Kathy Bowling, Ottawa County Treasurer
Ottawa County Courthouse
Miami, Oklahoma 74354

Dear Ms. Bowling:

For the purpose of complying with 74 O.S. § 212, we have performed the following procedures:

- Determine whether bank reconciliations are properly performed, visually verify the certificates of deposit, and confirm the investments.
- Determine whether subsidiary records are reconciled to the general ledger.
- Determine whether deposits and invested funds are secured by pledged collateral.

All information included in the bank reconciliations, the investment ledger, the subsidiary ledgers, and the general ledger is the representation of the County Treasurer.

Our county treasurer statutory engagement was limited to the procedures performed above and was less in scope than an audit performed in accordance with generally accepted auditing standards. Accordingly, we do not express an opinion on any basic financial statement of Ottawa County.

Based on our procedures performed, we have presented our findings in the accompanying schedule.

This report is intended for the information and use of the management of the County. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

A handwritten signature in blue ink, appearing to read "Gary A. Jones".

SCHEDULE OF FINDINGS AND RESPONSES

Finding- 2014-2—General Ledger Overstated

Condition: The County Treasurer’s general ledger was overstated by \$18,944.39 on April 30, 2014.

Cause of Condition: A court ordered investment was liquidated and the information was not recorded on the general ledger.

Effect of Condition: This condition resulted in the County Treasurer’s general ledger being overstated.

Recommendation: The Oklahoma State Auditor & Inspector’s Office recommends that all accounts and investments be reconciled to the general ledger on a monthly basis.

Management Response: That account was closed December 14, 2012, when account holder became eligible to receive the funds. This was corrected May 22, 2014.

Criteria: Effective internal controls are essential to provide reasonable assurance about the achievement of the entity’s objectives with regard to reliability of financial reporting, and compliance with applicable laws and regulations. An effective internal control system has in place policies and procedures that reduce the risk of errors and fraud within an organization. A key factor in this system is the reconciliation of all the County Treasurer's accounts. These reconciliations would include verifying demand accounts and investment accounts.
