INDEPENDENT AUDITORS' REPORT

Oklahoma State Treasurer
EDGE Fund

We have audited the accompanying financial statements of the governmental activities and the general fund of the EDGE Fund [Economic Development Generating Excellence] (the "Fund") as of and for the years ended June 30, 2012 and 2011, which collectively comprise the Fund's basic financial statements as listed in the table of contents. The Fund is a part of the reporting entity of the State of Oklahoma. These financial statements are the responsibility of the Fund's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

As discussed in Note 1, the financial statements of the Fund are intended to present the financial position and the changes in financial position of only that portion of the governmental activities and each major fund of the State of Oklahoma that is attributable to the transactions of the Fund. They do not purport to, and do not, present fairly the financial position of the State of Oklahoma as of June 30, 2012 and 2011, and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of the Fund as of June 30, 2012 and 2011, and the respective changes in financial position thereof for the years then ended in conformity with accounting principles generally accepted in the United States.

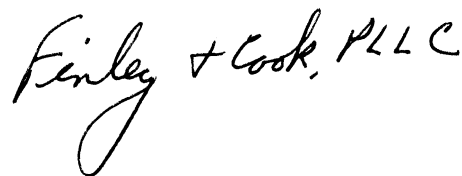

(Continued)

INDEPENDENT AUDITORS' REPORT, CONTINUED

As more fully described in Note 6, on May 25, 2012, Senate Bill No. 1969 was passed by the Legislature, and became effective on August 23, 2012. Senate Bill No. 1969, in essence, dissolved the Fund and required its unencumbered assets to be transferred to other state agencies. The Fund ceased purchasing new investments as of July 1, 2012, in preparation for the transfer. The Oklahoma State Treasurer is presently administering the assets of the Fund.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 4, 2012, on our consideration of the Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States require that the management's discussion and analysis on pages I-1 through I-10 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

A handwritten signature in black ink that reads "Finley + Cook, PLLC". The signature is written in a cursive, flowing style.

EDGE FUND

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

June 30, 2012 and 2011

The Management's Discussion and Analysis (MD&A) of the EDGE Fund (the "Fund") provides an overview and overall review of the Fund's financial activities for the fiscal years ended June 30, 2012 and 2011. The intent of the MD&A is to look at the Fund's financial performance as a whole. It should, therefore, be read in conjunction with the Fund's financial statements and the notes thereto.

The Fund was established in June 2006 when the Oklahoma Legislature passed Senate Bill 99XX. This legislation created Sections 47 and 52 of Title 62 of the Oklahoma Statutes. These provisions created a fund for Economic Development Generating Excellence, to be known as the EDGE Fund. The investment management of this fund has been administered by a five-person Board of Investors chaired by the State Treasurer. The remaining members of the Board of Investors were appointed by the Governor, the State Auditor and Inspector, the President Pro Tem of the Senate, and the Speaker of the House of Representatives.

The Oklahoma Legislature contributed the first \$150 million to the Fund. Through the prudent investment of funds, earnings certified by the Board of Investors were to support research and the transfer of innovation and technology to the private sector. The EDGE Fund Policy Board, created in Section 52 of Title 62, was responsible for the expenditure of these certified funds. Unfunded certified earnings remained invested in the Fund until the Policy Board commitments were expended. A total of 13 funding contracts remain at June 30, 2012, with an unfunded commitment of \$9,644,658. At June 30, 2012, previous certified earnings in an amount in excess of this commitment remained invested within the Fund.

During the 53rd legislative session of the State of Oklahoma, Senate Bill No. 1969 (the "Bill") was passed on May 25, 2012. The Bill abolished the Board of Investors and transferred its powers and duties to the State Treasurer. The Bill requires the transfer of the assets of the Fund to other state agencies and repeals Section 52 of Title 62 which originally established the EDGE Policy Board. The Bill became effective on August 23, 2012. In preparation for the transfer of the assets, the Fund ceased purchasing new investments as of July 1, 2012.

EDGE FUND

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A), CONTINUED

June 30, 2012 and 2011

USING THIS ANNUAL REPORT

The basic financial statements presented in the annual report include both government-wide and fund financial statements.

Government-Wide Financial Statements: Government-wide financial statements include the statements of net assets and the statements of activities. These statements display information about the Fund as a whole. The government-wide financial statements of the Fund are presented on a full accrual economic resource basis, which includes all assets and liabilities whether current or noncurrent. These statements provide both short-term and long-term information about the Fund's overall financial status.

Fund Financial Statements: The fund financial statements include the governmental fund's balance sheets and the statements of revenues, expenditures, and changes in fund balances. In the fund financial statements, the revenues and expenditures of the Fund are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Under these accounting methods, revenues and assets are recognized when they become both measurable and available, and expenditures and liabilities are recognized when obligations are incurred as a result of the receipt of goods or services.

The initial contribution of \$150 million to the Fund was deposited into OK INVEST on July 1, 2006. OK INVEST is a commingled account managed by the State Treasurer of Oklahoma, which is governed by Oklahoma statutes and the State Treasurer's investment policy. Funds were used from the OK INVEST account to fund active management as the Board of Investors hired and funded the portfolio's asset allocation. A diversified portfolio was completed according to the Board of Investors' adopted investment policy during FY2008.

FINANCIAL HIGHLIGHTS, CONTINUED

Statements of Net Assets, Continued

The Board of Investors was responsible for the overall management of the Fund. They were responsible for evaluating, hiring, and terminating investment managers, custodial banks, transition managers, and consultants. At June 30, 2008, the Board of Investors had completed the allocation of assets to its long-term target allocation as described in the Board of Investors' investment policy. The board certified each year through fiscal year ended June 30, 2011, the amount of funds available for expenditure by the EDGE Fund Policy Board.

The Fund's total net assets decreased approximately \$(8.1) million during the year. Net investment loss of approximately \$(882,000) was primarily the result of the recognition of approximately \$5.0 million in interest and dividends and a net depreciation in assets of approximately \$(5.1) million. The Fund's investment policy establishes investment goals and objectives and provides specific investment guidelines for investment managers.

On November 3, 2008, the Board of Investors approved the addition of a tactical asset allocation to the investment policy. The Opportunistic Bond Portfolio (OBP) was a temporary investment taking advantage of extremely low valuations of high yield bonds. The OBP was funded from the fixed-income allocation of the Fund in November 2008. On the recommendation of the investment consultant, this strategy was converted from a temporary to a permanent investment strategy in the June 28, 2011, Board of Investors meeting.

Cash balances also include restricted cash of \$4,235 which represents cash collateral presented to the Fund by security borrowers through the Board of Investors' securities lending effort. Use of this cash is restricted unless the borrowers were to default in the return of the securities borrowed.

NOTES TO FINANCIAL STATEMENTS

June 30, 2012 and 2011

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The EDGE Fund [Economic Development Generating Excellence] (the “Fund”) was established in June 2006 when the Oklahoma Legislature passed Senate Bill 99XX. This legislation created Sections 47 and 52 of Title 62 of the Oklahoma Statutes. These new provisions created a fund for Economic Development Generating Excellence, to be known as the EDGE Fund. The investment management of this fund was administered by a five-person Board of Investors chaired by the State Treasurer. The remaining members of the Board of Investors were appointed by the Governor, the State Auditor and Inspector, the President Pro Tem of the Senate, and the Speaker of the House of Representatives.

Pursuant to the statutes of the State of Oklahoma (the “State”), the Board of Investors was created to manage the investment of the principal of the Fund and to annually certify the earnings that were available for program expenditures approved by the EDGE Fund Policy Board. The EDGE Fund Policy Board was created to oversee the Fund’s operating and program expenditures. The Fund is a part of the State’s financial reporting entity and is included in the State’s Comprehensive Annual Financial Report as a part of the general fund.

During the 53rd legislative session of the State of Oklahoma, Senate Bill No. 1969 (the “Bill”) was passed on May 25, 2012. The Bill abolished the Board of Investors and transferred its powers and duties to the State Treasurer. The Bill requires the transfer of the assets of the Fund to other state agencies and repeals Section 52 of Title 62 which originally established the EDGE Fund Policy Board. The Bill became effective on August 23, 2012.

The financial statements of the Fund are intended to present the financial position and the changes in financial position of only that portion of the governmental activities and governmental funds of the State that is attributable to the transactions of the Fund, and not those of the entire State.

Basis of Presentation, Measurement Focus, and Basis of Accounting

The financial statements have been prepared in accordance with Governmental Accounting Standards Board Statement No. 34 (GASB 34).

Government-Wide Financial Statements—The statements of net assets and the statements of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Investment purchases and sales are recorded as of their trade dates.

See Independent Auditors’ Report.

EDGE FUND
ECONOMIC DEVELOPMENT GENERATING EXCELLENCE

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Basis of Presentation, Measurement Focus, and Basis of Accounting, Continued

Fund Financial Statements—The Fund is reported in the fund financial statements using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Since the Fund predominantly accounts for financial resources, revenue recognition is generally consistent between the accrual basis and the modified accrual basis of accounting.

Investment purchases and sales are recorded as of their trade dates. Expenditures generally are recorded when a liability is incurred.

Since the governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide financial statements, reconciliations are presented which briefly explain the adjustments necessary to reconcile the fund and government-wide presentations.

Investments

The Fund is authorized to invest in eligible investments as approved by the Board of Investors and set forth in its investment policy.

Fund investments are reported at fair value, as determined by the Fund's custodial agent, using pricing services or prices quoted by independent brokers based on the latest reported sales prices at current exchange rates for securities traded on national or international exchanges.

The Fund invests in various traditional financial instruments that fall under the broad definition of derivatives. The Fund's derivatives may include U.S. Treasury strips, collateralized mortgage obligations, asset-backed securities, and variable-rate instruments. These investments do not increase investment risk beyond allowable limits specified in the Fund's investment policy.

Net investment (loss) income includes net (depreciation) appreciation in the fair value of investments, interest income, dividend income, securities lending income, and investment expenses, which includes investment management and custodial fees and all other significant investment-related costs.

In accordance with the Bill, the Fund ceased purchasing new investments as of July 1, 2012.

See Independent Auditors' Report.

EDGE FUND
ECONOMIC DEVELOPMENT GENERATING EXCELLENCE

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Derivatives and Other Financial Instruments

Derivative instruments are financial contracts whose values depend on the values of one or more underlying assets, reference rates, or financial indexes. They include futures contracts, swap contracts, options contracts, and forward foreign currency exchange. The Fund's investment policy establishes derivative guidelines which identify and allow common derivative investments and strategies which are consistent with applicable law and the Investment Policy Statement. These guidelines require investment managers to request the inclusion of additional derivative instruments and strategies. The guidelines require investment managers to follow certain controls, documentation, and risk management procedures. As of June 30, 2012 and 2011, there were no direct derivative contracts.

The Fund invests in mortgage-backed securities, which are reported at fair value in the statements of net assets and the balance sheets, and are based on the cash flows from interest and principal payments by the underlying mortgages. As a result, they are sensitive to prepayments by mortgagees, which are likely in declining interest rate environments, thereby reducing the values of these securities. The Fund invests in mortgage-backed securities to diversify the portfolio and increase the return while minimizing the extent of risk. Details regarding interest rate risks for these investments are included under the interest rate risk disclosures.

Securities Lending

The investment policy authorizes the Board of Investors to contract with their custodian to act as their securities lending agent. Policy requires the securities lending agent to provide indemnification against borrower default, have written agreements with each borrower, not loan securities until acceptable collateral is received and monitor that collateral on a daily basis, and review and monitor the approved borrowers in order to minimize risk.

See Independent Auditors' Report.

EDGE FUND
ECONOMIC DEVELOPMENT GENERATING EXCELLENCE

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Securities Lending, Continued

The fair values of securities loaned and cash collateral maintained for those securities at June 30 were as follows:

	<u>2012</u>	<u>2011</u>
Securities loaned:		
U.S. Treasury notes and bonds	\$ -	5,905,807
U.S. corporate bonds	-	309,933
Domestic equity	<u>4,146</u>	<u>1,765,526</u>
	<u>\$ 4,146</u>	<u>7,981,266</u>
Cash collateral maintained for securities loaned	<u>\$ 4,235</u>	<u>8,157,471</u>
Percentage of cash collateral maintained to securities loaned	<u>102%</u>	<u>102%</u>

Borrowers were required to deliver and maintain collateral for each loan with a fair value equal to 102% of the current fair value of the loaned securities. Collateral delivered in non-U.S. currency is required to be equal to 105% of the fair value of the securities loaned; however, at June 30, 2012 and 2011, all collateral was presented as cash in U.S. currency. The total value of the collateral held at June 30, 2012 and 2011, exceeded the current fair value of the securities loaned by \$89 and \$176,205, respectively; thus, no credit risk existed at the balance sheet date from these transactions. Collateral was unmatched to the securities loaned with a 1-day maturity. Collateral cannot be used by the Fund except in the event of default.

Capital Assets

Office equipment and furnishings which have an expected useful life of more than 1 year are recorded as capital assets. Capital assets are recorded at cost when purchased. Depreciation is recorded on capital assets in the government-wide financial statements. Depreciation is calculated on a straight-line basis over a 4-year period.

No provision for depreciation is recorded in the fund financial statements, as expenditures for capital assets are recorded as period costs when the capital assets are purchased.

See Independent Auditors' Report.

EDGE FUND
ECONOMIC DEVELOPMENT GENERATING EXCELLENCE

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. A material estimate that is significant to the financial statements relates to the determination of the fair value of investments.

Compensated Absences

The Fund had no employees at June 30, 2012 or 2011; therefore, no liability for compensated absences was required.

Annual Budget-to-Actual Comparison

The Fund is not required to prepare an annual budget. Therefore, an annual budget-to-actual comparison as required by GASB 34 is not presented.

Advertising Costs

All costs associated with advertising are expensed as incurred.

Reclassification of Prior Year Amounts

Certain amounts for 2011 have been reclassified to be comparable with the 2012 presentation.

Recent Accounting Pronouncement

In December 2010, GASB issued Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989, FASB and AICPA Pronouncements* (GASB 62). The objective of GASB 62 is to incorporate into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the following pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements.

- (a) Financial Accounting Standards Board (FASB) Statements and Interpretations.
- (b) Accounting Principles Board Opinions.
- (c) Accounting Research Bulletins of the American Institute of Certified Public Accountants' (AICPA) Committee on Accounting Procedures.

See Independent Auditors' Report.

EDGE FUND
ECONOMIC DEVELOPMENT GENERATING EXCELLENCE

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Recent Accounting Pronouncement, Continued

The requirements in GASB 62 will improve financial reporting by contributing to GASB's efforts to codify all sources of generally accepted accounting principles for state and local governments so that they derive from a single source. GASB 62 is effective for financial statements for periods beginning after December 15, 2011, with earlier application encouraged. The provisions of GASB 62 are required to be applied retroactively for all periods presented.

(2) CASH AND INVESTMENTS

At June 30, cash and cash equivalents were composed of the following:

	<u>2012</u>	<u>2011</u>
Securities lending collateral—restricted cash	\$ 4,235	8,157,471
OK INVEST	361	261
Money market mutual fund	<u>9,616,207</u>	<u>2,978,908</u>
	<u>\$ 9,620,803</u>	<u>11,136,640</u>

Restricted Cash

Cash collateral from securities lending activity is identified as restricted cash, as it cannot be used by the Fund unless there is default in the return of the securities loaned.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of the failure of a counterparty, the Fund will not be able to recover the value of its investments. Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Investment securities are exposed to custodial credit risk if they are uninsured, are not registered in the name of the Fund, and are held by a counterparty or the counterparty's trust department but not in the name of the Fund. The investment policy requires that all deposits be invested in a fully collateralized interest-bearing account. Policy also provides that investment collateral be held by a third-party custodian with whom the Fund has a current custodial agreement in the Fund's name.

See Independent Auditors' Report.

(2) CASH AND INVESTMENTS, CONTINUED

Concentration of Credit Risk

The Fund limits its exposure to concentrations of credit risk through its investment policy and asset allocation policy. Within asset classes, individual securities are limited to not more than 6% of the investment manager's portfolio; however, securities of one issuer could be represented in more than one asset class. No investments in any one organization, excluding those guaranteed by the U.S. government, represent 5% or more of the Fund's net assets at June 30, 2012 or 2011.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Mortgage-backed securities are highly sensitive to interest rate changes. The investment policy manages interest rate risk by limiting the effective duration of an actively managed fixed-income portfolio. As shown below as of June 30, effective duration was not to exceed 7 years, excluding U.S. government guaranteed securities:

	<u>2012</u>		<u>2011</u>	
	<u>Fair Value</u>	<u>Effective</u>	<u>Fair Value</u>	<u>Effective</u>
	<u>(000's omitted)</u>	<u>Years</u>	<u>(000's omitted)</u>	<u>Years</u>

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The investment policy limits foreign equity investments to a maximum of 21% and 23% of total net assets as of June 30, 2012 and 2011, respectively. Foreign securities of the Fund at June 30, 2012 and 2011, were held in a commingled fund, the Artio International Equity Fund, LLC. The commingled fund invests in international equity securities. The commingled fund's allocation of investment by country is as follows:

<u>Country</u>	<u>Percent of Investment</u>	
	<u>2012</u>	<u>2011</u>
Australia	0.48%	2.41%
Austria	0.00%	1.22%

Opportunistic Bond Portfolio

The Opportunistic Bond Portfolio is comprised of three mutual funds, which invest primarily in high yield lower credit rated bonds. General information on the three mutual funds as of June 30 is as follows:

2012

- a) Artio Global High Income Fund—Invests primarily in the United States of America and Canada, in corporate bonds and loans. The credit ratings of the securities invested in were approximately 55% B and 19% BB. The durations for the securities are generally from 1 to 10 years, with 20% being less than 1 year and 38% being 3–5 years.
- b) Loomis Sayles Institutional High Income Fund—Invests principally in the United States of America and Canada in high yield credit and convertible debt. The credit ratings of the securities invested in by the fund were approximately 77% B or higher. The range of duration of the securities was 8% being less than a year, 24% being 3–5 years, and 22% being 10 or more years.
- c) Principal High Yield Institutional Fund—Invests primarily in the United States of America (65% at June 30, 2012) and in high yield corporate bonds. Approximately 77% of the investments of the fund at June 30, 2012, were rated B or higher with approximately 17% below B and 6% not rated. The average duration for the investments was approximately 3.7 years.

2011

- a) Artio Global High Income Fund—Invests primarily in the United States of America and Canada, in corporate bonds and loans. The credit ratings of the securities invested in were approximately 54% B and 17% BB. The durations for the securities are generally from 1 to 10 years, with 33% being less than 1 year and 38% being 3–5 years.
- b) Loomis Sayles Institutional High Income Fund—Invests principally in the United States of America and Canada in high yield credit and convertible debt. The credit ratings of the securities invested in by the fund were approximately 76% B or higher. The range of duration of the securities was 4% being less than a year, 26% being 10 or more years, and 24% being 5–7 years.
- c) Principal High Yield Institutional Fund—Invests primarily in the United States of America (74% at June 30, 2011) and in high yield corporate bonds. Approximately 74% of the investments of the fund at June 30, 2011, were rated B or higher with approximately 1% below B and 7% not rated. The average duration for the investments was approximately 4 years.

(3) CAPITAL ASSETS

The following is a summary of changes in capital assets:

	Balance at <u>June 30, 2011</u>	<u>Additions</u>	<u>Disposals</u>	Balance at <u>June 30, 2012</u>
Depreciable capital assets:				
Office equipment and furnishings	\$ 3,686	614	-	4,300
Accumulated depreciation:				
Office equipment and furnishings	<u>(2,129)</u>	<u>(998)</u>	<u>-</u>	<u>(3,127)</u>
Net capital assets	<u>\$ 1,557</u>	<u>(384)</u>	<u>-</u>	<u>1,173</u>
	Balance at <u>June 30, 2010</u>	<u>Additions</u>	<u>Disposals</u>	Balance at <u>June 30, 2011</u>
Depreciable capital assets:				
Office equipment and furnishings	\$ 3,686	-	-	3,686
Accumulated depreciation:				
Office equipment and furnishings	<u>(1,207)</u>	<u>(922)</u>	<u>-</u>	<u>(2,129)</u>
Net capital assets	<u>\$ 2,479</u>	<u>(922)</u>	<u>-</u>	<u>1,557</u>

(4) NET ASSETS AND FUND BALANCES

Net Assets

The statements of net assets reflect the following types of net assets:

- *Invested in capital assets*—Represents the net investment in capital assets.
- *Unrestricted*—Represents the remaining net assets.

In the previous year's financial statements, there was an amount reflected as restricted for investment purposes. However, the restriction was not imposed by creditors, grantors, contributors, or laws or regulations of other governments, nor was it imposed by law through constitutional provisions or enabling legislation. As such, previous restricted net assets were reclassified and shown as unrestricted net assets.

See Independent Auditors' Report.

EDGE FUND
ECONOMIC DEVELOPMENT GENERATING EXCELLENCE

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(4) NET ASSETS AND FUND BALANCES, CONTINUED

Fund Balances

Fund balance refers to the difference between assets and liabilities in the balance sheets—general fund. Fund balance, as defined in GASB 54, as applicable to the Fund, consists of the following two categories:

- **Committed Fund Balance:** The committed fund balance classification includes amounts that have a constraint on use imposed by the highest level of decision-making authority. The constraint can only be removed by taking the same action that created the constraint.

As of June 30, 2012, all of the fund balances were shown as committed as all assets of the Fund were committed to be transferred to other state agencies in accordance with the Bill.

As of June 30, 2011, the committed fund balances were amounts that were considered to be held for investment purposes by the Board of Investors. The amounts committed for investment purposes were primarily composed of state appropriations, the net appreciation (depreciation) in the fair value of invested funds, and net investment earnings, less earnings certified by the Board of Investors.

- **Unassigned Fund Balance:** The unassigned fund balance essentially consists of excess funds that have not been classified in the above fund balance category.

As of June 30, 2012, no unassigned fund balances were reported as all of the assets of the Fund were committed to other state agencies in accordance with the Bill.

As of June 30, 2011, the unassigned fund balance consisted of annual earnings that were certified by the Board of Investors as available for expenditures of approved programs and operations, less program and operational expenses.

See Independent Auditors' Report.

ECONOMIC DEVELOPMENT GENERATING EXCELLENCE

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(5) OPERATING EXPENSES

State statutes provided for the payment of authorized administrative expenses of the Office of the State Treasurer. State statutes specified that the State Treasurer shall provide any necessary staff support to the Board of Investors and may request funding for the cost of up to two full-time equivalent employees. Such costs were previously determined by the EDGE Fund Policy Board.

(6) SENATE BILL NO. 1969

On May 25, 2012, Senate Bill No. 1969 (the “Bill”) was passed with an effective date of August 23, 2012. The Bill abolished the Board of Investors and transferred its powers and duties to the State Treasurer. The Bill requires the transfer of certain assets of the Fund to other state agencies and repeals Section 52 of Title 62 which originally established the EDGE Fund Policy Board. Disposition of the assets has not yet been determined; however, the Treasurer is diligently coordinating a prudent and timely transfer with the recipients. In anticipation of the transfer, Fund ceased purchasing new investments on July 1, 2012.

The recipients of the Fund’s assets will be:

- The State Regents of Higher Education (the “Regents”), as Trustee of the Oklahoma State Regents Endowment Trust Fund.
- The Oklahoma State Treasurer (the “Treasurer”), as Trustee of the EDGE Fund.
- The Governor, as Trustee of the Quick Action Closing Fund (the “Closing Fund”).

While the exact amount of the transfers has not been determined, the transfers will be as follows:

- The Closing Fund is expected to receive all remaining unspent and unencumbered interest and proceeds of the Fund earned through June 30, 2012.
- The Treasurer is expected to receive sufficient monies to administer all remaining encumbrances of the Fund. The largest of which will be to satisfy the current contract commitments of the Fund.
- The Regents are expected to receive the remainder of the Fund assets.

See Independent Auditors’ Report.

EDGE FUND
ECONOMIC DEVELOPMENT GENERATING EXCELLENCE

NOTES TO FINANCIAL STATEMENTS, CONTINUED

(7) COMMITMENTS AND CONTINGENCIES

Contracts

The Fund had entered into various contracts to assist in its program operations prior to May 25, 2012. The contracts are generally for a commitment of 2 years with options to renew. The following is a summary of all current contracts as of June 30, 2012:

<u>Number of Current Contracts</u>	<u>Total Amount Awarded</u>	<u>Unfunded Commitment at June 30, 2012</u>
<u>13</u>	<u>\$ 15,274,198</u>	<u>9,644,658</u>

In accordance with the Bill, funding commitments for the current contracts as of June 30, 2012, will be met in accordance with the contracts through the contracts' respective expiration dates. The unfunded commitments for the contracts expire in dates ranging from June 30, 2012, through December 31, 2013. Each contract contains a provision which provides the contractor up to 90 days after the end of the contract date to use any remaining funds.

(8) SUBSEQUENT EVENTS

Comingled Foreign Securities

Due to poor performance, the Board of Investors voted to terminate the International Equity Manager on December 7, 2011. A search for a replacement was near completion when the Bill passed. The account was terminated and a total of \$24,735,106 was received into an OK INVEST account in July 2012. A transaction charge of \$37,017 was assessed to the account upon termination.

See Independent Auditors' Report.

Oklahoma State Treasurer
EDGE Fund

We have audited the financial statements of the governmental activities and the general fund of the EDGE Fund [Economic Development Generating Excellence] (the "Fund") as of and for the year ended June 30, 2012, which collectively comprise the Fund's basic financial statements, and have issued our report thereon dated September 4, 2012. The Fund is a part of the reporting entity of the State of Oklahoma. Our report includes an explanatory paragraph to emphasize the fact that the financial statements included only that portion of the State of Oklahoma that was attributable to the transactions of the Fund and an explanatory paragraph disclaiming an opinion on required supplementary information. Our report also includes an explanatory paragraph which described the effect of Senate Bill No. 1969 on the Fund. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Fund is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Fund's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Fund's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS, CONTINUED**

Internal Control Over Financial Reporting, Continued

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the management of the Fund, the Oklahoma State Treasurer's Office, and the State of Oklahoma Office of the Auditor and Inspector and is not intended to be and should not be used by anyone other than these specified parties.
