Dear Ms. Williams:

We have performed procedures for fiscal year 2006 activity of the Court Fund Account for the purpose of complying with 20 O.S. § 1312. We have also performed procedures for fiscal year 2006 activity of the Court Clerk Revolving Fund as created by 19 O.S. § 220.

- Test receipts issued to determine whether: (1) the correct fee was collected, and (2) the receipt was properly accounted for in the financial records.
- Test Court Fund vouchers to determine whether the expenditure: (1) was properly supported by a claim, invoice, and receiving documentation, (2) was properly approved, (3) was properly classified, and (4) did not exceed appropriations.
- Test Court Clerk Revolving Fund vouchers to determine whether the expenditure: (1) was properly supported by a claim, invoice, and receiving documentation, and (2) was properly approved.
- Test District Court vouchers to determine whether they were properly accounted for and test supporting documentation for disbursements to determine whether the disbursements were issued in accordance with Court instructions.
- Determine whether Court Fund activity and/or balances reconcile to the County Treasurer's records.
- Determine whether the Court Clerk Revolving activity and/or balances reconcile to the County Treasurer's records.
- Determine whether the District Court case balances reconcile to the County Treasurer's depository ledger.

All information included in the reconciliations, the Court Fund appropriation ledger, the Court Clerk Revolving Fund, the monthly reports, and the cash receipts journal is the representation of the Court Clerk.

Our Court Clerk's engagement was limited to the procedures performed above and was less in scope than an audit performed in accordance with auditing standards generally accepted in the United States of America. Accordingly, we do not express an opinion on any general-purpose financial statements of Ottawa County.

Based on the above reconciliations, tests, and procedures performed, the Court Clerk was collecting the correct fees and properly accounting for them; Court Fund vouchers were properly supported, approved, classified, and did not exceed appropriations; Court Clerk Revolving Fund expenditures were properly supported and approved; District Court vouchers were properly accounted for and issued in accordance with Court instructions; and Court Fund activity and District Court case balances reconciled with the County Treasurer's records. With respect to Court Clerk Revolving Fund financial records reconciling with the County Treasurer's records, our finding is presented in the accompanying schedule of findings and responses. In addition, with respect to segregation of duties, our finding is presented in the schedule of findings and responses.

We have prepared detailed analysis of the Court Fund Account and of the Court Clerk Revolving Fund, which are presented following this report.

This report is intended for the information and use of the Ottawa County Court Fund Board and the Administrative Office of the Courts. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

Sincerely,

STEVE BURRAGE, CPA

SCHEDULE OF FINDINGS AND RESPONSES

Finding 2006-1 – Segregation of Duties

Criteria: Accountability and stewardship are overall goals of management in the accounting of funds. To help ensure a proper accounting of funds, key duties and responsibilities should be segregated among different individuals to reduce the risk of error or fraud. No one individual should have the ability to authorize transactions, have physical custody of property, and record transactions. The duties of receiving, receipting, recording, depositing cash and checks, receiving goods and services, preparing claims, and issuing vouchers should all be segregated.

Condition: A concentration of duties exists in the Court Clerk's office because one deputy has the opportunity to perform all of the following related functions with respect to revenue transactions: write receipts, post receipts, reconcile account with the Treasurer, and balance cash drawer. With respect to related expenditure transactions, the deputy signs vouchers, posts vouchers, and distributes vouchers. A concentration of duties also exists because a second employee also performs the same revenue related functions described, except for balancing the cash drawer; however, in addition, the second employee prepares the deposit as well as posting payments to customer accounts in addition to writing and posting receipts, and reconciling with the Treasurer. With respect to expenditure transactions, a concentration of the second employee's duties exists because the second employee prepares vouchers and also signs, posts, and distributes the vouchers. The separate and duplicated functions that the two employees perform are also related to duties of the same transactions.

Effect: These conditions could result in unrecorded transactions, misstated financial reports, undetected errors, or misappropriation of funds because the opportunity exists for one employee to have the ability to control multiple key aspects of a transaction.

Recommendation: OSAI recommends management be aware of these conditions and realize that concentration of duties and responsibilities in a limited number of individuals is not desired from a control point of view. The most effective controls lie in management's overseeing of office operations and a periodic review of operations. OSAI recommends management provide segregation of duties so that no one employee is able to perform all accounting functions. In the event that segregation of duties is not possible due to limited personnel, OSAI recommends implementing compensating controls to mitigate the risks involved with a concentration of duties. Compensating controls would include separating key processes and/or critical functions of the office, and having management review and approval of accounting functions.

Views of responsible officials and planned corrective actions: This will be corrected.

Finding 2006-2 – Court Clerk Revolving Account Reconciliation

Criteria: Accountability and stewardship are overall goals of management in the accounting of funds. To help ensure a proper accounting of funds, a reconciliation should be performed monthly between the Court Clerk's Revolving Fund balance and the Treasurer's General Ledger balance.

Condition: A reconciliation between the Treasurer's General Ledger and the Court Clerk's Revolving Fund is not being performed.

Effect: By failing to reconcile accounts in a timely manner, the risk of misstatement or misappropriation to occur in this account increases. As a result, errors were not detected for the Court Clerk Revolving Fund and resulted in inaccurate Quarterly Reports.

Recommendation: OSAI recommends management take steps to ensure reconciliations are performed on a monthly basis and be reviewed and approved by someone other than the preparer. A monthly reconciliation will enable the Court Clerk to maintain more accurate records by timely catching errors and decrease the risk of misappropriation of funds.

Views of responsible officials and planned corrective actions: This will be corrected.
