NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

Bryan County Rural Water District No. 2 (the District) is a Water District organized under the laws of the State of Oklahoma. The District provides water service to rural residents of Bryan County Oklahoma. The District and its financial statements are comprised of only the water operations of the District.

Basis of Presentation

The accounts of the District are organized on the basis of proprietary fund type, specifically an enterprise fund. The activities of this fund are accounted for with a separate set of self-balancing accounts that comprise the District's assets, liabilities, net assets, revenues and expenses. Enterprise Funds account for activities (1) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (2) that are required by laws or regulations that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (3) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

Basis of Accounting

The financial statements of the District are prepared on the accrual basis of accounting. Revenues are recognized when they earned and expenses are recognized when they are incurred. The District uses the accounting standards issued by the Financial Accounting Standards Board whenever possible; if no FASB pronouncement is applicable then Government Accounting Standards Board pronouncements are used.

Budgetary Data

The District prepares an annual budget for internal bookkeeping purposes.

Inventory

Inventory is valued at cost and consists of chemicals, meters, pipe connections and PVC pipe not yet installed in the system. The inventory figure included in the financial statements is an estimate because the District performed a yearend inventory count but has not calculated the actual value.

Property and Equipment

Property and equipment are recorded at cost. Management has established a capitalization policy of assets acquired for over \$2,500 will be capitalized. Depreciation is provided using the straight-line method over estimated useful lives of the respective assets. Maintenance and repairs are charged to expenses as incurred; major repairs and betterments are capitalized.

Cash and Cash Equivalents

The District considers all highly liquid investments with an original maturity of three months or less to be a cash equivalent. The District does not consider restricted cash to be a cash equivalent.

Accounts Receivable

There is no provision for bad debts; all accounts are considered to be collectible.

Equity Classification

Equity is classified as net assets and displayed in three components:

- 1. Invested in capital assets, net of related debt-Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- 2. Restricted net assets—Consists of net assets with constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
- Unrestricted net assets—All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Revenues, expenditures & expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requirements management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Memorandum Totals

The "memorandum only" captions above the total columns mean that totals are presented for overview information purposes only.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

As a local government unit, the District is subject to various federal, state, and local laws and contractual regulations. In accordance with Government Auditing Standards, the auditor has issued a report on his consideration of the District's internal control over financial reporting and tested its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in compliance with Government Auditing Standards and should be read in conjunction with this report in considering the results of the audit.

Finance-related Legal & Contractual Provisions

The District has complied with the reserve requirements of the USDA Rural Development loan agreements.

Deficit Fund Balance or Retained Earnings

As indicated in the financial statements, there are no fund balance or retained earnings deficits for the District for this fiscal year.

NOTE 3 - CASH AND INVESTMENTS

Custodial Credit Risk

At September 30, 2012, the District held deposits of approximately \$2,005,873 at financial institutions. The District's cash deposits, including interest-bearing certificates of deposit are covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the District or by its agent in the District's name.

Investment Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk

The District has no policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposits or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-ofstate financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers' acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a.-d.).

NOTE 4 - RESTRICTED ASSETS

The loan agreements with the United States Department of Agriculture Rural Development (USDA) require the District to set aside into a Reserve Account the sum of the annual installment for each loan (\$57,000 for 1^{st} loan and \$19,764 for the 2^{nd} loan), after which deposits may be suspended, except to replace withdrawals. The District cannot withdraw funds from the reserve account without USDA approval. As of September 30, 2012, the account balance for the reserve account was \$76,764.00, which equals the required balance of \$76,764.00.

As of September 30, 2012, the District was not involved in any pending litigation.

Federally Assisted Programs

In the normal course of operations, the District participates in various federal or state/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability of reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

Other Commitments and Contingencies

The District has approved a Consent Order to upgrade its public water supply system in accordance with the "Public Water Supply Construction Standards" and the "Public Water Supply Operation Rules." The Consent Order was in response to an administrative proceeding brought against the District by the Department of Environmental Quality in February 1995. At the end of September 30, 2010, the District was working towards complying with the above standards.

NOTE 9 - OTHER ISSUES

Effective October 1, 2005, the Bryan County Rural Sewer District No. 8 has been taken over by Bryan County Rural Water District No. 2. The new name of the District is Bryan County Rural Water, Sewer and Solid Waste Management District No. 2.

NOTE 10 - RETIREMENT PLAN

The District sponsors a Simple IRA plan for employees. The District contributes up to 2% of the employees' gross wages to the plan, and the employee is free to contribute any amount that he/she decides upon to the plan.

NOTE 11 - ACCUMULATED UNPAID VACATION AND SICK LEAVE BENEFITS

Accumulated unpaid vacation and sick leave benefits have not been shown as a liability in the financial statements. The District's position is that any accrued benefits are not significant and would not materially affect the financial statements.

NOTE 12 - SUBSEQUENT EVENTS

The District did not have any subsequent events through March 8, 2013, which is the date the financial statements were issued, for events requiring recording or disclosure in the financial statements for the year ending September 30, 2012.

NOTE 13 - PRIOR YEAR ADJUSTMENT

Miscellaneous prior year adjustments were made to depreciate previously completed construction in progress which had not yet been depreciated.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Bryan County RWS&SWMD #2 Bryan County, Oklahoma

We have audited the financial statements of the Bryan County RWS&SWMD #2, as of September 30, 2012 and have issued our report thereon dated March 8, 2013. The Bryan County RWS&SWMD #2 has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34, except that the District did not present the required MD&A. We conducted our audit in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes.

Internal Control Over Financial Reporting

Management of the Bryan Co. RWS&SWMD #2 is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Bryan Co. RWS&SWMD #2's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Bryan Co. RWS&SWMD #2's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Bryan Co. RWS&SWMD #2's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weakness, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Bryan County RWS&SWMD #2's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement

amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Directors and management of the Bryan County RWS&SWMD #2, others within the organization and federal and state awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.
