PUSHMATAHA COUNTY EMERGENCY MEDICAL SERVICE DISTRICT

FOR THE YEAR ENDED JUNE 30, 2007

Oklahoma State Auditor & Inspector

PUSHMATAHA COUNTY EMERGENCY MEDICAL SERVICE DISTRICT FINANCIAL STATEMENT AND INDEPENDENT AUDITOR'S REPORT FOR THE YEAR ENDED JUNE 30, 2007

This publication is printed and issued by the State Auditor and Inspector as authorized by Article 10, § 9C (i) of the Oklahoma Constitution. Pursuant to 74 O.S. § 3105.B, twenty-five (25) copies have been prepared and distributed at a cost of \$48.40. Copies have been deposited with the Publications Clearinghouse of the Oklahoma Department of Libraries.

STATE OF OKLAHOMA OFFICE OF THE AUDITOR AND INSPECTOR

JEFF A. McMAHAN State Auditor and Inspector

June 9, 2008

TO THE BOARD OF TRUSTEES OF THE PUSHMATAHA COUNTY EMERGENCY MEDICAL SERVICE DISTRICT

Transmitted herewith is the audit of the Pushmataha County Emergency Medical Service District's financial statement for the fiscal year ended June 30, 2007. The audit was conducted in accordance with *Government Auditing Standards*.

A report of this type is critical in nature; however, we do not intend to imply that our audit failed to disclose commendable features in the present accounting and operating procedures of the Pushmataha County Emergency Medical Service District.

We wish to take this opportunity to express our appreciation for the assistance and cooperation extended to our office during the course of our audit.

The Office of the State Auditor and Inspector is committed to serving the public interest by providing independent oversight and by issuing reports that serve as a management tool to the state to ensure a government which is accountable to the people of the State of Oklahoma.

Sincerely,

Chichau R. Day

MICHELLE R. DAY, Esq. Deputy State Auditor and Inspector

INTRODUCTION

Article 10, § 9C of the Oklahoma Constitution authorized the formation of emergency medical service districts and authorized a tax levy not to exceed 3 mills for the purpose of providing funds to support, organize, operate, and maintain district ambulance services. District voters approved the formation of the district and an original 3 mills levy to support the operation of the district. Per Article 10, § 8A, with the repeal of personal property tax, the millage with the adjustment factor is 3.09 mills. The Pushmataha County Emergency Medical Service District is comprised of Pushmataha County and was created to provide ambulance service to all citizens.

Emergency medical service districts are governed by a board of trustees. The board of trustees (the board) has the power to hire a manager and other personnel, contract, organize, maintain, or otherwise operate the emergency medical service district. The trustees must act as a board when entering into contracts or other agreements affecting the district's welfare. Thus, actions taken by the board are voted on and approved by a majority of the trustees. The board of trustees' business meetings are open to the public. The board shall have the capacity to sue and be sued but shall enjoy immunity from civil suits for actions or omissions arising from the operation of the district. Such districts have the authority to charge fees for services, and accept gifts, funds, or grants.

The Oklahoma Constitution also provides that the district shall be audited by the State Auditor and Inspector.

FINANCIAL SECTION

STATE OF OKLAHOMA OFFICE OF THE AUDITOR AND INSPECTOR

JEFF A. McMAHAN State Auditor and Inspector

Independent Auditor's Report

TO THE BOARD OF TRUSTEES OF THE PUSHMATAHA COUNTY EMERGENCY MEDICAL SERVICE DISTRICT

We have audited the accompanying Statement of Receipts, Disbursements, and Changes in Cash Balances–General Fund of Pushmataha County Emergency Medical Service District, as of and for the year ended June 30, 2007, listed in the table of contents as the basic financial statement. This financial statement is the responsibility of the Pushmataha County Emergency Medical Service District. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the accompanying basic financial statement was prepared using accounting practices prescribed or permitted by Oklahoma state law, which practices differ from accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the matter discussed in the preceding paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Pushmataha County Emergency Medical Service District as of June 30, 2007, or changes in its financial position for the year then ended.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the receipts, disbursements, and changes in cash balances of the Pushmataha County Emergency Medical Service District, for the year ended June 30, 2007, on the basis of accounting described in Note. 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 15, 2008, on our consideration of Pushmataha County Emergency Medical Service District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming an opinion on the Statement of Receipts, Disbursements, and Changes in Cash Balances—General Fund of Pushmataha County Emergency Medical Service District, taken as a whole. The accompanying Comparative Schedule of Receipts, Expenditures, and Changes in Cash Balances—Budget and Actual—Budgetary Basis—General Fund is presented for purposes of additional analysis and is not a required part of the basic financial statement. The Comparative Schedule of Receipts, Expenditures, and Changes in Cash Balances—Budget and Actual—Budgetary Basis—General Fund has been subjected to the auditing procedures applied in the audit of the basic financial statement and, in our opinion, is fairly stated in all material respects in relation to the basic financial statement taken as a whole.

Chichau R. Day

MICHELLE R. DAY, Esq. Deputy State Auditor and Inspector

April 15, 2008

Capital Outlay		105,405			
Audit Budget Account		5,282			
Total Disbursements		240,344			
Ending Cash Balance	\$	80,945			

The notes to the financial statement are an integral part of this statement.

1. Summary of Significant Accounting Policies

The accompanying basic financial statement presents the receipts, disbursements, and changes in cash balances of Pushmataha County Emergency Medical Service District (the District). The financial activity presented is established under statutory authority, and its operation is under the control of the District Board of Trustees. The more significant accounting policies and practices are described below.

A. <u>Reporting Entity</u>

The District is a special unit of government and does not possess political or governmental powers other than those necessary to carry out the specific purposes for which it was created. The District is not subject to federal or state income taxes.

The accompanying basic financial statement includes all District functions and activities over which the District Board exercises significant influence. Significant influence or accountability is based primarily on the oversight exercised by the District Board. The District is not a component unit of another government and does not have any component units.

B. Fund Accounting

The District uses only a general fund to account for its cash balances.

C. Basis of Accounting

The basic financial statement is prepared on a basis of accounting wherein amounts are recognized when received or disbursed. This basis of accounting differs from accounting principles generally accepted in the United States of America, which require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred. This cash basis financial presentation is not a comprehensive measure of economic condition or changes therein.

D. Cash and Investments

State statutes require financial institutions with which the District maintains funds to deposit collateral securities to secure the District's deposits. The amount of collateral securities to be pledged is established by the District Treasurer; this amount must be at least the amount of the deposit to be secured, less the amount insured (by, for example, the FDIC).

State statutes authorize the District to invest in obligations of the U.S. Treasury, certificates of deposit, or savings accounts of banks, savings and loans, and trust companies if secured by acceptable collateral where the collateral has been deposited with a trustee or custodian bank.

E. <u>Risk Management</u>

The District is exposed to various risks of loss related to: torts, theft of, damage to and destruction of assets; errors and omissions; injuries to personnel and natural disasters. The District continues to carry commercial insurance for these types of risk. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no significant reductions in insurance coverage during the 2007 fiscal year.

F. <u>Compensated Absences</u>

The District is a volunteer service; therefore, there are no compensated absences.

G. Provider Contract

The District Board has contracted with the Pushmataha County Hospital, the Town of Clayton and the City of Antlers to provide emergency medical services in the District. Title to all assets has been transferred to the providers.

H. Intergovernmental Revenues

The District received a federal grant in conjunction with the City of Antlers to purchase a new ambulance. The grant was for \$93,100 with \$12,305 matching funds provided by the City of Antlers. The District purchased an ambulance for the City of Antlers for \$105,405. As per contract, the title to the ambulance was transferred to the City of Antlers.

2. Stewardship Policies

On or before June 1 of each year, a budget for each fund, as required by the Board, is completed. The budget is approved by fund and object. The District Board may approve changes of appropriations within the fund by object. To increase or decrease the budget by fund requires approval by the Excise Board.

3. Detailed Notes on Fund Balances

A. Ad Valorem Tax

The property tax is levied each October 1 on the assessed value listed as of January 1 of the same year for all real and personal property located in the District, except certain exempt property.

PUSHMATAHA COUNTY EMERGENCY MEDICAL SERVICE DISTRICT NOTES TO THE FINANCIAL STATEMENT FOR THE FISCAL YEAR ENDED JUNE 30, 2007

Assessed values are established by the County Assessor within the prescribed guidelines established by the Oklahoma Tax Commission and the State Equalization Board. The tax is collected by the County Treasurer and remitted to the District.

The County voted to repeal the personal property tax. The initiative provided that real property tax levies would be increased to make up for the loss of taxable personal property; hence the levy is now 3.09 mills. The assessed property value as of January 2006 was approximately \$38,398,232 after deducting homestead exemptions.

Taxes are due on November 1 following the levy date, although they may be paid in two equal installments. If the first half is paid prior to January 1, the second half is not delinquent until April 1.

Unpaid delinquent personal property taxes are published usually in May. If the taxes are not paid within 30 days from publication, they are placed on the personal tax lien docket.

Current year tax collections for the year ended June 30, 2007, were approximately 91.91 percent of the tax levy.

See independent auditor's report.

The accompanying notes to the supplementary information are an integral part of this schedule.

PUSHMATAHA COUNTY EMERGENCY MEDICAL SERVICE DISTRICT NOTES TO SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2007

Oklahoma Statutes require the District to prepare a formal budget for the general fund and other funds as the Board of Trustees may require. The budget presented for the general fund includes the originally approved budgeted appropriations for expenditures and final budgeted appropriations as adjusted for supplemental appropriations and approved transfers between budget categories.

The Comparative Schedule of Receipts, Expenditures, and Changes in Cash Balances—Budget and Actual—Budgetary Basis—General Fund presents comparisons of the legally adopted budget with actual data. The "actual" data, as presented in the comparison of budget and actual, will differ from the data as presented in the Statement of Receipts, Disbursements, and Changes in Cash Balances because of adopting certain aspects of the budgetary basis of accounting and the adjusting of encumbrances and outstanding warrants to their related budget year.

INTERNAL CONTROL AND COMPLIANCE SECTION

STATE OF OKLAHOMA OFFICE OF THE AUDITOR AND INSPECTOR

JEFF A. McMAHAN State Auditor and Inspector

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

TO THE BOARD OF TRUSTEES OF THE PUSHMATAHA COUNTY EMERGENCY MEDICAL SERVICE DISTRICT

We have audited the Statement of Receipts, Disbursements, and Changes in Cash Balances of Pushmataha County Emergency Medical Service District, as of and for the year ended June 30, 2007, which comprises Pushmataha County Emergency Medical Service District's basic financial statement, prepared using accounting practices prescribed or permitted by Oklahoma state law, and have issued our report thereon dated April 15, 2008. Our report on the basic financial statement was adverse because the statement is not a presentation in conformity with accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Pushmataha County Emergency Medical Service District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Pushmataha County Emergency Medical Service District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a certain deficiency in internal control over financial reporting that we consider to be a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiency 2007-1 as described in the accompanying schedule of findings and responses to be a significant deficiency in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we consider the significant deficiency described above to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Pushmataha County Emergency Medical Service District's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, which are described in the accompanying schedule of findings and responses as items 2007-2 and 2007-3.

Pushmataha County Emergency Medical Service District's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. We did not audit Pushmataha County Emergency Medical Service District's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of Trustees, Excise Board, and Legislative Officials and should not be used for any other purpose. This report is also a public document pursuant to the Oklahoma Open Records Act (51 O.S., section 24A.1 et seq.), and shall be open to any person for inspection and copying.

Chichun R. Da

MICHELLE R. DAY, Esq. Deputy State Auditor and Inspector

April 15, 2008

Findings related to the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Finding 2007-1 - Segregation of Duties (Repeat Finding)

Criteria: Segregation of duties over asset custody, transaction authorization, bookkeeping, and reconciliation are important elements of effective internal control over government assets and resources.

Condition: The limited number of office personnel within the District office prevents a proper segregation of accounting functions, which is necessary to assure adequate internal control structure.

Effect: This condition could result in unrecorded transactions, misstated financial reports, undetected errors, or misappropriation of assets.

Recommendation: We recommend management be aware of this condition and realize the concentration of duties and responsibilities in a limited number of individuals is not desired from a control point of view. The most effective controls lie in management's knowledge of office operations and a periodic review of operations.

Views of responsible officials and planned corrective actions: We concur with the State Auditor's findings. Management does have knowledge of office operations and will perform a periodic review of these operations.

Finding 2007-2 – Expenditures (Repeat Finding)

Criteria: The official opinion of the Attorney General, 1983 OK AG 280, is that an Emergency Medical Service District formed pursuant to Article 10, § 9C of the Oklahoma Constitution, may not lawfully pay per diem expenses and/or mileage expense for travel to and from the board meetings and return to the residence to members of the board of trustees of the EMS district who attend regular and special meetings of the board.

Condition: During our examination, we found that members of the Board of Trustees are being paid an allowance to offset their travel expense incurred to attend meetings.

Effect: This condition may result in the District being in violation of Oklahoma state law.

Recommendation: We recommend that the District refrain from paying travel allowances for Board members to and from meetings.

Views of responsible officials and planned corrective actions: Management concurs with the State Auditor's findings and will implement procedures to correct this issue.

Finding 2007-3 – Exceeding Approved Appropriations

Criteria: According to 19 O.S. § 1717, no expenditures may be authorized or made by any employee or member of the board which exceeds any fund of the budget as adopted or amended or which exceeds the appropriation for any fund of the budget as adopted or amended.

Condition: The Pushmataha County Emergency Medical Service District exceeded their approved appropriations for Contract Services by \$6,020 and Capital Outlay by \$405.

Effect: This condition results in the District incurring unappropriated expenditures.

Recommendation: We recommend that the District adhere to their adopted budget and that no expenditures be approved by the District Board in excess of the approved appropriations.

Views of responsible officials and planned corrective actions: Management concurs with the State Auditor's findings and will implement procedures to correct this issue.
