Transmitted herewith is the agreed-upon procedures report for the Pauls Valley Emergency Medical Service District for the period July 1, 2005 through June 30, 2007. The Office of the State Auditor and Inspector is committed to serving the public interest by providing independent oversight and by issuing reports that serve as a management tool to the State. We wish to take this opportunity to express our appreciation for the assistance and cooperation extended to our office during the course of our engagement.

INTRODUCTION

Article 10, § 9C of the Oklahoma Constitution authorized the formation of emergency medical service districts and initially authorized a tax levy not to exceed three (3) mills for the purpose of providing funds for the purpose of support, organization, operation and maintenance of district ambulance services. District voters approved the formation of the District and an original 3 mills ad valorem levy to support the operation of the District. The County voted to repeal the personal property tax. The initiative provided that real property tax levies would be increased to make up for the loss of taxable personal property. Per Article 10, § 8A, with the repeal of personal property tax, the millage with the adjustment factor is now 3.06 mills. The Pauls Valley Emergency Medical Service District is comprised of Pauls Valley School District and is located in Garvin County.

Emergency medical service districts are governed by a board of trustees. The board of trustees (the board) has the power to hire a manager and other personnel, contract, organize, maintain, or otherwise operate the emergency medical service district. The trustees must act as a board when entering into contracts or other agreements affecting the district's welfare. Thus, actions taken by the board are voted on and approved by a majority of the trustees. The board of trustees' business meetings are open to the public. The board shall have the capacity to sue and be sued but shall enjoy immunity from civil suits for actions or omissions arising from the operation of the district. Such districts have the authority to charge fees for services, and accept gifts, funds, or grants.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

TO THE BOARD OF TRUSTEES OF THE
PAULS VALLEY EMERGENCY MEDICAL SERVICE DISTRICT

We have performed the procedures enumerated below, which were agreed to by management of the Pauls Valley Emergency Medical Service District (the District), solely to assist you in evaluating the receipt and disbursement process, the safeguarding of capital assets, and in determining whether selected receipts and disbursements are supported by underlying records for the period July 1, 2005 through June 30, 2007. This agreed-upon procedures engagement was conducted in accordance with standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States of America. The sufficiency of these procedures is solely the responsibility of the specified parties in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

1. We observed whether receipting, depositing, and reconciling functions are performed by separate employees.

There were no findings as a result of applying these procedures.

2. We agreed all bank reconciliations performed during the year to financial records.

There were no findings as a result of applying these procedures.

3. We confirmed with financial institutions all cash and cash equivalent balances and investment balances as of June 30.

There were no findings as a result of applying the procedures.

4. We compared the District's cash/cash equivalents in each financial institution to the fair market value of each financial institution's pledged collateral.

There were no findings as a result of applying the procedures.

5. We traced amounts of ad valorem taxes remitted from the County Treasurer to the District to District deposit slips.

**PAULS VALLEY EMERGENCY MEDICAL SERVICE DISTRICT
AGREED-UPON PROCEDURES REPORT
FOR THE PERIOD JULY 1, 2005 THROUGH JUNE 30, 2007**

Finding: Ad valorem taxes are paid to the Pauls Valley City Clerk, who then remits the taxes to the Pauls Valley General Hospital. The Hospital then pays the taxes to the District. The June 2006 ad valorem taxes in the amount of \$674.65 were not paid to the District by the Hospital until September 5, 2008. The February 2007 ad valorem taxes in the amount of \$6,270.89 were not paid to the District by the Hospital until September 5, 2008. The December 2006 ad valorem taxes in the amount of \$7,115.09 were paid twice by the Hospital to the District. This results in an overpayment by the Hospital of \$169.55.

6. We observed whether receiving goods and services, preparing claims, and issuing payments are performed by separate employees.

Finding: The District has one employee who receives goods and services, prepares claims, and issues payments within the District office; therefore, duties are not segregated.

7. We randomly selected 10 checks/warrants/vouchers in order to:
 - A. Agree to invoices.
 - B. Agree payee on cancelled check to vendor on invoice.
 - C. Inspect the receiving report/invoice for signature of District employee who verified goods and/or services were received.
 - D. Trace claim approval to District Board minutes.

Finding: Nine invoices had no signature of a District employee verifying goods and/or services were received. Additionally, one check did not have an invoice attached; therefore, we were unable to agree payee on check to vendor on invoice.

With respect to applying procedure D, there were no findings.

8. We confirmed that the District has a third-party provider contract in order to verify that it is renewed on an annual basis.

Finding: The District does not renew their contract with the trustees of the Pauls Valley Hospital Authority on an annual basis.

9. We observed each Board member's Official Bond.

There were no findings as a result of applying the procedures.

10. We observed the publication notice of the District's Estimate of Needs was printed in a county-wide newspaper.

There were no findings as a result of applying the procedures.

**PAULS VALLEY EMERGENCY MEDICAL SERVICE DISTRICT
AGREED-UPON PROCEDURES REPORT
FOR THE PERIOD JULY 1, 2005 THROUGH JUNE 30, 2007**

11. We observed whether all schedules in the Estimate of Needs were completed.

There were no findings as a result of applying the procedures.

12. We selected all items requiring bids (greater than \$7,500) in order to:

- A. Observe proof of publication of bid.
- B. Observe justification and approval of awarding the bid to a bidder other than the lowest bidder in the District Board minutes.

There were no findings as a result of applying the procedures.

13. We observed insurance policies for the existence of coverage of capital assets.

There were no findings as a result of applying the procedures.

We were not engaged to, and did not, conduct an examination or a review, the objective of which would be the expression of an opinion or limited assurance on the receipt and disbursement process, the safeguarding of capital assets, and the determination of whether selected receipts and disbursements are supported by underlying records for the District. Accordingly, we do not express such an opinion or limited assurance. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Board of Trustees, Excise Board, and Legislative Officials and should not be used for any other purpose. This report is also a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1), and shall be open to any person for inspection and copying.
