BOARD OF COUNTY COMMISSIONERS  
OSAGE COUNTY COURTHOUSE  
PAWHUSKA, OKLAHOMA 74056

Transmitted herewith is the Osage County Sheriff Turnover Statutory Report for January 3, 2017. The engagement was conducted in accordance with 19 O.S. § 171.

The goal of the State Auditor and Inspector is to promote accountability and fiscal integrity in state and local government. Maintaining our independence as we provide this service to the taxpayers of Oklahoma is of utmost importance.

We wish to take this opportunity to express our appreciation for the assistance and cooperation extended to our Office during our engagement.

Sincerely,

A handwritten signature in blue ink that reads 'Gary A. Jones'.

For the purpose of complying with 19 O.S. § 171, we have performed the following procedures for January 3, 2017:

- Verify that equipment items on hand agree with inventory records maintained per 19 O.S. § 178.1.
- Verify that the amount of total claims approved for the operation of said Office is not in excess of limitations imposed by 19 O.S. § 347.
- Verify that a monthly report of the Office is on file with the County Clerk per 19 O.S. § 684.
- Verify that the Office is not exceeding the maximum amount of cash authorized for their change needs per 19 O.S. § 682.
- Verify that the Officers' depository account balances reconcile with the County Treasurer's records and that undeposited cash reconciles to receipts.
- Verify that the Inmate Trust Ledgers are reconciled to the Bank Statement.
- Verify that the Sheriff maintains an evidence locker log and that the entrance to the evidence locker is restricted. Document who has access (keys or combination) to the evidence locker.
- Verify that the Sheriff has entered all confiscated license plates into the Oklahoma Temporary Motorist Liability Plan system.
- Verify that the Sheriff maintains a log of all county owned weapons and to whom they are issued.

Information addressed in this report is the representation of the respective county officer.

Our county officer turnover engagement was limited to the statutory procedures described above and was less in scope than an examination or audit performed in accordance with auditing standards generally accepted in the United States of America, the objective of which would be the expression of an opinion. Accordingly, we do not express an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

Based on our procedures performed, we have presented our findings in the accompanying schedule.

This report is intended solely for the information and use of the management of the County and should not be used for any other purpose. This report is also a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.), and shall be open to any person for inspection and copying.

A handwritten signature in blue ink that reads "Gary A. Jones". The signature is written in a cursive style with a large initial "G" and a long horizontal stroke at the end.

**SCHEDULE OF FINDINGS AND RESPONSES**

**Finding 2017-1 - Inadequate Internal Controls and Noncompliance Over Fixed Assets Inventory**

**Condition:** Upon inquiry of County personnel, observation of fixed assets, and test of inventory records, we noted the following exceptions:

- Of the 1,047 items listed on inventory, 590 items could not be located. See Appendix 1.
- Of the 457 items located, 108 items were not marked with an inventory tag.

**Cause of Condition:** Policies and procedures have not been adequately designed and implemented by the County to ensure the accurate reporting of fixed assets inventory items, as well as adequate procedures to ensure equipment is properly identified in accordance with state statutes.

**Effect of Condition:** These conditions resulted in noncompliance with state statutes. Opportunities for loss and misappropriation of county assets may be more likely to occur when the County does not have procedures in place to account for fixed assets.

**Recommendation:** The Oklahoma State Auditor & Inspector's Office (OSAI) recommends management design and implement internal controls to ensure compliance with Title 19 O.S. § 178.1, Title 19 O. S. § 178.2, and Title 69 O.S. § 645.1 by maintaining inventory records and marking assets with county identification numbers.

OSAI also recommends management implement policies and procedures to ensure compliance with 19 O.S. § 421.1 regarding the disposition of County property with an original cost exceeding \$500.

**Management Response:**

**Outgoing Sheriff:** I believe that due to the size of our County, the number of inventory items that we have and the short time frame allowed for the audit resulted in the number of missing items being so great. In past years we didn't have adequate procedures for our fixed assets but over the past couple of years we have been working to resolve this issue. I did hope this process was further along than it was. I also think there were items left on our inventory that had been disposed of and were not removed. I do believe the current administration is in the process of locating all items and will put the proper policy and procedure in place so this will not be an issue in the future.

**Incoming Sheriff:** In response to the findings of the Turnover Audit which took place at the end of the Previous Administration's term, January 3, 2017, the New Administration of the Osage County Sheriff's Office will take the following steps to ensure that in the future we will have adequate internal controls and our fixed assets inventory will be in compliance. We will have policies and procedures in place to ensure adequate reporting of all fixed assets inventory items. We will make sure that as we surplus items they are removed from inventory and we will have periodic physical verification of these items and adequate procedures to make sure all equipment is properly identified in accordance with state statute. Those

involved in maintaining inventory have been made aware of Title 19 O.S. § 178.1 and have been instructed to comply. There were 590 items that were not located at the time of the two day audit. We have continued the process of locating a large percentage of the missing items and making sure we get inventory tags on all items. Our goal is to have this completed by the end of February, 2017. We will provide the completed list to the State Auditor and the Board of County Commissioners.

**Criteria:** Accountability and stewardship are overall goals of management in the accounting of funds. An important aspect of internal controls is the safeguarding of assets. Internal controls over safeguarding of assets constitute a process, affected by an entity's governing body, management, and other personnel, designed to provide reasonable assurance regarding prevention or timely detection of unauthorized transactions and safeguarding assets from misappropriation. Inventory assets should be marked with county identification numbers.

Title 19 O.S. § 178.1 states in part, "The board of county commissioners in each county of this state shall take, or cause to be taken, an inventory of all working tools, apparatus, machinery and equipment belonging to the county or leased or otherwise let to it or to any department thereof, other than that which is affixed to and made a part of lands and buildings, the cost of which as to each complete working unit thereof is more than Five Hundred Dollars (\$500.00), and therefore maintain or cause to be maintained a continuous inventory record thereof and of like tools, apparatus, machinery and equipment purchased, leased, or otherwise coming into custody of the county or of any office, board, department, commission or any either thereof, and the disposition thereof whether sold, exchanged, leased, or let where authorized by statute, junked, strayed or stolen, and annually thereafter, or oftener in the event of death, resignation or removal of an elective officer with a term, to verify or cause to be verified by count and report of the same as of the end of a term of office.."

Title 19 O. S. § 178.2, It shall be and is hereby made the duty of every county officer, board, commission, or department, and by record directive of the board of county commissioners may be made the duty of any employee of the board of county commissioners subject to summary discharge and removal by the board, to conform in all respects and be amenable to all uniform resolutions adopted by their respective boards of county commissioners directing the taking, recording, maintaining and reporting inventories of properties in their respective custody in accordance with the provisions of this act. It shall be the duty and responsibility of each elected county official to create and maintain inventory records of said office. Such inventory shall be filed with the county clerk.

Title 69 O.S. § 645, all county owned, rented, or leased road machinery or equipment be clearly and visibly marked "Property Of..."

Title 19 O.S. § 421 states "From and after the effective date of this act, each board of county commissioners of the several counties in the state shall within thirty (30) days after the
