DAVID B. HOOTEN

OKLAHOMA COUNTY CLERK

TO THE CITIZENS OF OKLAHOMA COUNTY, OKLAHOMA

June 18, 2020

The Budget Board of Oklahoma County met in a special meeting on May 21st to develop the 2020-2021 Budget. The Board received estimates of needs from all County Departments for the fiscal year 2020-2021. The total General Fund budget requests along with estimated transfers out totaled \$106,915,054. Available general fund revenues including budgetary fund balance for the fiscal year 2020-2021 were estimated at \$105,693,802.

After much deliberation, the Board reduced requests to available revenues and proposed a balanced budget for public hearing on June 11, 2020. The final Budget was adopted on May 21, 2020.

The Board's commitment to fiscal responsibility by appropriating tax dollars prudently without requesting new sources of income from the taxpayers is commendable.

Oklahoma County follows the guidelines of the County Budget Act as set out in Title 19, Section 1410 of Oklahoma Statutes in developing and approving a balanced budget:

§ 1410. Fund Budgets required - Format - Contents

A. At least thirty (30) days prior to the beginning of each fiscal year, a budget for each fund of the county for which a budget is required shall be completed by the county budget board. Each budget shall provide a complete financial plan for the budget year. The budget format shall be as prescribed by the State Auditor and Inspector. The format shall contain at least the following in tabular form for each fund, itemized by department and account within each fund:

1. Actual revenues and expenditures for the immediate prior fiscal year;
2. Estimated actual revenues and expenditures for the current fiscal year; and
3. Estimated revenues and proposed expenditures for the budget year.

The Board has made every effort to comply with the purpose of the Budget Act which is:

1. Establish uniform and sound fiscal procedures for the preparation, adoption, execution and control of budgets;
2. Enable counties to make financial plans for both current and capital expenditures and to ensure that their executive staffs administer their respective functions in accordance with adopted budgets;
3. Make available to the public and investors sufficient information as to the financial conditions, requirements and expectations of the county government;

4. Assist county governments to improve and implement generally accepted accounting principles as applied to governmental accounting, auditing, and financial reporting and standards of governmental finance management.

The Budget Board plan as presented herein is an estimate and cannot be finalized because it is not possible to know with certainty the operating reserve or actual income before June 30th of any fiscal year. These estimates will be adjusted and presented for final approval at the same time the ad valorem levies for the general fund and debt service fund are presented for Excise Board approval. Depending on revised figures, budgets may be increased or decreased in September.

The Chairman of the Board would like to thank every member of the Budget Board for their dedication to fiscal responsibility and cooperation in the meetings, leading to a balanced budget.

Very truly yours,

Kevin Calvey, Chairman
Oklahoma County Budget Board

Forrest "Butch" Freeman,
Vice-Chairman
Oklahoma County Budget Board

Larry Stein, Oklahoma County Assessor

Mission: *The Oklahoma County Assessor is a public office created by statute by the Oklahoma Constitution to determine the fair market value of all property in Oklahoma County each year. The officer is elected every four years. The assessor's task each year is to discover all the property, list information about each property and set the market value for all property. The assessor's office is required to physically visit every parcel of property during a four year cycle.*

Each year the assessor is required by law to set the market value, process, mail, maintain and manage all of the property records of more than 350,000 parcels, or units, of property in the 720 square miles that make up Oklahoma County.

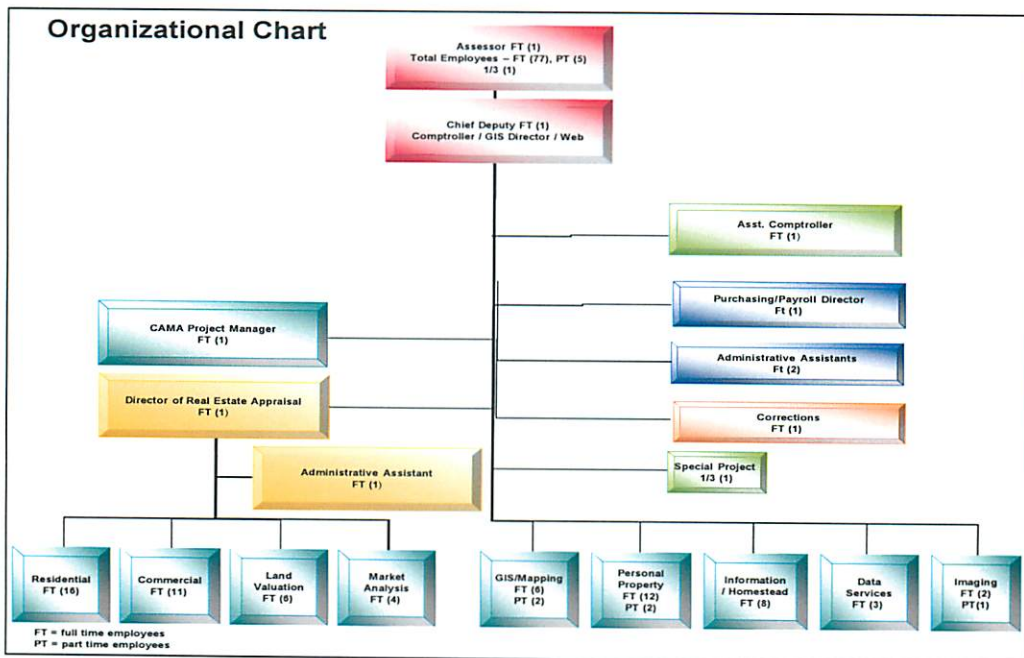

The Oklahoma Tax Commission requires that assessors meet accreditation standards (Title 68 § 2816). Currently 63 of the 78 assessor employees have obtained advanced accreditation. If those standards are not met by the assessor and staff involved in the assessing process, they may not serve in an elected or appointed position. The average length of employment in the assessor's office is 17 years with 67 percent of the employees having more than 10 years experience in the county assessor's office.

The assessor certifies the tax roll to the appropriate taxing authority. The taxes collected based on the assessor information are used to support law enforcement, local public schools, local technology centers and colleges, cities and towns, city/county libraries and county health departments. Out of each ad valorem property tax dollar, Oklahoma County currently receives approximately 9.8¢.

The Oklahoma County Assessor's Office has earned international awards for its website www.oklahomacounty.org/assessor where more than 13.6 million visitors a year can look up the most accurate property records available for free and link to other computer programs and county offices to get information about mortgages or tax obligations and payments. The Environmental Systems Research Institute (ESRI) awarded the Oklahoma County Website one of the best in the world out of more than 440,000 competitors around the world. These records help citizens understand the complicated process of assessing market value and how mill levies from cities, towns and schools impact the property taxes they are obliged to pay.

The nine departments in the Oklahoma County Assessor's office utilize state-of-the-art technology to perform their duties of assessing market-value on all properties and the performance of the office is carefully monitored to ensure statutory compliance with regular and surprise performance audits by the Auditor and Inspector's office and the Oklahoma Tax Commission (OTC). Each year the OTC executes a Performance Audit on every one of Oklahoma's 77 counties. During the past two years Oklahoma County has been one of the few counties earning a perfect score on the Performance Audit. Oklahoma County has worked closely with assessors around Oklahoma and the OTC to make improvements to better analyze the performance of all assessors. The Oklahoma County Staff has been involved in writing legislation and educating lawmakers to pass new laws to help citizens and property owners better understand information about their property and the requirements and duties of assessors. The Oklahoma County Assessor's office currently has approximately 78 full time and part-time employees, 50 employees fewer than the OTC indicates the minimum number of employees required for the workload in a county this size. Based on a cost per employee of approximately \$75,000 for salary and benefits, the Oklahoma County Assessor's office is operating at a savings to the taxpayers of nearly \$4 million a year.

The 2019 assessed value of all property in Oklahoma County is over \$7.92 billion, more than triple the assessed value of \$2.3 billion in 1990 and more than five times the \$1.4 Billion of assessed value in 1980. That value is determined by market forces and growth for demand for real estate in Oklahoma County. Oklahoma County has the most desirable commercial and residential real estate locations and properties in the state of Oklahoma and enjoys one of the fastest growing real estate markets in the southwest.

Leonard Sullivan, Oklahoma County Assessor

Visual Inspection O.S. Title 68 § 2820, 2822-2823

Although this is a general fund cost center, the nature of the fund is similar to a special revenue fund used for specific functions and can only be used for the visual inspection of property, not operations of other separate office functions. The County Assessor has a visual inspection plan to inspect all property within the county at least once every four years. The cost is shared by all local school districts and jurisdictions collecting an ad valorem levy. Each jurisdiction's share is proportional to its total levy the prior year. This results in the County funding approximately 9% of the Visual Inspection budget. Amounts billed but not collected from the previous year are taken in consideration as a reduction to the following year's budget appropriations.

Assessor Fee Revolving Fund O.S. Title 68 § 2829.1

Consists of fees collected by the Assessor for furnishing all records available for copying and for furnishing standard maps. Monies deposited to the fund shall be expended by the County Assessor and shall not be transferred to any other account for a purpose other than 1) For maintenance, replacement and upgrade of computer hardware and software associated with County Assessor databases and geographic information systems; and 2) To provide products and services generated from the databases and geographic information system to both public and private parties.

Forrest "Butch" Freeman, Oklahoma County Treasurer

Mission: *Together, employees of the Oklahoma County Treasurer's office will perform the duties prescribed by law and entrusted to us by the citizens of Oklahoma County with the highest level of integrity and accountability. We will accurately collect and remit taxes, administer all county monies and provide friendly and efficient professional service to those we serve.*

The County Treasurer is an elected constitutional officer with a four-year term whose primary function is to collect property taxes certified by the County Assessor from the assessment valuations placed on real estate, personal property, and public utilities in the County.

After collection, the Treasurer disburses the monies to the county, cities, towns and schools. The County Treasurer is the official custodian of all funds for the County and Treasurer for schools and career technology institutions that do not have their own treasurer.

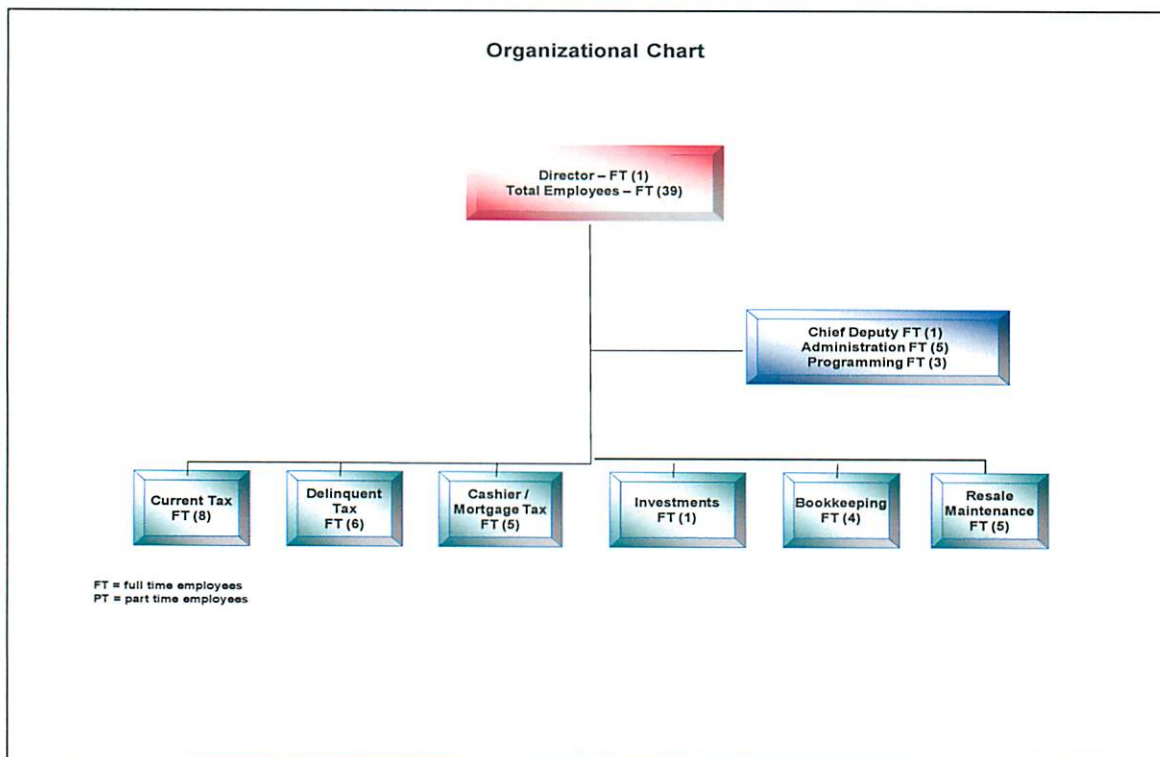

All checks and vouchers for all county departments are registered and maintained through the Treasurer's office. The Treasurer's office is also responsible for the investment of all county funds.

A majority of the tax collections are made by mail through an automated system that allows a faster and more accurate processing of payment and provides a daily balance and audit record. Tax collections are balanced on a daily, monthly, and year-to-date basis, which allows the investment of funds to be made with more accuracy. All special assessments, such as sewer, water, weed, cleaning, paving, and nuisance abatement taxes that are originally assessed by cities and towns in the county are certified to the County Treasurer for collection after they have become delinquent. They are placed as a lien on the real estate property account of the taxpayer.

The Treasurer's office manages County-owned property acquired at the annual sale of real estate for delinquent taxes. The Treasurer may sell these pieces of property, upon approval of the Board of County Commissioners.

Accomplishments: Our office is now accepting Delinquent Tax Payments to be paid with credit cards and e-checks. This is an added convenience for our customers to pay taxes.

Objectives: Working towards being more automated on our Resale and County owned. This will be an added convenience for our customers.

Carrie Blumert, Oklahoma County Commissioner - District 1

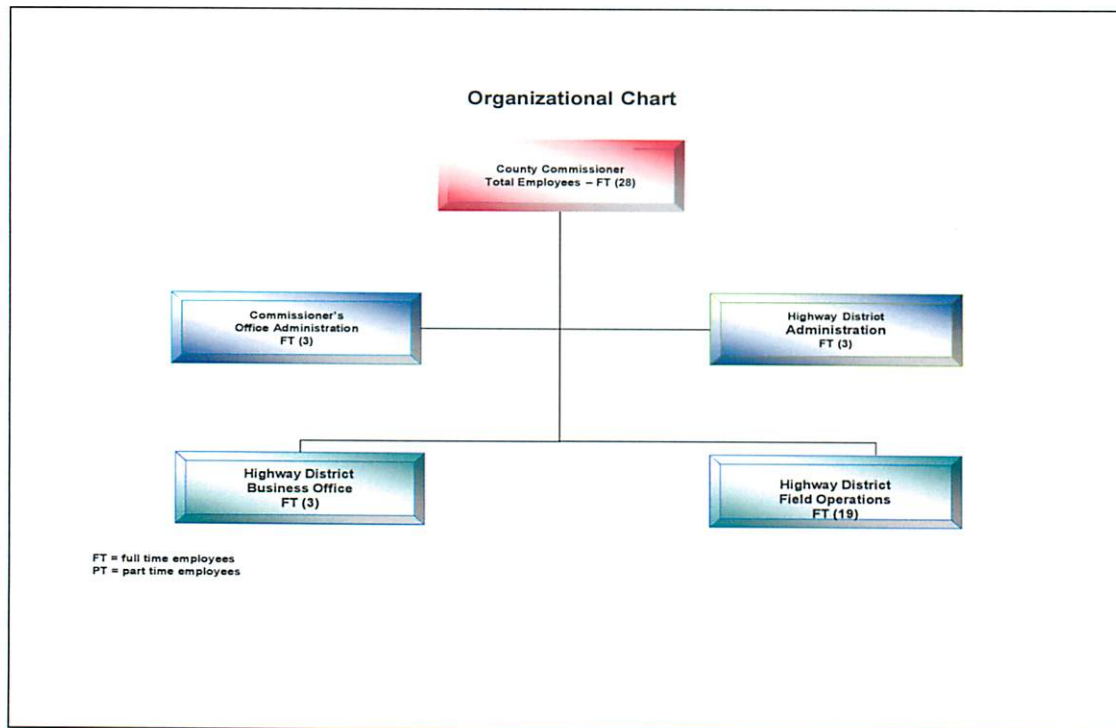

Mission: *To improve Oklahoma County District One services and infrastructure for the benefit of our citizens.*

Oklahoma County Highway District 1 exists to perform certain public works functions associated with the 238.43 miles of public roads within District 1 boundaries as defined after the 2000 Census. The mileage in District 1 represents 40% of the total road miles in Oklahoma County's total inventory of 595.98 road miles.

Road crews routinely perform road rehabilitation and reconstruction as well as drainage improvements, right of way maintenance and de-icing activities. Attention is primarily focused on maintenance of County section-line roads within the unincorporated areas of the county. Additionally, crews perform road maintenance and certain improvements within incorporated boundaries of cities with populations of less than 5,000. In addition to having more road miles than any other Highway District, more incorporated cities with population under 5,000 fall within the boundaries of District One. These include; Arcadia, Forest Park, Jones, Lake Aluma, Luther, Nicoma Park and Spencer.

District One operates within a balanced budget and is committed to limiting expenses associated with human capital at less than 50% of the total operating costs. Efficiency and cost effectiveness are the focus for Commissioner Johnson's administration. She is proud that this budget represents the fifth consecutive year that pledge to District One constituents has been achieved.

Kevin Calvey, Oklahoma County Commissioner - District 3

Mission: *District 3 seeks to provide our constituents with quality, safe, paved roads and bridges, deliver needed county services, ensure the effective and efficient management of county operations, and share timely and accurate information with constituents, municipalities, and others regarding county projects and activities.*

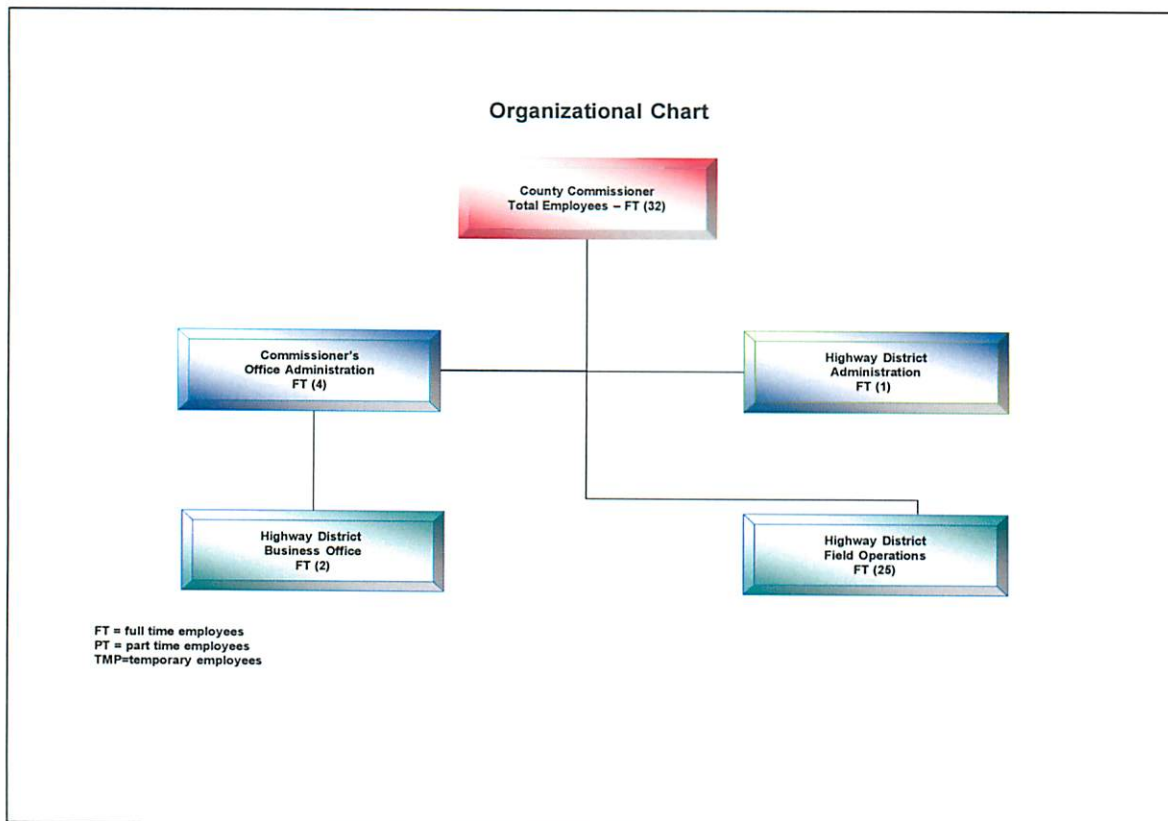

Oklahoma County Highway District 3 exists to construct and maintain the 180.6 miles of public roads within District 3's boundaries. The mileage in District 3 represents 30.2% of the road miles in Oklahoma County's total inventory of 597.51 road miles.

Road crews routinely perform road rehabilitation and reconstruction as well as drainage improvements, right of way maintenance and road-clearing activities. Attention is primarily focused on the maintenance of County section-line roads within the unincorporated areas of the county.

The County may also donate labor and equipment toward improvements on school grounds, which has resulted in a high number of requests for the construction of playgrounds, walking trails and parking lots on public school property within the District.

County road crews are also called upon to provide clean-up after natural disasters such as ice storms, tornados, and flooding within the District. Under the direction of County Commissioner Kevin Calvey and District Superintendent Ron Cardwell, the District 3 Highway Office operates within a balanced budget while limiting expenses associated with human capital at less than 35% of the total operating budget.

Oklahoma County Facilities Management

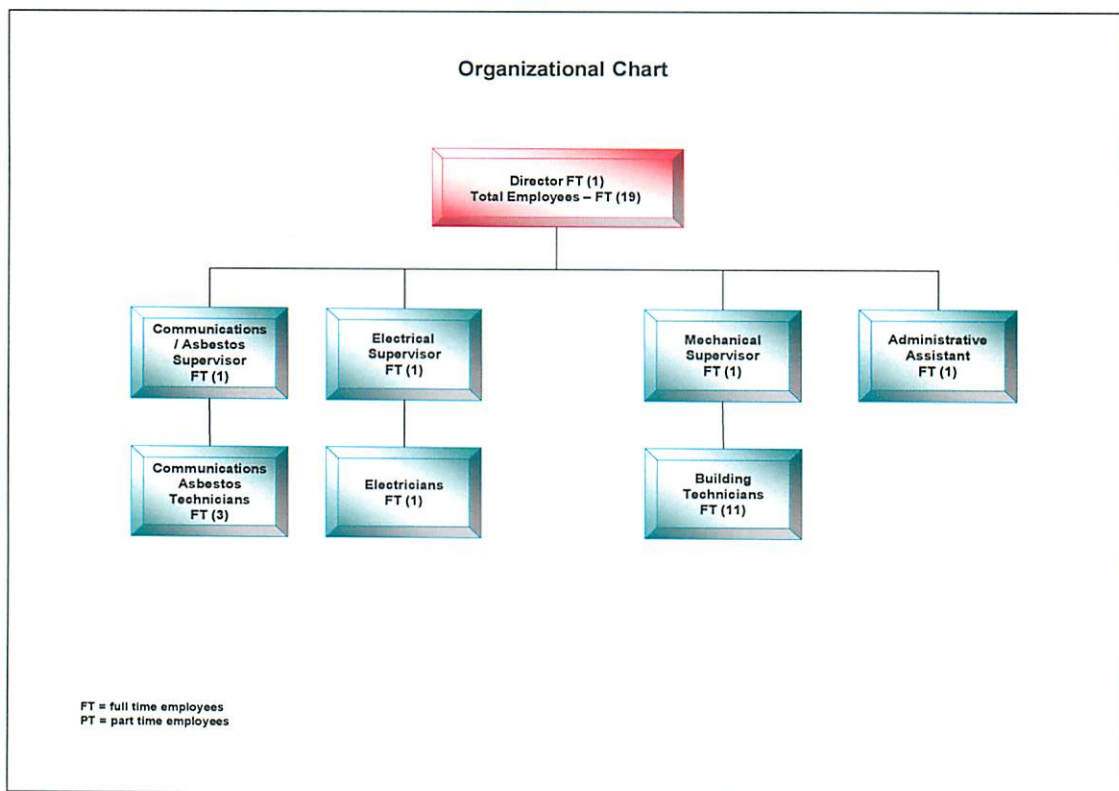

Mission: *To provide the employees of Oklahoma County, the elected officials, the public and the Board of County Commissioners a safe, clean and functional operating environment within all County and PBA owned buildings so that they may conduct the businesses of a governmental entity for the people of Oklahoma County. The department will strive to increase the efficiencies of facilities operations, capital improvement projects and the income/expense functions for the County and the Pubic Building Authority.*

The Facilities Management Department is a department of the Board of County Commissioners.

Facilities Management Operations: This area is critical to the success of the department because this is where all the County and PBA buildings are made functionally operable for County employees to be able to work without any disruptions to their respective functions. The heating and air conditioning, indoor air quality, public safety, plumbing, lighting, etc. all must be properly maintained so that the employees of Oklahoma County can operate the government of the County.

Facilities Management Administration: Administration will function within all departments of Property Management. They will act as a liaison between facilities management and the various offices of Oklahoma County as well as handling some of the accounting functions of the PBA and act as a support for the Director with capital improvement projects.

Capital Improvements: This area is involved heavily with other departments within the County such as Civil Engineering, Purchasing, Security (Sheriff), etc. Capital Improvements are critical to the County as a whole because these projects are what allow the County to continue to operate. New roofs, air-conditioning systems, mechanical systems, parking garages, etc. are just a few examples.

Funding Sources and Restrictions:

Prior to July 1, 2005, this department was fully funded by general fund appropriations. In an effort to better account for expenses of the Public Buildings Authority (PBA) properties, the PBA Board of Trustees amended the management agreement with the County effective July 1, 2005, which required the revenues and expenses of the properties to be accounted for in an Enterprise Fund. Prior to this, the expenses were paid out of multiple general fund cost centers.

Oklahoma County Court Services Unit

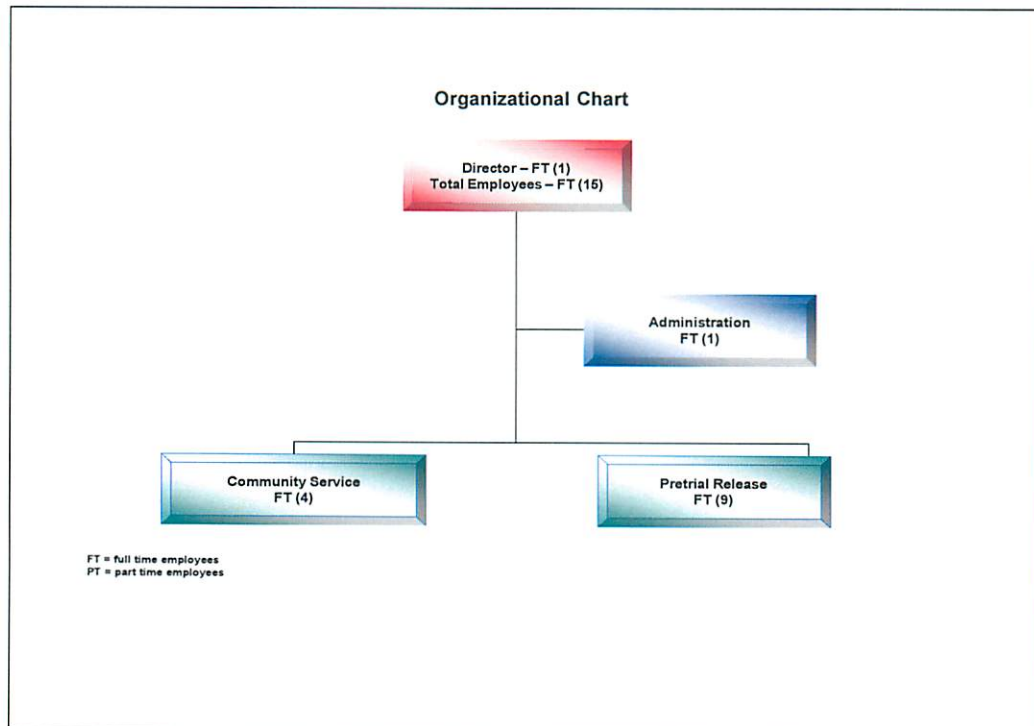

Mission: *Unit personnel are responsible for gathering information about an accused person to assist in making a determination to pre-trial release the individual from custody.*

Oklahoma County Court Services comprises the Pretrial Release unit, and Community Services unit. O.S. Title 22 § 1105.1 established the Pre-trial Release Act, while O.S. Title 22 Chapter 16 § 991a-4.1 established the Community Service Sentencing Program. Unit personnel are responsible for gathering and reviewing neutral and validated information about an accused person to assist the courts in making an effective determination on an individuals pretrial release.

Pretrial Release was organized to alleviate jail overcrowding. Furthermore, the Pretrial Release Program is an alternative program with the mission of protecting the public's safety and interest, while providing alternative resources for the Courts, the District Attorney's Office, the City, the County and the public at large. To meet our goals, our program has to assure the key components of safety and security. We offer an alternative to incarceration for those defendants unable to post a bond or secure their own release from custody due to a lack for resources. As a condition of release, the defendant will agree to be supervised and accept treatment recommendations. An important by-product of the program is the cost savings to the taxpayers of Oklahoma County. The program enables a client to be released and to prepare for trial as one who has means. In 2018, Court Services case managers completed 13,848 investigations on defendants in jail. The number of defendants released was 2,016. Based on a minimal stay of 60 days in the County Jail at a cost of \$47.99 a day, the savings to the jail was \$5,804,870.40 in 2018.

The purpose of the Community Service program is to place at the appropriate non-profit Agencies persons who have been sentenced by the Courts to complete a set amount of Community Service hours in lieu of jail time. Agencies supervise and verify the hours worked by each client. Community Service personnel then report to the Court's, District Attorney and Probation Officer when the client completes or fails to complete his/her Community Service. In 2018, Community Service opened 2,243 new client cases.

One additional positive factor to consider is the number of Community Service hours worked by those who are released. From January to December 2018 there were in excess of 52,452 hours worked by these clients at various non-profit and government agencies. Based on the minimum wage of \$7.25 those hours saved the taxpayers an additional amount of \$380,277.

Oklahoma County Community Sentencing

Mission: *To enhance public safety by supervising offenders sentenced to court-ordered probation, while providing access to treatment and services, and using evidence based practices, to increase pro-social behavior and reduce criminogenic needs.*

The Office of Community Sentencing continues through our private provider TEEM (The Educational and Employment Ministry), to oversee a combined caseload of over 650 offenders on a daily basis. As an alternative to incarceration, Oklahoma County judges utilize this sentencing mechanism as a method to provide supervision for compliance of individualized probation plans. Case managers supervise offenders and coordinate all individualized treatment plans, as well as provide access to other beneficial programs and services. For non-compliance, including ongoing illegal use of substances, failure to report, failure to attend classes and lack of payment for required fees, offenders pose a greater risk to the public's safety, and may be sanctioned by the court in a number of ways, including jail time or sentencing to the Oklahoma Department of Corrections.

Offender profiles continue to evolve. National current thinking emphasizes special management strategies for supervising violent offenders, those suffering from chronic mental illness (CMI), female offenders, and other groups. To that end, Community Sentencing has expanded its approach in providing programs with the development of a Cognitive Education program and revising Substance Abuse Treatment. The Female Opportunity Group (FOG) appears to be an on-going success. A similar group for men is being considered. In 2013, an Employment Specialist was hired to assist eligible offenders with pre-employment and referral services. All these objectives require robust staff training.

Oklahoma County Community Sentencing Planning Council has vigorously supported the program's new goals, and its ongoing partnership with the Oklahoma Department of Corrections symbolizes one team, with one mission.

Oklahoma County Emergency Management

Mission: *To set a standard of excellence in providing progressive and professional planning, and cooperative and efficient service to the citizens of Oklahoma County, before, during and after a major emergency or disaster.*

Emergency Management is a department of the Board of County Commissioners. Oklahoma State Statutes pertaining to the implementation and operation of the county Office of Emergency Management include O.S. Title 63 § 683.2, 3, 11, 12, 17.

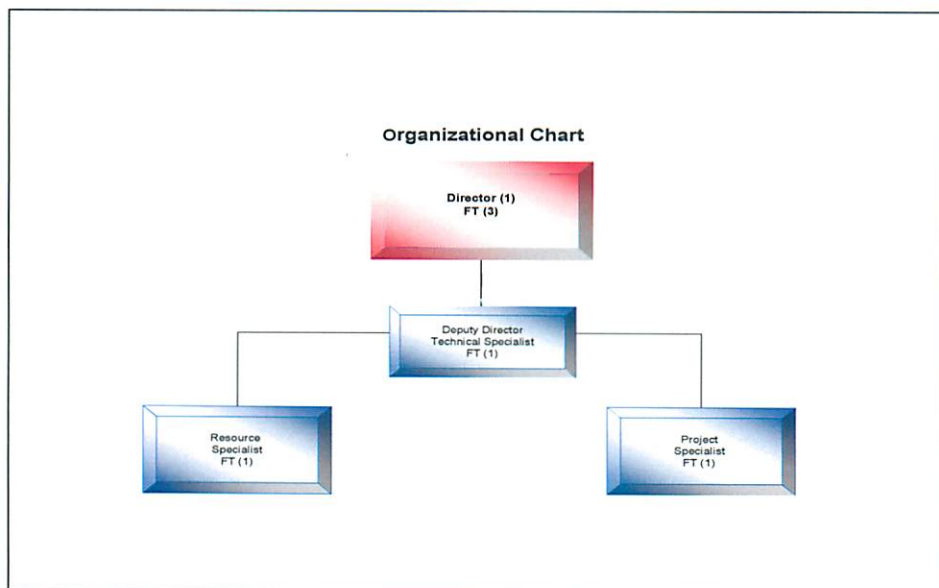

Emergency Management operations focus on four main aspects, those being mitigation, preparedness, response and recovery. While somewhat broad in scope, these areas actually require multiple specific tasks and operations. Striving to prevent or lessen the impact of a potentially disastrous event is the focus of mitigation, such as with the Crutcho Creek, Triple XXX, and Wilshire Bridge Projects. Preparedness efforts include detailed planning, education and exercise activities. Information is provided through the distribution of printed materials and multiple public education presentations and training sessions for a variety of groups and organizations. All individuals and groups are encouraged to plan and are assisted in the development of emergency plans to be utilized whether at home, work, or elsewhere. Oklahoma County Emergency Management also develops and maintains the comprehensive Oklahoma County Emergency Operation Plan, Hazard Mitigation Plan, and multiple other critical operations-related guides, and works to insure they are periodically reviewed and updated.

Response activities dictate 24-hour "readiness" and may require the use of specialized equipment and/or skills. Mobile communications units, weather monitoring capabilities and other resources are available at all times in support of any jurisdiction within the county and region. We additionally provide severe weather monitoring and warning capabilities both through the staffing of the Emergency Operation Center and by utilizing the Citizen Volunteer Team, trained to provide several essential services. Many county-owned fire department emergency response units, provided and partially maintained through the budgeting process by the County Commissioners, are also maintained within the county and coordinated by the Office of Emergency Management.

Recovery activities include working closely with FEMA, the Federal Small Business Administration and the Oklahoma Department of Emergency Management to secure reimbursement and other forms of assistance before, during and following a "declared" disaster. Additional recovery assistance is provided by helping citizens register for available benefits and through the coordination of post-disaster cleanup and restoration activities.

Accomplishments: Continued operations at the Regional Multi-Agency Coordination Center (4600 Martin Luther King) and at the Backup Emergency Operations Center (County Annex Bldg.), assisted with updating and coordination of multiple local and regional planning documents, support of multiple OK County Fire/Rescue Departments and associated emergency response activities. Continued enhancement and support of emergency communications capabilities for multiple departments and the region. Delivered and participated in multiple public education opportunities, work groups, local and regional committees, planning projects and exercises. Provided support and assistance at multiple emergency incidents and continue to coordinate the monthly Eastern Oklahoma County Fire Chiefs Meetings.

Social Services

Mission: *Working toward a healthy, stable, and senior-friendly county.*

Oklahoma County Social Services provides assistance to indigent, homeless, and older persons in Oklahoma County. We provide burial/cremation services under specific circumstances and have two pharmacies that provide prescription medications at no charge. The pharmacy also provides prescription medications to employees and retirees as a part of Oklahoma County's fringe benefits package. The department is involved in broad initiatives for seniors, homeless, and overall social service delivery methodology, and works with other agencies in the county to address identified needs for targeted populations.

Accomplishments - In 19-20, we continued partnership building in the social and senior services field and expanded our reach with homeless services, continued working on collective strategies for serving increased numbers of people in need, increased our pharmacy availability, and further strengthened the overall network of services through collaboration. We made adjustments to many processes to continue service delivery through the pandemic and will continue to assess and build on systematic strengths.

Objectives - In FY 20-21, we will continue building on the accomplishments of FY 19-20, and will change the delivery mechanism and scope of services previously provided under the Community Support program. We will capitalize on the efficiencies learned through the 2020 pandemic, and assess program processes for maximum impact and efficiency.
