#### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Leflore County Rural Water District #1
Leflore County, Oklahoma

Report on the Financial Statements

We have audited the accompanying modified cash basis financial statements of Leflore County Rural Water District #1, as of and for the fiscal year ended November 30, 2014, and the related notes to the financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1. This includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we

express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made, by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of Leflore County Rural Water District #1, as of November 30, 2014, and the respective changes in modified cash basis financial position and, where applicable, cash flows thereof for the year then ended in conformity with the basis of accounting described in Note 1.

Other Matters

Supplementary and Other Information

The introductory section listed in the accompanying table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements of the District. Such additional information has not been subjected to the auditing procedures applied in our audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on such information.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 3, 2015, on our consideration of Leflore County Rural Water District #1's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in compliance with *Government Auditing Standards* in considering Leflore County Rural Water District #1's internal control over financial reporting and compliance.

#### Basis of Accounting

We draw attention to Note 1 of the financial statements that describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

Leflore County Rural Water District #1 (the District), organized as a non-profit organization, adopted a modified cash basis of accounting as reflected in these financial statements. The activities of the District constitute the entire reporting entity. There are no component or oversight units. The District is a political subdivision of the state of Oklahoma.

#### B. Basis of Presentation

The accounts of the District are organized on the basis of proprietary fund type, specifically an enterprise fund. The activities of this fund are accounted for with a separate set of self-balancing accounts that comprise the District's assets, liabilities, net assets, revenues and expenses. Enterprise Funds account for activities (1) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (2) that are required by laws or regulations that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (3) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

#### C. Basis of Accounting

The District has elected to present its financial statements on a modified cash basis of accounting. This modified cash basis of accounting is a basis of accounting other than generally accepted accounting principles. Basis of accounting is a reference to when financial events are recorded, such as the timing for recognizing revenues, expenses, and their related assets and liabilities. Under the District's modified cash basis of accounting, revenues and expenses and related assets and liabilities are recorded when they result from cash transactions, except for the recording of depreciation expense on capital assets.

As a result of the used of this modified cash basis of accounting, certain assets and their related revenues (such as

accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expense and liabilities) are not recorded in these financial statements. Therefore, when reviewing the financial information and discussion within this financial report, the reader should keep in mind the limitations resulting from the use of the modified cash basis of accounting.

#### D. Budgetary Data

The District is required by Article 8, Section 1(g) of its bylaws to prepare annually an estimated budget for each coming year.

#### E. Assets, Liabilities, & Equity

#### <u>Cash & Cash Equivalents</u>

For the purpose of financial reporting, "cash & cash equivalents" includes all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less.

#### Investments

Investments classified in the financial statements consist entirely of certificates of deposit whose original maturity term exceeds three months. Investments are carried at cost, which approximates fair value.

#### Capital Assets

Capital assets have been combined and recorded at cost in the financial statements. The capitalization threshold has been set at \$1,000.00.

Beginning January 1, 2013, the District has reconstructed a depreciation schedule and has begun depreciating capital assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives is 7-20 years.

#### Long-Term Debt

Long-term debt is reported at face value, net of applicable discounts and deferred loss on refunding. Costs related to the issuance of debt are deferred and amortized over the lives of various debt issues.

#### Equity Classification

Equity is classified as net position and displayed in three components:

- 1. Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets and adjusted for any deferred improvements and outflows of resources attributable to capital assets and related debt.
- 2. Restricted Consists of restricted assets reduced by liabilities and deferred inflows or resources related to those assets, with restriction constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
- 3. Unrestricted Net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

#### F. Revenues, expenditures & expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

#### G. Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to

make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### H. Memorandum Totals

The "Memorandum Only" captions above the total columns mean that totals are presented for overview information purposes only.

#### NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

As a local government unit, the District is subject to various federal, state, and local laws and contractual regulations.

#### Finance-related Legal & Contractual Provisions

The District does not have any loan agreements which would require budget preparation or reserve accounts.

#### <u>Deficit Fund Balance or Retained Earnings</u>

As indicated in the financial statements, there are no fund balance or retained earnings deficits for the District for this fiscal year.

#### NOTE 3 - CASH AND INVESTMENTS

Custodial Credit Risk

At November 30, 2014, the District held deposits of approximately \$153,419 at financial institutions. The District's cash deposits, including interest-bearing certificates of deposit are covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the District or by its agent in the District's name.

Investment Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk

The District has no policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposits or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.
- c. With certain limitation, negotiable certificates of deposit, prime bankers' acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a.-d.).

#### NOTE 4 - CAPITAL ASSETS

Capital asset activity, resulting from the modified cash basis transactions, for the fiscal year ended November 30, 2014, was as follows:

	Ва	alance at					В	alance at		
	Nov. 30, 2013		Additions		Additions		Deduc	ctions	Nov	v. 30, 2014
Construction Costs	\$	1,252,838	\$	90,363	\$	-	\$	1,343,201

Total Capital Assets										
(Net of Depreciation)	\$	660,082	\$	22,681	\$		\$	682,763		
			=					-		

#### NOTE 5 - LONG-TERM DEBT

The District currently has no long-term debt.

#### <u>Changes in Long-Term Debt</u>

The following is a summary of changes in long-term debt for the year ended November 30, 2014:

	Bala	ince at					Bala	ance at
	Nov. 30, 2013		_ Additions_		Dedu	ctions	Nov.	30, 2014
Notes Payable	\$	-	\$	-	\$	-	\$	-
Total Long-Term Debt	\$	-	\$	-	\$	-	\$	-

#### NOTE 6 - FUND EQUITY

As described in Note 1 above, equity is classified as net position and displayed in three components:

- 1. Net investment in capital assets
- 2. Restricted
- 3. Unrestricted

The restricted net position include assets restricted for the repayment of refundable water deposits.

#### NOTE 7 - CONTINGENCIES

#### Litigation

The District currently has no pending litigation.

#### Federally Assisted Programs

In the normal course of operations, the District participates in various federal or state/loan programs from year to year. The grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability of reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

#### NOTE 8 - SUBSEQUENT EVENTS

The District did not have any subsequent events through March 3, 2015, which is the date the financial statements were issued, for events requiring recording or disclosure in the financial statements for the year ending November 30, 2014.

#### NOTE 9 - PRIOR YEAR ADJUSTMENT

A prior year adjustment was made to the November 30, 2013 financial statements. The District reconstructed a depreciation schedule and began depreciating capital assets. A prior year adjustment of \$300,576.81 was made to Accumulated Depreciation to adjust the beginning January 1, 2013 balance.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Leflore County Rural Water District #1
Leflore County, Oklahoma

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the modified cash basis financial statements of Leflore County Rural Water District #1, as of and for the year ended November 30, 2014, and the related notes to the financial statements, which were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles, and have issued our report thereon dated March 3, 2015.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Leflore County Rural Water District #1's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Leflore County Rural Water District #1's internal control. Accordingly, we do not express an opinion on the effectiveness of Leflore County Rural Water District #1's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

5300 WEST OKMULGEE AVENUE MUSKOGEE, OKLAHOMA 74401 PHONE (918) 684-1040 FAX (918) 684-1041

WEB: KERSHAWCPA.COM
E-MAIL: REK@KERSHAWCPA.COM

607 NORTH 1<sup>ST</sup> STREET PONCA CITY, OKLAHOMA 74601 PHONE (580) 762-1040 FAX (580) 762-1047

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### <u>Compliance and Other Matters</u>

As part of obtaining reasonable assurance about whether the Leflore County Rural Water District #1's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

#### Purpose of this Report

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
