NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Vivian Rural Water District #6 (McIntosh County) was organized under the laws of the State of Oklahoma, in accordance with Title 82 of the Oklahoma Statutes. The District operates and maintains water treatment and distribution systems within McIntosh County, for the use and benefit of members of the District.

Enterprise Fund Accounting

The accompanying financial statements reflect the District's financial condition, results of operations and cash flows within the framework of "enterprise fund" accounting. As defined, enterprise funds are established to account for the financing of self supporting activities of governmental units which render services on a user charge basis to the general public.

Basis of Accounting

The accrual basis of accounting is followed for all accounts. Revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Budgetary Data

The District does not prepare an annual budget.

Financial Position

Cash and Cash Equivalents

Cash is comprised of deposits in demand accounts and certificate of deposit accounts. At December 31, 2012, all deposits were fully insured by FDIC.

Capital Assets

Capital assets are valued at cost, and depreciation is computed using the straight-line method. The estimated useful life of these assets is detailed as follows:

	<u>Life</u>
Building	40 Years
Water System	10-20 Years
Equipment	3-5 Years
Office Equipment	5 Years
Storage Trailer	5 Years

Capitalization Policy

Purchases of capital items in excess of \$350.00 that increase the capacity or operation efficiency or extend the useful life of any asset are capitalized. Repairs and maintenance are expensed as incurred.

Inventory

The District does not maintain inventory records of parts or supplies, but charges these purchases to maintenance or supplies as they are received.

Notes Receivable

For the year ended December 31, 2012, the District has a few note receivables from miscellaneous customers. These receivables are for miscellaneous charges including large bills due to water leaks and payments for membership fees. The District agreed to transfer the balance due to a note receivable so that the customers would not incur late charges.

Long-Term Debt

Long-term debt is reported at face value, net of applicable discounts and deferred loss on refunding. Costs related to the issuance of debt are deferred and amortized over the lives of various debt issues.

Equity Classification

Equity is classified as net position and displayed in three components:

1. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other

VIVIAN RURAL WATER DISTRICT #6 (MCINTOSH CO.)
MCINTOSH COUNTY, OKLAHOMA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

borrowings that are attributable to the acquisition, construction, or improvements of those assets and adjusted for any deferred inflows and outflows of resources attributable to capital assets and related debt.

2. Restricted – Consists of restricted assets reduced by liabilities and deferred inflows or resources related to those assets, with restriction constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted - Net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

It is the District's policy to first use restricted net resources prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available.

Revenues, expenditures & expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

Governmental Accounting Standards Board Statement No. 34

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. Certain of the significant changes in the Statement include the following:

1. For the first time the financial statement should include:
 - a. A Management Discussion and Analysis (MD&A) section providing analysis of the District's overall financial position and results of operations. However, the District has chosen not to present the required MD&A for the current year.
 - b. Financial statements prepared using full accrual accounting for all of the District's activities, except for including the General capital assets or infrastructure (lines, pump stations, etc.).
2. A change in the fund financial statements to focus on major funds.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Vivian Rural Water District #6,
McIntosh County, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes, the financial statements of the Vivian Rural Water District #6, McIntosh County, as of and for the year ended December 31, 2012, and the related notes to the financial statements, and have issued our report thereon dated January 29, 2013. The Vivian Rural Water District #6, McIntosh County has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34, except that the District did not present the required MD&A.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Vivian Rural Water District #6, McIntosh County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Vivian Rural Water District #6, McIntosh County's internal control. Accordingly, we do not express an opinion on the effectiveness of Vivian Rural Water District #6, McIntosh County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies.

Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Vivian Rural Water District #6, McIntosh County's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
