INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Garfield County Industrial Authority

We have audited the accompanying financial statements of the Garfield County Industrial Authority, a component unit of Garfield County, Oklahoma, which comprise the statement of net position as of and for the years ended June 30, 2014 and 2013, and the related statements of revenues, expenses and changes in fund net position and cash flows for the years then ended, and the related notes to the financial statements, which collectively comprise the Garfield County Industrial Authority, a component unit of Garfield County, Oklahoma's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Garfield County Industrial Authority, a component unit of Garfield County, Oklahoma, as of June 30, 2014 and June 30, 2013, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 10, 2014 on our consideration of the Garfield County Industrial Authority, a component unit of Garfield County, Oklahoma's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Garfield County Industrial Authority, a component unit of Garfield County, Oklahoma's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2014 and 2013

UNAUDITED

Garfield County Industrial Authority's (the Authority) discussion and analysis is designed to provide an objective and easy to read analysis of the Authority's financial activities for the years ended June 30, 2014 and 2013. The information presented is based on currently known facts, decisions, and conditions. Specifically, this section is designed to assist the reader in focusing on significant financial issues, provide an overview of the Authority's financial activity, identify changes in the Authority's financial position (its ability to address the next and subsequent year's challenges), and identify issues or concerns.

As with other sections of this financial report, the information contained within this MD&A should be considered only a part of a greater whole. The reader of this statement should take time to read and evaluate all sections of the report, including the notes that are provided in addition to the MD&A.

FINANCIAL HIGHLIGHTS

- The Authority sold two parcels of land equaling approximately 35.11 acres and received \$205,800 for these properties.
- Declining interest rates resulted in a \$51,781 reduction in interest collections and payments on the outstanding bonds.
- Current year revenues exceeded expenses by \$115,475. This was primarily due to the sale of property noted above.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Fund Net Position (pages 7 and 8) provide information about the Authority's activities and include all assets and liabilities of the Authority.

These two statements report the Authority's net position and changes in it. You can think of the Authority's net position – the difference between assets and liabilities – as one way to measure the Authority's financial health. Over time, increases or decreases in the Authority's net position are one indicator of whether its financial health is improving or deteriorating.

THE AUTHORITY'S FUNDS

The Authority has only one fund which is a proprietary fund.

Proprietary Fund Financial Statements – Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2014 and 2013

UNAUDITED

THE AUTHORITY'S FUNDS, CONTINUTED

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows, liabilities, and deferred inflows (whether current or noncurrent), are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating Expenses are those expenses that are essential to the primary operation of the fund. All other expenses are reported as non-operating expenses.

NET POSITION

The Authority's net position increased from \$425,064 to \$540,539. (See Table 1)

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2014 and 2013

UNAUDITED

CHANGES IN NET POSITION

The Authority's operating revenues decreased by 36% (\$68,345) due to decrease in interest collections related to bonds payable and termination of lease with Global Pipeline Construction, LLC. The total costs decreased 31% (\$56,547) due primarily to decrease in interest and costs related to bonds payable. Total non-operating revenue/(expense) increased \$115,656. This significant increase is due to the gain realized on the sale of real property.

TABLE 2 - CHANGES IN NET POSITION

UNAUDITED

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of June 30, 2014, the Authority had \$163,489 invested in capital assets, which consisted of land.

	Business Typ	Business Type Activities		
	2014	2013		
Property	163,489	255,744		
Total	\$ <u>163,489</u>	\$ <u>255,744</u>		

There were no major additions in the current fiscal year.

Additional information about the Authority's capital assets is presented in Note 1 of the financial statements.

Debt

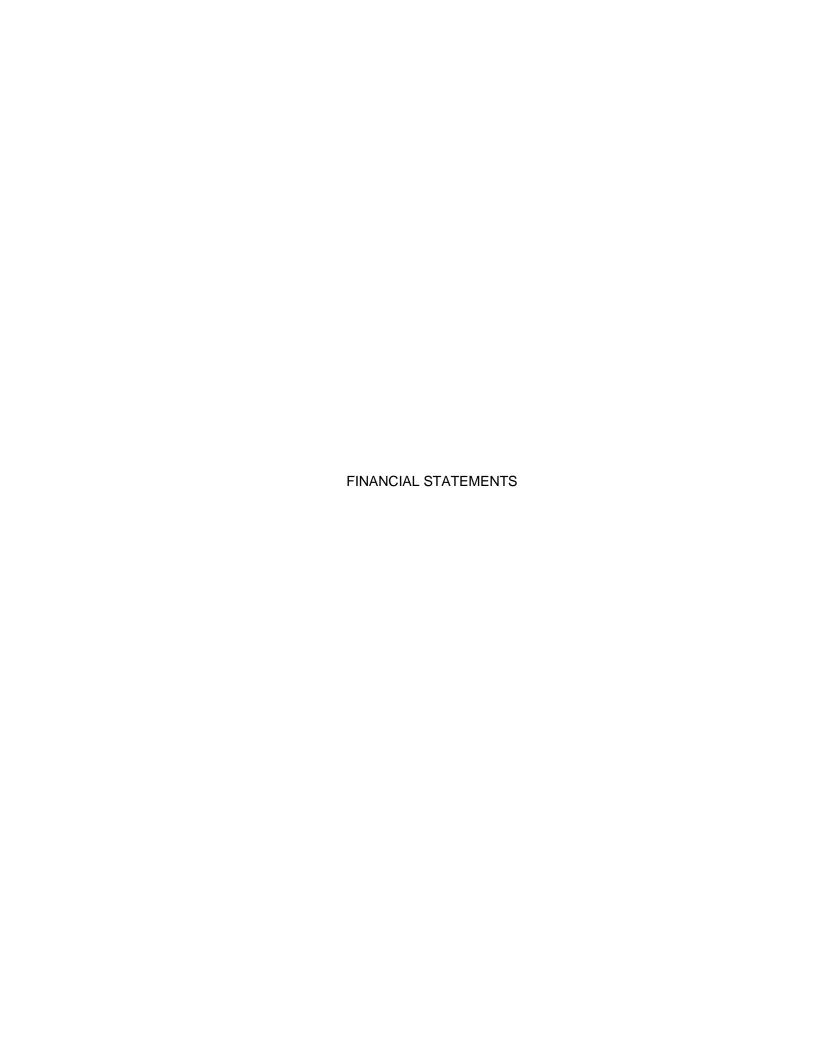

At year-end, the Authority had \$47,000,000 outstanding in revenue refunding bonds. All principal on these bonds is due January 1, 2025. Detailed information related to these bonds is included in Note 6 to the financial statements.

ECONOMIC FACTORS

Management is in the process of finalizing sales agreements for certain parcels of real property owned by the Authority. It is anticipated that these agreements will be finalized in the upcoming year. Management is also in the process of studying a proposal by OG&E for issuance of additional bond indebtedness to assist OG&E in meeting new EPA regulations. Management will continue in its efforts to promote economic development in and around the Garfield County area.

CONTACTING THE AUTHORITY'S MANAGEMENT

This financial report is designed to provide readers with a general overview of the Authority's finances and to show the Authority's accountability for the money it receives. If you have questions about this report, or need additional financial information, contact Jerry Schmidt, Chairman of the Trust, at P.O. Box 1272, Enid, OK 73702.

NOTES TO FINANCIAL STATEMENTS

For the Years Ended June 30, 2014 and 2013

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Organization</u> – The Garfield County Industrial Authority (the Authority), a component unit of Garfield County, Oklahoma was created as a public trust under applicable Oklahoma statutes on April 29, 1969, with Garfield County, Oklahoma named as the beneficiary thereof.

The Authority provides capital financing to industrial concerns located in and around the county of Garfield, Oklahoma for the purpose of purchasing or constructing facilities.

Capital for these activities is obtained through the issuance of bonds and by arranging additional financing through third party creditors. Bonds issued, and other capital raised, are collateralized by the assets acquired or constructed with the proceeds of such issues.

<u>Proprietary Funds</u> – The Authority operates as a proprietary fund and measurement is upon determination of operating income and changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector.

Proprietary funds distinguish revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

<u>Fund Accounting</u> – In order to insure observance of restrictions placed on the use of resources available to the Authority, the accounts of the Authority are maintained in accordance with the principles of fund accounting. The assets, liabilities, fund equity, revenues and expenses of the Authority are accounted for in two self-balancing funds which are combined for financial reporting purposes as follows:

Operating Fund includes unrestricted resources available for the support of the Authority's operations.

Bond and Debt Service Fund accumulates funds for the retirement of debt owed by the Authority.

Proprietary Fund Net Position – Proprietary fund net position is divided into three components:

- Net investment in capital assets consists of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets.
- Restricted net position consists of assets that are restricted by the Authority's creditors (for example, through debt covenants), by state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.
- Unrestricted all other net position is reported in this category.

<u>Basis of Accounting</u> – The Authority consists of proprietary type (enterprise) funds and uses the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when the related liability is incurred.

NOTES TO FINANCIAL STATEMENTS

For the Years Ended June 30, 2014 and 2013

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

<u>Property Held for Resale</u> – Property held for resale is stated at the lower of cost or estimated net receivable value. The Authority purchased land to resell to prospective businesses in an effort to stimulate and enhance the economic growth and development of the County of Garfield, Oklahoma.

<u>Investments</u> – Investments are carried at fair value. Investment income, gains and losses are reflected in the statement of revenues, expenses and changes in net position.

The Authority includes investment income, realized gains and losses and unrealized gains and losses in non-operating income and expenses

<u>Use of Estimates</u> – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

<u>Use of Restricted Resources</u> – When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the Authority's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

NOTE 2: CASH AND CASH EQUIVALENTS

The Authority considers all liquid investments with original maturities of three months or less to be cash equivalents. At June 30, 2014 and 2013, all of the Authority's deposits, which had a bank and carrying value of \$233,816 and \$21,715 respectively, were held in the trust department at a local bank. These deposits were in the form of money market funds.

NOTE 3: INVESTMENTS

The Authority's investment policy permits investment of funds in the following investments and investment conduits upon approval of two-thirds (2/3) of the Board of Trustees:

- 1. U. S. Treasury Obligations
- 2. Equities listed on the NYSE, AMEX, and NASDAQ
- 3. Mutual Funds rated 3 stars and above by Morningstar Rating Service and reviewed annually
- 4. Money Managers meeting certain specified qualification standards set by the Authority

The Authority's Budget/Investment Committee or Advisor are not currently authorized to purchase individual stocks outside a Mutual Fund or Money Manager.

NOTES TO FINANCIAL STATEMENTS

For the Years Ended June 30, 2014 and 2013

NOTE 3: INVESTMENTS, CONTINUED

<u>Custodial Credit Risk</u> – Custodial credit risk for investments is the risk that, in the event of failure of the counterparty, the Authority will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. The Authority manages custodial risk by only investing funds with well known, reputable financial institutions and limiting investments in any single financial institution to amounts which are covered by FDIC insurance, where applicable.

<u>Interest Rate Risk</u> – The Authority manages its exposure to declines in fair value by diversifying its investments to include a variety of debt and equity securities which are managed by an experienced financial manager.

<u>Concentrations</u> – It is the Authority's policy to maintain a diversified portfolio to minimize the risk of loss resulting from over concentration of assets in a specific maturity.

At June 30, the Authority had the following investments:

	<u>2014</u>	<u> 2013</u>
Certificate of Deposit	\$ 50,000	\$ 50,000
Mutual Funds	23,212	25,795
Bond Funds	68,922	68,810
Total	\$ <u>142,134</u>	\$ <u>144,605</u>

Realized Gains and Losses – During 2014 and 2013, the Authority realized a net gain of \$112,816 and \$1,518 respectively, from the sale of investments. The calculation of realized gains is independent of the calculation of the net increase in the fair value of investments. Realized gains and losses on investments that had been held in more than one fiscal year and sold in the current year may have been recognized as an increase or decrease in the fair value of investments reported in the prior year. The net increase (decrease) in the fair value of investments during 2014 was \$3,915, and equaled \$(684) in 2013. This amount takes into account all changes in fair value (including purchases and sales) that occurred since acquisition of the investments.

NOTE 4: NOTES RECEIVABLE

Notes in the amount of \$47,000,000 are receivable from OG&E in consideration of the lease agreement between the Authority and OG&E, dated January 15, 1995. See Note 6.

NOTE 5: FAIR VALUE MEASUREMENTS

The Authority has adopted provisions of FASB ASC 820-10 (formerly Statement of Financial Accounting Standards No. 157, *Fair Value Measurements*), which provides a framework for measuring fair value under GAAP. FASB ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820-10 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. FASB ASC 820-10 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

NOTES TO FINANCIAL STATEMENTS

For the Years Ended June 30, 2014 and 2013

NOTE 5: FAIR VALUE MEASUREMENTS, CONTINUED

This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable inputs and have the lowest priority. The Authority uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Authority measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs were not available.

Assets itemized below were measured at fair value during the years ended June 30, 2014 and 2013 using the market approach. The market approach was used for Level 1 assets. No Level 2 or Level 3 assets were used by the Authority.

Fair value measurements at reporting date using:

June 30, 2014	<u>Fair Value</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)
Certificate of Deposit	\$ 50,000	\$ 50,000
Mutual Funds	223,212	223,212
Bond Funds	<u>68,922</u>	<u>68,922</u>
Total	\$ <u>342,134</u>	\$ <u>342,134</u>
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
<u>June 30, 2013</u>		
Certificate of Deposit	\$ 50,000	\$ 50,000
Mutual Funds	25,795	25,795
Bond Funds	68,810	68,810
	\$ 144,605	\$ 144,605

<u>Level 1 Fair Value Measurements</u> – The fair values of mutual funds and bond funds are available based on quoted market prices, when available.

Gains and losses (realized and unrealized) included in net income for the year ended June 30, 2014 and 2013 are reported in the fair value of investments.

NOTE 6: REVENUE REFUNDING BONDS

On December 6, 1977, the Authority issued and sold the 1977 Series A Pollution Control Revenue Bonds for \$47,000,000 for the purpose of paying the cost of constructing, acquiring and installing certain pollution control facilities for use by OG&E in connection with the Sooner Generating Station. The 1995 Series A Revenue Refunding bonds were issued to provide a means of refinancing the prior bonds.

NOTES TO FINANCIAL STATEMENTS

For the Years Ended June 30, 2014 and 2013

NOTE 6: REVENUE REFUNDING BONDS, CONTINUED

On January 15, 1995, the Authority and OG&E entered into a Leasehold Purchase Contract where the Authority purchased a leasehold interest in the facility. The purchase price being the proceeds and earnings on the outstanding bonds. The Authority and OG&E then entered into a capital lease contract where OG&E leased the facility from the Authority for rental payments sufficient to pay the principal and interest on the outstanding bonds. OG&E also guaranteed the payoff of the outstanding bonds at maturity. The 1995 OG&E revenue refunding bonds are at a variable rate with interest due monthly and remaining interest and principal due at January 1, 2025. Details of the bonds are as follows:

		Bonds F	Payable Payable		
Year Ended:	Beginning <u>Balance</u>	Bonds <u>Issued</u>	Bonds <u>Paid</u>	Ending <u>Balance</u>	
2014	\$ <u>47,000,000</u>	\$ <u> </u>	\$ <u> </u>	\$ <u>47,000,000</u>	
2013	\$ <u>47,000,000</u>	\$ <u> </u>	\$ <u> </u>	\$ <u>47,000,000</u>	

Aggregate annual maturities of long-term debt at June 30, 2014 are as follows:

<u>Maturity</u>	<u>Amount</u>
2014	\$ 0
2015	0
2016	0
2017	0
2018	0
2019 - 2023	0
2024 - 2025	47,000,000
Total	\$ 47.000.000

NOTE 7: SUBSEQUENT EVENTS

Management of the Authority has evaluated subsequent events through September 10, 2014, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees
Garfield County Industrial Authority

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Garfield County Industrial Authority (a non-profit organization), which comprise the statement of net position as of June 30, 2014 and 2013, and the related statements of revenues, expenses and changes in fund net position and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 10, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Garfield County Industrial Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Garfield County Industrial Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Garfield County Industrial Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Garfield County Industrial Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Page 2

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of Garfield County Industrial Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Garfield County Industrial Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
