INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Pontotoc County Public Facilities Authority

We have audited the accompanying financial statements of the governmental activities and each major fund of the Pontotoc County Public Facilities Authority, a component unit of Pontotoc County, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Pontotoc County Public Facilities Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Pontotoc County Public Facilities Authority as of June 30, 2014, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 17, 2015 on our consideration of the Pontotoc County Public Facilities Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Pontotoc County Public Facilities Authority's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

Our discussion and analysis of the financial performance of Pontotoc County Public Facilities Authority, a component unit of Pontotoc County, Oklahoma, provides an overview of the Authority's activities from July 1, 2013 through June 30, 2014. Please read it in conjunction with the Authority's financial statements, which begin on page 8.

FINANCIAL HIGHLIGHTS

- The Authority's net position for the period was \$13,480,313.
- Sales tax receipts in the amount of \$3,465,735 accounted for approximately 99.9% of total revenues.
- All construction and renovation projects have now been completed.

USING THIS ANNUAL REPORT

This report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 8 and 9) provide information about the activities of the Authority as a whole and present a longer-term view of the Authority's finances. Fund financial statements start on page 10. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Authority's operations in more detail than the government-wide statements by providing information about the Authority's significant funds.

Reporting the Authority as a Whole

The Statement of Net Position and the Statement of Activities report information about the Authority as a whole and about its activities in a way that helps the user determine whether the Authority is better off or worse off as a result of the year's activities. These statements include all assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

These two statements report the Authority's *net position* and changes in them. You can think of the Authority's net position – the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources – as one way to measure its financial health, or *financial position*. Over time, *increases* and *decreases* in the Authority's net position are one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in economic conditions that effect sales tax collection, federal and state environmental regulations, and current or proposed plans for expansion.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

Reporting on Significant Funds

The Authority provides only governmental-type activities and has only one fund which is funded by a sales tax designated for debt service on long-term debt used to construct a new county detention facility and renovate the county court house and to provide for operations and maintenance of the new facility.

Fund financial statements begin on page 10. As more fully described in the accompanying notes, governmental funds are reported using an accounting method called "modified accrual" accounting, which measures cash and all other "financial" assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Authority's operations. This fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Authority's operations. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and the governmental funds is presented in a reconciliation at the bottom of the fund financial statements (pages 11 and 13).

THE AUTHORITY AS A WHOLE

Net position of the Authority increased by \$2,007,939 over the prior year. This \$106,942 increase over the prior year net increase resulted because prior year financial statements reflected a \$590,083 transfer of Use Tax receipts back to the county. No use tax receipts were remitted to the Authority in the current fiscal year. The analysis below focuses on net position and changes in net position of the Authority.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets:

At June 30, 2014, the Authority had a net investment in land, buildings, and construction costs related to the new detention facility and courthouse renovations of \$17,981,526. (See Table 3).

Total	<u>\$ 17,981,526</u>	<u>\$ 17,021,198</u>

This year's major additions consisted of \$60,258 of capital costs related to renovation of the County Courthouse and County office spaces

Debt:

At year end, the Authority had \$9.7 million in notes outstanding, a decrease of 6%. (See Table 4). Sales tax collections have been sufficient to enable the Authority to make a one-time \$4 million prepayment on its outstanding debt in 2012.

Sales Tax Revenue Notes	<u>\$ 9,738,789</u>	<u>\$ 10,463,797</u>

ECONOMIC FACTORS AND NEXT YEAR'S PLANS

Sales tax collections, the Authority's primary source of funding, equaled \$3,465,735 for the period, an increase of \$192,473 over 2013. Sales tax collections are sensitive to overall economic conditions and receipts may vary from year-to-year. Management is of the opinion that future collections will be more than adequate to meet debt service requirements on the note and fund operating and maintenance on the detention Facility.

For the Year Ended June 30, 2014

Net change in fund balance - total governmental funds	\$ 1,635,051
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the net amount that capital outlays (\$60,258) exceeded depreciation expense (\$418,060) in the current year.	(357,802)
Governmental funds report long-term debt payments as expenditures. In the statement of activities, principal payments are reported on the statement of net position as a reduction of long-term debt. This amount represents the amount of current year debt principal payments.	725,008
Governmental funds do not record accrued interest related to long-term debt as this expense is recorded at the time of payment. In GAAP financial statements, accrued interest is considered to be a liability at June 30, 2014 and is recorded as such. This amount represents the difference in actual interest paid and interest owed.	<u>5,682</u>

The purpose of the Authority is to assist the Beneficiary, the State of Oklahoma, governmental agencies, municipalities and private entities, agencies and citizens in making the most efficient use of all of their economic resources and powers in accordance with the needs and benefit of the State of Oklahoma and the Beneficiary in order to lessen the burdens on government and to stimulate economic growth and development. NOTES TO THE FINANCIAL STATEMENTS

June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

The Authority's current year financial statements are prepared in accordance with accounting principles (GAAP) generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the Authority are discussed below. The financial statements also include a Management's Discussion and Analysis (MD&A) section providing an analysis of the Authority's overall financial position and results of operations.

B. Basic Financial Statements

The Authority's basic financial statements include both government-wide (reporting the Authority as a whole) and fund financial statements (reporting the Authority's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The Authority has no business-type activities and all funds are classified as governmental.

Government-Wide Financial Statements – The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activity of the Authority.

The statement of activities demonstrates the degree to which the expenses are offset by program revenues. Program revenues include 1) charges to customers who purchase, use or directly benefit from goods, services, or privileges provided, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of the Authority. Other items not properly included among program revenues (i.e. the County's dedicated sales tax) are reported as general revenues.

Fund Financial Statements – Fund financial statements are designed to present financial information of a government at a more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. The Authority does not have any non-major funds.

The following is the Authority's major governmental fund:

General Fund – The General Fund is the general operating fund of the Authority, and the only fund maintained by the Authority. It accounts for all financial resources of the Authority. Major revenue sources include the funds collected from the sales tax revenue. Expenditures include all costs associated with the daily operations of the Authority and capital projects, except for any debt service on long-term debt. The Authority does not operate under a legally adopted budget

NOTES TO THE FINANCIAL STATEMENTS

June 30, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

C. Measurement Focus, Basis of Accounting and Basis of Presentation

- (1) *Accrual* - The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.
- (2) *Modified Accrual* - Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Interest and sales tax collections associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues in the current fiscal period.

D. Financial Statement Amounts

1. Cash and Cash Equivalents - The Authority considers cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agent. Restricted cash amounts consist of proceeds from long-term debt issues which are restricted for debt service and construction costs. Restricted cash amounts are held in money market accounts held by the Authority's paying agent.
2. Receivables - All receivables consist of sales tax collections and dividends and are considered to be fully collectible.

The Authority is funded through a dedicated eleven-sixteenths of one-percent (.6875 of one cent) sales tax approved by the people of Pontotoc County on December 12, 2007. A portion of this tax, nine-sixteenths (.05625 of one cent) is scheduled to terminate after a term of twenty (20) years from date of commencement, or after all indebtedness incurred by the Authority on behalf of the county has been paid in full, whichever occurs earlier. The remaining portion of the sales tax, one-eighth (0.125) of one cent, is to continue until repealed by a majority of the electors in Pontotoc County. Proceeds from the collections of this tax are to be used first to service the debts described in Note 4. INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees
Pontotoc County Public Facilities Authority

We have audited the financial statements of the governmental activities and each major fund of Pontotoc County Public Facilities Authority as of and for the year ended June 30, 2014, which collectively comprise Pontotoc County Public Facilities Authority's basic financial statements and have issued our report thereon dated June 17, 2015. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Pontotoc County Public Facilities Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Pontotoc County Public Facilities Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Pontotoc County Public Facilities Authority's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Pontotoc County Public Facilities Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance with applicable provisions of laws, regulations, contracts, and grant agreements and the results of our testing, and to provide an opinion on Pontotoc County Public Facilities Authority's compliance but not to provide an opinion on the effectiveness of Pontotoc County Public Facilities Authority's internal control over compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Pontotoc County Public Facilities Authority's compliance and its internal control over compliance. Accordingly, this report is not suitable for any other purpose.
