December 23, 2002

TRANSMITTAL LETTER

COMMISSIONERS

BEVERLY HODGES
DISTRICT NO. 1

JACK CORNETT DISTRICT NO. 2

STUART EARNEST, SR. DISTRICT NO. 3

TO THE CITIZENS OF OKLAHOMA COUNTY:

Oklahoma County was established in 1907. The County shows its commitment to excellence in local government through strong leadership, high standards of professionalism, active citizen participation, and public accountability. As proof of that commitment, the June 30, 2002 Comprehensive Annual Financial Report (CAFR) is submitted. Additionally, this report complies with requirements of State Statutes. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the County.

The CAFR is presented in three sections.

- I. Introduction provides an overview of the County's organization and finances.
- II. Financial includes financial statements, notes, and reports thereon.
- III. Statistical provides historical and current financial data on general government operations, long-term debt, property taxes, and general information on the County's growth.

Overview of Oklahoma County Government

Situated in the heart of downtown Oklahoma City, the Oklahoma County Courthouse is the hub of many diverse activities. Consisting of a Courthouse Building, a County Office Building, a County Jail, and a Juvenile Justice Center, the government of Oklahoma County employs approximately 1,600 people and is a multi-million dollar operation.

Based on the U.S. Census Bureau, Oklahoma County has an estimated 2001 population of 662,153, making it the most populous county in the State of Oklahoma. The land area of Oklahoma County is 775 square miles. While Oklahoma is known for its oil and gas industry and its agricultural base, Oklahoma County has a diverse economy of manufacturing, aerospace, service, and industrial companies. Additionally, Oklahoma County is the home to Tinker Air Force Base, which is one of the largest depots for aircraft maintenance in the Department of Defense.

Oklahoma County is a constitutional form of government comprised of eight elected officials. There are three County Commissioners which form the Board of County Commissioners, a County Clerk, a Court Clerk, a Treasurer, a Sheriff, and an Assessor. The County Budget Board is comprised of the eight elected officials and is responsible for the preparation and adoption of the

County budget and for establishing County fiscal policies. The County Excise Board, consisting of three appointed members, officially certifies budgets and financial statements for all Oklahoma County municipalities and school districts. The County Clerk is secretary to all three of these public boards. These Boards comprise the management of Oklahoma County and are responsible for the administration of County services and information presented in the Comprehensive Annual Financial Report. All county officials are represented in civil matters by the Oklahoma County District Attorney, who is an elected official representing a state judicial district that encompasses Oklahoma County.

Oklahoma County government is a subdivision of the state government, and all of the powers exercised by the County are those delegated by the State, as authorized by the State Legislature and the State Constitution. Under the provisions of the County Budget Act, adopted in 1981, Oklahoma County created a Budget Board which established uniform fiscal procedures for the preparation, adoption, execution and control of county budgets. The State Auditor and Inspector is charged with the duty of auditing the fiscal matters of Oklahoma County on an annual basis.

Financial Reporting Entity

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not financially accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Component Units

Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Oklahoma County has two component units - The Oklahoma County Finance Authority, a discretely presented component unit and the Oklahoma County Public Buildings Authority, a blended component unit. Both issue separately audited Component Unit Financial Statements (CUFS). Copies of the CUFS may be obtained from the Oklahoma County Clerk's Accounting Division.

Related Organizations

The following related organizations are excluded from the financial reporting entity because the County does not exercise significant influence over their respective operations. Financial statements are available from the respective organizations. Related organizations are Oklahoma

County Home Finance Authority, Oklahoma County Industries Authority, and Oklahoma County Industrial Authority.

Employee Retirement Systems of Oklahoma County

In accordance with Oklahoma Statutes, Oklahoma County maintains two retirement systems: the defined benefit pension plan and the defined contribution plan. Both systems are administered by a nine member Board of Trustees which includes: the Chairman of the Board of County Commissioners, the County Treasurer, the County Clerk, two members appointed by the Board of County Commissioners, and four members elected from all eligible full-time employees, including one retiree. The assets of the defined benefit plan are managed by the Oklahoma County Treasurer, while County contributions to the defined contribution plan on behalf of employees are managed by employees themselves through the Plan's third party administrator, Prudential Asset Management, Incorporated.

Local Economy and Economic Outlook

As the largest metropolitan area in the state and the home of Oklahoma County, the Oklahoma City metropolitan area accounts for 14.6 percent of the state's population, 33 percent of the state's labor force, and 33 percent of the state's personal income. The availability of low-priced real estate, an abundant skilled labor force, a low cost of doing business, and a centralized geographical location make Oklahoma County a prime location for business. These assets are the key to Oklahoma County's growth.

While the fate of the Oklahoma economy has long been linked to the energy sector, the Oklahoma City metropolitan area economy has become increasingly diverse over the past decade, largely the result of efforts by business and community leaders to better insulate the local economy from the "boom and bust" cycles of the oil industry. The metropolitan area economy is comprised of eleven major sectors that include agribusiness, government, health care, mining, manufacturing, military, wholesale and retail trade, transportation, finance, insurance and real estate. The local economy's stability is enhanced by the presence of Oklahoma state government, numerous federal agencies, and Tinker Air Force Base, which brings over 24,100 military and civilian jobs and an estimated \$1.9 billion annual economic impact to local economy.

The Oklahoma City metropolitan area economy has slowed along with the nation and will complete a second consecutive year of modest growth in 2002. Despite slowing job growth, the rate of hiring in the metro area continues to exceed the rate for the nation. Oklahoma City area non-farm job growth was .7%, compared to a .7% decline of the nation's rate. Most of the jobs lost in the recent slowdown are confined to only four industry sectors: Manufacturing, Transportation, Communication, and Public Utilities. Strength in hiring is mostly concentrated in the Services, Construction, and Retail Trade sectors. The steady performance of the Oklahoma City economy during the recession makes a strong rebound unlikely. Oklahoma State University economic forecasters predict a modest increase in the pace of hiring from .6% for all of 2002 (see table below) to .9% in 2003. The unemployment rate is also expected to increase slightly from an

average of 4.3% for 2002 to 4.4% in 2003, but will remain well below the 6% unemployment rate forecast for the nation in 2003. Growth in personal income reflects the relatively strong job growth in the metro area and is expected to reach 4.9% for 2002 before falling slightly to 4.4% in 2003. This expected growth rate is only slightly below the 5.1% average experienced in the 1990 to 2001 period. With OKC area job growth well ahead of the nation, the metro area is expected to gain substantial ground in per-capita personal income, reaching \$28,751, or 89% of the expected national level of \$32,362, in 2003.

The following table depicts the composition of the Oklahoma City metro area workforce in all employment sectors, and reflects the two most recent calendar years available.

| (In Thousands) | <u>2001</u> | <u>2002</u> | Change |
|-----------------------------------|--------------|--------------|---------------|
| Mining | 7.5 | 7.7 | .2 |
| Construction | 23.9 | 25.1 | 1.2 |
| Manufacturing | 51.2 | 48.2 | 3 |
| Transportation & Public Utilities | 26.3 | 25.3 | -1.0 |
| Wholesale | 25.3 | 24.0 | -1.3 |
| Retail | 102.3 | 104.0 | 1.7 |
| Finance, Insurance & Real Estate | 29.8 | 30.3 | .5 |
| Services | 174.7 | 178.9 | 4.2 |
| Government | <u>103.2</u> | <u>103.9</u> | <u>.7</u> |
| Total Non-Farm Employment | 544.2 | 547.4 | 3.2 |
| Annual Percentage Change | | | .6% |

Source: U.S. Department of Labor, Bureau of Labor Statistics

As further evidence of a slowing local economy, non-residential building permits issued in the County declined from 364 in 2000 to 319 in 2001, a 12.4% decline. In contrast the number of residential building permits increased by 12.5%, from 3,042 permits in 2000, to 3,422 permits issued in 2001.

Economic activity in Oklahoma City area has slowed along with the nation in 2002, but just as in the last recession, the metro area is managing to add jobs as the national workforce contracts. The mild slowdown in the metro economy, however, is expected to translate into a mild recovery. The forecast calls for non-farm employment growth of .6% for all of 2002, followed by a rebound to .9% growth in 2003. The metro area will lag the 1.1% job growth expected for the nation in 2003-but exceed the .7% rate forecast for the state. Most of the job gains in 2003 are expected in the Services, Retail Trade, and Construction sectors. Only the Mining, Durable Manufacturing, Wholesale Trade, and State and Local Government sectors should experience job losses.

Opportunities for Growth through Education

Opportunities for higher education are also an important part of the Oklahoma County community. The metro area is home to several public and private colleges and universities. The University of Oklahoma in Norman is located just 20 miles south of downtown Oklahoma City. With a student enrollment of 28,582, the University of Oklahoma has a nationally-ranked College of Engineering, an outstanding health sciences program, and is a world leader in energy and meteorology research.

Oklahoma State University, with a student enrollment of 24,720 is only 65 miles northeast of Oklahoma City at Stillwater and has an Oklahoma City Branch within the County, with an enrollment of 6,522.

Other public colleges of higher education include Oklahoma City Community College in southwest Oklahoma City, with enrollment of 15,541 and Rose State College with enrollment of 11,177, a few minutes east of the downtown area. Private institutions include Oklahoma City University (OCU), with a current enrollment of 4,805 students. OCU is also a cultural attraction with art galleries and outstanding music and drama programs. Oklahoma Christian University and Southern Nazarene University are in adjacent suburbs within the County.

The University of Central Oklahoma, with an enrollment of 20,011, is 15 minutes north of Oklahoma City in Edmond, and offers a curriculum tailored to both working adults and students just out of high school.

Accountability and Budgetary Controls

The County has a comprehensive accounting and budgetary system. The County has a balanced budget and complies with requirements of the State Statutes and Oklahoma Constitution. The Budget Board of Oklahoma County has made every effort to comply with the purpose of the County Budget Act, which is:

- 1. Establish uniform and sound fiscal procedures for the preparation, adoption, execution and control of budgets;
- 2. Enable counties to make financial plans for both current and capital expenditures and to ensure that their executive staffs administer their respective functions in accordance with adopted budgets;
- 3. Make available to the public and investors sufficient information as to the financial conditions, requirements and expectations of the county government;
- 4. Assist county governments to improve and implement generally accepted accounting principles as applied to governmental accounting, auditing, and financial reporting and standards of governmental finance management.

The County has a comprehensive set of internal controls, which are reviewed annually as a part of the audit and routinely by the internal auditors. The County Clerk and the County Treasurer assist the state auditors in annual routine audits and assist in recommending and implementing new accounting procedures and internal controls.

The County Clerk supervises the Budget, Auditing, and Accounting functions of the Finance Division. The duties of that office include internal auditing of County financial records and

reports; examining claims for payment and certifying the availability of appropriations to pay claims; reviewing accounting records, property and equipment inventories, and auditing agreements and contracts whereby the County receives revenue.

Additionally, the County maintains budgetary controls to ensure compliance with legal provisions incorporated in the annual appropriated budget. The County Budget Board approves annually appropriated budgets for the General Fund and the Debt Service Fund. The level of budgetary control within the fund is by department and classification, described in Note I.D.2 of the financial statements.

General Governmental Functions

Summary Financial Information

The County General Fund reports the general government functions of the County. The General Fund budget includes most typical county activities. The following summary table depicts financial information for the County General Fund.

| Revenues and Other Sources | 2000-01 Actual | 2001-02 Actual | Increase/ (Decrease) | Percent Change |
|-----------------------------------|----------------|----------------|-------------------------|----------------|
| Ad valorem Taxes | \$32,090,923 | \$34,749,852 | \$2,658,929 | 8.3% |
| Charges for Services | 3,942,723 | 4,212,486 | 269,763 | 6.8% |
| Intergovernmental Revenues | 8,961,815 | 9,768,485 | 806,670 | 9.0% |
| Interest Income | 2,785,653 | 1,990,363 | (795,290) | (28.5)% |
| Miscellaneous Revenues | 1,831,228 | 1,670,256 | (160,972) | (8.8)% |
| Transfers-In/Other Sources | 9,814,414 | 814,123 | (9,000,291) | (91.7)% |
| Fund Balance at Beginning of Year | 9,835,195 | 7,809,187 | (2,026,008) | (20.6)% |
| Total Revenues and Other Sources | \$69,261,951 | \$61,014,752 | \$(8,247,199) | (11.9)% |
| Expenditures and Other Uses | 2000-01 Actual | 2001-02 Actual | Increase/ (Decrease) | Percent Change |
| General Government | \$22,650,726 | \$23,516,621 | \$865,895 | 3.8% |
| Public Safety | 16,664,667 | 16,905,740 | 241,073 | 1.4% |
| Health and Welfare | 3,706,979 | 3,862,804 | 155,825 | 4.2% |
| Culture and Recreation | 44,472 | 41,632 | (2,840) | (6.4)% |
| Education | 339,016 | 347,460 | 8,444 | 2.5% |
| Roads and Highways | 558,733 | 552,058 | (6,675) | (1.2)% |
| Capital Outlay | 6,218,437 | 899,709 | (5,318,728) | (85.5)% |
| Transfers-Out | 11,233,297 | 6,739,774 | (4,493,523) | (40.0)% |
| Total Expenditures and Other Uses | \$61,416,327 | \$52,865,798 | \$(8,550,529) | (13.9)% |

The 8.3% increase in ad valorem property tax collections reflects the continued, strong growth in new construction throughout the County, as well as increased property values. The Transfers-In and Out show a significant decrease due to temporary cash transfers being reported for 2000-2001 but only disclosed in the 2001-2002 financial statements. Continued expansions of federally-funded job training programs produced increased Intergovernmental revenues in FY 2001-02. The sharp decrease in capital outlay is due to the \$4,765,000 of the energy management improvements to county buildings reported in 2001.

The following two tables display how each revenue and expenditure category account for shares of the respective revenue and expenditure totals. As is common with county governments, ad-valorem, or property tax revenues make up Oklahoma County's single largest source of revenue. The current property tax rate is \$10.35 per \$1,000 of assessed valuation, which reflects the legal limit allowed by Oklahoma state statutes. Historically, property tax revenue has proven to be a reliable revenue source, resisting sharp fluctuations often associated with more economic-sensitive revenues, such as a sales tax. Other significant revenue sources include intergovernmental revenues and charges for services.

Many Oklahoma County functions fall into the General Governmental category, and include such Offices as County Treasurer, County Assessor, County Clerk, and County support functions. Public Safety, primarily the Sheriff, the County Jail and Juvenile Detention Center, accounts for the second largest component of County government.

| Revenue and Other Sources | Percent of Total Revenue/Other Sources |
|----------------------------|--|
| Ad Valorem Taxes | 57.0% |
| Charges for Services | 6.9% |
| Intergovernmental Revenues | 16.0% |
| Interest Income | 3.3% |
| Miscellaneous Revenues | 2.7% |
| Transfers-In/Other Sources | 1.3% |
| Fund Balance | 12.8% |

| Expenditures and Other Uses | Percent of Total Expend./Other Uses |
|-----------------------------|-------------------------------------|
| General Government | 44.5% |
| Public Safety | 32.0% |
| Health and Welfare | 7.3% |
| Culture and Recreation | 0.1% |
| Education | 0.7% |
| Roads and Highways | 1.0% |
| Capital Outlay | 1.7% |
| Transfers-Out | 12.7% |

Governmental Fund Balances

The following tables display fund balances in Oklahoma County's Governmental Funds as of June 30, 2002, with a comparison to fund balances for the prior fiscal year.

| Governmental Funds | Fund Balance at June 30, 2001 | Fund Balance at June 30, 2002 | Increase/ (Decrease) |
|------------------------|----------------------------------|----------------------------------|-------------------------|
| General Fund | \$7,809,187 | \$8,125,870 | \$316,683 |
| Special Revenue Funds | 18,685,593 | 22,031,971 | 3,346,378 |
| Debt Service Fund | 29,078 | 6,912 | (22,166) |
| Capital Projects Funds | 2,375,785 | 1,752,165 | (623,620) |
| Total | \$28,899,643 | \$31,916,918 | \$3,017,275 |

The above amounts reflect both unreserved fund balances and portions reserved for inventories and encumbrances. The increase in the General Fund and Special Revenue Fund balances can be attributed to a decrease in total expenditures along with a growth in revenue. The reduction in the Capital Projects fund balance is the result primarily of a decrease of funds transferred to the Capital Regular funds along with an increase in total expenditures for capital projects.

Pension Obligations

Reporting entity employees participate in two pension plans -a defined benefit plan and a defined contribution plan. The County's required contribution to these plans is 12% of salaries. These plans are: (1) Oklahoma County Employee Retirement Defined Benefit System, which as of June 30, 2002, had an "unfunded actuarial liability" of \$2,321,133, with a net asset market value of \$19,494,214 and (2) Defined Contribution Fund administered by Prudential Asset Management, Incorporated, in accordance with Oklahoma County Retirement Board of Trustee's policies and Plan Document, which as of June 30, 2002, had benefits due to employees, upon their qualifying for retirement benefits, and beneficiaries totaling \$58,397,662 reported at fair value. These plans are fully described in Note VI of the financial statements.

Cash Management

Each fiscal year, the County adopts formal investment policies for County funds. These policies provide general criteria for investment decisions and guidelines for investing County funds. The County's unrestricted idle cash is pooled for investments.

The County Treasurer invests primarily in direct obligations of the United States Government pledging its full faith and credit; certificates of deposit at savings and loan associations and banks which are federally insured and secured by acceptable collateral; and saving accounts at fully federally insured savings and loan associations and banks.

Risk Management

The County self-insures for health insurance, workers' compensation, and tort and liability claims. Administration of these functions is a combined effort of the County Clerk's Accounting Department, Mutual Assurance Administrators, a third party Administrator for the County's health

plans, and Consolidated Benefit Resources, a third party Administrator for worker's compensation claims. For additional information on the County's risk management activities, see Note I.E.5.

Future Capital Improvement Plans

Most the Oklahoma County's capital projects under consideration in the short-term focus on upgrading aging infrastructure in County buildings. These projects include upgrades to heating and cooling systems, replacing deteriorating plumbing and inadequate electrical wiring, exterior repairs, and elevator renovation. These projects are in various stages of planning and financing. Other long-term projects under consideration but not funded include an expansion of the County Extension facility, a new parking garage, remodeling of the Investors Capital building, renovation of courthouse space and security system for the courthouse and county annex building.

AWARDS AND RECOGNITION

Certificate of Achievement for Excellence in Financial Reporting

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Oklahoma County for its comprehensive annual financial report for the fiscal year ended June 30, 2001. This was the eighth consecutive year that Oklahoma County has received this prestigious award (fiscal years ended 1994-2001). In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

INDEPENDENT AUDIT

In accordance with Title 19.O.S. 2001 §171, the State Statute requires an annual audit for Oklahoma County. The audit is performed by the Oklahoma State Auditor and Inspector's Office. Their examination encompassed the combined and combining individual fund statements for the fiscal year ended June 30, 2002.

ACKNOWLEDGEMENTS

The dedicated work of the entire Finance Division of the County Clerk's office made possible the preparation of the County's Comprehensive Annual Financial Report. The County Treasurer and other accountants and administrators at various sites throughout the County provided additional, valuable help.

In addition, the County extends appreciation to the County Budget Board, which encourages and supports progressive accounting and reporting for both internal and external use.

INDEPENDENT AUDITOR'S REPORT

TO THE OFFICERS OF OKLAHOMA COUNTY, OKLAHOMA

We have audited the accompanying general-purpose financial statements of Oklahoma County, Oklahoma as of and for the year ended June 30, 2002, as listed in the table of contents. These financial statements are the responsibility of Oklahoma County's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the Oklahoma County Employees Defined Benefit Retirement Plan included in the Pension Trust Funds, which represent 25 percent of the assets of the Pension Trust Funds, or the Oklahoma County Finance Authority, which represents 100 percent of the assets and revenue of the discretely presented component unit. Additionally, we did not audit the financial statements of the Oklahoma County Public Buildings Authority, which represents 100 percent of the assets and revenue of the Enterprise Fund, a blended component unit. Those financial statements were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Oklahoma County Employees Retirement System, the Oklahoma County Finance Authority and the Oklahoma County Public Building Authority is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the reports of the other auditors, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of Oklahoma County as of June 30, 2002, and the results of its operations and cash flows of its proprietary fund types for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated December 3, 2002, on our consideration of Oklahoma County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit. This report is issued under separate cover in the Oklahoma County Single Audit Report.

The combining and individual fund financial statements listed in the table of contents are presented for the purposes of additional analysis and are not required part of the general-purpose financial statements of Oklahoma County. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

The accompanying information as listed in the table of contents under the Introduction and Statistical Sections is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been audited by us, and accordingly, we express no opinion on such data.

Sincerely,

CLIFTON H. SCOTT
State Auditor and Inspector

December 3, 2001

Oklahoma County, Oklahoma

GENERAL PURPOSE FINANCIAL STATEMENTS (GPFS)

The GPFS, also called the Combined Statements, are intended to provide a summary of the financial position and results of operation for all fund types and a summary of the financial position for all account groups. The GPFS include the independent auditors' report and the notes to the financial statements. The GPFS are "liftable" and may be published as a separate document from the Comprehensive Annual Financial Report for those readers who require less detailed financial information.

Note I. Summary of Significant Accounting Policies

I.A. Introduction

The financial statements of Oklahoma County are required to be prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Proprietary funds and similar component units apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails. The remainder of the Notes are organized to provide explanations, including required disclosures, of the County's financial activities for the fiscal year ended June 30, 2002.

I.B. Financial Reporting Entity - Basis of Presentation

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

I.B.1. Component Units

Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. Discretely presented component units are presented to the right of the financial data of the primary government to emphasize its legally separate status and to distinguish between the financial data of the primary government and those of the discretely presented component units.

The Oklahoma County Finance Authority and the Oklahoma County Public Buildings Authority issue separately audited Component Unit Financial Statements (CUFS). Copies of the CUFS may be obtained from the Oklahoma County Clerk's Accounting Division.

Notes to the Financial Statements June 30, 2002

Component units are presented in the reporting funds of the County's CAFR as shown in the table that follows.

Component Units

Brief Description of Activities and Key Inclusion Criteria

Funds

Public Trust:

Oklahoma County Finance Authority The Oklahoma County Finance Authority is a discretely presented component unit. Oklahoma County Finance Authority's purpose is to advance, finance and develop commercial and industrial projects or facilities and advance development of adequate housing within the County.

Proprietary Funds

In addition the Authority may hold, maintain and administer any leasehold rights in and to physical properties demised to the beneficiary. Board members are appointed by the Board of

County Commissioners and can be removed at will.

Oklahoma County Public Buildings Authority The Oklahoma County Public Buildings Authority is a blended component unit and was created for the primary purpose of financing, operating, constructing and administering any public works, improvements or facilities in Oklahoma County. The Authority achieves its purpose through the issuance of revenue bonds. The Board of County Commissioners

Proprietary Funds

serves as the Board of the Authority.

I.B.2 Related Organizations

The following related organizations are excluded from the financial reporting entity because the County does not exercise significant influence over their respective operations. Audited financial statements are available from the respective organizations. Related organizations are shown in the table that follows.

Brief Description of Activities and Reason for Exclusion

Public Trust:

Oklahoma County Home Finance Authority

The Home Finance Authority was created as a public trust under applicable Oklahoma Statutes on May 5, 1980, for the use and benefit of the Beneficiary, Oklahoma County, to finance and provide housing facilities as set forth in the Trust Indenture. Proceeds from the Oklahoma County Home Finance Authority were used, in part, to purchase the Oklahoma County Metro Parking Garage. The County has no significant influence over the management, budget or policies of the Home Finance Authority.

Oklahoma Industries Authority, Oklahoma County The Industries Authority was created as a public trust under applicable Oklahoma Statutes on December 15, 1966 and amended May 4, 1981. It was created for the use and benefit of the Beneficiary, Oklahoma County, Oklahoma, to finance, promote and aid in the development of industry and commerce as set forth in the Trust Indenture. The County has no significant influence over the management, budget or policies of the County Industries Authority. On November 1, 1997 the Authority issued \$2,750,000 in lease revenue bonds to fund the expansion of the Oklahoma County Juvenile Detention Center project. In February 2001, the Authority issued \$4,765,000 in lease revenue bonds to fund heating and cooling upgrades and lighting, electrical and plumbing improvements to county buildings.

Oklahoma County Industrial Authority

The Industrial Authority was created as a public trust under applicable Oklahoma Statutes on May 5, 1982. It was created for the use and benefit of the Beneficiary, Oklahoma County, Oklahoma, to finance, promote and aid in the development of industry and commerce as set forth in the Trust Indenture. The County has no significant influence over the management, budget or policies of the Industrial Authority operation.

I.B.3. Jointly Governed Organization

The City of Oklahoma City and the Board of County Commissioners of Oklahoma County participate in the City-County Board of Health (Board) whose purpose is to preserve and promote public health. Five members of the Board are appointed by the City Council, and four members are appointed by the Oklahoma County Commissioners with removal only for cause. The primary source of funding for the Board is an ad valorem tax levy. During fiscal year 1995-96 the City-County Health Department became totally independent of the County by agreement of the County and the City Council and the City-County Health Board. The County has no equity interest nor does the County contribute to the continued existence of the Board.

I.B.4. Fund and Account Groups

The County uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

The accounts of the reporting entity are organized into funds and accounts groups, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Each account group also comprises a separate self-balancing group of accounts. Funds are ordered into three major categories: governmental, proprietary, and fiduciary. Funds within each major category are grouped by fund type on the combined financial statements. The various funds are grouped by type in the financial statements. The types of funds and account groups utilized by the County are as follows:

<u>Governmental Fund Types</u> – These are the funds through which most governmental functions typically are financed. Funds included in this category are as follows:

General Fund - The General Fund accounts for all revenues and expenditures applicable to the general operations of county government that are not properly accounted for in another fund. All general operating revenues that are not restricted or designated as to use by outside sources are recorded in the General Fund.

Special Revenue Funds - There are five classifications (Highway Cash, Sheriff Special Revenue, Sheriff's Service Fee, Resale Property and Other Special Revenue Accounts) to account for operating funds for which the use of revenues is restricted by outside sources. Other Special Revenue Accounts include Assessor's Revolving, Assessor's Visual Inspection, Community Sentencing, Community Service Fee Fund, County Clerk's Lien Fee, County Clerk's Records Management Fee Fund, County Clerk's UCC Central Filing Fee Fund, Emergency Management,

Notes to the Financial Statements June 30, 2002

General Assistance-Making the Grade, Job Training Partnership Act, Juvenile Grant Fund, Juvenile Probation Fee Fund, Local Emergency Planning Committee, National CASA Grant, Planning Commission Fee Fund, and Treasurer's Mortgage Tax Certification Fees.

<u>Highway Cash</u> - Accounts for state, local and miscellaneous revenues and expenditures for the purpose of constructing and maintaining County roads and bridges.

<u>Sheriff Special Revenue Fund</u> – Accounts for collections and expenditure of prisoner boarding fees, for the operation of the jail commissary, housing of federal prisoners, drug enforcement, travel activities and training activities of the Sheriff's department. This fund is also used to record the revenues and expenditures of monies received from granting agencies in accordance with the general and specific terms of the grant agreement.

<u>Sheriff's Service Fee Account</u> - Accounts for the collection and expenditure of Sheriff process service fees as restricted by statute.

<u>Resale Property</u> - Accounts for the collection of interest and penalties on delinquent taxes and the disposition of same as restricted by statute.

Other Special Revenue Accounts:

Assessor Revolving Account -Accounts for the collection of fees restricted by state statute.

<u>Assessor's Visual Inspection</u> - Accounts for the collection and expenditure of monies by the Assessor as restricted by statute for the visual inspection program.

<u>Community Sentencing</u> – Accounts for the collection of offender fees and funding through the Department of Correction for administrative expenses and supervision of offenders.

<u>Community Service Fee Fund</u> – Accounts for fees collected for the supervision of misdemeanor defendants. This is a one-time fee assessed to each misdemeanor defendant prior to placement in the Community Service program.

<u>County Clerk's Lien Fee Account</u> - Accounts for lien fee collections and expenditures as restricted by statute.

<u>County Clerk's Records Management Fee Fund</u> – Accounts for fees collected for instruments filed in the with the Registrar of Deeds as restricted by statute for records preservation.

<u>County Clerk's UCC Central Filing Fee Fund</u> – Accounts for fees collected for the lawful operation of the filing office.

<u>Emergency Management</u> - Accounts for the receipt and expenditure of monies from state and local governments for civil defense purposes.

General Assistance-Making the Grade - Accounts for a school-to-work transition program funded by donations from the public.

<u>Job Training Partnership Act</u> - Accounts for federal financial assistance. This fund is used to record the expenditures of monies received from granting agencies in accordance with the general and specific terms of the grant agreements.

<u>Juvenile Grant Fund</u> – Accounts for all grants to support the programs and services provided at the Juvenile Detention facility.

<u>Juvenile Probation Fee Fund</u> – Accounts for court ordered fees paid by juvenile offenders appearing in District court. These funds are restricted to funding services for juveniles on probation.

Local Emergency Planning Committee – Accounts for business donations for a federally mandated committee. This committee is set up for safety planning for hazardous substances and chemicals that may be used or transported through Oklahoma County.

National Court Appointed Special Advocate (CASA) Grant – Accounts for federal financial assistance. This fund is used to record the revenues and expenditures of monies received from granting agencies in accordance with the terms of the grant agreement.

<u>Planning Commission Fee Fund</u> – Accounts for the collection and expenditure of fees for plats and zoning petitions as restricted by statute.

<u>Treasurer's Mortgage Tax Certification Fees</u> - Accounts for the collection of fees by the treasurer for certificates and the expenditures of the funds as restricted by statute.

<u>Debt Service Fund</u> - The Debt Service Fund is used to account for the payment of interest and principal on the matured portion of long-term bonded debt and civil judgments. Debt Service revenues are derived generally from a special ad valorem tax levy and from interest earned on investments of cash not immediately required for debt service payments.

<u>Capital Projects Funds</u> - The Capital Projects Funds are used to account for financial resources segregated for the acquisition or construction of major capital properties (other than those financed by trust funds). Oklahoma County has the following Capital Projects Funds: Jail Facility, Capital Projects Regular, Capital Projects Districts, Tinker Clearing Capital Project and Sale of Property.

<u>Jail Facility</u> - Accounts for the collection and expenditure of the temporary Oklahoma County sales tax for the construction of the County jail.

Capital Projects Regular - Accounts for County regular non-district capital projects.

Capital Projects Districts - Accounts for highway district-specific capital projects.

<u>Tinker Clearing Capital Project</u> - Accounts for Tinker clearing acquisition and development of property surrounding Tinker Air Force Base.

<u>Sale of Property</u> – Accounts for funds received from the sale of land, sites or structures. Funds are to be used for the purchase or construction of facilities as restricted by statute.

<u>Proprietary Fund Types</u> – Proprietary funds are used to account for ongoing organizations and activities that are similar to those found in the private sector. The funds included in this category are as follows:

<u>Internal Service Funds</u> - Internal Service Funds are used to account for the financing of goods or services provided by one department or agency of a government to other departments or agencies. Internal Service Funds in Oklahoma County are: Self Insurance Fund, Employee Benefit Fund and Worker's Compensation Fund.

<u>Self Insurance Fund</u> - Established to administer the County's self insurance and accounts for insurance receipts and expenditures.

<u>Employee Benefit Fund</u> - Established to administer the County's employee benefits and accounts for employee receipts and expenditures.

Worker's Compensation Fund - Established to administer the County's worker's compensation claims and accounts for worker's compensation receipts and expenditures.

<u>Enterprise Funds</u> - The Enterprise Fund is used to account for operations that are: (a) financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or

(b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. The Oklahoma County Public Buildings Authority, a blended component unit, became the custodian of enterprise funds beginning in fiscal year 1997-98 and is accounted for as an enterprise fund.

<u>Public Buildings Authority</u> – Accounts for the operations of the Public Buildings Authority blended component unit.

<u>Fiduciary Fund Types</u> – Fiduciary funds are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, and other governmental units and funds. These funds are as follows:

<u>Pension Trust Funds</u> – Pension trust funds account for assets held by the County in a trustee capacity. Pension trust funds are accounted for in essentially the same manner as proprietary funds.

<u>Defined Benefit Employee Retirement Fund</u> - Accounts for the receipt, investment, and distribution of retirement contributions for employees under the County defined benefit plan.

<u>Defined Contribution Employee Retirement Fund</u> - Accounts for the receipt, investment, and distribution of retirement contributions for employees under the County defined contribution plan.

Agency Funds - Agency funds are custodial in nature (i.e., assets equal liabilities) and do not involve measurement of results of operations. However, agency fund assets and liabilities are recognized using the modified accrual basis, described subsequently in this note. The County has five classifications of agency funds (Schools, Cities and Towns, Official Depository, Unapportioned Taxes and All Others).

<u>Schools</u> - Accounts for monies collected on behalf of the public schools in Oklahoma County from ad valorem taxes, state and local revenues, and remitted to them monthly.

<u>Cities and Towns</u> - Accounts for monies collected on behalf of the cities and towns from ad valorem taxes, state and local revenues and remitted to them monthly.

Official Depository – Accounts for the collection and distribution of officer and board fees, held in trust until the end of the month.

Notes to the Financial Statements June 30, 2002

<u>Unapportioned Taxes</u> - Accounts for taxes collected and being held for apportionment to various government entities.

Other Agency Funds:

<u>Health Department</u> - Accounts for monies collected on behalf of the City/County Health Department from ad valorem taxes, state and local revenues and remitted to them monthly.

<u>Law Library</u> - Accounts for monies received for disbursement from the state for the Law Library Board.

<u>Special Assessments</u> - Accounts for the collection and distribution of special assessment taxes on behalf of other entities.

<u>Individual Redemption</u> - Accounts for the monies collected and due to individuals from property tax sales on delinquent taxes.

Excess Resale - Accounts for the proceeds of sale of property in excess of tax against property to be held in trust for a two-year period.

<u>Foreign Mortgage</u> - Accounts for the collection of foreign mortgage fees from other counties for monthly distribution.

<u>Dependent Care</u> - Accounts for monies withheld and disbursed for employees with dependent care deductions from payroll.

<u>Juvenile Work Restitution Fund</u> – Accounts for the collection of court-ordered fines paid by the juvenile offender to repay crime victims.

<u>Account Groups</u> - The two account groups are not "funds." They are concerned only with the measurement of financial position and are not involved with measuring the results of operations.

General Fixed Assets Account Group - The General Fixed Assets Account Group is used to account for land, buildings and equipment. The value of public domain or infrastructure fixed assets, such as roads and bridges, has not been reflected on the financial statements.

General Long-Term Debt Account Group - The General Long-term Debt Account Group is used to account for the outstanding principal balances of general long-term debt and for compensated absences payable, capitalized lease obligations payable and judgments payable.

I.B.5. Total Columns - Memorandum Only

The total columns on the general purpose financial statements are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or cash flows of proprietary fund types in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

I.B.6. Comparative Data

Comparative data for the prior year has been presented in the accompanying general-purpose financial statements in order to provide an understanding of changes in the County's financial position and operation.

The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual - General Fund and Debt Service Fund presents comparisons of the legally adopted budget with actual data. The "actual" data, as presented in the comparison of budget to actual, will differ from the data as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances. Budgets are on a cash basis and the Combined Statement of Revenues, Expenditures and Changes in Fund Balances is on a modified accrual basis of accounting (GAAP-basis). A reconciliation from budget basis to GAAP-basis in presented. Under state statutes, the county budgets 100% of fixed revenues and only 90% of ad valorem tax dollars and other miscellaneous revenues, retaining a 10% delinquency reserve, explaining the difference between budget and actual revenues received. Revenues received in excess of estimated revenues are used as a carryover in the next year's budget.

I.C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

All proprietary funds and pension trust funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets.

I.C.1. Modified Accrual Basis of Accounting.

The modified accrual basis of accounting is used by all governmental fund types and agency funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable' means the amount of the transaction can be quantified and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The government considers property taxes as available if they are collected within 60 days after year-end. Expenditures are recorded when incurred and the related fund liability is expected to be paid from available spendable resources. Principal and interest on general long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year. Those revenues susceptible to accrual are property taxes, sales taxes and interest revenue. Other taxes collected and held by the State of Oklahoma Tax Commission at year-end on behalf of the government also are recognized as revenue. Charges for services are not susceptible to accrual because generally they are not measurable until received in cash.

I.C.2. Accrual Basis of Accounting

The accrual basis of accounting is used in proprietary fund types and pension trust funds. The accrual basis of accounting recognizes revenues when earned. Expenses are recorded when incurred.

I.D. Budgetary Data

I.D.1. Budget Law and Practice

Guidelines for the County Budget Act are set out in Title 19, Section 1410 of Oklahoma Statutes: 1410. Fund Budgets required - Format - Contents

At least thirty (30) days prior to the beginning of each fiscal year, a budget for each fund of the county for which a budget is required shall be completed by the county Budget Board. Each budget shall provide a complete financial plan for the budget year. The budget format shall be as prescribed by the State Auditor and Inspector. The format shall contain at least the following in tabular form for each fund, itemized by department and account within each fund:

- 1. Actual revenues and expenditures for the immediate prior fiscal year;
- 2. Estimated actual revenues and expenditures for the current fiscal year; and
- 3. Estimated revenues and proposed expenditures for the budget year.

The Budget Board of Oklahoma County complies with the purpose of the Budget Act, which is:

- 1. Establish uniform and sound fiscal procedures for the preparation, adoption, execution and control of budgets;
- 2. Enable counties to make financial plans for both current and capital expenditures and to ensure that their executive staffs administer their respective functions in accordance with adopted budgets;
- 3. Make available to the public and investors sufficient information as to the financial conditions, requirements and expectations of the county government;
- 4. Assist county governments to improve and implement generally accepted accounting principles as applied to governmental accounting, auditing and financial reporting, and standards of governmental finance management.

The legal level of control is that expenditures budgeted in each fund may not exceed budgeted revenues, including fund balance, for the fund. Once approved, the County Budget Board may amend the legally adopted budget when unexpected modifications are required in estimated revenues and appropriations.

Budgets are submitted annually in accordance with the budget act and are prepared on the cash basis. Revenues are budgeted in the year receipt is expected. Expenditures, which include encumbrances, are budgeted in the year that the applicable purchase orders are expected to be issued. The Debt Service Fund budget is prepared to provide funding for general obligation debt service when liabilities are due for payment. The budget and actual financial statements are reported on this basis. Unencumbered appropriations for annually budgeted funds lapse ninety days after fiscal year-end. Budgets are adopted on a basis consistent with State legal requirements. Annual appropriated budgets are adopted for the general, and debt service funds. Project-length financial plans are adopted for all capital projects funds. Other funds do not have annual budgets. Appropriations for these funds are made on a monthly basis, according to the funds available.

I.D.2. Budgetary Control

Each fund's appropriated budget is prepared on a detailed line-item basis. Revenues are budgeted by source. Expenditures are budgeted by department and character (salaries and wages, fringe benefits, travel, operation, capital and debt service), which constitutes the legal level of control. Expenditures may not exceed appropriations at this level. All budget revisions at this level are subject to authorization by the department head and approval by the Budget Board. All budget revisions are subject to final review by the County Budget Board. Revisions to the budget were made throughout the year.

I.D.3. Encumbrances

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation is utilized in the governmental funds. Encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year. Encumbrances do not lapse at the close of the year but are carried forward as reserved fund balance until liquidated.

I.E. Assets and Liabilities

I.E.1. Cash and Investments

Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the County. Interest earned on investments is allocated to the general fund except for those investments made specifically for the debt service fund and certain trust fund monies for which investment income is allocated to the investing fund.

State statutes authorize the County to invest in U.S. Government obligations; certificates of deposit; savings accounts; General Obligation bonds issued by counties, municipalities, or school districts; money judgments against counties, municipalities, or school districts; bonds and revenue notes issued by a public trust when the beneficiary of the trust is a county, municipality, or school district; negotiable certificates of deposit; prime bankers acceptances; prime commercial paper; repurchase agreements and money market funds. Investments are reported at fair value and cash deposits are reported at carrying amount. Additional cash and investment information is presented in Note III.A.2.

I.E.2. Inventories

Inventory in governmental funds consists of expendable supplies held for consumption stated on a first-in first-out basis. They are recorded at cost as an expenditure at the time individual items are purchased. Reported inventories are equally offset by a fund balance reserve, which indicates that it does not constitute "available spendable resources" even though it is a component of total assets.

I.E.3. Fixed Assets and Depreciation

All purchased fixed assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated fixed assets are valued at their estimated fair market value on the date donated.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, if applicable.

Public domain ("infrastructure") general fixed assets consisting of roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems are not capitalized, as these assets are immovable and of value only to the government.

Assets in the general fixed assets account group are not depreciated. Depreciation of buildings, equipment and vehicles in the enterprise fund is computed using the straight-line method. Estimated useful lives for depreciable assets are as follows:

| <u>Assets</u> | Years |
|----------------------------|--------------|
| Buildings and improvements | 25 |
| Equipment | 6 |

I.E.4. Deferred Compensation Plan

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code, Section 457. The plan, available to all County employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death or an unforeseeable emergency.

In the 98-99 fiscal year, the County implemented Governmental Accounting Standards Board Statement No. 32, "Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans". As a result, the County's 457 plan is no longer reflected in the agency fund of the county's financial statements since all assets are held in trust by a third party.

I.E.5. Risk Management - Self Insurance Funds

Oklahoma County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God. Significant losses are covered by commercial insurance for buildings and personal property. There have been no significant reductions in insurance coverage, and settlement amounts have not exceeded insurance coverage for the current year or the three prior years. The County currently is self-insured for health and dental benefits, worker's compensation and tort liability coverage. The employee benefits, worker's compensation, and self-insurance funds account for the risk financing activities of the County, but do not constitute a transfer of risk from the County.

The Health and Dental Plan was established by Oklahoma County to provide benefits for its employees, their dependents, eligible retirees and their survivors, participants covered under continuation of coverage, and employees on leave of absence as set forth in Title 11 O.S. 2001, §23-108. The majority of the cost of coverage for employees is paid by the County, and all other costs are intended to be an expense of the insured. Certain limitations are placed upon these benefits as to the amount of coverage and who may be covered in specific areas. Mutual Assurance Administrators, Incorporated is employed by Oklahoma County to administer the program. The administrator receives and pays claims from county funds based upon contract limitations. The administrator is responsible for insuring that claims are legitimate, based on enrollment information provided by the County and claims submitted by or on behalf of the claimant. The administrator receives a weekly fee for the services. The administrator also receives medical and life insurance premiums that are in turn remitted to Pacific Life, the carrier of stop-loss and life insurance coverage for Oklahoma County employees, retirees and their survivors.

Workers' Compensation in accordance with Title 85, of the Oklahoma State Statutes, employees are covered by the workers' compensation program at the expense of Oklahoma County at their date of employment. When an injury or work related illness occurs, an Occupational Injury Report is filed. There are three categories of compensation: (1) temporary total disability benefits equal to two-thirds of the employees' average weekly salary; and/or (2) one hundred percent (100%) of all medical bills paid; and/or (3) a permanent disability settlement. When an employee remains off work due to an occupational injury or illness, temporary total disability is paid until (a) the employee returns to full-time work with the employer; or (b) the employee requests a trial to determine permanent disability; or (c) the parties agree in writing that such payments may

Notes to the Financial Statements June 30, 2002

terminate; or (d) by court order. (Temporary total disability benefits may be terminated at any time without a court order in the case of an employee who has not filed a Form 3 or Form 3-b with the court.) The County employs Consolidated Benefit Resources as the administrator for the workers' compensation program at a yearly fee. In accordance with the contract, the administrator is responsible for opening the files, paying the medical bills and paying the time-loss claims and settlements incurred as a result of an accident or work-related illness.

<u>Self Insurance Fund</u> A self insurance fund is established for the payment of tort claims against the County as approved by the Board of County Commissioners.

Claims Liabilities

Liabilities for unpaid claims are estimates determined by independent actuaries using actuarial methods as follows: incurred loss development, paid loss development, frequency/severity, exposure/loss rate (incurred loss), and exposure/loss rate (paid loss). These liabilities are reported as accounts payable.

Unpaid Claims Liabilities

The following represent the changes in approximate aggregate liabilities for the County from July 1, 2001 to June 30, 2002:

| Health Care | Beginning of Fiscal Year Liability | Current Year Claims and Changes in Estimates | Claims Payments | Balance at Fiscal Year End |
|-----------------------|------------------------------------|--|-----------------|----------------------------------|
| 2000-2001 | \$568,000 | \$8,461,764 | \$(8,221,664) | \$808,100 |
| 2001-2002 | \$808,100 | \$8,532,533 | \$(8,347,333) | \$993,300 |
| Workers' Compensation | | | | |
| 2000-2001 | \$1,463,000 | \$ 748,313 | \$ (699,480) | \$1,511,833 |
| 2001-2002 | \$1,511,833 | \$ 887,786 | \$ (616,286) | \$1,783,333 |

Total tort claims incurred but not reported (IBNR) are not considered material to the financial statement for the year ended June 30, 2002.

I.E.6. Other Post-Employment Benefits

In addition to pension benefits described in Note VI, the County provides post-employment benefit options for health care, life insurance, dental insurance and disability income to eligible retirees, terminated employees and their dependents. The benefits are provided in accordance with County policies and the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). The criteria to determine eligibility include: years of service, employee age, disability due to line of duty, and whether the employee has vested in the respective retirement plan. The County funds the benefits on a pay-as-you-go basis. Eligible employees are required to pay set premiums for a portion of the cost, with the County subsidizing the remaining costs. During 2001-02, premiums of \$381,786 were paid by eligible participants. There are 411 participants currently eligible. Expenses for post-retirement health care benefits are recognized as eligible employee claims are paid and include a provision for incurred but not reported claims. During the year, expenditures of \$1,103,754 were recognized for post-employment benefits.

I.F. Revenues, Expenditures and Expenses

I.F.1. Compensated Absences

Accrued vacation leave is payable upon layoff, resignation, retirement, or death. Amounts of vested or accumulated vacation leave are reported in the general long-term debt account group as the liability is not expected to be paid from current resources. Therefore, no expenditure is reported for these amounts. At June 30, 2002, the accrued liability for annual and compensatory leave time recorded in the general long-term debt account group was \$2,846,719. Vested or accumulated vacation leave of *proprietary funds* is recorded as an expense and liability of those funds as the benefits accrue to employees.

There is no limitation on accruing unused sick leave. Sick leave does not vest, and therefore, is not reported. Unused sick leave shall contribute toward retirement for vested employees, 20 days being equivalent to one month. The maximum allowable is 130 days, which would allow an additional year.

II. Stewardship, Compliance, and Accountability

II.A. Deficit Retained Earnings

The Workers' Compensation internal service fund deficit balance in retained earnings of \$732,693 is the result of insufficient assets to cover actuarially determined unpaid claims liability. The Employee Benefits internal service fund deficit balance in retained earnings of \$687,986 is the result of insufficient income to offset expenses during the fiscal year. The enterprise fund deficit

balance in retained earnings of \$4,421,011 is the result of insufficient income to offset depreciation expense incurred since inception.

III. Detailed Notes on Funds and Account Groups

III.A. Assets

III.A.1. Property Taxes Receivable

The County's property tax is levied each October 1 on the assessed value listed as of January 1 of the same year for all real and personal property located in the County, except certain exempt property. Assessed values are established by the State Tax Commission and the State Equalization Board. A revaluation of all property is required once every five years. The assessed property value as of January 1, 2001, was approximately \$3,381,571,857 after excluding homestead exemptions of \$129,997,665.

The County Excise Board levied 10.35 mills for General Fund operations, 2.59 mills for the City-County Health Department, 5.20 mills for Metropolitan Library Commission and .01 mills for Debt Service.

In addition, the County also collects the ad valorem taxes assessed by cities and towns and school districts and apportions the ad valorem tax collected to the appropriate taxing unit.

Property taxes are collected and apportioned to the County. Taxes are levied annually on October 1 with one-half due by December 31 and the remaining one-half due by March 31. If exactly one-half of the amount due is not received by December 31, the full amount is due and becomes delinquent January 1st. If the taxpayer opts for one-half payment by December 31 but does not make the remaining payment by March 31, the balance becomes delinquent. Delinquent tax payments are subject to interest assessments at 18% annual percentage rate. Major tax payments are received in the months December through April, and are recognized as revenue in the year received. Delinquent tax payments are received throughout the year and are recognized as revenue in the year received, except for those received within 60 days of year-end, which are recognized as revenues as of June 30. Current year tax collections for the year ended June 30, 2002 were 95.9% of the tax levy.

III.A.2. Deposits and Investments - Primary Government

The County uses a pooled cash concept for deposits and investments except for the pension trust, and certain agency funds. All cash is pooled for operating and investment purposes and each fund has an equity in the pooled amount. The County considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. For reporting purposes, cash and investments have been allocated to each fund based on that fund's equity in the pooled amount. Investments are reported at fair value.

The County's deposits are categorized as either (1) insured or collateralized with securities held by the County or by its agent in the County's name; (2) collateralized with securities held by the pledging financial institution's trust department or agent in the County's name; and (3) uncollateralized. (This includes any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the County's name.)

Deposits, categorized by level of risk, are:

| | Bank | Category | | | Carrying | |
|---------------------------|--------------|--------------|------|-------|---------------|--|
| | Balance | 1 | 2 | 3 | Value | |
| Pooled Deposits: | | | | | | |
| Cash and cash equivalents | \$28,813,923 | \$28,813,016 | \$ - | \$907 | -\$42,898,882 | |
| Non-Pooled deposits: | | | • | | | |
| Pension Trust Funds | 438,004 | | | - | 363,251 | |
| Total Deposits | \$29,251,927 | \$28,813,016 | \$ - | \$907 | \$43,262,133 | |

Investments are categorized into these three categories of credit risk:

- 1) Insured or registered, or securities held by the county or its agent in the county's name.
- 2) Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the country's name.
- 3) Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the county's name.

III.B. Liabilities

III.B.1. Operating Leases

Oklahoma County is committed under various leases for office equipment and road equipment. These leases are considered for accounting purposes to be operating leases. Oklahoma Statutes prohibit the County from entering into contracts of this nature beyond the end of the fiscal year. Lease expenditures for the year ended June 30, 2002 amounted to \$439,980.

III.B.2. Capital Lease

Oklahoma County has entered into various agreements as lessee for financing the acquisition of highway equipment, the expansion of the Oklahoma County Juvenile Detention Center and an energy management project for county buildings which included heating and cooling upgrades, electrical improvements and other energy management improvements. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of the lease inception.

Leased buildings and equipment under capital leases in the General Fixed Assets Account Group at June 30, 2002 include the following:

| | General |
|-----------|---------------------|
| | Fixed Assets |
| Building | \$9,146,840 |
| Equipment | <u>1,133,325</u> |
| Total | <u>\$10,280,165</u> |

The following is a schedule of the future minimum lease payments under these capital leases, and the present value of the net minimum lease payments reported in the general long-term debt account group.

| | Total |
|--|--------------------|
| Fiscal year ending June 30, | Amount Due |
| 2003 | 1,468,050 |
| 2004 | 1,119,124 |
| 2005 | 1,016,717 |
| 2006 | 955,447 |
| 2007 | 953,927 |
| 2008 | 956,364 |
| 2009 | 768,047 |
| 2010 | 766,903 |
| 2011-2016 | 4,157,881 |
| Total minimum lease payments | 12,162,460 |
| Less: Interest | (3,325,950) |
| Present value of future minimum lease payments | <u>\$8,836,510</u> |

III.B.3. Debt Service Fund

The County's debt service fund, sometimes called a "sinking fund," accounts for the accumulation of financial resources for the payment of principal and interest on the County's general obligation debt. Ad valorem taxes collected for debt service are used to pay principal, interest and fiscal agent fees on the County's general obligation bonds and judgments.

III.B.4. Long-Term Debt

The following is a summary of changes in judgments during the fiscal year:

| | Original | Balance at | New | Amount | Balance at |
|-----------------|------------------|-----------------|------------------|-----------------|------------------|
| Case Number | Balance | June 30, 2001 | Judgments | <u>Paid</u> | June 30, 2002 |
| CJ-99-3038-69 | \$70,000 | \$23,333 | | \$23,333 | \$0 |
| CJ-96-5521-63 | 40,000 | 13,334 | - | 13,334 | 0 |
| CJ-2000-6832 | 40,000 | 40,000 | - | 13,333 | 26,667 |
| CJ-2001-6529 | 10,000 | - | 10,000 | _ | 10,000 |
| CJ-2001-6530 | 92,500 | - . | 92,500 | - | 92,500 |
| CJ-2001-2058 | 50,000 | · - | 50,000 | - | 50,000 |
| CJ-2001-7441 | 20,000 | - | 20,000 | - | 20,000 |
| CJ-2001-9179 | 80,000 | _ | 80,000 | - | 80,000 |
| CJ-98-4431-62 | 100,000 | - | 100,000 | | 100,000 |
| CJ-98-4016 | 100,000 | _ | 100,000 | | 100,000 |
| Total Judgments | <u>\$602,500</u> | <u>\$76,667</u> | <u>\$452,500</u> | <u>\$50,000</u> | <u>\$479,167</u> |

Schedule of Changes in General Long Term Debt:

| Long-term Debt | Balance July 1, 2001 | Additions | Reductions | Balance June 30, 2002 |
|-------------------|----------------------|-------------|-------------|-----------------------|
| Long term Debt | | | | 2002 |
| Compensated | | | | |
| Absences | \$2,880,900 | \$2,445,443 | \$2,479,624 | \$2,846,719 |
| Judgments | 76,667 | 452,500 | 50,000 | 479,167 |
| Capitalized Lease | | | · | |
| Obligations | 9,344,929 | 202,500 | 710,919 | 8,836,510 |
| Total | \$12,302,496 | \$3,099,943 | \$3,240,043 | \$12,162,396 |

Oklahoma statutes require the County to levy an additional ad valorem tax in amounts sufficient to meet sinking fund requirements as the principal and interest payments become due.

Notes to the Financial Statements June 30, 2002

III.C. Fund Equity and Balance

III.C.1. Reserved for Fund Equity

Reservations of fund equity show amounts that cannot be appropriated for expenditure or are legally restricted for specific uses. The purpose for each reserve is indicated by the account title on the face of the balance sheet.

III.C.2. Designated Fund Equity

Designations of fund equity are used to show the amounts within unreserved fund equity that are intended to be used for specific purposes, but are not legally restricted.

III.C.3. Contributions

The contributed capital balance at June 30, 2002 was \$5,285,658. No contributions or liquidations occurred during the year.

III.D. Interfund Activity

III.D.1. Interfund Transfers

During the year ended June 30, 2002, the County made operational transfers as follows:

| FROM | <u>TO</u> | AMOUNT |
|----------------------------|-------------------------------|-------------------|
| | GENERAL FUND | |
| Juvenile Grant Fund | General Fund | \$ 7,010 |
| Juvenile Probation Fund | General Fund | 2,295 |
| Public Buildings Authority | General Fund | 804,818 |
| Total | | <u>\$ 814,123</u> |
| General Fund | Highway Cash | (236,789) |
| General Fund | County Clerk Lien Fee | (20,000) |
| General Fund | Juvenile Grant Fund | (7,530) |
| General Fund | Capital Improvement - Regular | (250,000) |
| General Fund | Employee Benefits | (5,400,455) |
| General Fund | Worker's Compensation | (750,000) |
| General Fund | Self Insurance | (75,000) |
| Total | | \$(6,739,774) |

June 30, 2002

| (continued) | | | | |
|---|--|--|--|--|
| FROM | <u>TO</u> | <u>AMOUNT</u> | | |
| | SPECIAL REVENUES | | | |
| General Fund General Fund General Fund Total | Highway Cash County Clerk Lien Fee Juvenile Grant Fund | \$236,789 20,000 | | |
| Juvenile Probation Fund Juvenile Grant Fund Total | General Fund General Fund | \$(2,295) (7,010) \$(9,305) | | |
| | CAPITAL PROJECTS | | | |
| General Fund Total | Capital Improvement-Regular | \$250,000 \$250,000 | | |
| | INTERNAL SERVICE | | | |
| General Fund General Fund General Fund Total | Employee Benefits Workers' Compensation Self Insurance | \$5,400,455 750,000 <u>75,000</u> \$6,225,455 | | |
| | ENTERPRISE FUNDS | | | |
| Public Buildings Authority Total | General Fund | (804,816) \$ (804,816) | | |

The County also made temporary cash transfers totaling \$6,175,000 to the General Fund from the Resale Property Fund, Treasurer's Mortgage Fee Fund, Capital District, Capital Tinker, Workers Compensation and Unapportioned Fund. This amount was transferred back to the original funds and these temporary transfers are not reflected in the financial statements.

III.D.2. Short-term Interfund Receivables/Payables

During the course of operations, many transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other

funds" or "due to other funds." At June 30, 2002, \$259,942 was due to the County General Fund and due from the Officers Depository Fund.

III.E. Restatement and Prior Period Adjustments

Under the modified accrual basis of accounting the county considers property taxes as available if they are collected within 60 days after year-end. In prior years, Ad valorem taxes receivable were improperly reported under full accrual accounting, resulting in Ad valorem taxes receivable and Ad valorem tax revenue being overstated. Therefore, beginning Fund Balance of the General Fund, Special Revenue Fund and the Debt Service Fund for 2001 were overstated. This resulted in a restatement of ad valorem taxes revenue and receivables for 2001, as well as a prior period adjustment to the beginning fund balance for 2001 of \$7,969,716 (2001 presented as Memorandum Totals only).

| | General <u>Fund</u> | Special <u>Revenue</u> | Debt <u>Service</u> |
|---|------------------------|---------------------------|------------------------|
| Fund Balance at July 1, 2000, as previously reported | \$11,114,639 | \$26,082,304 | \$109,203 |
| Prior period adjustment | \$(1,279,444) | \$(6,679,777) | \$(10,495) |
| Fund Balance at July 1, 2000, as restated | \$9,835,195 | <u>\$19,402,527</u> | <u>\$98,708</u> |
| Fund Balance at June 30, 2001, as previously reported | \$9,246,931 | \$27,149,481 | \$37,488 |
| Adjustment to Ad valorem tax revenue | <u>\$(1,437,744)</u> | \$(8,463,888) | <u>\$(8,410)</u> |
| Fund Balance at June 30, 2001, as restated | 1 <u>\$7,809,187</u> | <u>\$18,685,593</u> | <u>\$29,078</u> |

IV. Related Party Transactions

Oklahoma County has entered into two capital lease agreements with the Oklahoma Industries Authority, as lessee, for the expansion and renovation of the Oklahoma County Juvenile Detention Center and for heating and cooling upgrades and electrical and plumbing renovations to County buildings. The Oklahoma Industries Authority is a public trust created under applicable Oklahoma Statutes. It was created for the use and benefit of the Beneficiary, Oklahoma County, to finance, promote and aid in the development of industry and commerce as set forth in the trust indenture. The County has no significant influence over the management, budget or policies of the Oklahoma Industries Authority; therefore, it is not reported as a component unit. The lease for the Juvenile Center expansion is for 15 years with a minimum lease payment present value of \$2,750,000. As

of June 30, 2002, the County had made lease payments in the amount of \$1,186,520, of which \$535,000 represents principal expenditure and \$651,520 represents interest expense. The lease for the County buildings upgrades and renovations is for 15 years with a minimum lease payment present value of \$4,765,000. As of June 30, 2002, the County had made lease payments in the amount of \$451,613, of which \$215,000 represents principal expenditure and \$236,613 represents interest expense.

V. Commitments and Contingent Liabilities

V.A. Federal Grants

The County receives financial assistance from the United States government in the form of grants. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to not be material to the General Purpose Financial Statements.

V.B. Litigation

The County is contingently liable for lawsuits and other claims in the ordinary course of its operations. The settlement of such contingencies under the budgetary process would require appropriation of revenues yet to be realized and would not materially affect the financial position of the County at June 30, 2002.

V.C. Commitments

Oklahoma statutes permit counties operating under the County Budget Act to establish a Capital Projects fund.

Capital projects are ongoing and are approved by the Board of County Commissioners. The fund balance of each project is listed below.

| <u>Project</u> | Fund Balance |
|----------------------------------|--------------|
| Capital Improvement-Regular | \$449,660 |
| Capital Improvement-Districts | 223,163 |
| Tinker Clearing Capital Projects | 1,037,804 |
| Jail Facility | 35,038 |
| Sale of Property | 6,500 |
| Total | \$1,752,165 |

VI. Retirement Plans

In accordance with Oklahoma Statutes, Oklahoma County maintains two single-employer public employees retirement plans. One plan, a defined benefit pension plan (the DB Plan) covers participants with retirement, death and disability benefits. Effective November 1, 1991, under House Bill 1226, County employees were given the option to join a defined contribution plan (the DC Plan). Both systems are administered by a nine-member Board of Trustees which includes the Chairman of the Board of County Commissioners, the County Treasurer, the County Clerk, two members appointed by the Board of County Commissioners, and four members elected from all eligible full-time employees. These plans are described below.

VI.A. Defined Benefit Retirement Plan

VI.A.1. Plan Description and Provisions

General

Benefits are fully vested at the end of eight years of participation.

As of June 30, 2002, employee membership data related to the Plan was as follows:

| Retirees and beneficiaries currently receiving benefits | 259 |
|---|------------|
| Terminated employees entitled to but not yet receiving benefits | 30 |
| Active plan participants | _24 |
| Total | <u>313</u> |

Those persons eligible for retirement benefits are as follows:

- a. Employee shall have reached the age of sixty-two (62) years and shall have been employed for a period of at least eight (8) years with Oklahoma County, the last two (2) years of service shall have been consecutive immediately preceding such retirement, and service with the County shall have ceased.
- b. Any employee who shall have completed eight (8) years of service as a County employee, the last two (2) years of which were consecutive, and who at the time of completing such eight (8) years of service shall not have reached the age of sixty-two (62) years, may elect to retire, such retirement benefits to begin when County employee shall have attained the age of sixty-two (62) years, provided that such election shall be in writing upon such forms as the Board of Trustees shall direct.

- c. Any employee who shall have completed thirty (30) years of service as a County employee, the last two (2) years of which were consecutive and attained age of fifty-five (55) may elect to retire.
- d. Any employee whose age and years of creditable service with the County equal eighty (80) may elect to retire.
- e. Any employee of the County covered by this who shall have completed eight (8) years of employment with this County and who by reason of disability shall become disabled to such an extent as to be unable to perform his/her duties as an employee may be entitled to disability retirement, and to such benefits as the Board of Trustees shall determine; provided, however, that the Board of Trustees shall find that said disability is total and permanent.

Disability Benefits

- (1) Any employee of the County making an application for disability benefits may be required to provide the Board of Trustees sworn affidavits of at least two (2) physicians selected by the applicant at his own expense and showing that, in the opinion of such physicians, such disability is total and permanent in its nature.
- (2) The Board may, if it so desires, appoint two (2) licensed physicians of its own choosing to examine the employee and such employee shall consent to said examination, and after such examination, if the said four (4) physicians be equally divided in their opinion the Trustees shall appoint a fifth (5th) licensed physician, the employee consenting to such examination. The question of eligibility by reason of total permanent disability shall be decided by the Board of Trustees after evaluation of opinion of all examining physicians.

An income average shall be used by calculating the average income of the highest three (3) years for said employee during participation in said retirement system. Upon completion of each of the following years the listed percentages shall apply:

| Year | <u>Percentages</u> |
|-----------|--------------------|
| 8th year | 21.31% |
| 9th year | 23.98% |
| 10th year | 26.65% |
| 11th year | 29.32% |
| 12th year | 31.99% |
| 13th year | 34.66% |
| 14th year | 37.33% |
| 15th year | 40.00% |

Sixteen (16) through thirty (30) years - an additional two percent (2%) of highest three (3) years average income per year.

For all years service after thirty (30) years, an additional one percent (1%) for each year's service. The sum of all creditable service shall not exceed thirty-five (35) years.

Death Benefits

If a married employee has completed eight years service but dies before he reaches the age of retirement, the surviving spouse shall receive benefits equal to 66 2/3% of benefits to be received by the employee under the plan at the assumed date of retirement.

If an employee receiving or eligible to receive retirement benefits dies, the surviving spouse shall receive retirement benefits in the amount of 66 2/3% of benefits the deceased was receiving, or was entitled to receive, for the remainder of the natural life of the surviving spouse.

Administrative Cost

Plan administration costs are paid by the employer.

Summary of Significant Accounting Policies

Accrual Method of Accounting

The Employees' Retirement System of Oklahoma County financial statements are prepared on the accrual basis of accounting. Contributions are recognized as revenue in the period in which the employees provide services. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Investment income is recognized as earned. The net appreciation or depreciation in the fair value of investments is recorded to investment income based on the valuation of investments at fiscal year-end.

Investments

Investments are reported at fair value. At June 30, 2002, no investments in any one organization, excluding U.S. government securities, represents 5% or more of the net assets available for pension benefits. There are no investments in loans to or leases with related parties.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits as of the end of the year are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered and include benefits expected to be paid to (a) retired employees, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

Benefits under the Plan are based on the average of the employees' three highest years' compensation. The accumulated plan benefits for active employees are based on current

OKLAHOMA COUNTY, OKLAHOMA

Notes to the Financial Statements June 30, 2002

compensation. Benefits payable under all circumstances - retirement, death, and disability - are included to the extent they are deemed attributable to employee service rendered to the end of the year.

The actuarial present value of accumulated plan benefits was determined by Bruce and Bruce Company, Consulting Actuaries and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of June 30, 2002, are summarized below:

- A. The 1971 Group Annuity Mortality Table was used to determine the life expectancy of participants.
- B. 75% of the members were assumed to retire at age 62, and 8 years of service: 25% were assumed to retire after Rule of 80.
- C. An average rate of return on investments of 7 1/2% was used in the valuations.
- D. Future salary changes of 5 1/2% per year.
- E. No inflation rate assumed.
- F. Future pension payments reflect no post-retirement benefit increases, which is consistent with the terms of the pension plan.
- G. Costs and contribution levels were developed using the Individual Entry Age Cost Method.
- H. The unfunded actuarial accrued liability is being amortized as level dollar over a 40 year period on an open basis on and before June 30, 2000, and over a 30 year period on and after July 1, 2000.

The actuarial assumptions are based on the presumption that the Plan will continue. Were the plan to terminate, different actuarial assumptions and other factors might be applicable. The Employees' Retirement System of Oklahoma County issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained from the Oklahoma County Clerk's Office.

VI.A.2. Funding Policy

Contributions are not actuarially determined, and no determination was made by an actuary of the implications of using a nonactuarial method.

As specified by the Plan, Oklahoma County contributes an amount equal to 12% of the annual compensation of its participating employees' salary to the Plan. If an employee terminates employment with less than 8 years of service, he or she is entitled to receive only their actual

contributions. In 1981, the Plan was amended to allow participating employees who were fifty-five years old or over and had fifteen years service to freeze their benefits at the level in effect at that time. No further employee contributions are required. During the fiscal year ended June 30, 2002, County contributions were \$1,254,881. This amount included \$1,174,368 from Defined Contribution forfeitures, in addition to the required contribution of \$80,513, to address the Plan's unfunded liability. Total payroll for employees covered by the plan was \$555,433.

VI.A.3. Annual Pension Cost and Net Pension Obligation

The County's annual pension cost and net pension obligation for the current year and the prior year are as follows:

| | 2002 | 2001 |
|---|----------------------|----------------------|
| Annual required contribution | \$466,124 | \$689,797 |
| Interest on net pension obligation | (134, 165) | (93,690) |
| Adjustments to annual required contribution | 159,720 | 99,936 |
| Annual pension cost | 491,679 | 696,043 |
| Contributions made | (1,254,881) | (1,235,705) |
| Increase (decrease) in net pension obligation | (763,202) | (539,662) |
| Net pension obligation beginning of year | (1,788,861) | (1,249,199) |
| Net pension obligation end of year | <u>\$(2,552,063)</u> | <u>\$(1,788,861)</u> |

The adjustment to the annual required contribution was incorrectly reported as a negative in 2001, resulting in an incorrect Annual Pension Cost and Net Pension Obligation. The presentation above shows the correct amount for 2001. The annual required contribution for the current year was determined as part of the June 30, 2002 actuarial valuation using the assumptions cited above.

VI.A.4. Trend Information

| Fiscal Year Ending | Annual Pension Cost (APC) | Percentage of APC Contributed | Net Pension Obligation |
|-----------------------|---------------------------|-------------------------------|---------------------------|
| 1998 | 581,161 | 19.60% | 282,224 |
| 1999 | 561,668 | 186.35% | (202,778) |
| 2000 | 463,565 | 325.73% | (1,249,199) |
| 2001 | 696,043 | 177.53% | (1,788,861) |
| 2002 | 491,679 | 255.22% | (2,552,063) |

VI.B. Defined Contribution Retirement Plan

VI.B.1. Plan Description and Provisions

The Defined Contribution Plan is administered by Prudential Asset Management Company, Incorporated. The County is responsible for making contributions as determined by written action of the County.

Eligibility for the Defined Contribution Plan

A full time employee shall be eligible to participate in the Plan, if actively employed after June 30, 1991, or on a leave of absence authorized by the Employer on that date. For purposes of determining eligibility, consecutive service prior to Retirement is not required.

Benefits of the Defined Contribution Plan are as follows:

- a. A Participant shall be entitled to receive the amount of their account, subject to vesting restrictions when their age plus years of service at least totals sixty (60), or if a participant's employment is terminated at an earlier age as the result of a Total and Permanent Disability.
- b. If a participant shall continue in active employment following their Normal Retirement Date, they shall continue to participate in the Plan. Upon actual retirement, such participant shall be entitled to receive the entire amount of their contribution account as of their actual retirement date.
- c. Upon the death of a vested participant, their beneficiary shall be entitled to receive the entire amount of the participant's vested contribution account.
- d. If a participant's employment with the employer is terminated before their Normal Retirement Date for any reason other than Total and Permanent Disability or death, they shall be entitled to an amount equal to the "vested percentage" of their contribution account as set out in the Cash Out Policy.

The Defined Contribution Plan allows for partial vesting as provided in the following schedule:

- 1. Twenty percent (20%) vesting upon the completion of two (2) years of service;
- 2. Forty percent (40%) vesting upon the completion of three (3) years of service;
- 3. Sixty percent (60%) vesting upon the completion of four (4) years of service;
- 4. Eighty percent (80%) vesting upon the completion of five (5) years of service;
- 5. One hundred percent (100%) vesting upon the completion of (6) years of service.

If partially vested upon termination, the vested portion is retained in the individual's account, while the non-vested portion is transferred to the escrow account and will be forfeited upon the expiration of a six (6) month break in service. A plan participant whose employment terminates prior to approval from the Retirement Board to receive retirement benefits or who is no longer eligible to receive retirement benefits due to a change in employment may, after six (6) months from termination or change in status date, elect to withdraw one hundred percent (100%) of the employee's vested interest in the Retirement Plan.

e. After the expiration of the six (6) month break in service, the amounts forfeited shall be used to offset prospective Employer contributions or to pay expenses associated with the Retirement Plan.

Distribution of benefits under the Defined Contribution Plan to or for the benefit of the Participant shall be made by one of the following methods:

- 1. A lump sum distribution of the entire Account Balance, payable immediately.
- 2. An installment distribution consisting of approximately equal installations for a term not extending beyond the joint life expectancy (as calculated in accordance with Internal Revenue Service's Regulations on the Initial Distribution Date of the Participant and their spouse.
- 3. Immediate Life Annuity Certain with monthly payments guaranteed for lifetime, or a specified amount of months, if longer.
- 4. Immediate Annuity Certain with a choice of monthly payments guaranteed.
- 5. Immediate Joint and Survivor-Life Annuity with monthly payments guaranteed for participants lifetime and that of the contingent annuitant following death. Payments made to contingent annuitant will be equal to a percentage of the monthly payment received by participant.
- 6. Immediate Joint and Survivor-Life Annuity with monthly payments guaranteed for the lifetime of participant and that of the contingent annuitant following participant death, or for certain amount of months chosen, if longer.
- 7. Systematic payments of specified amounts until account is exhausted.
- 8. A single lump sum, of a specified amount, payable immediately, and systematic payments of specified amounts until account is exhausted.

OKLAHOMA COUNTY, OKLAHOMA

Notes to the Financial Statements June 30, 2002

9. An installment distribution consisting of approximately equal installments for a term not extending beyond the life expectancy (as calculated in accordance with Internal Revenue Service's Regulations) on the Initial Distribution Date of the participant and their spouse.

Summary of Significant Accounting Policies

Accrual Method of Accounting

The Employees' Retirement System of Oklahoma County financial statements are prepared on the accrual basis of accounting. Contributions are recognized as revenue in the period in which the employees provide services. Investment income is recognized as earned. The net appreciation or depreciation in the fair value of investments is recorded to investment income based on the valuation of investments at fiscal year-end.

Investments

Investments are reported at fair value. At June 30, 2002, no investments in any one organization, excluding U.S. government securities, represents 5% or more of the net assets available for pension benefits. There are no investments in loans to or leases with related parties.

Loans to Participants:

During the 1998-99 fiscal year the Plan was amended to include a Loan Policy. The policy states that each Plan Participant with a fully or partially vested account balance is eligible to participate. The maximum loan amount shall be the lesser of \$25,000 or 50% of the Participant's nonforfeitable accrued benefit. The minimum loan amount will be \$1,000. The interest rate charged will be the National Prime Rate of Interest and will be fixed for the life of the loan. During the current fiscal year a total of \$1,867,400 was loaned to participants.

Employee membership data related to the plan is as follows:

| Employees | Employee Count | Total Payroll |
|---|----------------|---------------|
| Full Time Employees (Retirement Participant) | 1,536 | 38,886,677 |
| Part Time Employees (Retirement Non- Participant) | 126 | 810,268 |
| Total | 1,662 | 39,696,945 |

VI.B.2. Contribution Requirements and Contributions Made

As specified by the Plan, Oklahoma County contributes an amount equal to 12% of the annual compensation of its participating employees' salary to the Plan. During the fiscal year ending June 30, 2002, County contributions were \$3,492,060. In addition, the county utilized \$1,174,599 from the Defined Contribution forfeiture account to address the unfunded liability in the Defined Benefit Plan. These forfeited non-vested funds revert to the County upon an employee's separation from the County and have been dedicated to fully funding the Defined Benefit Plan, per the action of the Oklahoma County Retirement Board of Trustees. The combined total of actual cash contributions and forfeiture funds was \$4,666,428. The forfeiture account is a trust fund maintained by the Plan Administration and contains amounts previously contributed by the County but forfeited by terminated employees who had not become fully vested, or eligible to receive the total amount contributed by the County. Upon the direction of the County, the Plan Administrator utilizes forfeited funds for certain month's contributions in lieu of new cash contributions from the County. Total payroll for employees covered by the plan, was \$38,886,677. Retirement benefits due to employees and beneficiaries at June 30, 2002 were \$58,397,662 at fair value, and are accounted for in a pension trust fund.

VII. Discretely Presented Component Unit Footnotes

VII.A. Organization Significant Accounting Policies

The Oklahoma County Finance Authority (the Authority) is a public trust established pursuant to a trust indenture dated May 9, 1983. Under the trust indenture, the Authority was created for the use and benefit of Oklahoma County (the County) under the provisions of Title 60, Oklahoma Statutes (2001), Sections 176 to 180.3, inclusive, as amended and supplemented, the Oklahoma Public Trust Act and other applicable statutes of the State of Oklahoma.

The Authority is authorized, in the furtherance of public purposes, to issue its revenue notes and bonds in order to provide funds for the development of commercial and industrial projects, which will benefit the County, including but not limited to, medical and housing projects. Pursuant to the respective trust indentures governing each project, the notes or bonds payable of each project do not constitute a debt, liability or moral obligation of the State of Oklahoma, or any political subdivision thereof, nor does the indebtedness constitute a personal obligation of the trustees of the Authority. The Authority has no taxing power.

The Authority's Board of Trustees is appointed by the County Commissioners of Oklahoma County. In addition, the County Commissioners ultimately approve all note and bond obligations issued by the Authority. Accordingly, the Authority is considered a component unit of Oklahoma

County and its financial statements are included as a discrete presentation in the Oklahoma County comprehensive annual financial report.

<u>Basis of Presentation</u>: The Authority is accounted for as an enterprise fund. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is for costs and expenses (including depreciation) of providing goods or services to the general public on a continuing basis to be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

<u>Financing Activities</u>: The Authority arranges for nonrecourse through trustee banks on the bond or note agreements it administers. At approximately the same time, the Authority enters into note agreements with the borrowers. The note agreements transfer title to the borrower at the inception of the agreement. Such transactions would normally result in the recording of a receivable and corresponding debt by the Authority; however, due to the nonrecourse nature of the related debt instruments, and because the Authority acts only in a trustee capacity for the proceeds of the debt instruments, such assets and liabilities are not recorded by the Authority.

<u>Fund Accounting:</u> The indenture agreements for the Authority's bond and note issues create project (or revenue) funds into which all revenues and income from the various trust estates are deposited. Some of the indentures also provide for the creation of additional funds known as sinking funds, reserve funds, and renewal and replacement funds, in which prescribed mandatory balances are accumulated to be used ultimately for the retirement of bonds and to provide assurance against default in the payment of interest and principal.

<u>Cash Equivalents:</u> For purposes of the statement of cash flows, the Authority considers all highly liquid investments to be cash equivalents.

<u>Investments</u>: Investments consist of certificates of deposits and are carried at fair value,—which—approximates cost.

Accounts Receivable: Accounts receivable consists of amounts due from individual projects for administrative and accounting fees. The amount of the fees are based on amounts or percentages as specified in the trust indentures of the respective projects. An allowance for doubtful accounts has been provided on those receivables for which significant uncertainties exist regarding the collectibility of those receivables.

Office Furniture: Office furniture is stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

<u>Income Taxes:</u> As a political subdivision of the State of Oklahoma, the Authority is exempt from federal and state income taxes.

<u>Concentration of Credit:</u> General Fund deposit and investments consist of debt securities that are fully collateralized by the Federal Deposit Insurance Corporation or U.S. Government Securities. Investments are carried at fair value.

VII.B. Conduit Debt Obligations

As indicated in VIII.A., the activities of the Authority consist primarily of arranging financing to industrial, commercial and other various organizations in an effort to promote economic development which will benefit the county. Over time these transactions have taken on various forms, including notes and bonds. The Authority loans the proceeds from the notes and bonds to the organizations, or the Authority leases the facilities acquired with the proceeds to the organizations under financing lease arrangements providing for transfer of the property to such organizations at the end of the lease.

The notes and bonds issued by the Authority are special and limited obligations of the Authority, payable solely out of revenues derived from and in connection with the underlying loan agreements and the underlying security provided under the loan agreements. The Authority, the County of Oklahoma, the State of Oklahoma, or any other political subdivision thereof is not obligated in any manner for repayment of the notes and bonds. Accordingly, the notes and bonds are not reported as liabilities in the accompanying financial statements nor are the related investments reported as assets.

As of June 30, the outstanding principal balances due on these bonds were as follows:

| | Date of | Original | 2002 |
|-----------------------------------|-----------------|----------------|---------------|
| | <u>Issuance</u> | Balance | _Balance_ |
| Climate Masters Project | 06-01-89 | 2,000,000 | \$ 503,463 |

| | | * | |

The Authority, as a conduit bond issuer, has had outstanding issues, which have been in default in the payment of principal and interest. Since the notes and bonds issued by the Authority are only limited obligations of the Authority, as discussed above, the Authority has not incurred any losses as a result of these defaults.

VII.C. Cash and Deposits

At June 30, 2002, cash and deposits consist of the following:

| | 2002 |
|---------------------------|-------------|
| Cash and cash equivalents | \$ 88,952 |
| Certificates of deposit | 1,182,911 |
| | \$1,271,863 |

At June 30, 2002, cash and deposits are categorized as to risk assumed as follows:

| | Risk Category | | | | | Bank | Reported | | | |
|---------------------------|---------------|----------------|-----------|---|-----------|------------|------------|----------|--------------|---------|
| | | 1 | | 2 | | 3 | | Balance | _ | Amount |
| Cash and cash equivalents | \$ | 89,029 | \$ | _ | \$ | _ | \$ | 89,029 | \$ | 88,952 |
| Certificates of deposit | 1. | 182,911 | | | | - | 1 | ,182,911 | 1. | 182,911 |
| · · | <u>\$1.</u> | <u>271,940</u> | <u>\$</u> | | <u>\$</u> | <u>.</u> . | <u>\$1</u> | 271,940 | <u>\$1</u> . | 271,863 |

Descriptions of risk categories are as follows:

- 1. Insured or collateralized by a pledge of unencumbered securities held by the Authority or its agent in the Authority's name.
- 2. Collateralized by a pledge of unencumbered securities held by the pledging financial institution's department or agent in the Authority's name.
- 3. Uncollateralized or secured with securities held by the pledging financial institution or by its trust department or agent but not in the Authority's name.

VIII. Blended Component Unit Footnotes

VIII.A. Organization

The Oklahoma County Public Buildings Authority (OCPBA) is a public trust authority established March 4, 1968, under the provisions of Title 60, Oklahoma Statutes 1961, Sections 176 to 180, inclusive, the Oklahoma Trust Act, and other applicable statutes of the State of

Oklahoma. The trustees are the Oklahoma County Commissioners and the purpose of the OCPBA is to finance, operate, construct, and administer any public works, improvements or facilities for the benefit of Oklahoma County. Currently, the OCPBA is responsible to collect the rental revenues from the Metro Parking Garage, Investor's Capital Building, and the Lincoln Building property which is pledged for payment of its 1997 series revenue bonds, and to remit all such rental revenues in excess of those required for retirement of the bonds to Oklahoma County. Expenses related to operating the properties are paid by Oklahoma County under the terms of a management agreement between the OCPBA and Oklahoma County dated April 16, 1997. The duration of the contract is the life of the bonds issued by OCPBA unless modified in writing. The Oklahoma County Public Buildings Authority is a component unit of Oklahoma County and is reported as a blended component unit.

VIII.B. Significant Accounting Policies

Basis of Accounting

The financial statements of the OCPBA have been prepared on the accrual basis of accounting. Their revenues are recognized when earned and expenses when incurred. Proprietary funds apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict Governmental Accounting Standards Board (GASB) pronouncements, in which case, GASB prevails.

Fund Accounting

The Authority is accounted for as an enterprise fund. In governmental accounting, enterprise funds are used to account for operations that are: (a) financed and operated in a manner similar to private business enterprises, or (b) where the governing body has decided that periodic determination of net income is appropriate.

Cash and Cash Equivalents

Cash and cash equivalents are defined to be cash on hand, demand deposits, cash with fiscal agents, and short-term investments with original maturities of three months or less from the date of acquisition.

<u>Investments</u>

Investments are accounted for in accordance with GASB-31, Accounting and Financial Reporting for Certain Investments, which states that investments at year-end with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost.

Receivables

All receivables are reported at their gross value. None are expected to be uncollectible.

Property and Equipment

Capital assets purchased or acquired with an original cost of \$250 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives as follows

Buildings and Improvements 25 Years Equipment 6 Years

VIII.C. Restricted Cash and Investments

Certain cash and investments are required to be maintained in separate accounts by the 1997 series bond indenture. All such accounts are being maintained as required.

VIII.D. Deposits and Investments

Deposits and investments made by the OCPBA are summarized below. The deposits are classified as to credit risk within the following three categories:

- Category 1 Insured or collateralized, with securities held by the OCPBA or its agent in its name.
- Category 2 Collateralized with securities held by the pledging financial institution's trust department or agent in the OCPBA's name.

Category 3 Uncollateralized (This includes any bank balance that is collateralized with securities held by the pledging financial institution or by its trust department or agent, but not in the OCPBA's name).

| - | 1 | 2 | 3 | Carrying Value |
|------------------------|----------|---|-----------|-------------------|
| Demand deposits | \$10,144 | | | \$10,144 |
| Money market accounts_ | | | 300,491 | 300,491 |
| Total | \$10,144 | 0 | \$300,491 | \$310,635 |

Investments are classified as to credit risk within the following three categories:

Category 1 Insured or registered, with securities held by the OCPBA or its agent in its name.

Category 2 Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the OCPBA's name.

Category 3 Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent, but not in the OCPBA's name.

| | | | | Carrying |
|---------------------------------|---|------|---------|-------------|
| | 1 | 2 | 3 | Value |
| Guaranteed investment contracts | | \$1, | 006,185 | \$1,006,185 |

Currently, OCPBA investments consist of guaranteed investment agreements dated October 23, 1997 and maturing October 1, 2013 carrying an annual interest rate of 6.2% and are stated at fair value. See footnote I.E.1 for allowed investments.

VIII.E. Property and Equipment

A summary of changes in the property and equipment accounts as of June 30, 2002 is as follows:

| | | Prior Period | | | |
|--------------------------|--------------|---------------------|------------------|------------------|---------------|
| Asset J | une 30, 2001 | <u>Adjustment</u> | Additions | Deletions | June 30, 2002 |
| Land | \$1,375,636 | | | | \$1,375,636 |
| Buildings & Improvements | 4,976,590 | 1,210,090 | | | 6,186,680 |
| Equipment | 5,731,323 | (5,687,975) | 5,772 | <u>(9,093)</u> | 40,027 |
| | 12,083,549 | (4,477,885) | 5,772 | (9,093) | 7,602,343 |
| Accumulated Depreciation | (5,440,684) | 2,955,014 | (236,853) | 9,093 | (2,713,430) |
| Net Value | \$6,642,865 | \$(1,522,871) | \$(231,081) | \$ 0 | \$4,888,913 |

VIII.F. Bonds Payable

On October 1, 1997, OCPBA issued Capital Improvement Revenue Bonds, Series 1997 in the amount of \$6,800,000 with interest rates that vary from 4% to 4.9%. The proceeds of the bond issue were used to purchase computer equipment, software, hardware, training facilities and related costs to computerize the Oklahoma County government and provide needed repairs and improvements to property of OCPBA. The bonds are secured by the OCPBA property and gross revenues and mature October 1, 2013. Additionally, OCPBA purchased an insurance policy guaranteeing payment of the bonds.

A summary of debt activity for the year just ended is as follows:

| | <u>Bonas</u> |
|--------------------------|--------------------|
| Debt outstanding 6/30/01 | \$5,795,000 |
| New Debt | 0 |
| Retirements | (325,000) |
| Debt outstanding | <u>\$5,470,000</u> |

Interest is payable semiannually on April 1 and October 1, commencing April 1, 1998. A summary of debt service requirements to maturity by year is as follows:

| Year | Principle | <u>Interest</u> | Debt Service | Interest Rate |
|------|------------------|-----------------|--------------|---------------|
| 2003 | 340,000 | 241,928 | 581,928 | 4.25% |
| 2004 | 360,000 | 226,705 | 586,705 | 4.30% |
| 2005 | 370,000 | 210,625 | 580,625 | 4.40% |
| 2006 | 390,000 | 193,393 | 583,393 | 4.50% |
| 2007 | 410,000 | 175,014 | 585,014 | 4.55% |
| 2008 | 430,000 | 155,838 | 585,838 | 4.50% |
| 2009 | 455,000 | 135,473 | 590,473 | 4.55% |

| <u>Year</u> | <u>Principle</u> | <u>Interest</u> | Debt Service | Interest Rate |
|-------------|------------------|-----------------|--------------|---------------|
| 2010 | 475,000 | 113,732 | 588,732 | 4.65% |

VIII.G. Risk Management

OCPBA is exposed to various risks of losses related to torts; thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. OCPBA manages this risk through the purchase of commercial insurance policies paid for by Oklahoma County and subject to the terms of a management contract with Oklahoma County that obligates Oklahoma County to defend and pay for any litigation expense or judgment against OCPBA or its property upon demand. Claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported, are considered. There was no claims activity for the year just ended.

VIII.H. Contingent Liabilities

The 1997 bonds were issued subject to certain terms and conditions regarding the use of the bond proceeds in order for the interest on the bonds to be tax-exempt revenues to the purchasers of the bonds. If these terms and conditions were not met, the IRS exemption could be disallowed.

Additionally, early redemption of the bonds are subject to the following conditions:

That portion of the bonds which are stated to mature on or after October 1, 2008, may be redeemed prior to their respective maturities on any interest payment date on and after October 1, 2007, at the option of the Authority. However, a 2% premium of such principal amount would be owed if the bonds were redeemed on or prior to October 1, 2008, and a 1% premium would be owed if the bonds were redeemed on or prior to October 1, 2009. After October 1, 2009, the bonds could be redeemed at par.

VIII.I. Prior Period Adjustments

In prior years, fixed assets were not reconciled to the detailed records maintained by the County, and computer equipment belonging to the county was recorded on the OCPBA books. Additionally, the 1997 series bond issue costs and discount were not recorded properly. In

order to reconcile the fixed asset records, remove county equipment recorded on the OCPBA books, and properly record the 1997 series bond issue costs and the discount on the bonds, the following adjustments were made:

| Buildings and improvements | \$1,210,090 |
|----------------------------|---------------|
| Equipment | (5,687,975) |
| Accumulated depreciation | 2,955,014 |
| Bond issue costs | 53,936 |
| Discount on bonds | 109,314 |
| | \$(1,359,621) |

This resulted in a prior period adjustment to the beginning retained earnings for 2001 (2001 presented as Memorandum Totals only).

| | Enterprise Fund |
|--|----------------------|
| Retained Earnings at June 30, 2001, as previously reported | \$(3,193,702) |
| Prior period adjustment | <u>\$(1,359,621)</u> |
| Retained Earnings at June 30, 2001, as restated | <u>\$(4,553,323)</u> |

IX. Subsequent Events

Oklahoma County issued \$10,000,000 General Obligation Limited Tax Bonds of 2002, Series A dated October 1, 2002. The bonds were issued for the purpose of acquiring property in the vicinity of Tinker Air Force Base in order to provide for the safety of those citizens of the County as well as provide for the continued assurance of the economic well being of Oklahoma County and its citizens. The bonds bear semi-annual interest (payable January 1, and July 1 of each year, commencing July 1, 2004) maturing in 12 installments of \$765,000 beginning July 1, 2005, with a final installment of \$820,000 on July 1, 2017. The Bonds will be paid from ad valorem taxes levied and assessed on behalf of the Issuer and deposited to its Sinking Fund.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

ACTUARIAL VALUATIONS AND ASSUMPTIONS

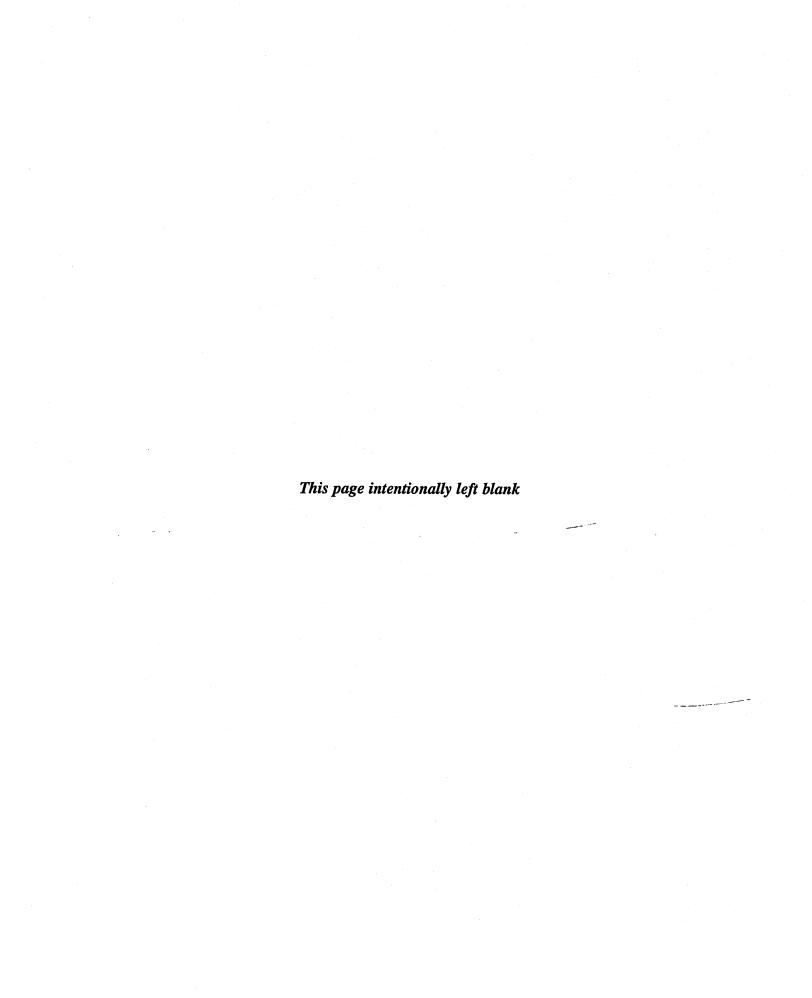

The information presented in the required supplementary schedules was determined as part of the actuarial valuations at the dates indicated. Additional information as of the latest actuarial valuation follows:

| Valuation date | June 30, 2002 |
|----------------------------|--|
| Actuarial cost method | Individual Entry Age |
| Amortization method | Level dollar |
| Amortization period | 40 years open on and before June 30, 2000. |
| | 30 years open on and after July 1, 2000. |
| Asset valuation method | Fair market value |
| Actuarial assumptions: | |
| Investment rate of return | 7.5% |
| Projected salary increases | 5.5% |
| Includes inflation at | None |
| Cost-of-living adjustments | None |

COMBINING and INDIVIDUAL FINANCIAL STATEMENTS

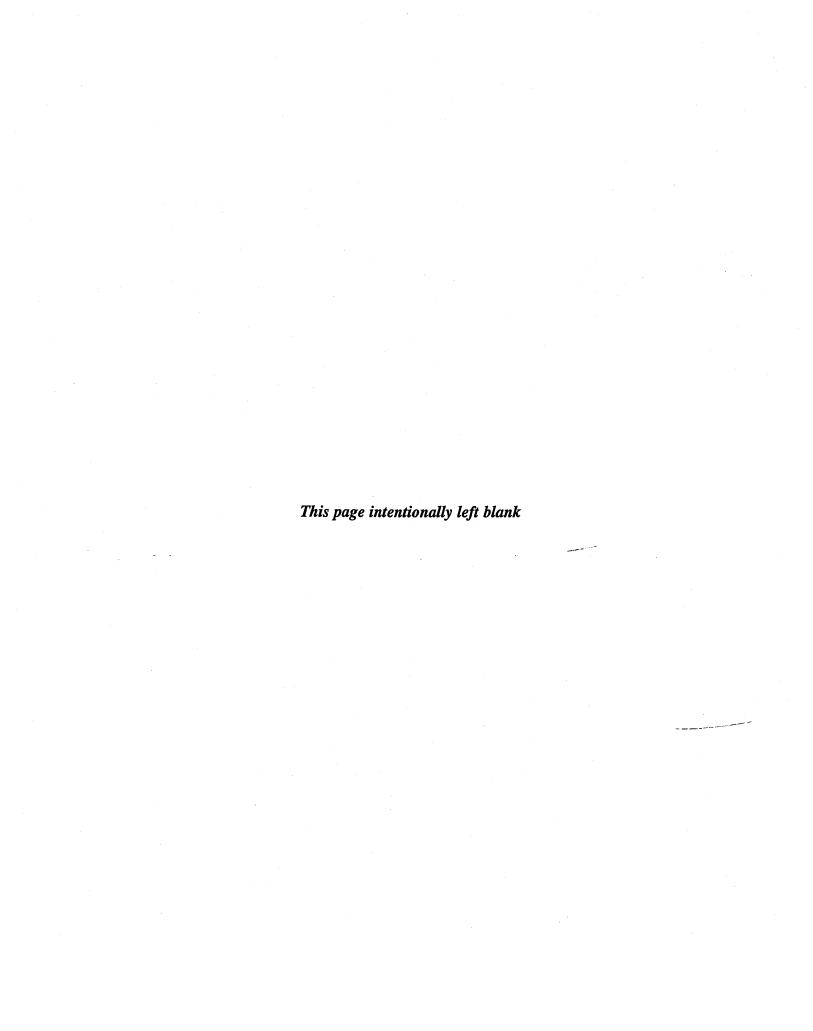

Combining financial statements are presented for all fund types that have multiple funds. The combining statements for all funds of each type are presented in a columnar format. The "total" columns of the combining statements carry forward to the corresponding presentation of that fund type in the combined financial statements.

Individual financial statements present information for selected individual funds where the combined and combining financial statement formats are not sufficient to present the necessary detail to satisfy financial reporting objectives.
