CHOCTAW COUNTY RURAL WATER, SEWER, GAS AND SOLID WASTE  
MANAGEMENT DISTRICT NO. 3  
NOTES TO FINANCIAL STATEMENTS  
JULY 31, 2013

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Choctaw County Rural Water, Sewer, Gas and Solid Waste Management District No. 3 (the "District") was created under the provisions of Title 82, Oklahoma Statutes, Sections 1324.1-1324.26 inclusive, for the purpose of providing water to the members of the District it serves. Membership in the water district consists of water users who have paid the required membership and connection fees.

Enterprise Fund Accounting

The accompanying financial statements reflect the District's financial condition, results of operations and cash flows within the framework of "enterprise fund" accounting. As defined, enterprise funds are established to account for the financing of self supporting activities of governmental units which render services on a user charge basis to the general public.

Basis of Accounting

The accrual basis of accounting is followed for all accounts. Revenues are recorded when earned and expenses are recognized when incurred. This policy is in accordance with generally accepted accounting principles.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Financial Position

Cash and Cash Equivalents

Cash is comprised of deposits in demand accounts and highly liquid investments with an original maturity of three months or less. At July 31, 2013, all deposits were fully insured by FDIC.

CHOCTAW COUNTY RURAL WATER, SEWER, GAS AND SOLID WASTE  
MANAGEMENT DISTRICT NO. 3  
NOTES TO FINANCIAL STATEMENTS  
JULY 31, 2013

Capital Assets

Capital assets are valued at cost, and depreciation is computed using the straight-line method. The estimated useful life of these assets is range from 5 to 40 years. Included in these assets are the leases, rights and organizations expenses of the District, which are being amortized over a 40 year period.

Capitalization Policy

The District does not have a specific capitalization threshold. Capitalization is determined on a case by case basis for items that increase the capacity or operation efficiency or extend the useful life of any asset. Repairs and maintenance are expensed as incurred.

Allowance for Doubtful Accounts

The Allowance for Doubtful Accounts is computed as 5% of Accounts Receivable.

Inventory

The District does not include an inventory amount in its financial statements. All items purchased for inventory are expensed immediately.

Long-Term Debt

Long-term debt is reported at face value, net of applicable discounts and deferred loss on refunding. Costs related to the issuance of debt are deferred and amortized over the lives of various debt issues.

Equity Classification

Equity is classified as net position and displayed in three components:

1. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or

CHOCTAW COUNTY RURAL WATER, SEWER, GAS AND SOLID WASTE  
MANAGEMENT DISTRICT NO. 3  
NOTES TO FINANCIAL STATEMENTS  
JULY 31, 2013

improvements of those assets and adjusted for any deferred inflows and outflows of resources attributable to capital assets and related debt.

2. Restricted – Consists of restricted assets reduced by liabilities and deferred inflows or resources related to those assets, with restriction constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted - Net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

It is the District's policy to first use restricted net resources prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available.

Revenues, expenditures & expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

Income Tax

As a political subdivision of the State of Oklahoma, the District is exempt from income taxes.

Memorandum Totals

The "memorandum only" captions above the total columns mean that totals are presented for overview information purposes only.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

As a local government unit, the District is subject to various federal, state, and local laws and contractual regulations. In accordance with Government Auditing Standards, the auditor has issued a report on his consideration of the District's internal control over

MANAGEMENT DISTRICT NO. 3

financial reporting and tested its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in compliance with Government Auditing Standards and should be read in conjunction with this report in considering the results of the audit.

Finance-related Legal & Contractual Provisions

The reserve requirement for the USDA Note Payable is \$6,972, which the District has set aside in a restricted investment (Edward Jones) account.

Deficit Fund Balance or Retained Earnings

As indicated in the financial statements, there are no fund balance or retained earnings deficits for the District for this fiscal year.

NOTE 3 - CASH AND INVESTMENTS

Custodial Credit Risk

At July 31, 2013, the District held deposits of approximately \$34,756 at financial institutions. The District's cash deposits, including interest-bearing certificates of deposit are covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the District or by its agent in the District's name.

Investment Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk

The District has no policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.

- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a.-d.).

NOTE 4 - RESTRICTED ASSETS

The loan agreement with the United States Department of Agriculture Rural Development (USDA) requires the District to set aside into a Reserve Account an accumulated amount equal to the sum of the annual installment (\$6,972), after which deposits may be suspended, except to replace withdrawals. The District cannot withdraw funds from the reserve account without USDA approval. As of July 31, 2013, the District was required to have at least \$6,972.00 set aside in the reserve account; as of that date the account balance for the reserve account was \$7,479.76, which complies with the covenants of the loan agreement.

Any liability of reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

In planning and performing our audit, we considered the Choctaw County Rural Water, Sewer, Gas and Solid Waste Management District No. 3's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Choctaw County Rural Water, Sewer, Gas and Solid Waste Management District No. 3's internal control. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Choctaw County Rural Water, Sewer, Gas and Solid Waste Management District No. 3's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

## Purpose of this Report

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
