in total medical expenses. Although the Criminal Justice Authority was created as a separate trust, their employees remained on the Oklahoma County Self Insurance Health plan effective July 1, 2020, after they transferred from Oklahoma County.

## **OKLAHOMA COUNTY, OKLAHOMA MANAGEMENT'S DISCUSSION AND ANALYSIS**

The County's General Fund supplemental adopted budget for FY 2021-22 is \$111,418,326, which is \$1,358,816 lower than the FY 2020-21 final budget of \$112,777,142. The budgeted revenue increased \$4.7 million, or 5% while the fund balance decreased \$6.1 million or 32%. The FY 21-22 budget consists of \$105,997,326 for department budgets and \$5,421,000 in transfers to other funds. An increase of \$2.4 million in budgeted property tax revenue, an increase of \$349 thousand in County Clerk fees, and an increase of \$2 million in Juvenile Detention state revenue account for the major changes in the projected increase and make up 91% of the overall General Fund budgeted revenue. The General fund beginning fund balance for 21-22 was \$6.1 million less than the fund balance in 20-21. The decreased fund balance along with a \$4.7 million increase in revenue resulted in a net \$1.4 million, or 1.2% decrease in funds available to budget in FY 21-22. The FY 21-22 budget was balanced by reviewing the estimate of needs of each individual department and budgeting most departments at their requests, less any requested raises and new position funding. During the budgeting process, an across the board 3% cost of living adjustment for a total of \$1.2 million and a 2% merit raise for a total of \$807 thousand was allocated to General Fund departments for all employees. The amount budgeted in General Fund Reserve was increased by \$1.3 million from the final budget of \$1,831,527 in 20-21 to \$3,128,169 in 21-22. An additional \$1.4 million was allocated to the individual departments. The employer health premiums charged to departments were increased 12% and therefore each department budget was increased for a total of \$979 thousand. The General Government department in General Fund was reduced by \$923,320 for a one-time expense for new locks at the jail in the previous budget. General Government was increased \$102,617 for insurance premiums, \$50,000 for outside legal and \$75,000 for the Criminal Justice Advisory Committee. During the supplemental budget process an additional \$75,021 was allocated to the Treasurer for a new position, \$26,545 allocated to the Employee Benefits department for salary increases, \$184,117 allocated to Sheriff Law Enforcement for transportation and fuel costs, \$52,000 allocated to Highway District 2 for a new position and the remaining \$3,149,133 was placed in a reserve cost center to address shortfalls that may occur during the budget year. Transfers for Employee Benefits, Workers Compensation and Self Insurance were reduced by \$2,349,000 and transfers to Capital Projects Fund was reduced by \$2,574,398.

In December 2021, the Board of County Commissioners voted to approve all of the Oklahoma County Criminal Justice Advisory Council (CJAC) recommendations regarding a new Detention Center. This included a recommendation to build a new facility at an estimated cost of \$300 million with the possible utilization of ARPA funds, General Obligation Limited Tax Bonds Revenue Anticipation Bonds, and Lease-Purchase Revenue Bonds.

### **REQUESTING THE COUNTY'S FINANCIAL INFORMATION**

This financial report is designed to provide citizens, taxpayers, bondholders and other interested parties with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. Complete financial statements of the individual blended and discretely presented component units can be requested from the Oklahoma County Clerk's office. If you have questions about this report or need additional financial information, contact the County Clerk's Finance Division at 320 Robert S. Kerr, Room 206 Oklahoma City, OK 73102-3430.

**OKLAHOMA COUNTY, OKLAHOMA  
RECONCILIATION OF THE STATEMENT OF REVENUES  
EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED JUNE 30, 2021**

Net change in fund balances-total governmental funds	\$	(36,711,822)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets:		
Capital asset purchases capitalized		10,062,117
Depreciation expense		(9,459,540)
Book value of disposed capital assets		(9,755,190)
Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position:		
General Obligation bonds		5,538,247
Capital leases		215,482
Judgments payable		2,488,563
Some expenses reported in the statement of activities do not require current financial resources, and therefore, are not reported as expenditures in the governmental funds:		
Change in claims liability		(1,181,489)
Change in estimated liability for OPEB obligations and related deferrals		10,636,445
Change in net pension liability and related deferrals		2,394,898
Change in accrued compensated absences liability		(826,366)
Change in accrued interest payable		74,676
Some revenues reported in the financial statement of activities do not provide current financial resources in the current year:		
Change in deferred revenue-property tax		(493,814)
Change in deferred revenue-other taxes		(130,672)
Change in deferred revenue-intergovernmental		580,251
Change in net position of governmental activities	\$	<u>(26,568,213)</u>

The notes to the financial statements are an integral part of this statement.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

**Note I. Summary of Significant Accounting Policies**

The financial statements of Oklahoma County are presented in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

**New Accounting Pronouncements Adopted in Fiscal Year 2021:**

In January 2017, GASB issued Statement No. 84, Fiduciary Activities. This Statement improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This statement was implemented for the County's fiscal year ending June 30, 2021.

The County also early implemented during fiscal year ending June 30, 2021 GASB Statement No. 97, CERTAIN COMPONENT UNIT CRITERIA, AND ACCOUNTING AND FINANCIAL REPORTING FOR INTERNAL REVENUE CODE SECTION 457 DEFERRED COMPENSATION PLANS—AN AMENDMENT OF GASB STATEMENTS NO. 14 AND NO. 84, AND A SUPERSESSON OF GASB STATEMENT NO. 32. The County elected to implement early due to the impact the statement has on GASB Statement No. 84.

**A. Reporting entity**

Oklahoma County government is a subdivision of the state government and all of the powers exercised by the County are those delegated by the State, as authorized by the State Legislature and the state constitution. The County is governed by the Board of County Commissioners, comprised of three elected members. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable and other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Blended component units, although legally separate entities, are part of the government's operations. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

Complete financial statements for each of the individual component units may be obtained from the Oklahoma County Clerk's Finance Division.

**1. Blended Component Unit**

Oklahoma County Public Buildings Authority - The Oklahoma County Public Buildings Authority (OCPBA) was created for the primary purpose of financing, operating, constructing and administering any public works, improvements or facilities in Oklahoma County. The OCPBA achieves its purpose through the issuance of revenue bonds. The Board of County Commissioners serves as the Board of the OCPBA. OCPBA is a public trust authority established March 4, 1968, under the provisions of Title 60, Oklahoma Statutes 1961, Sections 176 to 180, inclusive, the Oklahoma Trust Act, and other applicable statutes of the State of Oklahoma. The OCPA Board consists of the three County Commissioners that make up the Oklahoma County Board of County Commissioners.

During the fiscal year, the OCPBA collected the rental revenues from the Metro Parking Garages, Investor's Capital Building, Lincoln Building property, and the Krowse Building which are pledged for payment of its 2003 series lease revenue bonds. Revenue generated by the properties are used to pay the principal and interest of the outstanding bonds and all direct expenses to manage and operate said properties under the amended management agreement between the OCPBA and Oklahoma County dated July 7, 2005. Under the agreement if any additional funds exist subsequent to the payment of ongoing operating costs, a payment to cover the County's overhead costs for supportive service will

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

be paid to the County in July. The duration of the contract is the life of the bonds issued by OCPBA unless modified in writing. The OCPBA issues a separate financial report that can be obtained by writing to the Oklahoma County Clerk's Office at 320 Robert S. Kerr, Room 201, Oklahoma City, Oklahoma 73102.

**2. Discretely Presented Component Unit**

Oklahoma County Finance Authority - The Oklahoma County Finance Authority (OCFA) is a discretely presented component unit and was created for the purpose to advance, finance and develop commercial and industrial projects or facilities and advance development of adequate housing within the County. The OCFA is a public trust established pursuant to a trust indenture dated May 9, 1983. Under the trust indenture, the OCFA was created for the use and benefit of Oklahoma County (the County) under the provisions of Title 60, Oklahoma Statutes (2001), Sections 176 to 180.3, inclusive, as amended and supplemented, the Oklahoma Public Trust Act and other applicable statutes of the State of Oklahoma.

The OCFA is authorized, in the furtherance of public purposes, to issue its revenue notes and bonds in order to provide funds for the development of commercial and industrial projects, which will benefit the County, including but not limited to, medical and housing projects. Pursuant to the respective trust indentures governing each project, the notes or bonds payable of each project do not constitute a debt, liability or moral obligation of the State of Oklahoma, or any political subdivision thereof, nor does the indebtedness constitute a personal obligation of the trustees of the OCFA. The OCFA has no taxing power.

The OCFA Board of Trustees is appointed by the County Commissioners of Oklahoma County. In addition, the County Commissioners ultimately approve all note and bond obligations issued by the OCFA. The OCFA issues a separate financial report that can be obtained by writing to the Oklahoma County Finance Authority at 105 N. Hudson, Suite 304, Oklahoma City, Oklahoma 73102.

Oklahoma County Criminal Justice Authority – The Oklahoma County Criminal Justice Authority is a public trust established May 22, 2019, for the use and benefit of Oklahoma County pursuant to the terms of Oklahoma Statutes, Title 60, Section 176. The purpose of the Authority pertain to Jail Facilities exclusively, specifically including but not limited to, the power to conduct studies and prepare comprehensive plans relating to the County's criminal justice and administration facilities, corrections and detention facilities and the resources of the County: to own, operate and manage jails, prisons, correctional, detention, rehabilitation, mental health, addition, diversion, justice and related facilities: and to finance any and all programs and facilities and develop resources to promote, operate, finance and develop Jail Facilities, develop rehabilitation, addiction, mental health, and other diversion services, projects or facilities relating to the operation of a Jail Facilities. To administer funds for the purpose of acquiring a site(s) for Jail Facilities, for the temporary or longer-term detention or incarceration of adults or appropriate youthful offenders and any related facilities. To plan, establish, develop, construct, finance, enlarge, remodel, acquire, improve, alter, extend, maintain, equip, operate, lease, furnish, and regulate any facilities related to any of the foregoing and, if desired, to lease such facilities and to operate the same in connection therewith and to perform, own, acquire, construct or engage in or finance any other enterprise or activity, project or facility to such extent it may be considered a proper and lawful function of public trust entities within the State of Oklahoma. There are nine Trustees of this Authority. One of the members is a member of the Board of County Commissioners, one is the County Sheriff, one is appointed by District One County Commissioner, one appointed by District two County Commissioner, one appointed by District three County Commissioner and four Trustees are Commission appointed Trustees. The Criminal Justice Authority voted on August 5, 2019 to operate the Oklahoma County Detention Center by engagement of a jail administrator. On June 1, 2020 the Criminal Justice Authority voted to begin operation of the Oklahoma County Detention Center on July 1, 2020 and entered a lease agreement with the Board of County Commissioners for the lease of the Oklahoma County Detention Center.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

**3. Jointly Governed Organization**

The City of Oklahoma City and the Board of County Commissioners of Oklahoma County participate in the City-County Board of Health (Board) whose purpose is to preserve and promote public health. Five members of the Board are appointed by the City Council, and four members are appointed by the Oklahoma County Commissioners with removal only for cause. The primary source of funding for the Board is an ad valorem tax levy. During fiscal year 1995-96 the City-County Health Department became totally independent of the County by agreement of the County and the City Council and the City-County Health Board. The County has no equity interest nor does the County contribute to the continued existence of the Board.

**4. Related Organizations**

The following related organizations are excluded from the financial reporting entity because the County does not exercise significant influence over their respective operations. Audited financial statements are available from the respective organizations. Related organizations are as follows:

Oklahoma County Home Finance Authority – The Oklahoma County Home Finance Authority (OCHFHA) was created as a public trust under applicable Oklahoma Statutes on May 5, 1980, for the use and benefit of the Beneficiary, Oklahoma County, to finance and provide housing facilities as set forth in the Trust Indenture. The County has no significant influence over the management, budget or policies of the OCHFHA.

Oklahoma Industries Authority - The Oklahoma Industries Authority (OIA) was created as a public trust under applicable Oklahoma Statutes on December 15, 1966, and amended May 4, 1981. It was created for the use and benefit of the Beneficiary, Oklahoma County, Oklahoma, to finance, promote and aid in the development of industry and commerce as set forth in the Trust Indenture. The County has no significant influence over the management, budget or policies of the OIA. On November 1, 1997, the Authority issued \$2,750,000 in lease revenue bonds to fund the expansion of the Oklahoma County Juvenile Detention Center project. In February 2001, the OIA issued \$4,765,000 in lease revenue bonds to fund heating and cooling upgrades and lighting, electrical and plumbing improvements to county buildings. On July 28, 2003, the Authority issued \$20,560,000 of lease revenue bonds to provide funds that will be used by the Public Buildings Authority to (1) acquire, construct and equip a parking garage, (2) advance refund the Public Building Authority Capital Improvement Bonds, Series 1997, (3) make improvements to the Metro Parking Garage, (4) make other County improvements, (5) fund capitalized interest, (6) purchase Surety Bonds in lieu of funding a Debt Service Reserve Fund, and (7) pay certain costs of issuing the Bonds.

Oklahoma County Industrial Authority – The Oklahoma County Industrial Authority (OCIA) was created as a public trust under applicable Oklahoma Statutes on May 5, 1982. It was created for the use and benefit of the Beneficiary, Oklahoma County, Oklahoma, to finance, promote and aid in the development of industry and commerce as set forth in the Trust Indenture. The County has no significant influence over the management, budget or policies of the OCIA operation.

Oklahoma County Utility Services Authority – The Oklahoma County Utility Services Authority (OCUSA) was created as a public trust under applicable Oklahoma Statutes on March 15, 1955. It was created to provide utility services in unincorporated areas of Oklahoma County for the safeguarding of public health and the conservation of public welfare in these areas. The County has no significant influence over the management, budget or policies of the OCUSA operation.

**B. Government –wide and Fund Financial Statements**

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

The accompanying financial statements of the County have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). They present the financial position of the County and the various funds and fund types, the results of operations of the County and the various funds and fund types, and the cash flows of the proprietary fund. The financial statements are presented as of June 30, 2021, and for the year then ended.

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. Except for interfund services provided and used, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from discretely presented component units.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The county operates each of the three self-insurance activities separately. However, all three are primarily funded through general fund revenues. Other revenues include premiums and interest income. Employee benefits and workers compensation expenses and claims are a result of the employment of workers hired to operate and manage the functions of the government. These expenses are reported by the general fund. Gross revenues totaled \$23,707,679 and gross expenses totaled \$29,311,469, resulting in net expenses of \$5,603,790.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and the pension trust fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified-accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, intergovernmental revenues, and interest income associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

**Governmental Funds**

Generally accepted accounting principles set forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a single column in the fund financial statements.

The County reports the following major governmental funds:

**General Fund** - The County's primary operating fund. The fund is used to account for and report all financial resources not accounted for and reported in another fund. The Employee Benefits, Worker's Compensation and Self Insurance activities are presented as part of the General Fund. Oklahoma County is self-insured and the primary source of funding is from General Fund revenue.

**Highway Cash** – Accounts for state, local and miscellaneous revenues and expenditures for the purpose of constructing and maintaining county roads and bridges.

**Resale Property** – Accounts for collection of interest and penalties on delinquent taxes and the expenditures incurred to sell abandoned property.

**Special Projects Fund-(CARES)** – This fund was established to account for the dollars received from the Coronavirus Relief Fund established by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The payments received from the fund may only be used to cover the costs that are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19).

**American Rescue Plan Act** – This fund was established to account for the dollars received from the U.S. Treasury for needed relief to enable local governments to support the public health response and lay the foundation for a strong and equitable recovery as a result of the Coronavirus pandemic.

**Debt Service Fund** – Used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

**Proprietary Fund**

Public Buildings Authority – Accounts for the operations of the Public Buildings Authority blended component unit.

**Fiduciary Fund Types**

Fiduciary funds are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, or other governments.

The County reports the following fiduciary funds:

Pension Trust Funds – Pension trust funds account for assets held by the County in a trustee capacity for current and retired employees. Pension trust funds are accounted for in essentially the same manner as proprietary funds.

The County has the following pension trust fund:

1. **Defined Benefit Employee Retirement Fund** - Accounts for the receipt, investment, and distribution of retirement contributions for employees under the defined benefit plan.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

Custodial Funds - Custodial funds are custodial in nature (i.e., assets equal liabilities) and do not involve measurement of results of operations. However, Custodial fund assets and liabilities are recognized using the accrual basis of accounting. The County has sixteen classifications of custodial funds.

Revenue and Expense Classification

Amounts reported as program revenue es include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include cost of sales and services, administrative expenses and depreciation on capital. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

**D. Assets, Liabilities, and Net Position**

**1. Deposits and Investments**

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the County. The majority of interest earned on investments is allocated to the general fund except for those investments made specifically for the debt service fund, trust fund and certain special revenue funds as required by state statute for which investment income is allocated to the investing fund.

The County adopted formal deposit and investments policies in June 2021. State statutes authorize the County to adopt a written investment policy directing the investment of the funds of the County and any of its public trusts or authorities. The County Treasurer manages the investments according to the investment policy. The written investment policy authorize the county to purchase and invest in U.S. Government obligations; certificates of deposit; savings accounts; general obligation bonds issued by counties, municipalities, or school districts; money judgments against counties, municipalities, or school districts; bonds and revenue notes issued by a public trust when the beneficiary of the trust is a county, municipality, or school district; negotiable certificates of deposit; prime bankers acceptances; prime commercial paper; repurchase agreements and money market funds.

Investments are reported at fair value and certificates of deposits are reported at carrying amount which reasonably estimates fair value.

**2. Property Taxes Receivable**

All property tax receivables are shown net of an allowance for uncollectibles. Taxes are levied annually on October 1 with one-half due by December 31 and the remaining one-half due by March 31. If exactly one-half of the amount due is not received by December 31, the full amount is due and becomes delinquent January 1st. If the taxpayer opts for one-half payment by December 31 but does not make the remaining payment by March 31, the balance becomes delinquent. Delinquent tax payments are subject to interest assessments at 18% annual percentage rate. Major tax payments are received in the months December through April. Delinquent tax payments are received

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

throughout the year. Governmental funds recognize revenue in the year levied to the extent they are received within 60 days of year-end. Current year tax collections for the year ended June 30, 2021 were 97.4% of the tax levy.

The County's property tax is levied each October 1 on the assessed value listed as of January 1 of the same year for all real and personal property located in the County, except certain exempt property. Assessed values are established by the State Tax Commission and the State Equalization Board. A revaluation of all property is required once every five years. Oklahoma Counties assessed property value as of January 1, 2021, was \$8,270,276,805 after excluding homestead and veteran exemptions of \$192,766,096.

The County Excise Board levied 10.35 mills for General Fund operations, 2.59 mills for the City-County Health Department, 5.20 mills for Metropolitan Library Commission and 1.10 mills for Debt Service.

In addition, the County also collects the ad valorem taxes assessed by cities and towns and school districts and apportions the ad valorem tax collected to the appropriate taxing unit.

On the government-wide financial statements, property tax revenues are recognized in the fiscal year for which they are levied. On the fund financial statements, property tax revenues are deferred if not received within sixty days after fiscal year end.

**3. Receivables and Unavailable Revenues**

Receivables consist of intergovernmental receivables that are primarily amounts due from federal grants, and accounts receivable are primarily comprised of various charges for services, fees and employee health premiums earned by fiscal year end and not yet collected.

Governmental funds report unavailable revenue in connection with receivables for revenues that are earned but not collected within sixty days of year end and therefore not considered to be available to liquidate liabilities of the current period. At the end of the current fiscal year, the various components of deferred revenue reported in the governmental funds were as follows:

<b>Governmental Funds:</b>	<u>Unavailable</u>
Property taxes receivable – General Fund	\$3,436,493
Property taxes receivable – Debt Service Fund	419,326
Intergovernmental receivable- General Fund	343,162
Intergovernmental receivable – Debt Service Fund	36,471
Grant funds – Sheriff Grant Fund	44,613
Grant funds – County Bonds 2008 Fund	<u>987,699</u>
Total deferred for governmental funds	<u>\$5,267,764</u>

**4. Inventories**

Inventory in governmental funds consists of expendable supplies held for consumption stated on a first-in first-out basis. They are recorded at cost, as an expenditure, at the time individual items are purchased. Unconsumed inventories in governmental funds are equally offset by nonspendable fund balance, which indicates that portion of fund balance is not in spendable form.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

**5. Due to Other Taxing Units/Others**

Oklahoma County acts as a collecting agent for many other governmental entities. The County is responsible for assessing ad valorem taxes, sending out statements, collecting the tax and distributing collections to the appropriate recipients. These recipients include, but are not limited to, schools, cities, the County Health Department, the City/County Library, Oklahoma County career tech Schools and colleges. All unremitted collections on hand at June 30 are reported as “due to other taxing jurisdictions”, and unapportioned collections held in depository accounts are reported as “due to others”, within County custodial funds.

**6. Capital Assets and Depreciation**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary fund financial statements. Capital assets are defined by Oklahoma County as assets with an initial, individual costs exceeding \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. Supplies and materials purchased as part of construction projects expected to exceed the capitalization threshold are capitalized as projects are constructed. Land, land improvements and artwork are not depreciable assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. All maintenance costs are expensed in the period incurred.

Capital assets are depreciated using the straight-line method over the assigned useful lives as follows:

<u>Assets</u>	<u>Years</u>
Buildings	40
Building improvements	30-40
Infrastructure-Roads	10
Infrastructure-Bridges	50
Equipment and automobiles	5-15
Furniture and Fixtures	10

**7. Compensated Absences**

Accrued vacation leave is payable upon layoff, resignation, retirement, or death. Amounts of vested or accumulated vacation leave are reported in the government-wide statements and not in the governmental fund statements as the liability is not expected to be paid from current resources. A liability for these amounts is reported in governmental funds only if they have matured as a result of employee resignations and retirements. At June 30, 2021 the accrued liability for annual and compensatory leave time was \$6,751,498.

There is no limitation on accruing unused sick leave. Sick leave does not vest, and therefore, is not reported. Unused sick leave shall contribute toward retirement eligibility for vested employees, 20 days being equivalent to one month. The maximum allowable is 130 days, which would allow an additional year.

**8. Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or business-type activities columns of the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expense in the period incurred.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period.

**9. Defined Benefit Retirement Plan**

*Basis of Accounting*

The financial statements of the County's Defined Benefit Plan are prepared under the accrual method of accounting. Employer contributions to the plan are recognized when due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

*Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan trustees to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

*Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. The amounts shown for securities that have no quoted market price represent estimated fair value. Purchases and sale of securities are recorded on a settlement date basis. Interest income is recorded on the accrual basis.

*Pension*

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the net position of the Employees' Retirement System of Oklahoma County and additions to/deductions from the System's net position have been determined on the same basis as they are reported by Employees' Retirement System of Oklahoma County. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

*Deferred Outflows and Deferred Inflows of Resources*

Deferred outflows and deferred inflows are the consumption and the acquisition, respectively, of net position by the County that is applicable to a future reporting period. The County's deferred outflows of resources were comprised of changes related to pensions that are applicable to future reporting periods. The County's deferred inflows of resources were comprised of the difference between expected and actual experience and changes in assumptions in OPEB obligations applicable to future reporting periods.

**10. Internal Balances**

Amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the entity-wide governmental and business type activities columns of the Statement of Net Positions, except for the net residual amounts due between governmental and business-type activities, which are presented in internal balances.

Due To/Due From – Amounts owed to one fund or component unit by another which are due within one year are reported as due to other funds or component units.

**11. Fund Balance and Net Position**

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in the funds can be spent.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

Fund balances are classified by level of constraint as follows:

- *Nonspendable Fund Balance* – includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.
- *Restricted Fund Balance* – includes amounts that can be spent only for the specific purposes stipulated by external resources providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.
- *Committed Fund Balance* – includes amounts that can be used for the specific purposes determined by a formal action of the County’s highest level of decision-making authority, the County’s Board of County Commissioners or the County Budget Board by resolution. Commitments may be changed or lifted only by the County taking the same formal action by resolution that imposed the constraint originally.
- *Assigned Fund Balance* – comprises amounts intended to be used by the County for specific purposes that are neither restricted nor committed. *Intent* is expressed by motion of the County’s Board of County Commissioners or County Budget Board pursuant to state law by action other than resolution.
- *Unassigned Fund Balance* – represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund is the only fund that reports a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned.

The government-wide and the proprietary fund financial statements utilize a net position presentation. Net positions are categorized as net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets groups all capital assets into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- Restricted Net Position reflects net positions that are subject to constraints either by externally imposed by creditors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position represents the residual net positions of the County that are not restricted for any project or purpose.

When both restricted and unrestricted net positions are available for use, it is the County’s policy to use restricted net position or resources first.

## **Note II. Stewardship, Compliance, and Accountability**

### **A. Budgetary Information**

Guidelines for the County Budget Act are set out in Title 19 Section 1401 of Oklahoma Statutes. At least thirty (30) days prior to the beginning of each fiscal year, a budget for each fund of the county for which a budget is required shall be completed by the county Budget Board. Each budget shall provide a complete financial plan for the budget

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

year. The budget format shall be as prescribed by the Oklahoma State Auditor and Inspector. The format shall contain at least the following in tabular form for each fund, itemized by department and account within each fund:

1. Actual revenues and expenditures for the immediate prior fiscal year;
2. Estimated actual revenues and expenditures for the current fiscal year; and
3. Estimated revenues and proposed expenditures for the budget year.

The Budget Board of Oklahoma County complies with the purpose of the Budget Act, which is:

1. Establish uniform and sound fiscal procedures for the preparation, adoption, execution and control of budgets.
2. Enable counties to make financial plans for both current and capital expenditures and to ensure that their executive staffs administer their respective functions in accordance with adopted budgets.
3. Make available to the public and investors sufficient information as to the financial conditions, requirements and expectations of the county government.
4. Assist county governments to improve and implement generally accepted accounting principles as applied to governmental accounting, auditing and financial reporting, and standards of governmental finance management.

Each fund's appropriated budget is prepared on a detailed line-item basis. Revenues are budgeted by source. Expenditures are budgeted by department and character (salaries and wages, fringe benefits, travel, operation, capital and debt service), which constitutes the legal level of control. Expenditures may not exceed appropriations at this level. All budget revisions at this level are subject to authorization by the department head and approval by the Budget Board. All budget revisions are subject to final review by the County Budget Board. Revisions to the budget were made throughout the year.

The legal level of control is that expenditures budgeted in each fund may not exceed budgeted revenues, including fund balance, for the fund. Once approved, the County Budget Board may amend the legally adopted budget when unexpected modifications are required in estimated revenues and appropriations.

## **B. Legal and Contractual Obligations**

Under Oklahoma Law, the County may not obligate funds that require income and revenue from future fiscal years without voter approval, such as with the issuance of general obligation bonds. All lease and lease-purchase agreements, whether or not they are capitalized, must be re-approved at the beginning of each fiscal year. Federal and State grant revenues and expenditures are accounted for in accordance with applicable contract provisions. General obligation bonds, judgments and related interest are levied for and paid in accordance with appropriate State laws.

## **C. Continuous Inventory**

According to guidelines established by Title 19 Section 178.1 of Oklahoma statutes, the County maintains a continuous asset inventory of all assets purchased with a cost of \$500 or more. These items are generally purchases from the capital outlay accounts and recorded at cost.

## **Note III. Detailed Notes on All Funds**

### **A. Deposits and Investments**

The County uses a pooled cash concept for deposits and investments except for the pension trust, and certain custodial funds. Cash and cash equivalents include amounts in demand deposits as well as short-term investments

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

with a maturity date within three months of the date acquired by the County. All cash is pooled for operating and investment purposes and each fund has equity in the pooled amount. For reporting purposes, cash and investments have been allocated to each fund based on that fund's equity in the pooled amount.

***Deposits***

***Investments***

As of June 30, 2021, the County had the following investments:

<b>Primary Government</b>		Weighted Average	Credit	Fair Value
<u>Investment Type</u>	<u>Fair Value</u>	<u>Maturity (Years)</u>	<u>Ratings</u>	<u>Category</u>
Certificates of deposit	\$7,586,926	.94	N/A	N/A
Judgements	-	-	N/A	Level III
Total investments	<u>\$7,586,926</u>			
Portfolio weighted average maturity		.94		

<b>Fiduciary Funds:</b>		Weighted Average	Credit	Fair Value
<u>Investment Type</u>	<u>Fair Value</u>	<u>Maturity (Years)</u>	<u>Ratings</u>	<u>Category</u>
Certificates of deposit	250,000	.02	N/A	N/A
Insured cash sweep	3,290,000	-	N/A	N/A
Judgments	85,500	3.00	N/A	Level III
Total investments	<u>\$3,625,500</u>			
Portfolio weighted average maturity		1.45		

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted account principles. The hierarchy is based on the valuation inputs used to measure the fair value of an asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Level 3 inputs were used for judgments purchases from other governmental agencies that are not actively traded and significant other observable inputs are not available. Judgments are valued at \$85,500 using the cost approach at June 30, 2021.

*Custodial credit risk* for deposits is the risk that in the event of a bank failure, the County may not be able to recover its deposits. The County's policy requires uninsured deposits with banks to be 110 percent secured by collateral valued at fair value. As of June 30, 2021, the County's bank balance of \$183,488,012 and its blended component unit bank balance of \$7,745,590 are fully insured or collateralized with securities held by the County or its blended component unit, or their agents in their respective names.

*Interest rate risk* is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with the adopted investment policy, the County manages its exposure to declines in fair values by following three benchmarks in investing funds: safety, liquidity and rate of return. The investment maturities are set up to meet projected cash flow needs and money market investments are available for funds making frequent deposits and expenditures.

*Credit risk* is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. Investing is preformed in accordance with investment policies adopted by the County complying with Oklahoma State statutes. Investments are limited to the following: 1) Direct obligations of United States government, its agencies or instrumentalities to the payment of which the full faith and credit of the government of the United states is pledged, or obligations to the payment of which the full faith and credit of the State of Oklahoma is pledged; 2) Obligations of the Government National Mortgage Association, Federal National Mortgage Association, or Federal Home Loan

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

Mortgage Corporation, or any Federal farm credit bank, Federal land bank, or Federal home loan bank notes or bonds; 3) Collateralized or insured certificates of deposit; 4) Repurchase agreements that have underlying collateral of direct obligations or obligations of the United States government, its agencies and instrumentalities; 5) Money market funds and repurchase agreements which investments consist of the authorized investments of United States government agency obligations with restrictions as specified in state law; 6) State and Local Government Series; and 7) County direct debt obligations for which an ad valorem tax may be levied, rendered against the county by a court of record.

*Custodial credit risk for investments* is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments. County investment policy provides that investment collateral is held by a third-party custodian with whom the County has a current custodial agreement in the County's name or be held in the name of both the County and financial institution by the Federal Reserve Bank servicing Oklahoma.

**Discretely Presented Component Unit**

<u>Investment Type</u>	<u>Fair Value</u>	<u>Weighted Average Maturity (Years)</u>	<u>Credit Ratings</u>
Certificates of deposit	\$4,665,000	0.48	N/A

*Interest rate risk.* The Authority's investment policy limits the duration of certificates of deposit or other fixed-income securities to a maximum maturity from the date of purchase to six months.

*Investment Credit risk.* The Authority has no formal policy limiting investments based on credit rating but discloses any such credit risk associated with their investments by reporting the credit quality ratings of investments in debt securities as determined by nationally recognized statistical rating organizations and agencies as of yearend. Unless there is information to the contrary, obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not require disclosure of credit quality. The Authority invests in certificates of deposit of local financial institutions, and that all deposits and investments in excess of amounts covered by federal deposit insurance, be fully collateralized, with a pledge of the U.S. Treasury obligations, by the entity holding the deposit or investments. At June 30, 2021, all the Authority's investments are in certificates of deposit.

*Custodial credit risk.* Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Authority's deposit policy for custodial credit risk is that all deposits shall either be insured by Federal Deposit Insurance or collateralized by securities held by the cognizant Federal Reserve Bank, or invested in U.S. Government obligations, in the Authority's name. At June 30, 2021, the Authority's deposits were not exposed to custodial credit risk since all deposits were either insured by Federal Deposit Insurance or collateralized by securities held in the Authority's name.

**B. Property Taxes Receivable**

The following is a summary of property and other tax amounts shown as receivable and amounts considered uncollectible by the taxing unit. In accordance with state statute, all tax liens on real and personal property are extinguished upon the expiration of seven (7) years. Therefore, the receivables date back to 2011, and the total outstanding represents less than 1% of the original tax levies for the same time period.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

	Total Outstanding at June 30, 2021	Amount Considered Uncollectible	Amount Shown as Net Receivable

Reconciliation to the Statement of Activities:

	Transfers In	Transfers Out	Net Transfers
Governmental Funds	\$ 7,161,654	\$ (5,845,454)	\$ 1,316,200
Proprietary Fund	-	(1,316,200)	\$ (1,316,200)
<b>Total</b>	<b>\$ 7,161,654</b>	<b>\$ (7,161,654)</b>	<b>\$ -</b>

A transfer of \$2,322,768 was made from the resale property fund to the general fund to fulfill statutory requirements. Transfers in the amount of \$2,874,398 were made from the general fund to the capital projects regular fund for various projects including \$816,200 for the annex plumbing, \$1,000,000 for the courthouse elevator upgrade, \$450,000 for the annex sixth floor restoration, \$100,000 for annex and courthouse carpet and \$58,198 for various Juvenile Detention Center projects and \$300,000 was budgeted for as needed projects. \$285,782 was transferred from General Fund to Highway Cash for prior years appropriations errors. \$27,649 was transferred from OSU Ext Building fund to the Capital Regular fund to close out the remaining balance in the fund.

The Public Buildings Authority transferred \$1,316,200 to Oklahoma County Capital Regular fund during the year for the annex building plumbing and courthouse elevator modernization projects.

**E. Operating Leases**

Oklahoma County is committed under various leases for office equipment and road equipment. These leases are considered for accounting purposes to be operating leases. Oklahoma Statutes prohibit the County from entering into contracts of this nature beyond the end of the fiscal year. Operating lease expenditures for the year ended June 30, 2021 amounted to \$321,488.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

**F. Long-term Debt**

**1. Governmental Activities**

General Obligation Bonds

On August 1, 2008, the County issued \$61,500,000 of general obligation bonds to finance the purchase of the former General Motors Assembly Plant, to provide funds for the capital improvements for the Oklahoma County courthouse and annex buildings, and to improve and mitigate natural hazard damage and impact, including but not limited to flooding in East Central Oklahoma County in and around Crutch Creek, and in Northwest Oklahoma County in and around Deer Creek area. In April 2017, Oklahoma County refinanced its General Obligation bonds for the purpose of reducing the interest costs on the debt and to achieve an economic savings. Over the life of the bonds, the refinancing will result in a debt service cash flow savings to Oklahoma County of \$1,141,589, a gross debt service present value savings of \$1,082,057, and a net economic present value benefit of \$1,087,537 after considering use of existing debt service funds. The remaining principal balance of the Series 2017A bond is \$29,940,000 and the interest balance of \$4,006,498 is payable semi-annually August 1 and February 1, with interest rates that vary from 4.0% to 5.0%. The bonds bear semi-annual interest (payable August 1, and February 1 of each year). The Bonds will be paid from ad valorem taxes levied and assessed on behalf of the Issuer and deposited to its Sinking Fund. Summary of debt service requirements to maturity is as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>	<u>Interest Rate</u>
2022	4,205,000	464,400	4,669,400	4.00%
2023	4,195,000	296,400	4,491,400	4.00%
2024	<u>4,250,000</u>	<u>106,250</u>	<u>4,356,250</u>	5.00%
Total	<u>\$ 12,650,000</u>	<u>\$ 867,050</u>	<u>\$13,517,050</u>	

On September 1, 2014, the County issued \$10,000,000 of general obligation bonds to help finance the purchase of the BNSF rail yard. This bond is the remaining \$10 million of the \$71.5 million approved by voters in 2008. The proceeds of the bond were transferred to the Oklahoma Industries Authority to purchase the land and therefore reported as an economic development expense to the County in the amount of \$10,000,000. The land being purchased is adjacent to Tinker Air Force and north of the old General Motors plant that was purchased by the County in 2008. The total cost of the land is \$44 million and will be a joint purchase by the County, the City of Oklahoma City and the U.S. Air Force. The land will be used by Tinker Air Force to build maintenance hangars for the new KC46-A advanced tankers and will add an additional 1,321 jobs. As a result of a state incentive called the Quality Jobs Act, there will be a credit for those quality jobs and Oklahoma County will get repaid for approximately 95% of the cost over the life of the bonds. The interest rate on the bond is 2.00 percent and the maturity is September 1, 2023. Bond principal payments are \$1,250,000 beginning on the 1st day of September 2016 in each of the years 2016 through 2023 with the final payment due September 1, 2023. Interest shall be payable on the 1<sup>st</sup> day of March of each year, beginning on the 1<sup>st</sup> day of March 2016. Summary of debt service requirements to maturity is as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>	<u>Interest Rate</u>
2022	1,250,000	62,500	1,312,500	2.00%
2023	1,250,000	37,500	1,287,500	2.00%
2024	<u>1,250,000</u>	<u>12,500</u>	<u>1,262,500</u>	2.00%
Total	<u>\$ 3,750,000</u>	<u>\$ 112,500</u>	<u>\$3,862,500</u>	

Capital Lease Obligations

Oklahoma County has entered into various agreements as lessee for financing the acquisition of highway equipment. Oklahoma law prohibits the County from entering into contracts of this nature longer than one year. However, it is the County's intent to exercise its right to purchase this property; accordingly, the lease-purchase agreements have been capitalized to conform to generally accepted accounting principles. The unpaid portion of these agreements

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

have been reported as another non-current liability in the Statement of Net Position at an amount equal to the present value of all remaining payments to maturity.

During the year, the county determined that leased copiers should not be reported as a capital lease, since there is no intent to purchase the copiers at the end of the lease. The leased copiers are classified as operating leases.

Assuming that all capital leases are renewed each year by resolution of the Board of County Commissioners, minimum lease commitments under capitalized lease purchase agreements as of June 30, 2021 reported in the government-wide statements are as follows:

Leased Capital Assets:	<u>Capital Asset</u>	<u>Accumulated Depreciation</u>	<u>Total</u>
Equipment	<u>\$1,481,652</u>	<u>\$(620,318)</u>	<u>\$861,334</u>
Total	<u>\$1,481,652</u>	<u>\$(620,318)</u>	<u>\$861,334</u>

The following is a schedule of the future minimum lease payments under these capital leases, and the present value of the net minimum lease payments reported in the government-wide statements.

<u>Fiscal year ending June 30,</u>	<u>Governmental Activities</u>
2022	184,446
2023	184,446
2024	184,572
2025	123,232
2026	112,675
2027-2028	<u>91,605</u>
Total minimum lease payments	880,976
Less: amount representing interest	<u>(52,055)</u>
Present value of future minimum lease payments	<u>\$828,921</u>

## **2. Business-Type Activities**

### Capital Leases Financing Obligations

On October 1, 1997, OCPBA issued Capital Improvement Revenue Bonds, Series 1997 in the amount of \$6,800,000 with interest rates that vary from 4% to 4.9%. The proceeds of the bond issue were used to purchase computer equipment, software, hardware, training facilities and related costs to computerize the Oklahoma County government and provide needed repairs and improvements to property of OCPBA. The bonds are secured by the OCPBA property and gross revenues and matured October 1, 2013. Additionally, OCPBA purchased an insurance policy guaranteeing payment of the bonds.

The Oklahoma Industries Authority issued \$20,560,000 of lease revenue bonds for the benefit of the PBA on July 28, 2003 with interest rates that vary from 2.25% to 5.85%. In June 2012, the PBA refinanced its capital lease agreement with the OIA resulting from the issuance of OIA lease revenue refunding bonds related to the capital lease agreement between the OIA and the PBA. This OIA refunding and related PBA capital lease refinancing was done for the purpose of reducing the interest costs on the debt and to achieve an economic savings. In April 2020, the PBA refinanced its capital lease agreement with the OIA resulting from the issuance of OIA lease revenue refunding bonds related to the capital lease agreement between the OIA and the PBA. This OIA refunding and related PBA capital lease refinancing was done for the purpose of reducing the interest costs on the debt and to achieve an economic savings. Over the life of the capital lease agreement, the refinancing will result in a debt service cash flow savings to the PBA of \$437,547, and a net economic present value benefit of \$369,165 after considering use of existing debt service funds. The principal balance of the 2020 lease is \$9,200,000 and the interest balance of \$1,258,576 is payable semi-annually June 1 and December 1, commencing December 1, 2021 with interest rates of 1.960%. Deferred costs resulting from the lease refunding of \$1,396,172 and \$1,512,520 are

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

reflected as a deferred outflow of resources on the statement of net position as of June 30, 2021 and 2020, respectively. Amortization is recognized over the remaining life of the refunded lease. Amortization expense of \$116,348 was recorded in 2021 and \$483,640 in 2020.

The principal of and the interest on the bonds is payable from the lease payments made by the Oklahoma County Public Buildings Authority to the Oklahoma Industries Authority pursuant to terms of a Lease Purchase Agreement date as of April 2020. The Bonds are limited obligation of the issuer, secured by a pledge of the Trust Estate. The Trust Estate consists of the Lease Payments, the Lease Agreement, Revenues, the Parking and Use Agreement, the parking agreements with the Corporate Users, and all funds and accounts established by the Indenture and the monies and investments therein, including any unexpended Bond Proceeds. The Bonds are special and limited obligations of the Issuer payable solely from the Lease Payments and other revenues pledged for payment thereof.

The OIA Bonds were issued to provide funds for the Public Buildings Authority to (1) acquire, construct and equip a parking garage, (2) advance refund the Public Building Authority Capital Improvement Bonds, Series 1997, (3) make improvements to the Metro Parking Garage, (4) make other County improvements, (5) fund capitalized interest, (6) purchase Surety Bonds in lieu of funding a Debt Service Reserve Fund, and (7) pay certain costs of issuing the Bonds.

The following is the new schedule of the future minimum lease payments under this capital lease, and the present value of the net minimum lease as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Debt Service</u>
2022	630,000	161,455	791,455
2023	645,000	149,009	794,009
2024	655,000	136,318	791,318
2025	670,000	123,431	793,431
2026	680,000	110,250	790,250
2027-2031	3,585,000	345,499	3,930,499
2032-2033	<u>1,530,000</u>	<u>37,681</u>	<u>1,567,681</u>
	<u>\$8,395,000</u>	<u>\$ 1,063,643</u>	<u>\$ 9,458,643</u>

**3. Discretely Presented Component Unit**

Conduit Debt Obligations

The activities of the Oklahoma County Finance Authority consist primarily of arranging financing to industrial, commercial and other various organizations in an effort to promote economic development which will benefit the county. Over time these transactions have taken on various forms, including notes and bonds. The OCFA loans the proceeds from the notes and bonds to the organizations, or the OCFA leases the facilities acquired with the proceeds to the organizations under financing lease arrangements providing for transfer of the property to such organizations at the end of the lease.

The notes and bonds issued by the OCFA are special and limited obligations of the OCFA, payable solely out of revenues derived from and in connection with the underlying loan agreements and the underlying security provided under the loan agreements. The OCFA, the County of Oklahoma, the State of Oklahoma, or any other political subdivision thereof is not obligated in any manner for repayment of the notes and bonds. Accordingly, the notes and bonds are not reported as liabilities in the accompanying financial statements nor are the related receivables and investments reported as assets.

The OCFA, as a conduit bond issuer, has had outstanding issues, which have been in default in the payment of principal and interest. Since the notes and bonds issued by the OCFA are only limited obligations of the OCFA, as discussed above, the OCFA has not incurred any losses as a result of these defaults.

**4. Judgments Payable**

Under Oklahoma law, judgments against the County are payable over a three-year period and bear annual interest at four percentage points above the average United States Treasury Bill rate for the preceding year, not to exceed 10% per annum. Advalorem taxes to retire judgments are levied against all taxable property within the County and are accumulated and paid out of the Debt Service Fund over a three-year period. During the year, the County paid \$2,488,563 in judgments and \$163,008 in related interest on these judgments. At June 30, 2021, the total amount of unpaid judgment principal of \$85,500 is reflected in the Statement of Net Position.

A summary of judgments payable to maturity is as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>	<u>Interest Rate</u>
2022	\$75,167	\$4,489	\$79,655	5.25%
2023	10,333	543	10,876	5.25%
2024	-	-	-	-
Total	<u>\$85,500</u>	<u>\$5,031</u>	<u>\$90,531</u>	

The interest rate on judgments varies annually based on state law but the future debt service requirements for interest have been determined by using the rate applicable to the current year.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

**5. Changes in long-term liabilities**

Long-term liability activity for the year ended June 30, 2021 was as follows:

	Beginning			Ending	Due within
	<u>Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u>	<u>One Year</u>
<b>Governmental activities:</b>					
Bonds payable	\$21,880,000	\$ -	\$(5,480,000)	\$16,400,000	\$5,455,000
Capital leases	1,044,403	209,375	(424,857)	828,921	168,113
Judgments payable	2,574,063	-	(2,488,563)	85,500	75,167
Compensated absences	<u>5,925,133</u>	<u>5,245,106</u>	<u>(4,418,741)</u>	<u>6,751,498</u>	<u>4,877,101</u>
Governmental activity					
Long-term liabilities	<u>\$31,423,598</u>	<u>\$5,454,481</u>	<u>\$(12,812,161)</u>	<u>\$24,065,919</u>	<u>\$10,575,380</u>
<b>Business-type activities:</b>					
Capital lease obligations	<u>\$9,200,000</u>	<u>\$ -</u>	<u>\$(805,000)</u>	<u>\$8,395,000</u>	<u>\$630,000</u>
Long-term liabilities	<u>\$9,200,000</u>	<u>\$ -</u>	<u>\$(805,000)</u>	<u>\$8,395,000</u>	<u>\$630,000</u>

For governmental activities, bonds and judgments are liquidated by ad valorem taxes through the Debt Service Fund, while capital leases and compensated absences are primarily liquidated by General Fund, Highway Cash, and Sheriff Special Revenue.

For governmental activities, the bonds payable reflected in the statements are net of unamortized bond premium of \$119,324, or \$16,519,324.

**G. Net Position and Fund Balances**

At June 30, 2021, the government-wide net position categories are comprised of the following components:

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

*Net Investment in Capital Assets - Governmental Activities*

Capital Related Assets:

Capital Assets	\$	257,986,653
Accumulated Depreciation		(148,770,392)
Capital Related Assets	\$	109,216,261

Capital Related Debt

Bonds outstanding	\$	16,400,000
Unamortized Bond Premium		119,324
Capital lease obligations (principal)		828,921
Portion of bonds not capital related		(11,832,021)
Capital Related Debt	\$	5,516,225

Net Investment in Capital Assets	\$	103,700,037
----------------------------------	----	-------------

*Restricted Net Position - Government Activities*

General Government

Resale Property	\$	6,319,412
Records Preservation		1,103,296
Public Safety		4,796,522
Roads & Highways		20,892,608
Economic Development		4,414,418
Debt Service		6,812,496
CARES		4,303,045
ARPA		720
Other Purposes		6,687,464
Total Restricted Net Position	\$	55,329,981

<i>Unrestricted Net Position</i>		(444,465,096)
----------------------------------	--	---------------

<i>Total Net Position</i>		(285,435,078)
---------------------------	--	---------------

The amount of negative Unrestricted Net Position reported for governmental activities is primarily a result of the \$44,049,570 of outstanding bonds, whose proceeds were used to acquire a capital facility that was transferred to the federal government, in addition to the total OPEB liability of \$308,520,735 and Deferred inflow of resources of \$310,665,388 that have no corresponding plan assets held in trust. In both of these cases, the County is obligated for long-term debt and obligations for which no corresponding asset is reported, thereby creating a negative amount reported for unrestricted net position. None of the restricted net position as reported above is restricted by enabling legislation. All restrictions are imposed by state statutes.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

*Net Investment in Capital Assets - Business-type Activities*

Capital Related Assets:

Capital Assets	\$	28,112,595
Accumulated Depreciation		(14,908,781)
Capital Related Assets	\$	13,203,813

Deferred amount on lease refinancing	\$	1,396,172
Capital Related Debt		
Capital lease obligations (principal)		(8,395,000)

Net Investment in Capital Assets	\$	6,204,985
----------------------------------	----	-----------

Restricted Net Position - Business-type Activities

Debt Service	\$	7,599,302
Total Restricted	\$	7,599,302

*Unrestricted Net Position*

<i>Total Net Position</i>	\$	13,804,288
---------------------------	----	------------

**Prior Period Adjustments:**

During the current fiscal year, adjustments were made to the July 1, 2020 beginning net position and the beginning fund balances of the governmental activities to meet the new GASB 84 requirements and to the 2020 OPEB actuary calculation correction to reflect the appropriate discount rate. The adjustments made are as follows:

Net Position-Beginning		\$(243,965,413)
Total OPEB Liability-Adjustment		\$(108,903,249)
Deferred amount related to OPEB-Adjustment		\$93,408,403
Net Position-Beginning as Restated for OPEB		\$(259,460,259)
Governmental Funds-GASB 84 adjustments		\$593,394
Net Position-Beginning as Restated		\$(258,866,865)

Fund Balances-Beginning		\$124,716,843
General Fund-Reported in Custodial Fund		\$573,857
Sinking Fund-Reported in Custodial Fund		\$14,068
Sheriff Service Fee Fund-Reported in Custodial Fund		\$5,471
Fund Balances-Beginning as Restated		\$125,310,239

The County has a Defined Contribution Employee Retirement Fund that no longer meets the requirements to be reported a fiduciary fund under GASB 84. The June 30, 2020 ending net position of \$114,522,895 was removed from Pension Trust Funds.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

Fund balances for all the major and non-major funds as of June 30, 2021, were distributed as follows:

**Note IV. Other Information**

**A. Risk Management**

**Primary Government:**

Oklahoma County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God. Significant losses are covered by commercial insurance for buildings and personal property. There have been no significant reductions in insurance coverage, and settlement amounts have not exceeded insurance coverage for the current year or the three prior years. The County currently is self-insured for health and dental benefits, worker's compensation and tort liability coverage.

The Health and Dental Plan was established by Oklahoma County to provide benefits for its employees, their dependents, eligible retirees and their survivors, participants covered under continuation of coverage, and employees on leave of absence as set forth in Title 11 O.S. 2001, §23-108. The majority of the cost of coverage for employees is paid by the County, and all other costs are intended to be an expense of the insured. Certain limitations are placed upon these benefits as to the amount of coverage and who may be covered in specific areas. The County uses a third-party administrator to administer the program. The administrator receives and pays claims from county funds based upon contract limitations. The administrator is responsible for ensuring that claims are legitimate, based on enrollment information provided by the County and claims submitted by or on behalf of the claimant. The administrator receives a monthly fee for the services. The administrator also receives stop loss and life insurance premiums that are in turn remitted to the appropriate third party vendor.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

Workers' Compensation - In accordance with Title 85, of the Oklahoma State Statutes, employees are covered by the workers' compensation program at the expense of Oklahoma County at their date of employment. When an injury or work related illness occurs, an Occupational Injury Report is filed. There are three categories of compensation: (1) temporary total disability benefits equal to two-thirds of the employees' average weekly salary; and/or (2) one hundred percent (100%) of all medical bills paid; and/or (3) a permanent disability settlement. When an employee remains off work due to an occupational injury or illness, temporary total disability is paid until (a) the employee returns to full-time work with the employer; or (b) the employee requests a trial to determine permanent disability; or (c) the parties agree in writing that such payments may terminate; or (d) by court order. (Temporary total disability benefits may be terminated at any time without a court order in the case of an employee who has not filed a Form 3 or Form 3-b with the court.) The County employs Consolidated Benefit Resources as the administrator for the workers' compensation program at a monthly fee. In accordance with the contract, the administrator is responsible for opening the files, paying the medical bills and paying the time-loss claims and settlements incurred as a result of an accident or work-related illness.

Tort Claims - Under the Oklahoma constitutional and related state law, losses resulting from tort claim judgments rendered by a court of competent jurisdiction are required to be paid, with interest on the unpaid balance, through a statutorily required levy of ad valorem taxes levied against all taxable County property and payable over a three year period. Estimated liabilities from tort claims are recorded as claims liability, until they are converted to a court judgment, at which time they are reported as judgment liabilities for which property taxes will be levied and collections will be used for the retirement of this liability. Tort claims incurred but not reported (IBNR) are not considered material to the financial statement for the year ended June 30, 2021.

**Component Unit:**

OCPCA is exposed to various risks of losses related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. OCPBA manages this risk through the purchase of commercial insurance policies paid for by Oklahoma County and subject to the terms of a management contract with Oklahoma County that obligates Oklahoma County to defend and pay for any litigation expense or judgment against OCPBA or its property upon demand.

**Recognition and Measurement of Claims Loss Expenses and Liabilities**

Claims losses are recognized when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. In determining claims expenses and liabilities, events that might create claims, but for which none have been reported, are also considered. For most claims self-insured risks, liabilities for unpaid claims are estimates determined by independent actuaries using actuarial methods as follows: incurred loss development, paid loss development, frequency/severity, exposure/loss rate (incurred loss), and exposure/loss rate (paid loss).

Unpaid Claims Liabilities

The following represent the changes in approximate aggregate liabilities for the County from July 1, 2020 to June 30, 2021:

<u>Health Care</u>	<u>2021</u>	<u>2020</u>
Unpaid Claims, beginning of fiscal year	\$2,499,000	\$ 2,983,065
Claims and changes in estimates	24,167,833	19,770,171
Claim payments	<u>(23,840,833)</u>	<u>(20,254,236)</u>
Unpaid claims, end of fiscal year	<u>\$ 2,826,000</u>	<u>\$ 2,499,000</u>
<u>Workers Compensation</u>		
Unpaid Claims, beginning of fiscal year	\$2,564,000	\$2,377,000
Claims and changes in estimates	792,838	632,686

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

Claim payments	(432,838)	(445,686)
Unpaid claims, end of fiscal year	<u>\$ 2,924,000</u>	<u>\$ 2,564,000</u>
 <u>Tort Claims</u>		
Unpaid Claims, beginning of fiscal year	\$ 0	\$ 0
Claims and changes in estimates	0	0
Conversion of claim to judgment	<u>0</u>	<u>0</u>
Unpaid claims, end of fiscal year	<u>\$ 0</u>	<u>\$ 0</u>
Total current claims liability, end of fiscal year	<u>\$ 5,750,000</u>	<u>\$ 5,063,000</u>
Current liabilities	5,750,000	5,063,000
Noncurrent liabilities	<u>0</u>	<u>0</u>
Total claims liability	<u>\$ 5,750,000</u>	<u>\$ 5,063,000</u>

**B. Commitments and Contingent Liabilities**

Federal Grants. The County receives financial assistance from the United States government in the form of grants. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

Litigation. The County is contingently liable for lawsuits and other claims in the ordinary course of its operations. The settlement of such contingencies under the budgetary process would require appropriation of revenues yet to be realized and would not materially affect the financial position of the County at June 30, 2021. Any court approved judgments would be paid through a levy of a constitutionally required ad valorem tax over a three year period. At June 30, 2021, the County's contingent litigation and other claims approximate \$42,975, which is not accrued.

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation is utilized in the governmental funds. Encumbrances outstanding at year-end are not accounted for as expenditures and liabilities but rather as assigned if not already reported as restricted or committed fund balance. At June 30, 2021 the County had outstanding encumbrances in the following funds:

General Fund	\$1,169,028
Highway Cash	\$3,318,841
Resale Property	\$29,870
Special Projects	\$68,791
Non-major	<u>\$4,106,093</u>
Total	\$8,692,623

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

**C. Post-Employment Benefits Other than Pensions**

**Plan description** – The County sponsors and administers a self-funded, single-employer defined health benefit plan. This plan was established by the Oklahoma County Board of County Commissioners and the Budget Board who has the authority to establish and amend the benefits. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

**Benefits provided** – The County provided medical, dental and vision plans for all eligible active and retired County employees and their dependents. Employees who are covered under the County's group health plan prior to retirement are eligible for lifetime retiree health benefits once they meet the following eligibility requirements and have at least five (5) years of service:

1. Hired prior to January 1, 2005 - 60 points based on the sum of age and years of service.
2. Hired on or after January 1, 2005 - 75 points based on the sum of age and years of service.

A life insurance plan is offered to employees hired prior to February 1, 1987. The program is intended to offer comprehensive coverage of most life, medical with prescription drugs, dental and vision benefits. The pre-Medicare medical claims are administered by HealthSmart Benefit Solutions. The dental coverage is provided through Delta Dental and the vision coverage is provided through Vision Service Plan.

Eligible employees are required to pay set premiums for a portion of the cost, with the County subsidizing the remaining costs. Retirees are required to contribute 25% of the premiums for medical, prescription drugs and dental benefits. Retirees who retired prior to January 1, 1989, are grandfathered in a frozen contribution rate for their lifetime and the lifetime of their spouses, if covered. The annual frozen contribution rate for benefit coverage is \$252 for single coverage and \$576 for retiree and spouse coverage. The benefit options available to retirees under age 65 are the same as for the active employees. The contribution requirements are established and amended as needed by the Oklahoma County Budget Board on an annual basis. The premium rates are set and amended by the Budget Board and approved by the Board of County Commissioners.

**Employees covered by benefit terms** - At June 30, 2021 the following employees were covered by the benefit terms:

Active Employees	1,245
Inactives or beneficiaries currently receiving benefit payments	<u>440</u>
Total	<u>1,685</u>

**Total OPEB Liability** – The County's total OPEB liability of \$308,520,735 was measured as of June 30, 2021 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions- The total OPEB liability was determined based on an actuarial valuation prepared as of June 30, 2021, based on results of an actuarial experience study for the period July 1, 2013 to June 30, 2016 and using the following actuarial assumptions:

- Actuarial Cost Method - Entry Age Normal; level dollar amortization
- Discount Rate – 2.16%, based on June 30, 2021 and 2.21% for June 30, 2020 published Bond Buyer 20-year GO Index
- Inflation – 2.5% per year
- Coverage – Retirees – based on actual data; Actives – 45% of active employees are assumed to be married at retirement with 100% electing coverage for spouse.

2026	(\$1,112,805)
Thereafter	\$0
Total	(\$70,062,601)

**D. Employees' Retirement Plans**

Retirement Plans. In accordance with Oklahoma Statutes, Oklahoma County maintains two single-employer public employee retirement plans. One plan, a defined benefit pension plan (the DB Plan) covers participants with retirement, death and disability benefits. Effective November 1, 1991, under House Bill 1226, County employees were given the option to join a defined contribution plan (the DC Plan). Both systems are administered by a nine-member Board of Trustees which includes the Chairman of the Board of County Commissioners, the County Treasurer, the County Clerk, two members appointed by the Board of County Commissioners, and four members elected from all eligible full-time employees. Fund policies, contribution requirements and plan provisions are determined by this board, although the Board of County Commissioners has overriding authority. The description of these plans are presented below.

**1. Defined Benefit Retirement Plan**

**General Information about the Pension Plan**

*Plan Description*

The County's defined benefit pension plan, Employees Retirement System of Oklahoma County, is a single-employer plan that covers employees of Oklahoma County, including all departments and agencies, that were employed by the County prior to the conversion date of the defined contribution plan in 1991, and who elected not to convert to the defined contribution plan. The Plan provides retirement, disability, and death benefits to plan members and their beneficiaries.

*Authority*

The Board of County Commissioners of Oklahoma County was authorized to establish, control and manage the Plan under Oklahoma statutes, and as such established the Board of Trustees for the Employees Retirement System of Oklahoma County to administer the Plan. The Board of County Commissioners has the authority to establish or

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

amend benefit terms of the Plan. The Board of Trustees approves any cost-of-living adjustments to the Plan as well as changes contribution requirements.

*Benefits provided*

The Plan provides retirement, disability, and death benefits to plan members and their beneficiaries. Retirement benefits are calculated by adding 2 2/3% of average compensation times years of service, not to exceed 15 years, plus 2% of average compensation times years of service in excess of 15 years, but not over 15 years, plus 1% of average compensation times years of service in excess of 30 years, but not over 5 years. Surviving spouses are eligible for 66 2/3% of retirees' benefits after their death. If an employee terminates with fewer than 8 years of service, he is entitled to receive only his actual contributions.

Those persons eligible for retirement benefits are as follows:

- a. Employee shall have reached the age of sixty-two (62) years and shall have been employed for a period of at least eight (8) years with Oklahoma County, the last two (2) years of service shall have been consecutive immediately preceding such retirement, and service with the County shall have ceased.
- b. Any employee who shall have completed eight (8) years of service as a County employee, the last two (2) years of which were consecutive, and who at the time of completing such eight (8) years of service shall not have reached the age of sixty-two (62) years, may elect to retire, such retirement benefits to begin when County employee shall have attained the age of sixty-two (62) years, provided that such election shall be in writing upon such forms as the Board of Trustees shall direct.
- c. Any employee who shall have completed thirty (30) years of service as a County employee, the last two (2) years of which were consecutive and attained age of fifty-five (55).
- d. Any employee whose age and years of creditable service with the County equal eighty (80).
- e. Any employee of the County covered by this who shall have completed eight (8) years of employment with this County and who by reason of disability shall become disabled to such an extent as to be unable to perform his/her duties as an employee may be entitled to disability retirement, and to such benefits as the Board of Trustees shall determine; provided, however, that the Board of Trustees shall find that said disability is total and permanent.

*Employees covered by the benefit terms.*

At June 30, 2021, the following employees were covered by the benefit terms:

Retirees and beneficiaries currently receiving benefits	93
Inactive plan members entitled to but not yet receiving benefits	8
Active plan participants	<u>1</u>
Total	<u>102</u>

*Disability Benefits*

(1) Any employee of the County making an application for disability benefits may be required to provide the Board of Trustees sworn affidavits of at least two (2) physicians selected by the applicant at his own expense and showing that, in the opinion of such physicians, such disability is total and permanent in its nature.

(2) The Board may, if it so desires, appoint two (2) licensed physicians of its own choosing to examine the employee and such employee shall consent to said examination, and after such examination, if the said four (4) physicians be equally divided in their opinion the Trustees shall appoint a fifth (5th) licensed physician, the employee consenting to such examination. The question of eligibility, by reason of total permanent disability, shall be decided by the Board of Trustees after evaluation of opinion of all examining physicians.

An income average shall be used by calculating the average income of the highest three (3) years for said employee during participation in said retirement system. Upon completion of each of the following years the listed percentages shall apply:

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

Year	<u>8<sup>th</sup></u>	<u>9<sup>th</sup></u>	<u>10<sup>th</sup></u>	<u>11<sup>th</sup></u>	<u>12<sup>th</sup></u>	<u>13<sup>th</sup></u>	<u>14<sup>th</sup></u>	<u>15<sup>th</sup></u>
Percentages	21.31%	23.98%	26.65%	29.32%	31.99%	34.66%	37.33%	40.00%

Sixteen (16) through thirty (30) years - an additional two percent (2%) of highest three (3) years average income per year.

For all years of service after thirty (30) years, an additional one percent (1%) for each year's service. The sum of all creditable service shall not exceed thirty-five (35) years.

*Death Benefits*

If a married employee has completed eight years of service but dies before he reaches the age of retirement, the surviving spouse shall receive benefits equal to 66 2/3% of benefits to be received by the employee under the plan at the assumed date of retirement.

If an employee receiving or eligible to receive retirement benefits dies, the surviving spouse shall receive retirement benefits in the amount of 66 2/3% of benefits the deceased was receiving, or was entitled to receive, for the remainder of the natural life of the surviving spouse.

*Contributions*

As specified by the Plan, County officers contribute 12% of the annual compensation of their active employees' salary to the Plan. During the year ended June 30, 2021 contributions in the amount of \$9,912 were made for the active employees and contributions were diverted from the defined contribution plan to the defined benefit plan in the amount of \$800,000. Additional contributions in the amount of \$800,000 were received from the Oklahoma County General Fund.

*Administrative Cost*

Administrative costs paid from the retirement fund include compensation of actuarial consultants, audit fees and bank fees.

**Net Pension Liability**

The net pension liability was measured as of June 30, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

*Actuarial Assumptions*

The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions:

Actuarial cost method	Entry Age Normal Method	
Amortization method	Level dollar, open	
Asset method	Fair Market Value of Assets	
Inflation	Not applicable	
Annual pay increases	5.00 percent	
Interest rates	Discount rate	2.75%
	Discount rate-Prior year	2.25%
	Expected long term rate of return	2.25%
	Municipal bond rate	2.16%

Mortality rates were based on the RP-2000 Combined Mortality Table, projected 20 years using Projection Scale AA, with separate tables for males and females.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

The Municipal bond rate came from the 20-Bond Index spot rate for the business day of June 30 2021 at 2.16%. The 20 Bond Index consists of 20 general obligation bonds that mature in 20 years.

The long-term expected rate of return on pension plan investments was determined using a block-method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2021 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash and short-term investments	99%	1.00%
Other investments	1%	3.00%

*Discount rate*

The discount rate used to measure the total pension liability was 2.75%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that contributions will be made at rates equal to the average ratio of the previous three year's contributions to actual benefit payments paid from the trust. Based on those assumptions, the pension plan's fiduciary net position was projected to be depleted by the current members during the 2034 fiscal year. Therefore, the long-term expected rate of return 2.75% was used to discount funded projected benefit payments and the municipal bond rate 2.16% was used to discount unfunded projected benefit payments to determine the total pension liability. The single effective discount rate used for the accounting valuation was 2.75%.

**Changes in the Net Pension Liability**

	<u>Increase (Decrease)</u>		
	<u>Total Pension Liability</u>	<u>Plan Fiduciary Net Position</u>	<u>Net Pension Liability</u>
	<u>(a)</u>	<u>(b)</u>	<u>(a)-(b)</u>

*Sensitivity of the net pension liability to changes in the discount rate*

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

The following presents the net pension liability, calculated using the discount rate of 2.75%, which came from 20 year municipal bond spot rate, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.75%) or 1-percentage-point higher (3.75%) than the current rate:

	1% Decrease (1.75%)	Current Discount Rate (2.75%)	1% Increase (3.75%)
A. Total Pension Liability	\$17,146,307	\$15,586,949	\$14,266,940
B. Plan Fiduciary Net Position	\$6,084,216	\$6,084,216	\$6,084,216
C. Net Pension Liability: A - B	\$11,062,091	\$9,502,733	\$8,182,724

For the year ended June 30, 2021, the County recognized pension expense of \$(784,716).

Since certain pension expense items are amortized over closed periods each year, the deferred portions of these items must be tracked annually. If the amounts increase the pension expense, they are labeled as deferred outflows and amounts that decrease the pension expense are labeled as deferred inflows. These outflows and inflows are amortized on a level dollar basis with no interest added for the deferral amounts. Deferred experience gains/losses and changes in assumptions are amortized over the average remaining service lives of all employees that are provided with pensions through the pension plan at the beginning of the measurement period. Investment gains/losses are amortized over a five year period. The following shows the summary of deferred outflows and inflows as of June 30, 2021:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Net difference between projected and actual Earnings on pension plan investments	-	(\$62,575)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

<b>Year ended June 30:</b>	<b>Amounts</b>
2022	\$(31,018)
2023	(\$27,177)
2024	(\$12,664)
2025	\$8,284
2026	\$0
Thereafter	\$0

A copy of the Defined Benefit Plan audit report can be obtained from the Finance Department of the Oklahoma County Clerk, 320 Robert S. Kerr, Room 206, Oklahoma City, OK 73102. Also available online at [www.countyclerk.oklahomacounty.org](http://www.countyclerk.oklahomacounty.org)

**2. Defined Contribution Retirement Plan**

Plan Description and Provisions. The Defined Contribution Plan is administered by Investrust. The County is responsible for making contributions as determined by written action of the County.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

Eligibility for the Defined Contribution Plan. A full-time employee shall be eligible to participate in the Plan, if actively employed after June 30, 1991, or on a leave of absence authorized by the Employer on that date. For purposes of determining eligibility, consecutive service prior to Retirement is not required.

Benefits of the Defined Contribution Plan are as follows:

- a. A Participant shall be entitled to receive the amount of their account, subject to vesting restrictions when their age plus years of service at least totals sixty (60), or if a participant’s employment is terminated at an earlier age as the result of a Total and Permanent Disability.
- b. If a participant shall continue in active employment following their Normal Retirement Date, they shall continue to participate in the Plan. Upon actual retirement, such participant shall be entitled to receive the entire amount of their contribution account as of their actual retirement date.
- c. Upon the death of a vested participant, their beneficiary shall be entitled to receive the entire amount of the participant’s vested contribution account.
- d. If a participant’s employment with the employer is terminated before their Normal Retirement Date for any reason other than Total and Permanent Disability or death, they shall be entitled to an amount equal to the “vested percentage” of their contribution account as set out in the Cash Out Policy.

A participant shall have vested and nonforfeitable rights in all or part of his account represented by Employer Contributions. Beginning November 1, 2005, per Title 19 Chapter 25 § 956.2, any Participant hired prior to November 1, 2005, will receive contributions as set forth by the percentages in the applicable table here after set forth:

The Defined Contribution Plan allows for partial vesting as provided in the following schedule:

1. Twenty percent (20%) vesting upon the completion of two (2) years of service;
2. Forty percent (40%) vesting upon the completion of three (3) years of service;
3. Sixty percent (60%) vesting upon the completion of four (4) years of service;
4. Eighty percent (80%) vesting upon the completion of five (5) years of service;
5. One hundred percent (100%) vesting upon the completion of (6) years of service.

If partially vested upon termination, the vested portion is retained in the individual’s account, while the non-vested portion will be forfeited upon the expiration of a six (6) month break in service. A plan participant whose employment terminates prior to approval from the Retirement Board to receive retirement benefits or who is no longer eligible to receive retirement benefits due to a change in employment may, after twelve (12) months from termination or change in status date, elect to withdraw one hundred percent (100%) of the employee’s vested interest in the Retirement Plan.

- e. After the expiration of the twelve (12) month break in service, the amounts forfeited shall be used to offset prospective Employer contributions or to pay expenses associated with the Retirement Plan.

Any Participant hired on or after November 1, 2005, will be fully vested after five (5) years of service. The percentages in the applicable table hereafter set forth:

Years of Credited Service	Percentage of Employer Contributions Vested
0-5	0%
5	100%

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

Distribution of benefits under the Defined Contribution Plan to or for the benefit of the Participant shall be made by one of the following methods:

1. A lump sum distribution of the entire Account Balance, payable immediately.
2. An installment distribution consisting of approximately equal installments for a term not extending beyond the joint life expectancy (as calculated in accordance with Internal Revenue Service's Regulations on the Initial Distribution Date) of the Participant and their spouse.
3. Systematic payments of specified amounts until account is exhausted.
4. A single lump sum, of a specified amount, payable immediately, and systematic payments of specified amounts until account is exhausted.
5. An installment distribution consisting of approximately equal installments for a term not extending beyond the life expectancy (as calculated in accordance with Internal Revenue Service's Regulations) on the Initial Distribution Date of the participant and their spouse.

Summary of Significant Accounting Policies

Accrual Method of Accounting

The Employees' Retirement System of Oklahoma County financial statements are prepared on the accrual basis of accounting. Contributions are recognized as revenue in the period in which the employees provide services. Investment income is recognized as earned. The net appreciation or depreciation in the fair value of investments is recorded to investment income based on the valuation of investments at fiscal year-end.

Investments

Investments are reported at fair value. At June 30, 2021, no investments in any one organization, excluding U.S. government securities, represents 5% or more of the net position available for pension benefits. There are no investments in loans to or leases with related parties.

Loans to Participants. During the 1998-99 fiscal year the Plan was amended to include a participant Loan Policy which states that each Plan Participant with a fully or partially vested account balance is eligible to participate. The maximum loan amount is the lesser of \$25,000 or 50% of the Participant's vested account balance. The minimum loan amount is \$1,000. The interest rate charged is the National Prime Rate of Interest and will be fixed for the life of the loan. During the current fiscal year, a total of \$5,632,692 was loaned to participants, making the total outstanding loans to participants in the amount of \$8,072,196 at June 30, 2021.

Contribution Requirements and Contributions Made. As specified by the Plan, Oklahoma County contributes an amount equal to 12% of the annual compensation of its participating employees' salary to the Plan. During the fiscal year ending June 30, 2021, County contributions were \$5,647,213 which is reflected as pension expense in the financial statements. The forfeiture account is a trust fund maintained by the Plan Administration and contains amounts previously contributed by the County but forfeited by terminated employees who had not become fully vested, or eligible to receive the total amount contributed by the County. The total amount forfeited during the fiscal year ending June 30, 2021 was \$1,426,782. Retirement benefits due to employees and beneficiaries at June 30, 2021 were \$137,518,673 at fair value, and are accounted for in a pension trust fund.

**E. Tax Abatements**

The County is subject to ad valorem tax abatements granted by the State of Oklahoma in accordance with the Oklahoma Constitution, Article X Section 6B for qualifying manufacturing concerns. Under this program, a five-year ad valorem tax exemption exempts all real and personal property that is necessary for the manufacturing of a product and facilities engaged in research and development which meet the requirements set by the Oklahoma Constitution and statutes. In exchange for the five-year exemption, qualifying manufacturing concerns must incur

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to the Financial Statements**  
**June 30, 2021**

investment costs of \$250,000 or more for construction, acquisition, or expansion of a manufacturing facility. In addition, there are general minimum payroll requirements that must be met, and qualifying manufacturing concern must offer basic health benefit plan to all full-time employees within 180 days of employment. The County had \$77,343 of ad valorem taxes abated under this program for the fiscal year ended June 30, 2021.

The State has an Ad Valorem Reimbursement Fund in accordance with Title 62 O.S. Section 193 that is used to reimburse the County for the loss of revenue. Contributions to this Fund come from a dedicated tax stream comprised of one percent of net state personal and corporate income tax revenues. The County received \$410,933 during fiscal year 2021 and has an outstanding, unpaid claim of \$77,343 off reimbursement from the State as of June 30, 2021.

**Notes to Schedule**

Valuation date:

Actuarially determined contribution rates are calculated as of July 1, 2021.

Methods and assumptions used to determine contribution rates:

Actuarial cost method  
Amortization method

Entry Age Normal.  
The Unfunded Actuarial Accrued Liability (UAAL) is amortized over a 30-year period using based on a level dollar, open amount.

Actuarial value of assets  
Inflation  
Annual pay increases  
Investment rate of return  
Mortality

Market value of assets  
2.25% per year  
5.00% per year  
2.25% per year, compounded annually, net of investment expenses.  
RP 2000 Combined Mortality Table, projected 20 years using Projection Scale AA, with separate tables for males and females. Sample rates are shown below:

Age	Male Rates	Female Rates	Age	Male Rates	Female Rates
20	0.024%	0.014%	55	0.247%	0.231%
25	0.031%	0.016%	60	0.489%	0.457%
30	0.040%	0.022%	65	0.961%	0.878%
35	0.070%	0.038%	70	1.641%	1.515%
40	0.092%	0.052%	75	2.854%	2.394%
45	0.116%	0.081%	80	5.265%	3.987%
50	0.149%	0.119%			

Cost of living adjustment  
Percent married

None assumed  
For active participants, it is based on their actual marital status on the valuation date. It is assumed that 50% of terminated vested participants are married. Males are assumed to be three years older than females if actual ages are not know.

Retirement Rates

For active members, the earlier of age 62 or age 55 with at least 30 years of service. Deferred vested participants are assumed to retire at age 62.

Expense load

It is the actual expenses incurred and paid from the pension trust for the prior year rounded to the nearest \$1,000.

Form of payment

Married participants are assumed to elect a 66 2/3% joint survivor annuity at retirement. Single participants are assumed to elect a life annuity at retirement.

Withdrawal rates

None assumed

Disability rates

None assumed

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to Budgetary Comparison Schedules**  
**June 30, 2021**

**Note I. Budgetary Data**

**Budgetary Comparison Schedules-General Fund and Debt Service Fund**

A cash basis of accounting is used to prepare the Budgetary Comparison Schedules. Reconciliation from the cash basis to the modified accrual basis of accounting, which is GAAP, is presented on the face of the schedule.

**Budget Law and Practice**

Guidelines for the County Budget Act are set out in Title 19, Section 1410 of the Oklahoma County Statutes. At least thirty (30) days prior to the beginning of each fiscal year, the county budget board shall complete a budget for each fund of the county for which a budget is required. Each budget shall provide a complete financial plan for the budget year. The budget format shall be as prescribed by the State Auditor and Inspector. The format shall contain at least the following in tabular form for each fund, itemized by department and account within each fund:

1. Actual revenues and expenditures for the immediate prior fiscal year;
2. Estimated actual revenues and expenditures for the current fiscal year; and
3. Estimated revenues and proposed expenditures for the budget year.

The Budget Board of Oklahoma County complies with the purpose of the Budget Act, which is to:

1. Establish uniform and sound fiscal procedures for the preparation, adoption, execution and control of budgets;
2. Enable counties to make financial plans for both current and capital expenditures and to ensure that their executive staffs administer their respective functions in accordance with adopted budgets;
3. Make available to public and investors sufficient information as to the financial conditions, requirements and expectations of the county government; and
4. Assist county governments to improve and implement generally accepted accounting principles as applied to governmental accounting, auditing, and financial reporting and standards of governmental finance management.

The legal level of control is that expenditures budgeted in each fund may not exceed the budgeted revenues, including fund balance, for the fund. Once approved the Oklahoma County Budget Board may amend the legally adopted budget when unexpected modifications are required in estimated revenues and appropriations.

Budgets are submitted annually in accordance with the budget act and are prepared on a modified cash basis. Revenues are budgeted in the year receipt is expected and expenditures, which include encumbrances, are budgeted in the year that the applicable purchase orders are expected to be issued. The budget and actual financial schedules are reported on this basis. Unencumbered appropriations for annually budgeted funds lapse ninety days after fiscal year-end. The General Fund and the Debt Service Fund are the two major funds with legally adopted annual budgets and Budgetary Comparison Schedules are presented as Required Supplementary. Reconciliation from the budgetary basis of accounting to accounting principles generally accepted in the United States of America is presented in the Budgetary Comparison Schedule. All other funds do not have annual adopted budgets. Appropriations for these funds are made on a monthly basis, according to the funds available.

**OKLAHOMA COUNTY, OKLAHOMA**  
**Notes to Budgetary Comparison Schedules**  
**June 30, 2021**

**Budgetary Control**

Each fund's appropriated budget is prepared on a detailed line item basis. Revenues are budgeted by source. Expenditures are budgeted by department and character (salary, benefits, travel, maintenance and operation and capital outlay) which constitutes the legal level of control. Expenditures may not exceed appropriations at this level. All budget revisions at this level are subject to authorization by the Department Head and approval by the Budget Board.

**Encumbrances**

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is utilized in the governmental funds. Encumbrances outstanding at year-end are reported as assignments of fund balance by purpose in the General Fund and as commitments or restrictions of fund balance in other governmental funds. Encumbrances do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

## ***Special Revenue Funds***

*Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects.*

***County Bridge and Road Improvement Fund*** – For the collection of fuel tax and gross production proceeds in to be used for the construction, replacement and repair of county roads and bridges including engineering and design services.

***Treasurer’s Mortgage Fee*** – For the collection of certification fees by the treasurer and restricted expenditures.

***County Clerk’s Lien Fee*** – For the collection of fees for mailing notices of mechanic liens and restricted expenditures.

***UCC Central Filing Fee*** – For the collection of fees and expenditures for filing Uniform Commercial Code financing statements.

***Records Management & Preservation*** – For the collection of fees and expenditures for the purpose of preserving, maintaining and archiving recorded instruments.

***Sheriff Service Fee*** – For the collection and processing of miscellaneous fees and the restricted expenditures.

***Sheriff Special Revenue Fund*** – Accounts for collections and expenditures of prisoner boarding fees, for the operation of the jail commissary, housing of federal prisoners, drug enforcement, travel and training activities of the sheriff’s department. Also used to record the revenues and expenditures of monies received from granting agencies in accordance with the general and specific terms of the grant agreement.

***Sheriff Grant Fund*** – For the collection and expenditures of state and federal grants for various programs in accordance with the terms of the grant agreements.

***Assessor’s Revolving Fee*** – For the collection and expenditures of fees for furnishing copies of records and maps by the Assessor.

***Juvenile Probation Fee*** – For the collection and expenditures of probation fees of juveniles.

***Juvenile Grant Fund*** – For the collection and expenditures of numerous state and federal grants for various juvenile offender programs in accordance with the terms of the grant agreements.

***Planning Commission*** – For the collection and expenditures of permit fees and petitions for amendments to zoning regulations.

***Local Emergency Planning Commission*** – For the collection and expenditures of federal grant funds for hazardous materials emergency planning.

# **NON-MAJOR GOVERNMENTAL FUNDS**

*(Continued)*

---

**Emergency Management** – For the collection and expenditures of federal grant funds for the general operation of the Emergency Management department.

**Community Service Fee Fund** – For the collection and expenditures of fees of persons sentenced by the court to perform community service.

**Community Sentencing** – For the collection and expenditures of Department of Corrections reimbursement.

**Drug Court** – For the collection and expenditures of state funding for the newly developed drug court program.

**Drug Court User Fee Fund** – For the collection and expenditures of user fees collected from offenders through the drug court program.

**Mental Health Court Fund** – For the collection and expenditures of state funding for the county mental health program which include drug testing and participant incentives.

**Shine Program** – For the collection and expenditures of funding for the program established for court ordered low level offenders to remove graffiti, overgrowth of weeds and grass, and the pickup and hauling of trash and debris from public areas in Oklahoma County.

**Emergency Rental Assistance** – The fund was established to account for the funds received from the U.S. Treasury Department's Emergency Rental Assistance Program established by the Coronavirus Aid Relief and Economic Security Act (CARES). The payments received from the fund may only be used to assist households that are unable to pay rent and utilities due to the COVID-19 pandemic.

**Election Board-CTCL** – The fund was established to account for the funds received from The Center for Tech and Civic Life (CTCL) Foundation. The grant funds must be used exclusively for the public purpose of planning and operationalizing safe and secure election administration in Oklahoma County covering costs that are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19).

## **Capital Project Funds**

Capital project funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

**Capital Projects Regular** – Established to be used for various capital improvement projects. The funds major financial resource is transfers from General Fund.

**Capital Projects Districts** – For the remaining fund balance of funds for highway capital projects.

# ***NON-MAJOR GOVERNMENTAL FUNDS***

*(Continued)*

---

***Capital Projects Tinker I*** –For the collection and expenditures of the remaining fund balance and interest earned from proceeds of a bond issue for the acquisition and clearing of land surrounding Tinker Air Force base.

***Capital Projects Tinker II*** – Accounts for the proceeds of general obligation bonds for the purpose of acquiring property in the vicinity of Tinker Air Force Base in order to provide for the safety of those citizens of the County as well as provide for the continued assurance of the economic well being of Oklahoma County and its citizens.

***Jail Facility*** – For the collection and expenditures of a temporary sales tax for the construction of the Oklahoma County jail.

***Sale of Property*** –For the collection and expenditure of funds received from the sale of land, sites or structures.

***OSU Building Fund*** –Established to account for the funds received from the sale of property where there Oklahoma County Extension Service building was previously located. A portion of the proceeds will be used for to provide a suitable replacement facility for the OSU Extension Center.

# ***FIDUCIARY FUNDS***

---

*Fiduciary funds are used to report assets held in a trustee or agency capacity for others and cannot be used to support the County's programs.*

***Agency Funds*** – *Used to report resources held by the County in a purely custodial capacity (assets equal liabilities). Agency funds involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, or other governments.*

Notes:

1. County's total unrestricted net position dropped in 2009 as a result of two long-term obligations incurred that have no corresponding assets:
- (1) the issuance of long-term bonds whose proceeds were used to acquire property and facilities that were transferred to the federal government for economic development purposes, and
- (2) long-term net obligations related to OPEB for which no advance-funded plan assets have been set aside.

**JUNE 30, 2021**  
(Unaudited)

<b>Governmental Unit</b>	<b>Debt Outstanding</b>	<b>Estimated Percentage Applicable<sup>1</sup></b>	<b>Estimated Share of Overlapping Debt</b>
Overlapping debt repaid with property taxes: County	\$2,055,305,000	78.9%	\$1,620,827,932
Oklahoma County direct debt	\$17,348,245	100.0%	<u>17,348,245</u>
Total direct and overlapping debt			<u><u>\$1,638,176,177</u></u>

Sources: Assessed value data used to estimate applicable percentages provided by the County Board of Equalization and Assessment. Debt outstanding data provided by the county.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the county. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Oklahoma County. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, over each overlapping government.

<sup>1</sup>The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the county's total taxable assessed value.

Less: exempt real property	<u>(191,888,528)</u>
Total assessed value	\$7,970,017,633
Debt limit (5% of total assessed value)	398,500,882
Debt applicable to limit:	
General obligation bonds	16,400,000
Less: Amount available in Debt Service fund	<u>(6,812,496)</u>
Total net debt applicable to limit	9,587,504
Legal debt margin	<u>\$388,913,378</u>

**Legal Debt Limit**

Note: Under state finance law, Oklahoma County's outstanding general obligation debt should not exceed 5% of total assessed property value. By law, the general obligation debt subject to the limitation may be offset by amounts set aside for repaying general obligation bonds.
