INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Town of Spiro, Oklahoma

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Spiro, Oklahoma, as of and for the fiscal year ended June 30, 2012, which collectively comprise the Town of Spiro, Oklahoma's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Spiro, Oklahoma's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in the Notes, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Spiro, Oklahoma, as of June 30, 2012, and the changes in modified cash basis financial position thereof for the year then ended in conformity with the basis of accounting described above.

In accordance with Government Auditing Standards, we have also issued our report dated February 11, 2013, on our consideration of the Town of Spiro, Oklahoma's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in compliance with Government Auditing Standards and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis and Budgetary Comparison Information and the notes to the budgetary comparison information are not a required part of the basic

financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Spiro's basic financial statements. The combining and individual non-major fund financial statements are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual non-major fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

MANAGEMENT AND DISCUSSION ANALYSIS

Our discussion and analysis of the Town of Spiro's financial performance provides an overview of the Town's financial activities for the fiscal year ended June 30, 2012, within the limitations of the Town's modified cash basis of accounting. Please read it in conjunction with the Town's financial statements that begin on page 13.

FINANCIAL HIGHLIGHTS

- The Town's total revenues exceeded total expenses, on the modified cash basis of accounting, by \$58,653 for the year, resulting in an increase in total net assets of .81 percent over the previous year.

USING THIS ANNUAL REPORT

This annual report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the Town's modified cash basis of accounting.

Report Components This annual report consists of five parts as follows:

Government-Wide Financial Statements: The Statement of Net Assets and the Statement of Activities (*on pages 13-15*) provide information about the activities of the Town government-wide (or "as a whole") and present a longer-term view of the Town's finances.

Fund Financial Statements: The fund financial statements (*starting on page 16*) focus on the individual parts of the Town government. Fund financial statements also report the Town's operations in more detail than the government-wide statements by providing information about the Town's most significant ("major") funds. For *governmental activities*, these statements tell how these services were financed in the short term as well as what remains for future spending. For *proprietary activities*, these statements offer short-term and long-term financial information about the activities the Town operates like businesses, such as electric, water, sewer and sanitation services.

Notes to the Financial Statements: The notes to the financial statements are an integral part of the government-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

**TOWN OF SPIRO
MANAGEMENT AND DISCUSSION ANALYSIS
PAGE 2 (Unaudited)**

Required Supplementary Information: This Management's Discussion and Analysis and (*starting on page 45*) the Defined Benefit Retirement Plan - Schedule of Funding Progress and Governmental Funds Budgetary Comparison Schedules represent financial information required by GASB to be presented. Such information provides users of this report with additional data that supplements the government-wide statements, fund financial statements, and notes (referred to as "the basic financial statements").

Other Supplementary Information: Currently the Town does not have any other supplementary information to include. This part of the annual report would normally include optional financial information such as combining statements for nonmajor funds (which are added together and shown in the fund financial statements in a single column. This other supplemental financial information is provided to address certain specific needs of various users of the Town's annual report.

Basis of Accounting

The Town has elected to present its financial statements on a modified cash basis of accounting. This modified cash basis of accounting is a basis of accounting other than generally accepted accounting principles. Basis of accounting is a reference to *when* financial events are recorded, such as the timing for recognizing revenues, expenses, and their related assets and liabilities. Under the Town's modified cash basis of accounting, revenues and expenses and related assets and liabilities are recorded when they result from cash transactions, except for the recording of depreciation expense on capital assets in the government-wide financial statements for all activities and in the fund financial statements for proprietary fund activities.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) *are not recorded* in these financial statements. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the modified cash basis of accounting.

Reporting the Town as a Whole

The Town's Reporting Entity Presentation

This annual report includes all activities for which the Town of Spiro Council is fiscally responsible. These activities, defined as the Town's reporting entity, are operated within separate legal entities that make up the primary government and other legal entity that is included as a component unit.

TOWN OF SPIRO
MANAGEMENT AND DISCUSSION ANALYSIS
PAGE 3 (Unaudited)

The primary government includes the following legal entities:

- The Town of Spiro
- Spiro Municipal Improvement Authority

The Government-Wide Statement of Net Assets and the Statement of Activities

Our financial analysis of the Town as a whole begins on page 8. The government-wide financial statements are presented on pages 13 through 15. One of the most important questions asked about the Town's finances is, "Is the Town as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about the Town as a whole and about its activities in a way that helps answer this question. These statements include all of the Town's assets and liabilities resulting from the use of the modified cash basis of accounting.

These two statements report the Town's net assets and changes in them. Keeping in mind the limitations of the modified cash basis of accounting, you can think of the Town's net assets—the difference between assets and liabilities—as one way to measure the Town's financial health or financial position. Over time, increases or decreases in the Town's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the Town's sales tax base and the condition of the Town's roads, to assess the overall health of the Town.

In the Statement of Net Assets and the Statement of Activities, we divide the Town into two kinds of activities:

Governmental activities. Most of the Town's basic services are reported here, including the police, fire, general administration, streets, parks, swimming pool, airport, civil defense, community center, industrial building and library. Sales taxes, franchise fees, fines, and state and federal grants finance most of these activities.

Business-type activities. The Town charges a fee to customers to help it cover all or most of the cost of certain services it provides. The Town's electric, water, sewer and sanitation systems are reported here.

Reporting the Town's Most Significant Funds

The Fund Financial Statements—Our analysis of the Town's major funds begins on page 8. The fund financial statements begin on page 16 and provide detailed information about the most significant funds—not the Town as a whole. Some funds are required to be established by State law and by bond covenants. However, the Town Council establishes certain other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money. The Town's two kinds of funds—*governmental* and *proprietary*—use different accounting approaches.

Governmental funds—Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds report the acquisition of capital assets and payments for debt principal as expenditures and not as changes to asset and debt balances. The governmental fund statements provide a detailed short-term view of the Town's general government operations and the basic services it provides. Governmental fund information helps you determine (through a review of changes to fund balance) whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in reconciliation at the bottom of the each fund financial statement. The Town considers the General Fund and the Street Utility Sales Tax Fund to be significant or major governmental funds. All other governmental funds are aggregated in a single column entitled nonmajor funds.

Proprietary funds—When the Town charges customers for the services it provides, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and the Statement of Activities. For example, proprietary fund capital assets are capitalized and depreciated and principal payments on long-term debt are recorded as a reduction to the liability. In fact, the Town's proprietary (enterprise) fund financial statements are essentially the same as the business-type activities we report in the government-wide statements but the fund statements provide more detail and additional information, such as cash flows. The Town only has one enterprise fund—the Public Works Authority Utilities Fund.

Fiduciary funds— Normally are used to account for assets that are held in a trustee or fiduciary capacity such as utility deposits, pension plan assets, assets held per trust agreements, and similar arrangements.

Total Assets	<u>1,654,179</u>	<u>1,701,320</u>	<u>6,120,916</u>	<u>6,049,985</u>	<u>7,775,095</u>	<u>7,751,305</u>
Long term liabilities	0	0	475,949	511,848	475,949	511,848
Other liabilities	4,741	4,320	615	0	5,356	4,320
Total Liabilities	<u>4,741</u>	<u>4,320</u>	<u>476,564</u>	<u>511,848</u>	<u>481,305</u>	<u>516,168</u>
Net Assets:						
Invested in capital assets, net of related debt	1,499,106	1,560,735	3,631,931	3,680,599	5,131,037	5,241,334
Restricted	55,508	50,229	0	0	55,508	50,229
Unrestricted	94,824	86,036	2,012,421	1,857,538	2,107,245	1,943,574
Total Net Assets	<u>1,649,438</u>	<u>1,697,000</u>	<u>5,644,352</u>	<u>5,538,137</u>	<u>7,293,790</u>	<u>7,235,137</u>

The Town's combined net assets, resulting from modified cash basis transactions, increased from \$7,235,137 to \$7,293,790 between fiscal years 2011 and 2012. Looking at the net assets and net expenses of governmental and business-type activities separately, governmental activities had a decrease of \$47,562 and business-type activities increased by \$106,215.

Net assets of the Town's governmental activities decreased to \$1,649,438. However, \$1,554,614 of those net assets either are restricted as to the purposes they can be used for or are invested in capital assets (buildings, roads, bridges, and so on). Consequently, unrestricted net assets were only \$94,824 at the end of this year. The net assets of the Town's business-type activities increased to \$5,644,352. However, \$3,631,931 of those net assets either are restricted as to the purposes they can be used for or are invested in capital assets (buildings, electric, water, sewer, and so on). Consequently, unrestricted net assets were \$2,012,421 at the end of this year.

Governmental Activities

To aid in the understanding of the Statement of Activities, some additional explanation is given. Of particular interest is the format that is significantly different from a typical Statement of Revenues, Expenses, and Changes in Fund Balance. You will notice that expenses are listed in the first column, with revenues from that particular program reported to the right. The result is a Net (Expense)/Revenue. This type of format highlights the relative financial burden of each of the functions on the Town's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing through fees and grants or contributions. All other governmental revenues are reported as general. It is important to note that all taxes are classified as general revenue, even if restricted for a specific purpose.

**TOWN OF SPIRO
MANAGEMENT AND DISCUSSION ANALYSIS
PAGE 7 (Unaudited)**

For the year ended June 30, 2012, total expenses for governmental activities, resulting from modified cash basis transactions, amounted to \$595,206. Of these total expenses, taxpayers and other general revenues funded \$378,342 while those directly benefiting from the program funded \$120,864 from charges for services, and \$48,438 from grants and other contributions.

Business-Type Activities

In reviewing the business-type activities' net (expense)/revenue resulting from modified cash basis transactions of \$(225,119), the water and sewer activities need to be examined more closely. The water and sewer service activities reported net (expense) of \$(23,389) and \$(75,973), respectively. The water and sewer departments are burdened with combined debt interest expense of \$15,214 and depreciation expense of approximately \$225,040. The electric activities managed net (expense) of \$(114,115) while the sanitation was close to breakeven with a net expense of \$(11,642). In arriving at the business type activity expenses the clerical expenses of \$106,723 and administration expenses of \$169,121 are allocated based on each activities expenses to the total.

A FINANCIAL ANALYSIS OF THE TOWN'S FUNDS

Certain funds experienced noteworthy changes from the prior year and are highlighted as follows:

- On the modified cash basis of accounting, the General Fund reported revenues, and net transfers of \$512,482 and expenditures of \$491,522 resulting in an increase in fund balance of \$20,960.
- Revenues increased over the prior year by \$18,186. However, general fund expenditures decreased over the prior year by \$33,159.

General Fund Budgetary Highlights

Over the course of the year, the Town Council revised the General Fund budget at various times. The final adjusted budget, however, was consistent with the original budget and the prior year actual. For the year ended June 30, 2012, General Fund expenditures were \$66,860 under final appropriations, while actual resources available for appropriation were \$70,468 over the final budgeted amount.

**TOWN OF SPIRO
MANAGEMENT AND DISCUSSION ANALYSIS

CAPTIAL ASSET AND DEBT ADMINISTRATION

Capital Assets—Modified Cash Basis

At June 30, 2012, the Town had \$1,499,106 invested in capital assets, net of depreciation, including police and fire equipment, buildings, and park facilities. This represents a net decrease of \$61,629, or 3.94 percent, under last year. The Public Works Authority had \$4,107,880 invested in capital assets, net of depreciation including the electric, water, and sewer systems and buildings. This represents a net decrease of \$84,567 or 2.02 percent, under last year.

This year's more significant capital assets additions include:

This year's more significant capital assets additions include:

Long-Term Debt—Modified Cash Basis

At June 30, 2012, the Town had \$475,959 in long term debt arising from modified cash basis transactions compared to \$511,848 at June 30, 2011. At June 30, 2012, \$0 of the debt is related to governmental activities and \$475,949 is related to business-type activities. (See table below). The overall reduction in debt is 7.01 percent of the prior year balance. See the notes to financial statements (Note 2.D.) for future debt service and debt service requirements.

Total all debt	<u>\$ 511,848</u>	<u>\$ 475,949</u>

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Town's elected officials and staff considers many factors in setting the 2012-2013 budget, tax rates and service rates being the main sources and personal services and utility costs being the main uses of funds. The Town plans to begin wastewater system improvements of approximately \$3,200,000 in the next year. The funds will consist of a \$950,000 grant and a \$2,250,000 loan thru Rural Utilities Service (RUS) of the USDA Rural Development.

CONTACTING THE TOWN'S FINANCIAL MANAGEMENT

This report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the Town's finances and to demonstrate the Town's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Town Clerk's office at 131 S. Main, Spiro, Oklahoma or telephone at (918) 962-2477.

TOWN OF SPIRO, OKLAHOMA

TOWN OF SPIRO, OKLAHOMA

**NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2012**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed further in Note 1.C, these financial statements are presented on a modified cash basis of accounting. This modified basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The significant accounting and reporting policies and practices used by the Town are described below.

Also, for the fiscal year ended June 30, 2004, the town implemented the new financial reporting requirements of GASB statement 34. As a result, an entirely new financial presentation format has been implemented as described in Note 1.B following.

1.A. FINANCIAL REPORTING ENTITY

The Town's financial reporting entity is composed of the following:

Primary Government:	Town of Spiro
Component Units:	Spiro Municipal Improvement Authority

In determining the financial reporting entity, the Town complies with the provisions of GASB Statement No. 14, *The Financial Reporting Entity*.

BLENDED COMPONENT UNIT

A blended component unit is a separate legal entity that meets the component unit criteria. In addition, the blended component unit's governing body is the same or substantially the same as the Town Council, or the component unit provides services entirely to the Town. The component unit's funds are blended into those of the Town by appropriate fund type to constitute the primary government presentation. The blended component unit is presented below:

<u>Component Unit</u>	<u>Brief Description/Inclusion Criteria</u>	<u>Fund Included In</u>
Spiro Municipal Improvement Authority	<i>Created November 22, 1962 to finance, develop, and operate the water, wastewater, and sanitation activities of the Town. Current Town Board of Trustees serves as the entire governing body (Trustee of the Authority). Debt issued by Authority requires two-thirds approval of the board.</i>	<i>SMIA Enterprise Fund</i>

The component units do not issue separately audited component unit financial statements.

TOWN OF SPIRO, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2012

1.B. BASIS OF PRESENTATION

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The statement of Net Assets and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties of goods or services.

FUND FINANCIAL STATEMENTS

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. The Town presently has two fiduciary funds that account for municipal court bonds and utility customer deposits. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the Town or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The funds of the financial reporting entity are described below:

Governmental Funds

General Fund

The General Fund is the primary operating fund of the Town and always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

TOWN OF SPIRO, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2012

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of the specific revenue sources that are either legally restricted to expenditures for specified purposes or designated to finance particular functions or activities of the Town.

Capital Project Funds

Capital project funds area used to account for resources restricted for the acquisition or construction of specific capital projects or items. The reporting entity presently includes no capital project fund.

Proprietary Funds

Enterprise Fund

Enterprise funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges, and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes the following blended component unit enterprise fund that is reported as follows:

<u>Fund</u>	<u>Brief Description</u>
Spiro Municipal Improvement Authority	Accounts for the activities of the public trust in providing electric, water, wastewater, and sanitation services to the public.

Fiduciary Fund Types

Agency Funds

Agency Funds account for assets held by the Town in a custodial capacity. The reporting entity includes two agency funds. The Municipal Court Fund used to account for court bonds and fees due to other governments and the Meter Deposit Fund used to account for customer utility deposits. Since agency funds are custodial in nature (i.e. assets equal liabilities), they do not involve the measurement of results of operations.

1.C. MEASUREMENT FOCUS ON BASIS OF ACCOUNTING

Measurement focus is a term used to describe “how” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

TOWN OF SPIRO, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2012

MEASUREMENT FOCUS

In the government-wide Statement of Net Assets and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus, within the limitations of the modified cash basis of accounting, as defined in item b below.

In the funds financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus, as applied to the modified cash basis of accounting, is used as appropriate:

- a. All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent, financial, or nonfinancial) associated with their activities are reported. Proprietary fund equity is classified as net assets.

BASIS OF ACCOUNTING

In the government-wide Statement of Net Assets and Statement of Activities and the fund financial statements, governmental, business-like, and each major fund and the aggregate remaining fund information are presented using a modified cash basis of accounting. This basis recognizes assets, liabilities, net assets/fund equity, revenues, and expenditures/expenses when they result from cash transactions with a provision for depreciation in the government-wide statements, proprietary fund statements. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) *are not recorded* in these financial statements.

TOWN OF SPIRO, OKLAHOMA

**NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2012**

If the Town utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

1.D. ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY

CASH AND CASH EQUIVALENTS

For the purpose of financial reporting “cash and cash equivalents” includes all demand and savings accounts and certificates of deposit or short-term investments. Trust account investments in open-ended mutual funds shares are also considered cash equivalents.

CAPITAL ASSETS

The Town’s modified cash basis of accounting reports capital assets resulting from cash transactions and reports depreciation where appropriate. The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund and similar discretely presented component unit operations and whether they are reported in the government-wide or fund financial statements.

Government-Wide Statements

In the government-wide financial statements, capital assets arising from cash transactions are accounted for as assets in the Statement of Net Assets. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable. Estimated historical cost was used to value the majority of the assets acquired prior to July 1, 2003. Prior to July 1, 2003, governmental funds’ infrastructure assets were not capitalized. Infrastructure assets acquired since July 1, 2003 are recorded at cost.

Depreciation of all exhaustible capital assets arising from cash transactions is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets’ estimated useful lives using the straight-line method of depreciation. The threshold of \$1,000 is used to report capital assets. The range of estimated useful lives by type of asset is as follows:

Land	N/A
Buildings	40 years
Equipment	5-20 years
Utility property and improvements	10-50 years
Infrastructure	25-50 years

TOWN OF SPIRO, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2012

Fund Financial Statements

In the fund financial statements, capital assets arising from cash transactions acquired for use in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets acquired for use in proprietary fund operations are accounted for the same as in the government-wide statements.

LONG-TERM DEBT

All long-term debt arising from cash basis transactions to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements.

Long-term debt arising from cash basis transactions of governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund financial statements as the treatment in the government-wide statements.

EQUITY CLASSIFICATION

Government-Wide Statements

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvements of those assets.
- b. Restricted net assets—Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

It is the Town’s policy to first use restricted net assets prior to the use of unrestricted net assets when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

TOWN OF SPIRO, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2012

Fund Financial Statements

Governmental fund equity is classified as fund balance. Proprietary fund equity is classified the same as in the government-wide statements.

1. E. REVENUES, EXPENDITURES, AND EXPENSES

PROGRAM REVENUES

In the Statement of Activities, modified cash basis revenues that are derived directly from each activity or from parties outside the Town's taxpayers are reported as program revenues. The Town has the following program revenues in each activity:

General Government	Licenses and permits.
Public Safety	Fine revenue and Fire run revenue; operating and capital grants, animal control licenses.
Transportation	Streets commercial vehicle and gasoline excise tax shared by the State
Cultural, Parks and Rec.	Fishing licenses, Parks receipts and concessions or rental, operating and capital grants

All other governmental revenues are reported as general. All taxes are classified as general revenue even if restricted for a specific purpose.

OPERATING REVENUE AND EXPENSES

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

1.F. INTERNAL AND INTERFUND BALANCES AND ACTIVITIES

In the process of aggregating the financial information for the government-wide Statement of Net Assets and Statement of Activities, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated. See Note 2.E. for details of interfund transactions, including receivables and payables at year-end.

FUND FINANCIAL STATEMENTS

Interfund activity, if any, within and among the governmental and proprietary fund categories is reported as follows in the fund financial statements:

TOWN OF SPIRO, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2012

1. Interfund loans—Those related to goods and services type transactions are classified as “due to and from other funds”. Short term interfund loans are reported as “interfund receivables and payables.” Long-term interfund loans (noncurrent portion) are reported as “advances from and to other funds.” Interfund receivables and payables between funds within governmental activities are eliminated in the Statement of Net Assets.
2. Interfund services—Sales or purchases of goods and services between funds are reported as revenues and expenditures/expenses.
3. Interfund reimbursements—Repayments from funds responsible for certain expenditures/expenses to the funds that initially paid for them are not reported as reimbursements but as adjustments to expenditures/expenses in the respective funds.
4. Interfund transfers—Flow of assets from one fund to another where repayment is not expected are reported as transfers in and out.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

1. Internal balances—Amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the Statement of Net Assets, except for the net residual amounts due between governmental and business-type activities, which are reported as Internal Balances.
2. Internal activities—Amounts reported as interfund transfers in the fund financial statements are eliminated in the government-wide Statement of Activities except for the net amount of transfers between governmental and business-type activities, which are reported as Transfers--Internal Activities. The effects of interfund services between funds, if any, are not eliminated in the Statement of Activities.
3. Primary government and component unit activity and balances—Resource flows between the primary government (the Town and Municipal Improvement Authority) are reported as if they were external transactions and are classified separately from internal balances and activities within the primary government.

TOWN OF SPIRO, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2012

1.G. FUND EQUITY

The following fund balance classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable fund balance – amounts that are not in a spendable form (such as inventory) or are required to be maintained intact;

Restricted fund balance – amounts constrained to specific purposes by their providers (Such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;

Committed fund balance – amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;

Assigned fund balance – amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;

Unassigned fund balance – amounts that are available for any purpose; positive amounts are reported only in the general fund.

Town Council establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as for special incentives). Assigned fund balance is established by City Council through adoption or amendment of the budget as intended for specific purpose (such as the purchase of fixed assets, construction, debt services, or for other purposes).

1.H. USE OF STATEMENTS

The preparation of financial statements in conformity with the other comprehensive basis of accounting (OCBOA) used by the Town requires management to make estimates and assumptions that affect certain reported amounts and disclosures (such as estimated useful lives in determining depreciation expense); accordingly, actual results could differ from those estimates.

TOWN OF SPIRO, OKLAHOMA

**NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2012**

NOTE 2. DETAIL NOTES—TRANSACTIONS CLASSES/ACCOUNTS

The following notes present detail information to support the amounts reported in the basic financial statements for its various assets, liabilities, equity, revenues, and expenditures/expenses.

2.A. CASH AND INVESTMENTS

CUSTODIAL CREDIT RISK-DEPOSITS

The table presented below is designed to disclose the level of custodial credit risk assumed by the Town based upon how its deposits were insured or secured with collateral at June 30, 2012. The comparison relates to the primary government only. The categories of custodial credit risk are defined as follows:

- Category 1-- Insured by Federal Deposit Insurance Corporation (FDIC) or collateralized with securities held by the Town (or public trust) or by its agent in its name.
- Category 2-- Uninsured but collateralized with securities held by the pledging financial institution's trust department or agent in the Town's name.
- Category 3-- Uninsured and uncollateralized; or collateralized with securities held by the pledging financial institution or by its trust department or agent but not in the Town's name; or properly collateralized with no written and approved collateral agreement.

Primary Government

Custody Credit Risk Category

<u>Type of Deposits</u>	<u>Balance</u>	<u>Total Bank</u>			
		<u>1</u>	<u>2</u>	<u>3</u>	
Insured deposits	673,623	673,623	-	-

					<u>2,328,129</u>

Reconciliation to Government-Wide Statements of Net Assets:

Cash and cash equivalents	2,145,247
Agency fund cash, including time deposit (not included in government wide statement)	182,882
	<u>2,328,129</u>

TOWN OF SPIRO, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2012

INVESTMENTS AND CUSTODIAL CREDIT RISK

Investments are limited by State law to the following:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposit or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers acceptances, prime commercial paper, and repurchase agreements with certain limitations.
- d. County, municipal, or school district tax-supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality, or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the Securities and Exchange Commission and in which investments consist of the investments mentioned in the previous paragraphs a, b, c, and d.

For purposes of custodial credit risk, the certificates of deposit are included in the preceding deposits risk analysis.

2.B. RESTRICTED ASSETS

The amounts reported as restricted assets are composed of amounts held by the Municipal Authority for utility deposits (refunded upon termination of service or applied to final bill) of \$164,340; cash and cash equivalents accumulated from the 2% restricted sales tax for water, sewer, and street and alley system improvements in the amount of \$1,321,982; cash and cash equivalents from the SMIA USDA-RD short lived assets replacement restricted for the RD sewer project in the amount of \$170,325.

2.D. LONG-TERM DEBT

The reporting entity's long-term debt arising from cash transactions is segregated between the amounts to be repaid from governmental activities and amounts to be repaid from business-type activities.

BUSINESS-TYPE ACTIVITIES

As of June 30, 2012, the long-term debt, arising from cash transactions, payable from proprietary fund resources consisted of the following:

NOTES PAYABLE:

Series 2002 Small Community Clean Water SRF Promissory Note to the Oklahoma Water Resources Board in the amount of \$ 795,000 with an initial interest rate of 2.495%. The interest payments are to be made semiannually beginning September 15, 2002, with the principal payments to commence the earlier of project completion or September 15, 2003, and continue repayment based on the amortization schedule provided by the OWRB. The Note is scheduled to mature 20 years from the project completion or approximately December 2003. Note proceeds advanced to date with balance to be advanced in the following year.

	<u>475,949</u>
Total Note Payable Outstanding	<u>475,949</u>
Current portion	\$ 37,249
Non-current portion	<u>438,700</u>
Total Notes Payable	<u>\$ 475,949</u>

The series 2002 promissory note is secured by a pledge and assignment of revenues of the water, sanitary sewer, electric, and solid waste disposal systems pursuant to the terms of the Clean Water SRF Loan Agreement and a security agreement dated June 1, 2002.

TOWN OF SPIRO, OKLAHOMA

**NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2012**

CHANGES IN LONG-TERM DEBT

The following is a summary of changes in long-term debt for the year ended June 30, 2012:

<u>Type of Debt</u>	<u>Balance July 1, 2011</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance June 30, 2012</u>	<u>Amount Due Within One Year</u>
Business-Type Activities:					
Notes Payable	511,848	0	35,899	475,949	37,249
Total Business-Type Activities:	<u>511,848</u>	<u>0</u>	<u>35,899</u>	<u>475,949</u>	<u>37,249</u>

DEBT SERVICE REQUIREMENTS TO MATURITY

The annual debt service requirements to maturity, including principal and interest, for long-term debt as of June 30, 2012, are as follows:

<u>Year Ended June 30,</u>	<u>Notes Payable</u>	
	<u>Principal</u>	<u>Interest</u>
2013	37,248.66	13,977.84
2014	38,372.62	12,853.88
2015	39,530.48	11,696.02
2016	40,723.29	10,503.21
2017	41,952.08	9,274.42
2018-2022	229,529.91	26,602.59
2023	48,591.68	1,082.66
Total	<u>475,948.72</u>	<u>85,990.62</u>

DEBT SERVICE COVERAGE

The Spiro Municipal Improvement Authority's OWRB Promissory Notes are collateralized by the revenue of the Spiro Municipal Improvement Authority Sewer System. The agreement contains provisions which require the SMIA to maintain pledged revenue, of at least 125% of the annual debt service. As of June 30, 2012 the Authority's debt service coverage percentage is 152% which meets the promissory note requirement.

2.E. NON-COMMITMENT DEBT

<u>Original Debt</u>	<u>Project</u>	<u>Remaining Principal</u>
Spiro Municipal Improvement Authority: \$2,300,000	(1) SMIA Series 2008 (Spiro Schools Project)	\$144,337

TOWN OF SPIRO, OKLAHOMA

**NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2012**

- (1) The Spiro Municipal Improvement Authority Lease Revenue Notes, Series 2008 (Spiro Public Schools Project) were issued April 3, 2008, to provide a portion of the funds required for the construction of an education facility for the Independent School District #2 of LeFlore County, Oklahoma (Spiro Public Schools). The Authority and the District have entered into a lease agreement whereby the District will make annual lease payments to the Authority. Payment of principal and interest on the notes is to be made from the lease payments and upon completion of the lease title to the improvements will vest with the District. Other revenue and assets of the Authority are not pledged for note purposes and accordingly, the Authority is not liable for this debt. The initial lease agreement proceeds began August 15, 2008.

2.F. INTERFUND BALANCES AND TRANSFERS

INTERFUND BALANCE

Balances due from and due to consist of \$12,543 due from Agency fund to General fund, \$5,999 due from Agency fund to Proprietary fund - the Spiro Municipal Improvement Authority, and \$4,320 due from General fund to Proprietary fund

**NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2012**

NOTE 3. OTHER NOTES

3. A. GRANTS AND CONTRACTS

Rural Fire Defense Grant - The Town received a grant of \$4,413 from the Oklahoma Department of Agriculture Forestry Services for a fire calls.

Choctaw Nation of Oklahoma Grant - The Town received a grant of \$5,000 from the Choctaw Nation of Oklahoma for fire department pagers.

Kiamichi Area Nutrition Project - The Town of Spiro operates a local nutrition center that in conjunction with the funding provided by the Kiamichi Area Nutrition Project provides funds necessary for staff and technical assistance for staff activities pertaining to the program operation of the center. The Town of Spiro (Center Sponsor) and the Project will administer the center in accordance with state and federal rules outlined in the project application. The Town received \$ 39,025 in funds for the center and expended \$43,240 for the year ended June 30, 2012. The program is based on the availability of funds from the Area Agency on Aging.

3.B. COUNTY FIRE DEPARTMENT SALES TAX REVENUE

The LeFlore County Board of Commissioners passed a resolution assessing a .25% sales tax for the benefit of the LeFlore County Fire Departments. The County began collecting the funds July 1, 2011 and remitting monthly into the funds designated by each County Fire Department and maintained under custody and control of the County Treasurer. In accordance with the resolution the funds can generally be used for construction and improvements, various approved equipment, fire training safety and education, and general maintenance and operation of the department. For the period beginning July 1, 2011 thru June 30, 2012 the Town of Spiro Fire Department has been appropriated \$28,904.27 for its benefit and has expended \$5,709 leaving a balance of \$23,195.27 for future use. Funds requested must be used in accordance with County purchasing policies and procedures as outlined in the resolution.

3.C. EMPLOYEE PENSION AND OTHER BENEFIT PLANS

The Town participates in the Employee Pension Plan as follows:

Name of Plan/System	Type of Plan
Oklahoma Municipal Retirement Fund	Multiple Employer – Defined Benefit Plan

TOWN OF SPIRO, OKLAHOMA

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2012

Oklahoma Firefighters Pension and Retirement Fund

Cost Sharing Multiple Employer –
Defined Benefit Plan

Defined Benefit Pension Plan – Oklahoma Municipal Retirement Fund

A. Plan Description

The Town contributes to the Oklahoma Municipal Retirement Fund Employee Retirement System (O.M.R.F.), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for governmental entities in the State of Oklahoma. The Town's payroll for employees covered by O.M.R.F. for the year ended June 30, 2012, was \$437,533. The total payroll for the same period was \$541,501.

Contributions and Trend Information

Contributions required by State Statute:

<u>Fiscal Year</u>	<u>Required Contribution</u>	<u>Percent Contributed</u>
2010	\$ 900	100%
2011	960	100%
2012	960	100%

Trend information showing progress of the Systems in accumulating sufficient assets to pay benefits when due is presented in their respective separate annual financial reports.

Related-Party Investments

As of June 30, 2012, the System held no related-party investments of the Town or of its component units.

3.D. RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; employee's health and life; and natural disasters.

The Town manages these various risks of loss as follows:

<u>Type of Loss</u>	<u>Method Managed</u>	<u>Risk of Loss Retained</u>
a. Torts, errors, and omissions	Purchased commercial insurance	None
b. Workers compensation, health and life	Purchased commercial insurance	None
c. Physical property loss and natural disasters	Purchased commercial insurance	None

Management believes such coverage is sufficient to preclude any significant uninsured losses to the Town. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

TOWN OF SPIRO, OKLAHOMA

**NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2012**

3.E. COMMITMENTS AND CONTINGENCIES

COMMITMENTS

At June 30, 2012, the Town had an unrecorded commitment for earned but unused vacation and compensatory time leave benefits that would require payment upon employee termination of service.

The compensated absences commitment of \$11,673 at June 30, 2012, can be summarized as follows:

	<u>Town</u>	<u>SMIA</u>	<u>Total</u>
Vacation	\$ 3,934	\$ 7,739	\$ 11,673

CONTINGENCIES

Grant Program Involvement

In the normal course of operations, the Town participates in various federal or state grant/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability of reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

Litigation

The financial statements do not include accrual or provision for loss contingencies resulting from litigation. Under applicable Oklahoma statutes, such judgments may become liabilities only of the Debt Service Fund and only in the year in which tax revenue is specifically assessed for payment of the claim, and only to the extent of the taxes so specifically assessed in that year. Such claims are generally paid through special tax assessments over a three-year period.

Accordingly, the Town believes that such claims should be recorded in the year in which taxes are assessed for payment on the claim, only to the extent of such tax revenue that is actually provided. This method is preferable to the conflicting rule for treatment of loss contingencies as set out in Statement of Financial Accounting Standards No.5 (issued by the Financial Accounting Standards Board) wherein contingencies should be recorded in full in the year in which it is probable that a liability has been created if the amount of loss can be reasonably estimated.

3.F. SUBSEQUENT EVENTS

The organization has adopted FASB ASC 855-10-50, formerly SFAS No. 165, *Subsequent Events*, which is effective for periods ending after June 15, 2009. The standard reflects the existing principles of current subsequent event accounting guidance and requires disclosure of the date through which subsequent events have been evaluated. Management performed an evaluation of the Organization's activity through February 11, 2013, the audit report date, and has concluded that there are no significant subsequent events requiring disclosure through that date.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements.

TOWN OF SPIRO, OKLAHOMA
NOTES TO BUDGETARY COMPARISON SCHEDULE
JUNE 30, 2012

Budget Law

The Town prepares its annual operating budget under the provisions of the Municipal Budget Act (the "Budget Act"). In accordance with those provisions, the following process is used to adopt the annual budget:

- a. Prior to June 1, the Mayor submits to the Town Council a proposed operating budget for the fiscal year commencing the following July 1.
 - b. Public hearings are conducted to obtain citizen comments. At least one public hearing must be held no later than 15 days prior to July 1.
 - c. Subsequent to the public hearings but no later than seven days prior to July 1, the budget is adopted by resolution of the Town Council.
 - d. The adopted budget is filed with the Office of State Auditor and Inspector.
- The legal level of control at which expenditures may not legally exceed appropriations is by department within a fund.

All transfers of appropriations between departments and supplemental appropriations require Town Council approval. The Mayor may transfer appropriations between object categories within a department without Town Council approval. Supplemental appropriations must also be filed with the Office of State Auditor and Inspector.

Basis of Accounting

The budget is prepared on the same modified cash basis of accounting as applied to the governmental funds in the basic financial statements. Revenues and expenditures are reported when they result from cash transactions.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
Town of Spiro, Oklahoma

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining funds of the Town of Spiro, State of Oklahoma, as of June 30, 2012, which collectively comprise the Town's basic financial statements which were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles and have issued our report thereon dated February 11, 2013. We conducted our audit in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and in accordance with Oklahoma Statutes.

Internal Control Over Financial Reporting

Management of the Town of Spiro is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Town of Spiro's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Spiro's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town of Spiro's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over

KERSHAW CPA & ASSOCIATES, PC

PHONE (580) 762-1040
FAX (580) 762-1047

financial reporting that we consider to be material weakness, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying Schedule of Findings that we consider to be significant deficiencies in internal control over financial reporting. Those deficiencies are listed as Item 12-01. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Spiro's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Town's response to the findings identified in our audit is described in the accompanying Schedule of Findings. We did not audit the Town's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the board of directors and management of the Town of Spiro, others within the organization and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

Kershaw CPA & Associates, P.C.

Kershaw, CPA & Associates, PC

February 11, 2013

TOWN OF SPIRO, OKLAHOMA
SCHEDULE OF FINDINGS
JUNE 30, 2012

INTERNAL CONTROL FINDINGS:

Item 12-01: Segregation of Duties

Criteria: A good system of internal control requires a proper segregation of duties to prevent one person from being in a position to authorize, execute, and record the same transaction.

Condition: Due to the size of the Town's major areas of internal control, that would be prevalent in a larger Town, such segregation of duties is not available for this size operation. Duties are concentrated in the hands of a few individuals, who are responsible for all phases of the accounting functions. Because of this lack of division of responsibility, internal control is determined to be weak, and in some instances, non-existent.

Cause: The Town's small size limits the amount of staffing needed to properly segregate the accounting functions.

Effect: Due to the limited number of personnel, a breach of internal controls could occur and not be detected in the normal course of operations.

Recommendation: The lack of segregation of duties is a common deficiency in Town's the size of Spiro. The governing body should be aware of the increased risk and develop policies and procedures to reduce the effect of the internal control deficiency.

Response: The Board continues to be actively involved in the operations of the Town.
