NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Financial Reporting Entity</u>

Bryan County Rural Water District No. 2 (the District) is a Water District organized under the laws of the State of Oklahoma. The District provides water service to rural residents of Bryan County Oklahoma. The District and its financial statements are comprised of only the water operations of the District.

Basis of Presentation

The accounts of the District are organized on the basis of proprietary fund type, specifically an enterprise fund. The activities of this fund are accounted for with a separate set of self-balancing accounts that comprise the District's assets, liabilities, net assets, revenues and expenses. Enterprise Funds account for activities (1) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (2) that are required by laws or regulations that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (3) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

Basis of Accounting

The financial statements of the District are prepared on the accrual basis of accounting. Revenues are recognized when they earned and expenses are recognized when they are incurred. The District uses the accounting standards issued by the Financial Accounting Standards Board whenever possible; if no FASB pronouncement is applicable then Government Accounting Standards Board pronouncements are used.

Budgetary Data

The District prepares an annual budget for internal bookkeeping purposes.

<u>Inventory</u>

Inventory is valued at cost and consists of chemicals, meters, pipe connections and PVC pipe not yet installed in the system. The inventory figure included in the financial statements is an estimate because the District performed a yearend inventory count but has not calculated the actual value.

Property and Equipment

Property and equipment are recorded at cost. Management has established a capitalization policy of assets acquired for over \$2,500 will be capitalized. Depreciation is provided using the straight-line method over estimated useful lives of the respective assets. Maintenance and repairs are charged to expenses as incurred; major repairs and betterments are capitalized.

Cash and Cash Equivalents

The District considers all highly liquid investments with an original maturity of three months or less to be a cash equivalent. The District does not consider restricted cash to be a cash equivalent.

Accounts Receivable

There is no provision for bad debts; all accounts are considered to be collectible.

Equity Classification

Equity is classified as net position and displayed in three components:

1. Net investment in capital assets — Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets and adjusted for any deferred inflows and outflows of resources attributable to capital assets and related debt.

- 2. Restricted Consists of restricted assets reduced by liabilities and deferred inflows or resources related to those assets, with restriction constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
- 3. Unrestricted Net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

It is the District's policy to first use restricted net resources prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available.

Revenues, expenditures & expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requirements management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Memorandum Totals

The "memorandum only" captions above the total columns mean that totals are presented for overview information purposes only.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

As a local government unit, the District is subject to various federal, state, and local laws and contractual regulations. In

accordance with Government Auditing Standards, the auditor has issued a report on his consideration of the District's internal control over financial reporting and tested its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in compliance with Government Auditing Standards and should be read in conjunction with this report in considering the results of the audit.

Finance-related Legal & Contractual Provisions

The District has complied with the reserve requirements of the USDA Rural Development loan agreements.

<u>Deficit Fund Balance or Retained Earnings</u>

a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.

- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a.-d.).

NOTE 4 - RESTRICTED ASSETS

The loan agreements with the United States Department of Agriculture Rural Development (USDA) require the District to set aside into a Reserve Account the sum of the annual installment for each loan (\$57,000 for 1^{st} loan and \$19,764 for the 2^{nd} loan), after which deposits may be suspended, except to replace withdrawals. The District cannot withdraw funds from the reserve account without USDA approval. NOTE 7 - FUND EQUITY

As described in Note 1 above, equity is classified as net position and displayed in three components:

- 1. Net investment in capital assets
- 2. Restricted
- 3. Unrestricted

The District restricted amounts are described in Note 4 above.

NOTE 8 - CONTINGENCIES

<u>Litigation</u>

As of September 30, 2014, the District was not involved in any pending litigation.

Federally Assisted Programs

In the normal course of operations, the District participates in various federal or state/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability of reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

Other Commitments and Contingencies

The District has approved a Consent Order to upgrade its public water supply system in accordance with the "Public Water Supply Construction Standards" and the "Public Water Supply Operation Rules." The Consent Order was in response to an administrative proceeding brought against the District by the Department of Environmental Quality in February 1995. At the end of September 30, 2010, the District was working towards complying with the above standards.

NOTE 9 - OTHER ISSUES

Effective October 1, 2005, the Bryan County Rural Sewer District No. 8 has been taken over by Bryan County Rural Water District No. 2. The new name of the District is Bryan County Rural Water, Sewer and Solid Waste Management District No. 2.

NOTE 10 - RETIREMENT PLAN

The District sponsors a Simple IRA plan for employees. The District contributes up to 2% of the employees' gross wages to the plan, and the employee is free to contribute any amount that he/she decides upon to the plan.

NOTE 11 - ACCUMULATED UNPAID VACATION AND SICK LEAVE BENEFITS

Accumulated unpaid vacation and sick leave benefits have not been shown as a liability in the financial statements. The District's position is that any accrued benefits are not significant and would not materially affect the financial statements.

NOTE 12 - SUBSEQUENT EVENTS

The District did not have any subsequent events through February 5, 2015, which is the date the financial statements were issued, for events requiring recording or disclosure in the financial statements for the year ending September 30, 2014.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Bryan County RWS&SWMD #2 Bryan County, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes, the financial statements of the Bryan County RWS&SWMD #2, as of and for the year ended September 30, 2014, and the related notes to the financial statements, and have issued our report thereon dated February 5, 2015. The Bryan County RWS&SWMD #2 has implemented the general provisions of the Governmental Accounting Standards Board (GASB) Statement No. 34, except that the District did not present the required MD&A.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Bryan County RWS&SWMD #2's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Bryan County RWS&SWMD #2's internal control. Accordingly, we do not express an opinion on the effectiveness of Bryan County RWS&SWMD #2's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that

is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore. material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Bryan County RWS&SWMD #2's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance which could have a direct and material effect determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
