#### INDEPENDENT AUDITOR'S REPORT

To the City Council City of Atoka, Oklahoma

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Atoka, Oklahoma, as of and for the fiscal year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used, and the reasonableness of significant accounting

estimates made, by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Qualified Opinion

As discussed in Note 1 to the financial statements, the City has not maintained accurate capital asset records to support the historical cost of past capital asset purchases. Accounting principles generally accepted in the United States of America require that capital assets be recorded at historical cost net of accumulated depreciation. Documentation supporting historical cost was not readily available for my review. The amount by which this departure would affect the assets, net position, expenditures/expenses of the Governmental & Business-Type Activities is not readily determinable.

#### Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Atoka, Oklahoma, as of December 31, 2014, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Budgetary Comparison Information be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We

do not express an opinion or provide assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The City of Atoka, Oklahoma has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34. However the City has not presented the Management's Discussion and Analysis required by the Governmental Accounting Standards Board (GASB) that the GASB has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Supplementary and Other Information

The introductory and other supplementary information sections listed in the accompanying table of contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements of the City. Such additional information has not been subjected to the auditing procedures applied in our audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 9, 2015, on our consideration of the City of Atoka, Oklahoma's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in compliance with *Government Auditing Standards* in considering City of Atoka, Oklahoma's internal control over financial reporting and compliance.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Atoka, Oklahoma (City) was incorporated under provisions of Oklahoma Law. The City operates under a Council-Manager form of government and provides the following services as authorized by its charter: public safety (police and fire), highways and streets, sanitation, culture-recreation, public improvements, planning and zoning, and general administrative services. The following is a summary of the more significant policies:

#### A. Financial Reporting Entity:

In evaluating how to define the City, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GAAP. The basic-but not only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility includes, but are not limited to, the selection of governing authority, the designation of management, ability significantly influence to operations accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the City is able to exercise oversight responsibilities.

#### B. Basis of Presentation - Fund Accounting:

The accounts of the City of Atoka are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are summarized by providing a separate set of self-balancing accounts which include its assets, liabilities, fund equity, revenues and expenses or expenditures. The following funds are used by the City:

Government Fund Types:

General Fund:

The General Fund is the general operating fund of the City. All financial resources, except those required to be accounted for in a separate fund, are accounted for in the General Fund.

#### Special Revenue Funds:

These funds are established to account for the proceeds of specific revenue sources other than special assessments, expendable trusts, or major capital projects that are legally restricted to expenditures for specified purposes.

#### Capital Projects Fund:

These funds are established to account for major capital expenditures not financed by Enterprise Funds, Internal Service Funds, or Trust Funds.

#### Proprietary Fund Types:

This type of fund accounts for operations that are organized to be self-supporting through user charges. The funds included in this category are the Enterprise Funds.

Enterprise Funds - Atoka Municipal Authority, Atoka City Industrial Development Authority and Atoka Industrial Facilities Authority:

The enterprise funds are used to account for operations that are operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis are financed or recovered primarily through user charges.

The Atoka Municipal Authority and the Industrial Development Authority are public trusts, the beneficiary of which is the City of Atoka, Oklahoma. The Atoka Municipal Authority and the Industrial Development Authority use the enterprise fund basis of accounting in the preparation of its financial statements. authority prepared its financial statements prior to June 30, 1983 using the governmental fund basis of accounting which in general does not take into account fixed assets, long-term debt and certain other resources and obligations which may mature or be realized in more than one year. Accounts receivable are presented in the financial statements without allowance for Uncollectible accounts are charged directly doubtful accounts. to income based upon management's estimation of the probability of each account's collectibility.

The Atoka Industrial Facilities Authority was created October 10, 1996. Until the 2010 fiscal year, the Authority has had no activity for several years.

#### C. Basis of Accounting

Governmental Funds, Expendable Trust Funds and Agency Funds utilize the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable. Licenses and permits, fines and forfeits, royalties, charges for services and miscellaneous revenues are recorded when earned (when they are measurable and available). Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for debt service, prepaid expenses, and other long-term obligations which are recognized when paid. The City of Atoka does not have any expendable trust funds or agency funds.

All Proprietary Funds, Nonexpendable Trust Funds, and Pension Trust Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred. Interest on revenue bonds, proceeds of which are used in financing the construction of certain assets, is capitalized during the construction period net of interest on the investment of unexpended bond proceeds.

The accounting policies of the City conform to Generally Accepted Accounting Principles (GAAP) as applicable to governmental units. The Proprietary fund applies Financial Account Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict Governmental Accounting Standards Board (GASB) pronouncements in which case, GASB prevails.

#### D. Budgetary Data:

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted for the General, Capital Improvement, and the Atoka Municipal Authority. All annual encumbrances and appropriations lapse at fiscal year end.

#### E. Cash and Investments:

Cash includes amounts in demand deposits. The City considers all cash on hand, demand deposits and highly liquid investments, with an original maturity of three months or less when purchased, to be cash and cash equivalents. City policy has been to invest in obligations of the U.S. Treasury and Certificates of Deposit.

#### F. Short-term Interfund Receivables/Payables:

During the course of operations, transactions occur between individual funds for various reasons. The receivables and payables are classified as "Due From Other Funds" or "Due to Other Funds" on the balance sheet. Short-term loans are classified as "Interfund Receivables/Payables."

#### G. Inventories:

There are no inventories listed on the balance sheet. The amount of inventories is small and is recorded as an expenditure when purchased rather than when consumed.

#### H. Restricted and Reserved Areas:

Certain proceeds from grants, customer deposits, park funds, and bond sinking funds have been set aside for these purposes, and fund balances and resources have been restricted to assure availability for the intended purpose.

#### I. Capital Assets:

The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund and similar discretely presented component unit operations and whether they are reported in the government-wide or fund financial statements. The City has not historically maintained fixed asset records.

#### J. Compensated Absences:

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Vested accumulated vacation leave of proprietary funds is recorded as an expenditure of these funds as the benefits accrue to employees. In accordance with

the provisions of Statement of Accounting Standards No. 43, <u>Accounting for Compensated Absences</u> no liability is recorded for nonvesting accumulating rights to received sick pay benefits.

#### K. Long-Term Obligations:

Long-term liabilities expected to be financed from Proprietary Fund operations are accounted for in that fund (Atoka Municipal Authority and the Industrial Development Authority).

#### L. Net Position/Fund Balance Classifications:

Equity is classified as net position and displayed in three components:

- 1. Net investment in capital assets—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets and adjusted for any deferred inflows and outflows of resources attributable to capital assets and related debt.
- 2. Restricted—Consists of restricted assets reduced by liabilities and deferred inflows or resources related to those assets, with restriction constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
- 3. Unrestricted—Net amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

It is the City's policy to first use restricted net resources prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available.

#### Fund Balance

In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Governmental Fund Type Definitions, the Town classifies governmental fund balances as follows:

- Non-spendable Includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- Restricted Includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- Committed Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end.
- Assigned Includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the Board.
- Unassigned Includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The Town uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the Government would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The Government does not have a formal minimum fund balance policy.

The purposes of each major special revenue fund and revenue source is listed below:

Major Special Revenue Fund Revenue Source

Capital Improvement Fund Sales Tax
Use Tax

Miscellaneous Income

#### M. Interfund Transactions:

Quasi-external transactions are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made

from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund as a reduction of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements are reported as transfers. All interfund transfers are reported as operating transfers. The interfund transactions have not been reconciled, but are considered immaterial.

#### N. Total - Memorandum Only Columns:

Total columns on the general purpose financial statements are captioned "Memorandum Only" to indicate they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither are such data comparable to consolidation. Interfund eliminations have not been made in the aggregation of the data.

#### O. Comparative Data:

These prior year totals have been presented in the accompanying financial statements, in order to provide an understanding of changes in the government's financial position. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

#### NOTE 2 - LEGAL COMPLIANCE - BUDGETS

In November each year, all departments of the government submit requests for appropriations to the budget committee composed of the City Manager and the finance committee of the council. The budget is prepared by fund functions and activity and includes information from the past three (3) years, current year's estimates and requested appropriation for the next fiscal year. In December, the proposed budget is presented to the City Council for review. The City Council holds public hearings and may add to, subtract from or change appropriations, but may not change the form of the budget. Any changes in the budget must be within the revenue and reserves estimated as available and must be changes by an affirmative vote of a majority of the City Council.

Expenditures may not legally exceed budget appropriations at the activity level.

#### NOTE 3 - DEPOSITS AND INVESTMENTS

Custodial Credit Risk

At December 31, 2014, the City held deposits of approximately \$3,600,096 at financial institutions. The City's cash deposits, including interest-bearing certificates of deposit are covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the City or by its agent in the City's name.

Investment Interest Rate Risk

The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk

The City has no policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposits or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers' acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.

f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a.-d.).

#### NOTE 4 - COMMITMENTS AND CONTINGENCIES

Grant Audit: The City receives Federal and State Grants for specific purposes that are subject to review and audit by federal and state agencies. Such audits could result in a request for reimbursement by the grantor for expenditures disallowed under the terms and conditions of the appropriate agency. In the opinion of the City Manager, such disallowance, if any, will not be significant.

The City is subject to various other risks of loss, for which the City has purchased commercial insurance to cover the City's property and liability.

#### NOTE 5 - DEFICIT FROM OPERATIONS AND RETAINED EARNINGS

As a public trust, Atoka Municipal Authority is entitled to receive certain tax funding, Federal Grants and State Grants. Retained earnings from nonoperating sources is the total accumulated nonoperating revenue since the inception of the Authority. Management estimates that the Authority will continue to be supported in part at least by nonoperating revenues.

#### NOTE 6 - BAD DEBTS

Bad debts are recognized quarterly based upon management's estimation of uncollectible accounts as of December 31 of each year. Pertinent City ordinances require that collection efforts be instituted approximately 45 days after billings become past due.

#### NOTE 9 - CHANGE IN FISCAL YEAREND

In accordance with new Oklahoma Statutes, the City and Authorities have elected to change from a fiscal yearend of June 30 to a calendar yearend. This change is reflected in the financial statements.

#### NOTE 10 - OIL AND GAS LEASE

The City entered into three oil and gas leases dated June 15, 2006 with Antero Resources Corporation. The royalties paid by Lessee are (a) an oil and other liquid hydrocarbons, three-sixteenth (3/16) of the produced and saved from said land, the same to be delivered at the wells, or to the credit of Lessor into the pipeline to which the wells may be connected; Lessee may from time to time purchase any royalty oil in its possession, paying the market price therefore prevailing for the field where produced on the date of purchase; (b) on gas and the constituents thereof produced from said land and sold or used off the premises or in the manufacture of products there from, the value at the well of three-sixteenth (3/16) of the gas or product sold or used. On gas sold at the well, the royalty shall be three-sixteenth (3/16) of the net proceeds realized from such sale. All royalties paid on gas will be paid after deducting from such royalty lessor's proportionate amount of all post-production costs, including but not limited to gross production and severance taxes, gathering transportation costs from the wellhead to the point of sale, treating, compression, and processing. On product sold, the royalty shall be three-sixteenth (3/16) of the net proceeds realized from such sale, after deducting from such royalty lessor's proportionate amount of all of the above post-production costs and expenses, if any. shall remain in force for a term of three (3) years from date and so long thereafter as oil or gas, or either of them, is produced from said land by the lessee.

For the fiscal year ending December 31, 2014, payments received for the above referenced oil and gas leases are included in the General Fund's financial statements as Charges for Services.

#### NOTE 12 - GRANT INCOME

The City of Atoka was approved for a REAP grant from SODA (Southern Oklahoma Development Association) in the amount of \$50,000.00 for the Lift Station. As of December 31, 2014, \$50,000.00 has been received and expended.

The City of Atoka was approved for a Community Development Block Grant from ODOC (Oklahoma Department of Commerce) in the amount of \$156,195.00 for the Lift Station. As of December 31, 2014, \$156,195.00 has been received and expended.

The City of Atoka was approved for an Energy Efficiency and Conservation Block Grant from ODOC (Oklahoma Department of Commerce) in the amount of \$25,399.99 for energy efficiency improvements. As of

December 31, 2014, \$25,399.99 has been received and expended all of which was during 2014.

The City of Atoka was approved for a Grant from USDA Rural Development for the Sewer Project in the amount of \$439,000.00. As of December 31, 2014, \$439,000.00 has been received and expended.

#### NOTE 13 - EMPLOYEE RETIREMENT SYSTEM

The City does not have a defined benefit pension plan. However, the City has an arrangement with Ameristate Bank whereby if an individual employee, after 90 days of employment, opens an IRA at the bank and contributes a minimum of 3% of their paycheck, with no limit on the maximum, the City then contributes 5% only. The total contributions for the fiscal year ending December 31, 2014, for employer and employee were \$19,156.63 and \$16,282.68, respectively for a total of \$35,439.31 for Governmental Funds, \$9,926.88 and \$6,573.09, respectively for a total of \$16,499.97 for the AMA and \$1,397.66 and 838.46, respectively for a total of \$2,236.12 for the AIFA. Information regarding this arrangement can be obtained from the City.

#### NOTE 14 - FUND EQUITY

As described in Note 1 above, equity is classified as net position and displayed in three components:

- 1. Net investment in capital assets
- 2. Restricted
- 3. Unrestricted

#### NOTE 15 - INTERFUND TRANSACTIONS

GASB-34 has changed the terminology for interfund transactions. The government must reclassify its interfund transactions at the fund level to comply with the new terminology. For most local governments this will entail the use of Interfund Balance for what used to be the "due to and due from" accounts. "Operating transfers" are now referred to simply as "transfers." "Interfund services provided and used" replaces the term "quasi-external" transactions. "Residual equity transfers" were not very common, but they are now referred to as "transfers."

At the government-wide level, the government should eliminate all interfund transactions, primarily interfund balances, and transfers. Depending on the circumstances, it may be necessary to eliminate these transactions in a two-step process as reporting journal entries. The first step eliminates the intrafund category (e.g., all governmental funds and internal service funds) so that there are no remaining interfund transactions. In the event that there is an interfund transaction remaining with an enterprise fund (or an enterprise fund with a governmental fund), then the second step needs to be performed.

The second step eliminates the interfund categories (e.g., between governmental and enterprise funds) on the face of the government-wide financial statements. The end result is that there are no interfund balances (interfund loans or transfers) remaining in the total column.

The City of Atoka's interfund transactions are still being presented in the pre-GASB 34 format and have not been eliminated from the Government-Wide financial statements. The balances of the "due to and due from" accounts are such that they are considered immaterial to the financial statements. This pre-GASB 34 format is no longer in conformity with U.S. generally accepted accounting principles.

Interfund operating transfers for the year ended December 31, 2014, were as follows:

OPERATING TRANSFERS:	TRANSFERS IN	TRANSFERS OUT

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the City Council City of Atoka, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Atoka, Oklahoma, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the City of Atoka, Oklahoma's basic financial statements, and have issued our report thereon dated June 9, 2015, which was qualified for the improper capital asset recordkeeping. The City of Atoka, Oklahoma has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34, except that the City did not present the required MD&A.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Atoka, Oklahoma's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Atoka, Oklahoma's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Atoka, Oklahoma's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that

is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be significant deficiencies. weaknesses or Given limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Oklahoma's financial statements are free of misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

#### Purpose of this Report

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in the entity's internal control and Accordingly, this communication is not suitable for any other purpose.
