INDEPENDENT AUDITOR'S REPORT

To the Town Council
Town of Haworth, Oklahoma

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Haworth, Oklahoma, as of and for the fiscal year ended June 30, 2012, which collectively comprise the Town of Haworth, Oklahoma's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Haworth, Oklahoma's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in the Notes, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Town of Haworth, Oklahoma, as of June 30, 2012, and the changes in modified cash basis financial position thereof for the year then ended in conformity with the basis of accounting described above.

In accordance with Government Auditing Standards, we have also issued our report dated October 10, 2012, on our consideration of the Town of Haworth, Oklahoma's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in compliance with Government Auditing Standards and should be considered in assessing the results of our audit.

The budgetary comparison information and the notes to the budgetary comparison information are not a required part of the financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We

have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The Town of Haworth has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34. However the Town has not presented the Management's Discussion and Analysis required by the Governmental Accounting Standards Board (GASB) that the GASB has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Haworth's basic financial statements. The introductory and the other supplementary information sections listed in the accompanying table of contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements of the Town. Such additional information has not been subjected to the auditing procedures applied in our audit of the basic financial statements, and accordingly, we do not express an opinion thereon.

TOWN OF HAWORTH, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The Town of Haworth, Oklahoma is a "Statutory Town Government" under Title 11 of the Oklahoma Statutes.

The Town provides the following services: public safety (fire and police), streets and highways, public improvements, planning and zoning and general administrative services. The Haworth Public Works Authority (Enterprise Fund) provides water, sewer and sanitation services. The Haworth Public Works Authority (the PWA) is a public trust created under the authority of Title 60 Oklahoma Statutes.

FUND ACCOUNTING

The accounts of the Town are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts which comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, into two broad fund types and two generic categories as follows:

GOVERNMENTAL FUND TYPES

General Fund

The General Fund is the primary operating fund of the Town and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of the specific revenue sources that are either legally restricted to expenditures for specified purposes or designated to finance particular functions or activities of the Town. The reporting entity includes the following special revenue funds.

Fund

Brief Description

Street & Alley Fund

Accounts for gasoline excise and commercial vehicle taxes legally restricted for street and alley improvements.

TOWN OF HAWORTH, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

Sr. Citizens Fund	Accounts for revenues and expenditures of various nutrition grants per grant agreement requirements.
Police Dept. Fund	Accounts for revenues and expenditures of police operations.
Volunteer Fire Dept. Fund	Accounts for revenues and expenditures of Fire Department activities.
Cemetery Fund	Accounts for cemetery revenues that are legally restricted for cemetery use.
Special Projects Fund	Accounts for revenues and expenditures of a State Department of Commerce Grant per the grant agreement.

PROPRIETARY FUND TYPES

Enterprise Funds

Enterprise funds are used to account for the acquisition, operation and maintenance of Town facilities which are financed primarily by user charges. The Enterprise funds are accounted for similar to activities of the private sector. The measurement focus is upon determination of net income, financial position and changes in financial position. The Haworth Public Works Authority is accounted for as the Town's Enterprise Fund.

Haworth Public Works Authority	Accounts for the activities of the public trust in providing water, sewer and sanitation services to the public.
--------------------------------	--

BASIS OF ACCOUNTING

Basis of accounting refers to the time when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting is related to the timing of the measurement made, regardless of the measurement focus applied.

The cash basis of accounting is followed by all funds of the Town, which is not in accordance with generally accepted accounting principles. Under this cash basis of accounting, revenues are recorded when received and expenditures are recorded when paid. In accordance with generally accepted accounting principles, governmental fund types would utilize the modified accrual basis of accounting while proprietary type funds would use the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

If the books of the governmental fund types and the similar trust fund were maintained on the basis of accounting required by generally accepted accounting principles, revenues would be recorded when susceptible to accrual (i.e. both measurable) and available and expenditures would be recorded when the current liability is incurred. If the books of the proprietary fund types and similar trust funds were maintained on the basis of accounting required by generally accepted accounting principles, revenues would be recognized when earned and expenses would be recorded when the liability is incurred.

CASH AND CASH EQUIVALENTS

For the purposes of the statement of cash flows, the proprietary fund type considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

RESTRICTED ASSETS

Under the terms of the loan agreement with USDA Rural Development, the Haworth Public Works Authority must maintain certain "funds" in restricted accounts. These are not funds in the sense of fiscal and accounting entities with self-balancing sets of accounts, they merely represent mandatory asset segregation.

BUDGET

In accordance with Oklahoma Statutes, Title 68, the Town Council is required to formally adopt annual budgets, which include substantially all general funds. These required annual budgets are adopted on a basis consistent with the guidelines established by the Oklahoma Municipal Code.

CAPITAL ASSETS

The capitalization threshold has been set at \$500.00. Assets purchased by the Town or PWA are recorded as assets at cost or if contributed property at the estimated fair market value at the time of contribution. Repairs and maintenance cost are recorded as expenses. The sale or disposition of capital assets is recorded by removing cost and accumulated depreciation from the accounts and charging the resulting gain or loss to income. Assets are depreciated over their useful lives of 5 to 50 years using the straight-line method.

ESTIMATES

The preparation of financial statements, in conformity with the cash basis of accounting, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

COMPENSATED ABSENCES AND FRINGE BENEFITS

Governmental Generally Accepted Accounting Principles require the recording of an expenditure and the accrual of a liability for future vacation, sick pay, and other leave benefits for employee services already rendered, related to rights that vest, if the payment of compensation is probable and the amount of benefits can be reasonably estimated.

The Town's financial statements have been prepared on the cash basis and benefit cost (if any) are recognized when the benefits are paid. An accrued liability for benefits has not been recognized or reported in the financial statements.

EQUITY CLASSIFICATION

Equity is classified as net assets and displayed in three components:

1. Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
2. Restricted net assets—Consists of net assets with constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

Fund Balance

In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Governmental Fund Type Definitions, the Town classifies governmental fund balances as follows:

- Non-spendable - Includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- Restricted - Includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- Committed - Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end.

TOWN OF HAWORTH, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

- Assigned - Includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the Board.
- Unassigned - Includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The Town uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the Government would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The Government does not have a formal minimum fund balance policy.

The purposes of each major special revenue fund and revenue source is listed below:

<u>Major Special Revenue Fund</u>	<u>Revenue Source</u>
Special Projects - CDBG	Department of Commerce CDBG Grant Income
Senior Citizens	Grant Income Donations
Police Department	Fine and forfeitures Grant Income

REVENUES, EXPENDITURES AND EXPENSES

Sales Tax

The Town presently levies a sales tax on taxable sales within the Town. The sales tax is collected by the Oklahoma Tax Commission and remitted to the Town in the month following receipt by the Tax Commission.

Property Tax

For the year ended June 30, 2012, the Town levied no property tax. Under State law, municipalities are limited in their ability to levy a property tax. Such tax may only be levied to repay principal and interest on general obligation bonded debt approved by voters and court-assessed judgments.

Enterprise Fund Revenues

Revenues consist of sales of water, sewer, and sanitation services to individuals, business owners, and others within the Town corporate limits and nearby area.

TOWN OF HAWORTH, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS

Expenditures/Expenses

For purposes of the combined operating statements, expenditures/expenses are classified as follows:

Governmental Fund Types - By Character: Current (further classified by
activity) Capital Outlay
Proprietary Fund Types - By Operating and Non-Operating

Governmental fund types report expenditures of financial resources. Proprietary fund types normally report expenses relating to use of economic resources.

Memorandum Only

The "Memorandum Only" captions above the total columns mean that totals are presented for overview information purposes only.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

As a local government unit, the Town is subject to various federal, state, and local laws and contractual regulations.

Deficit Fund Balance or Retained Earnings

As indicated in the financial statements, there are no fund balance or retained earnings deficits for the Authority for this fiscal year.

Excess of Expenditures Over Appropriations

The Towns total charges to appropriations did not exceed budgeted amounts.

NOTE 3 - DEPOSITS, INVESTMENTS AND COLLATERAL

Custodial Credit Risk

At June 30, 2012, the Town held deposits of approximately \$159,027 at financial institutions. The Town's cash deposits, including interest-bearing certificates of deposit are covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the Town or by its agent in the Town's name.

TOWN OF HAWORTH, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

Investment Interest Rate Risk

The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk

The Town has no policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposits or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers' acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school Town tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school Town.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a.-d.).

GRANT PROGRAMS

The Town participates in certain federal and state grant programs as available; currently the town is not participating in any ongoing programs. These programs are subject to financial and compliance audits by the grantor or its representative. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grant. The amount of expenditures that may be disallowed by the granting agency cannot be determined at this time, although it is believed by the Town that the amount, if any, would not be significant.

LITIGATION

The Town has no known pending claims or lawsuits against it as of June 30, 2012. In the event that the Town is held liable for damages in any lawsuits that arise, the resulting judgments will be paid from ad valorem taxes levied over a three (3) year period through the Town's Debt Service Fund.

NOTE 9 - SUBSEQUENT EVENTS

The Town did not have any subsequent events through October 10, 2012, which is the date the financial statements were issued, for events requiring recording or disclosure in the financial statements for the year ending June 30, 2012.

TOWN OF HAWORTH, OKLAHOMA
NOTES TO BUDGETARY COMPARISON SCHEDULE
JUNE 30, 2012

The Town's annual operating budget represents appropriations as authorized by the Board of Trustees and County Excise Board in accordance with the provisions of Title 68 of the Oklahoma Statutes. The Town's budget is limited by law to 90% of the amount of revenue collected in the prior year plus unreserved fund balance. In addition, revisions may be made to the budget throughout the year as authorized by the Board of Trustees and County Excise Board. The legal level of control of the budget is the expenditures category within a department

The budget is prepared on the same modified cash basis of accounting as applied to the basic financial statements. Revenues and expenses are reported when they result from cash transactions.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
Town of Haworth, Oklahoma

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining funds of the Town of Haworth, State of Oklahoma, as of June 30, 2012, which were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles and which collectively comprise the Town's basic financial statements and have issued our report thereon dated October 10, 2012. The Town of Haworth has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34, except that the Town did not present the required MD&A. We conducted our audit in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and in accordance with Oklahoma Statutes.

Internal Control Over Financial Reporting

Management of the Town of Haworth is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Town of Haworth's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Haworth's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town of Haworth's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weakness, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying Schedule of Findings that we consider to be significant deficiencies in internal control over financial reporting. Those deficiencies are listed as Item 12-01. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that

is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Haworth's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Town of Haworth's response to the findings identified in our audit is described in the accompanying Schedule of Findings. We did not audit Town of Haworth's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the board of trustees, others within the entity, the USDA Rural Development and the Oklahoma State Auditor and Inspector's office and is not intended to be and should not be used by anyone other than these specified parties.

TOWN OF HAWORTH, OKLAHOMA
SCHEDULE OF FINDINGS
JUNE 30, 2012

INTERNAL CONTROL FINDINGS

Item 12-01 - Segregation of Duties

Criteria: A good system of internal control requires a proper segregation of duties to prevent one person from being in a position to authorize, execute, and record the same transaction.

Condition: Due to the size of the Town's major areas of internal control, that would be prevalent in a larger Town, such segregation of duties is not available for this size operation. Duties are concentrated in the hands of a few individuals, who are responsible for all phases of the accounting functions. Because of this lack of division of responsibility, internal control is determined to be weak, and in some instances, non-existent.

Cause/Effect: Due to the limited number of personnel, a breach of internal controls could occur and not be detected in the normal course of operations.

Recommendation: The Board should continue to be actively involved in the operations of the organization.

Response: The Board continues to be actively involved in the operations of the organization.
