TO THE OFFICERS OF PITTSBURG COUNTY, OKLAHOMA

#### **Report on the Financial Statement**

We have audited the combined total—all county funds on the accompanying regulatory basis Statement of Receipts, Disbursements, and Changes in Cash Balances of Pittsburg County, Oklahoma, as of and for the year ended June 30, 2019, and the related notes to the financial statement, which collectively comprise the County's basic financial statement as listed in the table of contents.

#### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the regulatory basis of accounting described in Note 1, and for determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statement is prepared by Pittsburg County using accounting practices prescribed or permitted by Oklahoma state law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Pittsburg County as of June 30, 2019, or changes in financial position for the year then ended.

#### Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the combined total of receipts, disbursements, and changes in cash balances for all county funds of Pittsburg County, for the year ended June 30, 2019, in accordance with the basis of accounting described in Note 1.

#### **Other Matters**

#### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the combined total of all county funds on the financial statement. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statement.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. Such information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statement.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 25, 2021, on our consideration of Pittsburg County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial report is an integral part

of an audit performed in accordance with *Government Auditing Standards* in considering Pittsburg County's internal control over financial reporting and compliance.

#### 1. Summary of Significant Accounting Policies

#### A. <u>Reporting Entity</u>

Pittsburg County is a subdivision of the State of Oklahoma created by the Oklahoma Constitution and regulated by Oklahoma Statutes.

The accompanying financial statement presents the receipts, disbursements, and changes in cash balances of the total of all funds under the control of the primary government. The general fund is the county's general operating fund, accounting for all financial resources except those required to be accounted for in another fund, where its use is restricted for a specified purpose. Other funds established by statute and under the control of the primary government are also presented.

The County Treasurer collects and remits material amounts of intergovernmental revenues and ad valorem tax revenue for other budgetary entities, including libraries, school districts, and cities and towns. The cash receipts and disbursements attributable to those other entities do not appear in funds on the County's financial statement; those funds play no part in the County's operations. Any trust or agency funds maintained by the County are not included in this presentation.

#### B. <u>Fund Accounting</u>

The County uses funds to report on receipts, disbursements, and changes in cash balances. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Following are descriptions of the county funds included as combining information within the financial statement:

<u>General</u> – accounts for revenue from ad valorem taxes, officers' fees, interest earnings and miscellaneous collections of the County. Disbursements are for the general operations of the government.

<u>County Sinking</u> – accounts for the payment of interest and principal on the matured portion of long-term bonded debt and civil judgements. Debt service receipts derived generally from a special ad valorem tax levy and from interest earned on investments of cash not immediately required for debt service payments.

<u>Federal Emergency Management</u> – accounts for the receipt and disbursement of funds from state and local governments for civil defense purposes.

#### C. Basis of Accounting

The financial statement is prepared on a basis of accounting wherein amounts are recognized when received or disbursed. This basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred. This regulatory basis financial presentation is not a comprehensive measure of economic condition or changes therein.

Title 19 O.S. § 171 specifies the format and presentation for Oklahoma counties to present their financial statement in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) or on a regulatory basis. The County has elected to present their financial statement on a regulatory basis in conformity with Title 19 O.S. § 171. County governments (primary only) are required to present their financial statements on a fund basis format with, at a minimum, the general fund and all other county funds, which represent ten percent or greater of total county revenue with all other funds included in the audit presented in the aggregate in a combining statement. However, the County has elected to present all funds included in the audit in the Statement of Receipts, Disbursements, and Changes in Cash Balances—Regulatory Basis.

#### D. <u>Budget</u>

Under current Oklahoma Statutes, a general fund and a county health department fund are the only funds required to adopt a formal budget. On or before the first Monday in July of each year, each officer or department head submits an estimate of needs to the governing body. The budget is approved for the respective fund by office, or department and object. The County Board of Commissioners may approve changes of appropriations within the fund by office or department and object. To increase or decrease the budget by fund requires approval by the County Excise Board.

#### E. <u>Cash</u>

For the purposes of financial reporting, "Ending Cash Balances, June 30" includes cash and cash equivalents as allowed by statutes. The County pools the cash of its various funds in maintaining its bank accounts. However, cash applicable to a particular fund is readily identifiable on the County's books. The balance in the pooled cash accounts is available to meet current operating requirements.

State statutes require financial institutions with which the County maintains funds to deposit collateral securities to secure the County's deposits. The amount of collateral securities to be

pledged is established by the County Treasurer; this amount must be at least the amount of the deposit to be secured, less the amount insured (by, for example, the FDIC).

The County Treasurer has been authorized by the County's governing board to make investments. Allowable investments are outlined in statutes 62 O.S. § 348.1 and § 348.3.

All investments must be backed by the full faith and credit of the United States Government, the Oklahoma State Government, fully collateralized, or fully insured. All investments as classified by state statute are nonnegotiable certificates of deposit. Nonnegotiable certificates of deposit are not subject to interest rate risk or credit risk.

#### 2. Ad Valorem Tax

The County's property tax is levied each October 1 on the assessed value listed as of January 1 of the same year for all real and personal property located in the County, except certain exempt property. Assessed values are established by the County Assessor within the prescribed guidelines established by the Oklahoma Tax Commission and the State Equalization Board. Title 68 O.S. § 2820.A. states, ". . . Each assessor shall thereafter maintain an active and systematic program of visual inspection on a continuous basis and shall establish an inspection schedule which will result in the individual visual inspection of all taxable property within the county at least once each four (4) years."

Taxes are due on November 1 following the levy date, although they may be paid in two equal installments. If the first half is paid prior to January 1, the second half is not delinquent until April 1. The County Treasurer, according to the law, shall give notice of delinquent taxes and special assessments by publication once a week for two consecutive weeks at any time after April 1, but prior to the end of September following the year the taxes were first due and payable. Unpaid real property taxes become a lien upon said property after the treasurer has perfected the lien by public notice.

Unpaid delinquent personal property taxes are usually published in May. If the taxes are not paid within 30 days from publication, they shall be placed on the personal tax lien docket.

#### **3.** Other Information

#### A. Pension Plan

<u>Plan Description</u>. The County contributes to the Oklahoma Public Employees Retirement Plan (the Plan), a cost-sharing, multiple-employer defined benefit pension plan administered by the Oklahoma Public Employees Retirement System (OPERS). Benefit provisions are established and amended by the Oklahoma Legislature. The Plan provides retirement, disability, and death benefits to Plan members and beneficiaries. Title 74, Sections 901 through 943, as amended, establishes

the provisions of the Plan. OPERS issues a publicly available financial report that includes financial statements and supplementary information. That report may be obtained by writing OPERS, P.O. Box 53007, Oklahoma City, Oklahoma 73105 or by calling 1-800-733-9008.

<u>Funding Policy</u>. The contribution rates for each member category are established by the Oklahoma Legislature and are based on an actuarial calculation which is performed to determine the adequacy of contribution rates.

#### B. Other Post Employment Benefits (OPEB)

In addition to the pension benefits described in the Pension Plan note, OPERS provides postretirement health care benefits of up to \$105 each for retirees who are members of an eligible group plan. These benefits are funded on a pay-as-you-go basis as part of the overall retirement benefit. OPEB expenditure and participant information is available for the state as a whole; however, information specific to the County is not available nor can it be reasonably estimated.

#### C. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, primarily the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time; although, the County expects such amounts, if any, to be immaterial.

As of the end of the fiscal year, there were no claims or judgments that would have a material adverse effect on the financial condition of the County; however, the outcome of any lawsuit would not be determinable.

#### D. Sales Tax

The voters of Pittsburg County approved three-quarters of one (1) cent sales tax on October 11, 2015 to be pledged toward the retirement of indebtedness incurred therefore and to be designated and used specifically as follows:

- 48% constructing, renovating, expanding, equipping, which includes three-sixteenths of one (1) cent for operating and maintaining the Pittsburg County Jail;
- 47% acquisition of real property, constructing, renovating, expanding, and furnishing the Pittsburg County Courthouse;
- 5% acquisition of real property, constructing, equipping, which includes one-sixteenth of one (1) cent primarily for operating and maintaining a new Pittsburg County Animal Shelter.

A portion of this sales tax, one-half of one (1) cent, expires October 11, 2024, or until principal and interest upon indebtedness is paid in full, whichever occurs earlier. On July 23, 2015, the Economic

Development Authority, (the "Authority"), defeased all outstanding sales tax revenue bonds associated with one-half cent (1/2) for the capital improvements. Therefore, one-half cent (1/2) county sales tax was terminated effective October 1, 2015. The remaining one-quarter sales tax is permanent. These funds are accounted for in Jail Maintenance and Operation and Animal Shelter Maintenance and Operation funds.

The voters of Pittsburg County approved a permanent one-quarter of one percent (1/4%) sales tax effective July 29, 2008. This sales tax was designated for fire protection. The sales tax will be distributed to the fire departments in the following communities; Alderson, Arrowhead Estates, Ashland, Blanco, Blue, Bugtussle, Canadian, Canadian Shores, Crowder, Elm Point, Gaines Creek, Haileyville, Hartshorne, Haywood-Arpelar, High Hill, Highway 9, Indianola, Kiowa, Krebs, McAlester, Pittsburg, Quinton, Sam's Point, Savanna, Shady Grove, Tannehill, and Union Chappell, or others hereinafter established. These funds are accounted for in the County Fire Tax fund.

The voters of Pittsburg County approved a permanent one percent (1%) sales tax effective January 1, 2016. The sales tax proceeds of which to be deposited to a sales tax depository account with the Pittsburg County Treasurer, pledged toward the retirement of any indebtedness incurred therefore; and to be designated and used specifically as follows: construction and repair of county roads and bridges; acquisition of equipment and materials; contractor services as necessary; and not for salaries of county employees; making provisions separable; and declaring an emergency. These funds are accounted for in the Highway Sales Tax fund.

#### E. Tax Abatements

The County is subject to ad valorem tax abatements granted by the State of Oklahoma in accordance with the Oklahoma Constitution, Article 10 Section 6B for qualifying manufacturing concern—ad valorem tax exemption.

Under this program, a five-year ad valorem tax exemption exempts all real and personal property that is necessary for the manufacturing of a product and facilities engaged in research and development which meet the requirements set by the Oklahoma Constitution and statutes. Under Title 68 O.S. § 2902, in exchange for the five-year exemption, qualifying manufacturing concerns must meet certain minimum investment requirements for construction, acquisition, or expansion of a manufacturing facility. In addition, there are general minimum payroll requirements that must be met and the qualifying manufacturing concern must offer basic health benefit plans to all full-time employees within 180 days of employment.

The County had \$14,302 of ad valorem taxes abated under this program for the fiscal year ended June 30, 2019.

The State has an Ad Valorem Reimbursement Fund in accordance with Title 62 O.S. § 193 that is used to reimburse the County for the loss of revenue. Monies apportioned to this fund by the State also may be transferred to other state funds or otherwise expended as directed by the Legislature.

In the event monies apportioned to the Fund are insufficient to pay all claims for reimbursement, claims for reimbursement for loss of revenue due to manufacturing exemptions of ad valorem taxes shall be paid first, and any remaining funds shall be distributed proportionally among the counties making claims for reimbursement for loss of revenue for school district exemptions.

#### F. Interfund Transfers

During the fiscal year, the County made the following transfers between cash funds:

- \$69,440 was transferred from the REAP fund to the Highway Sales Tax fund to reimburse for expenditures on bridge and road projects in the County.
- \$86,365 was transferred from the County Highway fund to the Emergency Transportation fund (a trust and agency fund) for the loan repayment for bridge and road projects in the County.
- \$40,000 was transferred from Emergency Transportation fund (a trust and agency fund) to the County Highway to reimburse for expenditures on bridge and road projects in the County

#### G. <u>Restatement of Fund Balance</u>

During the fiscal year, the County had a reclassification of funds. District 18 Drug Court was reclassified as a trust and agency fund as it is under the direction of Oklahoma Department of Mental Health and Substance Abuse.

Prior year ending balance, as reported	\$14,156,989
Funds reclassified as Trust and Agency Funds: District 18 Drug Court reclassified from a	
County Fund to a Trust and Agency fund	66,715
Prior year ending balance, as restated	<u>\$14,090,274</u>

#### 1. Budgetary Schedules

The Comparative Schedules of Expenditures—Budget and Actual—Budgetary Basis for the General Fund and the Health Fund present comparisons of the legally adopted budget with actual data. The "actual" data, as presented in the comparison of budget and actual, will differ from the data as presented in the Statement of Receipts, Disbursements, and Changes in Cash Balances (with Combining Information) because of adopting certain aspects of the budgetary basis of accounting and the adjusting of encumbrances and outstanding warrants to their related budget year.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in these funds. At the end of the year unencumbered appropriations lapse.

#### Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

#### TO THE OFFICERS OF PITTSBURG COUNTY, OKLAHOMA

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the combined total—all funds of the accompanying Statement of Receipts, Disbursements, and Changes in Cash Balances (with Combining Information) of Pittsburg County, Oklahoma, as of and for the year ended June 30, 2019, and the related notes to the financial statement, which collectively comprises Pittsburg County's basic financial statement, prepared using accounting practices prescribed or permitted by Oklahoma state law, and have issued our report thereon dated October 25, 2021.

Our report included an adverse opinion on the financial statement because the statement is prepared using accounting practices prescribed or permitted by Oklahoma state law, which is a basis of accounting other than accounting principles generally accepted in the United States of America. However, our report also included our opinion that the financial statement does present fairly, in all material respects, the receipts, disbursements, and changes in cash balances – regulatory basis of the County for the year ended June 30, 2019, on the basis of accounting prescribed by Oklahoma state law, described in Note 1.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statement, we considered Pittsburg County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of Pittsburg County's internal control. Accordingly, we do not express an opinion on the effectiveness of Pittsburg County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and responses that we consider to be a material weakness: 2019-001.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Pittsburg County's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Pittsburg County's Response to Findings

Pittsburg County's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Pittsburg County's response was not subjected to the auditing procedures applied in the audit of the financial statement and, accordingly, we express no opinion on the response.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is also a public document pursuant to the Oklahoma Open Records Act (51 O.S. § 24A.1 et seq.), and shall be open to any person for inspection and copying.

# SECTION 1—Findings related to the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

### Finding 2019-001 — Internal Controls Over Signature Stamp – County Treasurer (Repeat Finding 2011-004, 2012-004, 2013-004, 2016-003, 2017-003, and 2018-003)

**Condition:** Upon inquiry, observation, and review of documents, we noted the following internal control weakness:

• The employees of the County Treasurer's office have access to the Treasurer's two (2) signature stamps. The signature stamps are not under the physical control of the County Treasurer and are retained in an unsecure location.

**Cause of Condition:** Policies and procedures have not been designed and implemented to ensure control of the signature stamps due to the official being unaware of the risk involved with someone other than herself having access to her signature stamps.

Effect of Condition: This condition could result in unauthorized transactions or misappropriation of funds.

**Recommendation:** The Oklahoma State Auditor and Inspector (OSAI) recommends signature stamps be adequately safeguarded from unauthorized use and are to be used only by the official to whom it belongs.

#### **Management Response:**

**County Treasurer:** I will take physical control of my two (2) signature stamps and retain them in a secure location. My 1<sup>st</sup> Deputy and School Deputy will be allowed to use them under my authorization for school warrants and vouchers.

Auditor Response: The signature stamps should only be used by the official to whom it belongs.

**Criteria:** The United States Government Accountability Office's *Standards for Internal Control in the Federal Government* (2014 version) aided in guiding our assessments and conclusion. Although this publication (GAO Standards) addresses controls in the federal government, this criterion can be treated as best practices and may be applied as a framework for an internal control system for state, local, and quasi-governmental entities

The GAO Standards – Section 1 – Fundamental Concepts of Internal Control – OV1.03 states:

#### Definition of Internal Control

Internal control comprises the plans, methods, policies, and procedures used to fulfill the mission, strategic plan, goals, and objectives of the entity. Internal control serves as the first line of defense in safeguarding assets. In short, internal control helps managers achieve desired results through effective stewardship of public resources.

The GAO Standards – Section 2 – Objectives of an Entity - OV2.24 states in part:

#### Safeguarding of Assets

Management designs an internal control system to provide reasonable assurance regarding prevention or prompt detection and correction of unauthorized acquisition, use, or disposition of an entity's assets.

SECTION 2—This section contains certain matters not required to be reported in accordance with *Government Auditing Standards*. However, we believe these matters are significant enough to bring to management's attention. We recommend that management consider these matters and take appropriate corrective action.

No matters were reported.
