and Inspector

Members of the Budget Board and
Citizens of Tulsa County, Oklahoma

We are pleased to present the 2020-2024 Capital Improvements Program (CIP) for Tulsa County, Oklahoma. This is the twelfth year for the five (5) year Capital Improvements Program. The CIP process is meant to provide a focused plan to identify the County's infrastructure and capital needs and the funding to meet those needs. While several projects have funding sources, the critical need of the County is to identify and establish a recurring funding source for capital requests.

The total Capital Requests for the five-year period from July 1, 2019 to June 30, 2024 is \$104,848,376. A total of \$117,694,495 in Capital Requests was submitted for the five-year period from July 1, 2018 to June 30, 2023.

	Total All Requests	Unknown Funding Source	Known Funding Source
July 1, 2019 - June 30, 2024	104,848,376	7,144,700	97,703,676
July 1, 2018 - June 30, 2023	117,694,495	11,813,000	105,881,495
July 1, 2017 - June 30, 2022	138,107,743	15,750,185	122,357,558
July 1, 2016 - June 30, 2021	99,807,473	12,115,800	87,691,673
July 1, 2015 - June 30, 2020	103,423,680	29,024,280	74,943,000
July 1, 2014 - June 30, 2019	90,403,122	19,460,122	70,943,000

Seven percent (7 %) of the dollar amounts requested cannot be funded at this time. Of the \$104,848,376 that has been requested in the CIP this year, \$7,144,700 has no funding source. The CIP is a planning tool for infrastructure and other capital improvements which prioritizes projects and schedules them for completion as soon as practical. Due to limited funding sources, many projects simply must wait for funding and completion. The CIP is a five-year plan that will be updated and revised on an annual basis. The annual updates will reflect changing priorities and revised cost estimates.

We would like to thank the Tulsa County Budget Board and the various department directors for their effort and input that help shape this document.

Respectfully submitted,

Budget Department

Tulsa County Headquarters Bldg

BOARD OF COUNTY COMMISSIONERS

Justification To consolidate County offices to save taxpayers' money and to serve public in a more efficient manner

Financial Impact to Tulsa County By merging County offices and freeing up more spaces in courthouse, we can provide more spaces for visitors for court related matters as well as for applying for marriage licenses and passports.

Non-Financial Benefit to Tulsa County Moving Public Defender to our Ray Jordan Administration Building saves us an annual rent. Also we were leasing parking space for our employees. We now have our own parking space so we can eliminate the cost for the lease of parking.

Department Head Signature:

Marble Repair & Waterproofing Courthouse

BUILDING OPERATIONS

Justification Repair and waterproof the exterior of the Courthouse

Financial Impact to Tulsa County Would reduce the risk of marble falling on a visitor or employee.
 Would reduce the leaks into the building that are causing mold issues.

Non-Financial Benefit to Tulsa County Would clean up the look of the outside of the Courthouse

Impact to Annual Budget:	
Annual Operating Cost	\$0.00
Annual Operating Savings	\$0.00
Annual Operating Income	\$0.00
Net Annual Operating Impact	\$0.00

LED Lighting

BUILDING OPERATIONS

Justification Continue Green Project - Converting all Tulsa County Buildings to LED lighting

Financial Impact to Tulsa County Reduces the amount of energy usage, in turn reducing the utility costs. There is no maintenance required on LED lighting.

Non-Financial Benefit to Tulsa County Tulsa County is always looking at ways to be a better steward of the environment.

Annual Operating Savings	\$30,000.00
Annual Operating Income	\$1,200.00
Net Annual Operating Impact	\$11,700.00

Replace High Mileage Fleet Vehicles

BUILDING OPERATIONS

Justification Replace High Mileage Fleet Vehicles

Financial Impact to Tulsa County Replacement of high mileage vehicles would reduce the amount of work required, and money spent keeping them running. Also newer vehicles get better fuel mileage reducing the amount spent on fuel.

Non-Financial Benefit to Tulsa County Keeping newer vehicles in the fleet reduces the work load on the Central Garage.

Annual Operating Cost	\$0.00
Annual Operating Savings	\$0.00
Annual Operating Income	\$0.00
Net Annual Operating Impact	\$0.00

Sprinklers for Apache Warehouse

BUILDING OPERATIONS

Justification Put sprinklers in bin and change out 305 sprinklers

Financial Impact to Tulsa County It will cost a little more during yearly inspections, but in the event there was a fire, it would provide protection not currently available.

Non-Financial Benefit to Tulsa County This would add sprinkler coverage over files at the Apache Warehouse, where there are currently no sprinklers. It would also bring the system up to code.

Priority Number 6

Funding Source Unknown

Annual Operating Savings	\$0.00
Annual Operating Income	\$0.00
Net Annual Operating Impact	\$0.00

Replace Obsolete Electric Panels

BUILDING OPERATIONS

Justification Replace obsolete electric panels throughout multiple facilities

Financial Impact to Tulsa County By updating the panels we would not have to call in outside vendors to work on the panels that are not up to current safety standards. Our in house staff could work on the electricity issues.

Non-Financial Benefit to Tulsa County This would allow us to bring main electric panels up to current safety standards, and allow for any code changes to be fixed.

Vehicle Replacement Program

SHERIFF

Justification Replacing old or high mileage vehicles in the TCSO fleet will help ensure that deputies are able to perform their duties without the delay of a vehicle down for repair or extensive maintenance.

Financial Impact to Tulsa County Providing reliable transportation for field deputies will aid in TCSO's commitment to public safety. Keeping the fleet current will reduce maintenance costs.

Non-Financial Benefit to Tulsa County Replacing old or high mileage vehicles in the TCSO fleet will help ensure that deputies are able to perform their duties without the delay of a vehicle down for repair or extensive maintenance.
