OFFICE OF THE AUDITOR AND INSPECTOR

JEFF A. McMAHAN  
State Auditor and Inspector

May 21, 2003

TO THE CITIZENS OF  
PITTSBURG COUNTY, OKLAHOMA

Transmitted herewith is the audit of Pittsburg County, Oklahoma, for the fiscal year ended June 30, 2002. A report of this type is critical in nature; however, we do not intend to imply that our audit failed to disclose commendable features in the present accounting and operating procedures of the County.

We wish to take this opportunity to express our appreciation for the assistance and cooperation extended to our office during the course of our audit.

The Office of the State Auditor and Inspector is committed to serve the public interest by providing independent oversight and to issue reports that serve as a management tool to the state to ensure a government which is accountable to the people of the State of Oklahoma.

Sincerely,

A handwritten signature in black ink that reads "Jeff A. McMahan".

**REPORT TO THE CITIZENS  
OF  
PITTSBURG COUNTY, OKLAHOMA**

---

Pittsburg County was created at statehood from Tobucksy County in the Choctaw Nation, Indian Territory. The new county took its name from Pittsburgh, Pennsylvania. Perryville, which no longer exists, was the place in Tobucksy County that court was held and elections were designated to take place. It was located a few miles south of present-day McAlester and was also an important military post and depot for Confederate forces. In September of 1863, Perryville was burned to the ground by Union troops.

The largest city and the county seat of Pittsburg County is McAlester, which was originally developed as a rail center for the coal mining industry. Today, it is also the site of the Oklahoma State Penitentiary.

Agriculture is an important factor in the present-day economy of Pittsburg County. Peanuts, cotton, wheat, oats, and soybeans are among the major crops grown. McAlester Union Stockyard, which is one of the largest in the Southwest, and a large Army Ammunition Plant are also vital to the county. Krebs is the largest Italian community in Oklahoma and is known for its fine food.

Annual events include the Italian Festival in McAlester in May, the Prison Rodeo in McAlester in September, and the Southeast Oklahoma Arts and Crafts Show during the first weekend in November. For more information, contact the county clerk at 918-423-6865.

County Seat – McAlester

Area – 1,306 Square Miles

County Population – 43,472  
(1999 est.)

**COUNTY OFFICIALS  
AND RESPONSIBILITIES**

---

**COUNTY ASSESSOR**

Jim Kelley  
(D) McAlester

The County Assessor has the responsibility to appraise and assess the real and personal property within the county for the purpose of ad valorem taxation. Also, the County Assessor is required to compute the ad valorem taxes due on all taxable property. The County Assessor appraises all the taxable real and personal property according to its fair cash value for which the property is actually being used as of January 1 of the taxable year at the percentages provided for in Article 10, § 8 of the Oklahoma Constitution.

The County Assessor is required to build and maintain permanent records of the taxable real property and tax exempt real property within the county. Information entered on each record includes the property's legal description, owner's name and address, and the homestead exemption status of the owner.

**COUNTY CLERK**

Debbie Burch  
(D) McAlester

The County Clerk serves as the register of deeds and custodian of records for the county. The County Clerk also serves as the secretary to several boards, including the Board of County Commissioners, the County Excise Board, the County Board of Equalization, and the Board of Tax Roll Corrections.

The County Clerk reviews all the claims for payment of goods and services purchased or contracted by the county, and prepares the proper warrants for payment of those goods and services and the county payroll. The County Clerk, or his or her designated deputy, serves as the purchasing agent for the county. This system is a means to ensure the public that tax dollars are being spent appropriately.

Various records within the different county offices are classified as "open records." As such, they can be reviewed and mechanically copied by the public.

See independent auditor's report.

**BOARD OF COUNTY COMMISSIONERS**

**DISTRICT #1**  
Gene Rogers  
(D) Crowder

**DISTRICT #2**  
H.A. "Bear" Gilliam  
(D) Kiowa

**DISTRICT #3**  
Randy Crone  
(D) McAlester

The Board of County Commissioners is the chief administrative body for the county. County Commissioners are also responsible for maintaining and constructing the county roads and bridges.

The Commissioners must act as a Board when entering into contracts or other agreements affecting the county's welfare. Thus, actions taken by the Board are voted on and approved by a majority of the Commissioners. The Board of County Commissioners' business meetings are open to the public.

As the county's chief administrative body, the three County Commissioners must make major financial decisions and transactions. The Board has the official duty to ensure the fiscal responsibility of the other county officers who handle county funds. The review and approval procedures empowered to the Board of County Commissioners are a means to provide the public with a fiscally efficient system of county government.

See independent auditor's report.

**COUNTY OFFICIALS  
AND RESPONSIBILITIES**

---

**COUNTY SHERIFF**  
Jerome "Snookie" Amaranto  
(D) Savanna

The County Sheriff is responsible for preserving the peace and protecting life and property within the county's jurisdiction. As the county's chief law enforcement officer, the sheriff has the power and authority to suppress all unlawful disturbances, to apprehend and secure persons charged with felony or breach of peace, and to operate the county jail.

The County Sheriff has the responsibility of serving warrants and processing papers ordered by the District Court.

**COUNTY TREASURER**  
Cerita Morley  
(D) Dow

All revenues received by county government from ad valorem taxes and other sources are deposited with the County Treasurer. The County Treasurer collects ad valorem taxes for the county and its political subdivisions. The County Treasurer is authorized to issue delinquent personal property tax warrants and to impose tax liens on real property for delinquent taxes.

To account for county revenues and expenditures, the County Treasurer is required to maintain an accurate record of all the monies received and disbursed. The State Auditor and Inspector's Office prescribes all the forms used by the County Treasurer, and at least twice a year inspects the County Treasurer's accounts.

See independent auditor's report.

**COUNTY OFFICIALS  
AND RESPONSIBILITIES**

---

**COURT CLERK**  
Linda Price  
(D) McAlester

The Court Clerk has the primary responsibility to record, file, and maintain as permanent records the proceedings of the District Court.

Court proceedings are recorded in the appropriate journal or record docket. All the court proceedings are public information except those related to juvenile, guardianship, adoption, and mental health cases.

The Court Clerk issues marriage licenses, passports, notary certificates, beer and pool hall licenses, and private process server licenses.

Monies from the court fund are identified for distribution by the Court Clerk to the appropriate units of county and state government. Court Clerks use forms and follow procedures prescribed by the Court Administrator's Office, the Oklahoma Supreme Court, and the State Auditor and Inspector.

**DISTRICT ATTORNEY**  
Kalyn Free  
(D) McAlester

As the chief attorney for county government, the District Attorney acts as the legal advisor to the county officers on matters related to their duties. The District Attorney represents the county in civil litigation. County officials may call upon the District Attorney to clarify a law or request an official interpretation from the Attorney General.

See independent auditor's report.

**COUNTY OFFICIALS  
AND RESPONSIBILITIES**

---

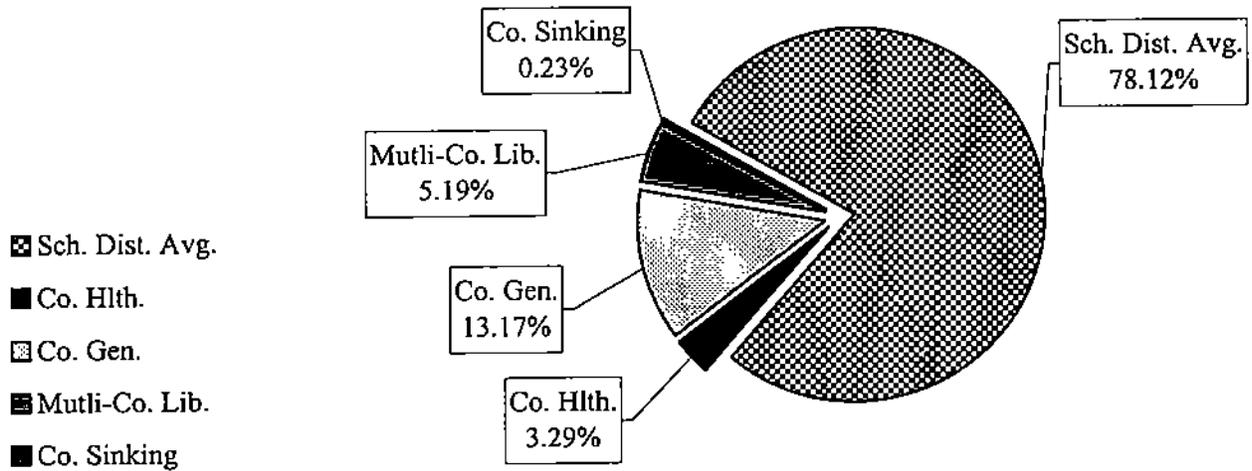

**ELECTION BOARD SECRETARY**  
Carolyn Morris  
(D) McAlester

The Election Board Secretary is appointed by the State Election Board and is the chief administrative officer of the County Election Board. The County Election Board has direct responsibility for all the ballots used in all elections within the county. The Board also conducts all elections held within the county.

To finance the operating expenses of the County Election Board, the County Excise Board must appropriate sufficient funds annually. The state and counties split the election costs, but counties must pay for any county elections not held concurrently with state elections.

**AD VALOREM TAX DISTRIBUTION  
PITTSBURG COUNTY, OKLAHOMA  
SHARE OF THE AVERAGE MILLAGE**

Property taxes are calculated by applying a millage rate to the assessed valuation of property. Millage rates are established by the Oklahoma Constitution. One mill equals one-thousandth of a dollar. For example, if the assessed value of property is \$1,000.00 and the millage rate is 1.00, then the tax on that property is \$1.00. This chart shows the different entities of the County and their share of the various millages as authorized by the Constitution.

STATE OF OKLAHOMA  
OFFICE OF THE AUDITOR AND INSPECTOR

JEFF A. McMAHAN  
State Auditor and Inspector

**Independent Auditor's Report**

TO THE OFFICERS OF  
PITTSBURG COUNTY, OKLAHOMA

We have audited the accompanying primary government financial statements of Pittsburg County, Oklahoma, as of and for the year ended June 30, 2002, as listed in the table of contents. These financial statements are the responsibility of Pittsburg County's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1(A), the financial statements of the Pittsburg County Economic Development Authority are not presented with the primary government of Pittsburg County. Those financial statements, which are prepared by other auditors, were not available for inclusion with the primary government financial statements of Pittsburg County.

As explained in Note 1(H), the financial statements referred to above do not include the general fixed assets account group, which should be included in order to conform with accounting principles generally accepted in the United States of America. The amount that should be recorded in the general fixed assets account group is not known.

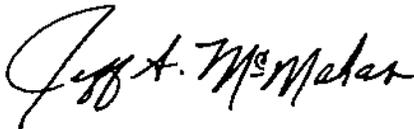

A primary government is a legal entity or body politic and includes all funds, organizations, institutions, agencies, departments, and offices that are not legally separate. Such legally separate entities are referred to as component units. In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the primary government financial statements referred to above present fairly, in all material respects, the financial position of the primary government of Pittsburg County, Oklahoma, as of June 30, 2002, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

However, the primary government financial statements, because they do not include financial data of the component units of Pittsburg County, do not purport to, and do not, present fairly the financial position of Pittsburg County, Oklahoma, as of June 30, 2002, and the results of its operations for the year ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 7, 2003, on our consideration of Pittsburg County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the primary government financial statements of Pittsburg County, Oklahoma, taken as a whole. The accompanying schedule of expenditures of federal awards is presented as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Such information has been subjected to the auditing procedures applied in the audit of the primary government financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the primary government financial statements taken as a whole. The other information listed in the table of contents under *Introductory Section* has not been audited by us and, accordingly, we express no opinion on such data.

Sincerely,

A handwritten signature in cursive script that reads "Jeff A. McMAHAN". The signature is written in dark ink and is positioned above the typed name.

**Notes to the Financial Statements**

1. Summary of Significant Accounting Policies

The financial statements of the County are required to be presented in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies and practices are described below.

A. Financial Reporting Entity

Counties were created by the Constitution of Oklahoma. One county officer is appointed; however, most county officers are locally elected by their constituents. All county powers are delegated by the state.

In accordance with Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*, the County is required to present the entities which comprise the primary government and its legally separate component units in the fiscal year 2002 financial statements.

Excluded Component Units

The following component unit of Pittsburg County was not included because financial statements for the year ended June 30, 2002, were not available. The component unit would have been presented as a blended component unit.

Pittsburg County Economic Development Authority – Pittsburg County Economic Development Authority, a public trust and agency of the State of Oklahoma, was created by a Trust Indenture under the provisions of 60 O.S. § 176 to 180.3 (the Oklahoma Trust Act) and other statutes and laws of the State of Oklahoma. The component unit's governing body is substantially the same as the governing body of the County.

Related Organizations Excluded From the Reporting Entity

The County's officials are responsible for appointing the members of the boards of other organizations, but the County's accountability for these organizations does not extend beyond making the appointments. These organizations are not included in the financial statements.

Pittsburg County Water Authority  
Pittsburg County Regional Exposition Authority  
Pittsburg County Solid Waste Management Authority  
Pittsburg County Public Works Authority  
McAlester Housing Authority

Summary of Significant Accounting Policies (continued)

B. Fund Accounting

The government uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds are classified into two major categories: governmental and fiduciary.

Governmental Funds

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (special revenue funds), and the servicing of general long-term debt (debt service funds). The general fund is used to account for the activities of the general government not accounted for in some other fund.

Fiduciary Funds

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the government. Agency funds are generally used to account for assets that the government holds on behalf of others as their agent.

Account Groups

General Fixed Assets Account Group (GFAAG) – Accounting principles generally accepted in the United States of America require that the fixed assets of a government be reported in a general fixed assets account group (GFAAG). This account group is not a fund. It does not have a balance sheet as such, nor does it report operations. Instead, the GFAAG serves as a list of the government's fixed assets and is designed to ensure accountability.

General Long-Term Debt Account Group (GLTDAG) - The general long-term debt account group (GLTDAG) is used to account for a government's unmatured long-term indebtedness that has not been identified as a specific fund liability of a trust fund. In addition to general obligation debt instruments (e.g., bonds, notes), the GLTDAG is also used to report certain liabilities that are normally not expected to be liquidated with expendable available financial resources (e.g., capitalized lease-purchase obligations).

Summary of Significant Accounting Policies (continued)

C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus and basis of accounting. All governmental fund types are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these fund types present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used by all governmental fund types and agency funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be quantified, and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The government considers property taxes as available if collected within 60 days after year-end. Expenditures are recorded when incurred and the related fund liability is expected to be paid from available spendable resources. Principal and interest on general long-term debt are recorded as fund expenditures when paid or when amounts for principal and interest have been accumulated in the debt service fund for payments to be made early in the following year.

Those revenues susceptible to accrual are property taxes, interest revenue, and other taxes collected and held by the Oklahoma Tax Commission at year-end on behalf of the government. Charges for services are not susceptible to accrual because generally they are not measurable until received in cash.

D. Budgetary Policies and Procedures

Under current Oklahoma Statutes, the general fund and the County Health Department fund are the only funds required to adopt a formal budget. The budget presented for the general and special revenue (County Health Department only) funds includes the originally approved budgeted appropriations for expenditures as adjusted for supplemental appropriations and approved transfers between budget categories. Appropriations for the highway funds and other cash funds are made on a monthly basis, according to the funds then available.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the general and special revenue funds.

Any encumbrances outstanding at year-end are reported as reservations of fund balances since they do not constitute expenditures or liabilities. At the end of the year, unencumbered appropriations are lapsed.

The Statement of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual - General and Special Revenue (County Health Department only) Funds presents comparisons of the legally adopted budget with actual data. The "actual" data, as presented in the comparison of budget

Summary of Significant Accounting Policies (continued)

and actual, will differ from the data as presented in the Combined Statement of Revenues, Expenditures, and Changes in Fund Balances - All Governmental Fund Types because of adopting certain aspects of the modified accrual basis of accounting and the adjusting of encumbrances to their related budget year.

E. Cash

The County pools cash resources of its various funds to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements.

F. Receivables

All receivables are reported at their gross value.

G. Interest Receivable

Interest on deposits is recorded as revenue in the year the interest is earned and is available to pay liabilities of the current period.

H. Fixed Assets

The County presently maintains some individual records of personal property; however, the County does not keep similar records for land, buildings, and improvements. Because the County does not maintain detailed records of its land, buildings, and improvements, a statement of general fixed assets, required by accounting principles generally accepted in the United States of America, is not presented on the Combined Balance Sheet - All Fund Types and Account Group.

I. Risk Management

The County is exposed to various risks of loss as follows:

<u>Types of Loss</u>	<u>Method Managed</u>	<u>Risk of Loss Retained</u>
General Liability - Torts - Errors and Omissions - Law Enforcement Officers Liability - Vehicle	The County participates in a public entity risk pool; Association of County Commissioners of Oklahoma-Self-Insured Group. (See ACCO-SIG.)	If claims exceed pool assets, the County would have to pay its share of the pool deficit.

Summary of Significant Accounting Policies (continued)

<u>Types of Loss</u>	<u>Method Managed</u>	<u>Risk of Loss Retained</u>
Physical Plant - Theft - Damage to Assets - Natural Disasters	The County participates in a public entity risk pool. (See ACCO-SIG.)	If claims exceed pool assets, the County would have to pay its share of the pool deficit.
Worker's Compensation - Employees' Injuries	The County participates in a public entity risk pool; Association of County Commissioners of Oklahoma-Self-Insured Fund. (See ACCO-SIF.)	If claims exceed pool assets, the County would have to pay its share of the pool deficit.
Health and Life - Medical - Disability - Dental - Life	The County carries commercial insurance for these types of risk.	None

ACCO-SIG - The pool operates as a common risk management and insurance program and is to be self-sustaining through member premiums. Each participating county will pay a deductible amount (\$1,000 to \$10,000; the County has a \$2,500 deductible) for each insured event as stated in the County's "Certificate of Participation." The risk pool will pay legitimate claims in excess of the deductible amounts up to and including \$50,000 per insured event. The pool has acquired commercial reinsurance to cover claims in excess of \$50,000 up to \$1,000,000 limit per insured event. The pool, established in 1986, has never had to assess additional premiums to be paid by its members.

ACCO-SIF - The pool operates as a common risk management and insurance program and is to be self-sustaining through member premiums. ACCO-SIF was set up in 1984 and will pay legitimate worker's compensation claims up to \$500,000 per incident. A reinsurance policy, with no limit, pays claims that exceed \$500,000 for a particular incident. The pool has not assessed additional premiums to be paid by its members in the past three years.

The County continues to carry commercial insurance for employees' health and life insurance. Management believes such coverage is sufficient to preclude any significant uninsured losses to the County. Settled claims have not exceeded insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage during the 2002 fiscal year.

J. Compensated Absences

The County does not accrue any liability for future vacation benefits. Vacation benefits are earned by the employee during the year and must be taken during the year earned. Employees with 1 to 10 years of service earn 80 hours per year and employees with 11 plus years of service earn 120 hours per year.

Summary of Significant Accounting Policies (continued)

The County does not record any liability for sick leave. An employee earns up to 12 days per year and may accumulate up to 130 days. There is no history of sick leave usage from which to project future usage; hence, no liability for such has been recorded. Such an amount, if recorded, would not be material to the financial statements.

K. Long-Term Obligations

The County reports long-term debt of governmental funds at face value in the general long-term debt account group. Certain other governmental fund obligations not expected to be financed with current available financial resources are also reported in the general long-term debt account group.

L. Memorandum Only - Total Columns

Total columns on the financial statements are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with accounting principles generally accepted in the United States of America. Interfund transactions have not been eliminated from the total column of each financial statement.

M. Grant Revenue

Revenues from federal grants are recognized when expenditures are incurred.

2. Stewardship, Compliance, and Accountability

Budgetary Compliance

On or before the first Monday in July of each year, each officer or department head submits an estimate of needs to the governing body. The budget is approved by fund, office or department, and object. The County Board of Commissioners may approve changes of appropriations within the fund by office or department and object. To increase or decrease the budget by fund requires approval by the County Excise Board.

3. Detailed Notes on Account Balances

Title 62 O.S. § 348.3 authorizes the County Treasurer to invest in:

- U.S. government obligations
- Certificates of deposit
- Saving accounts
- G.O. bonds issued by counties, municipalities, or school districts
- Money judgments against counties, municipalities, or school districts
- Bonds and revenue notes issued by a public trust when the beneficiary of the trust is a county, municipality, or school district

- Negotiable certificates of deposit
- Prime bankers acceptance which are eligible for purchase by the Federal Reserve System
- Prime commercial paper with a maturity of 180 days or less
- Repurchase agreements
- Money market funds regulated by the Securities and Exchange Commission and which investments consist of the above-mentioned types of investments.

Title 62 O.S. § 72.4a requires public trusts that have the state or county as a beneficiary must only invest in certificates of deposit or other evidence of deposit.

These restrictions do not apply to the proceeds of bonds issued by the Pittsburg County Economic Development Authority or the revenues that service the debt in accordance with part B of Title 62 O.S. § 72.4a, which requires the proceeds, including the revenue stream, relating to bond issues be invested pursuant to the indenture established for such bonds.

A. Deposits

At year-end, the carrying amount of the County's deposits was \$14,000,577 and the bank balance was \$14,046,159. Of the bank balance, all funds were covered by federal depository insurance or collateral held by the County's agent in the County's name.

B. Receivables

The County's property tax is levied each October 1 on the assessed value listed as of January 1 of the same year for all real and personal property located in the County, except certain exempt property. Assessed values are established by the County Assessor within the prescribed guidelines established by the Oklahoma Tax Commission and the State Equalization Board. Title 68 O.S. § 2820.A. states, ". . . Each assessor shall thereafter maintain an active and systematic program of visual inspection on a continuous basis and shall establish an inspection schedule which will result in the individual visual inspection of all taxable property within the county at least once every four (4) years."

The net assessed property value as of January 1, 2001, was \$140,477,126.

The County levied 10.33 mills for general fund operations, 2.58 mills for the County Health Department, 4.07 mills for the Library, and 0.18 mills for the County sinking fund. In addition, the County also collects the ad valorem taxes assessed by cities and towns and school districts and apportions the ad valorem taxes collected to the appropriate taxing units.

Taxes are due on November 1 following the levy date, although, they may be paid in two equal installments. If the first half is paid prior to January 1, the second half is not delinquent until April 1. Unpaid real property taxes become a lien upon said property on October 1 of each year. Unpaid delinquent personal property taxes are published usually in May. If the taxes are not paid within 30 days from publication, they shall be placed on the personal tax lien docket.

Detailed Notes on Account Balances (continued)

Current year tax collections for the year ended June 30, 2002, were approximately 96.54 percent of the tax levy.

**C. Pension Plan**

Plan Description. The County contributes to the Oklahoma Public Employees Retirement Plan (the Plan), a cost-sharing, multiple-employer defined benefit pension plan administered by the Oklahoma Public Employees Retirement System (OPERS). Benefit provisions are established and amended by the Oklahoma Legislature. The Plan provides retirement, disability, and death benefits to Plan members and beneficiaries. Title 74, Sections 901 through 943, as amended, establishes the provisions of the Plan. OPERS issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing OPERS, P.O. Box 53007, Oklahoma City, Oklahoma 73105 or by calling 1-800-733-9008.

Funding Policy. The contribution rates for each member category are established by the Oklahoma Legislature and are based on an actuarial calculation which is performed to determine the adequacy of contribution rates. County employees are required to contribute between 3.5% and 8.5% of earned compensation. The County contributes between 5.0% and 10.0% of earned compensation. Elected officials could contribute between 4.5% and 10% of their entire compensation. The County contributes 10.0% of earned compensation for elected officials. The County's contributions to the Plan for the years ending June 30, 2000, 2001, and 2002, were \$292,289, \$310,721, and \$335,504, respectively, equal to the required contributions for each year.

**D. Capital Leases**

The County acquires road machinery and equipment through lease-purchase agreements financed by the Oklahoma Department of Transportation and/or the equipment vendors or their assignees pursuant to the provisions of 69 O.S. § 636.1 through § 636.7. Lease agreements entered into with the Oklahoma Department of Transportation (ODOT) are interest free. However, starting in January 1997, ODOT began charging a one-time fee of 3% on all subsequent pieces of machinery acquired. Oklahoma Statutes prohibit the County from entering into contracts of this nature longer than one year. For this reason, these lease-purchase agreements do not qualify for capitalization until the year the lease-purchase agreements are completed and title to the equipment is transferred to the County. However, it is the County's intent to exercise its right to purchase this property; accordingly, the lease-purchase agreements have been capitalized to conform with accounting principles generally accepted in the United States of America. The unpaid portions of these agreements have been reflected as capitalized lease obligations within the general long-term debt account group.

**PITTSBURG COUNTY, OKLAHOMA**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2002**

Detailed Notes on Account Balances (continued)

Providing all capital leases are renewed each year by resolution of the Board of Commissioners, minimum lease commitments under capitalized lease-purchase agreements as of June 30, 2002, are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2003	\$ 383,531	\$ 66,069	\$ 449,600
2004	340,931	41,632	382,563
2005	195,118	23,142	218,260
2006	144,735	12,362	157,097
2007	120,248	4,079	124,327
2008	5,548	77	5,625
<b>Total</b>	<b>\$ 1,190,111</b>	<b>\$ 147,361</b>	<b>\$ 1,337,472</b>

During the year, the County capitalized leases totaling \$475,783 and paid \$449,176 on the outstanding balances of lease-purchase agreements.

**E. Judgments Payable**

The County has judgments which are being retired by a tax levy. The County is obligated to pay the judgment over a three-year period. The judgment is to be paid without interest charges. During the fiscal year ending June 30, 2002, the County paid \$23,118 on the balance of the judgments.

Future principal and interest payments that will become due and payable on existing judgments are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>
2003	\$ 23,118
2004	23,118

F. Long-Term Debt

Changes in Long-Term Liabilities

During the year ended June 30, 2002, the following changes occurred in liabilities reported in the general long-term debt account group:

	Balance July 1, 2001	Additions	Reductions	Balance June 30, 2002
Judgments	\$ 69,354	\$	\$ 23,118	\$ 46,236
Capital leases	1,163,504	475,783	449,176	1,190,111
<b>Total</b>	<b>\$ 1,232,858</b>	<b>\$ 475,783</b>	<b>\$ 472,294</b>	<b>\$ 1,236,347</b>

F. Fund Equity

Reservations of fund balances of governmental funds are established to either (1) satisfy legal covenants that require a portion of the fund balance be segregated or (2) identify the portion of the fund balance that is not appropriable for future expenditures. Specific reservations of the fund balance accounts are summarized below:

Reserved for Encumbrances – The reserve for encumbrances represents encumbrances outstanding at the end of the year based on purchase orders and contracts signed by the County but not completed as of the close of the fiscal year.

Reserved for Debt Service – The reserve for debt service was established to indicate that the fund balance or portion thereof is required by law to be used for the payment of any outstanding bonds, interest, or judgments against the County.

G. Fuel Taxes

The County receives major funding for roads and highways from a state imposed fuel tax. Taxes are collected by the Oklahoma Tax Commission. Taxes are imposed on all gasoline, diesel, and special fuel sales statewide. The County's share is determined on formulas based on county population, road miles, and land area and is remitted to the County monthly. These funds are earmarked for roads and highways only and are accounted for in the County highway fund. The County highway fund is reported herein as "special revenue," and the fuel tax revenue is presented as "intergovernmental."

4. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, primarily the federal government. Any disallowed claims, including amounts already

---

Contingent Liabilities (continued)

collected, may constitute a liability of the applicable fund. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time; although, the government expects such amounts, if any, to be immaterial.

The government is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the government attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the government.

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Pittsburg County, Oklahoma, and is presented on the *modified accrual basis of accounting*. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

The Local Law Enforcement Block Grants Program, CFDA #16.592, was audited as a major program at the request of County officers. Costs of auditing this program were not expended from funds of any federal awards.

**Report on Compliance and on Internal Control Over Financial  
Reporting Based on an Audit of Financial Statements Performed in Accordance With  
*Government Auditing Standards***

TO THE OFFICERS OF  
PITTSBURG COUNTY, OKLAHOMA

We have audited the primary government financial statements of Pittsburg County, Oklahoma, as of and for the year ended June 30, 2002, and have issued our report thereon dated April 7, 2003. We qualified our opinion because the general fixed assets account group was not included in the financial statements. The financial statements do not include the Pittsburg County Economic Development Authority, which would be presented as a blended component unit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Pittsburg County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Pittsburg County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the County's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying Schedule of Findings and Questioned Costs as items 97-1 and 02-2.

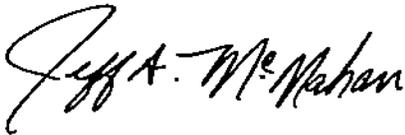

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we consider items 97-1 and 02-2 to be material weaknesses.

The American Institute of Certified Public Accountants' Statement on Auditing Standards No. 87 requires the inclusion of the following paragraph in this report:

This report is intended solely for the information and use of the management of the County, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

However, the Oklahoma Open Records Act states that all records of public bodies and public officials shall be open to any person, except as specifically exempted. The purpose of this Act is to ensure and facilitate the public's right of access to and review of government records so they may efficiently and intelligently exercise their inherent political power. Therefore, this report is a matter of public record and its distribution is in no way limited or restricted.

Sincerely,

**Report on Compliance With Requirements Applicable to Each  
Major Program and Internal Control Over Compliance in Accordance With  
OMB Circular A-133**

STATE OF OKLAHOMA  
OFFICE OF THE AUDITOR AND INSPECTOR

JEFF A. McMAHAN  
State Auditor and Inspector

**Report on Compliance With Requirements Applicable to Each  
Major Program and Internal Control Over Compliance in Accordance With  
OMB Circular A-133**

TO THE OFFICERS OF  
PITTSBURG COUNTY, OKLAHOMA

We have audited the compliance of Pittsburg County, Oklahoma with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2002. Pittsburg County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Pittsburg County's management. Our responsibility is to express an opinion on Pittsburg County's compliance based on our audit.

We conducted our audit of compliance in accordance with accounting standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Pittsburg County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Pittsburg County's compliance with those requirements.

In our opinion, Pittsburg County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2002. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying Schedule of Findings and Questioned Costs as item 02-1.

Internal Control Over Compliance

The management of Pittsburg County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Pittsburg County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in

order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

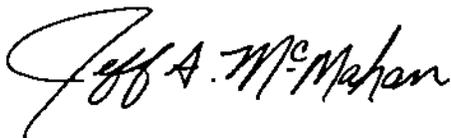

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

The American Institute of Certified Public Accountants' Statement on Auditing Standards No. 87 requires the inclusion of the following paragraph in this report:

This report is intended solely for the information and use of the management of the County, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

The purpose of this Act is to ensure and facilitate the public's right of access to and review of government records so they may efficiently and intelligently exercise their inherent political power. Therefore, this report is a matter of public record and its distribution is in no way limited or restricted.

**PITTSBURG COUNTY, OKLAHOMA  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2002**

---

**SECTION 2 - Financial Statement Findings**

**Finding 97-1 - General Fixed Assets**

**Criteria:** Accounting principles generally accepted in the United States of America for a governmental entity using governmental fund types require the presentation of the general fixed assets account group (GFAAG) in the financial statements.

**Condition:** Information is not available for reporting general fixed assets in accordance with accounting principles generally accepted in the United States of America for a government entity. The general fixed assets control account is not accurate.

**Effect:** This component of internal control is not effective. Accordingly, there is a greater risk that a fixed asset may not be properly accounted for and safeguarded against loss.

**Recommendation:** We recommend records include acquisition cost, a complete description, purchase date, location of such asset, and that a control total of the cost of these assets be maintained and reconciled annually.

**Finding 02-2 – Component Unit**

**Criteria:** GASB 14 requires that a component unit's financial position and activity be included with the financial statements of the reporting entity.

**Condition:** Financial statements for the Pittsburg County Economic Development Authority were not available for inclusion with the primary government financial statements at the date of our audit.

**Effect:** The financial position or activity of the component unit could not be included in the financial statements of the County.

**Recommendation:** We recommend the County require the auditors and financial preparers of the above component unit to prepare and present their financial statements compatible for inclusion with the financial statements of the County, on the accrual basis of accounting, in a timely manner, so that they may be included in accordance with GASB 14.

SECTION 3 – Federal Award Findings and Questioned Costs

2002-01 - Procurement

Federal Program: Local Law Enforcement Block Grants Program, CFDA #16.592

Funding Agency: U.S. Department of Justice passed through the District Attorney's Council

Criteria: OMB Circular A-133, Appendix B, Part 3-I states that subrecipients of States shall use the same policies and procedures used for procurements from non-Federal funds.

Condition: Pittsburg County Sheriff's Office did not bid the purchase of radios and equipment as required by 19 O.S. 2001, § 1501.

Effect: Noncompliance with program requirement. We questioned \$9,741 for this grant.

Recommendation: We recommend the County comply with OMB Circular A-133 and 19 O.S. 2001, §1501. Any purchase of \$5,000 or more should be competitively bid.

**SUBJECT: CORRECTIVE ACTION PLAN**

**General Fixed Assets – Finding 97-1**

We agree that cost values and control totals are required by Accounting Principles Generally Accepted in the United States of America; however, we do not think the statutes require such information. We may not have the time to accumulate the information needed during the next year.

During the current fiscal year, we will try to update the inventory records required by 19 O. S. 2001, § 178.1 which include an inventory card for each item with a complete description of the item, the serial number, and location.

**Component Unit – Finding 2002-2**

Financial statements for the Pittsburg County Economic Development Authority were not available for inclusion with the primary government financial statements at the date of our audit.

We will require the auditors of the Pittsburg County Economic Development to prepare and present their financial statements compatible for inclusion with the financial statements of the County in a timely manner, so that they may be included in accordance with accounting principles generally accepted in the United States of America.
