INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Washington County Rural Water District #5 Copan, Oklahoma

I have audited the accompanying financial statements of the Washington County Rural Water District #5, as of and for the fiscal year ended September 30, 2011, as listed in the table of contents. These financial statements are the responsibility of the Washington County Rural Water District #5's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Washington County Rural Water District #5, Washington County, Oklahoma, as of September 30, 2011, and the changes in financial position thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, I have also issued my report dated January 27, 2012, on my consideration of the Washington County Rural Water District #5's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial report is an integral part of an audit performed in compliance with Government Auditing Standards and should be considered in assessing the results of my audit.

Washington County Rural Water District #5 has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34. However the

District has not presented the Management's Discussion and Analysis required by the Governmental Accounting Standards Board (GASB) that the GASB has determined is necessary to supplement, although not required to be part of, the basic financial statements.

The introductory and the other supplementary information sections listed in the accompanying table of contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements of the District. Such additional information has not been subjected to the auditing procedures applied in my audit of the basic financial statements, and accordingly, I do not express an opinion thereon.

See Accountant's Audit Report & Notes Which Accompany These Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies employed by Washington County Rural Water District #5 (the District) are consistent with accounting principles generally accepted in the United States of America. Significant polices are described below.

In June 1999, the GASB issued Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. The statement established a new reporting model for governments that is substantially different from prior reporting standards. The District adopted the new reporting model September 30, 2004, which includes the following segments:

Management's Discussion & Analysis - provides introductory information on basic financial statements and an analytical overview of the District's financial activities. For the year ended September 30, 2011, management has not presented the Management's Discussion and Analysis as required by the Governmental Accounting Standards Board (GASB) and GASB has determined it necessary to supplement, although not required to be part of, the basic financial statements.

Fund financial statements - provide information about the District's proprietary fund. The proprietary fund utilizes the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. The proprietary fund utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of net income, financial position and cash flows. All assets and liabilities (whether current or non-current) associated with their activities are reported. Proprietary fund equity is classified as net assets.

A. The Reporting Entity:

The District, incorporated February 2, 1978, is a corporation organized as a not for profit corporation pursuant to Title 18 of Oklahoma Statute, for the purpose of providing water service for its customers in and around Washington County, Oklahoma. The District is managed by a board of directions elected by its members. Members of the board are elected by the membership of the District at its annual meetings. Membership in the District is attained by purchasing membership units. The activities of the District constitute the entire reporting entity. There are no other component or oversight units.

B. Basis of Accounting:

The financial statements are presented on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenditures are recorded when the liability is incurred.

C. Income Taxes:

The District is exempt from federal income tax under section 501(c)(12) of the Internal Revenue Code.

D. Estimates:

The preparation of financial statements in conformity with accounting principles generally in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

E. Cash and Cash Equivalents:

For purposes of the statement of cash flows, the District considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

F. Property, Plant and Equipment:

The District records capital assets at historical cost or estimated fair value on the date of donation of donated capital assets. Depreciation is recorded over the estimated useful life of the capital asset using the straight-line method, with one-half year's depreciation in the year of acquisition.

G. Capitalization Policy:

Purchases of capital items in excess of \$350.00 that increase the capacity or operation efficiency or extend the useful life of any asset are capitalized. Repairs and maintenance are expensed as incurred.

H. Equity Classification:

Equity is classified as net assets and displayed in three components:

- 1. Invested in capital assets, net of related debt-Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- 2. Restricted net assets-Consists of net assets with constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
- Unrestricted net assets-All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."
- I. Revenues, Expenditures & Expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

J. Compensated Absences

The District has not reported a liability for the estimated amounts of compensation for future absences. The amount is not known but it is not believed to be material.

K. Memorandum Totals

The "memorandum only" captions above the total columns mean that totals are presented for overview information purposes only.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

As a local government unit, the District is subject to various federal, state, and local laws and contractual regulations. In accordance with Government Auditing Standards, the auditor has issued a report on his consideration of the District's internal control over financial reporting and tested its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in compliance with Government Auditing Standards and should be read in conjunction with this report in considering the results of the audit.

Finance-related Legal & Contractual Provisions

The District does not have any long-term debt agreements which would have budgetary or reserve requirements.

Deficit Fund Balance or Retained Earnings

As indicated in the financial statements, there are no fund balance or retained earnings deficits for the District for this fiscal year.

NOTE 3 - CUSTODIAL CREDIT RISK RELATED TO DEPOSITS

Custodial Credit Risk

At September 30, 2011, the District held deposits of approximately \$158,732 at financial institutions. The District's cash deposits, including interest-bearing certificates of deposit are covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the District or by its agent in the District's name.

Investment Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk

The District has no policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposits or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers' acceptances, prime commercial paper and repurchase agreements with certain limitations.
- County, municipal or school district tax supported debt obligations, bond or d. revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- Notes or bonds secured by mortgage or trust deed insured by the Federal e. Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- Money market funds regulated by the SEC and in which investments consist of f. the investments mentioned in the previous paragraphs (a.-d.).

NOTE 4 - CAPITAL ASSETS

Capital asset activity for the fiscal year ended September 30, 2011, was as follows:

NOTE 5 - LONG-TERM DEBT

The District has a note, dated November 1, 1994, due to USDA Rural Development in the original amount of \$300,000 with a fixed interest rate of 5.625% with 480 monthly payments of principal and interest of \$1,575.00 maturing November 1, 2034. The note is for construction of a water line extension. Bartlesville water line extension serves as collateral.

The District has a note, dated November 3, 2005, due to Arvest Bank in the original amount of \$64,211. The original note was payable in 10 installments of \$535, including interest at 5.79%. The note was renewed on August 15, 2008, and every subsequent year after. The note includes a fixed interest rate of 2.25% with 11 payments of \$535 plus a final payment that includes unpaid principal plus interest due on September 15, 2012. The note is secured by Certificate of Deposit #32242 and Certificate of Deposit #118159.

The District has a note, dated April 10, 2009, due to Arvest Bank in the original amount of \$80,000, payable in monthly installments of \$690, including interest at 6.25%. Maturity is scheduled for April 10, 2014. The note is secured by the building.

The District has a note, dated August 12, 2010, due to Arvest Bank in the original amount of \$80,110.00, payable in monthly installments of \$870.00, including interest at 5.50%. Maturity is scheduled for August 15, 2015. The note is secured by the water system and CD #200656.

The District has a note, dated December 13, 2010, due to Arvest Bank in the original amount of \$20,100.00, payable in monthly installments of \$870.00, including interest at 5.50%. Maturity is scheduled for December 15, 2015. The note is secured by the accounts and equipment.

Changes in Long-Term Debt

Total	\$ 18,948	\$ 26,884	\$ 45,831

The first Arvest Bank #1 note payable is all due within one year.

NOTE 6 - FUND EQUITY

As described in Note 1 above, equity is classified as net assets and displayed in three components:

- 1. Invested in capital assets, net of related debt
- 2. Restricted net assets
- 3. Unrestricted net assets

NOTE 7 - CONTINGENCIES

Litigation

According to the District's management, there is no pending litigation.

Federally Assisted Programs

In the normal course of operations, the District participates in various federal or state/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability of reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

NOTE 8 - ECONOMIC DEPENDENCE

Washington County Rural Water District #5 is dependent upon the City of Bartlesville, Oklahoma, for the District's water supply. The District has entered into water purchase contracts with the City. The District purchases water for resale to customers.

NOTE 9 - NET WORKING CAPITAL

The net working capital of the District is defined as current assets (assets used to settle current liabilities) less current liabilities (liabilities that will be settled within one year).

	2011		2010		
Current assets	\$	186,054	\$	192,000	-
Current liabilities		62,859		76,393	_
Net working capital	\$	123,195	\$	115,607	_

NOTE 10 - SUBSEQUENT EVENTS

The District did not have any subsequent events through January 27, 2012, which is the date the financial statements were issued, for events requiring recording or disclosure in the financial statements for the year ending September 30, 2011.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Washington County Rural Water District #5 Copan, Oklahoma

I have audited the financial statements of the Washington County Rural Water District #5, as of September 30, 2011, and have issued my report thereon dated January 27, 2012. The District has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34, except that the District did not present the required MD&A. Except as discussed in the preceding sentence, I conducted my audit in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and in accordance with Oklahoma Statutes.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the Washington County Rural Water District #5's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Washington County Rural Water District #5's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the Washington County Rural Water District #5's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weakness, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Washington County Rural Water District #5's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the board of directors and management of the Washington County Rural Water District #5, Copan, Oklahoma, others within the entity and the Oklahoma State Auditor and Inspector and is not intended to be and should not be used by anyone other than these specified parties.
