Dear Mayor and Members of the City Council:

The accompanying proposed budget for the 2015-2016 fiscal year is submitted for your review and discussion. The annual budget process provides the city with the opportunity to review not only where it has been historically, but where it is headed in the future. The results of that process are encapsulated in the estimated revenues and expenditures/expenses that are included in the accompanying fund and department level budget proposals.

This year's budget proposal is prepared and presented in accordance with the Oklahoma Municipal Budget Act and includes budgets required for all funds under the control of the City of Glenpool and its two Trust Authorities.

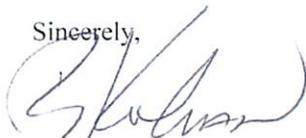

Highlights of the proposed budget include:

- A full year of operations for the city's Animal Control Services under the umbrella of the Police Department.
- The acquisition of new vehicles for the Police Department to replace older, high mileage vehicles.
- Salary increases for all represented and non-represented employees.
- Matching funds for CDBG funding to improve ADA compliance at the Senior Citizens Center.
- The continuation of the expenditure of \$250,000 for needed road maintenance projects.
- Creation of emergency reserve funds within the General Fund, Glenpool Utility Services Authority and the Glenpool Industrial Authority.
- Implementation of a Council Contingency line item to address unforeseen opportunities that may arise during the year.

Glenpool continues to see significant residential and commercial growth as the metro area expands to the southwest along the Highway 75 corridor, and we expect that trend to continue over the next several fiscal years. That growth will be key in providing the funding for the amenities that our citizens demand and deserve.

I am proud of the hard work that the staff put into creating this year's proposed budget, and for that matter for all that they do on a daily basis for our citizens.

Sincerely,

Roger Kolman, M. Admin, CPA
City Manager

Note to reader: GUSA is the bond issuer for the City of Glenpool. These proceeds are then used to create assets for both the City and GUSA. Since the payments for principal and interest on the "current" bond series (2010 and 2011) is transferred to GUSA from City Sales Tax Collections, these revenues are shown on GUSA as Transfers In. Then, the payment of interest on the "current" bonds are captured as Interest Expense for GUSA. However, an Escrow Account for the purpose of paying off the "old" bond series (2001, 2007, 2008 and 2009), when due or callable, was established in FY2011. That cash was not captured in GUSA as revenue; however, the payment of interest due on these "old" bonds is captured as Interest Expense. That gives the appearance of overspending the budget and thus reduces the Fund Balance for GUSA. That the reason for the presentation of the Escrow Account Balance on this sheet.
