To: Honorable Mayor and City Commissioners
Chairman and Trustees of the Woodward Municipal Authority

Budget Message FY 2019-20

The combined budgets for all municipal funds are presented in summary and detail for the coming fiscal year within the accompanying pages for your consideration. This message is required by law to provide a brief explanation of the budget and any major changes from the previous year.

The City of Woodward, the Woodward Municipal Authority, and all related component entities and departments are authorized to budget revenues and expenditures under the Municipal Budget Act, Title II O. S. 1979, Section 17-201 through 17-206, as may be revised. Accordingly, publishing the budget summary, proper notice, and the scheduled public hearing meet the statutory requirements. A copy of the Act is included for your reference.

Sales Tax revenues again failed to provide necessary margins to equal prior year revenues. Even combined with a significantly improved level of receipts in Use Tax categories, the total taxes realized were within a 1% comparison to the previous year. Having forecast revenues at a flat rate was sufficiently accurate for operations. However, there remains a significant focus on rebuilding fund reserves, so the budget for the coming year reduces the Sales Tax forecast by 7.5%. This should position the City to accomplish the goals of service delivery, along with stabilizing the reserves.

This budget again requires that the mandated furlough of municipal employees continue for another year. We have not yet reached the point where the 10% annual cost reduction accomplished through the furlough is offset by new revenues. To do so will require a minimum of \$500,000 in additional revenues, which is certainly not the case this year.

No rate increases are proposed for utilities this year beyond the usual Consumer Price Index adjustment. However, we will be analyzing our ability to generate additional revenues through our utility components. Of particular interest will be how we address future services with solid waste collection and disposal. Opportunities exist that we need to further explore in this regard that may ultimately afford a degree of profit. In all respects, our citizens remain among the lowest-paying consumers of municipal utilities in the state.

The major accomplishment of the past few years has been the Floodplain Map Revisions approved by FEMA that became effective last month. That not only equals significant savings due to unnecessary flood insurance for many residents and businesses, but also assists in business development efforts in significant areas of downtown Woodward. Other capital projects are underway, with the 34th Street reconstruction being the primary current endeavor. Various delays have kept that project behind schedule, but will be completed in the coming fiscal year.

The overall progress of the City organization continues as new talent is identified and groomed to advance the operations of the group. It has been evident for some time that substantial turnover in key roles will likely occur in short order of each other as baby boomers start aging out of the workplace. Indeed, succession planning has been underway for some time, and we are seeing the benefits of such foresight as these circumstances are now occurring.

As always, a tremendous amount of work has gone into the preparation of this document. I greatly appreciate the efforts of the City's staff in the process.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Alan Riffel", with a long, sweeping horizontal flourish extending to the right.

If no protest is filed by any taxpayer within the fifteen-day period, the budget and any appropriations thereof shall be deemed legal and final until amended by the governing body or the county excise board as authorized by law. Taxpayers shall have the right at all reasonable times to examine the budget on file with the municipal clerk or the State Auditor and Inspector for the purpose of filing protests in accordance with this section and Sections 24104 through 24111 of Title 68.

Expenditures may then be made and authorized so long as any expenditure does not exceed any fund balance.

C. Any obligation that is contracted or authorized by any officer or employee in violation of this act shall become the obligation of the officer or employee himself and shall not be valid or enforceable against the municipality. Any officer or employee who violates this act shall forfeit his office or position and shall be subject to such civil and criminal punishments as are provided by law. 8. A ledger or group of accounts in which to record the details relating to the general fixed assets of the municipality;

9. A ledger or group of accounts in which to record the details relating to the general bonds or other long-term debt of the municipality; or

§11-17-213. Funds - Classification of revenues and expenditures.

Each fund shall be made up of accounts for classifying revenues and expenditures. Revenues shall be classified separately by source. Expenditures shall be departmentalized within each fund and shall be classified into at least the following accounts:

1. Personal services, which may include expenses for salaries, wages, per diem or other compensation, fees, allowances or reimbursement for travel expenses, and related employee benefits, paid to any officer or employee for services rendered or for employment. §11-17-215. Transfer of unexpended or unencumbered appropriation - Limitations on encumbrances or expenditures.

A. The chief executive officer, or designee, as authorized by the governing body, may transfer any unexpended and unencumbered appropriation or any portion thereof from one department to another within the same fund; except that no appropriation for debt service or other appropriation required by law or ordinance may be reduced below the minimums required.

§11-17-216. Supplemental appropriations to funds - Amendment of budget.

A. The governing body may amend the budget to make supplemental appropriations to any fund up to the amount of additional revenues which are available for current expenses for the fund due to:

1. Revenues received or to be received from sources not anticipated in the budget for that year;

2. Revenues received or to be received from anticipated sources but in excess of the budget estimates therefor; or

3. Unexpended and unencumbered fund balances on hand at the end of the preceding fiscal year which had not been anticipated or appropriated in the budget. Any appropriation authorizing the creating of an indebtedness shall be governed by the applicable provisions of Article 10 of the Oklahoma Constitution.

B. If at any time during the budget year it appears probable that revenues available will be insufficient to meet the amount appropriated, or that due to unforeseen emergencies there is temporarily insufficient money in a particular fund to meet the requirements of appropriation for the fund, the governing body shall take action as it deems necessary. For that purpose, it may amend the budget to reduce one or more appropriations or it may amend the budget to transfer money from one fund to another fund, but no appropriation for debt service may be reduced and no appropriation may be reduced by more than the amount of the unencumbered and unexpended balance thereof. No transfer shall be made from the debt service fund to any other fund except as may be permitted by the terms of the bond issue or applicable law.

§11-17-218. Purpose-based budget - Procedures.

A municipality that selects a purpose-based budget format shall be subject to the following procedures in addition to other applicable provisions of the Municipal Budget Act:

1. Each municipality shall adopt an appropriation for each purpose as established by the governing body;
2. In all cases the appropriations shall not exceed the income and revenue provided by the governing body from estimated revenues and appropriated fund balance;
3. The adopted budget shall be in effect on and after the first day of the fiscal year to which it applies. The budget as adopted and filed with the State Auditor and Inspector shall constitute an appropriation for each purpose as defined by the governing body, and the appropriation thus made shall not be used for any other purpose except as provided by law;
4. The chief executive officer, or designee, as authorized by the governing body, may transfer any unexpended and unencumbered appropriation or any portion thereof from one purpose to another; except that no appropriation for debt service or other appropriation required by law or ordinance may be reduced below the minimums required;
5. No encumbrance or expenditure may be authorized or made by any officer or employee which exceeds the available appropriation for each purpose as defined by the governing body;
6. The governing body may amend the budget to make supplemental appropriations to any purpose up to the amount of

additional unappropriated income and revenues which become available during the fiscal year;

7. If at any time during the budget year it appears probable that revenues available will be insufficient to meet the amount appropriated, or that due to unforeseen emergencies there is temporarily insufficient money to meet the requirements of appropriation, the governing body shall take action as it deems necessary. For that reason, it may amend the budget to reduce one or more appropriations or it may amend the budget to transfer money from one purpose to another purpose, but no appropriation for debt service may be reduced and no appropriation may be reduced by more than the amount of the unencumbered and unexpended balance thereof. No transfer shall be made from the debt service fund to any other fund except as may be permitted by the terms of the bond issue or applicable law; and
