## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Washington County Rural Water District #7  
Copan, Oklahoma

### *Report on Financial Statements*

We have audited the accompanying modified cash basis financial statements of Washington County Rural Water District #7, as of and for the fiscal year ended December 31, 2012, as listed in the table of contents and the related notes to the financial statements.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1. This includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made, by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

COPAN, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed further in Note 1.C, these financial statements are presented on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) established by the Governmental Accounting Standards Board (GASB). These modified cash-basis financial statements generally meet the presentation and disclosure requirements applicable to GAAP, in substance, but are limited to the elements presented in the financial statements and the constraints of the measurement and recognition criteria of the modified cash basis of accounting.

A. Organization & Reporting Entity

Rural Water District No. 7 (the "District") was created May 20, 1996 by the Board of County Commissioners of Washington County, Oklahoma under the provisions of the Rural Water District Act (Title 82 Oklahoma Statutes 1961, Sections 1301 to 1321). The District is managed by a five member Board of Directors. Members of the board are elected by the membership of the District at its annual meeting. Membership in the District is attained by paying membership dues and receiving services from the District. The activities of the District constitute the entire reporting entity. There are not other component or oversight units. The District is a political subdivision of the state of Oklahoma. The District had water sales beginning in the 2004 fiscal year.

B. Basis of Presentation

The accounts of the District are organized on the basis of proprietary fund type, specifically an enterprise fund. The activities of this fund are accounted for with a separate set of self-balancing accounts that comprise the District's assets, liabilities, net assets, revenues and expenses. Enterprise Funds account for activities (1) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (2) that are required by laws or regulations that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (3) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

C. Measurement Focus and Basis of Accounting

Measurement Focus

The District utilizes an economic resources measurement focus within the limitations of the modified cash basis of accounting. The accounting

WASHINGTON COUNTY RURAL WATER DISTRICT #7  
COPAN, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2012

objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), net financial position, and cash flows. All assets, deferred outflows, liabilities, and deferred inflows (whether current or noncurrent or financial or nonfinancial) associated with their activities are generally reported within the limitations of the modified cash basis of accounting.

Basis of Accounting

The financial statements are presented on a modified cash basis of accounting, which is a basis of accounting other than GAAP as established by GASB. This basis of accounting involves modifications to the cash basis of accounting to report in the statements of net position cash transactions or events that provide a benefit or result in an obligation that covers a period greater than the period in which the cash transaction or event occurred. Such reported balances include investments, capital assets and related depreciation, and short-term and long-term liabilities arising from cash transactions or events.

This modified cash basis of accounting differs from GAAP primarily because certain assets and their related revenues (such as accounts receivable and revenue billed or provided services not yet collected and other accrued revenue and receivables) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid and other accrued expenses and liabilities) are not recorded in these financial statements. In addition, other economic assets, deferred outflows, liabilities, and deferred inflows that do not arise from a cash transaction or event are not reported, and the measurement of reported assets and liabilities does not involve adjustment to fair value.

If the District utilized the basis of accounting recognized as generally accepted in the United States, the fund financial statements for proprietary fund types would use the accrual basis of accounting.

D. Financial Position

Cash & Cash Equivalents

For the purpose of financial reporting, "cash & cash equivalents" includes all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less.

Capital Assets

The District's property, plant, equipment and infrastructure with useful lives of more than one year are stated at historical cost or at estimated

WASHINGTON COUNTY RURAL WATER DISTRICT #7  
COPAN, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2012

historical cost for those items not previously recorded. The District maintains infrastructure assets records consistent with all other capital assets. Donated assets are stated at fair value on the date donated. Capital assets are depreciated using the straight-line method with one-half year depreciation in the year acquired and one-half in the year of disposal. When capital assets are disposed, the cost and applicable accumulated depreciation are moved from the respective accounts, and the resulting gain or loss is recorded in operations.

Estimated useful lives, in years, for depreciable assets are as follows:

Buildings	5-60
Improvements, other than buildings	2-50
Mobile equipment	3-40
Furniture, machinery and equipment	3-30
Utility system	5-60

Capitalization Policy - Purchases of capital items in excess of \$2,500.00 that increase the capacity or operation efficiency or extend the useful life of any asset are capitalized. Repairs and maintenance are expensed as incurred.

Long-Term Debt

Long-term debt is reported at face value, net of applicable discounts and deferred loss on refunding. Costs related to the issuance of debt are deferred and amortized over the lives of various debt issues.

Equity Classification

Equity is classified as net assets and displayed in three components:

1. Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
2. Restricted net assets—Consists of net assets with constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted net assets—All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

WASHINGTON COUNTY RURAL WATER DISTRICT #7  
COPAN, OKLAHOMA  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2012

E. Revenues, expenditures & expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

F. Estimates

The preparation of financial statements in conformity with accounting principles generally in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

G. Memorandum Only

The "Memorandum Only" captions above the total columns mean that totals are presented for overview information purposes only.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

As a local government unit, the District is subject to various federal, state, and local laws and contractual regulations.

As indicated in the financial statements, there are no fund balance or retained earnings deficits for the District for this fiscal year.

NOTE 3 - CASH AND INVESTMENTS

The District's cash deposits, including interest-bearing certificates of deposit are covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the District or by its agent in the District's name.

Investment Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

WASHINGTON COUNTY RURAL WATER DISTRICT #7

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2012

- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a.-d.).

NOTE 4 - RESTRICTED ASSETS

The District has reported as restricted assets cash held by a trustee bank for use in relation to the note payable with OWRB. The cash reported in the Statement of Net Assets is restricted as indicated. This cash is not available for other purposes. The OWRB loan was paid in full in December 2011, which removes these restrictions.

NOTE 5 - CAPITAL ASSETS

Capital asset activity, resulting from the modified cash basis transactions, for the fiscal year ended December 31, 2012, was as follows:

Federally Assisted Programs

In the normal course of operations, the District participates in various federal or state/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability of reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

NOTE 9 - RETIREMENT AND DEFERRED COMPENSATION PLAN

The District does not have employees.

NOTE 10 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. NOTE 11 - CONTRACTS

The District purchases water for resale from Copan Public Works Authority, Copan, Oklahoma, under the terms of a Water Purchase Agreement dated August 26, 2003. The contract extends for an initial term of one year and thereafter is to be reviewed annually for successive one year terms until terminated. The price paid by the District is determined based on costs incurred by the Authority in producing the water purchased. The contract contains terms defining the costs to be considered.

NOTE 12 - SUBSEQUENT EVENTS

The District did not have any subsequent events through May 23, 2013, which is the date the financial statements were issued, for events requiring recording or disclosure in the financial statements for the year ending December 31, 2012.

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors  
Washington County Rural Water District #7  
Copan, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes, the modified cash basis financial statements of the Washington County Rural Water District #7, as of and for the year ended December 31, 2012, and the related notes to the financial statements, which were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles, and have issued our report thereon dated May 23, 2013.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Washington County Rural Water District #7's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Washington County Rural Water District #7's internal control. Accordingly, we do not express an opinion on the effectiveness of Washington County Rural Water District #7's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all

deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Washington County Rural Water District #7's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

## Purpose of this Report

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
