INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Pittsburg County Rural Water District #11
Pittsburg County, Oklahoma

Report on the Financial Statements

We have audited the accompanying modified cash basis financial statements of Pittsburg County Rural Water District #11, as of and for the fiscal year ended October 31, 2014, and the related notes to the financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1. This includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we

5300 WEST OKMULGEE AVENUE MUSKOGEE, OKLAHOMA 74401 PHONE (918) 684-1040 FAX (918) 684-1041

WEB: KERSHAWCPA.COM
E-MAIL: REK@KERSHAWCPA.COM

607 NORTH 1ST STREET PONCA CITY, OKLAHOMA 74601 PHONE (580) 762-1040 FAX (580) 762-1047

express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made, by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

The modified cash basis of accounting requires that items, having substantial support in U.S. generally accepted accounting principles, such as capitalizing assets at historical cost and recording depreciation, be recorded in the financial statements. The District has not maintained accurate capital asset records to support the historical cost of past capital asset purchases and the related depreciation. Documentation supporting historical cost and depreciation was not readily available for our review. The amount by which this departure would affect the assets, net position, and expenses of the District is not readily determinable.

Also, the customer billing records have not been accurately maintained. This created a scope limitation on the audit. However, bank statements were used to verify revenue cash receipts. The amount by which this limitation would affect the revenues is not reasonably determinable.

Qualified Opinion

In our opinion, except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the Pittsburg County Rural Water District #11, Pittsburg County, Oklahoma, as of October 31, 2014, and the respective changes in modified cash basis financial position and, where applicable, cash flows thereof for the year then ended in conformity with the basis of accounting described in Note 1.

Other Matters

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 30, 2015, on our consideration of Pittsburg County Rural Water District #11's internal control over financial reporting and on our tests of its compliance with certain provisions of

5300 WEST OKMULGEE AVENUE MUSKOGEE, OKLAHOMA 74401 PHONE (918) 684-1040 FAX (918) 684-1041

WEB: KERSHAWCPA.COM
E-MAIL: REK@KERSHAWCPA.COM

607 NORTH 1ST STREET PONCA CITY, OKLAHOMA 74601 PHONE (580) 762-1040 FAX (580) 762-1047

laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in compliance with *Government Auditing Standards* in considering Pittsburg County Rural Water District #11's internal control over financial reporting and compliance.

Basis of Accounting

We draw attention to Note 1 of the financial statements that describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

See Accountant's Audit Report & Notes Which Accompany These Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As discussed further in Note 1.C, these financial statements are presented on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) established by the Governmental Accounting Standards Board (GASB). These modified cash-basis financial statements generally meet the presentation and disclosure requirements applicable to GAAP, in substance, but are limited to the elements presented in the financial statements and the constraints of the measurement and recognition criteria of the modified cash basis of accounting.

A. Reporting Entity

Water District #11, Pittsburg County, Oklahoma (the "District") was formed July 9, 1975 by the Board of County Commissioners of Pittsburg County, Oklahoma under provisions of the Rural Water District Act (Title 82 Oklahoma Statutes 1961, Sections 1301 to 1321). The District is managed by a five member Board of Directors. Members of the Board are elected by membership of the District at its annual Membership in the District is attained by paying membership dues and receiving services from the District. The activities of the District constitute the entire reporting entity. There are no other component or oversight units. The District is a political subdivision of the state of Oklahoma.

B. Basis of Presentation

The accounts of the District are organized on the basis of proprietary fund type, specifically an enterprise fund. The activities of this fund are accounted for with a separate set of self-balancing accounts that comprise the District's assets, liabilities, net position, revenues and expenses. Enterprise Funds account for activities (1) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (2) that are required by laws or regulations that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (3) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

C. Measurement Focus and Basis of Accounting

Measurement Focus

The District utilizes an economic resources measurement focus within the limitations of the modified cash basis of accounting. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), net financial position, and cash flows. All assets, deferred outflows, liabilities, and deferred inflows (whether current or noncurrent or financial or nonfinancial) associated with their activities are generally reported within the limitations of the modified cash basis of accounting.

Basis of Accounting

The financial statements are presented on a modified cash basis of accounting, which is a basis of accounting other than GAAP as established by GASB. This basis of accounting involves modifications to the cash basis of accounting to report in the statements of net position cash transactions or events that provide a benefit or result in an obligation that covers a period greater than the period in which the cash transaction or event occurred. Such reported balances include investments, capital assets and related depreciation, and short-term and long-term liabilities arising from cash transactions or events.

This modified cash basis of accounting differs from GAAP primarily because certain assets and their related revenues (such as accounts receivable and revenue billed or provided services not yet collected and other accrued revenue and receivables) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received buy not yet paid and other accrued expenses and liabilities) are not recorded in these financial statements. In addition, other economic assets, deferred outflows, liabilities, and deferred inflows that do not arise from a cash transaction or event are not reported, and the measurement of reported assets and liabilities does not involve adjustment to fair value.

If the District utilized the basis of accounting recognized as generally accepted in the United States, the fund financial statements for proprietary fund types would use the accrual basis of accounting.

D. Assets, Liabilities, & Equity

<u>Cash & Cash Equivalents</u>

For the purpose of financial reporting, "cash & cash equivalents" includes all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less.

Investments

Investments classified in the financial statements consist entirely of certificates of deposit whose original maturity term exceeds three months. Investments are carried at cost, which approximates fair value.

<u>Capital Assets</u>

The District has not maintained capital assets records. However, an amount has been carried forward in the financial statements. New purchases of capital items in excess of \$2,000.00 that increase the capacity or operation efficiency or extend the useful life of any asset are capitalized. Repairs and maintenance are expensed as incurred. Estimated useful lives, in years, for depreciable assets are as follows:

Buildings 20-50 years Water system 30-50 years Equipment 5-10 years Improvements 10-20 years

Long-Term Debt

Long-term debt is reported at face value, net of applicable discounts and deferred loss on refunding. Costs related to the issuance of debt are deferred and amortized over the lives of various debt issues.

Equity Classification

Equity is classified as net position and displayed in three components:

- 1. Net investment in capital assets Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets and adjusted for any deferred inflows and outflows of resources attributable to capital assets and related debt.
- 2. Restricted Consists of restricted assets reduced by liabilities and deferred inflows or resources related to those assets, with restriction constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
- 3. Unrestricted Net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

It is the District's policy to first use restricted net resources prior to the use of unrestricted net resources when an expense is incurred for purposes for which both restricted and unrestricted net resources are available.

E. Revenues, expenditures & expenses

Operating revenues and expenses for proprietary funds result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

F. Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting used by the District requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

G. Memorandum Totals

The "Memorandum Only" captions above the total columns mean that totals are presented for overview information purposes only.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

As a local government unit, the District is subject to various federal, state, and local laws and contractual regulations.

Deficit Fund Balance or Retained Earnings

As indicated in the financial statements, there are no fund balance or retained earnings deficits for the District for this fiscal year.

NOTE 3 - CASH AND INVESTMENTS

Custodial Credit Risk

At October 31, 2014, the District held deposits of approximately \$164,272 at financial institutions. The District's cash deposits, including interest-bearing certificates of deposit are covered by Federal Depository Insurance (FDIC) or direct obligation of the U.S. Government insured or collateralized with securities held by the District or by its agent in the District's name.

Investment Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Credit Risk

The District has no policy that limits its investment choices other than the limitation of state law as follows:

- a. Direct obligations of the U.S. Government, its agencies and instrumentalities to which the full faith and credit of the U.S. Government is pledged, or obligations to the payment of which the full faith and credit of the State is pledged.
- b. Certificates of deposits or savings accounts that are either insured or secured with acceptable collateral with in-state financial institutions, and fully insured certificates of deposit or savings accounts in out-of-state financial institutions.

- c. With certain limitation, negotiable certificates of deposit, prime bankers' acceptances, prime commercial paper and repurchase agreements with certain limitations.
- d. County, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality or school district.
- e. Notes or bonds secured by mortgage or trust deed insured by the Federal Housing Administrator and debentures issued by the Federal Housing Administrator, and in obligations of the National Mortgage Association.
- f. Money market funds regulated by the SEC and in which investments consist of the investments mentioned in the previous paragraphs (a.-d.).

NOTE 4 - RESTRICTED ASSETS

The loan agreement with the United States Department of Agriculture (USDA) Rural Development requires the District to set aside into a Reserve Account an accumulated amount equal to the sum of the annual installment (\$12,264), after which deposits may be suspended, except to replace withdrawals. The District cannot withdraw funds from the reserve account without USDA approval. As of October 31, 2014, the District had a balance of \$19,640.85 in the account, which complies with the covenants of the loan agreement.

The promissory note with Berkadia requires that the District shall establish a reserve fund. Such reserve fund is to be used and held as a reserve for operating losses as well as for emergency repairs to the system. The reserve fund shall be kept in force and effect during the full term of the loan. Monthly contributions are to be made to the reserve until the balance reaches \$13,334. As of October 31, 2014, the District had a balance of \$14,173.95 in the account, which complies with the reserve requirements.

NOTE 5 - CAPITAL ASSETS

Capital asset activity, resulting from the modified cash basis transactions, for the fiscal year ended October 31, 2014, was as follows:

	Balance Oct. 3 2013	Addi	tions	Deduc	tions	lance at ct. 31, 2014	
Capital assets not being depreciated: Construction in Progress	\$		\$	-	\$		\$ -
Total capital assets not being depreciated	\$		\$	-	\$		\$
Other capital assets: Water Facilities Equipment Total depreciable assets	1,026, 3, 1,030,	983		- - -		- - -	,026,343 3,983 ,030,326
Less Accum. Depreciation for: Water Facilities Equipment Total accumulated depreciation	579, 3, 582,	671		5,659 124 5,783		- -	604,980 3,795 608,775
Other capital assets, net	447,	334	(25	5,783)		-	421,551
Total Capital Assets, Net	\$ 447,	334	\$ (25	5,783)	\$	-	\$ 421,551

NOTE 6 - LONG-TERM DEBT

The District has a note payable to USDA Rural Development. The note had an original principal balance of \$225,000.00 payable at 4.50% interest with monthly payments of \$1,022 for 40 years.

The District also has a note payable to Berkadia (originally GMAC Commercial Mortgage) in the original loan amount of \$221,223 payable at 5.00% interest with monthly payments of \$930 until December 2014.

Changes in Long-Term Debt

The following is a summary of changes in long-term debt for the year ended October 31, 2014:

	I	Balance at				[Balance at
	0 c	t. 31, 2013	Add	itions	Deductions	0 c	t. 31, 2014
Note Payable – Berkadia	\$	180,072.90			\$ 4,247.69	\$	175,825.21
Note Payable – USDA	\$	15,985.85	\$	-	\$10,603.66	\$	5,382.19
Total Long-Term Debt	\$	196,058.75	\$	-	\$ 14,851.35	\$	181,207.40

Debt Services Requirements to Maturity

The annual debt service requirements to maturity, including principal and interest, for long-term debt, as of October 31, 2014, are as follows:

Note Payable - USDA:

Year Ended			Annual
October 31,	Principal	Interest	Payment

2019		-		-		-
2020-2024		-		-		-
Total	\$	5,382	\$	51	\$	5,433

NOTE 7 - FUND EQUITY

As described in Note 1 above, equity is classified as net position and displayed in three components:

- 1. Net investment in capital assets
- 2. Restricted
- 3. Unrestricted

The restricted net position is described in Note 4 above.

NOTE 8 - CONTINGENCIES

<u>Litigation</u>

The District currently has no pending litigation.

Federally Assisted Programs

In the normal course of operations, the District participates in various federal or state/loan programs from year to year. The

grant/loan programs are often subject to additional audits by agents of the granting or loaning agency, the purpose of which is to ensure compliance with the specific conditions of the grant or loan. Any liability of reimbursement that may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

NOTE 9 - ECONOMIC DEPENDENCE

The District and the Kiowa Public Works Authority have jointly negotiated a contract whereby the District agrees to purchase its water needs from the Kiowa Public Works Authority. The current price is \$2.737 per 1,000 gallons used. This contract for the sale and purchase of water was entered into November 2006 and shall extend for a term of 45 years from the date of the initial delivery of any water as shown by first bill submitted by the seller to the purchaser and thereafter shall be automatically extended for successive like terms until terminated by mutual consent of the seller and purchaser.

Effective July 1, 2013, Kiowa Public Works Authority has raised the rate to \$4.50 per 1,000 gallons. The District was involved in litigation against Kiowa Public Works Authority in regards to this increase.

On April 9, 2015, the District and the Town of Kiowa/Kiowa PWA entered into a Settlement Agreement and Mutual Release ("Agreement"). exchange for the releases and other covenants and terms contained in the agreement, the Kiowa PWA shall deliver to the District 20,000,000 gallons of treated, potable water at no charge to the District. delivery of this Free Water shall be made in increments of 833,333 gallons per month for 24 consecutive months beginning May 1, 2015. All water deliver to the District during the 24 months that exceeds 833,333 gallons per month, shall be paid for by the District at the rate as provided for in the Agreement. All water delivered to the District following the 24 months through the end of the term of the 1997 Contract, shall be paid for by the District at the rate as provided for in this agreement. The rate per 1,000 gallons to be paid by the District shall be \$3.50 per 1,000 gallons commencing May 1, 2015, which remains in effect until April 30, 2016. The rate per 1,000 shall be adjusted annually during the remaining term of the 1997 Notwithstanding any provision in the 1997 Contract regarding how and when the rate per 1,000 gallons shall be adjusted, this Agreement shall control and all rate adjustment provisions in this Agreement shall act in substitution and replacement of such price adjustment provisions.

NOTE 10 - SUBSEQUENT EVENTS

The District did not have any subsequent events through November 30, 2015, which is the date the financial statements were issued, for events requiring recording or disclosure in the financial statements for the year ending October 31, 2014.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Pittsburg County Rural Water District #11

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and in accordance with Oklahoma Statutes, the modified cash basis financial statements of Pittsburg County Rural Water District #11, as of and for the year ended October 31, 2014, and the related notes to the financial statements, which were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles, and have issued our report thereon dated November 30, 2015, which was qualified for the improper capital asset recordkeeping and the scope limitation on billing records.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Pittsburg County Rural Water District #11's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Pittsburg County Rural Water District #11's internal control. Accordingly, we do not express an opinion on the effectiveness of Pittsburg County Rural Water District #11's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations,

5300 WEST OKMULGEE AVENUE MUSKOGEE, OKLAHOMA 74401 PHONE (918) 684-1040 FAX (918) 684-1041

WEB: KERSHAWCPA.COM
E-MAIL: REK@KERSHAWCPA.COM

607 NORTH 1ST STREET PONCA CITY, OKLAHOMA 74601 PHONE (580) 762-1040 FAX (580) 762-1047

during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control described in the accompanying Schedule of Findings that we consider to be significant deficiencies. Those deficiencies are listed as Items 14-01 and 14-02.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Pittsburg County Rural Water District #11's financial statements are free of material misstatement, we performed tests of compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Pittsburg County Rural Water District #11's Response to Findings

Pittsburg County Rural Water District #11's response to the findings identified in our audit is described in the accompanying Schedule of Findings. Pittsburg County Rural Water District #11's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

PITTSBURG COUNTY RURAL WATER DISTRICT #11 PITTSBURG COUNTY, OKLAHOMA SCHEDULE OF FINDINGS OCTOBER 31, 2014

INTERNAL CONTROL FINDINGS:

Item 14-01: Segregation of Duties

<u>Criteria:</u> A good system of internal control requires a proper segregation of duties to prevent one person from being in a position to authorize, execute, and record the same transaction.

<u>Condition:</u> Due to the size of the District's major areas of internal control, that would be prevalent in a larger District, such segregation of duties is not available for this size operation. Duties are concentrated in the hands of a few individuals, who are responsible for all phases of the accounting functions. Because of this lack of division of responsibility, internal control is determined to be weak, and in some instances, non-existent.

<u>Cause/Effect:</u> Due to the limited number of personnel, a breach of internal controls could occur and not be detected in the normal course of operations.

<u>Recommendation:</u> The Board should continue to be actively involved in the operations of the organization.

<u>Response:</u> The Board continues to be actively involved in the operations

Item 14-02: Customer Billing Records

Criteria: Internal control refers to the methods and procedures used provide reasonable assurance regarding the achievement objectives in the following categories: Safeguarding assets, Ensuring validity of financial records and reports. Promoting adherence to policies, procedures, regulations and laws, and Promoting effectiveness and efficiency of operations. Internal control also refers to how an entity processes, summarizes and records financial transactions. In general terms, internal controls are simply good business practices.

Condition: The District did not maintain an adequate billing system.

<u>Cause/Effect:</u> This has resulted in a failure to maintain records in an accurate manner. The financial statements may contain misstatements and omit financial information.

PITTSBURG COUNTY RURAL WATER DISTRICT #11 PITTSBURG COUNTY, OKLAHOMA SCHEDULE OF FINDINGS OCTOBER 31, 2014

<u>Recommendation:</u> A current customer list for water services needs to be established and monthly invoices and payments need to be reflected in the financial statements.

<u>Response:</u> The District is changing its billing system effective November 1, 2015.
