## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Atoka County Rural Water, Sewer and  
Solid Waste Management, District No.4  
337 East Hwy 3  
Atoka, Oklahoma 74525

I have audited the accompanying financial statements of the Atoka County Rural Water, Sewer and Solid Waste Management, District No. 4, as of and for the fiscal year ended October 31, 2011, as listed in the table of contents. These financial statements are the responsibility of the Atoka County Rural Water, Sewer and Solid Waste Management, District No. 4's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Atoka County Rural Water, Sewer and Solid Waste Management, District No. 4, as of October 31, 2011, and the changes in financial position thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, I have also issued my report dated April 4, 2012, on my consideration of the Atoka County Rural Water, Sewer and Solid Waste Management, District No. 4's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that

testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in compliance with Government Auditing Standards and should be considered in assessing the results of my audit.

Atoka County Rural Water, Sewer and Solid Waste Management, District No. 4 has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34. However the District has not presented the Management's Discussion and Analysis required by the Governmental Accounting Standards Board (GASB) that the GASB has determined is necessary to supplement, although not required to be part of, the basic financial statements.

The introductory section listed in the accompanying table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements of the District. Such additional information has not been subjected to the auditing procedures applied in my audit of the basic financial statements, and accordingly, I do not express an opinion thereon.

My audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying financial information listed as supplemental data in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of Atoka County Rural Water, Sewer and Solid Waste Management, District No. 4. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

ATOKA COUNTY RURAL WATER, SEWER  
AND SOLID WASTE MANAGEMENT, DISTRICT NO.4  
NOTES TO FINANCIAL STATEMENTS  
OCTOBER 31, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Atoka County Rural Water, Sewer and Solid Waste Management, District No.4 of Atoka County, Oklahoma was formed in 1979, pursuant to the Oklahoma Rural Water, Sewer, and Solid Waste Management District Act. The District operates as a nontaxable government entity to serve residents of a portion of rural Atoka County.

Accounting

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. Certain of the significant changes in the Statement include the following:

1. For the first time the financial statement should include:
  - a. A Management Discussion and Analysis (MD&A) section providing analysis of the District's overall financial position and results of operations. However, the District has chosen not to present the required MD&A for the current year.
  - b. Financial statements prepared using full accrual accounting for all of the District's activities, except for including the General capital assets or infrastructure (lines, pump stations, etc.).
2. A change in the fund financial statements to focus on major funds.

These and other changes are reflected in the accompanying financial statements (including the notes to the financial statements). The District has elected to implement the general provisions of the Statement and report infrastructure acquired after July 1, 2003 as provided by GASB standards.

Basis of Presentation

The accounts of the District are organized on the basis of proprietary fund type, specifically an enterprise fund. The activities of this fund are accounted for with a separate set of self-balancing accounts that comprise the District's assets, liabilities, net assets, revenues and expenses. Enterprise Funds account for activities (1) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (2) that are required by laws or regulations that the activity's costs of providing services, including capital costs (such as

ATOKA COUNTY RURAL WATER, SEWER  
AND SOLID WASTE MANAGEMENT, DISTRICT NO.4  
NOTES TO FINANCIAL STATEMENTS

depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (3) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

Basis of Accounting

The proprietary fund type is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the balance sheet. Fund equity consists of contributed capital and retained earnings. Proprietary fund type operating statements present increases (e.g. revenues) and decreases (e.g. expenses) in net total assets. The accrual basis of accounting is utilized by the proprietary fund type. Under this basis of accounting revenues are recognized when earned and expenses are recognized when the related liability is incurred.

Cash and Cash Equivalents

GASB Statement No. 9, paragraph 9, defines cash equivalents as “short-term, highly liquid investments that are both readily convertible to known amounts of cash” and “so near their maturity that they present insignificant risk of changes in value because of changes in interest rates.” Investments with a remaining maturity of three months or less at the date of purchase by the entity holding the investment meet this definition of a cash equivalent.

Accounts Receivable

Accounts receivable consist of the utilities billed that had not been collected at October 31, 2011.

Inventory

Inventory of supplies is not reported on the financial statements of the District. The amount of inventory on hand is not material to the financial statements.

Property and Equipment

Water distribution facilities, office furniture and equipment purchased or constructed by the District are stated at cost. Depreciation is computed on the straight-line method based on the estimated useful lives of the assets ranging from five to forty years.

ATOKA COUNTY RURAL WATER, SEWER  
AND SOLID WASTE MANAGEMENT, DISTRICT NO.4  
NOTES TO FINANCIAL STATEMENTS  
OCTOBER 31, 2011

Construction in progress is recorded at cost. No depreciation is recognized until contracts are complete and the applicable facilities become operational.

Capitalization Policy:

Purchases of capital items in excess of \$1,000.00 that increase the capacity or operation efficiency or extend the useful life of any asset are capitalized. Repairs and maintenance are expensed as incurred

Equity Classification

Equity is classified as net assets and displayed in three components:

1. Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
2. Restricted net assets—Consists of net assets with constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

Revenues, expenditures & expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

Federally Assisted Programs

In the normal course of operations, the District participates in various federal or state/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability of reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors  
Atoka County Rural Water, Sewer and  
Solid Waste Management, District No. 4  
337 East Hwy 3  
Atoka, Oklahoma 74525

I have audited the financial statements of the Atoka County Rural Water, Sewer and Solid Waste Management, District No. 4, as of October 31, 2011 and have issued my report thereon dated April 4, 2012. The Atoka County Rural Water, Sewer and Solid Waste Management, District No. 4 has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34, except that the District did not present the required MD&A. I conducted my audit in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes.

### Internal Control Over Financial Reporting

In planning and performing my audit, I considered the Atoka County RWS&SWMD #4's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Atoka County RWS&SWMD No. 4's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the Atoka County RWS&SWMD No. 4's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be

material weakness, as defined above. However, I identified certain deficiencies in internal control over financial reporting, described in the accompanying Schedule of Findings that I consider to be significant deficiencies in internal control over financial reporting. Those deficiencies are listed as Item 11-01. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Atoka County Rural Water, Sewer and Solid Waste Management, District No. 4's financial statements are free of material misstatement, I performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Atoka County Rural Water, Sewer and Solid Waste Management, District No. 4's response to the findings identified in my audit is described in the accompanying Schedule of Findings. I did not audit Atoka County Rural Water, Sewer and Solid Waste Management, District No. 4's response and, accordingly, I express no opinion on it.

This report is intended solely for the information and use of the board of directors and management of the Atoka County Rural Water, Sewer and Solid Waste Management, District No. 4 and is not intended to be and should not be used by anyone other than these specified parties.

AND SOLID WASTE MANAGEMENT, DISTRICT NO.4  
SCHEDULE OF FINDINGS  
OCTOBER 31, 2011

INTERNAL CONTROL FINDINGS:

Item 11-01: Segregation of Duties

Criteria: A good system of internal control requires a proper segregation of duties to prevent one person from being in a position to authorize, execute, and record the same transaction.

Condition: Due to the size of the District's major areas of internal control, that would be prevalent in a larger District, such segregation of duties is not available for this size operation. Duties are concentrated in the hands of a few individuals, who are responsible for all phases of the accounting functions. Because of this lack of division of responsibility, internal control is determined to be weak, and in some instances, non-existent.

Cause/Effect: Due to the limited number of personnel, a breach of internal controls could occur and not be detected in the normal course of operations.

Recommendation: Some compensating controls have been implemented by requiring the Boards approval and signature for all expenditures. The Board should continue to be actively involved in the operations of the organization.

Response: The Board continues to be actively involved in the operations of the District.
