INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Muskogee County Rural Water District #7
Muskogee County, Oklahoma

I have audited the accompanying financial statements of the Muskogee County Rural Water District #7, as of and for the fiscal year ended December 31, 2011, as listed in the table of contents. These financial statements are the responsibility of the Muskogee County Rural Water District #7's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Muskogee County Rural Water District #7, Muskogee County, Oklahoma, as of December 31, 2011, and the changes in financial position thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, I have also issued my report dated March 5, 2012, on my consideration of the Muskogee County Rural Water District #7's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in compliance with Government Auditing Standards and should be considered in assessing the results of my audit.

Muskogee County Rural Water District #7 has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34. However the District has not presented the Management's Discussion and Analysis required by the Governmental Accounting Standards Board (GASB) that the GASB has determined is necessary to supplement, although not required to be part of, the basic financial statements.

The introductory and the other supplementary information sections listed in the accompanying table of contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements of the District. Such additional information has not been subjected to the auditing procedures applied in my audit of the basic financial statements, and accordingly, I do not express an opinion thereon.

NOTE 1 - SUMMARY OF ACCOUNTING POLICIES

Organization & Reporting Entity

Muskogee County Rural Water District #7 is incorporated as a non-profit corporation under the Oklahoma Rural Water, Sewer, Gas and Solid Waste Management District Act (82 Okla. Stat. 1324.1 - 1324.26). At the annual meeting each year the participating members elect a Board of Directors consisting of five members. The Board elects a Chairman, Vice-Chairman, and Secretary and Treasurer from their members. More than one person may hold the offices of Secretary and Treasurer. The Board may employ a manager to manage the day-to-day activities of the District.

Basis of Presentation

The District is accounted for within the framework of enterprise fund accounting. Enterprise funds are used to account for operations that are operated in a manner similar to private business enterprises wherein the intent of the District's Board of Directors is to recover the cost of providing goods and services through user charges.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting. Revenues are recognized when earned and expenses when incurred.

Budgetary Data

In accordance with Article 9 of the District's By-Laws, the District prepares an annual budget for internal bookkeeping purposes.

Assets, Liabilities, & Equity

Cash & Cash Equivalents

Cash is comprised of deposits in demand deposit checking accounts and certificates of deposits. For the purpose of the statement of cash flows, the District considers all highly liquid assets, including restricted cash, to be cash equivalents.

Allowance for Uncollectible Accounts

No provision for an allowance for uncollectible accounts has been made as all accounts deemed uncollectible are written off against revenues upon Board approval.

Inventory

Inventory is valued using the lesser of cost or market. Obsolete inventory is written off at the time it is determined to be obsolete.

Capital Assets

Capital assets are stated at the cost and depreciation has been computed using the straight-line method based on the estimated useful lives of the assets as follows:

Water district facilities	40 to 50 years
Water district equipment	5 to 10 years
Office equipment	3 to 5 years

The dollar threshold for capitalization has been set at \$500.00.

Long-Term Debt

Long-term debt is reported at face value, net of applicable discounts and deferred loss on refunding. Costs related to the issuance of debt are deferred and amortized over the lives of various debt issues.

Equity Classification

Equity is classified as net assets and displayed in three components:

1. Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
2. Restricted net assets—Consists of net assets with constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

Revenues, expenditures & expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

Governmental Accounting Standards Board Statement No. 34

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. Certain of the significant changes in the Statement include the following:

1. For the first time the financial statement should include:
 - a. A Management Discussion and Analysis (MD&A) section providing analysis of the District's overall financial position and results of operations. However, the District has chosen not to present the required MD&A for the current year.
 - b. Financial statements prepared using full accrual accounting for all of the District's activities, except for including the General capital assets or infrastructure (lines, pump stations, etc.).
2. A change in the fund financial statements to focus on major funds.

These and other changes are reflected in the accompanying financial statements (including the notes to the financial statements). The District has elected to implement the general provisions of the Statement and report infrastructure acquired after December 31, 2003 as provided by GASB standards.

Income Taxes

As a political subdivision of the State of Oklahoma, the District is exempt from income taxes.

Compensated Absences

The District had no vacation and sick leave policy during the current year.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Muskogee County Rural Water District #7
Muskogee County, Oklahoma

I have audited the financial statements of the Muskogee County Rural Water District #7, as of December 31, 2011 and have issued my report thereon dated March 5, 2012. The Muskogee County Rural Water District #7 has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34, except that the District did not present the required MD&A. I conducted my audit in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the Muskogee County Rural Water District #7 internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Muskogee County Rural Water District #7's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the entity's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weakness, as defined above. However, I identified certain deficiencies in internal control over financial reporting, described in the accompanying Schedule of Findings that I consider to be significant deficiencies in internal control over financial reporting. Those deficiencies are listed as Item 11-01. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control

that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Muskogee County Rural Water District #7's financial statements are free of material misstatement, I performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Muskogee Co. RWD #7's response to the findings identified in my audit is described in the accompanying Schedule of Findings. I did not audit Muskogee Co. RWD #7's response and, accordingly, I express no opinion on it.

This report is intended solely for the information and use of the board of directors and management of the Muskogee County Rural Water District #7 and is not intended to be and should not be used by anyone other than these specified parties.

MUSKOGEE COUNTY, OKLAHOMA
SCHEDULE OF FINDINGS
DECEMBER 31, 2011

Item 11-01: Segregation of Duties

Criteria: A good system of internal control requires a proper segregation of duties to prevent one person from being in a position to authorize, execute, and record the same transaction.

Condition: Due to the size of the District's major areas of internal control, that would be prevalent in a larger District, such segregation of duties is not available for this size operation. Duties are concentrated in the hands of the Manager, who is responsible for all phases of the accounting functions. Because of this lack of division of responsibility, internal control is determined to be weak, and in some instances, non-existent.

Cause/Effect: Due to the limited number of personnel, a breach of internal controls could occur and not be detected in the normal course of operations.

Recommendation: The Board should continue to be actively involved in the operations of the organization.

Response: The Board continues to be actively involved in the operations of the organization.
